AUTHORIZATION TO MOVE FORWARD: ☐ **YES** ☐ **NO**	
RECOMMENDED ACTION:	That the Board of County Commissioners approve Agreement Regarding Final Design, Right-Of-Way Acquisition, And Construction Of Drainage And Flood Control Improvements For Clear Creek At BNSF Crossing Between Pecos And Federal Boulevard Adams County (Agreement No. 18-04.06)

BACKGROUND:

This project has two significant components: drainage improvements to Clear Creek; and the installation of the Clear Creek Trail under the Regional Transportation District (RTD) and the Burlington Northern and Santa Fe Railroad (BNSF) bridges over Clear Creek.

Drainage Improvements

In 2016, due to significant repairs needed on the BNSF drop structure in Clear Creek, BNSF staff met with representatives from the County and the Urban Drainage and Flood Control District (UDFCD) to discuss the possibility of a joint project to relocate the drop structure off BNSF property to a mutually acceptable location. BNSF representatives agreed to provide a maximum of $60,000 toward a preliminary design study, which recommended relocating the drop structure upstream of the BNSF property. The study identified a $2.25M cost to remove and replace in-kind the BNSF drop structure. BNSF representatives are in the process of drafting up an agreement to fund $2.25M of this project. Public Works presented this information at the February 6, 2018 Study Session and received Board support to revise the capital improvement projects priorities schedule of the Stormwater Utility (SWU). The schedule identified $750,000 of SWU funds for this Project.

County and UDFCD staff are working with BNSF on date(s) their funding will be available to the Project.

The attached agreement portions the $750,000 (County contribution) into the following elements of effort: Final Design ($200,000), Right-of-way ($250,000), Construction ($250,000), and Contingency ($50,000). This breakdown is for estimating purposes only, actual costs may vary.

Clear Creek Trail

The Clear Creek Trail is a "Key Multi-Use Trail" (or major regional trail) that provides recreational benefits to the region (ref: 2035 Metro Vision Regional Transportation Plan "Plan"). The Plan emphasizes that major regional trails should follow waterways and railroad corridors. In anticipation of the Trail crossing under the BNSF bridge and the RTD bridge, County staff required the substructures of both bridges be designed to accommodate the lower elevation needed for the trail and channel. Additionally, County staff informed BNSF that a trail underpass was a condition the County will require with the project. Knowing that additional excavation is needed to achieve adequate clearance for the trail, the Parks and Open Space staff (Parks) presented their funding plan to the Board at the March 20, 2018 Study Session. Parks' plan was to apply for $1,500,000 of Open Space funds, with $750,000 being the required 30% shareback. Parks staff clarified the uncertainty of being awarded any of the requested Open Space funds. The Board acknowledged that the Project may require up to $2,250,000 for the construction of the recreational amenities for this project.

A condition of BNSF providing their funding is to have construction complete prior to spring 2020. The Parties acknowledge that sufficient funding must be available prior to any construction, or pre-construction activities.

This agreement will initiate a separate account at the UDFCD for this project.

Agreement No. 18-04.06
Project No. 106259

THIS AGREEMENT, by and between URBAN DRAINAGE AND FLOOD CONTROL DISTRICT (hereinafter called "DISTRICT") and ADAMS COUNTY (hereinafter called "COUNTY") and collectively known as "PARTIES";

WITNESSETH:

WHEREAS, DISTRICT, in a policy statement previously adopted (Resolution No. 14, Series of 1970 and Resolution No. 11, Series of 1973) expressed an intent to assist public bodies which have heretofore enacted floodplain regulation measures; and

WHEREAS, PARTIES participated in a joint planning study titled "Major Drainageway Planning, Phase B Conceptual Preliminary Design for Clear Creek" by ICON Engineering, Inc., dated February 2008 (hereinafter called "PLAN"); and

WHEREAS, PARTIES now desire to proceed with the design, right-of-way acquisition and construction of drainage and flood control improvements for Clear Creek at BNSF Crossing between Pecos and Federal Boulevard (hereinafter called "PROJECT"); and

WHEREAS, the County Commissioners of COUNTY have authorized, by appropriation or resolution, all of PROJECT costs of the respective PARTIES.

NOW, THEREFORE, in consideration of the mutual promises contained herein, PARTIES hereto agree as follows:

1. SCOPE OF THIS AGREEMENT

   This Agreement defines the responsibilities and financial commitments of PARTIES with respect to PROJECT.

2. SCOPE OF PROJECT

   A. Final Design. PROJECT shall include the final design of improvements in accordance with the recommendations defined in PLAN. Specifically, the final design of facilities shall extend from approximately 200 feet downstream of the BNSF Railroad tracks to approximately 1,200 feet upstream of the BNSF Railroad tracks, as shown on Exhibit A.

   B. Right-of-Way Delineation and Acquisition. Right-of-way for the improvements as set forth in the final design and an estimate of costs for acquisition shall be determined. Maps, parcel descriptions, and parcel plats shall also be prepared.

   C. Construction. PROJECT shall include construction by DISTRICT of the drainage and flood control improvements as set forth in the final design and vegetation establishment.

3. PUBLIC NECESSITY

PARTIES agree that the work performed pursuant to this Agreement is necessary for the health, safety, comfort, convenience, and welfare of all the people of the State, and is of particular benefit to the inhabitants of PARTIES and to their property therein.

4. PROJECT COSTS AND ALLOCATION OF COSTS

A. PARTIES agree that for the purposes of this Agreement PROJECT costs shall consist of and be limited to the following:

1. Final design services;
2. Delineation, description and acquisition of required rights-of-way/easements;
3. Construction of improvements;
4. Contingencies mutually agreeable to PARTIES.

B. It is understood that PROJECT costs as defined above are not to exceed $750,000 without amendment to this Agreement.

PROJECT costs for the various elements of the effort are estimated as follows:

	ITEM		AMOUNT
1.	Final Design	$	200,000
2.	Right-of-way	$	250,000
3.	Construction	$	250,000
4.	Contingency	$	50,000
	Grand Total	$	750,000

This breakdown of costs is for estimating purposes only. Costs may vary between the various elements of the effort without amendment to this Agreement provided the total expenditures do not exceed the maximum contribution by all PARTIES plus accrued interest, if applicable.

C. Based on total PROJECT costs, the maximum percent and dollar contribution by each party shall be:

	Percentage Share	Maximum Contribution
DISTRICT	0.00%	$ -0-
COUNTY	100.00%	$750,000
TOTAL	100.00%	$750,000

5. MANAGEMENT OF FINANCES

As set forth in DISTRICT policy (Resolution No. 11, Series of 1973, Resolution No. 49, Series of 1977, and Resolution No. 37, Series of 2009), the funding of a local body's one-half share may come from its own revenue sources or from funds received from state, federal, or other sources of funding without limitation and without prior DISTRICT approval.

Payment of each party's full share (COUNTY - $750,000; DISTRICT - $-0-) shall be made to DISTRICT subsequent to execution of this Agreement and within 30 days of request for payment

by DISTRICT. The payments by PARTIES shall be held by DISTRICT in a special fund to pay for increments of PROJECT as authorized by PARTIES, and as defined herein. DISTRICT shall provide a periodic accounting of PROJECT funds as well as a periodic notification to COUNTY of any unpaid obligations. Any interest earned by the monies contributed by PARTIES shall be accrued to the special fund established by DISTRICT for PROJECT and such interest shall be used only for PROJECT upon approval by the contracting officers (Paragraph 13).

Within one year of completion of PROJECT if there are monies including interest earned remaining which are not committed, obligated, or disbursed, each party shall receive a share of such monies, which shares shall be computed as were the original shares; or, at COUNTY request, COUNTY share of remaining monies shall be transferred to another special fund held by DISTRICT.

6. FINAL DESIGN

The contracting officers for PARTIES, as defined under Paragraph 13 of this Agreement, shall select an engineer mutually agreeable to both PARTIES. DISTRICT shall contract with selected engineer and shall supervise and coordinate the final design including right-of-way delineation subject to approval of the contracting officer for COUNTY. Payment for final design services shall be made by DISTRICT as the work progresses from the PROJECT fund established as set forth above.

Final design services shall consist of, but not be limited to, the following:

A. Preparation of a work plan schedule identifying the timing of major elements in the design;
B. Delineation of required right-of-way/easements;
C. Preparation of detailed construction plans and specifications;
D. Preparation of an estimate of probable construction costs of the work covered by the plans and specifications;
E. Preparation of an appropriate construction schedule.

DISTRICT shall provide any written work product by the engineer to COUNTY.

7. RIGHT-OF-WAY

COUNTY, with DISTRICT assistance, shall be responsible for acquiring, subject to approval of DISTRICT, such land or interests in land needed to implement construction of the drainage and flood control improvements as defined herein. The cost to be shared by PARTIES for right-of-way acquisition may include relocation costs of existing occupants. Appraisal costs and costs associated with condemnation (including outside legal costs) will also be considered a PROJECT cost. Right-of-way acquisition by negotiation and / or the exercise of eminent domain shall be in full compliance with the laws of the State of Colorado. In addition, the right-of-way acquired shall be in the name of COUNTY and the conveyancing document shall be promptly recorded in the records of the Clerk and Recorder of COUNTY. DISTRICT shall serve as the paying agency.

A. Coordination of Right-of-Way Acquisition. Cost sharing by PARTIES will be based on supporting documentation such as formal appraisals, reasonable relocation cost settlements,

legal description of the property, and other information deemed appropriate to the acquisition. Furthermore, cost sharing will be only for the properties, or portions thereof, approved by PARTIES to be needed for the drainage and flood control portions of PROJECT. Request for such approval shall include appraisals of property, legal description of the property, and other information deemed appropriate to the acquisition by PARTIES to this Agreement. COUNTY shall purchase the right-of-way only after receiving prior approval of DISTRICT, and such purchases shall be made with PROJECT funds.

B. Payment for Right-of-Way Acquisition. Following purchase or receipt of executed memorandum of agreement between COUNTY and property owner for the needed right-of-way that commits the property owner to sell property to COUNTY at a price certain and on a date certain, COUNTY shall so advise DISTRICT and request payment as provided above. DISTRICT shall make payment within 30 days of receipt of request accompanied by the information set forth above.

C. Ownership of Property and Limitation of Use. COUNTY shall own the property either in fee or non-revocable easement and shall be responsible for same. It is specifically understood that the right-of-way is being used for drainage and flood control purposes. The properties upon which PROJECT is constructed shall not be used for any purpose that will diminish or preclude its use for drainage and flood control purposes. COUNTY may not dispose of or change the use of the properties without approval of DISTRICT. If, in the future, COUNTY disposes of any portion of or all of the properties acquired upon which PROJECT is constructed pursuant to this Agreement; changes the use of any portion or all of the properties upon which PROJECT is constructed pursuant to this Agreement; or modifies any of the improvements located on any portion of the properties upon which PROJECT is constructed pursuant to this Agreement; and COUNTY has not obtained the written approval of DISTRICT prior to such action, COUNTY shall take any and all action necessary to reverse said unauthorized activity and return the properties and improvements thereon, acquired and constructed pursuant to this Agreement, to the ownership and condition they were in immediately prior to the unauthorized activity at COUNTY's sole expense. In the event COUNTY breaches the terms and provisions of this Paragraph 7.C and does not voluntarily cure as set forth above, DISTRICT shall have the right to pursue a claim against COUNTY for specific performance of this portion of the Agreement.

DISTRICT may, subsequent to the recording by COUNTY of any document transferring title or another interest to property acquired pursuant to this Agreement to COUNTY, record a memorandum of this Agreement (Exhibit B), specifically a verbatim transcript of Paragraph 7.C. Ownership of Property and Limitation of Use except for this sub-paragraph which shall not be contained in the memorandum. The memorandum shall reference by legal description the property being acquired by COUNTY and shall be recorded in the records of the Clerk and Recorder of Adams County immediately following the recording of

the document transferring title or another interest to COUNTY. COUNTY authorizes the recording of that memorandum and acknowledges that the same is meant to encumber the property with its restrictions.

8. MANAGEMENT OF CONSTRUCTION

A. Costs. Construction costs shall consist of those costs as incurred by the most qualified contractor(s) including detour costs, licenses and permits, utility relocations, and construction related engineering services as defined in Paragraph 4 of this Agreement.

C. Construction Change Orders. In the event that it becomes necessary and advisable to change the scope or detail of the work to be performed under the contract(s), such changes shall be rejected or approved in writing by the contracting officers. No change orders shall be approved that increase the costs beyond the funds available in the PROJECT fund, including interest earned on those funds, unless and until the additional funds needed to pay for the added costs are committed by all PARTIES.

9. MAINTENANCE

PARTIES agree that COUNTY shall own and be responsible for maintenance of the completed and accepted PROJECT. PARTIES further agree that DISTRICT, at COUNTY's request, shall assist COUNTY with the maintenance of all facilities constructed or modified by virtue of this Agreement to the extent possible depending on availability of DISTRICT funds. Such maintenance assistance shall be limited to drainage and flood control features of PROJECT. Maintenance assistance may include activities such as keeping flow areas free and clear of debris and silt, keeping culverts free of debris and sediment, repairing drainage and flood control structures such as drop structures and energy dissipaters, and clean-up measures after periods of heavy runoff. The specific nature of the maintenance assistance shall be set forth in a memorandum of understanding from DISTRICT to COUNTY, upon acceptance of DISTRICT's annual Maintenance Work Program.

DISTRICT shall have right-of-access to right-of-way and storm drainage improvements at all times for observation of flood control facility conditions and for maintenance when funds are available.

10. FLOODPLAIN REGULATION

COUNTY agrees to regulate and control the floodplain of Clear Creek within COUNTY in the manner prescribed by the National Flood Insurance Program and prescribed regulations thereto as a minimum.

PARTIES understand and agree, however, that COUNTY cannot obligate itself by contract to exercise its police powers. If COUNTY fails to regulate the floodplain of Clear Creek within COUNTY in the manner prescribed by the National Flood Insurance Program and prescribed regulations thereto as a minimum, DISTRICT may exercise its power to do so and COUNTY shall cooperate fully.

11. TERM OF AGREEMENT

Despite the date that this Agreement is signed by PARTIES, the term of this Agreement shall commence upon the earlier of the date of final execution by all PARTIES or December 31 of the year that it is tendered to COUNTY for execution and shall terminate three (3) years after the final payment is made to the construction contractor and the final accounting of funds on deposit at DISTRICT is provided to all PARTIES pursuant to Paragraph 5 herein, except for Paragraph 10. FLOODPLAIN REGULATION, Paragraph 7.C. Ownership of Property and Limitation of Use, and Paragraph 9. MAINTENANCE, which shall run in perpetuity.

RESOLUTION APPROVING THE AGREEMENT BETWEEN ADAMS COUNTY AND ADAMS 12 FIVE STAR SCHOOLS TO PROVIDE HEALTH FIRST COLORADO APPLICATION PROCESSING AT ADAMS 12 FIVE STAR SCHOOLS

WHEREAS, Adams 12 Five Star Schools (Adams 12) requested to reimburse the Adams County Human Services Department (ACHSD) to employ a Community Support Specialist to process Health First Colorado applications; and,

WHEREAS, the current Community Support Specialist deployments have resulted in reducing the typical Health First Colorado application processing time frame from 45-60 days to 2-14 days, significantly improving client services, and facilitating cost savings; and,

WHEREAS, without an on-site specialist, Adams 12 financial counselors would have to transport application forms to ACHSD, which would delay Health First Colorado eligibility determinations, provision of medical services to needy families, and timely payment for services; and,

WHEREAS, twenty-five percent (25%) of the salary and benefits for the Community Support Specialist will be funded by Adams 12 and seventy-five percent (75%) will be funded by Colorado Department of Health Care Policy and Financing.

NOW THEREFORE, BE IT RESOLVED, by the Board of County Commissioners, County of Adams, State of Colorado, that the Agreement between Adams County and Adams 12 Five Star Schools to Provide Health First Colorado Application Processing at Adams 12 Five Star Schools, be approved

BE IT FURTHER RESOLVED, that the Chair is authorized to execute said Agreement on behalf of Adams County.

AGREEMENT BETWEEN THE COUNTY OF ADAMS, COLORADO AND ADAMS 12 FIVE STAR SCHOOLS TO PROVIDE HEALTH FIRST COLORADO APPLICATION PROCESSING AT ADAMS 12 FIVE STAR SCHOOLS

THIS AGREEMENT is made and entered into between the Adams County Human Services Department, hereinafter referred to as "ACHSD", and Adams 12 Five Star Schools, hereinafter referred to as "the district".

WITNESSETH:

WHEREAS, the district accepts Health First Colorado applications each month from Adams County residents; and

WHEREAS, currently the district must transmit said applications to the respective county social/human services locations for processing; and

WHEREAS, the need to convey application forms to county social/human services offices delays Health First Colorado eligibility determination, provision of medical services to needy individuals and families, and timely payment for those services to the district; and

WHEREAS, the district sometimes provides medical services to indigent patients prior to Health First Colorado eligibility determination, thus risking non-payment for those services if treated patients are later deemed ineligible; and

WHEREAS, the district is willing to pay twenty five percent (25%) the salary and benefits and provide a working space and appropriate office equipment for a Community Support Specialist; and

WHEREAS, ACHSD has agreed to allow one Community Support Specialist, employed by Adams County, to process the district's, Health First Colorado applications for Adams County.

NOW THEREFORE, FOR AND IN CONSIDERATION of the covenants and agreements below appearing, the parties agree as follows:

A. Scope of Services. One full time Community Support Specialist employed by ACHSD shall be assigned to work at the district's facility at the Student and Family Resource Center, Northglenn Facility. The Community Support Specialist shall be responsible for determining eligibility for Health First Colorado applicants, and for entering eligibility data into the Colorado Benefits Management System to complete the eligibility determination

process. The Community Support Specialist will process up to 100 applications per month, will also be responsible for adding "Needy Newborns" and "pregnant women" to ongoing Health First Colorado cases, and assisting the district staff with Health First Colorado eligibility issues as related to this agreement, including billing back dates as time allows. The Community Support Specialist through the district will transfer completed, processed cases to the respective county departments.

B. ACHSD Responsibilities and Accountability. ACHSD shall be responsible for training and supervising the Community Support Specialist. ACHSD will oversee the specialist's work to ensure compliance with pertinent federal and state laws and regulations. ACHSD will conduct periodic case reviews to assess the timeliness and accuracy of Health First Colorado applications processed by the district Community Support Specialist. Further, ACHSD staff will facilitate any audits conducted of the specialist's work.

C. Employment. The Community Support Specialist shall be an employee of ACHSD. The specialist shall be employed full-time (40 hours per week) by ACHSD. As such, the specialist will be subject to the policies, procedures, rules, regulations, directives, and orders of ACHSD. The Community Support Specialist shall comply with the district's policies to the extent that such policies and regulations are not in conflict with those of the ACHSD or are not in conflict with agreements herein contained. If such conflict arises and the policy is material to the role of the Community Support Specialist, the parties shall meet to discuss and determine which policy shall govern. The Community Support Specialist shall be subject to the supervision of ACHSD, accountable to ACHSD, shall work between the hours of 7:00 a.m. to 5:30 p.m. Monday through Friday, and shall observe the same holidays as Adams County employees.

D. The Districts Financial Responsibility. Twenty-five percent [1]of the average salary costs, employer taxes, retirement contribution, health insurance, and other applicable benefits for the Community Support Specialist in accordance with rates specified by ACHSD, shall be paid to ACHSD effective upon the start date of the Community Support Specialist. ACHSD estimates that 25% of the average salary and benefits range for the Community Support Specialist will be between $11,250 and $15,000 annually. In addition, a proportionate share of the salary costs, health insurance and other applicable benefits for the supervisory functions of the Community Support Specialist totaling $520 per month effective the Community Support Specialists start date and adjusted annually thereafter shall be paid by the district. A memo stating the new average cost of a Community Support Specialist and new average cost of the supervisory functions salary and benefits will be sent to the district within the first quarter of each year.

[1] CMS has approved a waiver allowing ACHSD to charge seventy-five percent of these costs to Medicaid, with the remaining twenty-five percent chargeable to the contracting entity.

Notwithstanding the Term (Section J) of this Agreement, financial responsibility for payments owed by the district for salary and related expenses shall not commence until the Community Support Specialist has been hired and has started work as an ACHSD employee. In the unlikely event that the Colorado Medicaid program ceases financial support for the Health First Colorado eligibility function, and if mutually agreed to, the full cost of the Community Support Specialist will be borne by the district plus a proportionate share of the supervisor's salary and benefits.

ACHSD shall be responsible for the worker's compensation coverage for the Community Support Specialist and the Supervisor.

The district shall reimburse ACHSD for administrative costs, at a fixed rate of One Hundred Dollars, ($100) per month, incurred by the Community Support Specialist and supervisory staff in carrying out the functions of the Community Support Specialist, such as mileage, continuing education, training and other required meetings. The $100 administrative cost will be submitted on the monthly invoice to the district.

Payments will be made in monthly installments, for the total amount invoiced by ACDHS for all salary, benefits, supervisory and additional costs, payable within forty-five (45) days of receipt of the invoice, hereunder beginning the first month the Community Support Specialist has started work at the district's facility. To ensure timely payment by the district, ACHSD shall strive to submit all invoices to the district within the first five (5) business days of the month.

The district will be responsible for all costs associated with the Community Support Specialist's and Supervisor's parking at the district.

E. Coverage for Long-Term Absences. ACHSD shall attempt to provide an on-site replacement staff for the district Community Support Specialist whenever the incumbent is absent for more than ten consecutive work days. In the event the Community Support Specialist will be absent for more than ten consecutive work days, the district shall be notified as soon as possible in writing of the extended absence as well as receive a written plan for coverage, including identification of a contact person, to ensure timely application processing until the Community Support Specialist returns.

For periods of absence less than ten consecutive work days, ACHSD shall assume responsibility for timely processing until the incumbent returns. Additionally, ACHSD shall provide a single point of contact in these instances.

F. Workplace and Personal Computer Access. The district shall provide working space such as an office or cubicle, office equipment and supplies, a desktop computer, and a locking file cabinet for the Community Support Specialist. ACHSD, with the cooperation of the information technology staff of the district, will establish and maintain connectivity to the Colorado Benefits Management System and other automated systems required by the Community Support Specialist.

G. Community Support Specialist Qualifications and Selection. The district Support Specialist shall be selected by ACHSD in accordance with ACHSD Human Resources specified qualifications for this position.

H. Liability Coverage. Pursuant to the Colorado Governmental Immunity Act, ACHSD agrees to be responsible for injuries or damages caused by or incurred by its respective public employees or agents arising from the performance of their duties and obligations under this Agreement, unless the act is willful and wanton or where sovereign immunity bars the action against the Parties. Nothing in this Agreement is intended to waive the provisions of the Colorado Immunity Act as it applies to ACHSD and its public employees. The district agrees to be responsible for injuries with the respective public employees or agents, or damages sustained from any act or omission of its employees or agents arising from the performance of their duties and obligations under this Agreement, unless the act is reckless, willful or wanton.

I. Insurance. ACHSD and the district shall exchange evidence of insurance showing general liability coverage for the district, and general liability coverage of ACHSD in the minimum amount of the Colorado Governmental Immunity Act for protection from claims for bodily injury, death, property damage, or personal injury which may arise through the execution of this contract. Recipients of such evidence shall be the Adams County Risk Manager and the district Vice President of Finance. Such evidence shall be approved by each recipient prior to commencement of this contract.

J. Term. This agreement shall commence on July 1, 2018, for a term of twelve (12) months ending on June 30, 2019. Additionally, this agreement may be terminated without cause by either ACHSD or the district upon thirty (30) days written advance notice, and in the event of such termination, the district monthly financial obligation shall cease for all subsequent months.

K. Confidentiality. The Community Support Specialist shall comply with the district confidentiality policies as well as all federal, state, and county administrative rules, laws and regulations governing client confidentiality, subject only to statutory exceptions applicable to criminal investigations and proceedings. Nothing in this agreement shall constitute ACHSD becoming a HIPAA business associate with the district.

L. Evaluation Plan. ACHSD and the district will evaluate the project on an annual basis. This will include goals and objectives, workload, performance measures, timelines, milestones, data collection procedures, and other elements agreed to by ACHSD and the district for this ongoing evaluation. ACHSD will continue to compile monthly reports and statistics which are presented at Liaison and Stakeholder meetings or whenever requested by the district.

M. Contract Amendment. Amendment of this contract may be made only by written agreement and signed by all parties hereto.

N. Electronic Disposition of Document (Scanning and Photocopies). The Parties hereto agree and stipulate that the original of this document, including the signature page, may be scanned and stored in a computer database or similar device, and that any printout or other output readable by sight, the reproduction of which is shown to accurately reproduce the original of this document, may be used for any purpose just as if it were the original, including proof of the content of the original writing.

O. Immediate Termination for Cause. Should the district become aware of any serious misconduct by the ACHSD employee such as policy violations or any act or omission that has an adverse impact on or causes damage to patients, staff, the district reputation, property, or the district operations, the district must immediately report such information to an ACHSD Superior and/or Management. ACHSD will investigate such allegations and take appropriate disciplinary action according to its policies and procedures, including terminating the employee if appropriate.

P. Access to Records. ACHSD, for itself and for its agents and employees, agrees to provide to the Controller General of the United States or the Department of Health and Human Services ("HHS"), and their duly authorized representatives, upon written request, reasonable access to this Agreement, books, documents and records until the expiration of four (4) years after the Services are furnished under the Agreement for the purpose of evaluating the nature and extent or the costs and Services provided. ACHSD also agrees that if ACHSD subcontracts for any of the duties under this Agreement at a value or cost of Ten Thousand Dollars ($10,000) or more over a twelve (12) month period, with a related organization, the subcontract shall contain a clause to the effect that the related organization must make available, upon written request, to HHS, the Controller General, or their duly authorized representatives, the subcontract, and the books, documents, and records of the related organization that are necessary to verify the nature and extent of the costs until the expiration of four (4) years after the Services are furnished under the subcontract.

IN WITNESS WHEREOF, the parties hereto have caused their names to be affixed hereto.

Purpose:

The purpose of this agency letter is to provide guidance to counties Human Services financial staff in regards to what administrative expenses qualify for the federal enhanced match provided by the implementation of the Affordable Care Act (ACA).

Background:

Effective October 2013, states have been eligible for a 75% federal match on certain Affordable Care Act (ACA) activities related to eligibility processing and determination activities which were previously eligible for a 50% federal match. Centers for Medicare and Medicaid Services (CMS) examined practices under Medicaid Management Information Systems (MMIS) rules for approval of 75% federal match for maintenance and operations in the context of eligibility determinations and confirmed that certain eligibility determination-related costs for specific activities are eligible for 75% federal financial participation (FFP) on an ongoing basis. The Department evaluated historical data of county worker activities and cost pool data in the County Financial Management System (CFMS) and based on this information, the Department worked with counties and Department of Human Services (DHS) to enable codes and modify cost pools within CFMS to allow counties to receive enhanced federal match for certain activities provided in Table 1.1.

vii. Costs of out-stationed eligibility workers entering eligibility application data also would be eligible for 75 percent FFP. Costs of workers conducting consumer assistance would only be eligible for 50 percent FFP.

The Department has received questions from counties regarding the enhanced match and the purpose of this letter is to provide written guidance to answer those questions.

Procedure or Information:

The following frequently asked questions (FAQ) is to provide additional guidance to county finance human services staff as to what Medicaid administrative costs are/are not eligible for the enhanced funding.

Are salary expenses for staff performing the following activities for Medicaid eligibility allowed to be submitted for the enhanced match?

- Processing applications
- Ongoing case maintenance
- Eligibility renewal

Yes. These activities are eligible for the enhanced match. In situations where staff work on more than one federal program; all costs must be distributed to the appropriate programs by use of 100% time reporting or through random moment sampling based on the use of designated cost pools. Reports must reflect an after the fact distribution of actual activities performed. Time reporting must be completed at least monthly and account for the total activity for which the employee is compensated. This is identified in the Affordable Care Act: State Resources FAQ dated April 25, 2013.

Are salary expenses for staff performing customer service related to Medicaid eligibility allowed to be submitted for the enhanced match?

It depends. Customer service, including call center activities and out-stationed eligibility worker activities related to eligibility determination are eligible for enhanced match.

However, customer service, including call center activities and out-stationed eligibility worker activities, related to beneficiary education, benefits, plan choice/enrollment, and civil rights complaints are eligible for the 50% match.

Does postage, office supplies, and outreach or marketing expenses related to new Medicaid client enrollment incurred by the county qualify?

No. Postage, office supplies, and marketing outreach materials are eligible for a 50% match only. This is identified in the State Medicaid Manual (SMM) Section 1100 in accordance with Section 1903 (A)(3)(b) of the Social Security Act.

Is the required training (CBMS or other training), and associated expenses (travel, meals, hotel, etc.) that staff must take eligible for the enhanced match?

No. Hours for staff development and training, even if related to eligibility determination, cannot be claimed for the enhanced match. All associated expenses with that training are also not

eligible for the enhanced match. These expenses are eligible for the 50% match. This is identified in the Affordable Care Act: State Resources FAQ dated April 25, 2013.

Is travel that the county worker does between remote locations to perform eligibility tasks eligible for the enhanced match?

No. Travel costs are eligible for the 50% match. This is addressed in 42 CFR Part 432 Subpart C at 432.50(b) (6).

Does office equipment such as new phones, computers, and office furniture for staff hired to process Medicaid eligibility qualify for the enhanced match?

No. Supplies and equipment used at the County offices are included in an indirect cost pool covering the administration of Medicaid as well as other public programs delivered at these offices. The State Medicaid Manual (SMM) Section 11276.9 states these costs are matched at 50%. You can access the State Medicaid Manual at:

https://www.colorado.gov/pacific/hcpf/colorado-medicaid-state-plan

Are eligibility reviews conducted by supervisors at the counties eligible for enhanced match?

Supervisory staff performing verification post eligibility, and that are part of the normally initiated part of a sampling approach, are considered to be program integrity activities and are not eligible for the enhanced match. The State Medicaid Manual (SMM) Section 11276.9 states these costs are part of the Medicaid Eligibility Quality Control program and are matched at 50%.

Supervisor's performing application/data receipt, eligibility determination, on-going case maintenance and renewal activities are eligible for the enhanced match. This is identified in the Affordable Care Act: State Resources FAQ dated April 25, 2013.

If a county has a contract with an external company to digitize case files or a county has purchased a file retention software package, does that qualify for the enhanced match?

No. This is not a direct cost. Other public programs will be covered with the use of these types of services and are not eligible for the enhanced match. Supplies and equipment used at the County offices, and not defined any more specifically, are included in an indirect cost pool covering the administration of Medicaid as well as the other public programs delivered at these offices. The State Medicaid Manual (SMM) Section 11276.9 states that these costs are matched at 50%.

I have a question that is not covered by this FAQ.

ADAMS COUNTY HEAD START
TABLE OF CONTENTS

Section I. PROGRAM DESIGN AND APPROACH TO SERVICE DELIVERY

SUB-SECTION A: Goals

PROGRAM GOALS: MEASURABLE OBJECTIVES, EXPECTED OUTCOMES, CHALLENGES, AND REVISIONS

Due to the decrease in number of children now served not all outcomes can be compared to previous years. Adams County Head Start has 256 slots, 193 less than years 1-2 of the grant. This change impacted the baselines for some of the program objectives.

***Program Goal 1*: Adams County Head Start (ACHS) will enhance comprehensive services to maximize children's potential to enter kindergarten with a successful academic and social emotional foundation.**

***Objective 1*: Providing professional development for teaching staff to increase instructional support in their teaching practices will result in 64% of our teachers demonstrating a positive increase in their CLASS scores from fall to spring annually.**

Overall, the program rated at or above the national average scores in the areas of Emotional and Instructional Support; however, a .67 decrease in Classroom Organization was identified in this year's CLASS scores compared to the national average scores. When this year's scores were compared to last year's, a decrease of .36 was observed.

The program did not meet the anticipated 64% increase; only 47% of the teachers demonstrated growth from their CLASS pre to post scores in at least one of the domains. Scores from five teachers were not included; two left the program, two started later in the year, and one was a substitute teacher.

Three teachers scored lower on their CLASS scores averaging a .42 decrease. CLASS outcomes for this year reflect the need for supplementary training in the Classroom Organization and Instructional Support domains. Factors potentially impacting the outcome were the need for

additional observation and scoring training for education supervisors to ensure consistency of scores with fidelity.

A plan to reach the 64% benchmark was developed and is to be implemented next year. CLASS observers will be trained to enhance fidelity of the tool and teachers will receive CLASS training to increase knowledge in all domains. Additionally, the program will utilize a peer coaching approach to support teachers who need additional guidance. Staff who scored the lowest will receive additional support from the education coach.

<u>Objective 2:</u> Increase exposure to family literacy by participating in the Families and Fathers Reading Every Day (FFRED) program resulting in determining the baseline in year one of five; from year two through five, the program will experience: a 10% increase on # of reading hours at home; a 5 % increase in # of books given to families by Head Start; and a 10% increase in the # of families reading to their children at home.

Objectives two and three were merged in 2015-2016. See outcomes under objective three.

<u>Objective 3:</u> Promote the importance of parent involvement in building their child's literacy and vocabulary skills. Parent participation data from the first grant year in literacy and vocabulary knowledge will be used to identify a baseline of our HS family community. The parent participation baseline will increase by 3% annually.

Family participation was significant this year. Adams County Head Start served two hundred and eighty families. One thousand five hundred and seventy-eight family members participated in reading time with their children, generating 2,250 hours. Participants received one book per week, with a total of 741 Fathers and Families Reading Every Day (FFRED) books distributed. This year's parent participation increased by 91%; hours of reading time by 93%; and books given to families by 119%.

This year's Cultural Literacy Festival took place in May with 342 adults and children attending. Children engaged in a myriad of activities that focused on book themes to enhance

early childhood literacy. Families also had the opportunity to participate in a book swap. The activities were a big success in promoting literacy as evidenced by the number of participants.

Three thousand six hundred and three books were checked out by families who participated in the Lending Library program. Approximately 790 hours of adult reading with children were generated and 727 family members participated this year. As mentioned earlier the program moved to an all full day model which decreased our enrollment slots by 193; even with this decrease, participation only decreased by two parents.

The Family Connection program continued the promotion of early literacy at home. Each family in the program received nine books this year, 3% more than last year. Teachers introduced the books through classroom activities and they also presented the same books to the parents at parent cafés while demonstrating how parents can engage their child while reading. Throughout the year families had the opportunity to participate in five extension activities related to the book. These activities were completed in the home by the parent and child. Four hundred and thirty-six individuals read to a student at home, generating 602 reading hours; almost double compared to last year.

***Objective 4*: The health and nutrition area will strengthen the follow-up process in place for children who have been identified at high risk for health/nutritional needs as evidenced by initiating the follow-up process through the following steps: Provide screening form with necessary follow-up to parent day of screening; Create a COPA referral for that child within 5 business days after screening; Case note all communication with family regarding necessary follow-up; If amenable with family, establish a FPA goal based on referral and necessary follow-up if necessary appointment with referred specialist is not complete within one month of referral notification; and Expecting a 5% annual increase in the completion of hearing, vision and dental referrals from baseline established 2015-2016.**

All children needing a referral received one within five days after their screening. The total

number of referrals made, for both sensory and dental treatment, was 146 and 100 of these were completed by June 2018. This is a 20% increase for completed referrals from 2017. Based on the referral process areas needing improvement last year, the goal of a 10% annual increase was achieved. All referrals that remain in progress are for children expected to return for their second year at ACHS.

This year dental screenings began in early September and only two centers had their second six month dental screenings during the first week of May. This allowed more families the months of May and June to receive follow-up care from their dental homes. Additionally, the health team was able to work with the Family Service Specialists (FSS) at two centers in order to develop family partnership agreements with two families who were referred for dental and vision needs. Both families were able to verbalize barriers and develop a plan for their children to receive the recommended follow-up care based on the screening referral. In both cases, each child received the recommended oral health care. In addition, one child also received the prescription glasses needed for vision correction.

The health team continues to contact families as file audits take place during the remainder of June and July to provide support for any necessary care, including returning children who will still be receiving care next year. The health specialist (HS) will determine whether a family goal is amenable for the parent/guardian to successfully support and meet the family where they are at in this process. Families who developed health goals this year felt supported. They understood the importance of the early screening process and of receiving the necessary follow-up care.

Reasons for incomplete referrals mirror similar reasons as previous years: the child dropping

out of the program or transitioning to kindergarten; medical/dental providers not having appointment times available that corresponded to the schedule of the family's availability; the appointment needing to be scheduled at a much later time after the referral was given to the parents; and some parents choosing not to follow up on the referral even after receiving support and guidance regarding the timeliness surrounding their child's medical/dental care.

Objective 5: Provide parents with a minimum of three annual group based parent education sessions on developmental and social-emotional topics. The baseline for parent attendance will be established in year one and a 3% annual growth is expected.

Six successful parent education sessions on social emotional and development topics were offered this year. There was a 16% annual growth in parent attendance, vastly surpassing the anticipated 3% increase. Last year, a total of 82 parents participated in at least one of the three parent workshops. This year 95 attended at least one of the six workshops. There is only a difference of 13 parents in attendance from last year. Considering the reduction in program slots by almost half compared to last year, the percentage of parents participating is definitely higher this year.

Various educational opportunities were offered this year. In November and March the mental health consultants presented topics related to managing challenging behaviors and social emotional development during the transition to kindergarten process at all parent cafes.

In October and April parents had the opportunity to connect and relax with their children through creative movements, songs, stories, and games in the Family Yoga workshop offered by a licensed pre-school yoga teacher. Parents learned about the benefits of mindfulness and yoga practice including how it helps increase focus, self regulation, emotional expression, and the

enhancement of the connection of feeling the body and connections with others. Eleven parents participated in these activities. Additionally, a workshop on special education law was offered in December and one parent attended. The January's workshop on Advocacy did not have any participants.

In addition to the workshops, ACHS continued providing therapeutic services with the support from Denver Children's Advocacy Center. Seven families, facing multiple barriers accessing mental health treatment, received onsite therapy free of charge to them and to ACHS. These services were made possible through a grant from the Rose Foundation secured by the Denver Children Advocacy Center to ensure vulnerable children are able and ready to learn no matter their circumstance.

Objective 6: Identify teaching staff needs related to mental health and special education. The education and support areas will work closely to coordinate training for staff.

To support children experiencing learning/behavioral challenges the collaborative team composed of the education supervisor, teachers, special education school district personnel, mental health consultant, and the special education and support services program supervisor attended monthly collaborative meetings. Based on several sources professional development needs for the education staff were identified by the special education and support services program supervisor. The sources included the Teaching Pyramid Observational Tool (TPOT), teachers' feedback gathered in monthly collaborative meetings, and teacher surveys. After identifying staff professional development needs, the special education and support services program supervisor and education manager incorporated trainings.

The Special Education and Support Services department provided 16 trainings/educational

opportunities on mental health and special education topics for the teaching staff. They received seven trainings on classroom management. These were Proactive Teaching, Building Positive Relationships with Students, Motivating Students through Incentives, Decreasing Inappropriate Behaviors through Ignoring and Redirecting, Teaching and Promoting Social Skills and Problem Solving, Managing Anger, Utilizing Friendship Skills and Understanding, and Communicating Feelings. Two other trainings were offered by the mental health consultant on Trauma in the Classroom and Its Impact on Development, Learning, Behavior, and Classroom Dynamics; along with Compassion Fatigue and Self-Care for Long Term Health.

Six additional educational opportunities were provided through a Resilient Educators group where education staff had the opportunity to explore topics related to compassion fatigue, secondary stress, self-care and resiliency, and learned about basic mindfulness practices to incorporate in the classroom and their personal life. Participation was a success, as 100% of the teaching staff attended at least one Resilient Educators group meeting.

***Objective 7*: Align professional development needs with each area to maximize ACHS's quality of services.**

Adams County Head Start paid tuition for teachers pursuing educational advancement. This year seven education staff successfully completed college classes/degrees. By the end of the school year, one staff received a Child Development Associate, four are working towards an AA/AS, and two are working towards a BA/BS.

Family services staff received two special education and mental health trainings. The first was on How to Navigate through the Mental Health and Special Education Process in ACHS. The second was on The Trauma-Informed Approach and Self-Care. All FSSs have the Family

Development Credential and the family service leadership team received a Reflective Leadership training to align leadership practices with the Family Development Credential. Family Services Specialists will receive a refresher course in August.

In September the health and nutrition services manager became a certified asthma educator. The health team was trained on Managing Challenging Behaviors and How to Navigate through the Mental Health and Special Education Process. This year members of the health team were invited to present at the NHSA Conference held in Austin, Texas on unique processes used by the program to work with families and on cultivating medical provider partnerships. The nutrition leadership team attended trainings on updated CACFP menu requirements which were implemented this year.

Adams County provides numerous trainings for employees at no cost to the program. For example, a detailed training on Cultural Humility was provided for employees in an all day session. In addition, certificate programs are offered for Organizational Professionalism and Organizational Leadership. Other classes on skill building, cultural awareness and wellness trainings are also offered. The county also implemented the "LEAD Reads" which helps staff expand their learning through books.

***Objective 8*: Enhance case management efforts across the program through the implementation of motivational interviewing and stages of change frameworks in addition to improving the current case management process. The program will develop an action plan with timelines to track and measure progress and identify necessary changes.**

The program continues to use case management and Motivational Interviewing (MI) as fundamental philosophies to identify family needs, their priorities, and meeting the family where they are to help them achieve their goals. In 2017-2018, the family services team participated in

a one day advanced MI training hosted by the Human Services Network of Colorado. All eight FSSs and their supervisor attended and were trained on advanced concepts of communication and change talk, motivational stages, principles of MI, and the benefits of MI. With this knowledge and skills, the FSSs have been able to provide effective case management for families. The program is working to schedule a MI refresher training for the family services staff next year. As a way to ensure and track that MI is being used the area has adopted a new case note technique called DAP (Data, Assessment, Plan) which staff were trained on. Brief DAP refreshers have taken place during Family Services team meetings. Since the implementation of DAP, a case note audit was completed by the quality assurance manager. During the audit 3 files from each FSS caseload and 2 files from family services supervisor were assessed to identify whether DAP was being implemented in case notes. The results indicated that 11 files had the appropriate format and 15 did not. Three FSS's and their supervisor demonstrated an understanding of its implementation and five FSSs appeared to need further training. Going forward the Family Services team will receive another training on DAP in August and will have frequent refreshers to ensure proper use of the technique. If staff continues to struggle, their supervisor will work with them on an individual basis. The Family Services leadership will conduct DAP audits for proper use and consistency.

This year the health team attended a one day Advanced Motivational Interview conference provided by the University of Denver School of Nursing. The conference was specifically designed for healthcare professionals working directly with clients on health issues related to readiness, barriers, and motivation to change. This advanced course will also help serve future

efforts to build a robust tobacco cessation initiative for families in ACHS.

The health team continues case noting as a mechanism to measure the health specialist's ability to utilize MI skills. The expectation is that HSs use case noting to align subjective, objective, assessment and plan (SOAP) information. This includes indicating families' barriers and the support provided by the HS for the family to receive necessary medical/dental care. Additionally, the team is also expected to accurately describe the family's willingness toward the behavioral change(s) and document the support provided to the parent/guardian working on completing the recommended follow-up.

The health and nutrition manager (HNM) conducted a random audit of 50% of all incomplete referrals measuring the team's use of the new case note guidelines and to receive an equitable measure amongst all HS. Audit outcomes indicated that 43 referrals were incomplete as of mid-June. Twenty-two of these referrals were randomly selected to assess if case notes had the necessary information to understand why the child did not receive the needed care. The results were as follows: 32% of them did not address the parent/guardian's barriers/reasons why the follow-up could not be completed within the year. Fifty-nine percent of the twenty-two referrals had case notes that included what the HS did to support the family. Sometimes support provided was to contact a medical/dental provider for the family, or to explain why the referral was provided and continue to encourage the parent to receive the care necessary for their child. Sixty-four percent of the twenty-two referrals indicated the parent's willingness to follow through with scheduling an appointment and receiving the care necessary with either a future appointment date noted, or a verbalization that the parent was going to call their provider to schedule an

appointment that week. Out of the fifteen barriers noted, the top three barriers were time to schedule and bring their child to a follow-up appointment, forgot to schedule an appointment, or the parent simply did not understand the process.

The HNM will continue to work with each health specialist to fine tune their MI practices as well as their case noting during the next year. Case note audits will continue throughout the year to help identify the team's strengths and weaknesses so the program can effectively advocate for families and help the parents become their child's best role model in preventive care.

***Program Goal 2**: Adams County Head Start will strengthen the transition process to the local school system for children and families so that Head Start children succeed in kindergarten and beyond. Goal 2 Expected Outcome: Parents know how to navigate the school system to ensure their children's needs are shared with the local school system and addressed.*

***Objective 1**: 100% of families will understand their child's developmental progress throughout the school year and will be informed of the progress their child has made to meet expectations set for children starting kindergarten. The content shared with families includes developmental progress discussions, sharing of portfolios, and TS GOLD information; parents will receive information of the school district's general entry to kindergarten developmental expectations; families will receive developmentally appropriate activities that help maintain and strengthen children's developmental skills during the summer months before entering kindergarten.*

Parents received information on their child's developmental progress throughout the school year through several venues, such as parent teacher conferences, home visits, and one-on-one discussions. Per the self-assessment, the anticipated outcome was achieved. One-hundred percent of families who participated in a second parent teacher conference or last home visit received their child's TS GOLD outcomes. During the May home visits families were given kindergarten transition guides that included information about kindergarten readiness, resources for families, and contact information for all public schools in Adams County. They also received

activities to help their child maintain and strengthen academic skills over the summer months.

Objective 2: ***HS parents will learn about the school options available to them including their home school and other options. A 10% increase on the following is expected by year five of the grant. The baseline being the outcomes generated from the previous year's data; Number of parents attending the Kinder Transition parent cafe; Number of parents who selected a school for their child before the program year ends; Number of transition packets given to parents containing information about the school and an identified point of contact for future questions.***

Kindergarten transition was the focus of the January parent café at each center with 49 parents attending; which was a 44% increase in attendance from last year. Parents learned about the school districts' guidelines on what their child needs to know to be ready for kindergarten as well as the options offered by the school districts' Choice program. Choice is an event that provides a window of time where school districts offer families the opportunity to register their child at a school other than their designated school.

Out of 295 children enrolled 204 are of age to transition to kindergarten. Out of these, 34 left the program prior to the end of the school year and 170 completed the year. Ninety-nine percent of the 170 selected an elementary school prior to the school year ending.

Objective 3: ***In collaboration with the school districts the education leadership will establish kindergarten developmental expectations. After year one, these meetings will take place annually and an annual debriefing meeting at the end of each program year will be held to identify how the process can be strengthened by the collaboration.***

This objective was omitted before the start of the 2016-2017 program year and its omission was reported in last year's grant application.

Objective 4: ***The receiving school is aware of the child's needs and the parent has the necessary health/nutritional documentation in place before school starts. This successful transition will be measured by Establishing a relationship with school district RNs/Health Clerks; Number of parents with children who have health/nutritional needs contacted by the Health Specialist to provide guidance and support through the transition process will***

increase by 5% annually where baseline is established 2015-2016; and The number of parent contacts, case management support provided by the health team, and number of children who left the program with the necessary documentation needed by the school to address their health/nutritional needs will be 85% annually.

In 2017-2018 the program supported families on how to collaborate with the chosen school district health and nutrition teams in order to aid them in the kindergarten transition process for their child's medical/dietary needs. There were 27 children with health/nutrition needs throughout the year. Eighteen families chose schools and only four of the 27 children dropped from the program. Additionally, one health care plan was no longer needed as the child grew out of the allergy.

By mid-May three families were still unsure of which school their child will attend in August. Last year 10 families successfully made contact with the chosen school. This year five out of the 20 families (25%) had chosen a school and successfully made contact with the appropriate health or nutrition office in the school by mid-June. The three families, who are still undecided on a school at this time, plan on contacting the school in August. Although this is a 15% decrease of families who made contact with their health and/or nutrition departments last school year, the health team successfully provided guidance and advisement. The team also gave families the paperwork needed to provide their chosen school prior to their child starting. The packet contained their chosen school's health and nutrition contact information, blank health care and special diet forms, as well as other necessary medical information. This information was provided to 100% of families (23) whose children remained in the program until the end of the year. Based on last year, the anticipated outcome was 85% of families were to receive guidance and advisement this year and we exceeded this goal.

In June the health team attempted to follow-up with parents in regard to contacting the health and nutrition department(s) of their chosen school. Eleven parents were unavailable for various reasons: voice mail was full, no email available, phone disconnected, etc. We successfully left messages or sent emails to seven out of the 11 parents (64%) to determine if further support was needed and if they contacted their chosen school. Follow-up will continue until the end of June.

The program continued guiding families on how to advocate for their child's special dietary needs (religious restrictions surrounding specific foods, etc.) without a required Health Care Plan. The process included giving parents the public school forms in English and other languages as needed.

<u>Objective 5</u>: HS children with special developmental and/or mental health needs successfully transition to the receiving school(s) as measured by an annual increase of 3% of parents making at least one contact with school personnel to discuss their child's individual needs after the baseline number is set in year one of five.

Based on criteria set by ACHS, 20 out of 23 students with special education and/or mental health needs successfully transitioned to kindergarten this year; surpassing the anticipated 3% annual increase from the 66% baseline. Eighty-seven percent of students with IEPs successfully transitioned.

The criteria used to identify a successful transition were:

- formal enrollment took place
- receiving school obtained a copy of the IEP paperwork
- parent/guardian knew the school district and their child's home school
- a school was selected
- parent had the opportunity to contact/meet a representative of the school

- parent expressed feeling confident that the transition to kindergarten was successful

<u>Objective 6</u>: Provide the professional development necessary and implement monitoring processes to assess the transition efforts. The process will be monitored by the Area Implementation Action Plan quarterly.

The family services area received kindergarten transition information at FSS staff meetings beginning in September when the area's timeline for kindergarten transition was reviewed with the team. Throughout the year monthly transition tasks were reviewed at each meeting. In February the family services area received training on kindergarten transition covering the Head Start Performance Standards (HSPS), the kindergarten process, and forms to ensure compliance and completeness. The outcome is measured by the number of kindergarten transition packets distributed to families; one hundred percent of the families who completed the school year who are transitioning to kindergarten received these packets.

The health area received kindergarten transition process training in November and monthly supervision meetings were held with each team member to review this process for transitioning children. The HNM provided a universal template at the beginning of the year to track transitioning families with dietary needs and health care plans (HCPs). The health area put a plan in place that resulted in 85% of families transitioning. The team provided families with guidance, tools to advocate for their child's health and nutrition needs while in public schools, and appropriate support on how to manage this process so their child receives appropriate health care while attending their chosen school district. Additionally, they continued to educate families on school lunch policies and provided blank HCP forms for families to follow the selected school's process.

This year the program was unsuccessful in identifying any training that solely encompassed the principles of the teach-back method. Instead, the team was trained in August on proper case noting methods using the SOAP noting format to capture details of any guidance or parent advocacy provided by the health team. Additionally, the HS attended an advanced motivational interviewing (MI) conference, which included principles on paraphrasing and teach-back techniques within the MI framework.

The special education and support services program supervisor provided an orientation in August for the education, family services, and health staff to discuss the importance of working as a team in supporting the students and families with IEPs for a successful transition to kindergarten. The orientation included staff roles and responsibilities throughout the transition process. During collaborative meetings in March and April the team gathered required documentation and information. Transition meetings were also scheduled in these months. The team provided appropriate guidance and support to families on how to advocate for their child with special education needs. The program prepares the necessary paperwork for parents to enroll their child at the selected school. Parents also receive support to connect with a special education representative from the chosen school. The plan for next year is to continue strengthening the process in place.

Program Goal 3: ***Enhance family wellbeing through individualized support by meeting families where they are. Goal 3 Expected Outcome: By focusing on being more family-centered , ACHS will provide individualized, culturally responsive, and relevant services for the family that will maximize the assistance ACHS can provide for each family's needs in support of self-reliance beyond HS.***

Objective 1: ***Gather more information about families during the enrollment process and throughout the program year that will be used in collaboration with all ACHS areas to***

adequately support families. In year one, all ACHS areas will develop an integrated process and pilot the coordination of the multi-disciplinary team's roles and responsibilities in the development of family goals. The implementation and enhancement of the process will take full effect starting year two.

This year the Special Education and Support Services department implemented pre and post surveys to assess parent knowledge on their child's IEP process. The survey focused on parent knowledge at entry into the program and at the end of the school year after receiving support from the Special Education and Support Services area. Twenty-nine parents participated and outcomes indicate that most parents learned more about this process by the post survey time. The survey also asked families what topics they wanted to learn more about and most were related to how to support their child with an IEP at home; including the resources available for them and the desire to have one-on-one meetings with the department to learn more about their child's specific needs.

The family goal planning process was restructured this year to provide support to the Health and Special Education and Support Services areas. The initial contact with the family is done by the Family Services team to determine if the family wants to establish a health or special education and support services goal. When a need is identified the family services specialist contacts the appropriate team member who meets with the family to develop a goal and supports them in the process of meeting it.

The Family Strengths and Priorities Assessment and the Family Referral forms are reviewed annually and updated as needed. The updates help staff better assess family needs and provide insight on how they can be supported with their family partnership agreements (FPAs). The area continued utilizing a pre and post survey as a family assessment tool. Pre-assessment questions

were completed by families at enrollment and the post-assessment in April and May. Outcomes indicated the need to enhance reliability measures. The program plans to provide staff with a refresher on effective case management and MI. Adams County Head Start focused on and emphasized the importance of parent involvement this program year and saw significant growth within the FFRED program as well as the participation at the Cultural Literacy Festival and Policy Council (PC).

Program Goals - Challenges and Revisions: No changes in this section.

School Readiness Goals (SRGs)

No changes were made to the ACHS School Readiness Goals during the year. The goals and outcomes are outlined in the table below.

Adams County Head Start School Readiness Goals			
Social and Emotional Development Children will: • Engage in and maintain positive adult-child relationships and interactions. • Engage in and maintain positive peer relationships and interactions • Display levels of attention, emotional regulations, and behavior in the classroom that are appropriate to the situation and the supports available • Learn and internalize (follow) classroom rules, routines, and directions • Develop and display a sense of self, confidence in their abilities, and a strong identity that is rooted in their family and culture.	**Language and Literacy** Children will: • Use and comprehend increasingly complex and varied vocabulary: • Use and comprehend oral language for conversation and communication: • Identify and discriminate the sounds within words as separate from the word itself. • Use and understand print as a system of visible marks that represent the sounds within words and words themselves • Engage with literature in developmentally appropriate ways. • Children who are Dual Language Learners will demonstrate increased competency in their home language while developing proficiency in English.	**Cognition and Mathematics** • Children will use math regularly and in everyday routines to count, compare, relate, identify patters and problem solve.	**Physical Well-Being and Motor Development** Children will: • Demonstrate control of large muscles for movement, navigation, and balance • Demonstrate control of small muscles for such purposes as using utensils, self-care, building, writing, and manipulation. • Identify and practice healthy and safe habits.

Children's Progress in Achieving School Readiness in the 2017-2018 School Year for 4 Year Olds		
Developmental Domains	Program Outcome Percent	Met Widely Held Expectations
Social-Emotional	99%	Yes
Physical	100%	Yes
Language	95%	Yes
Cognitive	97%	Yes
Literacy	96%	Yes
Math	92%	No

School readiness outcomes reflect a 95% or higher score based on the TS Gold widely held expectations (WHE) in five developmental domains. Math was the lowest TS Gold score this year. Data reflects the need to focus on strengthening math in the curriculum being used so that teachers can increase focus on math concepts.

A plan that includes training and ongoing monitoring has been implemented for the next program year and will improve data fidelity. All teachers are to receive training on TS GOLD objectives and outcomes to ensure data fidelity. The program has decided to utilize the Creative Curriculum's online resources to simplify and streamline the data gathering and lesson planning process. An increase in TS GOLD outcomes is expected as the fidelity of data improves with the implementation of teacher trainings, ongoing monitoring, and additional resources.

During the year parents provided input on the existing SRGs through discussions with teachers during home visits and parent teacher conferences. Key questions were asked to elicit feedback on what parents need to know about kindergarten, what preparation is required for kindergarten, and how ACHS can help their child prepare for school. The SRGs were also presented to parents at parent cafés. Policy Council and the Board of County Commissioners (BOCC) also received the current SRGs. In the September education staff meeting, the team reviewed SRGs, the Early Learning Framework (ELF), and provided input. Information shared

and analyzed resulted in no changes to the SRGs as they also align with ELF and HSPS.

The parents participated in a pre and post school readiness survey that assessed frequency of activities carried out with their children to prepare them for school. Outcomes indicated families value the following activities: ensuring children are fed, go to bed on time, and are clothed for the weather; ensure they have time and a safe place to play; children's strengths are praised; and parents are helping children care about others. Activities scoring highest for the frequency of the "Not Yet" category indicating families have not done this activity with their children include: families taking children to the library; showing children books and pictures of people from other cultures; and helping children say parent's name, address, and phone number. Areas demonstrating the most growth from pre to post survey were teaching children how to calm down; reading to them; helping children find and name shapes and colors around them; show words and symbols to children in their language and the sounds they make; and talk with them about the weather and/or seasonal changes.

Adams County Head Start recognizes the importance of family involvement in school readiness. The program implemented literacy efforts to increase parent involvement in their child's learning by building a stronger school readiness foundation for children by providing books on problem-solving concepts, social-emotional, and imagination topics. This fall and spring ACHS continued a ten week family literacy class utilizing the Motheread/Fatheread (MF) curriculum which complements the dialogic reading already implemented in the classrooms. The focus of the curriculum is to teach parents how to enhance reading skills while reading to their children. The fall class was in English and had four enrollees with two completing the

program. The spring class was in Spanish. Three parents enrolled and all finished the program. As a component of MF, participants complete a pre and post assessment to gauge where they are at in family literacy and how they read to their child. According to the post assessment, all participants experienced growth across all areas. For next year, ACHS plans to implement two MF classes, one in the fall and one in the spring. Efforts to promote parent participation will continue next year for MF.

SUB-SECTION B: Service Delivery

Service and Recruitment Area Updates: No major changes or updates have occurred.

Needs of Children and Families Updates: No major changes or updates have occurred.

Chosen Program Option(s) and Funded Enrollment Slots Updates:

This year ACHS served 295 children in full day center-based options. These options included four full day classrooms implementing the 1020 duration requirement five days a week and 12 full day classes offering 137 days for four days a week. Six and a half hours of daily instruction took place in all full day sessions from August to May.

For the next year ACHS will serve 256 children. The four 1020 full day classrooms will be in session Monday through Friday with occasional no school days to accommodate training, parent/teacher conferences, home visits and planning. The 1020 full day classrooms will provide more than 1020 hours of classroom time for students. The additional 12 full day classrooms will be in session Monday through Thursday and for at least 128 days.

The implementation of four 1020 duration classrooms was met with a few challenges. The

most challenging was providing coverage in order to give teachers sufficient time for weekly lesson planning, administrative tasks, analyzing children's data, attending trainings, etc. After analyzing program needs, two viable options were identified. One is to hire additional classroom aides. The other is to make schedule adjustments for teacher assistants in the full day sessions in order to support the 1020 classrooms at least once a week. Due to the funding impact of hiring additional classroom aides, ACHS will pilot using current staff to support in the 1020 classrooms. In order to accomplish this, full day classrooms will have fewer days in session than last year. This still meets HSPS and will provide some flexibility to support the 1020 classrooms.

The need for full day sessions is reflected in the community needs assessment and the program's success of maintaining full enrollment this year. It is imperative to secure additional funds to continue this option. To ensure sustainability for full day sessions, ACHS continues identifying and securing additional funds. The program anticipates a percentage of the cost will come from the OHS and the rest from other funding sources as these are secured.

Centers and Facilities Updates: Securing classroom space continues to be a challenge for the program. ACHS is currently seeking locations to house two classrooms.

Eligibility, Recruitment, Selection, Enrollment, and Attendance Updates:

Adams County Head Start implemented an enrollment action plan in February of 2017 to address last year's challenges in maintaining full enrollment. It included transitioning double sessions to full day classrooms. The implementation of all full day classrooms has significantly improved enrollment and is no longer an issue. All slots were filled before the 30 day vacancy threshold. The program contributes this to the need for full day sessions in the community.

Education and Child Development Updates:

There was a focus on streamlining curriculums used for consistency and effectiveness. The program's curriculums are Incredible Years (IY), Culture of Wellness and Creative Curriculum. The newest version of Creative Curriculum was implemented in all 16 classrooms this year.

The program received an IY grant this year to continue training and coaching the education team on classroom management and curriculum implementation. The main goal is for all education staff to be trained on both components of the IY program; classroom management and IY curriculum by the end of next year. Two lead teachers in the program obtained their Incredible Years Coach certification this year, making them reliable coaches to support other education staff. Adams County Head Start, in partnership with Invest in Kids, plans to expand the number of staff who will become peer coaches to support the sustainability of the IY curriculum in the program.

The mental health team introduced a new classroom observation tool to the education team, the TPOT. In the fall the mental health team conducted 16 observations to measure how well teachers implemented the 3-tiered Pyramid Model of practices supporting children's social competence and preventing challenging behaviors. This tool has the same framework used in the IY program. The outcomes of the TPOT provided data to identify strengths, opportunities for professional growth, and red flags to consider for potential training, coaching and professional improvement.

This was the first year the TPOT was utilized and only one observation per classroom was conducted. The mental health team will continue utilizing the pre and post TPOT next year.

The first observation will take place within the first 45 days of school and the second within the last two months of school.

Health Updates:

The health area developed two videos with the assistance from the county's Communications Department. One video specifically targets families and explains the screening process from start to finish. The goal of this video is to build parent awareness on early screening practices and why this is such an important piece to detect health issues early in the child's education process. The second video targets education training and highlights how to provide family-style meal service that is both effective and beneficial to the learning process and in forming healthy eating habits within the preschool population.

The health area's newest endeavor for next year entails the creation of a tobacco cessation program for families. According to the program's 2017-2018 data, five percent of enrolled children are diagnosed with asthma. Out of these, 36% have adults who verbalized smoking in the household and around their child(ren). The program is partnering with the American Lung Association. The collaboration will provide the HS and the FSSs with more focused training on counseling, including how to utilize motivational interviewing skills to understand where families are in their cessation process and assist families with reducing/quitting smoking in order to improve their children's health outcomes as well as their own health outcomes. The program has sought funding and is pending response from the PHS Commissioned Officers Foundation for the Advancement of Public Health to support the program's smoking cessation efforts being implemented next year.

This year the program piloted the initiation of "Family Yoga" classes. These classes were provided in English and Spanish. The classes introduced families to the benefits of yoga and mindfulness for children, teens, and adults.

The Resilient Educators Group was introduced by the mental health team. The group met monthly and experienced a gradual increase in attendance after the first month. Teachers expressed their desire to continue with the group during the next school year and the program plans to implement them on a monthly basis.

Family and Community Engagement Updates:

Adams County Head Start's transition to full day classes reduced the number of children served and, as a result, FSSs' case loads decreased which improved intentionality and the implementation of MI. Two programs specifically promoting father involvement were FFRED and MF. These programs are specific to family literacy as to include relationship building among the parent and their child. The MF program provides classes and books in both English and Spanish.

Services for Children with Disabilities Updates:

Full day classes have impacted the special education services. The program observed a slight increase of parents, whose children have an IEP, expressing difficulties transporting their children from the program to the school district's preschool classrooms. Six out of 37 families declined IEP services. Adams County Head Start supported families in finding other therapeutic services that fit parents' schedules. The program also advocated for children to have transportation from the school districts. Only one out of five school districts was able to provide

transportation. The program continues to collaborate with school districts to explore potential solutions.

Transition Updates: No major changes have occurred. Please see Program Goal 2 for updates.

Services to Enrolled Pregnant Women Updates: It is not applicable.

Transportation Updates: No changes or updates have occurred.

SUB-SECTION C: Governance, Organizational and Management Structures

Governance Updates

Structure - No changes have been made in this area.

Processes - Policy Council bylaws were revised to incorporate changes in the HSPS, such as, PC Representatives' ability to serve five years instead of three. Information on the new regulations in the HSPS was also provided. An in depth discussion took place with PC representatives and Head Start management after potential changes to the PC bylaws were introduced. For example, it was recommended that a quorum consist of three PC representatives instead of five. After a detailed discussion of the pros and cons of having three or five, PC recommended that we continue to have five as a quorum and it was implemented into the bylaws.

The recommended changes to the bylaws were also presented to the governing board during a study session. BOCC agreed with the recommendations. The proposed new PC bylaws were approved through a Public Hearing by the BOCC. The BOCC's approval was shared with PC at the following PC meeting.

The PC meeting minutes are approved by representatives and the minutes are also posted at each center for parents to have access to them. They share parent ideas/comments from their

centers and take information shared at the PC meeting back to the centers they represent.

Relationships- no changes have been made in this section.

Human Resources Management Updates

Current Organizational Chart - The organizational chart reflects a position upgrade. The senior administrative clerk position is now support services specialist. Please reference the organizational chart on Attachment H (i).

Criminal Background Checks System - Adams County Head Start implemented a process to ensure compliance of HSPS 1302.90 (b)(5) in regard to completing four background checks for each employee, consultant, or contractor at least once every five years. Adams County Head Start moved forward with the implementation of a rotating system even though Office of Head Start (OHS) extended the deadline to implement the regulation. A tracking system was developed to monitor when the next round of employees are due to complete their background checks.

New Hire, Consultants, and Contractors, and Volunteer Orientation - A few changes were implemented to enhance the process of orientation for new hires, consultants, contractors and volunteers. For example, the orientation checklist was updated to ensure all required documents, policy reviews, position timelines, in addition to new orientation guidelines set by the county were reviewed with the individual. The regulation to complete background checks at least every five years was also implemented into program SOPs.

Program Staff Training and Professional Development Key Features- A few key implementations took place regarding staff training and professional development. Adams

County Head Start continues to strengthen the process for training documentation using databases with fidelity.

Adams County Head Start has also implemented a research-based coordinated coaching strategy with an intentional facilitation of the Creative Curriculum. The coach will observe, assess, and analyze the teachers through a guided set of methods and routines developed by Teaching Strategies Creative Curriculum. The coach will provide a framework to the curriculum, offer guidance and strategies, and support to encourage the growth and development of the teachers as well as the children. The coach will attend trainings on the proper implementation of the Creative Curriculum Coaching to Fidelity Assessment tool, CLASS tool, and IY curriculum.

The education coach, hired in May, is currently working on the program's coaching philosophy and approach. The focus is on peer coaching, curriculum and assessment tool implementation with fidelity along with individualized approaches for staff's professional development.

Program Management and Quality Improvement Updates:

Program Oversight Systems Key Features- The education area identified a need to enhance the fidelity of the program's TS Gold and CLASS observations. These were included in the program's self-assessment action plan (see Attachment A) and in the training plan for next year.

Program Continuous Improvement Key Features - Key components of the program's ongoing oversight are internal audits, state program inspections, and ongoing monitoring. All of these took place throughout the year identifying areas in need of enhancement and all findings were corrected, strengthening the program's monitoring capacities. Key features of the program's

continuous improvement included the successful implementation of listening sessions, providing staff with the opportunity to voice their thoughts and ideas to their manager. Additionally, the administrator as well as the quality assurance manager met with staff at their centers to discuss challenges and strengths experienced at their respective centers and their roles.

Goal/objective outcomes, audits, monthly monitoring reports, classroom observations, staff input, FPA outcomes, child developmental outcomes, CLASS scores, PIR data, self-assessment action plan, HSPS, and state regulations were used to develop the 2018 - 2019 Training Plan. Trainings are designed to provide staff the knowledge and skills needed for serving children and families. Additionally, new ACHS staff participates in a new employee orientation where the program's policies and procedures are reviewed. See Attachment E for ACHS's 2018 – 2019 Training Plan.

Strategic Planning took place with several stakeholders including PC members, staff, parents, leadership, and providers. Several tools were utilized to gather information for future program improvements; from clicker evaluations, surveys, group-based discussions, and data analysis. Stakeholders also participated in the program's annual self-assessment, an ongoing continuous improvement tool, focusing on the program's five year goals (see Attachment G), external evaluations, and ERSEA.

Management Budget and Staffing System Key Features- The program has experienced challenges with staffing for the 1020 classrooms. Please refer to the *Chosen Program Option(s) and Funded Enrollment Slots* sections of this application.

BACKGROUND:

Adams County has received Community Service Block Grant funds to ameliorate the effects of poverty in local communities from the State Department of Local Affairs (DOLA) since 1974. The Services shall be provided to individuals and families at or below 125% of "poverty income" as defined annually by the United States Department of Health & Human Services only to Adams County residents that provide proof that they are in the country legally and sign the Affidavit of Legal Residency. Income eligibility and legal residency information must be collected and kept in each CSBG customer file.

Section 2. The GRANTEE covenants that it has, or will obtain at its own expense, all personnel, goods, services and equipment required to perform the Services and shall use no funds provided hereunder for any expense other than those expenses required to perform the Services and that are outlined in this agreement.

Section 4. The COUNTY reserves the right to enter into other contracts related to the Services, and the GRANTEE agrees to cooperate with the COUNTY and its other contractors with respect to the coordination of those Services.

ARTICLE III: DURATION OF CONTRACT

Section 1. Services provided hereunder shall commence on:

Such extensions must be mutually agreed upon and is contingent upon federal funding from the United States Department of Health & Human Services through the Colorado Department of Local Affairs, known hereafter as "DOLA". Any single extension by the COUNTY shall include additional funding not to exceed an amount equal to the original amount of award to allow for continuation of GRANTEE services described in Exhibit 1 and this contract, any and all extensions, shall conclude February 28, 2018. Extension of the contract will follow the process for substantial project modification outlined in Exhibit 3.

The COUNTY may determine to allow such necessary and proper costs which the GRANTEE could not reasonably avoid during the period of suspension.

Section 4. If, through any cause, either party shall fail to honor or otherwise fulfill any of the promises, covenants, obligations, agreements or stipulations of this Agreement, the other party shall have the right to terminate this Agreement by giving ten (10) days written notice to the other party of such termination, specifying the reasons for such termination and the effective date thereof. Section 7. If the State terminates the COUNTY's Contract with the State as identified in Article V, Section 8, whether for the convenience of the State or for cause, this Agreement shall immediately terminate. If such termination is for cause due to GRANTEE's failure of performance, the provisions of Article III, Section 2, 3, 6 and 7 shall apply and the GRANTEE shall not be relieved of liability to the COUNTY for any damages sustained by the COUNTY by virtue of any breach of the Contract by the GRANTEE, and the COUNTY may withhold any payment to the GRANTEE for the purpose of settlement until such time as the exact damage due the COUNTY from the GRANTEE is determined. If such termination is for the convenience of the State, the GRANTEE shall be reimbursed in an amount equal to actual expenses incurred as of the date of termination.

Section 8. The COUNTY without cause may terminate this Agreement at any time if written notice to terminate is provided to the GRANTEE more than ten (10) days prior to the effective date of the termination. In such event, the GRANTEE shall be paid for all eligible work satisfactorily completed commensurate with the amount of work done on the Scope of Services up to the date of termination less all amounts previously paid, and in addition thereto, any other amount as mutually agreed upon by the parties for the documented direct and incidental termination expenses due to the termination.

Section 9. Should the COUNTY terminate this Agreement for cause, as provided in Section 3 above, no further payments shall be due to the GRANTEE, including payment for Services provided prior to the effective date of termination.

Section 10. Nothing herein shall preclude either party from pursuing such remedies at law or at equity as may be appropriate.

Section 11. If, this Agreement is terminated for cause, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Contractor under this Contract shall, at the option of the State or COUNTY, become the State or the COUNTY's property, and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials.

Section 3. The parties hereto recognize that compensation paid to the GRANTEE hereunder is funded from CSBG. If funding is not secured under CSBG, or if compensation to the GRANTEE is disapproved thereunder, then this Agreement shall be null and void and no payment will be due the GRANTEE from the COUNTY. Furthermore, if, for any reason, reimbursements from CSBG to the COUNTY are delayed, payments to the GRANTEE by the COUNTY may be delayed for the same length of time.

Section 4. GRANTEE acknowledges and is hereby given notice that the financial obligations of the COUNTY under this Agreement, payable after the current fiscal year, are contingent upon funds for this Agreement being appropriated, budgeted and otherwise made available for each fiscal year thereafter. In the event it is determined that funds will not be budgeted and appropriated, the COUNTY may terminate this Agreement by giving GRANTEE notice of such non-appropriation. The COUNTY's fiscal year commences January 1 and ends December 31.

RE: 2015 CSBG Estimated Funding – Case Management
Catalog of Federal Domestic Assistance (CFDA) # 93.569

Dear Mr. Moore,

We truly appreciate the time and effort your organization invested in preparing its 2015 Community Service Block Grant (CSBG) application. Congratulations, your application for the program listed above has been funded for the estimated amount of **$30,000.** Your application was approved to include the following:

- Case Management

Please provide written confirmation that your agency will be accepting this award as listed above no later than ***February 18, 2015.***

This award is contingent upon receipt of funds and does not obligate Adams County if these funds are not received or if final federal funding levels are below amounts currently estimated for the 2015 program year.

Requests received this year exceeded the funds available for distribution. CSBG applicants were screened by Adams County Community Development (ACCD) for program eligibility and funding recommendations were made by the Community & Neighborhood Resources Advisory Council. The Adams County Board of County Commissioners made final funding decisions for all grant awards.

The timeline for this award is March 1, 2015 through February 28, 2016. You will be contacted by ACCD to work out the details of the Subgrantee Agreement. Please do not enter into any agreements that would commit these funds before that time. No activities can begin for the proposed project until the Subgrantee Agreement is fully executed. Beginning activities before funds are officially released will result in program ineligibility and non reimbursement.

Please feel free to contact me at 720.523.6210 or lespinoza@adcogov.org if you have any questions. Thank you again for the important work you do and for your interest in ACCD funding opportunities.

Sincerely,

Liz Espinoza

Such extensions must be mutually agreed upon and is contingent upon federal funding from the United States Department of Health & Human Services through the Colorado Department of Local Affairs, known hereafter as "DOLA". Any single extension by the COUNTY shall include additional funding not to exceed an amount equal to the original amount of award to allow for continuation of GRANTEE services described in Exhibit 1 and this contract, any and all extensions, shall conclude February 28, 2018. Extension of the contract will follow the process for substantial project modification outlined in Exhibit 3.

The COUNTY may determine to allow such necessary and proper costs which the GRANTEE could not reasonably avoid during the period of suspension.

Section 4. If, through any cause, either party shall fail to honor or otherwise fulfill any of the promises, covenants, obligations, agreements or stipulations of this Agreement, the other party shall have the right to terminate this Agreement by giving ten (10) days written notice to the other party of such termination, specifying the reasons for such termination and the effective date thereof. If such termination is for cause due to GRANTEE's failure of performance, the provisions of Article III, Section 2, 3, 6 and 7 shall apply and the GRANTEE shall not be relieved of liability to the COUNTY for any damages sustained by the COUNTY by virtue of any breach of the Contract by the GRANTEE, and the COUNTY may withhold any payment to the GRANTEE for the purpose of settlement until such time as the exact damage due the COUNTY from the GRANTEE is determined. If such termination is for the convenience of the State, the GRANTEE shall be reimbursed in an amount equal to actual expenses incurred as of the date of termination.

Section 8. The COUNTY without cause may terminate this Agreement at any time if written notice to terminate is provided to the GRANTEE more than ten (10) days prior to the effective date of the termination. In such event, the GRANTEE shall be paid for all eligible work satisfactorily completed commensurate with the amount of work done on the Scope of Services up to the date of termination less all amounts previously paid, and in addition thereto, any other amount as mutually agreed upon by the parties for the documented direct and incidental termination expenses due to the termination.

Furthermore, if, for any reason, reimbursements from CSBG to the COUNTY are delayed, payments to the GRANTEE by the COUNTY may be delayed for the same length of time.

GRANTEE acknowledges and is hereby given notice that the financial obligations of the COUNTY under this Agreement, payable after the current fiscal year, are contingent upon funds for this Agreement being appropriated, budgeted and otherwise made available for each fiscal year thereafter. In the event it is determined that funds will not be budgeted and appropriated, the COUNTY may terminate this Agreement by giving GRANTEE notice of such non-appropriation. The COUNTY's fiscal year commences January 1 and ends December 31.

SCOPE OF SERVICES
COMMUNITY SERVICES BLOCK GRANT

Services: *Description of Project*

Home-delivered nutritious meals, free of charge, living with life-threatening illnesses. Client meals will be based on individual medical diet restrictions. Our ability to make such individualized meal modifications makes Project Angel Heart unique among Adams County meal programs; this allows us to reach a population that would likely go hungry or eat inappropriately for their conditions were it not for our program.

Reduction of Poverty: ***Brief Description of Efforts to Reduce Poverty,***

Project Angel Heart meals allow ill clients to continue to live independently through the provision of nutritious, individually appropriate, home-delivered meals. Meals are provided at no charge to our clients so they do not have to decide between purchasing food or purchasing medicine. Clients' dependents may also receive meals so clients do not have to choose between feeding themselves or feeding their loved ones. These meals allow clients in poverty to redirect their meager income to other areas of crucial need in their lives, making it less likely they will slide farther in to the vicious cycle of poverty that may have been caused by—or is certainly exacerbated by—illness. By providing meals to dependents of ill members of the community, the hope is to stabilize the entire family unit. In providing meals to often-neglected populations, Project Angel Heart attempts to thwart the effects of poverty within the community.

Population Served: ***Brief Description of Population to be Served.***

Adams County residents living at or below 125% of the federal poverty level living with life-threatening illnesses.

RE: 2015 CSBG Estimated Funding – Meals on Wheels Program
Catalog of Federal Domestic Assistance (CFDA) # 93.569

Dear Ms. Pulling,

We truly appreciate the time and effort your organization invested in preparing its 2015 Community Service Block Grant (CSBG) application. Congratulations, your application for the program listed above has been funded for the estimated amount of **$55,000.** Your application was approved to include the following:

- Meals

Please provide written confirmation that your agency will be accepting this award as listed above no later than ***February 18, 2015.***

This award is contingent upon receipt of funds and does not obligate Adams County if these funds are not received or if final federal funding levels are below amounts currently estimated for the 2015 program year.

Requests received this year exceeded the funds available for distribution. CSBG applicants were screened by Adams County Community Development (ACCD) for program eligibility and funding recommendations were made by the Community & Neighborhood Resources Advisory Council. The Adams County Board of County Commissioners made final funding decisions for all grant awards.

The timeline for this award is March 1, 2015 through February 28, 2016. You will be contacted by ACCD to work out the details of the Subgrantee Agreement. Please do not enter into any agreements that would commit these funds before that time. No activities can begin for the proposed project until the Subgrantee Agreement is fully executed. Beginning activities before funds are officially released will result in program ineligibility and non reimbursement.

Please feel free to contact me at 720.523.6210 or lespinoza@adcogov.org if you have any questions. Thank you again for the important work you do and for your interest in ACCD funding opportunities.

Sincerely,

Liz Espinoza

RECOMMENDED ACTION: That the Board of County Commissioners approve the 2018 Amendment to the Unum Life Insurance Policy

BACKGROUND:

The Board of County Commissioners previously entered into a contract with Unum Life Insurance Company of America ("Unum"), to provide a Life Insurance Policy for all benefit-eligible employees.

The original contract allows for Life Insurance benefits for regular full-time employees to equal their annual salary rounded to the nearest thousand dollars. The Life Insurance benefit for regular part-time (30-39 hours/week) employees is limited to seventy five hundred dollars ($7,500).

The Board of County Commissioners recognizes the importance of providing equitable Life Insurance benefits to all benefit eligible employees.

The attached 2018 Amendment to the Unum Life Insurance Policy provides for enhanced benefits for regular part-time employees to increase the Life Insurance benefit from the standard seventy five hundred dollars ($7,500) to that of regular full-time employees, to equal their annual salary rounded to the nearest thousand dollars.

CLAIM INFORMATION

LIFE INSURANCE

WHEN DO YOU OR YOUR AUTHORIZED REPRESENTATIVE NOTIFY UNUM OF A CLAIM?

We encourage you or your authorized representative to notify us as soon as possible, so that a claim decision can be made in a timely manner.

If a claim is based on your disability, written notice and proof of claim must be sent no later than 90 days after the end of the elimination period.

If a claim is based on death, written notice and proof of claim must be sent no later than 90 days after the date of death.

If it is not possible to give proof within these time limits, it must be given no later than 1 year after the proof is required as specified above. These time limits will not apply during any period you or your authorized representative lacks the legal capacity to give us proof of claim.

The claim form is available from your Employer, or you or your authorized representative can request a claim form from us. If you or your authorized representative does not receive the form from Unum within 15 days of the request, send Unum written proof of claim without waiting for the form.

If you have a disability, you must notify us immediately when you return to work in any capacity, regardless of whether you are working for your Employer.

HOW DO YOU FILE A CLAIM FOR A DISABILITY?

You or your authorized representative, and your Employer must fill out your own sections of the claim form and then give it to your attending physician. Your physician should fill out his or her section of the form and send it directly to Unum.

WHAT INFORMATION IS NEEDED AS PROOF OF YOUR CLAIM?

If your claim is based on your disability, your proof of claim, provided at your expense, must show:

- that you are under the **regular care** of a **physician**;
- the date your disability began;
- the cause of your disability;
- the extent of your disability, including restrictions and limitations preventing you from performing your regular occupation or any gainful occupation; and
- the name and address of any **hospital or institution** where you received treatment, including all attending physicians.

We may request that you send proof of continuing disability indicating that you are under the regular care of a physician. This proof, provided at your expense, must be received within 45 days of a request by us.

If claim is based on death, proof of claim, provided at your or your authorized representative's expense, must show the cause of death. Also a certified copy of the death certificate must be given to us.

In some cases, you will be required to give Unum authorization to obtain additional medical and non-medical information as part of your proof of claim or proof of continuing disability. Unum will deny your claim if the appropriate information is not submitted.

WHEN CAN UNUM REQUEST AN AUTOPSY?

In the case of death, Unum will have the right and opportunity to request an autopsy where not forbidden by law.

HOW DO YOU DESIGNATE OR CHANGE A BENEFICIARY? (Beneficiary Designation)

At the time you become insured, you should name a beneficiary on your enrollment form for your death benefits under your life insurance. You may change your beneficiary at any time by filing a form approved by Unum with your Employer. The new beneficiary designation will be effective as of the date you sign that form. However, if we have taken any action or made any payment before your Employer receives that form, that change will not go into effect.

It is important that you name a beneficiary and keep your designation current. If more than one beneficiary is named and you do not designate their order or share of payments, the beneficiaries will share equally. The share of a beneficiary who dies before you, or the share of a beneficiary who is disqualified, will pass to any surviving beneficiaries in the order you designated.

If you do not name a beneficiary, or if all named beneficiaries do not survive you, or if your named beneficiary is disqualified, your death benefit will be paid to your estate.

Instead of making a death payment to your estate, Unum has the right to make payment to the first surviving family members of the family members in the order listed below:

- spouse;
- child or children;
- mother or father; or
- sisters or brothers.

If we are to make payments to a beneficiary who lacks the legal capacity to give us a release, Unum may pay up to $2,000 to the person or institution that appears to have assumed the custody and main support of the beneficiary. This $2,000 payment made in good faith satisfies Unum's legal duty to the extent of that $2,000 payment and Unum will not have to make that payment again.

Also, at Unum's option, we may pay up to $1,000 to the person or persons who, in our opinion, have incurred expenses for your last sickness and death.

In addition, if you do not survive your spouse, and dependent life coverage is continued, then your surviving spouse should name a beneficiary according to the requirements specified above for you.

HOW WILL UNUM MAKE PAYMENTS?

If your or your dependent's life claim is at least $10,000, Unum will make available to the beneficiary a **retained asset account** (the Unum Security Account).

Payment for the life claim may be accessed by writing a draft in a single sum or drafts in smaller sums. The funds for the draft or drafts are fully guaranteed by Unum.

If the life claim is less than $10,000, Unum will pay it in one lump sum to you or your beneficiary.

Also, you or your beneficiary may request the life claim to be paid according to one of Unum's other settlement options. This request must be in writing in order to be paid under Unum's other settlement options.

If you do not survive your spouse, and dependent life coverage is continued, then your surviving spouse's death claim will be paid to your surviving spouse's beneficiary.

All other benefits will be paid to you.

WHAT HAPPENS IF UNUM OVERPAYS YOUR CLAIM?

Unum has the right to recover any overpayments due to:

- fraud; and
- any error Unum makes in processing a claim.

You must reimburse us in full. We will determine the method by which the repayment is to be made.

Unum will not recover more money than the amount we paid you.

WHAT ARE YOUR ASSIGNABILITY RIGHTS FOR THE DEATH BENEFITS UNDER YOUR LIFE INSURANCE? (Assignability Rights)

The rights provided to you by the plan for life insurance are owned by you, unless:

- you have previously assigned these rights to someone else (known as an "assignee"); or
- you assign your rights under the plan(s) to an assignee.

We will recognize an assignee as the owner of the rights assigned only if:

- the assignment is in writing, signed by you, and acceptable to us in form; and
- a signed or certified copy of the written assignment has been received and registered by us at our home office.

We will not be responsible for the legal, tax or other effects of any assignment, or for any action taken under the plan(s') provisions before receiving and registering an assignment.

CLAIM INFORMATION

WHEN DO YOU OR YOUR AUTHORIZED REPRESENTATIVE NOTIFY UNUM OF A CLAIM?

We encourage you or your authorized representative to notify us as soon as possible, so that a claim decision can be made in a timely manner.

If it is not possible to give proof within these time limits, it must be given no later than 1 year after the time proof is required as specified above. These time limits will not apply during any period you or your authorized representative lacks the legal capacity to give us proof of claim.

The claim form is available from your Employer, or you or your authorized representative can request a claim form from us. If you or your authorized representative does not receive the form from Unum within 15 days of your request, send Unum written proof of claim without waiting for the form.

- the date of enrollment of your qualified child in an accredited post-secondary institution of higher learning;
- the name of the institution;
- a list of courses for the current academic term; and
- the number of credit hours for the current academic term.

WHEN CAN UNUM REQUEST AN AUTOPSY?

In the case of death, Unum will have the right and opportunity to request an autopsy where not forbidden by law.

HOW DO YOU DESIGNATE OR CHANGE A BENEFICIARY? (Beneficiary Designation)

At the time you become insured, you should name a beneficiary on your enrollment form for your death benefits under your accidental death and dismemberment insurance. You may change your beneficiary at any time by filing a form approved by Unum with your Employer. The new beneficiary designation will be effective as of the date you sign that form. However, if we have taken any action or made any payment before your Employer receives that form, that change will not go into effect.

It is important that you name a beneficiary and keep your designation current. If more than one beneficiary is named and you do not designate their order or share of payments, the beneficiaries will share equally. The share of a beneficiary who dies before you, or the share of a beneficiary who is disqualified, will pass to any surviving beneficiaries in the order you designated.

If you do not name a beneficiary, or if all named beneficiaries do not survive you, or if your named beneficiary is disqualified, your death benefit will be paid to your estate.

Instead of making a death payment to your estate, Unum has the right to make payment to the first surviving family members of the family members in the order listed below:

- spouse;
- child or children;
- mother or father; or
- sisters or brothers.

If we are to make payments to a beneficiary who lacks the legal capacity to give us a release, Unum may pay up to $2,000 to the person or institution that appears to have assumed the custody and main support of the beneficiary. This $2,000 payment made in good faith satisfies Unum's legal duty to the extent of that $2,000 payment and Unum will not have to make that payment again.

Also, at Unum's option, we may pay up to $1,000 to the person or persons who, in our opinion, have incurred expenses for your last sickness and death.

HOW WILL UNUM MAKE PAYMENTS?

If your accidental death or dismemberment claim is at least $10,000 Unum will make available to you or your beneficiary a **retained asset account** (the Unum Security Account).

Payment for the accidental death or dismemberment claim may be accessed by writing a draft in a single sum or drafts in smaller sums. The funds for the draft or drafts are fully guaranteed by Unum.

If the accidental death or dismemberment claim is less than $10,000, Unum will pay it in one lump sum to you or your beneficiary.

Also, your beneficiary may request the accidental death claim to be paid according to one of Unum's other settlement options. This request must be in writing in order to be paid under Unum's other settlement options.

The Child Care Benefit will be paid to you, your spouse, your beneficiary or your or your spouse's authorized representative.

The Education Benefit will be paid to your qualified child or the qualified child's legal representative.

All other benefits will be paid to you.

WHAT HAPPENS IF UNUM OVERPAYS YOUR CLAIM?

Unum has the right to recover any overpayments due to:

- fraud; and
- any error Unum makes in processing a claim.

You must reimburse us in full. We will determine the method by which the repayment is to be made.

Unum will not recover more money than the amount we paid you.

WHAT ARE YOUR ASSIGNABILITY RIGHTS FOR THE DEATH BENEFITS UNDER YOUR ACCIDENTAL DEATH AND DISMEMBERMENT INSURANCE BENEFITS? (Assignability Rights)

The rights provided to you by the plan(s) for accidental death insurance benefits are owned by you, unless:

- you have previously assigned these rights to someone else (known as an "assignee"); or
- you assign your rights under the plan(s) to an assignee.

We will recognize an assignee as the owner of the rights assigned only if:

- the assignment is in writing, signed by you, and acceptable to us in form; and
- a signed or certified copy of the written assignment has been received and registered by us at our home office.

We will not be responsible for the legal, tax or other effects of any assignment, or for any action taken under the plan(s') provisions before receiving and registering an assignment.

INITIAL RATE GUARANTEE AND RATE CHANGES

WHEN IS PREMIUM DUE FOR THIS SUMMARY OF BENEFITS?

Premium Due Dates: Premium due dates are based on the Premium Due Dates shown in the Rate Information Amendment(s).

The **Employer** must send all premiums to Unum on or before their respective due date. The premium must be paid in United States dollars.

WHEN ARE INCREASES OR DECREASES IN PREMIUM DUE?

Premium increases or decreases which take effect during an insurance month are adjusted and due on the next premium due date following the change. Changes will not be pro-rated daily.

If premiums are paid on other than a monthly basis, premiums for increases and decreases will result in a monthly pro-rated adjustment on the next premium due date.

Unum will only adjust premium for the current plan year and the prior plan year. In the case of fraud, premium adjustments will be made for all plan years.

WHAT INFORMATION DOES UNUM REQUIRE FROM THE EMPLOYER?

The Employer must provide Unum with the following on a regular basis:

- information about employees:
  - who are eligible to become insured;
  - whose amounts of coverage change; and/or
  - whose coverage ends;
- occupational information and any other information that may be required to manage a claim; and
- any other information that may be reasonably required.

Employer records that, in Unum's opinion, have a bearing on this Summary of Benefits will be available for review by Unum at any reasonable time.

Clerical error or omission by Unum will not:

- prevent an employee from receiving coverage;
- affect the amount of an insured's coverage; or
- cause an employee's coverage to begin or continue when the coverage would not otherwise be effective.

WHO CAN CANCEL OR MODIFY THIS SUMMARY OF BENEFITS OR A PLAN UNDER THIS SUMMARY OF BENEFITS?

This Summary of Benefits or a plan under this Summary of Benefits can be cancelled:

- by Unum; or
- by the Employer.

Unum may cancel or modify this Summary of Benefits or a plan if:

- there is less than 100% participation of those eligible employees for an Employer paid plan; or
- there is less than 75% participation of those eligible employees who pay all or part of the premium for a basic benefit plan; or

- the number of employees insured for all additional benefits is less than 15 lives or 25% of those eligible, whichever is greater; or
- the number of employees insured under a plan decreases by 25%; or
- the Employer does not promptly provide Unum with information that is reasonably required; or
- the Employer fails to perform any of its obligations that relate to this Summary of Benefits; or
- fewer than 15 employees are insured under a plan; or
- the premium is not paid in accordance with the provisions of this Summary of Benefits that specify whether the Employer, the employee, or both, pay the premiums; or
- the Employer does not promptly report to Unum the names of any employees who are added or deleted from the eligible class; or
- Unum determines that there is a significant change, in the size, occupation or age of the eligible class as a result of a corporate transaction such as a merger, divestiture, acquisition, sale, or reorganization of the Employer and/or its employees; or
- the Employer fails to pay any portion of the premium within the 45 day **grace period**.

If Unum cancels or modifies this Summary of Benefits or a plan, for reasons other than the Employer's failure to pay premium, a written notice will be delivered to the Employer at least 31 days prior to the cancellation date or modification date. The Employer may cancel this Summary of Benefits or plan if the modifications are unacceptable.

If any portion of the premium is not paid during the grace period, Unum will either cancel or modify this Summary of Benefits or a plan automatically at the end of the grace period. The Employer is liable for premium for coverage during the grace period. The Employer must pay Unum all premium due for the full period each plan is in force.

The Employer may cancel this Summary of Benefits or a plan by written notice delivered to Unum at least 31 days prior to the cancellation date. When both the Employer and Unum agree, this Summary of Benefits or a plan can be cancelled on an earlier date. If Unum or the Employer cancels this Summary of Benefits or a plan, coverage will end at 12:00 midnight on the last day of coverage.

If this Summary of Benefits or a plan is cancelled, the cancellation will not affect a **payable claim**.

WHAT HAPPENS TO AN EMPLOYEE'S COVERAGE UNDER THIS SUMMARY OF BENEFITS WHILE HE OR SHE IS ON A FAMILY AND MEDICAL LEAVE OF ABSENCE?

We will continue the employee's coverage in accordance with the Employer's Human Resource policy on family and medical leaves of absence if premium payments continue and the Employer approved the employee's leave in writing.

Coverage will be continued until the end of the latest of:

- the leave period required by the federal Family and Medical Leave Act of 1993, and any amendments; or
- the leave period required by applicable state law; or

- the leave period provided to the employee for injury or sickness.

If the Employer's Human Resource policy doesn't provide for continuation of a plan for an employee during a family and medical leave of absence, the employee's coverage will be reinstated when he or she returns to active employment.

We will not:

- apply a new waiting period; or
- require evidence of insurability.

You or your authorized representative can start legal action regarding a claim 60 days after proof of claim has been given and up to 3 years from the time proof of claim is required, unless otherwise provided under federal law.

HOW CAN STATEMENTS MADE IN YOUR APPLICATION FOR THIS COVERAGE BE USED?

Unum considers any statements you or your Employer make in a signed application for coverage or an evidence of insurability form a representation and not a warranty.

If any of the statements you or your Employer make are not complete and/or not true at the time they are made, we can:

- reduce or deny any claim; or
- cancel your coverage from the original effective date.

We will use only statements made in a signed application or an evidence of insurability form as a basis for doing this.

Except in the case of fraud, Unum can take action only in the first 2 years coverage is in force.

If the Employer gives us information about you that is incorrect, we will:

- use the facts to decide whether you have coverage under the plan and in what amounts; and
- make a fair adjustment of the premium.

HOW WILL UNUM HANDLE INSURANCE FRAUD?

Unum wants to ensure you and your Employer do not incur additional insurance costs as a result of the undermining effects of insurance fraud. Unum promises to focus on all means necessary to support fraud detection, investigation, and prosecution.

It is a crime if you knowingly, and with intent to injure, defraud or deceive Unum, or provide any information, including filing a claim, that contains any false, incomplete or misleading information. These actions, as well as submission of materially false information, will result in denial of your claim, and are subject to prosecution and punishment to the full extent under state and/or federal law. Unum will pursue all appropriate legal remedies in the event of insurance fraud.

DOES THE SUMMARY OF BENEFITS REPLACE OR AFFECT ANY WORKERS' COMPENSATION OR STATE DISABILITY INSURANCE?

The Summary of Benefits does not replace or affect the requirements for coverage by any workers' compensation or state disability insurance.

DOES YOUR EMPLOYER ACT AS YOUR AGENT OR UNUM'S AGENT?

For the purposes of the Summary of Benefits, your Employer acts on its own behalf or as your agent. Under no circumstances will your Employer be deemed the agent of Unum.

LIFE INSURANCE

BENEFIT INFORMATION

WHEN WILL YOUR BENEFICIARY RECEIVE PAYMENT?

Your beneficiary(ies) will receive payment when Unum approves your death claim.

WHAT DOCUMENTS ARE REQUIRED FOR PROOF OF DEATH?

Unum will require a certified copy of the death certificate, enrollment documents and a Notice and Proof of Claim form.

HOW MUCH WILL UNUM PAY YOU IF UNUM APPROVES YOUR DEPENDENT'S DEATH CLAIM?

Unum will determine the payment according to the amount of insurance shown in the LIFE INSURANCE **"BENEFITS AT A GLANCE"** page.

HOW MUCH WILL UNUM PAY YOUR BENEFICIARY IF UNUM APPROVES YOUR DEATH CLAIM?

Unum will determine the payment according to the amount of insurance shown in the LIFE INSURANCE **"BENEFITS AT A GLANCE"** page.

WHAT ARE YOUR ANNUAL EARNINGS?

"Annual Earnings" means your gross annual income from your Employer, including shift differential and car allowance, in effect just prior to the date of loss. It includes your total income before taxes and any Employer contributions made on your behalf to a qualified 457(b) deferred compensation arrangement. It is prior to any deductions made for pre-tax contributions to a qualified deferred compensation plan (other than any Employer contributions made on your behalf to a qualified 457(b) deferred compensation arrangement), Section 125 plan or flexible spending account. It does not include income received from commissions, bonuses, overtime pay or any other extra compensation or income received from sources other than your Employer.

WHAT WILL WE USE FOR ANNUAL EARNINGS IF YOU BECOME DISABLED DURING A COVERED LAYOFF OR LEAVE OF ABSENCE?

If you become disabled while you are on a covered layoff or leave of absence, we will use your annual earnings from your Employer in effect just prior to the date your absence began.

WHAT HAPPENS TO YOUR LIFE INSURANCE COVERAGE IF YOU BECOME DISABLED?

Your life insurance coverage may be continued for a specific time and your life insurance premium will be waived if you qualify as described below.

HOW LONG MUST YOU BE DISABLED BEFORE YOU ARE ELIGIBLE TO HAVE LIFE PREMIUMS WAIVED?

You must be disabled through your **elimination period**.

Your elimination period is 180 days.

WHEN WILL YOUR LIFE INSURANCE PREMIUM WAIVER BEGIN?

Your life insurance premium waiver will begin when we approve your claim, if the elimination period has ended and you meet the following conditions. Your Employer may continue premium payments until Unum notifies your Employer of the date your life insurance premium waiver begins.

Your life insurance premium will be waived if you meet these conditions:

- you are less than 60 and insured under the plan.
- you become disabled and remain disabled during the elimination period.
- you meet the notice and proof of claim requirements for disability while your life insurance is in effect or within three months after it ends.
- your claim is approved by Unum.

After we approve your claim, Unum does not require further premium payments for you while you remain disabled according to the terms and provisions of the plan.

Your life insurance amount will not increase while your life insurance premiums are being waived. Your life insurance amount will reduce or cease at any time it would reduce or cease if you had not been disabled.

WHEN WILL YOUR LIFE INSURANCE PREMIUM WAIVER END?

The life insurance premium waiver will automatically end if:

- you recover and you no longer are disabled;
- you fail to give us proper proof that you remain disabled;
- you refuse to have an examination by a physician chosen by Unum;
- you reach age 70; or
- premium has been waived for 12 months and you are considered to reside outside the United States or Canada. You will be considered to reside outside the United States or Canada when you have been outside these countries for a total period of 6 months or more during any 12 consecutive months for which premium has been waived.

HOW DOES UNUM DEFINE DISABILITY?

You are disabled when Unum determines that:

- during the elimination period, you are not working in any occupation due to your **injury** or **sickness**; and
- after the elimination period, due to the same injury or sickness, you are unable to perform the duties of any **gainful occupation** for which you are reasonably fitted by training, education or experience.

You must be under the regular care of a physician in order to be considered disabled.

The loss of a professional or occupational license or certification does not, in itself, constitute disability.

We may require you to be examined by a physician, other medical practitioner or vocational expert of our choice. Unum will pay for this examination. We can require an examination as often as it is reasonable to do so. We may also require you to be interviewed by an authorized Unum Representative.

APPLYING FOR LIFE INSURANCE PREMIUM WAIVER

Ask your Employer for a life insurance premium waiver claim form.

The form has instructions on how to complete and where to send the claim.

WHAT INSURANCE IS AVAILABLE WHILE YOU ARE SATISFYING THE DISABILITY REQUIREMENTS? (See Conversion Privilege)

You may use this life conversion privilege when your life insurance terminates while you are satisfying the disability requirements. Please refer to the conversion privilege below. You are not eligible to apply for this life conversion if you return to work and, again, become covered under the plan.

If an individual life insurance policy is issued to you, any benefit for your death under this plan will be paid only if the individual policy is returned for surrender to Unum. Unum will refund all premiums paid for the individual policy.

The amount of your death benefit will be paid to your named beneficiary for the plan. If, however, you named a different beneficiary for the individual policy and the policy is returned to Unum for surrender, that different beneficiary will not be paid.

If you want to name a different beneficiary for this group plan, you must change your beneficiary as described in the Beneficiary Designation page of this group plan.

WHAT INSURANCE IS AVAILABLE WHEN COVERAGE ENDS? (Conversion Privilege)

When coverage ends under the plan, you and your dependents can convert your coverages to individual life policies, without evidence of insurability. The maximum amounts that you can convert are the amounts you and your dependents are insured for under the plan. You may convert a lower amount of life insurance.

You and your dependents must apply for individual life insurance under this life conversion privilege and pay the first premium within 90 days after the date:

- your employment terminates; or
- you or your dependents no longer are eligible to participate in the coverage of the plan.

If you convert to an individual life policy, then return to work, and, again, become insured under the plan, you are not eligible to convert to an individual life policy

again. However, you do not need to surrender that individual life policy when you return to work.

Converted insurance may be of any type of the level premium whole life plans then in use by Unum. The person may elect one year of Preliminary Term insurance under the level premium whole life policy. The individual policy will not contain disability or other extra benefits.

WHAT LIMITED CONVERSION IS AVAILABLE IF THE SUMMARY OF BENEFITS OR THE PLAN IS CANCELLED? (Conversion Privilege)

You and your dependents may convert a limited amount of life insurance if you have been insured under your Employer's group plan with Unum for at least five (5) years and the Summary of Benefits or the plan:

- is cancelled with Unum; or
- changes so that you no longer are eligible.

The individual life policy maximum for each of you will be the lesser of:

- $10,000; or
- your or your dependent's coverage amounts under the plan less any amounts that become available under any other group life plan offered by your Employer within 90 days after the date the Summary of Benefits or the plan is cancelled.

PREMIUMS

Premiums for the converted insurance will be based on:

- the person's then attained age on the effective date of the individual life policy;
- the type and amount of insurance to be converted;
- Unum's customary rates in use at that time; and
- the class of risk to which the person belongs.

If the premium payment has been made, the individual life policy will be effective at the end of the 31 day conversion application period.

DEATH DURING THE NINETY DAY CONVERSION APPLICATION PERIOD

If you or your dependents die within the 90 day conversion application period, Unum will pay the beneficiary(ies) the amount of insurance that could have been converted. This coverage is available whether or not you have applied for an individual life policy under the conversion privilege.

APPLYING FOR CONVERSION

Ask your Employer for a conversion application form which includes cost information.

When you complete the application, send it with the first premium amount to:

WILL UNUM ACCELERATE YOUR OR YOUR DEPENDENT'S DEATH BENEFIT FOR THE PLAN IF YOU OR YOUR DEPENDENT BECOMES TERMINALLY ILL? (Accelerated Benefit)

If you or your dependent becomes terminally ill while you or your dependent is insured by the plan, Unum will pay you a portion of your or your dependent's life insurance benefit one time. The payment will be based on 50% of your or your dependent's life insurance amount. However, the one-time benefit paid will not be greater than $750,000.

Your or your dependent's right to exercise this option and to receive payment is subject to the following:

- you or your dependent requests this election, in writing, on a form acceptable to Unum;
- you or your dependent must be terminally ill at the time of payment of the Accelerated Benefit;
- your or your dependent's physician must certify, in writing, that you or your dependent is terminally ill and your or your dependent's life expectancy has been reduced to less than 12 months; and
- the physician's certification must be deemed satisfactory to Unum.

The Accelerated Benefit is available on a voluntary basis. Therefore, you or your dependent is not eligible for benefits if:

- you or your dependent is required by law to use this benefit to meet the claims of creditors, whether in bankruptcy or otherwise; or
- you or your dependent is required by a government agency to use this benefit in order to apply for, get, or otherwise keep a government benefit or entitlement.

Premium payments must continue to be paid on the full amount of life insurance unless you qualify to have your life premium waived.

Also, premium payments must continue to be paid on the full amount of your dependent's life insurance.

If you have assigned your rights under the plan to an assignee or made an irrevocable beneficiary designation, Unum must receive consent, in writing, that the assignee or irrevocable beneficiary has agreed to the Accelerated Benefit payment on your behalf in a form acceptable to Unum before benefits are payable.

An election to receive an Accelerated Benefit will have the following effect on other benefits:

- the death benefit payable will be reduced by any amount of Accelerated Benefit that has been paid; and
- any amount of life insurance that would be continued under a disability continuation provision or that may be available under the conversion privilege will be reduced by the amount of the Accelerated Benefit paid. The remaining life insurance amount will be paid according to the terms of the Summary of Benefits subject to any reduction and termination provisions.

Benefits paid may be taxable. Unum is not responsible for any tax or other effects of any benefit paid. As with all tax matters, you or your dependent should consult your personal tax advisor to assess the impact of this benefit.

WHAT LOSSES ARE NOT COVERED UNDER YOUR PLAN?

Your plan does not cover any losses where death is caused by, contributed to by, or results from:

- suicide occurring within 12 months after your or your dependent's initial effective date of insurance; and
- suicide occurring within 12 months after the date any increases or additional insurance become effective for you or your dependent.

The suicide exclusion will apply to any amounts of insurance for which you pay all or part of the premium.

The suicide exclusion also will apply to any amount that is subject to evidence of insurability requirements and Unum approves the evidence of insurability form and the amount you or your dependent applied for at that time.

LIFE INSURANCE

OTHER BENEFIT FEATURES

WHAT IF YOU ARE NOT IN ACTIVE EMPLOYMENT WHEN YOUR EMPLOYER CHANGES GROUP INSURANCE CARRIERS TO UNUM? (CONTINUITY OF COVERAGE)

Unum will provide coverage for you and your dependent(s) if you and your dependent(s) are covered by the prior policy on the day before the effective date of this Summary of Benefits, and if you would be eligible for coverage under this Summary of Benefits if you were in active employment on the effective date of this Summary of Benefits.

If you are on a covered layoff or leave of absence on the effective date of this Summary of Benefits, we will consider your layoff or leave of absence to have started on that date, and coverage for you and your dependent(s) under this provision will continue for the layoff or leave of absence period provided in this Summary of Benefits, or the layoff or leave of absence period remaining under the prior policy on the effective date of this Summary of Benefits, whichever period is shorter.

If you are absent from work due to injury or sickness on the effective date of this Summary of Benefits, then coverage under this provision will continue until the earliest of the date:

- you are no longer injured or sick,
- you return to active employment,
- you are approved for a disability extension of benefits or accrued liability under the prior policy, including premium waiver, or
- your employment ends.

Also, if you incur a covered loss but are not in active employment under this Summary of Benefits, any benefits payable under this Summary of Benefits will be limited to the amount that would have been paid by the prior carrier. Unum will reduce your payment by any amount for which the prior carrier is liable.

Coverage for you and your dependent(s) are subject to payment of required premium and all other terms of this Summary of Benefits, except that the portable insurance coverage terms of this Summary of Benefits will not apply to coverage provided under this provision.

WHAT COVERAGE IS AVAILABLE IF YOU END EMPLOYMENT OR YOU WORK REDUCED HOURS? (Portability)

If your employment ends with or you retire from your Employer or you are working less than the minimum number of hours as described under Eligible Class(es) in this plan, you may elect portable coverage for yourself and your dependents.

In case of your death, your insured dependents also may elect portable coverage for themselves. However, children cannot become insured for portable coverage unless the spouse also becomes insured for portable coverage.

PORTABLE INSURANCE COVERAGE AND AMOUNTS AVAILABLE

The portable insurance coverage will be the current coverage and amounts that you and your dependents are insured for under your Employer's group plan.

However, the amount of portable coverage for you will not be more than:

- the highest amount of life insurance available for employees under the plan; or
- 5x your annual earnings; or
- $750,000 from all Unum group life and accidental death and dismemberment plans combined,

whichever is less.

The amount of ported life insurance must be equal to or greater than the amount of ported accidental death and dismemberment insurance.

The amount of portable coverage for your spouse will not be more than:

- the highest amount of life insurance available for spouses under the plan; or
- 100% of your amount of portable coverage; or
- $750,000 from all Unum group life and accidental death and dismemberment plans combined,

whichever is less.

The amount of ported life insurance must be equal to or greater than the amount of ported accidental death and dismemberment insurance.

The amount of portable coverage for a child will not be more than:

- the highest amount of life insurance available for children under the plan; or
- 100% of your amount of portable coverage; or
- $20,000,

whichever is less.

The amount of ported life insurance must be equal to or greater than the amount of ported accidental death and dismemberment insurance.

The minimum amount of coverage that can be ported is $5,000 for you and $1,000 for your dependents. If the current amounts under the plan are less than $5,000 for you and $1,000 for your dependents you and your dependents may port the lesser amounts.

Your or your dependent's amount of life insurance will reduce or cease at any time it would reduce or cease for your eligible class if you had continued in active employment with your Employer.

APPLYING FOR PORTABLE COVERAGE

You must apply for portable coverage for yourself and your dependents and pay the first premium within 90 days after the date:

- your coverage ends or you retire from your Employer; or
- you begin working less than the minimum number of hours as described under Eligible Class(es) in this plan.

Your dependents must apply for portable coverage and pay the first premium within 90 days after the date you die.

You are not eligible to apply for portable coverage for yourself if:

- you have an **injury** or **sickness**, under the terms of this plan, which has a material effect on life expectancy;
- the policy is cancelled (the Policy is the group policy issued to the Trustees of the Select Group Insurance Trust in which your Employer participates); or
- you failed to pay the required premium under the terms of this plan.

You are not eligible to apply for portable coverage for a dependent if:

- you do not elect portable coverage for yourself;
- you have an injury or sickness, under the terms of this plan, which has a material effect on life expectancy;
- your dependent has an injury or sickness, under the terms of this plan, which has a material effect on life expectancy;
- the policy is cancelled (the Policy is the group policy issued to the Trustees of the Select Group Insurance Trust in which your Employer participates); or
- you failed to pay the required premium under the terms of this plan.

In case of your death, your spouse is not eligible to apply for portable coverage if:

- your surviving spouse is not insured under this plan;
- your surviving spouse has an injury or sickness, under the terms of this plan, which has a material effect on life expectancy;
- the policy is cancelled (the Policy is the group policy issued to the Trustees of the Select Group Insurance Trust in which your Employer participates); or
- you failed to pay the required premium under the terms of this plan for your spouse.

In case of your death, your child is not eligible for portable coverage if:

- your surviving spouse is not insured under this plan;
- your surviving spouse is insured under this plan and chooses not to elect portable coverage;
- your surviving spouse has an injury or sickness, under the terms of this plan, which has a material effect on life expectancy;
- your child has an injury or sickness, under the terms of this plan, which has a material effect on life expectancy;
- the policy is cancelled (the Policy is the group policy issued to the Trustees of the Select Group Insurance Trust in which your Employer participates); or
- you failed to pay the required premium under the terms of this plan for your child.

If we determine that because of an injury or sickness, which has a material effect on life expectancy, you or your dependents were not eligible for portability at the time you or your dependents elected portable coverage, the benefit will be adjusted to the amount of whole life coverage the premium would have purchased under the Conversion Privilege.

APPLYING FOR INCREASES OR DECREASES IN PORTABLE COVERAGE

You or your dependents may increase or decrease the amount of life insurance coverage. The minimum and maximum benefit amounts are shown above. However, the amount of life insurance coverage cannot be decreased below $5,000 for you and $1,000 for your dependents. All increases are subject to evidence of insurability. Portable coverage will reduce at the ages and amounts shown in the LIFE INSURANCE **"BENEFITS AT A GLANCE"** page.

ADDING PORTABLE COVERAGE FOR DEPENDENTS

If you choose not to enroll your dependents when your dependents were first eligible for portable coverage, you may enroll your dependents at any time for the amounts allowed under the group plan. Evidence of insurability is required.

You may enroll newly acquired dependents at any time for the amounts allowed under the group plan. Evidence of insurability is required.

Additional Claim and Appeal Information
Relative to the Summary of Benefits issued by
Unum Life Insurance Company of America ("Unum")

APPLICABILITY OF ERISA

If the Summary of Benefits provides benefits under a Plan which is subject to the Employee Retirement Income Security Act of 1974 (ERISA), the following provisions apply. Whether a Plan is governed by ERISA is determined by a court, however, your Employer may have information related to ERISA applicability. If ERISA applies, the following items constitute the Plan: the additional information contained in this document, the Summary of Benefits, including your certificate of coverage, and any additional summary plan description information provided by the Plan Administrator. Benefit determinations are controlled exclusively by the Summary of Benefits, your certificate of coverage, and the information in this document.

HOW TO FILE A CLAIM

If you wish to file a claim for benefits, you should follow the claim procedures described in your insurance certificate. To complete your claim filing, Unum must receive the claim information it requests from you (or your authorized representative), your attending physician and your Employer. If you or your authorized representative has any questions about what to do, you or your authorized representative should contact Unum directly.

CLAIMS PROCEDURES

If a claim is based on death, a covered loss not based on disability or for the Education Benefit

In the event that your claim is denied, either in full or in part, Unum will notify you in writing within 90 days after your claim was filed. Under special circumstances, Unum is allowed an additional period of not more than 90 days (180 days in total) within which to notify you of its decision. If such an extension is required, you will receive a written notice from Unum indicating the reason for the delay and the date you may expect a final decision. Unum's notice of denial shall include:

- the specific reason or reasons for denial with reference to those Plan provisions on which the denial is based;
- a description of any additional material or information necessary to complete the claim and why that material or information is necessary; and
- a description of the Plan's procedures and applicable time limits for appealing the determination, including a statement of your right to bring a lawsuit under Section 502(a) of ERISA following an adverse determination from Unum on appeal.

Notice of the determination may be provided in written or electronic form. Electronic notices will be provided in a form that complies with any applicable legal requirements.

If a claim is based on your disability

Unum will give you notice of the decision no later than 45 days after the claim is filed. This time period may be extended twice by 30 days if Unum both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies you of the circumstances requiring the extension of time and the date by which Unum expects to render a decision. If such an extension is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension will specifically describe the required information, and you will be afforded at least 45 days within which to provide the specified information. If you deliver the requested information within the time specified, any 30 day extension period will begin after you have provided that information. If you fail to deliver the requested information within the time specified, Unum may decide your claim without that information.

If your claim for benefits is wholly or partially denied, the notice of adverse benefit determination under the Plan will:

- state the specific reason(s) for the determination;

- reference specific Plan provision(s) on which the determination is based;

- describe additional material or information necessary to complete the claim and why such information is necessary;

- describe Plan procedures and time limits for appealing the determination, and your right to obtain information about those procedures and the right to bring a lawsuit under Section 502(a) of ERISA following an adverse determination from Unum on appeal; and

- disclose any internal rule, guidelines, protocol or similar criterion relied on in making the adverse determination (or state that such information will be provided free of charge upon request).

Notice of the determination may be provided in written or electronic form. Electronic notices will be provided in a form that complies with any applicable legal requirements.

APPEAL PROCEDURES

If an appeal is based on death, a covered loss not based on disability or for the Education Benefit

If you or your authorized representative appeal a denied claim, it must be submitted within 90 days after you receive Unum's notice of denial. You have the right to:

- submit a request for review, in writing, to Unum;
- upon request and free of charge, reasonable access to and copies of, all relevant documents as defined by applicable U.S. Department of Labor regulations; and
- submit written comments, documents, records and other information relating to the claim to Unum.

Unum will make a full and fair review of the claim and all new information submitted whether or not presented or available at the initial determination, and may require additional documents as it deems necessary or desirable in making such a review. A final decision on the review shall be made not later than 60 days following receipt

of the written request for review. If special circumstances require an extension of time for processing, you will be notified of the reasons for the extension and the date by which the Plan expects to make a decision. If an extension is required due to your failure to submit the information necessary to decide the claim, the notice of extension will specifically describe the necessary information and the date by which you need to provide it to us. The 60-day extension of the appeal review period will begin after you have provided that information.

The final decision on review shall be furnished in writing and shall include the reasons for the decision with reference, again, to those Summary of Benefits' provisions upon which the final decision is based. It will also include a statement describing your access to documents and describing your right to bring a lawsuit under Section 502(a) of ERISA if you disagree with the determination.

Notice of the determination may be provided in written or electronic form. Electronic notices will be provided in a form that complies with any applicable legal requirements.

Unless there are special circumstances, this administrative appeal process must be completed before you begin any legal action regarding your claim.

If an appeal is based on your disability

You have 180 days from the receipt of notice of an adverse benefit determination to file an appeal. Requests for appeals should be sent to the address specified in the claim denial. A decision on review will be made not later than 45 days following receipt of the written request for review. If Unum determines that special circumstances require an extension of time for a decision on review, the review period may be extended by an additional 45 days (90 days in total). Unum will notify you in writing if an additional 45 day extension is needed.

If an extension is necessary due to your failure to submit the information necessary to decide the appeal, the notice of extension will specifically describe the required information, and you will be afforded at least 45 days to provide the specified information. If you deliver the requested information within the time specified, the 45 day extension of the appeal period will begin after you have provided that information. If you fail to deliver the requested information within the time specified, Unum may decide your appeal without that information.

You will have the opportunity to submit written comments, documents, or other information in support of your appeal. You will have access to all relevant documents as defined by applicable U.S. Department of Labor regulations. The review of the adverse benefit determination will take into account all new information, whether or not presented or available at the initial determination. No deference will be afforded to the initial determination.

The review will be conducted by Unum and will be made by a person different from the person who made the initial determination and such person will not be the original decision maker's subordinate. In the case of a claim denied on the grounds of a medical judgment, Unum will consult with a health professional with appropriate training and experience. The health care professional who is consulted on appeal will not be the individual who was consulted during the initial determination or a subordinate. If the advice of a medical or vocational expert was obtained by the

Plan in connection with the denial of your claim, Unum will provide you with the names of each such expert, regardless of whether the advice was relied upon.

A notice that your request on appeal is denied will contain the following information:

- the specific reason(s) for the determination;

- a reference to the specific Plan provision(s) on which the determination is based;

- a statement disclosing any internal rule, guidelines, protocol or similar criterion relied on in making the adverse determination (or a statement that such information will be provided free of charge upon request);

- a statement describing your right to bring a lawsuit under Section 502(a) of ERISA if you disagree with the decision;

- the statement that you are entitled to receive upon request, and without charge, reasonable access to or copies of all documents, records or other information relevant to the determination; and

- the statement that "You or your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your State insurance regulatory agency".

Notice of the determination may be provided in written or electronic form. Electronic notices will be provided in a form that complies with any applicable legal requirements.

Unless there are special circumstances, this administrative appeal process must be completed before you begin any legal action regarding your claim.

Addendum to the "Additional Summary Plan Description Information" included with your certificate of coverage or summary of benefits and effective for claims filed on or after April 1, 2018.

The regulations governing ERISA disability claims and appeals have been amended. The amended regulations apply to disability claims filed on or after April 1, 2018. To the extent the Additional Summary Plan Description Information included with your certificate of coverage or summary of benefits conflicts with these new requirements, these new rights and procedures will apply.

These new rights and procedures include:

Any cancellation or discontinuance of your disability coverage that has a retroactive effect will be treated as an adverse benefit determination, except in the case of failure to timely pay required premiums or contributions toward the cost of coverage.

If you live in a county with a significant population of non-English speaking persons, the plan will provide, in the non-English language(s), a statement of how to access oral and written language services in those languages.

For any adverse benefit determination, you will be provided with an explanation of the basis for disagreeing or not following the views of: (1) health care professionals who have treated you or vocational professionals who have evaluated you; (2) the advice of medical or vocational professionals obtained on behalf of the plan; and (3) any disability determination made by the Social Security Administration regarding you and presented to the plan by you.

For any adverse benefit determination, you will be given either the specific internal rules, guidelines, protocols, standards or other similar criteria of the plan relied upon in making that decision, or a statement that such rules, etc. do not exist.

Prior to a final decision being made on an appeal, you will have the opportunity to review and respond to any new or additional rationale or evidence considered, relied upon, or generated by the plan in connection with your claim.

If an adverse benefit determination is upheld on appeal, you will be given notice of any applicable contractual limitations period that applies to your right to bring legal proceedings and the calendar date on which that period expires.

Should the plan fail to establish or follow ERISA required disability claims procedures, you may be entitled to pursue legal remedies under section 502(a) of the Act without exhausting your administrative remedies, as more completely set forth in section 503-1(l).

NOTICE OF PROTECTION PROVIDED BY LIFE AND HEALTH INSURANCE PROTECTION ASSOCIATION

This notice provides a **brief summary** of the Life and Health Insurance Protection Association ("the Association") and the protection it provides for policyholders. This safety net was created under Colorado law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Colorado law, with funding from assessments paid by other insurance companies.

The basic protections provided by the Association are:

- Life Insurance
  - $300,000 in death benefits
  - $100,000 in cash surrender or withdrawal values
- Health Insurance
  - $500,000 in hospital, medical and surgical insurance benefits
  - $300,000 in disability insurance benefits
  - $300,000 in long-term care insurance benefits
  - $100,000 in other types of health insurance benefits
- Annuities
  - $250,000 in withdrawal and cash values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is $300,000. Special rules may apply with regard to hospital, medical and surgical insurance benefits.

NOTE: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements under Colorado law.

To learn more about the above protections, as well as protections relating to group contracts or retirement plans, please visit the Association's website at colorado.lhiga.com, email jkelldorf@gmail.com or contact:

Delta Dental may verify Applicant's compliance with Article II. Delta Dental may use auditors or other agents for this purpose.

ARTICLE IV. COORDINATION OF BENEFITS

4.01 DEFINITIONS. Coordination of Benefits means taking into account other Plans when paying Benefits.

"Allowable expense" is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering a Member. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the Member is not an allowable expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

(1) If a Member is covered by 2 or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.

(2) If a Member is covered by 2 or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.

(3) If a Member is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the secondary plan to determine its benefits.

(4) The amount of any benefit reduction by the primary plan because a covered Member has failed to comply with the Plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Plan means a Plan that provides benefits or Services for dental care on a group basis. This includes group and blanket insurance, self-insured and prepaid plans, automobile fault or no-fault insurance and government plans (except Medicaid).

Primary Coverage means Coverage that must pay first. The Primary Plan must pay up to its full liability.

Secondary Coverage means Coverage that pays a claim after the Primary Plan pays.

4.02 WHEN COORDINATION OF BENEFITS APPLIES.

Coordination of Benefits applies when a Subscriber is covered under more than one Plan. The Benefits of this Plan will be coordinated with the other Plan(s).

4.03 RULES FOR COORDINATION OF BENEFITS.

The rules for the order of payment are shown below.

- The Plan covering a Subscriber as an Employee is primary to a policy on which the Member is a Dependent.
- For Dependent children, primacy will be determined as follows.

  The Plan of the parent whose birthday occurs earlier in a year will be primary.

  If the parents are separated or divorced, the Plan of the parent who is ordered by court decree to pay for dental expenses will be primary. If the court decree orders parents to share, the decree governs and these rules shall apply to decide the primary plan.

  The Plan of the parent with custody is Primary. If the custodial parent has remarried, the stepparent's Plan is Secondary and the Plan of the parent without custody pays third.

  If the above rules do not establish an order of benefit payment, the Plan that has covered the Person the longest will be Primary. If a Plan covers a person who has been laid off or is retired, it will be Secondary to any other Plan.
- A group Plan that does not have a Coordination of Benefits clause is primary.

If this Plan is Primary, we will pay claims without regard to benefits provided by any other Plan. If this Plan is Secondary, it shall calculate the benefits it would have paid on the claim in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may reduce its payment by that amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total allowable expense for that claim. In addition, the secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

ARTICLE V. CONDITIONS UNDER WHICH BENEFITS WILL BE PROVIDED

5.01 PAYMENT OF CLAIMS. Covered services will not include, and payment will not be made for claims for dental Services not listed in this Contract and any Appendix, Amendment, or Rider. Claims submitted to Delta Dental must use terms of the American Dental Association Current Dental Terminology (Code on Dental Procedures and Nomenclature).

A Member may submit additional information in support of the appeal.

Appeals are reviewed by an impartial Provider of the same or similar specialty as would typically manage the case being reviewed. The reviewing provider will not have been involved in the initial decision.

The decision will be sent to the Member with the rationale for the decision. The decision will be made within 15 calendar days for pre-service denials. Post-service decisions will be made within 30 calendar days.

B. Internal Appeal Process - Second Level Appeals (Not available for Self-Funded Groups)

A Second Level Appeal decision will be issued within 7 days of the review meeting.

C. Internal Appeal Process - Expedited Appeals

Members may request an expedited appeal when the time for a standard review would seriously jeopardize the life or health of the Member, would jeopardize the Member's ability to regain maximum function, or, for persons with a disability, create an imminent and substantial limitation on their existing ability to live independently.

Expedited review decisions will be issued within 72 hours.

D. Independent External Review (Not available for Self-Funded or Federal Groups)
Where Delta Dental makes an Adverse Determination and the Member exhausts the internal appeals process, the Member has the right to request an external review. Delta Dental will notify the Member of the right, if any, to request an external review after the First Level appeal.

Requests for an independent external review must be in writing. They must include a completed external review request form as specified by the Colorado Division of Insurance. The Member must submit the request within four months of the completion or exhaustion of the internal appeals process. The internal appeals process is completed or exhausted upon Member's receipt of notice of the adverse determination or upon Delta Dental's failure to comply with Colorado Revised Statues §§ 10-16-113, 10-16-113.5, or Colorado Insurance Regulations 4-2-17 or 4-2-21.

Member may request expedited external review. All requests must be submitted to:

Delta Dental of Colorado
Appeals Analyst
P.O. Box 172528
Denver, CO 80217-2528

A signed consent authorizing Delta Dental to disclose protected health information pertinent to the external review is also required.

Delta Dental adheres to timeframes set forth by Colorado Regulation 4-2-21 in the processing of Independent External Reviews. Within 45 days after the receipt of the request for external review (72 hours for expedited external review), the external review entity shall deliver a written decision to the Member, Delta Dental, the provider, and the Commissioner.

5.04 CLAIMS FROM PARTICIPATING PROVIDERS. Payment for Completed Covered Services provided by a Participating Provider will be made directly to the Provider. The patient does not have to pay any amount above what Delta Dental allows. For PPO Participating Providers, the amount Delta Dental allows is set forth in the PPO Schedule of Allowances. For Premier Participating Providers, the amount Delta Dental allows is the Premier Maximum Plan Allowance. If the Participating Provider charges more for a Service than Delta Dental allows, that amount is not chargeable to the patient.

5.05 TIME FRAME FOR SUBMISSION OF CLAIM. Delta Dental will not pay claims submitted more than 12 months after the date the Service is Completed. If a Participating Provider failed to submit a claim within this time, the Member will not be liable for the amount that Delta Dental would have paid.

If a Covered Service Started before coverage ends, but the Covered Service is Completed after it ends, Delta Dental will pay Benefits for the Covered Service as follows:

ARTICLE IV. COORDINATION OF BENEFITS

4.01 DEFINITIONS. Coordination of Benefits means taking into account other Plans when paying Benefits.

Plan means a Plan that provides benefits or Services for dental care on a group or individual basis. This includes group and blanket insurance, self-insured and prepaid plans, automobile fault or no-fault insurance and government plans (except Medicaid).

Primary Coverage means Coverage that must pay first. The Primary Plan must pay up to its full liability.

Secondary Coverage means Coverage that pays a claim after the Primary Plan pays.

4.02 WHEN COORDINATION OF BENEFITS APPLIES.

Coordination of Benefits applies when a Subscriber is covered under more than one Plan. The Benefits of this Plan will be coordinated with the other Plan(s).

4.03 RULES FOR COORDINATION OF BENEFITS.

The rules for the order of payment are shown below.

- The Plan covering a Subscriber as an Employee is primary to a policy on which the Covered Person is a Dependent.
- For Dependent children, primacy will be determined as follows.

The Plan of the parent whose birthday occurs earlier in a year will be primary.

If the parents are separated or divorced, the Plan of the parent who is ordered by court decree to pay for dental expenses will be primary.

The Plan of the parent with custody is Primary. If the custodial parent has remarried, the stepparent's Plan is Secondary and the Plan of the parent without custody pays third.

If the above rules do not establish an order of benefit payment, the Plan that has covered the Person the longest will be Primary. If that Plan covers a person who has been laid off or is retired, it will be Secondary to any other Plan.

A group Plan that does not have a Coordination of Benefits clause is primary.

If this Plan is Primary, we will pay claims without regard to benefits provided by any other Plan. If this Plan is Secondary, we will pay claims so that together with the other Plan payment will not exceed 100% of the allowable expense or this Plan's maximum benefit.

ARTICLE V. CONDITIONS UNDER WHICH BENEFITS WILL BE PROVIDED

5.01 PAYMENT OF CLAIMS. Covered services will not include, and payment will not be made for claims for dental Services not listed in this Contract and any Appendix, Amendment, or Rider. Subscribers may request an expedited appeal when the time for a standard review would seriously jeopardize the life or health of the Subscriber, would jeopardize the Subscriber's ability to regain maximum function, or, for persons with a disability, create an imminent and substantial limitation on their existing ability to live independently.

Expedited review decisions will be issued within 72 hours.

D. Independent External Review (Not available for Self-Funded or Federal Groups)
Where Delta Dental makes an Adverse Determination and the Subscriber exhausts the internal appeals process, the Subscriber has the right to request an external review. Delta Dental will notify the Subscriber of the right, if any, to request an external review after the First Level appeal.

Requests for an independent external review must be in writing. They must include a completed external review request form as specified by the Colorado Division of Insurance. The Subscriber must submit the request within four months of the completion or exhaustion of the internal appeals process. The internal appeals process is completed or exhausted upon Subscriber's receipt of notice of the adverse determination or upon Delta Dental's failure to comply with Colorado Revised Statues §§ 10-16-113, 10-16-113.5, or Colorado Insurance Regulations 4-2-17 or 4-2-21.

Using one of the options described below, a prompt transfer of funds is made to Delta Dental to cover such disbursements as they become due and payable upon receipt of said notification.

Once the Group is notified of the total claims paid, Delta Dental has authorization from the Group to initiate an electronic transfer of funds from the Group's account to cover the total claims paid by Delta Dental. The ACH Transfer will occur 2 business days following the Group's receipt of the total claims paid by Delta Dental.

(Loss of coverage is defined as loss due to death, divorce, loss of job, or termination of benefits by the employer.) The person must enroll within 31 days of the loss. 3.07 VOLUNTARY TERMINATION OF COVERAGE. In groups with Open Enrollment, a Member who cancels his plan may only re-enroll at the next Open Enrollment. In groups not offering Open Enrollment, a Member who cancels his plan and wants to re-enroll will be a Late Enrollee. The requirements of Late Enrollment will apply.

3.08 REVIEW OF RECORDS. Applicant will permit Delta Dental, with advance written notice, to inspect records of Applicant in order to confirm the lists of Members prepared by Applicant. Delta Dental may verify Applicant's compliance with Article II. Delta Dental may use auditors or other agents for this purpose.

ARTICLE IV. COORDINATION OF BENEFITS

4.01 DEFINITIONS. Coordination of Benefits means taking into account other Plans when paying Benefits.

"Allowable expense" is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering a Member. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid.

An expense that is not covered by any Plan covering the Member is not an allowable expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

(1) If a Member is covered by 2 or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.

(2) If a Member is covered by 2 or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.

(3) If a Member is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the secondary plan to determine its benefits.

(4) The amount of any benefit reduction by the primary plan because a covered Member has failed to comply with the Plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

Plan means a Plan that provides benefits or Services for dental care on a group basis. This includes group and blanket insurance, self-insured and prepaid plans, automobile fault or no-fault insurance and government plans (except Medicaid).

Primary Coverage means Coverage that must pay first. The Primary Plan must pay up to its full liability.

Secondary Coverage means Coverage that pays a claim after the Primary Plan pays.

4.02 WHEN COORDINATION OF BENEFITS APPLIES.

Coordination of Benefits applies when a Subscriber is covered under more than one Plan. The Benefits of this Plan will be coordinated with the other Plan(s).

4.03 RULES FOR COORDINATION OF BENEFITS.

The rules for the order of payment are shown below.

- The Plan covering a Subscriber as an Employee is primary to a policy on which the Member is a Dependent.
- For Dependent children, primacy will be determined as follows.
  The Plan of the parent whose birthday occurs earlier in a year will be primary.

If the parents are separated or divorced, the Plan of the parent who is ordered by court decree to pay for dental expenses will be primary. If the court decree orders parents to share, the decree governs and these rules shall apply to decide the primary plan.

The Plan of the parent with custody is Primary. If the custodial parent has remarried, the stepparent's Plan is Secondary and the Plan of the parent without custody pays third.

If the above rules do not establish an order of benefit payment, the Plan that has covered the Person the longest will be Primary. If a Plan covers a person who has been laid off or is retired, it will be Secondary to any other Plan.

- A group Plan that does not have a Coordination of Benefits clause is primary.

If this Plan is Primary, we will pay claims without regard to benefits provided by any other Plan. If this Plan is Secondary, it shall calculate the benefits it would have paid on the claim in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may reduce its payment by that amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total allowable expense for that claim. In addition, the secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

ARTICLE V. CONDITIONS UNDER WHICH BENEFITS WILL BE PROVIDED

5.01 PAYMENT OF CLAIMS. Covered services will not include, and payment will not be made for claims for dental Services not listed in this Contract and any Appendix, Amendment, or Rider. Claims submitted to Delta Dental must use terms of the American Dental Association Current Dental Terminology (Code on Dental Procedures and Nomenclature).

5.02 APPEAL OF AN ADVERSE DETERMINATION OF A CLAIM.

A. Internal Appeal Process - First Level Appeals

A Member may submit additional information in support of the appeal.

Appeals are reviewed by an impartial Provider of the same or similar specialty as would typically manage the case being reviewed. The reviewing provider will not have been involved in the initial decision.

The decision will be sent to the Member with the rationale for the decision. The decision will be made within 15 calendar days for pre-service denials. Post-service decisions will be made within 30 calendar days.

B. Internal Appeal Process - Second Level Appeals (Not available for Self-Funded Groups)

A Second Level Appeal decision will be issued within 7 days of the review meeting.

C. Internal Appeal Process - Expedited Appeals

Members may request an expedited appeal when the time for a standard review would seriously jeopardize the life or health of the Member, would jeopardize the Member's ability to regain maximum function, or, for persons with a disability, create an imminent and substantial limitation on their existing ability to live independently.

Expedited review decisions will be issued within 72 hours.

D. Independent External Review (Not available for Self-Funded or Federal Groups)

Where Delta Dental makes an Adverse Determination and the Member exhausts the internal appeals process, the Member has the right to request an external review. Delta Dental will notify the Member of the right, if any, to request an external review after the First Level appeal.

Requests for an independent external review must be in writing. They must include a completed external review request form as specified by the Colorado Division of Insurance. The Member must submit the request within four months of the completion or exhaustion of the internal appeals process. The internal appeals process is completed or exhausted upon Member's receipt of notice of the adverse determination or upon Delta Dental's failure to comply with Colorado Revised Statues §§ 10-16-113, 10-16-113.5, or Colorado Insurance Regulations 4-2-17 or 4-2-21.

Member may request expedited external review. All requests must be submitted to:

Delta Dental of Colorado
Appeals Analyst
P.O. Box 172528
Denver, CO 80217-2528

A signed consent authorizing Delta Dental to disclose protected health information pertinent to the external review is also required.

Within 45 days after the receipt of the request for external review (72 hours for expedited external review), the external review entity shall deliver a written decision to the Member, Delta Dental, the provider, and the Commissioner.

The patient does not have to pay any amount above what Delta Dental allows. For PPO Participating Providers, the amount Delta Dental allows is set forth in the PPO Schedule of Allowances. If the Participating Provider charges more for a Service than Delta Dental allows, that amount is not chargeable to the patient.

United uses Medi-Span's national drug data file as the source for average wholesale price (AWP) information. United reserves the right to revise the pricing and adopt a new source or benchmark if there are material industry changes in pricing methodologies.

The optional and non-standard fees are the sum of the following

Service Description	Fee
Fraud and Abuse Management	Fee equal to thirty-two and five-tenths percent (32.5%) of the gross recovery amount

EXHIBIT B - PERFORMANCE GUARANTEES FOR HEALTH BENEFITS

The Standard Medical Service Fees (excluding Optional and Non-Standard Fees and that portion of the Standard Medical Service Fees attributable to Commission Funds, if applicable, as described in Exhibit B), (hereinafter referred to as "Fees") payable by Customer under this Agreement will be adjusted through a credit to its Service Fees in accordance with the performance guarantees set forth below unless otherwise defined in the guarantee. Unless otherwise specified, these guarantees apply to medical benefits and are effective for the period beginning January 1, 2018 through December 31, 2018 (each twelve month period is a "Guarantee Period"). With respect to the aspects of our performance addressed in this exhibit, these fee adjustments are Customer's exclusive financial remedies.

These guarantees will become effective upon the later of (1) the effective date of the Guarantee Period; or (2) the date this Agreement is signed by both parties. In the event these guarantees become effective later than the effective date of the Guarantee Period: (1) quarterly guarantees will become effective beginning with the next calendar quarter following signature of this Agreement by both parties and (2) annual guarantees will become effective commencing with the Agreement Period during which this Agreement is signed by both parties.

United reserves the right from time to time to replace any report or change the format of any report referenced in these guarantees. In such event, the guarantees will be modified to the degree necessary to carry out the intent of the parties. United shall not be required to meet any of the guarantees provided for in this Agreement or amendments thereto to the extent United's failure is due to Customer's actions or inactions or if United fails to meet these standards due to fire, embargo, strike, war, accident, act of God, acts of terrorism or United's required compliance with any law, regulation, or governmental agency mandate or anything beyond United's reasonable control.

Prior to the end of the Guarantee Period, and provided that this Agreement remains in force, United may specify to Customer in writing new performance guarantees for the subsequent Guarantee Period. If United specifies new performance guarantees, United will also provide Customer with a new Exhibit that will replace this Exhibit for that subsequent Guarantee Period.

Claim is defined as an initial and complete written request for payment of a Plan benefit made by an enrollee, physician, or other healthcare provider on an accepted format. Unless stated otherwise, the claims are limited to medical claims processed through the UNET claims systems. Claims processed and products administered through any other system, including claims for other products such as vision, dental, flexible spending accounts, health reimbursement accounts, health savings accounts, or pharmacy coverage, are not included in the calculation of the performance measurements. Also, services provided under capitated arrangements are not processed as a typical claim; therefore capitated payments are not included in the performance measurements.

SECTION 2 - INTRODUCTION

What this section includes:

- Who's eligible for coverage under the Plan.
- The factors that impact your cost for coverage.
- Instructions and timeframes for enrolling yourself and your eligible Dependents.
- When coverage begins.
- When you can make coverage changes under the Plan.

Eligibility

You are eligible to enroll in the Plan if you are a regular full-time employee who is scheduled to work at least 40 hours per week, a regular part-time employee who is scheduled to work at least 30 hours per week or a person who retires while covered under the Plan.

Your eligible Dependents may also participate in the Plan. An eligible Dependent is considered to be:

- Your legal Spouse by marriage or common law (a copy of the marriage certificate or common law affidavit is required).
- Civil Union partners (certificate required).
- You and/or your Spouse's, or civil union partner's biological children under the age of 26.
  - Children born through gestational surrogacy are not Dependents under the terms of the Plan unless the surrogate is an eligible Dependent under the terms of the plan and submits legal guardianship of the child to the Plan Administrator.
  - A child of any age who is medically certified as disabled and dependent upon you or your Spouse for their total support.
  - Children placed for adoption or for whom you have obtained legal guardianship.
  - A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order, as described in Section 13, *Other Important Information*.

To be eligible for coverage under the Plan, a Dependent must reside within the United States.

Note: Your Dependents may not enroll in the Plan unless you are also enrolled, except under certain circumstances. Contact the Plan Administrator for details.

Cost of Coverage

You and the Company share in the cost of the Plan. Your contribution amount depends on the Plan you select and the family members you choose to enroll.

Your contributions may be deducted from your paychecks on a before-tax basis. Before-tax dollars come out of your pay before federal income and Social Security taxes are withheld—and in most states, before state and local taxes are withheld. This gives your contributions a special tax advantage and lowers the actual cost to you.

Your contributions are subject to review and the Company reserves the right to change your contribution amount from time to time.

You can obtain current contribution rates by calling Human Resources.

How to Enroll

To enroll, call Human Resources within 31 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 31 days, you will need to wait until the next annual Open Enrollment to make your benefit elections.

Each year during annual Open Enrollment, you have the opportunity to review and change your medical election. Any changes you make during Open Enrollment will become effective the following January 1.

> Important
> If you wish to change your benefit elections following your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact Human Resources within 31 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

When Coverage Begins

Once Human Resources receives your properly completed enrollment, coverage will begin on the first day of the month coinciding with, or following the completion of a 45 day waiting period. Coverage for your Dependents will start on the date your coverage begins, provided you have enrolled them in a timely manner.

Coverage for a Spouse or Dependent stepchild that you acquire via marriage becomes effective the date of your marriage, provided you notify Human Resources within 31 days of your marriage. Coverage for Dependent children acquired through birth, adoption, or placement for adoption is effective the date of the family status change, provided you notify Human Resources within 31 days of the birth, adoption, or placement.

If You Are Hospitalized When Your Coverage Begins

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, the Plan will pay Benefits for Covered Health Services related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Plan.

You should notify UnitedHealthcare within 48 hours of the day your coverage begins, or as soon as is reasonably possible.

Changing Your Coverage

You may make coverage changes during the year only if you experience a change in family status. The change in coverage must be consistent with the change in status (e.g., you cover your Spouse following your marriage, your child following an adoption, etc.). The following are considered family status changes for purposes of the Plan:

- Your marriage, divorce, legal separation or annulment.
- The birth, legal adoption, placement for adoption or legal guardianship of a child.
- A change in your Spouse's employment or involuntary loss of health coverage (other than coverage under the Medicare or Medicaid programs) under another employer's plan.
- Loss of coverage due to the exhaustion of another employer's COBRA benefits, provided you were paying for premiums on a timely basis.
- Your death or the death of a Dependent.
- Your Dependent child no longer qualifying as an eligible Dependent.
- A change in your or your Spouse's position or work schedule that impacts eligibility for health coverage.
- Contributions were no longer paid by the employer (this is true even if you or your eligible Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer).
- You or your eligible Dependent who were enrolled in an HMO no longer live or work in that HMO's service area and no other benefit option is available to you or your eligible Dependent.
- Benefits are no longer offered by the Plan to a class of individuals that include you or your eligible Dependent.
- Termination of your or your Dependent's *Medicaid* or *Children's Health Insurance Program (CHIP)* coverage as a result of loss of eligibility (you must contact Human Resources within 60 days of termination).
- You or your Dependent become eligible for a premium assistance subsidy under *Medicaid* or *CHIP* (you must contact Human Resources within 60 days of the date of determination of subsidy eligibility).
- A strike or lockout involving you or your Spouse.
- A court or administrative order.

Unless otherwise noted above, if you wish to change your elections, you must contact Human Resources within 31 days of the change in family status. Otherwise, you will need to wait until the next annual Open Enrollment.

While some of these changes in status are similar to qualifying events under COBRA, you, or your eligible Dependent, do not need to elect COBRA continuation coverage to take advantage of the special enrollment rights listed above. These will also be available to you or your eligible Dependent if COBRA is elected.

Note: Any child under age 26 who is placed with you for adoption will be eligible for coverage on the date the child is placed with you, even if the legal adoption is not yet final. If you do not legally adopt the child, all medical Plan coverage for the child will end when the placement ends. No provision will be made for continuing coverage (such as COBRA coverage) for the child.

Change in Family Status - Example

Jane is married and has two children who qualify as Dependents. At annual Open Enrollment, she elects not to participate in Adams County Government's medical plan, because her husband, Tom, has family coverage under his employer's medical plan. In June, Tom loses his job as part of a downsizing. As a result, Tom loses his eligibility for medical coverage. Due to this family status change, Jane can elect family medical coverage under the Plan Administrator's medical plan outside of annual Open Enrollment.

SECTION 3 - HOW THE PLAN WORKS

What this section includes:

- Accessing Benefits.
- Eligible Expenses.
- Annual Deductible.
- Copayment.
- Coinsurance.
- Out-of-Pocket Maximum.

Accessing Benefits

As a participant in this Plan, you have the freedom to choose the Network Physician or health care professional you prefer each time you need to receive Covered Health Services.

You are eligible for Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services. You must see a Network Physician in order to obtain Benefits. Except as specifically described within the SPD, Benefits are not available for services provided by a non-Network provider. This Plan does not provide a non-Network level of Benefits.

Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider. You are not required to select a Primary Physician in order to obtain Benefits. In general health care terminology, a Primary Physician may also be referred to as a Primary Care Physician or PCP. Benefits for facility services apply when Covered Health Services are provided at a Network facility. Benefits include Physician services provided in a Network facility by a Network or a non-Network radiologist, anesthesiologist, pathologist, Emergency room Physician and consulting Physician. Benefits also include Emergency Health Services.

Designated Network Benefits apply to Covered Health Services that are provided by a Network Physician or other provider that is identified by UnitedHealthcare as a Designated Provider. Only certain Physicians and providers have been identified as a Designated Provider. Designated Network Benefits are available only for specific Covered Health Services as identified in Section 5, ***Plan Highlights***. When Designated Network Benefits apply, they are included in and subject to the same Annual Deductible and Out-of-Pocket Maximum requirements as all other Covered Health Services provided by Network providers.

Network Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider.

Emergency Health Services are always paid as Network Benefits. For facility charges, these are Benefits for Covered Health Services that are billed by a Network facility and provided under the direction of either a Network or non-Network Physician or other provider.

Network Benefits include Physician services provided in a Network facility by a Network or a non-Network Emergency room Physician, radiologist, anesthesiologist or pathologist.

Non-Network Benefits apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility. In general health care terminology, Non-Network Benefits may also be referred to as Out-of-Network Benefits.

Depending on the geographic area and the service you receive, you may have access through UnitedHealthcare's Shared Savings Program to non-Network providers who have agreed to discounts negotiated from their charges on certain claims for Covered Health Services. Refer to the definition of Shared Savings Program in Section 14, *Glossary*, of the SPD for details about how the Shared Savings Program applies.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under the Plan. As a result, they may bill you for the entire cost of the services you receive.

Generally, when you receive Covered Health Services from a Network provider, you pay less than you would if you receive the same care from a non-Network provider. Therefore, in most instances, your out-of-pocket expenses will be less if you use a Network provider.

Network Providers

UnitedHealthcare or its affiliates arrange for health care providers to participate in a Network. At your request, UnitedHealthcare will send you a directory of network providers free of charge. Keep in mind, a provider's Network status may change. To verify a provider's status or request a provider directory, you can call UnitedHealthcare at the number on your ID card or log onto www.myuhc.com.

Network providers are independent practitioners and are not employees of the Company or UnitedHealthcare. It is your responsibility to select your provider.

UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling UnitedHealthcare. A directory of providers is available online at www.myuhc.com or by calling the number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Benefits.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition

period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact the number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract with UnitedHealthcare to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of UnitedHealthcare's products. Refer to your provider directory or contact UnitedHealthcare for assistance.

Health Services from Non-Network Providers

If specific Covered Health Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Services are received from a non-Network provider. In this situation, your Network Physician will notify the Claims Administrator, and if the Claims Administrator confirms that care is not available from a Network provider, the Claims Administrator will work with you and your Network Physician to coordinate care through a non-Network provider.

When you receive Covered Health Services through a Network Physician, the Plan will pay Network Benefits for those Covered Health Services, even if one or more of those Covered Health Services is received from a non-Network provider.

> Looking for a Network Provider?
> In addition to other helpful information, www.myuhc.com, UnitedHealthcare's consumer website, contains a directory of health care professionals and facilities in UnitedHealthcare's Network. While Network status may change from time to time, www.myuhc.com has the most current source of Network information. Use www.myuhc.com to search for Physicians available in your Plan.

Possible Limitations on Provider Use

If UnitedHealthcare determines that you are using health care services in a harmful or abusive manner, you may be required to select a Network Physician to provide and coordinate all of your future Covered Health Services.

If you don't make a selection within 31 days of the date you are notified, UnitedHealthcare will select a single Network Physician for you.

In the event that you do not use the selected Network Physician, Benefits will not be paid.

Designated Provider and Other Providers

If you have a medical condition that UnitedHealthcare believes needs special services, UnitedHealthcare may direct you to a Designated Provider chosen by UnitedHealthcare. If you require certain complex Covered Health Services for which expertise is limited, UnitedHealthcare may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a

Designated Provider, UnitedHealthcare may reimburse certain travel expenses at UnitedHealthcare's discretion.

In both cases, Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Provider or other provider chosen by UnitedHealthcare.

You or your Network Physician must notify UnitedHealthcare of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify UnitedHealthcare in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Provider) or other non-Network provider,Benefits will not be paid.

Eligible Expenses

The Company has delegated to UnitedHealthcare the initial discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount UnitedHealthcare determines that UnitedHealthcare will pay for Benefits. For Designated Network Benefits and Network Benefits for Covered Health Services provided by a Network provider, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For Covered Health Services provided by a non-Network provider (other than services otherwise arranged by UnitedHealthcare, you will be responsible to the non-Network provider for any amount billed that is greater than the amount UnitedHealthcare determines to be an Eligible Expense as described below. Eligible Expenses are determined solely in accordance with UnitedHealthcare's reimbursement policy guidelines, as described in the SPD.

For Designated Network Benefits and Network Benefits, Eligible Expenses are based on the following:

- When Covered Health Services are received from a Designated Network and Network provider, Eligible Expenses are UnitedHealthcare's contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as arranged by UnitedHealthcare, Eligible Expenses are an amount negotiated by UnitedHealthcare or an amount permitted by law. Please contact UnitedHealthcare if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible. The Plan will not pay excessive charges or amounts you are not legally obligated to pay.

Don't Forget Your ID Card
Remember to show your ID card every time you receive health care services from a Network provider. If you do not show your ID card, a Network provider has no way of knowing that you are enrolled under the Plan.

Annual Deductible

The Annual Deductible is the amount of Eligible Expenses you must pay each calendar year for some Covered Health Services before you are eligible to begin receiving Benefits. The amounts you pay toward your Annual Deductible accumulate over the course of the calendar year.

This Plan includes an Annual Deductible that applies to certain Covered Health Services. Refer to Section 5, *Plan Highlights*, for details about the specific Covered Health Services to which the Annual Deductible applies.

The amount that is applied to the Annual Deductible is calculated on the basis of Eligible Expenses. The Annual Deductible does not include any amount that exceeds Eligible Expenses. Details about the way in which Eligible Expenses are determined appear in this section under the heading *Eligible Expenses*.

Copayment

A Copayment (Copay) is the amount you pay each time you receive certain Covered Health Services. The Copay is calculated as a flat dollar amount and is paid at the time of service or when billed by the provider. When Copayments apply, the amount is listed in Section 5, *Plan Highlights*, next to the description for each Covered Health Service.

Please note that for Covered Health Services, you are responsible for paying the lesser of:

- The applicable Copayment.
- The Eligible Expense.

Details about the way in which Eligible Expenses are determined appear in this section under the heading *Eligible Expenses*.

Copays count toward the Out-of-Pocket Maximum. Copays do not count toward the Annual Deductible. If the Eligible Expense is less than the Copay, you are only responsible for paying the Eligible Expense and not the Copay.

Coinsurance

Coinsurance is the amount you pay (calculated as a percentage of Eligible Expenses) each time you receive certain Covered Health Services.

Details about the way in which Eligible Expenses are determined appear in this section under the heading *Eligible Expenses*.

Out-of-Pocket Maximum

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The following will never apply to the Out-of-Pocket Maximum:

- Charges for Non-Covered Health Services.
- The amount of any reduced benefits if you don't notify the Claims Administrator.
- Charges that exceed eligible expenses.

The following table identifies what does and does not apply toward your Out-of-Pocket Maximums:

Plan Features	Applies to the Network Out-of-Pocket Maximum?
Copays, including those for Covered Health Services available in Section 15, *Outpatient Prescription Drugs*	Yes
Payments toward the Annual Deductible	Yes
Coinsurance Payments	Yes
Charges for non-Covered Health Services	No
The amounts of any reductions in Benefits you incur by not notifying Care Coordination℠	No

SECTION 4 - CARE COORDINATION℠

What this section includes:

- An overview of the Care Coordination℠ program.
- Covered Health Services for which you need to contact Care Coordination℠.

UnitedHealthcare provides a program called Care Coordination℠ designed to encourage personalized, efficient care for you and your covered Dependents.

Care Coordination℠ nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available. A Care Coordination℠ nurse is notified when you or your provider calls the number on your ID card regarding an upcoming treatment or service.

Care Coordination℠ nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice. When the Claims Administrator is called as required, they will work with you to implement the Care CoordinationSM process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy. As of the publication of this SPD, the Care CoordinationSM program includes:

- Admission counseling - Nurse Advocates are available to help you prepare for a successful surgical admission and recovery. Call the number on the back of your ID card for support.
- Inpatient care management - If you are hospitalized, a Care CoordinationSM nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.
- Readmission Management - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Care CoordinationSM nurse to confirm that medications, needed equipment, or follow-up services are in place. The Care CoordinationSM nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.
- Risk Management - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Care CoordinationSM nurse to discuss and share important health care information related to the participant's specific chronic or complex condition.

If you do not receive a call from a Care Coordination℠ nurse but feel you could benefit from any of these programs, please call the number on your ID card.

Contacting UnitedHealthcare or Care Coordination℠ is easy.
Simply call the number on your ID card.

Network providers are generally responsible for notifying the Claims Administrator before they provide certain services to you. However, there are some Network Benefits for which you are responsible for notifying the Claims Administrator.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for notifying the Claims Administrator before you receive these Covered Health Services. In many cases, your Non-Network Benefits will be reduced if the Claims Administrator is not notified.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before the Plan pays Benefits) the notification requirements do not apply to you. Since Medicare is the primary payer, the Plan will pay as secondary payer as described in Section 10, *Coordination of Benefits (COB)*. You are not required to provide notification before receiving Covered Health Services.

SECTION 6 - ADDITIONAL COVERAGE DETAILS

What this section includes:

- Covered Health Services for which the Plan pays Benefits.
- Covered Health Services that require you to notify the Claims Administrator or Care Coordination℠ before you receive them, and any reduction in Benefits that may apply if you do not call the Claims Administrator or Care Coordination℠.

This section supplements the second table in Section 5, *Plan Highlights*.

While the table provides you with Benefit limitations along with Copayment, Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply, as well as Covered Health Services for which you must call the Claims Administrator or Care Coordination℠. The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 8, *Exclusions and Limitations*.

Ambulance Services

The Plan covers Emergency ambulance services and transportation provided by a licensed ambulance service to the nearest Hospital that offers Emergency Health Services. See Section 14, *Glossary* for the definition of Emergency.

Ambulance service by air is covered in an Emergency if ground transportation is impossible, or would put your life or health in serious jeopardy. If special circumstances exist, UnitedHealthcare may pay Benefits for Emergency air transportation to a Hospital that is not the closest facility to provide Emergency Health Services.

The Plan also covers non-Emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance as UnitedHealthcare determines appropriate) between facilities when the transport is any of the following:

- From a non-Network Hospital to the closest Network Hospital.
- To the closest Network Hospital or facility that provides Covered Health Services that were not available at the original Hospital or facility.
- From a short-term acute care facility to the closest Network long-term acute care facility (LTAC), Network Inpatient Rehabilitation Facility, or other Network sub-acute facility.

For the purpose of this Benefit the following terms have the following meanings:

- "Long-term acute care facility (LTAC)" means a facility or Hospital that provides care to people with complex medical needs requiring long-term Hospital stay in an acute or critical setting.
- "Short-term acute care facility" means a facility or Hospital that provides care to people with medical needs requiring short-term Hospital stay in an acute or critical setting such

as for recovery following a surgery, care following sudden Sickness, Injury, or flare-up of a chronic Sickness.

- "Sub-acute facility" means a facility that provides intermediate care on short-term or long-term basis.

In most cases, the Claims Administrator will initiate and direct non-Emergency ambulance transportation. If you are requesting non-Emergency ambulance services, please remember that you must notify the Claims Administrator as soon as possible prior to the transport.

If the Claims Administrator is not notified, Benefits will be reduced to 50% of Eligible Expenses.

Cancer Resource Services (CRS)

The Plan pays Benefits for oncology services provided by a Designated Provider participating in the Cancer Resource Services (CRS) program. Designated Provider is defined in Section 14, *Glossary*.

For oncology services and supplies to be considered Covered Health Services, they must be provided to treat a condition that has a primary or suspected diagnosis relating to cancer. If you or a covered Dependent has cancer, you may:

- Be referred to CRS by the Claims Administrator or Care Coordination[SM].
- Call CRS at 1-866-936-6002.

- Breast prosthesis as required by the *Women's Health and Cancer Rights Act of 1998*. Benefits include mastectomy bras and lymphedema stockings for the arm.

Benefits under this section are provided only for external prosthetic devices and do not include any device that is fully implanted into the body.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the prosthetic device that meets the minimum specifications for your needs. The device must be ordered or provided either by a Physician, or under a Physician's direction. If you purchase a prosthetic device that exceeds these minimum specifications, the Plan will pay only the amount that it would have paid for the prosthetic that meets the minimum specifications, and you may be responsible for paying any difference in cost.

Benefits are available for repairs and replacement, except that:

- There are no Benefits for repairs due to misuse, malicious damage or gross neglect.

- There are no Benefits for replacement due to misuse, malicious damage, gross neglect or for lost or stolen prosthetic devices.

Benefits are limited to a single purchase of each type of prosthetic device every three calendar years.

Note: Prosthetic devices are different from DME - see *Durable Medical Equipment (DME)* in this section.

Reconstructive Procedures

Reconstructive Procedures are services performed when the primary purpose of the procedure is either to treat a medical condition or to improve or restore physiologic function for an organ or body part. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Improving or restoring physiologic function means that the organ or body part is made to work better. An example of a Reconstructive Procedure is surgery on the inside of the nose so that a person's breathing can be improved or restored.

Benefits for Reconstructive Procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Replacement of an existing breast implant is covered by the Plan if the initial breast implant followed a mastectomy. Other services required by the *Women's Health and Cancer Rights Act of 1998*, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact UnitedHealthcare at the number on your ID card for more information about Benefits for mastectomy-related services.

There may be times when the primary purpose of a procedure is to make a body part work better. However, in other situations, the purpose of the same procedure is to improve the appearance of a body part. Cosmetic procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. A good example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a reconstructive procedure. In other cases, improvement in appearance is the primary intended purpose, which is considered a Cosmetic Procedure. This Plan does not provide Benefits for Cosmetic Procedures, as defined in Section 14, *Glossary*.

The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as a reconstructive procedure.

Please remember for Benefits, you must notify the Claims Administrator or Care Coordination℠ five business days before undergoing a Reconstructive Procedure. When you provide notification the Claims Administrator can determine whether the service is considered reconstructive or cosmetic. Cosmetic Procedures are always excluded from coverage. If the Claims Administrator or Care Coordination℠ is not notified, Benefits will be reduced to 50% of Eligible Expenses.

Rehabilitation Services - Outpatient Therapy and Manipulative Treatment

The Plan provides short-term outpatient rehabilitation services (including habilitative services) limited to:

- Physical therapy.
- Occupational therapy.
- Manipulative Treatment.
- Speech therapy.
- Post-cochlear implant aural therapy.
- Pulmonary rehabilitation.
- Cardiac rehabilitation.

For all rehabilitation services, a licensed therapy provider, under the direction of a Physician (when required by state law), must perform the services. Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility. Rehabilitative services provided in a Covered Person's home by a Home Health Agency are provided as described under *Home Health Care*. Rehabilitative services provided in a Covered Person's home other than by a Home Health Agency are provided as described under this section.

Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if rehabilitation goals have previously been met. Benefits under this section are not available for maintenance/preventive treatment.

For outpatient rehabilitation services for speech therapy, the Plan will pay Benefits for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, Congenital Anomaly, or Autism Spectrum Disorder.

Habilitative Services

For the purpose of this Benefit, "habilitative services" means Medically Necessary skilled health care services that help a person keep, learn or improve skills and functioning for daily living. Habilitative services are skilled when all of the following are true:

- The services are part of a prescribed plan of treatment or maintenance program that is Medically Necessary to maintain a Covered Person's current condition or to prevent or slow further decline.

- It is ordered by a Physician and provided and administered by a licensed provider.
- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.
- It is not Custodial Care.

The Claims Administrator will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. Therapies provided for the purpose of general well-being or conditioning in the absence of a disabling condition are not considered habilitative services. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are provided for habilitative services provided for Covered Persons with a disabling condition when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist or Physician.
- The initial or continued treatment must be proven and not Experimental or Investigational.

Benefits for habilitative services do not apply to those services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and Residential Treatment are not habilitative services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

The Plan may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow the Plan to substantiate that initial or continued medical treatment is needed. When the treating provider anticipates that continued treatment is or will be required to permit the Covered Person to achieve demonstrable progress, the Plan may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

Benefits for Durable Medical Equipment and prosthetic devices, when used as a component of habilitative services, are described under *Durable Medical Equipment* and *Prosthetic Devices.*

Benefits are limited to:

- 20 visits per calendar year for physical therapy.
- 20 visits per calendar year for occupational therapy.
- 20 visits per calendar year for speech therapy.
- 20 visits per calendar year for pulmonary rehabilitation therapy.

- 36 visits per calendar year for cardiac rehabilitation therapy.
- 20 visits per calendar year for cognitive rehabilitation therapy.
- 24 visits per calendar year for Manipulative Treatment.
- 30 visits per calendar year for post-cochlear implant aural therapy.

When these services are performed for preventive screening purposes, Benefits are described in this section under *Preventive Care Services*.

Facility services for an Inpatient Stay in a Skilled Nursing Facility or Inpatient Rehabilitation Facility are covered by the Plan. Benefits include:

- Supplies and non-Physician services received during the Inpatient Stay.
- Room and board in a Semi-private Room (a room with two or more beds).
- Physician services for radiologists, anesthesiologists and pathologists.

Benefits are available when skilled nursing and/or Inpatient Rehabilitation Facility services are needed on a daily basis. Benefits are also available in a Skilled Nursing Facility or Inpatient Rehabilitation Facility for treatment of a Sickness or Injury that would have otherwise required an Inpatient Stay in a Hospital.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

UnitedHealthcare will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are available only if both of the following are true:

- The initial confinement in a Skilled Nursing Facility or Inpatient Rehabilitation Facility was or will be a Cost Effective alternative to an Inpatient Stay in a Hospital.
- You will receive skilled care services that are not primarily Custodial Care.

Skilled care is skilled nursing, skilled teaching, and skilled rehabilitation services when all of the following are true:

- It must be delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome, and provide for the safety of the patient.
- It is ordered by a Physician.
- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.

You are expected to improve to a predictable level of recovery. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if discharge rehabilitation goals have previously been met.

Note: The Plan does not pay Benefits for Custodial Care or Domiciliary Care, even if ordered by a Physician, as defined in Section 14, *Glossary*.

SECTION 9 - CLAIMS PROCEDURES

What this section includes:
- How Network and non-Network claims work.
- What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Copay or Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for meeting the Annual Deductible and paying any Copay or Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider as a result of an Emergency, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on the back of your ID card.

You must submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to UnitedHealthcare within 15 months of the date of service, Benefits for that health service will be denied or reduced, at UnitedHealthcare's discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Prescription Drug Benefit Claims

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

- You are asked to pay the full cost of the Prescription Drug Product when you fill it and you believe that the Plan should have paid for it.
- You pay a Copay and you believe that the amount of the Copay was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Service, you may submit a pre-service request for Benefits as described in this section.

If Your Provider Does Not File Your Claim

You can obtain a claim form by visiting www.myuhc.com, calling the toll-free number on your ID card or contacting Human Resources. If you do not have a claim form, simply

attach a brief letter of explanation to the bill, and verify that the bill contains the information listed below. If any of these items are missing from the bill, you can include them in your letter:

- Your name and address.
- The patient's name, age and relationship to the Participant.
- The number as shown on your ID card.
- The name, address and tax identification number of the provider of the service(s).
- A diagnosis from the Physician.
- The date of service.
- An itemized bill from the provider that includes:
  - The *Current Procedural Terminology (CPT)* codes.
  - A description of, and the charge for, each service.
  - The date the Sickness or Injury began.
  - A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card. When filing a claim for outpatient Prescription Drug Product Benefits, submit your claim to the pharmacy benefit manager claims address noted on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the provider the charges you incurred.

Payment of Benefits

You may not assign your Benefits under the Plan or any cause of action related to your Benefits under the Plan to a provider without UnitedHealthcare's consent. When you assign your Benefits under the Plan to a provider with UnitedHealthcare's consent, and the provider submits a claim for payment, you and the provider represent and warrant that the Covered Health Services were actually provided and were medically appropriate.

When UnitedHealthcare has not consented to an assignment, UnitedHealthcare will send the reimbursement directly to you (the Participant) for you to reimburse the provider upon receipt of their bill. However, UnitedHealthcare reserves the right, in its discretion, to pay the provider directly for services rendered to you. When exercising its discretion with respect to payment, UnitedHealthcare may consider whether you have requested that payment of your Benefits be made directly to the provider. Under no circumstances will UnitedHealthcare pay Benefits to anyone other than you or, in its discretion, your provider. Direct payment to a provider shall not be deemed to constitute consent by UnitedHealthcare to an assignment or to waive the consent requirement. When UnitedHealthcare in its

discretion directs payment to a provider, you remain the sole beneficiary of the payment, and the provider does not thereby become a beneficiary. Accordingly, legally required notices concerning your Benefits will be directed to you, although UnitedHealthcare may in its discretion send information concerning the Benefits to the provider as well. If payment to a provider is made, the Plan reserves the right to offset Benefits to be paid to the provider by any amounts that the provider owes the Plan (including amounts owed as a result of the assignment of other plans' overpayment recovery rights to the Plan), pursuant to ***Refund of Overpayments*** in Section 10 *Coordination of Benefits*.

Form of Payment of Benefits

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in the form of other consideration that UnitedHealthcare in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of amounts the provider owes to other plans for which UnitedHealthcare makes payments, where the Plan has taken an assignment of the other plans' recovery rights for value.

Health Statements

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at www.myuhc.com. You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

Explanation of Benefits (EOB)

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also view and print all of your EOBs online at www.myuhc.com. See Section 14, *Glossary*, for the definition of Explanation of Benefits.

Important - Timely Filing of Non-Network Claims
All claim forms for non-Network services must be submitted within 15 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by UnitedHealthcare. This 12-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Denials and Appeals

If Your Claim is Denied

If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim

If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit urgent care appeals in writing. This communication should include:

- The patient's name and ID number as shown on the ID card.
- The provider's name.
- The date of medical service.
- The reason you disagree with the denial.
- Any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare - Appeals
P.O. Box 30432
Salt Lake City, Utah 84130-0432

For urgent care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

Types of claims

The timing of the claims appeal process is based on the type of claim you are appealing. If you wish to appeal a claim, it helps to understand whether it is an:

- Urgent care request for Benefits.
- Pre-service request for Benefits.
- Post-service claim.
- Concurrent claim.

Review of an Appeal

UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- An appropriate individual(s) who did not make the initial benefit determination.
- A health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Filing a Second Appeal

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from UnitedHealthcare within 60 days from receipt of the first level appeal determination.

Note: Upon written request and free of charge, any Covered Persons may examine documents relevant to their claim and/or appeals and submit opinions and comments. UnitedHealthcare will review all claims in accordance with the rules established by the *U.S. Department of Labor*.

Federal External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by UnitedHealthcare, or if UnitedHealthcare fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of UnitedHealthcare's determination. The process is available at no charge to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received UnitedHealthcare's decision.

An external review request should include all of the following:

- A specific request for an external review.
- The Covered Person's name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review is comprised of all of the following:

- A preliminary review by UnitedHealthcare of the request.
- A referral of the request by UnitedHealthcare to the IRO.
- A decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The IRO will notify you in writing of the request's eligibility and acceptance for external review. You may submit in writing to the IRO within ten business days following the date of receipt of the notice additional information that the IRO will consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making UnitedHealthcare's determination. The documents include:

- All relevant medical records.
- All other documents relied upon by UnitedHealthcare.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim as new and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing UnitedHealthcare's determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision is that payment or referral will not be made, the Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the

life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, UnitedHealthcare will determine whether the individual meets both of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim as new and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Timing of Appeals Determinations

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- Urgent care request for Benefits - a request for Benefits provided in connection with urgent care services.
- Pre-Service request for Benefits - a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-urgent care is provided.
- Post-Service - a claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the Claims Administrator's decision letter to you.

The tables below describe the time frames which you and UnitedHealthcare are required to follow.

Urgent Care Request for Benefits*	
Type of Request for Benefits or Appeal	Timing

UnitedHealthcare must notify you of the first level appeal decision within:	30 days after receiving the first level appeal
You must appeal the first level appeal (file a second level appeal) within:	60 days after receiving the first level appeal decision
UnitedHealthcare must notify you of the second level appeal decision within:	30 days after receiving the second level appeal

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. UnitedHealthcare will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you

request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Limitation of Action

You cannot bring any legal action against the Plan Administrator or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against the Plan Administrator or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against the Plan Administrator or the Claims Administrator.

You cannot bring any legal action against the Plan Administrator or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against the Plan Administrator or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against the Plan Administrator or the Claims Administrator.

SECTION 10 - COORDINATION OF BENEFITS (COB)

What this section includes:
- How your Benefits under this Plan coordinate with other medical plans.
- How coverage is affected if you become eligible for Medicare.
- Procedures in the event the Plan overpays Benefits.

Coordination of Benefits (COB) applies to you if you are covered by more than one health benefits plan, including any one of the following:

- Another employer sponsored health benefits plan.
- A medical component of a group long-term care plan, such as skilled nursing care.
- No-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy.
- Medical payment benefits under any premises liability or other types of liability coverage.
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the primary plan. How much this Plan will reimburse you, if anything, will also depend in part on the allowable expense. The term, "allowable expense," is further explained below.

Don't forget to update your Dependents' Medical Coverage Information
Avoid delays on your Dependent claims by updating your Dependent's medical coverage information. Just log on to www.myuhc.com or call the toll-free number on your ID card to update your COB information. You will need the name of your Dependent's other medical coverage, along with the policy number.

Determining Which Plan is Primary

Order of Benefit Determination Rules

If you are covered by two or more plans, the benefit payment follows the rules below in this order:

- This Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy.
- When you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first.
- A plan that covers a person as an employee pays benefits before a plan that covers the person as a dependent.

- If you are receiving COBRA continuation coverage under another employer plan, this Plan will pay Benefits first.
- Your dependent children will receive primary coverage from the parent whose birth date occurs first in a calendar year. If both parents have the same birth date, the plan that pays benefits first is the one that has been in effect the longest. This birthday rule applies only if:
  - The parents are married or living together whether or not they have ever been married and not legally separated.
  - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.
- If two or more plans cover a dependent child of divorced or separated parents and if there is no court decree stating that one parent is responsible for health care, the child will be covered under the plan of:
  - The parent with custody of the child; then
  - The Spouse of the custodial parent; then
  - The parent not having custody of the child; then
  - The Spouse of the non-custodial parent.
- Plans for active employees pay before plans covering laid-off or retired employees.
- The plan that has covered the individual claimant the longest will pay first.
- Finally, if none of the above rules determines which plan is primary or secondary, the allowable expenses shall be shared equally between the plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the primary Plan.

The following examples illustrate how the Plan determines which plan pays first and which plan pays second.

Determining Primary and Secondary Plan - Examples

1) Let's say you and your Spouse both have family medical coverage through your respective employers. You are unwell and go to see a Physician. Since you're covered as a Participant under this Plan, and as a Dependent under your Spouse's plan, this Plan will pay Benefits for the Physician's office visit first.

2) Again, let's say you and your Spouse both have family medical coverage through your respective employers. You take your Dependent child to see a Physician. This Plan will look at your birthday and your Spouse's birthday to determine which plan pays first. If you were born on June 11 and your Spouse was born on May 30, your Spouse's plan will pay first.

When This Plan is Secondary

If this Plan is secondary, it determines the amount it will pay for a Covered Health Service by following the steps below.

- The Plan determines the amount it would have paid based on the allowable expense.
- The Plan pays the entire difference between the allowable expense and the amount paid by the primary plan - as long as this amount is not more than the Plan would have paid had it been the only plan involved.

You will be responsible for any Copay, Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you may receive from all plans cannot exceed 100% of the allowable expense.

Determining the Allowable Expense If This Plan is Secondary

> What is an allowable expense?
> For purposes of COB, an allowable expense is a health care expense that is covered at least in part by one of the health benefit plans covering you.

When the provider is a Network provider for both the primary plan and this Plan, the allowable expense is the primary plan's network rate. When the provider is a network provider for the primary plan and a non-Network provider for this Plan, the allowable expense is the primary plan's network rate. When the provider is a non-Network provider for the primary plan and a Network provider for this Plan, the allowable expense is the reasonable and customary charges allowed by the primary plan. When the provider is a non-Network provider for both the primary plan and this Plan, the allowable expense is the greater of the two Plans' reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled "Determining the Allowable Expense When This Plan is Secondary to Medicare".

When a Covered Person Qualifies for Medicare

Determining Which Plan is Primary

As permitted by law, this Plan will pay Benefits second to Medicare when you become enrolled in Medicare. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older (however, domestic partners are excluded as provided by Medicare).
- Individuals with end-stage renal disease, for a limited period of time.
- Disabled individuals under age 65 with current employment status and their Dependents under age 65.

Determining the Allowable Expense When This Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the allowable expense, as long as the provider accepts reimbursement directly from Medicare. If the

provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service. Medicare typically reimburses such providers a percentage of its approved charge – often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare – typically 115% of the Medicare approved amount) will be the allowable expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the allowable expense.

If you are enrolled in Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from a provider that does not participate in the Medicare program (as opposed to a provider who does not accept assignment of Medicare benefits), Benefits will be paid on a secondary basis under this Plan.

When calculating the Plan's Benefits in these situations, and when Medicare does not issue an EOMB, for administrative convenience UnitedHealthcare will treat the provider's billed charges for covered services as the allowable expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

Medicare Crossover Program

The Plan offers a Medicare Crossover program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated Crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated crossover took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This crossover process does not apply to expenses that Medicare does not cover. You must continue to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on the back of your ID card.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. UnitedHealthcare may get the facts needed from, or give them to, other organizations or persons for the purpose of

applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

UnitedHealthcare does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give UnitedHealthcare any facts needed to apply those rules and determine benefits payable. If you do not provide UnitedHealthcare the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future Benefits that are payable under the Plan. The reductions will equal the amount of the required refund. The Company also reserves the right to recover any overpayment by legal action.

If the Plan overpays a health care provider, UnitedHealthcare reserves the right to recover the excess amount from the provider pursuant to ***Refund of Overpayments***, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to the Plan if:

- The Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by the Covered Person, but all or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help the Plan get the refund when requested.

SECTION 11 - SUBROGATION AND REIMBURSEMENT

The Plan has a right to subrogation and reimbursement. References to "you" or "your" in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly to be responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation - Example
Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any Benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement - Example
Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- The Plan Sponsor in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide Benefits or payments to you, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.

- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
  - Notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
  - Providing any relevant information requested by the Plan.
  - Signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim.
  - Responding to requests for information about any accident or injuries.
  - Making court appearances.
  - Obtaining the Plan's consent or its agents' consent before releasing any party from liability or payment of medical expenses.
  - Complying with the terms of this section.

  Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.
- The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.

- Benefits paid by the Plan may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits from the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets to the extent of the amount of Plan Benefits provided on behalf of the Covered Person, (ii) you and your representative shall be fiduciaries of the Plan (within the meaning of ERISA), if applicable with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.
- The Plan's rights to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any Benefits, claims or rights of recovery you have under any automobile policy - including no-fault Benefits, PIP Benefits and/or medical payment Benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting Benefits, you acknowledge and recognize the Plan's right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- The Plan may, at its option, take necessary and appropriate action to preserve its rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan's right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If a third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.

- In the event that you do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate Benefits to you, your dependents or the participant, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.
- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

Right of Recovery

The Plan also has the right to recover Benefits it has paid on you or your Dependent's behalf that were:

- Made in error.
- Due to a mistake in fact.
- Advanced during the time period of meeting the calendar year Deductible.
- Advanced during the time period of meeting the Out-of-Pocket Maximum for the calendar year.

Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- Require that the overpayment be returned when requested.
- Reduce a future Benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of Benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- Submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan.

- Conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.

SECTION 12 - WHEN COVERAGE ENDS

What this section includes:
- Circumstances that cause coverage to end.
- Extended coverage.
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, the Plan Administrator will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Your coverage under the Plan will end on the earliest of:

- The last day of the month your employment with the Company ends.
- The date the Plan ends.
- The last day of the month you stop making the required contributions.
- The last day of the month you are no longer eligible.
- The last day of the month UnitedHealthcare receives written notice from the Plan Administrator to end your coverage, or the date requested in the notice, if later.
- The last day of the month you retire or are pensioned under the Plan, unless specific coverage is available for retired or pensioned persons and you are eligible for that coverage.

Coverage for your eligible Dependents will end on the earliest of:

- The date your coverage ends.
- The last day of the month you stop making the required contributions.
- The last day of the month UnitedHealthcare receives written notice from The Plan Administrator to end your coverage, or the date requested in the notice, if later.
- The last day of the month your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide at least thirty days' prior written notice to you that your coverage will end on the date identified in the notice if you commit an act, practice, or omission that

constituted fraud, or an intentional misrepresentation of a material fact including, but not limited to, knowingly providing incorrect information relating to another person's eligibility or status as a Dependent, improper use of ID, failure to pay, or threatening behavior. You may appeal this decision during the 30-day notice period. The notice will contain information on how to pursue your appeal.

Note: If UnitedHealthcare and the Company find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact, Adams County Government has the right to demand that you pay back all Benefits Adams County Government paid to you, or paid in your name, during the time you were incorrectly covered under the Plan. Failure to comply with the eligibility requirements as set forth in this SPD may lead to disciplinary action, up to and including, termination of employment.

Coverage for a Disabled Child

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as:

- The child is unable to be self-supporting due to a mental or physical handicap or disability.
- The child depends mainly on you for support.
- You provide to the Plan Administrator proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached a certain age.
- You provide proof, upon the Plan Administrator's request, that the child continues to meet these conditions.

The proof might include medical examinations at the Plan Administrator's expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days, the Plan will no longer pay Benefits for that child.

Coverage will continue, as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

Extended Coverage for Total Disability

If a Covered Person has a Total Disability on the date their coverage under the Plan ends, their Benefits will not end automatically. The Plan will temporarily extend coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of:

- The Total Disability ends.
- twelve months from the date coverage would have ended.

Continuing Coverage Through COBRA

COBRA continuation coverage is a temporary extension of coverage under the Plan. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for Medicaid, or for a 30-day special enrollment period to enroll in another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees. Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of a qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

Qualified Beneficiaries

A Qualified Beneficiary generally is any individual covered by a group health plan on the day before a Qualifying Event, such as an employee, the employee's spouse, and dependent children. Dependents continuing coverage under the Uniformed Services Employment and Reemployment Rights Act (USERRA) are not considered to be Qualified Beneficiaries for COBRA purposes.

A child born to, placed for adoption with, or adopted by the covered employee during a period of COBRA coverage will be considered on the same basis as the covered employee.

Qualifying Events

A Qualifying Event is a life event that would cause the Qualified Beneficiary to lose coverage under the Plan including;

- Termination of employment (other than for gross misconduct), reduction in hours of an eligible employee
- Divorce, legal separation, dependent cessation (a child no longer qualifies as an eligible dependent under the Plan)

- Death of the employee
- Extended military leave of the employee
- Medicare entitlement (Part A, Part B or both) of the employee.

The taking of leave under the Family Medical Leave Act does not constitute a Qualifying Event under COBRA.

COBRA continuation coverage begins on the date that Plan coverage would otherwise have been lost. Qualified Beneficiaries electing continuation coverage must pay 102 percent of the cost of that coverage.

The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator has been notified that a Qualifying Event has occurred. For a Qualifying Event such as termination of employment, reduction in hours, death of the employee, or extended military leave of the employee, the employer will notify the Plan Administrator within 31 days of the qualifying event. The Plan Administrator will notify you within 14 days of your rights, enrollment deadlines and the premium required for your continued coverage. Each Qualified Beneficiary will have an independent right to elect continuation coverage.

You must notify the Plan Administrator in writing in the event of a divorce or legal separation, Medicare entitlement (Part A, Part B or both), or in the event a child no longer qualifies as a dependent, as soon as possible, but no later than 60 days after the date of the Qualifying Event. The Plan Administrator will notify you within 14 days of your rights, enrollment deadlines and the premium required for your continued coverage.

How long coverage may be continued

- Up to 18 months for the reason of termination of employment (other than for gross misconduct) or reduction in hours of an eligible employee
- Up to 24 months for the reason of continued military leave as defined by USERRA
- Up to 36 months for the reason of death of an employee, a divorce or legal separation, the employee becoming entitled to Medicare benefits (Part A, Part B or both), or a dependent child ceasing to be eligible under the plan
- Up to 36 months for Qualified Beneficiaries, other than the employee, if the Qualifying Event is termination of employment or reduction in hours of the employee, and the employee became entitled to Medicare benefits (Part A, Part B or both) less than 18 months before the Qualifying Event.

Extended Coverage due to Disability

Coverage could be extended up to 11 months, for a total of 29 months of coverage, for all Qualified Beneficiaries if:

- A Qualified Beneficiary is totally disabled according to the Social Security Administration before the 60th day of COBRA continuation coverage, lasting at least until the end of the 18-month period of continuation coverage; and

- The employee or eligible dependent provides the Human Resources Department with a copy of the Social Security Administration (SSA) Determination of Total Disability (notice must be received within the initial 18 months of continued coverage); and
- Timely premium payments are made (premiums are increased to 150 percent of the cost of coverage for the additional 11 months).
- The Plan Administrator must be notified within 31 days if the Qualified Beneficiary is no longer considered disabled by the Social Security Administration.

Employees disabled while continuing coverage under USERRA are not eligible for the 11-month extension rule.

Second Qualifying Events

Coverage for qualified dependents could be extended up to 36 months from the date of the Initial Qualifying Event if:

- The covered employee dies
- A divorce or legal separation from the covered employee occurs
- A covered dependent child no longer qualifies as an eligible dependent
- A covered employee subsequently becomes entitled to Medicare (Part A, Part B or both) during the initial 18-month COBRA period.

These events can be a Second Qualifying Event only if they would have caused the Qualified Beneficiary to lose coverage under the Plan if the Initial Qualifying Event had not occurred. You must notify the Human Resources Department within 60 days after a Second Qualifying Event occurs if you wish to extend coverage.

For Additional Questions

For more information about your rights and obligations under the Plan and federal law you may contact the nearest regional or district office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of the EBSA Offices are available through the EBSA website at www.dol.gov/ebsa.

Getting Started

You will be notified by mail if you become eligible for COBRA coverage as a result of a reduction in work hours or termination of employment. The notification will give you instructions for electing COBRA coverage, and advise you of the monthly cost. Your monthly cost is the full cost, including both Participant and Employer costs, plus a 2% administrative fee or other cost as permitted by law.

You will have up to 60 days from the date you receive notification or 60 days from the date your coverage ends to elect COBRA coverage, whichever is later. You will then have an additional 45 days to pay the cost of your COBRA coverage, retroactive to the date your Plan coverage ended.

During the 60-day election period, the Plan will, only in response to a request from a provider, inform that provider of your right to elect COBRA coverage, retroactive to the date your COBRA eligibility began.

While you are a participant in the medical Plan under COBRA, you have the right to change your coverage election:

- During Open Enrollment.
- Following a change in family status, as described under *Changing Your Coverage* in Section *2, Introduction*.

Trade Act of 2002

The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Participants who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals: generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the Trade Act of 1974. These Participants are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.

If a Participant qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact the Plan Administrator for additional information. The Participant must contact the Plan Administrator promptly after qualifying for assistance under the Trade Act of 1974 or the Participant will lose his or her special COBRA rights. COBRA coverage elected during the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

Uniformed Services Employment and Reemployment Rights Act

A Participant who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Participant and the Participant's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Participants may elect to continue coverage under the Plan by notifying the Plan Administrator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Plan Administrator normally pays on a Participant's behalf. If a Participant's

Military Service is for a period of time less than 31 days, the Participant may not be required to pay more than the regular contribution amount, if any, for continuation of health coverage.

A Participant may continue Plan coverage under USERRA for up to the lesser of:

- The 24 month period beginning on the date of the Participant's termination of coverage under the Plan.
- The day after the date on which the Participant fails to apply for, or return to, a position of employment.

Regardless of whether a Participant continues health coverage, if the Participant returns to a position of employment, the Participant's health coverage and that of the Participant's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on a Participant or the Participant's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.

SECTION 13 - OTHER IMPORTANT INFORMATION

- Court-ordered Benefits for Dependent children.
- Your relationship with UnitedHealthcare and the Company.
- Relationships with providers.
- Interpretation of Benefits.
- Information and records.
- Incentives to providers and you.
- The future of the Plan.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and the Company

In order to make choices about your health care coverage and treatment, Adams County Government believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- The Company and UnitedHealthcare do not decide what care you need or will receive. You and your Physician make those decisions.
- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive. The Plan pays for Covered Health Services, which are more fully described in this SPD.

- The Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

The Company and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. The Company and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. The Company and UnitedHealthcare will use de-identified data for commercial purposes including research.

Relationship with Providers

The relationships between the Company, UnitedHealthcare and Network providers are solely contractual relationships between independent contractors. Network providers are not the Company's agents or employees, nor are they agents or employees of UnitedHealthcare. The Company and any of its employees are not agents or employees of Network providers, nor are UnitedHealthcare and any of its employees agents or employees of Network providers.

The Company and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, the Company and UnitedHealthcare arrange for health care providers to participate in a Network and administer payment of Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not the Company's employees nor are they employees of UnitedHealthcare. The Company and UnitedHealthcare do not have any other relationship with Network providers such as principal-agent or joint venture. The Company and UnitedHealthcare are not liable for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

The Company is solely responsible for:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the service fee to UnitedHealthcare.
- The funding of Benefits on a timely basis.
- Notifying you of the termination or modifications to the Plan.

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.

- You are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance, any deductible and any amount that exceeds Eligible Expenses.
- You are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- Must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Company is that of employer and employee, Dependent or other classification as defined in the SPD.

Interpretation of Benefits

The Company and UnitedHealthcare have the sole and exclusive discretion to:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD and any Summary of Material Modifications and/or Amendments.
- Make factual determinations related to the Plan and its Benefits.

The Company and UnitedHealthcare may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, the Company may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that the Company does so in any particular case shall not in any way be deemed to require the Company to do so in other similar cases.

Information and Records

The Company and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. The Company and UnitedHealthcare may request additional information from you to decide your claim for Benefits. The Company and UnitedHealthcare will keep this information confidential. The Company and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish the Company and UnitedHealthcare with all information or copies of records relating to the services provided to you. The Company and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have

signed the Participant's enrollment form. The Company and UnitedHealthcare agree that such information and records will be considered confidential.

The Company and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as the Company is required to do by law or regulation. During and after the term of the Plan, The Company and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements the Company recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, the Company and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

Incentives to Providers

Network providers may be provided financial incentives by UnitedHealthcare to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness.
- A practice called capitation which is when a group of Network providers receives a monthly payment from UnitedHealthcare for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

If you have any questions regarding financial incentives you may contact the telephone number on your ID card. You can ask whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed. In addition, you may choose to discuss these financial incentives with your Network provider.

Incentives to You

Sometimes you may be offered coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. You may call the number on your ID card if you have any questions.

Rebates and Other Payments

The Company and UnitedHealthcare may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. The Company and UnitedHealthcare do not pass these rebates on to you, nor are they applied to your Annual Deductible or taken into account in determining your Copays.

Workers' Compensation Not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Future of the Plan

Although the Company expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Company does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.

Plan Document

This Summary Plan Description (SPD) is the official plan document that has been adopted by the Company. There is no other document that controls the benefits under the Plan.

Review and Determine Benefits in Accordance with UnitedHealthcare Reimbursement Policies

UnitedHealthcare develops its reimbursement policy guidelines, in its sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that UnitedHealthcare accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), UnitedHealthcare's reimbursement policies are applied to provider billings. UnitedHealthcare shares its reimbursement policies with Physicians and other providers in UnitedHealthcare's Network through UnitedHealthcare's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by UnitedHealthcare's reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts the Plan does not pay, including amounts that are denied because one of UnitedHealthcare's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of UnitedHealthcare's reimbursement policies for yourself or to share with your non-Network Physician or provider by going to www.myuhc.com or by calling the telephone number on your ID card.

Care is provided through medical, mental health, substance-related and addictive disorders, diagnostic and surgical facilities, by or under the supervision of a staff of Physicians.
- ■ It has 24-hour nursing services.

A Hospital is not primarily a place for rest, Custodial Care or care of the aged and is not a nursing home, convalescent home or similar institution.

Injury - bodily damage other than Sickness, including all related conditions and recurrent symptoms.

Inpatient Rehabilitation Facility - a long term acute rehabilitation center, a Hospital (or a special unit of a Hospital designated as an Inpatient Rehabilitation Facility) that provides rehabilitation services (including physical therapy, occupational therapy and/or speech therapy) on an inpatient basis, as authorized by law.

to a network of credentialed NICU providers and specialized nurse consulting services to help manage NICU admissions.

Network - when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with the Claims Administrator or with its affiliate to participate in the Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services by way of their participation in the Shared Savings Program. The Claims Administrator's affiliates are those entities affiliated with the Claims Administrator through common ownership or control with the Claims Administrator or with the Claims Administrator's ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some products. In this case, the provider will be a Network provider for the Covered Health Services and products included in the participation agreement, and a non-Network provider for other Covered Health Services and products. The participation status of providers will change from time to time.

Network Benefits - for Benefit Plans that have a Network Benefit level, this is the description of how Benefits are paid for Covered Health Services provided by Network providers. Refer to Section 5, *Plan Highlights* for the Out-of-Pocket Maximum amount. See Section 3, *How the Plan Works* for a description of how the Out-of-Pocket Maximum works.

Partial Hospitalization/Day Treatment - a structured ambulatory program that may be a freestanding or Hospital-based program and that provides services for at least 20 hours per week.

Participant - a Participant of the Employer who meets the eligibility requirements specified in the Plan, as described under *Eligibility* in Section 2, *Introduction*. A Participant must live and/or work in the United States.

Physician - any *Doctor of Medicine* or *Doctor of Osteopathy* who is properly licensed and qualified by law.

Please note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that a provider is described as a Physician does not mean that Benefits for services from that provider are available to you under the Plan.

Plan - The Adams County Government Choice Health Benefit Plan.

Plan Administrator - Adams County Government or its designee.

Plan Sponsor - Adams County Government, references to "we", "us" and "our" refer to the Plan Sponsor.

- Skilled nursing resources are available in the facility.
- The skilled care can be provided by a Home Health Agency on a per visit basis for a specific purpose.
- The service is provided to a Covered Person by an independent nurse who is hired directly by the Covered Person or his/her family. This includes nursing services provided on an inpatient or a home-care basis, whether the service is skilled or non-skilled independent nursing.

Reconstructive Procedure - a procedure performed to address a physical impairment where the expected outcome is restored or improved function. The primary purpose of a Reconstructive Procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive Procedures include surgery or other procedures which

are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not changed or improved physical appearance. The fact that a person may suffer psychologically as a result of the impairment does not classify surgery or any other procedure done to relieve the impairment as a Reconstructive Procedure.

Residential Treatment – treatment in a facility which provides Mental Health Services or Substance-Related and Addictive Disorders Services treatment. The facility meets all of the following requirements:

- It is established and operated in accordance with applicable state law for Residential Treatment programs.

Shared Savings Program – a program in which UnitedHealthcare may obtain a discount to a non-Network provider's billed charges. This discount is usually based on a schedule previously agreed to by the non-Network provider. When this happens, you may experience lower out-of-pocket amounts. Plan coinsurance and deductibles would still apply to the reduced charge. Sometimes Plan provisions or administrative practices conflict with the scheduled rate, and a different rate is determined by UnitedHealthcare. In this case the non-Network provider may bill you for the difference between the billed amount and the rate determined by UnitedHealthcare. If this happens you should call the number on your ID Card. Shared Savings Program providers are not Network providers and are not credentialed by UnitedHealthcare.

Sickness - physical illness, disease or Pregnancy. The term Sickness as used in this SPD includes Mental Illness or substance-related and addictive disorders, regardless of the cause or origin of the Mental Illness or substance-related and addictive disorder.

Skilled Care - skilled nursing, teaching, and rehabilitation services when:

- They are delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome and provide for the safety of the patient.
- A Physician orders them.
- They are not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- They require clinical training in order to be delivered safely and effectively.
- They are not Custodial Care, as defined in this section.

Skilled Nursing Facility - a Hospital or nursing facility that is licensed and operated as required by law. A Skilled Nursing Facility that is part of a Hospital is considered a Skilled Nursing Facility for purposes of the Plan.

Spouse - an individual who meets the eligibility requirements specified in the Plan, as described under ***Eligibility*** in Section 2, ***Introduction***.

Substance-Related and Additive Disorder Services - Covered Health Services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current ***Diagnostic and Statistical Manual of the American Psychiatric Association***, unless those services are specifically excluded. The fact that a disorder is listed in the ***Diagnostic and Statistical Manual of the American Psychiatric Association*** does not mean that treatment of the disorder is a Covered Health Service.

Surrogate - - a woman who becomes pregnant usually by artificial insemination or surgical implantation of a fertilized egg for the purpose of carrying the fetus to term for another woman.

Total Disability or Totally Disabled - a Participant's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's or retired person's inability to perform the normal activities of a person of like age and gender.

Transitional Living - Mental Health Services and Substance-Related and Addictive Disorder Services that are provided through facilities, group homes and supervised apartments that provide 24-hour supervision that are either:

- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

Unproven Services - health services, including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials are two or more treatments compared to each other, with the patient not being allowed to choose which treatment is received.
- Well-conducted cohort studies from more than one institution are studies in which patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.

UnitedHealthcare has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, UnitedHealthcare issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment), UnitedHealthcare may, at its discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, UnitedHealthcare must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare's's discretion. Other apparently similar promising but unproven services may not qualify.

Urgent Care - care that requires prompt attention to avoid adverse consequences, but does not pose an immediate threat to a person's life. Urgent care is usually delivered in a walk-in setting and without an appointment. Urgent care facilities are a location, distinct from a hospital emergency department, an office or a clinic. The purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.

Urgent Care Center - a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

Refer to the Outpatient Prescription Drug Schedule of Benefits for applicable Copayments requirements.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

You are responsible for paying the Annual Drug Deductible.

You are responsible for paying the applicable Copayment described in the *Payment Information - Outpatient Prescription Drugs* table or *Schedule of Benefits - Outpatient Prescription Drugs*.

The amount you pay for any of the following under this section will be included in calculating any Out-of-Pocket Maximum stated in your SPD:

- Copayments for Prescription Drug Products.
- Coinsurance for Prescription Drug Products.
- The Annual Drug Deductible.

The amount you pay for any of the following under this section will not be included in calculating any Out-of-Pocket Maximum stated in your SPD:

Payment Terms and Features - Outpatient Prescription Drugs

Prescription Drug Product Coverage Highlights

The table below provides an overview of the Plan's Prescription Drug Product coverage. It includes Copay amounts that apply when you have a prescription filled at a Network Pharmacy after you meet the Annual Prescription Drug Deductible. For detailed descriptions of your Benefits, refer to ***Retail*** and ***Mail Order*** in this section.

Note: An Annual Prescription Drug Deductible of $100 per Covered Person, not to exceed $300 for all Covered Persons in the family applies to your Network Benefits, which is separate from the Annual Deductible for your medical coverage. Copays do not apply toward the Annual Prescription Drug Deductible.

Coupons: UnitedHealthcare may not permit certain coupons or offers from pharmaceutical manufacturers to reduce your Copayment or apply to your Annual Drug Deductible. You may access information on which coupons or offers are not permitted through the Internet at www.myuhc.com or by calling the number on your ID card.

If a Brand-name Drug Becomes Available as a Generic

If a Brand-name Prescription Drug Product becomes available as a Generic drug, the tier placement of the Brand-name Prescription Drug Product may change. As a result, your Copay may change. You will pay the Copay applicable for the tier to which the Prescription Drug Product is assigned.

Notification Requirements

Before certain Prescription Drug Products are dispensed to you, it is the responsibility of your Physician, your pharmacist or you to notify UnitedHealthcare or its designee. The reason for notifying UnitedHealthcare or its designee is to determine if the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service as defined by the Plan.
- It is not an Experimental or Investigational or Unproven Service, as defined in Section 14, *Glossary*.

The Plan may also require you to notify UnitedHealthcare or its designee so UnitedHealthcare can determine whether the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, was prescribed by a Specialist Physician.

Network Pharmacy Notification

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for notifying UnitedHealthcare.

If UnitedHealthcare is not notified before the Prescription Drug Product is dispensed, you can ask UnitedHealthcare to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from the Plan as described in Section 9, *Claims Procedures*.

When you submit a claim on this basis, you may pay more because you did not notify UnitedHealthcare before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and any Deductible that applies.

To determine if a Prescription Drug Product requires notification, either visit www.myuhc.com or call the number on your ID card. The Prescription Drug Products requiring notification are subject to UnitedHealthcare's periodic review and modification.

Benefits may not be available for the Prescription Drug Product after UnitedHealthcare reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

UnitedHealthcare may also require notification for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable notification, participation or activation requirements associated with such programs through the Internet at www.myuhc.com or by calling the number on your ID card.

Benefit Levels

Benefits are available for outpatient Prescription Drug Products that are considered Covered Health Services.

The Plan pays Benefits at different levels for tier-1, tier-2 and tier-3 Prescription Drug Products.

All Prescription Drug Products covered by the Plan are categorized into these three tiers on the Prescription Drug List (PDL). The tier status of a Prescription Drug Product can change periodically, generally quarterly but no more than six times per calendar year, based on the Prescription Drug List (PDL) Management Committee's periodic tiering decisions. When that occurs, you may pay more or less for a Prescription Drug Product, depending on its tier assignment. Since the PDL may change periodically, you can visit www.myuhc.com or call UnitedHealthcare at the number on your ID card for the most current information.

Each tier is assigned a Copay, which is the amount you pay after you have met the Annual Prescription Drug Deductible, when you visit the pharmacy or order your medications through mail order. Your Copay will also depend on whether or not you visit the pharmacy or use the mail order service - see the table shown at the beginning of this section for further details. Here's how the tier system works:

- Tier-1 is your lowest Copay option. For the lowest out-of-pocket expense, you should consider tier-1 drugs if you and your Physician decide they are appropriate for your treatment.
- Tier-2 is your middle Copay option. Consider a tier-2 drug if no tier-1 drug is available to treat your condition.
- Tier-3 is your highest Copay option. The drugs in tier-3 are usually more costly. Sometimes there are alternatives available in tier-1 or tier-2.

For Prescription Drug Products at a retail Network Pharmacy, you are responsible for paying the lowest of:

- The applicable Copay.
- The Network Pharmacy's Usual and Customary Charge for the Prescription Drug.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, you are responsible for paying the lower of:

- The applicable Copay.
- The Prescription Drug Charge for that particular Prescription Drug.

Retail

Benefits are provided for Prescription Drug Products dispensed by a retail Network Pharmacy. The Plan has a Network of participating retail pharmacies, which includes many large drug store chains. You can obtain information about Network Pharmacies by contacting UnitedHealthcare at the number on your ID card or by logging onto www.myuhc.com.

To obtain your prescription from a Network Pharmacy, simply present your ID card and pay the Copay, after meeting the Annual Prescription Drug Deductible. The following supply limits apply:

- As written by the provider, up to a consecutive 31-day supply of a Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.
- A one-cycle supply of an oral contraceptive. You may obtain up to three cycles at one time if you pay the Copay for each cycle supplied.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copay that applies will reflect the number of days dispensed.

If you purchase a Prescription Drug from a non-Network Pharmacy, you will be required to pay full price and will not receive reimbursement under the Plan.

Note: Network Pharmacy Benefits apply only if your prescription is for a Covered Health Service, and not for Experimental or Investigational, or Unproven Services. Otherwise, you are responsible for paying 100% of the cost.

Mail Order

Benefits are provided for certain Prescription Drug Products dispensed by a mail order Network Pharmacy. The mail order service may allow you to purchase up to a 90-day supply of a covered Prescription Drug Product through the mail from a Network Pharmacy.

To use the mail order service, all you need to do is complete a patient profile and enclose your Prescription Order or Refill. Your medication, plus instructions for obtaining refills, will arrive by mail about 14 days after your order is received. If you need a patient profile form, or if you have any questions, you can reach UnitedHealthcare at the number on your ID card.

The following supply limits apply: As written by the provider, up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.

You may be required to fill an initial Prescription Drug Product order and obtain one refill through a retail pharmacy prior to using a mail order Network Pharmacy.

Note: To maximize your Benefit, ask your Physician to write your Prescription Order or Refill for a 90-day supply, with refills when appropriate. You will be charged a mail order Copay for any Prescription Order or Refill if you use the mail order service, regardless of the number of days' supply that is written on the order or refill. Be sure your Physician writes your mail order or refill for a 90-day supply, not a 30-day supply with three refills.

Benefits for Preventive Care Medications

Benefits under the Prescription Drug Plan include those for Preventive Care Medications as defined, in this section, under *Glossary - Prescription Drug Products*. You may determine whether a drug is a Preventive Care Medication through the internet at www.myuhc.com or by calling UnitedHealthcare at the number on your ID card. Such preventive drugs are covered at 100%.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, UnitedHealthcare may direct you to a Designated Pharmacy with whom it has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, no Benefit will be paid for that Prescription Drug Product.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

You may fill a prescription for Specialty Prescription Drug Products up to two times at any Network Pharmacy. However, after that you will be directed to a Designated Pharmacy.

If you are directed to a Designated Pharmacy and you choose not to obtain your Specialty Prescription Drug Product from a Designated Pharmacy, no Benefit will be paid for that Specialty Prescription Drug Product.

Please see *Glossary - Outpatient Prescription Drugs*, for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

Refer to the *Outpatient Prescription Drug Schedule of Benefits* for details on Specialty Prescription Drug Product supply limits.

Please see *Glossary - Outpatient Prescription Drugs*, in this section for definitions of [4]Specialty Prescription Drug Product and Designated Pharmacy.

Want to lower your out-of-pocket Prescription Drug Product costs?
Consider tier-1 Prescription Drug Products, if you and your Physician decide they are appropriate.

Assigning Prescription Drug Products to the Prescription Drug List (PDL)

UnitedHealthcare's Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on UnitedHealthcare's behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are most cost effective for specific indications as compared to others, therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed, or according to whether it was prescribed by a Specialist Physician.

The PDL Management Committee may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

Note: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access www.myuhc.com through the Internet or call the number on your ID card for the most up-to-date tier status.

Prescription Drug, Prescription Drug List (PDL), and Prescription Drug List (PDL) Management Committee are defined at the end of this section.

Prescription Drug List (PDL)
The Prescription Drug List (PDL) is a tool that helps guide you and your Physician in choosing the medications that allow the most effective and affordable use of your Prescription Drug Benefit.

Prescription Drug Benefit Claims

For Prescription Drug Product claims procedures, please refer to Section 9, *Claims Procedures.*

Limitation on Selection of Pharmacies

If UnitedHealthcare determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, UnitedHealthcare may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date the Plan Administrator notifies you, UnitedHealthcare will select a single Network Pharmacy for you.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits that are stated in the table under the heading *Prescription Drug Product Coverage Highlights*. For a single Copayment, you may receive a Prescription Drug Product up to the stated supply limit. Whether or not a Prescription Drug Product has a supply limit is subject to UnitedHealthcare's periodic review and modification.

Note: Some products are subject to additional supply limits based on criteria that the Plan Administrator and UnitedHealthcare have developed, subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a supply limit for dispensing, through the Internet at www.myuhc.com or by calling the telephone number on your ID card.

Special Programs

The Company and UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling the number on the back of your ID card.

Prescription Drug Products Prescribed by a Specialist Physician

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist Physician. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit through the Internet at www.myuhc.com or by calling the telephone number on your ID card.

Step Therapy

Certain Prescription Drug Products for which Benefits are described in this section are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may determine whether a particular Prescription Drug Product is subject to step therapy requirements by visiting www.myuhc.com or by calling the number on the back of your ID card.

Rebates and Other Discounts

UnitedHealthcare and the Company may, at times, receive rebates for certain drugs on the PDL, including those drugs that you purchase prior to meeting your Annual Drug Deductible. UnitedHealthcare does not pass these rebates on to you, nor are they applied to the Annual Drug Deductible or taken into account in determining your Copays.

UnitedHealthcare and a number of its affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug* section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug* section. UnitedHealthcare is not required to pass on to you, and does not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, UnitedHealthcare may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, at your discretion, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Chemically Equivalent - when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy - a pharmacy that has entered into an agreement with UnitedHealthcare or with an organization contracting on its behalf, to provide specific Prescription Drug Products including, but not limited to, Specialty Prescription Drug

ATTACHMENT II - LEGAL NOTICES

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, the Plan provides Benefits under the Plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health Plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization or notify the Claims Administrator. For information on notification or prior authorization, contact your issuer.

ATTACHMENT IV – THE GENETIC INFORMATION NONDISCRIMINATION ACT OF 2008 (GINA)

The Genetic Information Nondiscrimination Act of 2008 (GINA)

This group health plan does not discriminate in premium amounts, contributions charged or eligibility for coverage based on any individual's genetic information. The plan does not use, request or require genetic information about anyone covered by the plan. Genetic information, within the context of GINA, includes the following: an individual's genetic tests; the genetic tests of an individual's family members (up to fourth-degree relatives by birth, marriage or adoption); manifestation of disease or disorder in family members of an individual; an individual's request for or receipt of genetic services; and genetic information of a fetus carried by an individual or his or her family.

Any Health Risk Assessment (HRA) completed by a person covered by this plan is in compliance with regulations under GINA.

Medicaid and the Children's Health Insurance Program (CHIP) Free or Low Cost Health Coverage to Children and Families

If you are eligible for health coverage from your employer, but are unable to afford the premiums, some States have premium assistance programs that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for employer-sponsored health coverage, but need assistance in paying their health premiums.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, your employer's health plan is required to permit you and your dependents to enroll in the plan – as long as you and your dependents are eligible, but not already enrolled in the employer's plan. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance.

If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. The following list of States is current as of September 1, 2010. You should contact your State for further information on eligibility.

ATTACHMENT V – THE USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION AND SECURITY OF ELECTRONIC PROTECTED HEALTH INFORMATION

Under the federal privacy regulations enacted pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), your health plans are required to protect the confidentiality of your Protected Health Information (PHI). Protected Health Information is individually identifiable health information related to your condition, services provided to you, or payments made for your care, which is created or received by a health plan, a health care clearinghouse, or a health care provider and identifies you or provides a means by which you could be identified. The Plan and the Plan Sponsor will not use or disclose PHI except for treatment, payment, health plan operations (collectively known as "TPO"), or as permitted or required by other state and federal law, or to Business Associates to help administer the Plan.

Further, the Plan Sponsor will take reasonable steps to ensure that any use or disclosure is the minimum necessary to accomplish the task.

In addition, under the federal security regulations enacted pursuant to HIPAA, your health plans are required to safeguard the confidentiality and ensure the integrity and availability of your Electronic Protected Health Information (ePHI). ePHI is PHI that is maintained or transmitted in electronic form. The Plan and the Plan Sponsor will reasonably and appropriately safeguard ePHI created, received, maintained, or transmitted to or by the Plan Sponsor on behalf of the Plan.

The Plan and Plan Sponsor are separate and independent legal entities, which exchange information to coordinate your Plan coverage. In order to receive PHI from the Plan, the Plan Sponsor agrees to, and has certified to the Plan, that it will:

- Restrict the use or further disclosure of PHI except as permitted by HIPAA or as required by law;
- Ensure that any other entity to whom it provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Plan Sponsor;
- Not use or disclose PHI for employment-related actions or in connection with any other employee benefit plan;
- Not use genetic information that is PHI for underwriting purposes;

- Provide legally required notices of unauthorized acquisition, access or disclosures of your health information as required by law; and
- If feasible, upon termination of the plan, return or destroy all PHI received from the Plan that the Plan Sponsor still maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible.

In order to receive ePHI from the Plan, the Plan Sponsor agrees that it will:

- Service providers to the Plan. This includes County Attorneys, Benefit Consultants, Third Party Administrators, and IT Personnel.

The Plan will limit the use, disclosure or request for PHI to the minimum amount that is reasonably necessary to fulfill a request as set forth in this Agreement. Requests for disclosures other than by legal authority or by the participant will be reviewed by the Privacy Officer or his/her designee.

ATTACHMENT VI– HEALTH INSURANCE MARKETPLACE NOTIFICATION

General Information

When key parts of the health care law took effect in 2014, there was a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace began in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution - as well as your employee contribution to employer-offered coverage - is often excluded from income for Federal and State income tax purposes (pre-tax premiums). Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

*An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as "minimum essential coverage." This Plan provides minimum essential coverage.

Does this Coverage Meet the Minimum Value Standard?

In order for certain types of health coverage (for example, individually purchased insurance or job-based coverage) to qualify as minimum essential coverage, the plan must pay, on average, at least 60 percent of allowed charges for covered services. This is called the "minimum value standard." This Plan does meet the minimum value standard for the benefits it provides.

ADDENDUM - UNITEDHEALTH ALLIES

Introduction

This Addendum to the Summary Plan Description provides discounts for select non-Covered Health Services from Physicians and health care professionals.

When the words "you" and "your" are used the Plan is referring to people who are Covered Persons as the term is defined in the Summary Plan Description (SPD). See Section 14, *Glossary* in the SPD.

Important:
UnitedHealth Allies is not a health insurance plan. You are responsible for the full cost of any services purchased, minus the applicable discount. Always use your health insurance plan for Covered Health Services described in the Summary Plan Description (see Section 5, *Plan Highlights*) when a benefit is available.

What is UnitedHealth Allies?

UnitedHealth Allies is a health value program that offers savings on certain products and services that are not Covered Health Services under your health plan.

Because this is not a health insurance plan, you are not required to receive a referral or submit any claim forms.

Discounts through UnitedHealth Allies are available to you and your Dependents as defined in the Summary Plan Description in Section 14, *Glossary*.

ADDENDUM - PARENTSTEPS®

Introduction

This Addendum to the Summary Plan Description illustrates the benefits you may be eligible for under the ParentSteps® program.

When the words "you" and "your" are used the Plan is referring to people who are Covered Persons as the term is defined in the Summary Plan Description (SPD). See Section 14, *Glossary* in the SPD.

Important:
ParentSteps® is not a health insurance plan. You are responsible for the full cost of any services purchased. ParentSteps® will collect the provider payment from you online via the ParentSteps® website and forward the payment to the provider on your behalf. Always use your health insurance plan for Covered Health Services described in the Summary Plan Description Section 5, *Plan Highlights*, when a benefit is available.

What is ParentSteps®?

ParentSteps® is a discount program that offers savings on certain medications and services for the treatment of infertility that are not Covered Health Services under your health plan.

This program also offers:

- Guidance to help you make informed decisions on where to receive care.
- Education and support resources through experienced infertility nurses.
- Access to providers contracted with UnitedHealthcare that offer discounts for infertility medical services.
- Discounts on select medications when filled through a designated pharmacy partner.

Because this is not a health insurance plan, you are not required to receive a referral or submit any claim forms.

Discounts through this program are available to you and your Dependents. Dependents are defined in the Summary Plan Description in Section 14, *Glossary*.

Registering for ParentSteps®

Prior to obtaining discounts on infertility medical treatment or speaking with an infertility nurse you need to register for the program online at www.myoptumhealthparentsteps.com or by calling ParentSteps® toll-free at 1-877-801-3507.

Selecting a Contracted Provider

After registering for the program you can view ParentSteps® facilities and clinics online based on location, compare IVF cycle outcome data for each participating provider and see the specific rates negotiated by ParentSteps® with each provider for select types of infertility treatment in order to make an informed decision.

Visiting Your Selected Health Care Professional

Once you have selected a provider, you will be asked to choose that clinic for a consultation. You should then call and make an appointment with that clinic and mention you are a ParentSteps® member. ParentSteps® will validate your choice and send a validation email to you and the clinic.

Obtaining a Discount

If you and your provider choose a treatment in which ParentSteps® discounts apply, the provider will enter in your proposed course of treatment. ParentSteps® will alert you, via email, that treatment has been assigned. Once you log in to the ParentSteps® website, you will see your treatment plan with a cost breakdown for your review.

After reviewing the treatment plan and determining it is correct you can pay for the treatment online. Once this payment has been made successfully ParentSteps® will notify your provider with a statement saying that treatments may begin.

Speaking with a Nurse

Once you have successfully registered for the ParentSteps® program you may receive additional educational and support resources through an experienced infertility nurse. You may even work with a single nurse throughout your treatment if you choose.

For questions about diagnosis, treatment options, your plan of care or general support, please contact a ParentSteps® nurse via phone (toll-free) by calling 1-866-774-4626.

ParentSteps® nurses are available from 8 a.m. to 5 p.m. Central Time; Monday through Friday, excluding holidays.

SECTION 2 - INTRODUCTION

What this section includes:

- Who's eligible for coverage under the Plan.
- The factors that impact your cost for coverage.
- Instructions and timeframes for enrolling yourself and your eligible Dependents.
- When coverage begins.
- When you can make coverage changes under the Plan.

Eligibility

You are eligible to enroll in the Plan if you are a regular full-time employee who is scheduled to work at least 40 hours per week, a regular part-time employee who is scheduled to work at least 30 hours per week or a person who retires while covered under the Plan.

Your eligible Dependents may also participate in the Plan. An eligible Dependent is considered to be:

- Your legal Spouse by marriage or common law (a copy of the marriage certificate or common law affidavit is required).
- Civil Union partners (certificate required).
- You and/or your Spouse's, or civil union partner's biological children under the age of 26.
  - Children born through gestational surrogacy are not Dependents under the terms of the Plan unless the surrogate is an eligible Dependent under the terms of the plan and submits legal guardianship of the child to the Plan Administrator.
  - A child of any age who is medically certified as disabled and dependent upon you or your Spouse for their total support.
  - Children placed for adoption or for whom you have obtained legal guardianship.
  - A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order, as described in Section 13, *Other Important Information*.

To be eligible for coverage under the Plan, a Dependent must reside within the United States.

Note: Your Dependents may not enroll in the Plan unless you are also enrolled, except under certain circumstances. Contact the Plan Administrator for details.

Cost of Coverage

You and the Company share in the cost of the Plan. Your contribution amount depends on the Plan you select and the family members you choose to enroll.

Your contributions may be deducted from your paychecks on a before-tax basis. Before-tax dollars come out of your pay before federal income and Social Security taxes are withheld—and in most states, before state and local taxes are withheld. This gives your contributions a special tax advantage and lowers the actual cost to you.

Your contributions are subject to review and the Company reserves the right to change your contribution amount from time to time.

You can obtain current contribution rates by calling Human Resources.

How to Enroll

To enroll, call Human Resources within 31 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 31 days, you will need to wait until the next annual Open Enrollment to make your benefit elections.

Each year during annual Open Enrollment, you have the opportunity to review and change your medical election. Any changes you make during Open Enrollment will become effective the following January 1.

> Important
> If you wish to change your benefit elections following your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact Human Resources within 31 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

When Coverage Begins

Once Human Resources receives your properly completed enrollment, coverage will begin on the first day of the month coinciding with, or following the completion of a 45 days waiting period. Coverage for your Dependents will start on the date your coverage begins, provided you have enrolled them in a timely manner.

Coverage for a Spouse or Dependent stepchild that you acquire via marriage becomes effective the date of your marriage, provided you notify Human Resources within 31 days of your marriage. Coverage for Dependent children acquired through birth, adoption, or placement for adoption is effective the date of the family status change, provided you notify Human Resources within 31 days of the birth, adoption, or placement.

If You Are Hospitalized When Your Coverage Begins

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, the Plan will pay Benefits for Covered Health Services related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Plan.

You should notify UnitedHealthcare within 48 hours of the day your coverage begins, or as soon as is reasonably possible. Network Benefits are available only if you receive Covered Health Services from Network providers.

Changing Your Coverage

You may make coverage changes during the year only if you experience a change in family status. The change in coverage must be consistent with the change in status (e.g., you cover your Spouse following your marriage, your child following an adoption, etc.). The following are considered family status changes for purposes of the Plan:

- Your marriage, divorce, legal separation or annulment.
- The birth, legal adoption, placement for adoption or legal guardianship of a child.
- A change in your Spouse's employment or involuntary loss of health coverage (other than coverage under the Medicare or Medicaid programs) under another employer's plan.
- Loss of coverage due to the exhaustion of another employer's COBRA benefits, provided you were paying for premiums on a timely basis.
- Your death or the death of a Dependent.
- Your Dependent child no longer qualifying as an eligible Dependent.
- A change in your or your Spouse's position or work schedule that impacts eligibility for health coverage.
- Contributions were no longer paid by the employer (this is true even if you or your eligible Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer).
- You or your eligible Dependent who were enrolled in an HMO no longer live or work in that HMO's service area and no other benefit option is available to you or your eligible Dependent.
- Benefits are no longer offered by the Plan to a class of individuals that include you or your eligible Dependent.
- Termination of your or your Dependent's *Medicaid* or *Children's Health Insurance Program (CHIP)* coverage as a result of loss of eligibility (you must contact Human Resources within 60 days of termination).
- You or your Dependent become eligible for a premium assistance subsidy under *Medicaid* or *CHIP* (you must contact Human Resources within 60 days of the date of determination of subsidy eligibility).
- A strike or lockout involving you or your Spouse.
- A court or administrative order.

Unless otherwise noted above, if you wish to change your elections, you must contact Human Resources within 31 days of the change in family status. Otherwise, you will need to wait until the next annual Open Enrollment.

While some of these changes in status are similar to qualifying events under COBRA, you, or your eligible Dependent, do not need to elect COBRA continuation coverage to take advantage of the special enrollment rights listed above. These will also be available to you or your eligible Dependent if COBRA is elected.

Note: Any child under age 26 who is placed with you for adoption will be eligible for coverage on the date the child is placed with you, even if the legal adoption is not yet final. If you do not legally adopt the child, all medical Plan coverage for the child will end when the placement ends. No provision will be made for continuing coverage (such as COBRA coverage) for the child.

Change in Family Status - Example

Jane is married and has two children who qualify as Dependents. At annual Open Enrollment, she elects not to participate in Adams County Government's medical plan, because her husband, Tom, has family coverage under his employer's medical plan. In June, Tom loses his job as part of a downsizing. As a result, Tom loses his eligibility for medical coverage. Due to this family status change, Jane can elect family medical coverage under the Plan Administrator's medical plan outside of annual Open Enrollment.

SECTION 3 - HOW THE PLAN WORKS

What this section includes:

- Accessing Benefits.
- Eligible Expenses.
- Annual Deductible.
- Copayment.
- Coinsurance.
- Out-of-Pocket Maximum.

Accessing Benefits

As a participant in this Plan, you have the freedom to choose the Physician or health care professional you prefer each time you need to receive Covered Health Services. The choices you make affect the amounts you pay, as well as the level of Benefits you receive and any benefit limitations that may apply.

You are eligible for the Network level of Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services.

You can choose to receive Designated Network Benefits, Network Benefits or Non-Network Benefits.

Designated Network Benefits apply to Covered Health Services that are provided by a Network Physician or other provider that is identified as a Designated Provider. Only certain Physicians and providers have been identified as a Designated Provider. Designated Network Benefits are available only for specific Covered Health Services as identified in Section 5, *Plan Highlights*. When Designated Network Benefits apply, they are included in and subject to the same Annual Deductible and Out-of-Pocket Maximum requirements as all other Covered Health Services provided by Network providers.

Network Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider.

Emergency Health Services are always paid as Network Benefits. For facility charges, these are Benefits for Covered Health Services that are billed by a Network facility and provided under the direction of either a Network or non-Network Physician or other provider. Network Benefits include Physician services provided in a Network facility by a Network or a non-Network Emergency room Physician, radiologist, anesthesiologist or pathologist.

Non-Network Benefits apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility. In general health care terminology, Non-Network Benefits may also be referred to as Out-of-Network Benefits.

Depending on the geographic area and the service you receive, you may have access through UnitedHealthcare's Shared Savings Program to non-Network providers who have agreed to discounts negotiated from their charges on certain claims for Covered Health Services. Refer to the definition of Shared Savings Program in Section 14, *Glossary*, of the SPD for details about how the Shared Savings Program applies.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under the Plan. As a result, they may bill you for the entire cost of the services you receive.

Generally, when you receive Covered Health Services from a Network provider, you pay less than you would if you receive the same care from a non-Network provider. Therefore, in most instances, your out-of-pocket expenses will be less if you use a Network provider.

If you choose to seek care outside the Network, the Plan generally pays Benefits at a lower level. You are required to pay the amount that exceeds the Eligible Expense. The amount in excess of the Eligible Expense could be significant, and this amount does not apply to the Out-of-Pocket Maximum. You may want to ask the non-Network provider about their billed charges before you receive care.

Health Services from Non-Network Providers Paid as Network Benefits

If specific Covered Health Services are not available from a Network provider, you may be eligible to receive Network Benefits when Covered Health Services are received from a non-Network provider. In this situation, your Network Physician will notify UnitedHealthcare, and if UnitedHealthcare confirms that care is not available from a Network provider, UnitedHealthcare will work with you and your Network Physician to coordinate care through a non-Network provider.

Looking for a Network Provider?
In addition to other helpful information, www.myuhc.com, UnitedHealthcare's consumer website, contains a directory of health care professionals and facilities in UnitedHealthcare's Network. While Network status may change from time to time, www.myuhc.com has the most current source of Network information. Use www.myuhc.com to search for Physicians available in your Plan.

Network Providers

UnitedHealthcare or its affiliates arrange for health care providers to participate in a Network. At your request, UnitedHealthcare will send you a directory of Network providers free of charge. Keep in mind, a provider's Network status may change. To verify a provider's status or request a provider directory, you can call UnitedHealthcare at the number on your ID card or log onto www.myuhc.com.

Network providers are independent practitioners and are not employees of the Company or UnitedHealthcare.

UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling UnitedHealthcare. A directory of providers is available online at www.myuhc.com or by calling the number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact UnitedHealthcare at the number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract with UnitedHealthcare to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact UnitedHealthcare for assistance.

Designated Provider and Other Providers

If you have a medical condition that UnitedHealthcare believes needs special services, UnitedHealthcare may direct you to a Designated Provider chosen by UnitedHealthcare. If you require certain complex Covered Health Services for which expertise is limited, UnitedHealthcare may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Provider, UnitedHealthcare may reimburse certain travel expenses at UnitedHealthcare's discretion.

In both cases, Network Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Provider, Designated Provider or other provider chosen by UnitedHealthcare.

You or your Network Physician must notify UnitedHealthcare of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify UnitedHealthcare in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Provider) or other non-Network provider, Network Benefits will not be paid. Non-Network Benefits may be available if the special needs services you receive are Covered Health Services for which Benefits are provided under the Plan.

Limitations on Selection of Providers

If UnitedHealthcare determines that you are using health care services in a harmful or abusive manner, you may be required to select a Network Physician to provide and

coordinate all of your future Covered Health Services. If you don't make a selection within 31 days of the date you are notified, UnitedHealthcare will select a single Network Physician for you. In the event that you do not use the selected Network Physician, Covered Health Services will be paid as Non-Network Benefits.

Eligible Expenses

The Company has delegated to UnitedHealthcare the initial discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount UnitedHealthcare determines that UnitedHealthcare will pay for Benefits. For Designated Network Benefits and Network Benefits for Covered Health Services provided by a Network provider, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For Network Benefits for Covered Health Services provided by a non-Network provider (other than Emergency Health Services or services otherwise arranged by UnitedHealthcare, you will be responsible to the non-Network Physician or provider for any amount billed that is greater than the amount UnitedHealthcare determines to be an Eligible Expense as described below. For Non-Network Benefits, you are responsible for paying, directly to the non-Network provider, any difference between the amount the provider bills you and the amount UnitedHealthcare will pay for Eligible Expenses. Eligible Expenses are determined solely in accordance with UnitedHealthcare's reimbursement policy guidelines, as described in the SPD.

For Designated Network Benefits and Network Benefits, Eligible Expenses are based on the following:

- When Covered Health Services are received from a Designated Network and Network provider, Eligible Expenses are UnitedHealthcare's contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as arranged by UnitedHealthcare, Eligible Expenses are an amount negotiated by UnitedHealthcare or an amount permitted by law. Please contact UnitedHealthcare if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible. The Plan will not pay excessive charges or amounts you are not legally obligated to pay..

For Non-Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, based on:
  - Negotiated rates agreed to by the non-Network provider and either UnitedHealthcare or one of UnitedHealthcare's vendors, affiliates or subcontractors, at UnitedHealthcare's discretion.
  - If rates have not been negotiated, then one of the following amounts:

- Eligible Expenses are determined based on 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market, with the exception of the following:

  - 50% of CMS for the same or similar laboratory service.

  - 45% of CMS for the same or similar durable medical equipment, or CMS competitive bid rates.

- When a rate is not published by *CMS* for the service, UnitedHealthcare uses an available gap methodology to determine a rate for the service as follows:
  - For services other than Pharmaceutical Products, UnitedHealthcare uses a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale(s) currently in use become no longer available, UnitedHealthcare will use a comparable scale(s). UnitedHealthcare and *OptumInsight* are related companies through common ownership by UnitedHealth Group. Refer to UnitedHealthcare's website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

  - For Pharmaceutical Products, UnitedHealthcare uses gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reute*rs (published in its *Red Book*), or UnitedHealthcare based on an internally developed pharmaceutical pricing resource.

  - When a rate is not published by *CMS* for the service and a gap methodology does not apply to the service, the Eligible Expense is based on 50% of the provider's billed charge.

- For Mental Health Services and Substance-Related and Addictive Disorders Services the Eligible Expense will be reduced by 25% for Covered Health Services provided by a psychologist and by 35% for Covered Health Services provided by a masters level counselor.

UnitedHealthcare updates the *CMS* published rate data on a regular basis when updated data from *CMS* becomes available. These updates are typically implemented within 30 to 90 days after *CMS* updates its data.

IMPORTANT NOTICE: Non-Network providers may bill you for any difference between the provider's billed charges and the Eligible Expense described here.

Don't Forget Your ID Card
Remember to show your ID card every time you receive health care services from a provider. If you do not show your ID card, a provider has no way of knowing that you are enrolled under the Plan.

Annual Deductible

The Annual Deductible is the amount of Eligible Expenses you must pay each calendar year for some Covered Health Services before you are eligible to begin receiving Benefits. There are separate Network and non-Network Annual Deductibles for this Plan. The amounts you pay toward your Annual Deductible accumulate over the course of the calendar year.

Copayment

A Copayment (Copay) is the amount you pay each time you receive certain Covered Health Services. The Copay is a flat dollar amount and is paid at the time of service or when billed by the provider. Copays count toward the Out-of-Pocket Maximum. Copays do not count toward the Annual Deductible. If the Eligible Expense is less than the Copay, you are only responsible for paying the Eligible Expense and not the Copay.

Coinsurance

Coinsurance is the percentage of Eligible Expenses that you are responsible for paying. Coinsurance is a fixed percentage that applies to certain Covered Health Services after you meet the Annual Deductible.

Out-of-Pocket Maximum

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. There are separate Network and non-Network Out-of-Pocket Maximums for this Plan. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The following will never apply to the Out-of-Pocket Maximum:

- Charges for Non-Covered Health Services.
- The amount of any reduced benefits if you don't notify the Claims Administrator.
- Charges that exceed eligible expenses.

The following table identifies what does and does not apply toward your Network and non-Network Out-of-Pocket Maximums:

Plan Features	Applies to the Network Out-of-Pocket Maximum?	Applies to the Non-Network Out-of-Pocket Maximum?
Copays, including those for Covered Health Services available in Section 15, ***Outpatient Prescription Drugs***	Yes	Yes
Payments toward the Annual Deductible	Yes	Yes
Coinsurance Payments	Yes	Yes
Charges for non-Covered Health Services	No	No
The amounts of any reductions in Benefits you incur by not notifying Care Coordination[SM]	No	No
Charges that exceed Eligible Expenses	No	No

SECTION 4 - CARE COORDINATION[SM]

What this section includes:

- An overview of the Care Coordination[SM] program.
- Covered Health Services for which you need to contact Care Coordination[SM].

UnitedHealthcare provides a program called Care Coordination[SM] designed to encourage personalized, efficient care for you and your covered Dependents.

Care Coordination[SM] nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available. A Care Coordination[SM] nurse is notified when you or your provider calls the number on your ID card regarding an upcoming treatment or service.

Care Coordination[SM] nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice. When the Claims Administrator is called as required, they will work with you to implement the Care CoordinationSM process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.As of the publication of this SPD, the Care CoordinationSM program includes:

- Admission counseling - Nurse Advocates are available to help you prepare for a successful surgical admission and recovery. Call the number on the back of your ID card for support.
- Inpatient care management - If you are hospitalized, a Care CoordinationSM nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.
- Readmission Management - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Care CoordinationSM nurse to confirm that medications, needed equipment, or follow-up services are in place. The Care CoordinationSM nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.
- Risk Management - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Care CoordinationSM nurse to discuss and share important health care information related to the participant's specific chronic or complex condition.

If you do not receive a call from a Care Coordination[SM] nurse but feel you could benefit from any of these programs, please call the number on your ID card.

Contacting UnitedHealthcare or Care Coordination℠ is easy.
Simply call the number on your ID card.

Network providers are generally responsible for notifying the Claims Administrator before they provide certain services to you. However, there are some Network Benefits for which you are responsible for notifying the Claims Administrator.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for notifying the Claims Administrator before you receive these Covered Health Services. In many cases, your Non-Network Benefits will be reduced if the Claims Administrator is not notified.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before the Plan pays Benefits) the notification requirements do not apply to you. Since Medicare is the primary payer, the Plan will pay as secondary payer as described in Section 10, *Coordination of Benefits (COB)*. You are not required to provide notification before receiving Covered Health Services.

SECTION 6 - ADDITIONAL COVERAGE DETAILS

What this section includes:

- Covered Health Services for which the Plan pays Benefits.
- Covered Health Services that require you to notify the Claims Administrator or Care Coordination℠ before you receive them, and any reduction in Benefits that may apply if you do not call the Claims Administrator or Care Coordination℠.

This section supplements the second table in Section 5, *Plan Highlights*.

While the table provides you with Benefit limitations along with Copayment, Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply, as well as Covered Health Services for which you must call the Claims Administrator or Care Coordination℠. The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 8, *Exclusions and Limitations*.

Ambulance Services

The Plan covers Emergency ambulance services and transportation provided by a licensed ambulance service to the nearest Hospital that offers Emergency Health Services. See Section 14, *Glossary* for the definition of Emergency.

Ambulance service by air is covered in an Emergency if ground transportation is impossible, or would put your life or health in serious jeopardy. If special circumstances exist, UnitedHealthcare may pay Benefits for Emergency air transportation to a Hospital that is not the closest facility to provide Emergency Health Services.

Cancer Resource Services (CRS)

The Plan pays Benefits for oncology services provided by a Designated Provider participating in the Cancer Resource Services (CRS) program. Designated Provider is defined in Section 14, *Glossary*.

For oncology services and supplies to be considered Covered Health Services, they must be provided to treat a condition that has a primary or suspected diagnosis relating to cancer. If you or a covered Dependent has cancer, you may:

- Be referred to CRS by the Claims Administrator or Care Coordination℠.
- Call CRS at 1-866-936-6002.
- Visit www.myoptumhealthcomplexmedical.com.

To receive Benefits for a cancer-related treatment, you are not required to visit a Designated Provider. If you receive oncology services from a facility that is not a Designated Provider, the Plan pays Benefits as described under:

- Physician's Office Services - Sickness and Injury.

- Physician Fees for Surgical and Medical Services.
- Scopic Procedures - Outpatient Diagnostic and Therapeutic.
- Therapeutic Treatments - Outpatient.
- Hospital - Inpatient Stay.
- Surgery - Outpatient.

To receive Benefits under the CRS program, you must contact CRS prior to obtaining Covered Health Services. The Plan will only pay Benefits under the CRS program if CRS provides the proper notification to the Designated Provider performing the services (even if you self-refer to a provider in that Network).

Clinical Trials

Benefits are available for routine patient care costs incurred during participation in a qualifying Clinical Trial for the treatment of:

- Cancer or other life-threatening disease or condition. For purposes of this benefit, a life-threatening disease or condition is one from which the likelihood of death is probable unless the course of the disease or condition is interrupted.
- Cardiovascular disease (cardiac/stroke) which is not life threatening, for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.
- Surgical musculoskeletal disorders of the spine, hip and knees, which are not life threatening, for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.
- Other diseases or disorders which are not life threatening for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.

Benefits include the reasonable and necessary items and services used to prevent, diagnose and treat complications arising from participation in a qualifying Clinical Trial.

Benefits are available only when the Covered Person is clinically eligible for participation in the qualifying Clinical Trial as defined by the researcher.

Routine patient care costs for qualifying Clinical Trials include:

- Covered Health Services for which Benefits are typically provided absent a Clinical Trial.
- Covered Health Services required solely for the provision of the Experimental or Investigational Service(s) or item, the clinically appropriate monitoring of the effects of the service or item, or the prevention of complications.
- Covered Health Services needed for reasonable and necessary care arising from the provision of an Experimental or Investigational Service(s) or item.

Routine costs for Clinical Trials do not include:

- The Experimental or Investigational Service(s) or item. The only exceptions to this are:
  - Certain *Category B* devices.
  - Certain promising interventions for patients with terminal illnesses.
  - Other items and services that meet specified criteria in accordance with UnitedHealthcare's medical and drug policies.

- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.
- A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- Items and services provided by the research sponsors free of charge for any person enrolled in the trial.

With respect to cancer or other life-threatening diseases or conditions, a qualifying Clinical Trial is a Phase I, Phase II, Phase III, or Phase IV Clinical Trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and which meets any of the following criteria in the bulleted list below.

With respect to cardiovascular disease or musculoskeletal disorders of the spine, hip and knees and other diseases or disorders which are not life-threatening, a qualifying Clinical Trial is a Phase I, Phase II, or Phase III Clinical Trial that is conducted in relation to the detection or treatment of such non-life-threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

- Federally funded trials. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
  - *National Institutes of Health (NIH).* (Includes *National Cancer Institute (NCI)*).
  - *Centers for Disease Control and Prevention (CDC).*
  - *Agency for Healthcare Research and Quality (AHRQ).*
  - *Centers for Medicare and Medicaid Services (CMS).*
  - A cooperative group or center of any of the entities described above or the *Department of Defense (DOD)* or the *Veterans Administration (VA).*
  - A qualified non-governmental research entity identified in the guidelines issued by the *National Institutes of Health* for center support grants.
  - The *Department of Veterans Affairs*, the *Department of Defense* or the *Department of Energy* as long as the study or investigation has been reviewed and approved through a system of peer review that is determined by the *Secretary of Health and Human Services* to meet both of the following criteria:

    - Comparable to the system of peer review of studies and investigations used by the *National Institutes of Health*.

- ♦ Ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.

- The study or investigation is conducted under an investigational new drug application reviewed by the *U.S. Food and Drug Administration*.
- The study or investigation is a drug trial that is exempt from having such an investigational new drug application.
- The Clinical Trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (IRBs) before participants are enrolled in the trial. UnitedHealthcare may, at any time, request documentation about the trial.
- The subject or purpose of the trial must be the evaluation of an item or service that meets the definition of a Covered Health Service and is not otherwise excluded under the Plan.

Please remember that you must notify the Claims Administrator as soon as the possibility of participation in a Clinical Trial arises. If the Claims Administrator is not notified, Benefits will be reduced to 50% of Eligible Expenses.

Congenital Heart Disease (CHD) Surgeries

The Plan pays Benefits for Congenital Heart Disease (CHD) surgeries which are ordered by a Physician. CHD surgical procedures include surgeries to treat conditions such as coarctation of the aorta, aortic stenosis, tetralogy of fallot, transposition of the great vessels and hypoplastic left or right heart syndrome.

UnitedHealthcare has specific guidelines regarding Benefits for CHD services. Contact UnitedHealthcare at the number on your ID card for information about these guidelines.

The Plan pays Benefits for CHD services ordered by a Physician and received at a facility participating in the CHD Resource Services program. Benefits include the facility charge and the charge for supplies and equipment. Benefits for Physician services are described under *Physician Fees for Surgical and Medical Services*.

Surgery may be performed as open or closed surgical procedures or may be performed through interventional cardiac catheterization.

- Outpatient diagnostic testing.
- Evaluation.
- Surgical interventions.
- Interventional cardiac catheterizations (insertion of a tubular device in the heart).

- Fetal echocardiograms (examination, measurement and diagnosis of the heart using ultrasound technology).
- Approved fetal interventions.

CHD services other than those listed above are excluded from coverage, unless determined by the Claims Administrator to be proven procedures for the involved diagnoses. Contact CHD Resource Services at 1-888-936-7246 before receiving care for information about CHD services. More information is also available at www.myoptumhealthcomplexmedical.com.

If you receive Congenital Heart Disease services from a facility that is not a Designated Provider, the Plan pays Benefits as described under:

- Physician's Office Services - Sickness and Injury.
- Physician Fees for Surgical and Medical Services.
- Scopic Procedures - Outpatient Diagnostic and Therapeutic.
- Therapeutic Treatments - Outpatient.
- Hospital - Inpatient Stay.
- Surgery - Outpatient.

To receive Benefits under the CHD program, you must contact CHD Resource Services at 1-888-936-7246 prior to obtaining Covered Health Services. The Plan will only pay Benefits under the CHD program if CHD provides the proper notification to the Designated Provider performing the services (even if you self-refer to a provider in that Network).

Please remember, for Covered Health Services required to be received by a Designated Provider, you must notify the Claims Administrator as soon as the possibility of a CHD surgery arises. If you do not notify the Claims Administrator and if, as a result, the CHD surgeries are not performed by a Designated Provider, Benefits will not be paid. Non-Network Benefits will apply.

Please remember that for Non-Network Benefits you must notify the Claims Administrator as soon as the possibility of a CHD surgery arises.

For Non-Network Benefits, if the Claims Administrator is not notified, Benefits will be reduced to 50% of Eligible Expenses.

- Treatment is necessary because of accidental damage.
- Dental services are received from a Doctor of Dental Surgery or a Doctor of Medical Dentistry.
- The dental damage is severe enough that initial contact with a Physician or dentist occurs within 72 hours of the accident. (You may request an extension of this time period provided that you do so within 60 days of the Injury and if extenuating circumstances exist due to the severity of the Injury.)

Please note that dental damage that occurs as a result of normal activities of daily living or extraordinary use of the teeth is not considered having occurred as an accident. Benefits are not available for repairs to teeth that are damaged as a result of such activities.

The Plan also covers dental care (oral examination, X-rays, extractions and non-surgical elimination of oral infection) required for the direct treatment of a medical condition limited to:

- Dental services related to medical transplant procedures.
- Initiation of immunosuppressive (medication used to reduce inflammation and suppress the immune system).
- Direct treatment of acute traumatic Injury, cancer or cleft palate.

Dental services for final treatment to repair the damage caused by accidental Injury must be started within three months of the accident, or if not a Covered Person at the time of the accident, within the first three months of coverage under the Plan, unless extenuating circumstances exist (such as prolonged hospitalization or the presence of fixation wires from fracture care) and completed within 12 months of the accident, or if not a Covered Person at the time of the accident, within the first 12 months of coverage under the Plan.

The Plan pays for treatment of accidental Injury only for:

- Emergency examination.
- Necessary diagnostic X-rays.
- Endodontic (root canal) treatment.
- Temporary splinting of teeth.
- Prefabricated post and core.
- Simple minimal restorative procedures (fillings).
- Extractions.
- Post-traumatic crowns if such are the only clinically acceptable treatment.
- Replacement of lost teeth due to the Injury by implant, dentures or bridges.

Any combination of Network Benefits and Non-Network Benefits is limited to $3,000 per calendar year. Benefits are further limited to a maximum of $900 per tooth.

Diabetes Services

Diabetes Self-Management and Training/Diabetic Eye Examinations/Foot Care

Outpatient self-management training for the treatment of diabetes, education and medical nutrition therapy services. Services must be ordered by a Physician and provided by appropriately licensed or registered health care professionals.

Benefits also include medical eye examinations (dilated retinal examinations) and preventive foot care for diabetes.

Diabetic Self-Management Items

Insulin pumps and supplies and continuous glucose monitors for the management and treatment of diabetes, based upon the medical needs. An insulin pump is subject to all the conditions of coverage stated under Durable Medical Equipment. Benefits for blood glucose meters, insulin syringes with needles, blood glucose and urine test strips, ketone test strips and tablets and lancets and lancet devices are described is Section 15, *Outpatient Prescription Drugs*.

Please remember for Non-Network Benefits, you must notify the Claims Administrator before obtaining any Durable Medical Equipment for the management and treatment of diabetes if the purchase, rental, repair or replacement of DME will cost more than $1,000. If the Claims Administrator is not notified, Benefits will be reduced to 50% of Eligible Expenses.

Durable Medical Equipment (DME)

The Plan pays for Durable Medical Equipment (DME) that is:

- Ordered or provided by a Physician for outpatient use.
- Used for medical purposes.
- Not consumable or disposable.
- Not of use to a person in the absence of a Sickness, Injury or disability.
- Durable enough to withstand repeated use.
- Appropriate for use in the home.

If more than one piece of DME can meet your functional needs, you will receive Benefits only for the most Cost-Effective piece of equipment. Benefits are provided for a single unit of DME (example: one insulin pump) and for repairs of that unit.

Examples of DME include but are not limited to:

- Equipment to administer oxygen.
- Equipment to assist mobility, such as a standard wheelchair.

- Hospital beds.
- Delivery pumps for tube feedings.
- Negative pressure wound therapy pumps (wound vacuums).
- Burn garments.
- Insulin pumps and all related necessary supplies as described under *Diabetes Services* in this section.
- External cochlear devices and systems. Surgery to place a cochlear implant is also covered by the Plan. Cochlear implantation can either be an inpatient or outpatient procedure. See *Hospital - Inpatient Stay*, *Rehabilitation Services - Outpatient Therapy* and *Surgery - Outpatient* in this section.
- Braces that stabilize an injured body part, including necessary adjustments to shoes to accommodate braces. Braces that stabilize an injured body part and braces to treat curvature of the spine are considered Durable Medical Equipment and are a Covered Health Service. Braces that straighten or change the shape of a body part are orthotic devices and are excluded from coverage. Dental braces are also excluded from coverage.
- Mechanical equipment necessary for the treatment of chronic or acute respiratory failure (except that air-conditioners, humidifiers, dehumidifiers, air purifiers and filters, and personal comfort items are excluded from coverage).

The Plan also covers tubings, nasal cannulas, connectors and masks used in connection with DME.

Benefits also include speech aid devices and tracheo-esophageal voice devices required for treatment of severe speech impediment or lack of speech directly attributed to Sickness or Injury. Benefits for the purchase of speech aid devices and tracheo-esophageal voice devices are available only after completing a required three-month rental period.

Note: DME is different from prosthetic devices - see *Prosthetic Devices* in this section.

Benefits for speech aid devices and tracheo-esophageal voice devices are limited to the purchase of one device during the entire period of time a Covered Person is enrolled under the Plan. Benefits for repair/replacement are limited to once every three years.

Benefits are provided for the repair/replacement of a type of Durable Medical Equipment once every three calendar years.

At UnitedHealthcare's discretion, replacements are covered for damage beyond repair with normal wear and tear, when repair costs exceed new purchase price, or when a change in the Covered Person's medical condition occurs sooner than the three year timeframe. Repairs, including the replacement of essential accessories, such as hoses, tubes, mouth pieces, etc., for necessary DME are only covered when required to make the item/device serviceable and the estimated repair expense does not exceed the cost of purchasing or renting another item/device. Requests for repairs may be made at any time and are not subject to the three year timeline for replacement.

Please remember for Non-Network Benefits, you must notify the Claims Administrator if the retail purchase cost or cumulative rental cost of a single item will exceed $1,000. If the Claims Administrator is not notified, Benefits will be reduced to 50% of Eligible Expenses.

Emergency Health Services - Outpatient

The Plan's Emergency services Benefit pays for outpatient treatment at a Hospital or Alternate Facility when required to stabilize a patient or initiate treatment.

Network Benefits will be paid for an Emergency admission to a non-Network Hospital as long as the Claims Administrator is notified within two business days of the admission or on the same day of admission if reasonably possible after you are admitted to a non-Network Hospital. The Claims Administrator may elect to transfer you to a Network Hospital as soon as it is medically appropriate to do so. If you continue your stay in a non-Network Hospital after the date your Physician determines that it is medically appropriate to transfer you to a Network Hospital, Network Benefits will not be provided. Non-Network Benefits may be available if the continued stay is determined to be a Covered Health Service. Eligible Expenses will be determined as described under ***Eligible Expenses*** in Section 3, ***How the Plan Works***.

Benefits under this section are provided only for Pharmaceutical Products which, due to their characteristics (as determined by UnitedHealthcare), must typically be administered or directly supervised by a qualified provider or licensed/certified health professional. Benefits under this section do not include medications that are typically available by prescription order or refill at a pharmacy.

UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling the number on your ID card.

Preventive Care Services

The Plan pays Benefits for Preventive care services provided on an outpatient basis at a Physician's office, an Alternate Facility or a Hospital. Preventive care services encompass medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to have a beneficial effect on health outcomes and include the following as required under applicable law:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
- Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.

Preventive care Benefits defined under the *Health Resources and Services Administration (HRSA)* requirement include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Breast pumps must be ordered by or provided by a Physician. You can obtain additional information on how to access Benefits for breast pumps by going to www.myuhc.com or by calling the number on your ID card. Benefits for breast pumps also include the cost of purchasing one breast pump per Pregnancy in conjunction with childbirth. These Benefits are described under Section 5, *Plan Highlights*, under *Covered Health Services*.

If more than one breast pump can meet your needs, Benefits are available only for the most cost effective pump. UnitedHealthcare will determine the following:

- Which pump is the most cost effective.
- Whether the pump should be purchased or rented.
- Duration of a rental.
- Timing of an acquisition.

Benefits are only available if breast pumps are obtained from a DME provider or Physician.

For questions about your preventive care Benefits under this Plan call the number on the back of your ID card.

Prosthetic Devices

Benefits are paid by the Plan for external prosthetic devices that replace a limb or body part limited to:

- Artificial arms, legs, feet and hands.
- Artificial face, eyes, ears and noses.

Benefits under this section are provided only for external prosthetic devices and do not include any device that is fully implanted into the body.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the prosthetic device that meets the minimum specifications for your needs. The device must be ordered or provided either by a Physician, or under a Physician's direction. If you purchase a prosthetic device that exceeds these minimum specifications, the Plan will pay only the amount that it would have paid for the prosthetic that meets the minimum specifications, and you may be responsible for paying any difference in cost.

Benefits are available for repairs and replacement, except that:

- There are no Benefits for repairs due to misuse, malicious damage or gross neglect.
- There are no Benefits for replacement due to misuse, malicious damage, gross neglect or for lost or stolen prosthetic devices.

Benefits are limited to a single purchase of each type of prosthetic device every three calendar years.

Note: Prosthetic devices are different from DME - see *Durable Medical Equipment (DME)* in this section.

For Non-Network Benefits you must notify the Claims Administrator before obtaining prosthetic devices that exceed [$1,000 in cost per device. If the Claims Administrator is not notified, Benefits will be reduced to 50% of Eligible Expenses.

Reconstructive Procedures

Reconstructive Procedures are services performed when the primary purpose of the procedure is either to treat a medical condition or to improve or restore physiologic function for an organ or body part. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Improving or restoring physiologic function means that the organ or body part is made to work better. An example of a Reconstructive Procedure is surgery on the inside of the nose so that a person's breathing can be improved or restored.

Benefits for Reconstructive Procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Replacement of an existing breast implant is covered by the Plan if the initial breast implant followed a mastectomy. Other services required by the *Women's Health and Cancer Rights Act of 1998*, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact UnitedHealthcare at the number on your ID card for more information about Benefits for mastectomy-related services.

There may be times when the primary purpose of a procedure is to make a body part work better. However, in other situations, the purpose of the same procedure is to improve the appearance of a body part. Cosmetic procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. A good example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a reconstructive procedure. In other cases, improvement in appearance is the primary intended purpose, which is considered a Cosmetic Procedure. This Plan does not provide Benefits for Cosmetic Procedures, as defined in Section 14, *Glossary*.

The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as a reconstructive procedure.

Please remember that for Non-Network Benefits you must notify the Claims Administrator five business days before a scheduled reconstructive procedure is performed or, for non-scheduled procedures, within one business day or as soon as is reasonably possible. When you provide notification, the Claims Administrator can determine whether the service is considered reconstructive or cosmetic. Cosmetic Procedures are always excluded from coverage. If the Claims Administrator is not notified, Benefits will be reduced to 50% of Eligible Expenses.

The Plan provides short-term outpatient rehabilitation services (including habilitative services) limited to:

- Physical therapy.
- Occupational therapy.
- Manipulative Treatment.
- Speech therapy.
- Post-cochlear implant aural therapy.
- Pulmonary rehabilitation.
- Cardiac rehabilitation.

For all rehabilitation services, a licensed therapy provider, under the direction of a Physician (when required by state law), must perform the services. Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility. Rehabilitative services provided in a Covered Person's home by a Home Health Agency are provided as described under ***Home Health Care***. Rehabilitative services provided in a Covered Person's home other than by a Home Health Agency are provided as described under this section.

Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if rehabilitation goals have previously been met. Benefits under this section are not available for maintenance/preventive treatment.

For outpatient rehabilitation services for speech therapy, the Plan will pay Benefits for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, Congenital Anomaly, or Autism Spectrum Disorder.

Habilitative Services

For the purpose of this Benefit, "habilitative services" means Medically Necessary skilled health care services that help a person keep, learn or improve skills and functioning for daily living. Habilitative services are skilled when all of the following are true:

- The services are part of a prescribed plan of treatment or maintenance program that is Medically Necessary to maintain a Covered Person's current condition or to prevent or slow further decline.
- It is ordered by a Physician and provided and administered by a licensed provider.
- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.
- It is not Custodial Care.

The Claims Administrator will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. Therapies provided for the purpose of general well-being or conditioning in the absence of a disabling condition are not considered habilitative services. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are provided for habilitative services provided for Covered Persons with a disabling condition when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist or Physician.
- The initial or continued treatment must be proven and not Experimental or Investigational.

Benefits for habilitative services do not apply to those services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and Residential Treatment are not habilitative services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

The Plan may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow the Plan to substantiate that initial or continued medical treatment is needed. When the treating provider anticipates that continued treatment is or will be required to permit the Covered Person to achieve demonstrable progress, the Plan may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

Benefits for Durable Medical Equipment and prosthetic devices, when used as a component of habilitative services, are described under ***Durable Medical Equipment*** and ***Prosthetic Devices.***

Any combination of Network Benefits and Non-Network Benefits are limited to:

- 20 visits per calendar year for physical therapy.
- 20 visits per calendar year for occupational therapy.

- 20 visits per calendar year for speech therapy.
- 20 visits per calendar year for pulmonary rehabilitation therapy.
- 36 visits per calendar year for cardiac rehabilitation therapy.

When these services are performed for preventive screening purposes, Benefits are described in this section under *Preventive Care Services*.

Skilled Nursing Facility/Inpatient Rehabilitation Facility Services

Facility services for an Inpatient Stay in a Skilled Nursing Facility or Inpatient Rehabilitation Facility are covered by the Plan. Benefits include:

- Supplies and non-Physician services received during the Inpatient Stay.
- Room and board in a Semi-private Room (a room with two or more beds).
- Physician services for radiologists, anesthesiologists and pathologists.

Benefits are available when skilled nursing and/or Inpatient Rehabilitation Facility services are needed on a daily basis. Benefits are also available in a Skilled Nursing Facility or Inpatient Rehabilitation Facility for treatment of a Sickness or Injury that would have otherwise required an Inpatient Stay in a Hospital.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services.*

UnitedHealthcare will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are available only if both of the following are true:

- The initial confinement in a Skilled Nursing Facility or Inpatient Rehabilitation Facility was or will be a Cost Effective alternative to an Inpatient Stay in a Hospital.
- You will receive skilled care services that are not primarily Custodial Care.

Skilled care is skilled nursing, skilled teaching, and skilled rehabilitation services when all of the following are true:

- It must be delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome, and provide for the safety of the patient.
- It is ordered by a Physician.
- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.

You are expected to improve to a predictable level of recovery. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if discharge rehabilitation goals have previously been met.

5. Solid organ Transplant that is performed as a treatment for Cancer.

Travel

1. Health services provided in a foreign country, unless required as Emergency Health Services.

- That are received after the date your coverage under this Plan ends, including health services for medical conditions which began before the date your coverage under the Plan ends.

   For the purpose of this exclusion, a "complication" is an unexpected or unanticipated condition that is superimposed on an existing disease and that affects or modifies the prognosis of the original disease or condition. Examples of a "complication" are bleeding or infections, following a Cosmetic Procedure, that require hospitalization.

SECTION 9 - CLAIMS PROCEDURES

What this section includes:

- How Network and non-Network claims work.
- What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Copay or Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for meeting the Annual Deductible and paying any Copay or Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on the back of your ID card.

You must submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to UnitedHealthcare within 15 months of the date of service, Benefits for that health service will be denied or reduced, at UnitedHealthcare's discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Prescription Drug Benefit Claims

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

- You are asked to pay the full cost of the Prescription Drug Product when you fill it and you believe that the Plan should have paid for it.
- You pay a Copay and you believe that the amount of the Copay was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Service, you may submit a pre-service request for Benefits as described in this section.

If Your Provider Does Not File Your Claim

You can obtain a claim form by visiting www.myuhc.com, calling the toll-free number on your ID card or contacting Human Resources. If you do not have a claim form, simply attach a brief letter of explanation to the bill, and verify that the bill contains the information

listed below. If any of these items are missing from the bill, you can include them in your letter:

- Your name and address.
- The patient's name, age and relationship to the Participant.
- The number as shown on your ID card.
- The name, address and tax identification number of the provider of the service(s).
- A diagnosis from the Physician.
- The date of service.
- An itemized bill from the provider that includes:
  - The *Current Procedural Terminology (CPT)* codes.
  - A description of, and the charge for, each service.
  - The date the Sickness or Injury began.
  - A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card. When filing a claim for outpatient Prescription Drug Product Benefits, submit your claim to the pharmacy benefit manager claims address noted on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the non-Network provider the charges you incurred, including any difference between what you were billed and what the Plan paid.

Payment of Benefits

You may not assign your Benefits under the Plan or any cause of action related to your Benefits under the Plan to a non-Network provider without UnitedHealthcare's consent. When you assign your Benefits under the Plan to a non-Network provider with UnitedHealthcare's consent, and the non-Network provider submits a claim for payment, you and the non-Network provider represent and warrant that the Covered Health Services were actually provided and were medically appropriate.

When UnitedHealthcare has not consented to an assignment, UnitedHealthcare will send the reimbursement directly to you (the Participant) for you to reimburse the non-Network provider upon receipt of their bill. However, UnitedHealthcare reserves the right, in its discretion, to pay the non-Network provider directly for services rendered to you. When exercising its discretion with respect to payment, UnitedHealthcare may consider whether you have requested that payment of your Benefits be made directly to the non-Network provider. Under no circumstances will UnitedHealthcare pay Benefits to anyone other than you or, in its discretion, your provider. Direct payment to a non-Network provider shall not

be deemed to constitute consent by UnitedHealthcare to an assignment or to waive the consent requirement. When UnitedHealthcare in its discretion directs payment to a non-Network provider, you remain the sole beneficiary of the payment, and the non-Network provider does not thereby become a beneficiary. Accordingly, legally required notices concerning your Benefits will be directed to you, although UnitedHealthcare may in its discretion send information concerning the Benefits to the non-Network provider as well. If payment to a non-Network provider is made, the Plan reserves the right to offset Benefits to be paid to the provider by any amounts that the provider owes the Plan (including amounts owed as a result of the assignment of other plans' overpayment recovery rights to the Plan), pursuant to *Refund of Overpayments* in Section 10 *Coordination of Benefits*.

Form of Payment of Benefits

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in the form of other consideration that UnitedHealthcare in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of amounts the provider owes to other plans for which UnitedHealthcare makes payments, where the Plan has taken an assignment of the other plans' recovery rights for value.

Health Statements

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at www.myuhc.com. You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

Explanation of Benefits (EOB)

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also view and print all of your EOBs online at www.myuhc.com. See Section 14, *Glossary*, for the definition of Explanation of Benefits.

Important - Timely Filing of Non-Network Claims
All claim forms for non-Network services must be submitted within 15 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by UnitedHealthcare. This 12-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Denials and Appeals

If Your Claim is Denied

If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim

If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit urgent care appeals in writing. This communication should include:

- The patient's name and ID number as shown on the ID card.
- The provider's name.
- The date of medical service.
- The reason you disagree with the denial.
- Any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare - Appeals
P.O. Box 30432
Salt Lake City, Utah 84130-0432

For urgent care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

Types of claims

The timing of the claims appeal process is based on the type of claim you are appealing. If you wish to appeal a claim, it helps to understand whether it is an:

- Urgent care request for Benefits.
- Pre-service request for Benefits.
- Post-service claim.
- Concurrent claim.

Review of an Appeal

UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- An appropriate individual(s) who did not make the initial benefit determination.
- A health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Filing a Second Appeal

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from UnitedHealthcare within 60 days from receipt of the first level appeal determination.

Note: Upon written request and free of charge, any Covered Persons may examine documents relevant to their claim and/or appeals and submit opinions and comments. UnitedHealthcare will review all claims in accordance with the rules established by the *U.S. Department of Labor*.

Federal External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by UnitedHealthcare, or if UnitedHealthcare fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of UnitedHealthcare's determination. The process is available at no charge to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received UnitedHealthcare's decision.

An external review request should include all of the following:

- A specific request for an external review.
- The Covered Person's name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review is comprised of all of the following:

- A preliminary review by UnitedHealthcare of the request.
- A referral of the request by UnitedHealthcare to the IRO.
- A decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The IRO will notify you in writing of the request's eligibility and acceptance for external review. You may submit in writing to the IRO within ten business days following the date of receipt of the notice additional information that the IRO will consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making UnitedHealthcare's determination. The documents include:

- All relevant medical records.
- All other documents relied upon by UnitedHealthcare.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim as new and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing UnitedHealthcare's determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision is that payment or referral will not be made, the Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the

life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, UnitedHealthcare will determine whether the individual meets both of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim as new and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Timing of Appeals Determinations

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- Urgent care request for Benefits - a request for Benefits provided in connection with urgent care services.
- Pre-Service request for Benefits - a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-urgent care is provided.
- Post-Service - a claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the Claims Administrator's decision letter to you.

The tables below describe the time frames which you and UnitedHealthcare are required to follow.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. UnitedHealthcare will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Limitation of Action

You cannot bring any legal action against the Plan Administrator or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against the Plan Administrator or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against the Plan Administrator or the Claims Administrator.

You cannot bring any legal action against the Plan Administrator or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against the Plan Administrator or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against the Plan Administrator or the Claims Administrator.

SECTION 10 - COORDINATION OF BENEFITS (COB)

What this section includes:
- How your Benefits under this Plan coordinate with other medical plans.
- How coverage is affected if you become eligible for Medicare.
- Procedures in the event the Plan overpays Benefits.

Coordination of Benefits (COB) applies to you if you are covered by more than one health benefits plan, including any one of the following:

- Another employer sponsored health benefits plan.
- A medical component of a group long-term care plan, such as skilled nursing care.
- No-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy.
- Medical payment benefits under any premises liability or other types of liability coverage.
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the primary plan. How much this Plan will reimburse you, if anything, will also depend in part on the allowable expense. The term, "allowable expense," is further explained below.

Don't forget to update your Dependents' Medical Coverage Information
Avoid delays on your Dependent claims by updating your Dependent's medical coverage information. Just log on to www.myuhc.com or call the toll-free number on your ID card to update your COB information. You will need the name of your Dependent's other medical coverage, along with the policy number.

Determining Which Plan is Primary

Order of Benefit Determination Rules

If you are covered by two or more plans, the benefit payment follows the rules below in this order:

- This Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy.
- When you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first.
- A plan that covers a person as an employee pays benefits before a plan that covers the person as a dependent.

- If you are receiving COBRA continuation coverage under another employer plan, this Plan will pay Benefits first.
- Your dependent children will receive primary coverage from the parent whose birth date occurs first in a calendar year. If both parents have the same birth date, the plan that pays benefits first is the one that has been in effect the longest. This birthday rule applies only if:
  - The parents are married or living together whether or not they have ever been married and not legally separated.
  - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.
- If two or more plans cover a dependent child of divorced or separated parents and if there is no court decree stating that one parent is responsible for health care, the child will be covered under the plan of:
  - The parent with custody of the child; then
  - The Spouse of the custodial parent; then
  - The parent not having custody of the child; then
  - The Spouse of the non-custodial .
- Plans for active employees pay before plans covering laid-off or retired employees.
- The plan that has covered the individual claimant the longest will pay first.
- Finally, if none of the above rules determines which plan is primary or secondary, the allowable expenses shall be shared equally between the plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the primary Plan.

The following examples illustrate how the Plan determines which plan pays first and which plan pays second.

Determining Primary and Secondary Plan - Examples

1) Let's say you and your Spouse both have family medical coverage through your respective employers. You are unwell and go to see a Physician. Since you're covered as a Participant under this Plan, and as a Dependent under your Spouse's plan, this Plan will pay Benefits for the Physician's office visit first.

2) Again, let's say you and your Spouse both have family medical coverage through your respective employers. You take your Dependent child to see a Physician. This Plan will look at your birthday and your Spouse's birthday to determine which plan pays first. If you were born on June 11 and your Spouse was born on May 30, your Spouse's plan will pay first.

When This Plan is Secondary

If this Plan is secondary, it determines the amount it will pay for a Covered Health Service by following the steps below.

- The Plan determines the amount it would have paid based on the allowable expense.
- The Plan pays the entire difference between the allowable expense and the amount paid by the primary plan - as long as this amount is not more than the Plan would have paid had it been the only plan involved.
- If, based on the allowable expense, the Plan would have paid more if it were the only plan involved, the difference between the amount it would have paid and the amount it actually paid is recorded as a benefit reserve for the Covered Person. This reserve can be used to pay any future allowable expenses not otherwise paid by the Plan during the calendar year.
- At the end of the calendar year, the benefit reserve returns to zero. A new benefit reserve is created for each calendar year.

You will be responsible for any Copay, Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you may receive from all plans cannot exceed 100% of the allowable expense.

Determining the Allowable Expense If This Plan is Secondary

> What is an allowable expense?
> For purposes of COB, an allowable expense is a health care expense that is covered at least in part by one of the health benefit plans covering you.

When the provider is a Network provider for both the primary plan and this Plan, the allowable expense is the primary plan's network rate. When the provider is a network provider for the primary plan and a non-Network provider for this Plan, the allowable expense is the primary plan's network rate. When the provider is a non-Network provider for the primary plan and a Network provider for this Plan, the allowable expense is the reasonable and customary charges allowed by the primary plan. When the provider is a non-Network provider for both the primary plan and this Plan, the allowable expense is the greater of the two Plans' reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled "Determining the Allowable Expense When This Plan is Secondary to Medicare".

When a Covered Person Qualifies for Medicare

Determining Which Plan is Primary

As permitted by law, this Plan will pay Benefits second to Medicare when you become enrolled in Medicare. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older (however, domestic partners are excluded as provided by Medicare).

- Individuals with end-stage renal disease, for a limited period of time.
- Disabled individuals under age 65 with current employment status and their Dependents under age 65.

Determining the Allowable Expense When This Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the allowable expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service. Medicare typically reimburses such providers a percentage of its approved charge – often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare – typically 115% of the Medicare approved amount) will be the allowable expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the allowable expense.

If you are enrolled in Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from a provider that does not participate in the Medicare program (as opposed to a provider who does not accept assignment of Medicare benefits), Benefits will be paid on a secondary basis under this Plan.

When calculating the Plan's Benefits in these situations, and when Medicare does not issue an EOMB, for administrative convenience UnitedHealthcare will treat the provider's billed charges for covered services as the allowable expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

Medicare Crossover Program

The Plan offers a Medicare Crossover program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated Crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated crossover took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This crossover process does not apply to expenses that Medicare does not cover. You must continue to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on the back of your ID card.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. UnitedHealthcare may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

UnitedHealthcare does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give UnitedHealthcare any facts needed to apply those rules and determine benefits payable. If you do not provide UnitedHealthcare the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future Benefits that are payable under the Plan. The reductions will equal the amount of the required refund. The Company also reserves the right to recover any overpayment by legal action.

If the Plan overpays a health care provider, UnitedHealthcare reserves the right to recover the excess amount from the provider pursuant to ***Refund of Overpayments***, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to the Plan if:

- The Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by the Covered Person, but all or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help the Plan get the refund when requested.

SECTION 11 - SUBROGATION AND REIMBURSEMENT

The Plan has a right to subrogation and reimbursement. References to "you" or "your" in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly to be responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation - Example
Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any Benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement - Example
Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- The Plan Sponsor in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide Benefits or payments to you, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.

- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
  - Notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
  - Providing any relevant information requested by the Plan.
  - Signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim.
  - Responding to requests for information about any accident or injuries.
  - Making court appearances.
  - Obtaining the Plan's consent or its agents' consent before releasing any party from liability or payment of medical expenses.
  - Complying with the terms of this section.

  Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.
- The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.

- Benefits paid by the Plan may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits from the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets to the extent of the amount of Plan Benefits provided on behalf of the Covered Person, (ii) you and your representative shall be fiduciaries of the Plan (within the meaning of ERISA),if applicable with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.
- The Plan's rights to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any Benefits, claims or rights of recovery you have under any automobile policy - including no-fault Benefits, PIP Benefits and/or medical payment Benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting Benefits, you acknowledge and recognize the Plan's right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- The Plan may, at its option, take necessary and appropriate action to preserve its rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan's right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If a third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.

- In the event that you do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate Benefits to you, your dependents or the participant, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.
- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

Right of Recovery

The Plan also has the right to recover Benefits it has paid on you or your Dependent's behalf that were:

- Made in error.
- Due to a mistake in fact.
- Advanced during the time period of meeting the calendar year Deductible.
- Advanced during the time period of meeting the Out-of-Pocket Maximum for the calendar year.

Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- Require that the overpayment be returned when requested.
- Reduce a future Benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of Benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- Submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan.

- Conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.

SECTION 12 - WHEN COVERAGE ENDS

What this section includes:
- Circumstances that cause coverage to end.
- Extended coverage.
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, the Plan Administrator will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Your coverage under the Plan will end on the earliest of:

- The last day of the month your employment with the Company ends.
- The date the Plan ends.
- The last day of the month you stop making the required contributions.
- The last day of the month you are no longer eligible.
- The last day of the month UnitedHealthcare receives written notice from the Plan Administrator to end your coverage, or the date requested in the notice, if later.
- The last day of the month you retire or are pensioned under the Plan, unless specific coverage is available for retired or pensioned persons and you are eligible for that coverage.

Coverage for your eligible Dependents will end on the earliest of:

- The date your coverage ends.
- The last day of the month you stop making the required contributions.
- The last day of the month UnitedHealthcare receives written notice from the Plan Administrator to end your coverage, or the date requested in the notice, if later.
- The last day of the month your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide at least thirty days' prior written notice to you that your coverage will end on the date identified in the notice if you commit an act, practice, or omission that

constituted fraud, or an intentional misrepresentation of a material fact including, but not limited to, knowingly providing incorrect information relating to another person's eligibility or status as a Dependent, improper use of ID, failure to pay, or threatening behavior. You may appeal this decision during the 30-day notice period. The notice will contain information on how to pursue your appeal.

Note: If UnitedHealthcare and the Company find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact, Adams County Government has the right to demand that you pay back all Benefits Adams County Government paid to you, or paid in your name, during the time you were incorrectly covered under the Plan. Failure to comply with the eligibility requirements as set forth in this SPD may lead to disciplinary action, up to and including, termination of employment.

Coverage for a Disabled Child

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as:

- The child is unable to be self-supporting due to a mental or physical handicap or disability.
- The child depends mainly on you for support.
- You provide to the Plan Administrator proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached a certain age.
- You provide proof, upon the Plan Administrator's request, that the child continues to meet these conditions.

The proof might include medical examinations at the Plan Administrator's expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days, the Plan will no longer pay Benefits for that child.

Coverage will continue, as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

Extended Coverage for Total Disability

If a Covered Person has a Total Disability on the date their coverage under the Plan ends, their Benefits will not end automatically. The Plan will temporarily extend coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of:

- The Total Disability ends.
- twelve months from the date coverage would have ended.

Continuing Coverage Through COBRA

COBRA continuation coverage is a temporary extension of coverage under the Plan. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for Medicaid, or for a 30-day special enrollment period to enroll in another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees. Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of a qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

Qualified Beneficiaries

A Qualified Beneficiary generally is any individual covered by a group health plan on the day before a Qualifying Event, such as an employee, the employee's spouse, and dependent children. Dependents continuing coverage under the Uniformed Services Employment and Reemployment Rights Act (USERRA) are not considered to be Qualified Beneficiaries for COBRA purposes.

A child born to, placed for adoption with, or adopted by the covered employee during a period of COBRA coverage will be considered on the same basis as the covered employee.

Qualifying Events

A Qualifying Event is a life event that would cause the Qualified Beneficiary to lose coverage under the Plan including;

- Termination of employment (other than for gross misconduct), reduction in hours of an eligible employee
- Divorce, legal separation, dependent cessation (a child no longer qualifies as an eligible dependent under the Plan)

- Death of the employee
- Extended military leave of the employee
- Medicare entitlement (Part A, Part B or both) of the employee.

The taking of leave under the Family Medical Leave Act does not constitute a Qualifying Event under COBRA.

COBRA continuation coverage begins on the date that Plan coverage would otherwise have been lost. Qualified Beneficiaries electing continuation coverage must pay 102 percent of the cost of that coverage.

The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator has been notified that a Qualifying Event has occurred. For a Qualifying Event such as termination of employment, reduction in hours, death of the employee, or extended military leave of the employee, the employer will notify the Plan Administrator within 31 days of the qualifying event. The Plan Administrator will notify you within 14 days of your rights, enrollment deadlines and the premium required for your continued coverage. Each Qualified Beneficiary will have an independent right to elect continuation coverage.

You must notify the Plan Administrator in writing in the event of a divorce or legal separation, Medicare entitlement (Part A, Part B or both), or in the event a child no longer qualifies as a dependent, as soon as possible, but no later than 60 days after the date of the Qualifying Event. The Plan Administrator will notify you within 14 days of your rights, enrollment deadlines and the premium required for your continued coverage.

How long coverage may be continued

- Up to 18 months for the reason of termination of employment (other than for gross misconduct) or reduction in hours of an eligible employee
- Up to 24 months for the reason of continued military leave as defined by USERRA
- Up to 36 months for the reason of death of an employee, a divorce or legal separation, the employee becoming entitled to Medicare benefits (Part A, Part B or both), or a dependent child ceasing to be eligible under the plan
- Up to 36 months for Qualified Beneficiaries, other than the employee, if the Qualifying Event is termination of employment or reduction in hours of the employee, and the employee became entitled to Medicare benefits (Part A, Part B or both) less than 18 months before the Qualifying Event.

Extended Coverage due to Disability

Coverage could be extended up to 11 months, for a total of 29 months of coverage, for all Qualified Beneficiaries if:

- A Qualified Beneficiary is totally disabled according to the Social Security Administration before the 60th day of COBRA continuation coverage, lasting at least until the end of the 18-month period of continuation coverage; and

- The employee or eligible dependent provides the Human Resources Department with a copy of the Social Security Administration (SSA) Determination of Total Disability (notice must be received within the initial 18 months of continued coverage); and
- Timely premium payments are made (premiums are increased to 150 percent of the cost of coverage for the additional 11 months).
- The Plan Administrator must be notified within 31 days if the Qualified Beneficiary is no longer considered disabled by the Social Security Administration.

Employees disabled while continuing coverage under USERRA are not eligible for the 11-month extension rule.

Second Qualifying Events

Coverage for qualified dependents could be extended up to 36 months from the date of the Initial Qualifying Event if:

- The covered employee dies
- A divorce or legal separation from the covered employee occurs
- A covered dependent child no longer qualifies as an eligible dependent
- A covered employee subsequently becomes entitled to Medicare (Part A, Part B or both) during the initial 18-month COBRA period.

These events can be a Second Qualifying Event only if they would have caused the Qualified Beneficiary to lose coverage under the Plan if the Initial Qualifying Event had not occurred. You must notify the Human Resources Department within 60 days after a Second Qualifying Event occurs if you wish to extend coverage.

For Additional Questions

For more information about your rights and obligations under the Plan and federal law you may contact the nearest regional or district office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of the EBSA Offices are available through the EBSA website at www.dol.gov/ebsa.

Getting Started

You will be notified by mail if you become eligible for COBRA coverage as a result of a reduction in work hours or termination of employment. The notification will give you instructions for electing COBRA coverage, and advise you of the monthly cost. Your monthly cost is the full cost, including both Participant and Employer costs, plus a 2% administrative fee or other cost as permitted by law.

You will have up to 60 days from the date you receive notification or 60 days from the date your coverage ends to elect COBRA coverage, whichever is later. You will then have an additional 45 days to pay the cost of your COBRA coverage, retroactive to the date your Plan coverage ended.

During the 60-day election period, the Plan will, only in response to a request from a provider, inform that provider of your right to elect COBRA coverage, retroactive to the date your COBRA eligibility began.

While you are a participant in the medical Plan under COBRA, you have the right to change your coverage election:

- During Open Enrollment.
- Following a change in family status, as described under *Changing Your Coverage* in Section *2, Introduction*.

Trade Act of 2002

The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Participants who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals: generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the Trade Act of 1974. These Participants are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.

If a Participant qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact the Plan Administrator for additional information. The Participant must contact the Plan Administrator promptly after qualifying for assistance under the Trade Act of 1974 or the Participant will lose his or her special COBRA rights. COBRA coverage elected during the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

Uniformed Services Employment and Reemployment Rights Act

A Participant who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Participant and the Participant's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Participants may elect to continue coverage under the Plan by notifying the Plan Administrator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Plan Administrator normally pays on a Participant's behalf. If a Participant's

Military Service is for a period of time less than 31 days, the Participant may not be required to pay more than the regular contribution amount, if any, for continuation of health coverage.

A Participant may continue Plan coverage under USERRA for up to the lesser of:

- The 24 month period beginning on the date of the Participant's termination of coverage under the Plan.
- The day after the date on which the Participant fails to apply for, or return to, a position of employment.

Regardless of whether a Participant continues health coverage, if the Participant returns to a position of employment, the Participant's health coverage and that of the Participant's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on a Participant or the Participant's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.

SECTION 13 - OTHER IMPORTANT INFORMATION

What this section includes:

- Court-ordered Benefits for Dependent children.
- Your relationship with UnitedHealthcare and the Company.
- Relationships with providers.
- Interpretation of Benefits.
- Information and records.
- Incentives to providers and you.
- The future of the Plan.
- How to access the official Plan documents.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and the Company

In order to make choices about your health care coverage and treatment, Adams County Government believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- The Company and UnitedHealthcare do not decide what care you need or will receive. You and your Physician make those decisions.
- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive. The Plan pays for Covered Health Services, which are more fully described in this SPD.

- The Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

The Company and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. The Company and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. The Company and UnitedHealthcare will use de-identified data for commercial purposes including research.

Relationship with Providers

The relationships between the Company, UnitedHealthcare and Network providers are solely contractual relationships between independent contractors. Network providers are not the Company's agents or employees, nor are they agents or employees of UnitedHealthcare. The Company and any of its employees are not agents or employees of Network providers, nor are UnitedHealthcare and any of its employees agents or employees of Network providers.

The Company and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, the Company and UnitedHealthcare arrange for health care providers to participate in a Network and administer payment of Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not the Company's employees nor are they employees of UnitedHealthcare. The Company and UnitedHealthcare do not have any other relationship with Network providers such as principal-agent or joint venture. The Company and UnitedHealthcare are not liable for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

The Company is solely responsible for:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the service fee to UnitedHealthcare.
- The funding of Benefits on a timely basis.
- Notifying you of the termination or modifications to the Plan.

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.

- You are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance, any deductible and any amount that exceeds Eligible Expenses.
- You are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- Must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Company is that of employer and employee, Dependent or other classification as defined in the SPD.

Interpretation of Benefits

The Company and UnitedHealthcare have the sole and exclusive discretion to:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD and any Summary of Material Modifications and/or Amendments.
- Make factual determinations related to the Plan and its Benefits.

The Company and UnitedHealthcare may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, the Company may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that the Company does so in any particular case shall not in any way be deemed to require the Company to do so in other similar cases.

Information and Records

The Company and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. The Company and UnitedHealthcare may request additional information from you to decide your claim for Benefits. The Company and UnitedHealthcare will keep this information confidential. The Company and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish the Company and UnitedHealthcare with all information or copies of records relating to the services provided to you. The Company and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have

signed the Participant's enrollment form. The Company and UnitedHealthcare agree that such information and records will be considered confidential.

The Company and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as the Company is required to do by law or regulation. During and after the term of the Plan, the Company and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements the Company recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, the Company and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

Incentives to Providers

Network providers may be provided financial incentives by UnitedHealthcare to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness.
- A practice called capitation which is when a group of Network providers receives a monthly payment from UnitedHealthcare for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

If you have any questions regarding financial incentives you may contact the telephone number on your ID card. You can ask whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed. In addition, you may choose to discuss these financial incentives with your Network provider.

Incentives to You

Sometimes you may be offered coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about

whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. You may call the number on your ID card if you have any questions.

Rebates and Other Payments

The Company and UnitedHealthcare may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. The Company and UnitedHealthcare do not pass these rebates on to you, nor are they applied to your Annual Deductible or taken into account in determining your Copays.

Workers' Compensation Not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Future of the Plan

Although the Company expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Company does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.

Plan Document

This Summary Plan Description (SPD) is the official plan document that has been adopted by the Company. There is no other document that controls the benefits under the Plan.

Review and Determine Benefits in Accordance with UnitedHealthcare Reimbursement Policies

UnitedHealthcare develops its reimbursement policy guidelines, in its sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that UnitedHealthcare accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), UnitedHealthcare's reimbursement policies are applied to provider billings. UnitedHealthcare shares its reimbursement policies with Physicians and other providers in UnitedHealthcare's Network through UnitedHealthcare's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by UnitedHealthcare's reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts the Plan does not pay, including amounts that are denied because one of UnitedHealthcare's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of UnitedHealthcare's reimbursement policies for yourself or to share with your non-Network Physician or provider by going to www.myuhc.com or by calling the telephone number on your ID card.

- If you are not a participant in a qualifying Clinical Trial as described under Section 6, *Additional Coverage Details,* and have a Sickness or condition that is likely to cause death within one year of the request for treatment, the Claims Administrator may, at its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that Sickness or condition. Please note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. Plan Sponsor - Adams County Government, references to "we", "us" and "our" refer to the Plan Sponsor.

The primary purpose of a Reconstructive Procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive Procedures include surgery or other procedures which

are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not changed or improved physical appearance. The fact that a person may suffer psychologically as a result of the impairment does not classify surgery or any other procedure done to relieve the impairment as a Reconstructive Procedure.

Shared Savings Program – a program in which UnitedHealthcare may obtain a discount to a non-Network provider's billed charges. This discount is usually based on a schedule previously agreed to by the non-Network provider. When this happens, you may experience lower out-of-pocket amounts. Plan coinsurance and deductibles would still apply to the reduced charge. Sometimes Plan provisions or administrative practices conflict with the scheduled rate, and a different rate is determined by UnitedHealthcare. In this case the non-Network provider may bill you for the difference between the billed amount and the rate determined by UnitedHealthcare. If this happens you should call the number on your ID Card. Shared Savings Program providers are not Network providers and are not credentialed by UnitedHealthcare.

Sickness - physical illness, disease or Pregnancy. The term Sickness as used in this SPD includes Mental Illness or substance-related and addictive disorders, regardless of the cause or origin of the Mental Illness or substance-related and addictive disorder.

Skilled Care - skilled nursing, teaching, and rehabilitation services when:

- They require clinical training in order to be delivered safely and effectively.

The fact that a disorder is listed in the ***Diagnostic and Statistical Manual of the American Psychiatric Association*** does not mean that treatment of the disorder is a Covered Health Service.

Surrogate - - a woman who becomes pregnant usually by artificial insemination or surgical implantation of a fertilized egg for the purpose of carrying the fetus to term for another woman.

Total Disability or Totally Disabled - a Participant's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's or retired person's inability to perform the normal activities of a person of like age and gender.

Transitional Living - Mental Health Services and Substance-Related and Addictive Disorder Services that are provided through facilities, group homes and supervised apartments that provide 24-hour supervision that are either:

- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

Unproven Services - health services, including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials are two or more treatments compared to each other, with the patient not being allowed to choose which treatment is received.
- Well-conducted cohort studies from more than one institution are studies in which patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.

UnitedHealthcare has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, UnitedHealthcare issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment), UnitedHealthcare may, at its discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, UnitedHealthcare must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare's's discretion. Other apparently similar promising but unproven services may not qualify.

Urgent Care - care that requires prompt attention to avoid adverse consequences, but does not pose an immediate threat to a person's life. Urgent care is usually delivered in a walk-in setting and without an appointment. Urgent care facilities are a location, distinct from a hospital emergency department, an office or a clinic. The purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.

Urgent Care Center - a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at a Network Pharmacy and are subject to Copayments or other payments that vary depending on which of the tiers of the Prescription Drug List (PDL) the Prescription Drug Product is listed. Refer to the Outpatient Prescription Drug Schedule of Benefits for applicable Copayments requirements.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

You are responsible for paying the Annual Drug Deductible.

You are responsible for paying the applicable Copayment described in the *Payment Information - Outpatient Prescription Drugs* table or *Schedule of Benefits - Outpatient Prescription Drugs*.

The amount you pay for any of the following under this section will be included in calculating any Out-of-Pocket Maximum stated in your SPD:

- Copayments for Prescription Drug Products.
- Coinsurance for Prescription Drug Products.
- The Annual Drug Deductible.

The amount you pay for any of the following under this section will not be included in calculating any Out-of-Pocket Maximum stated in your SPD:

Payment Terms and Features - Outpatient Prescription Drugs

Prescription Drug Product Coverage Highlights

The table below provides an overview of the Plan's Prescription Drug Product coverage. It includes Copay amounts that apply when you have a prescription filled at a Network Pharmacy after you meet the Annual Prescription Drug Deductible. For detailed descriptions of your Benefits, refer to ***Retail*** and ***Mail Order*** in this section.

Note: An Annual Prescription Drug Deductible of $100 per Covered Person, not to exceed $300 for all Covered Persons in the family applies to your Network Benefits, which is separate from the Annual Deductible for your medical coverage. Copays do not apply toward the Annual Prescription Drug Deductible.

Coupons: UnitedHealthcare may not permit certain coupons or offers from pharmaceutical manufacturers to reduce your Copayment or apply to your Annual Drug Deductible. You may access information on which coupons or offers are not permitted through the Internet at www.myuhc.com or by calling the number on your ID card.

If a Brand-name Drug Becomes Available as a Generic

If a Brand-name Prescription Drug Product becomes available as a Generic drug, the tier placement of the Brand-name Prescription Drug Product may change. As a result, your Copay may change. You will pay the Copay applicable for the tier to which the Prescription Drug Product is assigned.

Notification Requirements

Before certain Prescription Drug Products are dispensed to you, it is the responsibility of your Physician, your pharmacist or you to notify UnitedHealthcare or its designee. The reason for notifying UnitedHealthcare or its designee is to determine if the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service as defined by the Plan.
- It is not an Experimental or Investigational or Unproven Service, as defined in Section 14, *Glossary*.

The Plan may also require you to notify UnitedHealthcare or its designee so UnitedHealthcare can determine whether the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, was prescribed by a Specialist Physician.

Network Pharmacy Notification

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for notifying UnitedHealthcare.

If UnitedHealthcare is not notified before the Prescription Drug Product is dispensed, you can ask UnitedHealthcare to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from the Plan as described in Section 9, *Claims Procedures*.

When you submit a claim on this basis, you may pay more because you did not notify UnitedHealthcare before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and any Deductible that applies.

To determine if a Prescription Drug Product requires notification, either visit www.myuhc.com or call the number on your ID card. The Prescription Drug Products requiring notification are subject to UnitedHealthcare's periodic review and modification.

Benefits may not be available for the Prescription Drug Product after UnitedHealthcare reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

UnitedHealthcare may also require notification for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable notification, participation or activation requirements associated with such programs through the Internet at www.myuhc.com or by calling the number on your ID card.

Benefit Levels

Benefits are available for outpatient Prescription Drug Products that are considered Covered Health Services.

The Plan pays Benefits at different levels for tier-1, tier-2 and tier-3 Prescription Drug Products.

All Prescription Drug Products covered by the Plan are categorized into these three tiers on the Prescription Drug List (PDL). The tier status of a Prescription Drug Product can change periodically, generally quarterly but no more than six times per calendar year, based on the Prescription Drug List (PDL) Management Committee's periodic tiering decisions. When that occurs, you may pay more or less for a Prescription Drug Product, depending on its tier assignment. Since the PDL may change periodically, you can visit www.myuhc.com or call UnitedHealthcare at the number on your ID card for the most current information.

Each tier is assigned a Copay, which is the amount you pay after you have met the Annual Prescription Drug Deductible, when you visit the pharmacy or order your medications through mail order. Your Copay will also depend on whether or not you visit the pharmacy or use the mail order service - see the table shown at the beginning of this section for further details. Here's how the tier system works:

- Tier-1 is your lowest Copay option. For the lowest out-of-pocket expense, you should consider tier-1 drugs if you and your Physician decide they are appropriate for your treatment.
- Tier-2 is your middle Copay option. Consider a tier-2 drug if no tier-1 drug is available to treat your condition.
- Tier-3 is your highest Copay option. The drugs in tier-3 are usually more costly. Sometimes there are alternatives available in tier-1 or tier-2.

For Prescription Drug Products at a retail Network Pharmacy, you are responsible for paying the lowest of:

- The applicable Copay.
- The Network Pharmacy's Usual and Customary Charge for the Prescription Drug.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, you are responsible for paying the lower of:

- The applicable Copay.
- The Prescription Drug Charge for that particular Prescription Drug.

Retail

Benefits are provided for Prescription Drug Products dispensed by a retail Network Pharmacy. The Plan has a Network of participating retail pharmacies, which includes many large drug store chains. You can obtain information about Network Pharmacies by contacting UnitedHealthcare at the number on your ID card or by logging onto www.myuhc.com.

To obtain your prescription from a Network Pharmacy, simply present your ID card and pay the Copay, after meeting the Annual Prescription Drug Deductible. The following supply limits apply:

- As written by the provider, up to a consecutive 31-day supply of a Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.
- A one-cycle supply of an oral contraceptive. You may obtain up to three cycles at one time if you pay the Copay for each cycle supplied.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copay that applies will reflect the number of days dispensed.

If you purchase a Prescription Drug from a non-Network Pharmacy, you will be required to pay full price and will not receive reimbursement under the Plan.

Note: Network Pharmacy Benefits apply only if your prescription is for a Covered Health Service, and not for Experimental or Investigational, or Unproven Services. Otherwise, you are responsible for paying 100% of the cost.

Mail Order

Benefits are provided for certain Prescription Drug Products dispensed by a mail order Network Pharmacy. The mail order service may allow you to purchase up to a 90-day supply of a covered Prescription Drug Product through the mail from a Network Pharmacy.

To use the mail order service, all you need to do is complete a patient profile and enclose your Prescription Order or Refill. Your medication, plus instructions for obtaining refills, will arrive by mail about 14 days after your order is received. If you need a patient profile form, or if you have any questions, you can reach UnitedHealthcare at the number on your ID card.

The following supply limits apply: As written by the provider, up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.

You may be required to fill an initial Prescription Drug Product order and obtain one refill through a retail pharmacy prior to using a mail order Network Pharmacy.

Note: To maximize your Benefit, ask your Physician to write your Prescription Order or Refill for a 90-day supply, with refills when appropriate. You will be charged a mail order Copay for any Prescription Order or Refill if you use the mail order service, regardless of the number of days' supply that is written on the order or refill. Be sure your Physician writes your mail order or refill for a 90-day supply, not a 30-day supply with three refills.

Benefits for Preventive Care Medications

Benefits under the Prescription Drug Plan include those for Preventive Care Medications as defined, in this section, under *Glossary - Prescription Drug Products*. You may determine whether a drug is a Preventive Care Medication through the internet at www.myuhc.com or by calling UnitedHealthcare at the number on your ID card. Such preventive drugs are covered at 100%.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, UnitedHealthcare may direct you to a Designated Pharmacy with whom it has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, no Benefit will be paid for that Prescription Drug Product.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

You may fill a prescription for Specialty Prescription Drug Products up to two times at any Network Pharmacy. However, after that you will be directed to a Designated Pharmacy.

If you are directed to a Designated Pharmacy and you choose not to obtain your Specialty Prescription Drug Product from a Designated Pharmacy, no Benefit will be paid for that Specialty Prescription Drug Product.

Please see *Glossary - Outpatient Prescription Drugs*, for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

Refer to the *Outpatient Prescription Drug Schedule of Benefits* for details on Specialty Prescription Drug Product supply limits.

Please see *Glossary - Outpatient Prescription Drugs*, in this section for definitions of Specialty Prescription Drug Product and Designated Pharmacy.

Want to lower your out-of-pocket Prescription Drug Product costs?
Consider tier-1 Prescription Drug Products, if you and your Physician decide they are appropriate.

Assigning Prescription Drug Products to the Prescription Drug List (PDL)

UnitedHealthcare's Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on UnitedHealthcare's behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are most cost effective for specific indications as compared to others, therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed, or according to whether it was prescribed by a Specialist Physician.

The PDL Management Committee may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

Note: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access www.myuhc.com through the Internet or call the number on your ID card for the most up-to-date tier status.

Prescription Drug, Prescription Drug List (PDL), and Prescription Drug List (PDL) Management Committee are defined at the end of this section.

Prescription Drug List (PDL)
The Prescription Drug List (PDL) is a tool that helps guide you and your Physician in choosing the medications that allow the most effective and affordable use of your Prescription Drug Benefit.

Prescription Drug Benefit Claims

For Prescription Drug Product claims procedures, please refer to Section 9, *Claims Procedures.*

Limitation on Selection of Pharmacies

If UnitedHealthcare determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, UnitedHealthcare may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date the Plan Administrator notifies you, UnitedHealthcare will select a single Network Pharmacy for you.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits that are stated in the table under the heading *Prescription Drug Product Coverage Highlights*. For a single Copayment, you may receive a Prescription Drug Product up to the stated supply limit. Whether or not a Prescription Drug Product has a supply limit is subject to UnitedHealthcare's periodic review and modification.

Note: Some products are subject to additional supply limits based on criteria that the Plan Administrator and UnitedHealthcare have developed, subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a supply limit for dispensing, through the Internet at www.myuhc.com or by calling the telephone number on your ID card.

Special Programs

The Company and UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling the number on the back of your ID card.

Prescription Drug Products Prescribed by a Specialist Physician

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist Physician. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit through the Internet at www.myuhc.com or by calling the telephone number on your ID card.

Step Therapy

Certain Prescription Drug Products for which Benefits are described in this section are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may determine whether a particular Prescription Drug Product is subject to step therapy requirements by visiting www.myuhc.com or by calling the number on the back of your ID card.

Rebates and Other Discounts

UnitedHealthcare and the Company may, at times, receive rebates for certain drugs on the PDL, including those drugs that you purchase prior to meeting your Annual Drug Deductible. UnitedHealthcare does not pass these rebates on to you, nor are they applied to the Annual Drug Deductible or taken into account in determining your Copays.

UnitedHealthcare and a number of its affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug* section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug* section. UnitedHealthcare is not required to pass on to you, and does not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, UnitedHealthcare may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, at your discretion, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

ATTACHMENT II - LEGAL NOTICES

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, the Plan provides Benefits under the Plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health Plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization or notify the Claims Administrator. For information on notification or prior authorization, contact your issuer.

ATTACHMENT IV – THE GENETIC INFORMATION NONDISCRIMINATION ACT OF 2008 (GINA)

The Genetic Information Nondiscrimination Act of 2008 (GINA)

This group health plan does not discriminate in premium amounts, contributions charged or eligibility for coverage based on any individual's genetic information. The plan does not use, request or require genetic information about anyone covered by the plan. Genetic information, within the context of GINA, includes the following: an individual's genetic tests; the genetic tests of an individual's family members (up to fourth-degree relatives by birth, marriage or adoption); manifestation of disease or disorder in family members of an individual; an individual's request for or receipt of genetic services; and genetic information of a fetus carried by an individual or his or her family.

Any Health Risk Assessment (HRA) completed by a person covered by this plan is in compliance with regulations under GINA.

Medicaid and the Children's Health Insurance Program (CHIP) Free or Low Cost Health Coverage to Children and Families

If you are eligible for health coverage from your employer, but are unable to afford the premiums, some States have premium assistance programs that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for employer-sponsored health coverage, but need assistance in paying their health premiums.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, your employer's health plan is required to permit you and your dependents to enroll in the plan – as long as you and your dependents are eligible, but not already enrolled in the employer's plan. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance.

If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. The following list of States is current as of September 1, 2010. You should contact your State for further information on eligibility.

ATTACHMENT V – THE USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION AND SECURITY OF ELECTRONIC PROTECTED HEALTH INFORMATION

Under the federal privacy regulations enacted pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), your health plans are required to protect the confidentiality of your Protected Health Information (PHI). Protected Health Information is individually identifiable health information related to your condition, services provided to you, or payments made for your care, which is created or received by a health plan, a health care clearinghouse, or a health care provider and identifies you or provides a means by which you could be identified. The Plan and the Plan Sponsor will not use or disclose PHI except for treatment, payment, health plan operations (collectively known as "TPO"), or as permitted or required by other state and federal law, or to Business Associates to help administer the Plan.

Further, the Plan Sponsor will take reasonable steps to ensure that any use or disclosure is the minimum necessary to accomplish the task.

In addition, under the federal security regulations enacted pursuant to HIPAA, your health plans are required to safeguard the confidentiality and ensure the integrity and availability of your Electronic Protected Health Information (ePHI). ePHI is PHI that is maintained or transmitted in electronic form. The Plan and the Plan Sponsor will reasonably and appropriately safeguard ePHI created, received, maintained, or transmitted to or by the Plan Sponsor on behalf of the Plan.

The Plan and Plan Sponsor are separate and independent legal entities, which exchange information to coordinate your Plan coverage. In order to receive PHI from the Plan, the Plan Sponsor agrees to, and has certified to the Plan, that it will:

- Restrict the use or further disclosure of PHI except as permitted by HIPAA or as required by law;
- Ensure that any other entity to whom it provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Plan Sponsor;
- Not use or disclose PHI for employment-related actions or in connection with any other employee benefit plan;
- Not use genetic information that is PHI for underwriting purposes;
- Report to the Privacy Officer any use or disclosure of the information that is inconsistent with the permitted uses or disclosures;
- Make PHI available to Plan participants, consider their amendments and, upon request, provide them with an accounting of PHI disclosures as required by law;
- Make internal practices and records relating to the use and disclosure of PHI received from the Plan available to the Department of Health and Human Services upon request;
- Provide adequate safeguards to protect PHI;

- Provide legally required notices of unauthorized acquisition, access or disclosures of your health information as required by law; and
- If feasible, upon termination of the plan, return or destroy all PHI received from the Plan that the Plan Sponsor still maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible.

In order to receive ePHI from the Plan, the Plan Sponsor agrees that it will:

- Implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the ePHI that the Plan Sponsor creates, receives, maintains, or transmits on behalf of the Plan;
- Ensure that access to, and use and disclosure of ePHI by the employees or classes of employees described in the Plan document is supported by reasonable and appropriate security measures; and
- Ensure that any agent, including a subcontractor, to whom the Plan Sponsor provides this information agrees to implement reasonable and appropriate security measures to protect the information

Only limited members of the workforce of the Group Health Plan may be permitted to use and/or disclose PHI. Under this Plan the following individuals are permitted to have access to, use and/or disclose PHI:

- Employees of the Plan Sponsor who perform administrative services on behalf of the Plan, including payment, health care operations, design and administration. This includes County Administrator, Director of Human Resources, Benefits Manager, Benefits Administrator, Human Resources Specialists.
- Employees of the Plan Sponsor who have access to PHI for purposes of its use by the Employer in performing services for the Plan, including procurement of insurance, financial transactions and accounting. This includes Director of Finance, Administrative Coordinators, Payroll Accountants, Payroll Technicians, General Accounting Managers, Budget Managers and Budget Analysts.
- Service providers to the Plan. This includes County Attorneys, Benefit Consultants, Third Party Administrators, and IT Personnel.

The Plan will limit the use, disclosure or request for PHI to the minimum amount that is reasonably necessary to fulfill a request as set forth in this Agreement. Requests for disclosures other than by legal authority or by the participant will be reviewed by the Privacy Officer or his/her designee.

Where PHI is used or disclosed for the purposes of the Plan's own payment activity, whether through a TPA or Carrier, the employees of the Plan are permitted to use and disclose information to perform these functions using the minimum necessary to accomplish the purpose.

If you believe that your privacy rights have been violated, you may file a complaint with the privacy officer or with the Secretary of the United States Department of Health and Human Services. All complaints must be submitted in writing. You will not be retaliated against in any way for filing a complaint.

You may receive a complete copy of the Plan's Notice of Privacy Practices by contacting the Privacy Officer.

ATTACHMENT VI– HEALTH INSURANCE MARKETPLACE NOTIFICATION

General Information

When key parts of the health care law took effect in 2014, there was a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace began in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution - as well as your employee contribution to employer-offered coverage - is often excluded from income for Federal and State income tax purposes (pre-tax premiums). Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

*An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as "minimum essential coverage." This Plan provides minimum essential coverage.

Does this Coverage Meet the Minimum Value Standard?

In order for certain types of health coverage (for example, individually purchased insurance or job-based coverage) to qualify as minimum essential coverage, the plan must pay, on average, at least 60 percent of allowed charges for covered services. This is called the "minimum value standard." This Plan does meet the minimum value standard for the benefits it provides.

What is UnitedHealth Allies?

UnitedHealth Allies is a health value program that offers savings on certain products and services that are not Covered Health Services under your health plan.

ADDENDUM - PARENTSTEPS®

Introduction

This Addendum to the Summary Plan Description illustrates the benefits you may be eligible for under the ParentSteps® program.

When the words "you" and "your" are used the Plan is referring to people who are Covered Persons as the term is defined in the Summary Plan Description (SPD). See Section 14, *Glossary* in the SPD.

Important:
ParentSteps® is not a health insurance plan. You are responsible for the full cost of any services purchased. ParentSteps® will collect the provider payment from you online via the ParentSteps® website and forward the payment to the provider on your behalf. Always use your health insurance plan for Covered Health Services described in the Summary Plan Description Section 5, *Plan Highlights*, when a benefit is available.

What is ParentSteps®?

ParentSteps® is a discount program that offers savings on certain medications and services for the treatment of infertility that are not Covered Health Services under your health plan.

This program also offers:

- Guidance to help you make informed decisions on where to receive care.
- Education and support resources through experienced infertility nurses.
- Access to providers contracted with UnitedHealthcare that offer discounts for infertility medical services.
- Discounts on select medications when filled through a designated pharmacy partner.

Because this is not a health insurance plan, you are not required to receive a referral or submit any claim forms.

Discounts through this program are available to you and your Dependents. Dependents are defined in the Summary Plan Description in Section 14, *Glossary*.

Registering for ParentSteps®

Prior to obtaining discounts on infertility medical treatment or speaking with an infertility nurse you need to register for the program online at www.myoptumhealthparentsteps.com or by calling ParentSteps® toll-free at 1-877-801-3507.

Selecting a Contracted Provider

After registering for the program you can view ParentSteps® facilities and clinics online based on location, compare IVF cycle outcome data for each participating provider and see the specific rates negotiated by ParentSteps® with each provider for select types of infertility treatment in order to make an informed decision.

Visiting Your Selected Health Care Professional

Once you have selected a provider, you will be asked to choose that clinic for a consultation. You should then call and make an appointment with that clinic and mention you are a ParentSteps® member. ParentSteps® will validate your choice and send a validation email to you and the clinic.

Obtaining a Discount

If you and your provider choose a treatment in which ParentSteps® discounts apply, the provider will enter in your proposed course of treatment. ParentSteps® will alert you, via email, that treatment has been assigned. Once you log in to the ParentSteps® website, you will see your treatment plan with a cost breakdown for your review.

After reviewing the treatment plan and determining it is correct you can pay for the treatment online. Once this payment has been made successfully ParentSteps® will notify your provider with a statement saying that treatments may begin.

Speaking with a Nurse

Once you have successfully registered for the ParentSteps® program you may receive additional educational and support resources through an experienced infertility nurse. You may even work with a single nurse throughout your treatment if you choose.

For questions about diagnosis, treatment options, your plan of care or general support, please contact a ParentSteps® nurse via phone (toll-free) by calling 1-866-774-4626.

ParentSteps® nurses are available from 8 a.m. to 5 p.m. Central Time; Monday through Friday, excluding holidays.

SCHEDULE OF BENEFITS (WHO PAYS WHAT)

This Schedule of Benefits discusses:

I. DEDUCTIBLES (if applicable)

II. ANNUAL OUT-OF-POCKET MAXIMUMS (OPM)

III. COPAYMENTS AND COINSURANCE

IV. DEPENDENT LIMITING AGE

IMPORTANT INFORMATION: PLEASE READ

This Schedule of Benefits does not fully describe the Services covered under this EOC. ***For a complete understanding of the benefits, limitations and exclusions that apply to your coverage under this plan, it is important to read this EOC in conjunction with this Schedule of Benefits.*** Please refer to the identical heading in the "Benefits/Coverage (What Is Covered)" section and to the "Limitations/Exclusions (What Is Not Covered)" section of this EOC. Here is some ***important information*** to keep in mind as you read this Schedule of Benefits:

1. For a Service to be a covered Service:
   a. A Plan Physician ***must*** determine that the Service is ***Medically Necessary*** to prevent, diagnose, or treat your medical condition. A Service is Medically Necessary ***only*** if a Plan Physician determines that it is medically appropriate for you and its omission would have an adverse effect on your health; ***and***
   b. The Service ***must be*** provided, prescribed, authorized, or directed by a Plan Physician; ***and***
   c. The Service ***must be*** a ***covered*** Service described in this EOC.
2. The Charges for your Services are ***not*** always known at the time you receive the Service. You ***will get a bill*** for any Deductibles, Copayments, or Coinsurance that are not known at the time you receive the Service.
3. The Deductibles, Copayments, or Coinsurance listed here apply to covered Services provided to Members enrolled in this plan.
4. Copayments for Services are due at the time you receive the Service. Deductibles or Coinsurance for Services may also be due at the time you receive the Service.
5. In addition to any Copayment or Coinsurance, you may be responsible for any amounts over usual, reasonable and customary charges.
6. You may be charged separate Deductibles, Copayments, or Coinsurance for additional Services you receive during your visit or if you receive Services from more than one provider during your visit.
7. We reserve the right to reschedule non-emergency, non-routine care if you do not pay all amounts due at the time you receive the Service.
8. For items ordered in advance, you pay the Deductibles, Copayments, or Coinsurance in effect on the order date.
9. You, as the Subscriber, are responsible for any Deductibles, Copayments, and/or Coinsurance incurred by your Dependents enrolled in the Plan.

I. DEDUCTIBLES

There is no medical Deductible. If your Group has purchased a supplemental prescription drug benefit with a pharmacy Deductible, payments made for prescription drugs apply *only* to the pharmacy Deductible.

The pharmacy Deductible represents the full amount you must pay for prescription drugs before any Copayment or Coinsurance applies. Prescription drugs may or may not be subject to the pharmacy Deductible. It depends on the plan your Group has purchased.

A. For prescription drugs that **ARE** subject to the pharmacy Deductible:
   1. You must pay full charges for prescription drugs until your pharmacy Deductible is satisfied. Please see "III. Copayments and Coinsurance", "Drugs, Supplies, and Supplements" to find out which prescription drugs are subject to the pharmacy Deductible.

2. Once you have met your pharmacy Deductible for the Accumulation Period, you will then pay, for the rest of the Accumulation Period, your applicable Copayment or Coinsurance for those prescriptions drugs subject to the pharmacy Deductible (see "III. Copayments and Coinsurance", "Drugs, Supplies, and Supplements").

3. Your applicable Copayment, Coinsurance, and pharmacy Deductible may not apply to your annual Out-of-Pocket Maximum (OPM) (see "II. Annual Out-of-Pocket Maximums").

B. For prescription drugs that **ARE NOT** subject to the pharmacy Deductible: Your Copayment or Coinsurance will always apply, as listed in "III. Copayments and Coinsurance", "Drugs, Supplies, and Supplements."

II. ANNUAL OUT-OF-POCKET MAXIMUMS

The OPM limits the total amount you must pay during the Accumulation Period for certain covered Services. Covered Services may or may not apply to the OPM (see "III. Copayments and Coinsurance"). It depends on the plan your Group has purchased.

For covered Services that apply to the OPM, any amounts over usual, reasonable and customary charges will not apply toward the OPM.

A. For covered Services that **APPLY** to the OPM.

1. The only Copayments or Coinsurance ***that apply*** toward the OPM are those made for covered Services listed as ***applying*** to the OPM (see "III. Copayments and Coinsurance").

2. Once your OPM is met, you will no longer pay for covered Services ***that apply*** to the OPM for the rest of the Accumulation Period.

B. For covered Services that do **NOT APPLY** to the OPM.

1. The only Copayments or Coinsurance that ***do not apply*** toward the OPM are those made for covered Services listed as ***not*** applying to the OPM (see "III. Copayments and Coinsurance").

2. Once your OPM is met, you will continue to pay for covered Services that ***do not apply*** to the OPM for the rest of the Accumulation Period.

Tracking Pharmacy Deductible and Out-of-Pocket Amounts

Once you have received Services and we have processed the claim for Services rendered, we will send you an Explanation of Benefits (EOB). The EOB will list the Services you received, the cost of those Services, and the payments made for the Services. It will also include information regarding what portion of the payments were applied to your pharmacy Deductible and/or OPM amounts.

For more information about your Deductible or OPM amounts, please call **Member Services**.

TABLE OF CONTENTS

I. ELIGIBILITY

A. Who Is Eligible

1. General

To be eligible to enroll and to remain enrolled in this health benefit plan, you must meet the following requirements:

a. You must meet your Group's eligibility requirements that we have approved. Your Group is required to inform Subscribers of the Group's eligibility requirements; and
b. You must also meet the Subscriber or Dependent eligibility requirements as described below; and
c. On the first day of membership, the Subscriber must live in our Service Area. Our Service Area is described in the "Definitions" section. You cannot live in another Kaiser Foundation Health Plan or allied plan service area. For the purposes of this eligibility rule these other service areas may change on January 1 of each year. Currently they are: the District of Columbia and parts of California, Colorado, Georgia, Hawaii, Maryland, Oregon, Virginia, and Washington. For more information, please call **Member Services**.

2. Subscribers

You may be eligible to enroll as a Subscriber if you are entitled to Subscriber coverage under your Group's eligibility requirements. An example would be an employee of your Group who works at least the number of hours stated in those requirements.

3. Dependents

If you are a Subscriber, the following persons may be eligible to enroll as your Dependents under this plan:

a. Your Spouse. (Spouse includes a partner in a valid civil union under state law.)
b. Your or your Spouse's children (including adopted children and children placed with you for adoption) who are under the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)."
c. Other dependent persons (but not including foster children) who meet all of the following requirements:
   i. They are under the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)"; and
   ii. You or your Spouse is the court-appointed permanent legal guardian (or was before the person reached age 18).
d. Your or your Spouse's unmarried children over the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)" who are medically certified as disabled and dependent upon you or your Spouse are eligible to enroll or continue coverage as your Dependents if the following requirements are met:
   i. They are dependent on you or your Spouse; and
   ii. You give us proof of the Dependent's disability and dependency annually if we request it.
e. Subscriber's designated beneficiary prescribed by Colorado law, if your employer elects to cover designated beneficiaries as dependents.

Students on Medical Leave of Absence. Dependent children who lose dependent student status at a postsecondary educational institution due to a Medically Necessary leave of absence may remain eligible for coverage until the earlier of: (i) one year after the first day of the Medically Necessary leave of absence; or (ii) the date dependent coverage would otherwise terminate under this EOC. We must receive written certification by a treating physician of the dependent child which states that the child is suffering from a serious illness or injury, and that the leave of absence or other change of enrollment is Medically Necessary.

If your plan has different eligibility requirements, please see "Additional Provisions."

B. Enrollment and Effective Date of Coverage

Eligible people may enroll as follows, and membership begins at 12:00 a.m. on the membership effective date:

1. New Employees and their Dependents

If you are a new employee, you may enroll yourself and any eligible Dependents by submitting a Health Plan-approved enrollment application to your Group within 31 days after you become eligible. You should check with your Group to see when new employees become eligible. Your membership will become effective on the date specified by your Group.

2. Members Who are Inpatient on Effective Date of Coverage

If you are an inpatient in a hospital or institution when your coverage with us becomes effective and you had other coverage when you were admitted, state law will determine whether we or your prior carrier will be responsible for payment for your care until your date of discharge.

3. Special Enrollment Due to Newly Acquired Dependents

You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan-approved enrollment application to your Group within 31 days after a Dependent becomes newly eligible.

The membership effective date for the Dependents (and, if applicable, the new Subscriber) will be:

a. For newborn children, the moment of birth. Your newborn child is covered for the first 31 days following birth. This coverage is required by state law, whether or not you intend to add the newborn to this plan.
For existing Subscribers:
   i. If the addition of the newborn child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber, in order for the newborn to keep coverage beyond the first 31-day period of coverage, is required to: (A) pay the new amount due for coverage after the first 31-day period of coverage; and (B) notify Health Plan within 31 days of the newborn's birth.
   ii. If the addition of the newborn child to the Subscriber's coverage will not change the amount the Subscriber pays for coverage, the Subscriber must still notify Health Plan after the birth of the newborn to get the newborn enrolled onto the Subscriber's Health Plan coverage.

b. For newly adopted children (including children newly placed for adoption), the date of the adoption or placement for adoption. An eligible adopted child must be enrolled within 31 days from the date the child is placed in your custody or the date of the final decree of adoption.
For existing Subscribers:
   i. If the addition of the newly adopted child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber, in order for the newly adopted child to continue coverage beyond the initial 31-day period of coverage, is required to: (A) pay the new amount due for coverage after the initial 31-day period of coverage; and (B) notify Health Plan within 31 days of the child's adoption or placement for adoption.
   ii. If the addition of the newly adopted child to the Subscriber's coverage will not change the amount the Subscriber pays for coverage, the Subscriber must still notify Health Plan after the adoption or placement for adoption of the child to get the child enrolled onto the Subscriber's Health Plan coverage.

c. For all other Dependents, if enrolled within 31 days of becoming eligible, no later than the first day of the month following the date your Group receives the enrollment application. Your Group will let you know the membership effective date. Employees and Dependents who are not enrolled when newly eligible must wait until the next open enrollment period to become Members of Health Plan, unless: (i) they enroll under special circumstances, as agreed to by your Group and Health Plan; or (ii) they enroll under the provisions described in "Special Enrollment".

4. Special Enrollment
You or your Dependent may experience a triggering event that allows a change in your enrollment. Examples of triggering events are the loss of coverage, a Dependent's aging off this plan, marriage, and birth of a child. The triggering event results in a special enrollment period that usually (but not always) starts on the date of the triggering event and lasts for 60 days. During the special enrollment period, you may enroll your Dependent(s) in this plan or, in certain circumstances, you may change plans (your plan choice may be limited). There are requirements that you must meet to take advantage of a special enrollment period including showing proof of your own or your Dependent's triggering event. To learn more about triggering events, special enrollment periods, how to enroll or change your plan (if permitted), timeframes for submitting information to Health Plan and other requirements, sign on to kp.org/specialenrollment, or call **Member Services** to obtain a copy of Health Plan's *Special Enrollment Guide*.

5. Open Enrollment
You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan-approved enrollment application to your Group during the open enrollment period. Your Group will let you know when the open enrollment period begins and ends and the membership effective date.

6. Persons Barred from Enrolling
You cannot enroll if you have had your entitlement to receive Services through Health Plan terminated for cause.

II. HOW TO ACCESS YOUR SERVICES AND OBTAIN APPROVAL OF BENEFITS

As a Member, you are selecting our medical care program to provide your health care. You must receive all covered Services from Plan Providers inside your home Service Area, except as described under the following headings:

- "Emergency Services Provided by non-Plan Providers (out-of-Plan Emergency Services)," in "Emergency Services and Urgent Care" in the "Benefits/Coverage (What is Covered)" section.
- "Urgent Care Outside the Service Area" in "Emergency Services and Urgent Care" in the "Benefits/Coverage (What is Covered)" section.
- "Access to Other Providers" in this section.
- "Cross Market Access" in this section.

Your home Service Area is printed on your Health Plan Identification (ID) card. For more information about your ID card, please refer to the "Using Your Health Plan Identification Card" section.

Note: ***Denver/Boulder*** Members do not have access to Affiliated Providers within the ***Denver/Boulder*** Service Area unless authorized by Health Plan. ***Southern, Northern,*** and ***Mountain Colorado*** Members do have access to Affiliated Providers within their home Service Area.

A. Your Primary Care Provider

Your primary care provider (PCP) plays an important role in coordinating your health care needs. This includes hospital stays and referrals to specialists. Every member of your family should have his or her own PCP.

1. Choosing Your Primary Care Provider

   You may select a PCP from family medicine, pediatrics, or internal medicine within your home Service Area. You may also receive a second medical opinion from a Plan Physician upon request. Please refer to the "Second Opinions" section.

   a. ***Denver/Boulder*** Service Area

      You may choose your PCP from our provider directory. To review a list of Plan Providers and their biographies, visit our website. Go to *kp.org/locations*. You can also get a copy of the directory by calling **Member Services**. To choose a PCP, sign in to your account online or call **Personal Physician Selection Services**. This team will help you choose a primary care provider, accepting new patients, based on your health care needs.

   b. ***Southern, Northern,*** and ***Mountain Colorado*** Service Areas

      You must choose a PCP when you enroll. If you do not select a PCP upon enrollment, we will assign you one near your home.

      Medical Group contracts with a panel of Affiliated Physicians, specialists, and other health care professionals to provide medical Services in the ***Southern, Northern,*** and ***Mountain Colorado*** Service Areas. You may choose your PCP from our panel of ***Southern, Northern,*** and ***Mountain Colorado*** providers.

      You can find these physicians, along with a list of affiliated specialists and ancillary providers, in the Kaiser Permanente Provider Directory for your specific home Service Area. You can review a list of ***Southern, Northern,*** and ***Mountain Colorado*** Plan Providers by visiting our website. Go to *kp.org/locations*. You can also get a copy of the directory by calling **Member Services**. To choose a PCP, call **Personal Physician Selection Services**. This team will help you choose a primary care provider, accepting new patients, based on your health care needs.

      If you are seeking routine or specialty care in ***Denver/Boulder***, you must have a referral from your local PCP with an Authorization from Health Plan. If you do not have an Authorization, you will be billed for the full amount of the office visit Charges. If you are visiting in the ***Denver/Boulder*** Service Area and need urgent or emergency care, you can visit a ***Denver/Boulder*** Plan Facility without a referral. For a referral from a specialist, see the "Access to Other Providers" section. For care in ***Denver/Boulder*** Plan Medical Offices, see "Cross Market Access".

2. Changing Your Primary Care Provider

   a. ***Denver/Boulder*** Service Area

B. Access to Other Providers

1. Referrals and Authorizations

   a. ***Denver/Boulder*** Service Area

      If your Medical Group physician decides that you need covered Services not available from us, he or she will request a referral for you to see a non-Medical Group physician inside or outside our Service Area. This referral request will result in an Authorization or a denial. However, there may be circumstances where Health Plan will partially authorize your provider's referral request.

      An Authorization is a referral request that has received approval from Health Plan. An Authorization is limited to a specific Service, treatment or series of treatments, and period of time. The provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid. Copayments or Coinsurance for authorized Services are the same as those required for Services provided by a Medical Group physician.

An Authorization is required for Services provided by non-Plan Providers, non-Medical Group physicians, or non-Plan Facilities. If your provider refers you to a non-Medical Group physician, non-Plan Provider, or non-Plan Facility, inside or outside our Service Area, you must have a written Authorization in order for us to cover the Services.

All referral Services must be requested and authorized in advance. We will not pay for any care rendered by a provider unless the care is specifically authorized by Health Plan and approved in advance. A written or verbal recommendation by a provider that you get non-covered Services (whether Medically Necessary or not) is not considered an Authorization, and is **not** covered.

b. ***Southern, Northern,*** and ***Mountain Colorado*** Service Areas

If your Medical Group physician decides that you need covered Services not available from us, he or she will request a referral for you to see a non-Medical Group physician inside or outside our Service Area. This referral request will result in an Authorization or a denial. However, there may be circumstances where Health Plan will partially authorize your provider's referral request.

An Authorization is a referral request that has received approval from Health Plan. An Authorization is limited to a specific Service, treatment or series of treatments, and period of time. The provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid. Copayments or Coinsurance for authorized Services are the same as those required for Services provided by a Medical Group physician.

An Authorization is required for Services provided by non-Plan Providers, non-Medical Group physicians, or non-Plan Facilities. If your provider refers you to a non-Medical Group physician, non-Plan Provider, or non-Plan Facility, inside or outside our Service Area, you must have a written Authorization in order for us to cover the Services.

All referral Services must be requested and authorized in advance. We will not pay for any care rendered by a provider unless the care is specifically authorized by Health Plan and approved in advance. A written or verbal recommendation by a provider that you get non-covered Services (whether Medically Necessary or not) is not considered an Authorization, and is **not** covered.

2. Specialty Self-Referrals

a. ***Denver/Boulder*** Service Area

In some cases you can refer yourself for consultation (routine office) visits to specialty-care departments within Kaiser Permanente, with the exception of certain specialty-care departments such as the anesthesia clinical pain department. You do not need a referral or prior Authorization in order to obtain access to eye care services from a Plan Provider. Female members do not need a referral or prior Authorization in order to obtain access to obstetrical or gynecological care from a Medical Group physician who specializes in obstetrics or gynecology.

You will find specialty-care providers in the Kaiser Permanente Provider Directory for your home Service Area. The Provider Directory is available on our website, *kp.org/locations*. If you need a printed copy of the Provider Directory, please call **Member Services**.

A self-referral provides coverage for routine office visits only. Certain Services other than those provided as part of a routine office visit will not be covered unless authorized by Kaiser Permanente before Services are rendered.

Authorization from Kaiser Permanente is required for: (i) Services in addition to those provided as part of the visit, such as surgery; and (ii) visits to specialty-care Plan Providers not eligible for self-referrals; and (iii) non-Plan Providers. The request for these Services can be generated by either your PCP or by a specialty-care provider. If the request is approved, the provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid.

A Plan Provider can directly refer you for some laboratory or radiology Services and for specialty procedures such as a CT scan or MRI. However, certain laboratory or radiology Services and specialty procedures will still require an Authorization.

b. ***Southern, Northern,*** and ***Mountain Colorado*** Service Areas

Southern, Northern, and ***Mountain Colorado*** Members may be able to self-refer to Kaiser Permanente Plan Medical Offices in the ***Denver/Boulder*** Service Area (see "Cross Market Access" in this section).

3. Second Opinions
   Upon request and subject to payment of any applicable Copayments or Coinsurance, you may get a second opinion from a Plan Physician about any proposed covered Services.

Plan Facilities are Plan Medical Offices or Plan Hospitals in our Service Area that we contract with to provide covered Services to our Members.

1. ***Denver/Boulder*** Service Area
   We offer health care at Plan Medical Offices conveniently located throughout the ***Denver/Boulder*** Service Area. At most of our Plan Facilities, you can usually receive all the covered Services you need. This includes specialized care. You are not restricted to a certain Plan Facility. We encourage you to use the Plan Facility in your home Service Area that will be most convenient for you.

   Plan Facilities are listed in our provider directory, which we update regularly. You can get a current copy of the directory by calling **Member Services**. You can also get a list of Plan Facilities on our website. Go to *kp.org/locations*.

2. ***Southern, Northern,*** and ***Mountain Colorado*** Service Areas
   When you select your PCP, you will receive your Services at that provider's office. D. Getting the Care You Need

Emergency care is covered 24 hours a day, 7 days a week anywhere in the world. **If you think you have a life or limb threatening emergency, call 911 or go to the nearest emergency room.** For coverage information about emergency care, including out-of-Plan Emergency Services, and emergency benefits away from home, please refer to "Emergency Services" in the "Benefits/Coverage (What is Covered)" section.

For additional information about urgent care, please refer to "Urgent Care" in the "Benefits/Coverage (What is Covered)" section.

Urgent care received at a non-Plan Facility inside your Service Area is **not covered**. If you receive care for minor medical problems at non-Plan Facilities inside your Service Area, you will be responsible for payment for any treatment received.

There may be instances when you need to receive unauthorized urgent care outside your Service Area. Please see "Urgent Care" in the "Benefits/Coverage (What is Covered)" section for coverage information about urgent care Services outside the Service Area.

E. Visiting Other Kaiser Foundation Health Plan or Allied Plan Service Areas

If you visit a different Kaiser Foundation Health Plan or allied plan service area temporarily, you can get visiting member care from designated providers in that area. Visiting member care is described in our visiting member brochure. Visiting member care and your out-of-pocket costs may differ from the covered Services, Copayments, and Coinsurance described in this EOC.

Please call **Member Services** to get more information about visiting member care, including facility locations in other service areas. Service areas and facilities where you may get visiting member care may change at any time.

You receive the same prescription drug benefit as your home Service Area benefit. This includes your Copayments or Coinsurance, exclusions and limitations.

F. Moving Outside of Any Kaiser Foundation Health Plan or Allied Plan Service Area

If you move to an area not within any Kaiser Foundation Health Plan or allied plan service area, you can keep your membership with Health Plan, if you continue to meet all other eligibility requirements. However, you must go to a Plan Facility in a Kaiser Foundation Health Plan or allied plan service area in order to receive covered Services (except out-of-Plan Emergency Services and urgent care outside the Service Area). If you go to another Kaiser Foundation Health Plan or allied plan service area for care, covered Services, Copayments or Coinsurance will be as described under "Visiting Other Kaiser Foundation Health Plan or Allied Plan Service Areas" above.

G. Using Your Health Plan Identification Card

Each Member is issued a Health Plan Identification (ID) card with a Health Record Number on it. This is useful when you call for advice, make an appointment, or go to a Plan Provider for care. The Health Record Number is used to identify your medical records and membership information. You should always have the same Health Record Number. Please call **Member Services** if: (1) we ever inadvertently issue you more than one Health Record Number; or (2) you need to replace your Health Plan ID card.

Your Health Plan ID card is for identification only. To receive covered Services, you must be a current Health Plan Member. Anyone who is not a Member will be billed as a non-Member for any Services we provide. In addition, claims for Emergency or non-emergency care Services from non-Plan Providers will be denied. If you let someone else use your Health Plan ID card, we may keep your card and terminate your membership upon 30 days written notice that will include the reason for termination.

When you receive Services, you will need to show photo identification along with your Health Plan ID card. This allows us to ensure proper identification and to better protect your coverage and medical information from fraud. If you suspect you or your membership is a victim of fraud, please call **Member Services** to report your concern.

   Note: You may be billed for any EIS received after the number of visits required by state law is satisfied.

2. Limitations

J. Emergency Services and Urgent Care

1. Emergency Services

Emergency Services are available at all times - 24 HOURS A DAY, 7 DAYS A WEEK. If you have an Emergency Medical Condition, call 911 or go to the nearest hospital emergency department. You do not need prior Authorization for Emergency Services. When you have an Emergency Medical Condition, we cover Emergency Services you receive from Plan Providers and non-Plan Providers anywhere in the world, as long as the Services would have been covered under your plan if you had received them from Plan Providers.

You are also covered for medical emergencies anywhere in the world. For information about emergency benefits away from home, please call **Member Services**.

Please note that in addition to any Copayment or Coinsurance that applies under this section, you may incur additional Copayment or Coinsurance amounts for Services and procedures covered under other sections of this EOC.

a. Emergency Services Provided by non-Plan Providers (out-of-Plan Emergency Services)

"Out-of-Plan Emergency Services" are Emergency Services that are not provided by a Plan Physician. There may be times when you or a family member may receive Emergency Services from non-Plan Providers. The patient's medical condition may be so critical that you cannot call or come to one of our Plan Medical Offices or the emergency room of a Plan Hospital, or the patient may need Emergency Services while traveling outside our Service Area.

Please refer to "ii. Emergency Services Limitation for non-Plan Providers" if you are hospitalized for Emergency Services.

i. We cover out-of-Plan Emergency Services as follows:

A. Outside our Service Area. If you are injured or become unexpectedly ill while you are outside our Service Area, we will cover out-of-Plan Emergency Services that could not reasonably be delayed until you could get to a Plan Hospital, a hospital where we have contracted for Emergency Services, or a Plan Facility. Covered benefits include Medically Necessary out-of-Plan Emergency Services for conditions that arise unexpectedly, including but not limited to myocardial infarction, appendicitis, or premature delivery.

B. Inside our Service Area. If you are inside our Service Area, we will cover out-of-Plan Emergency Services only if you reasonably believed that your life or limb was threatened in such a manner that the delay in going to a Plan Hospital, a hospital where we have contracted for Emergency Services, or a Plan Facility for your treatment would result in death or serious impairment of health.

ii. Emergency Services Limitation for non-Plan Providers

If you are admitted to a non-Plan Hospital, non-Plan Facility, or a hospital where we have contracted for Emergency Services, you or someone on your behalf must notify us within 24 hours, or as soon as reasonably possible. Please call the **Telephonic Medicine Center** at **303-743-5763**.

We will decide whether to make arrangements for necessary continued care where you are, or to transfer you to a Plan Facility we designate once you are Stabilized. By notifying us of your hospitalization as soon as possible, you will protect yourself from potential liability for payment for Services you receive after transfer to one of our Plan Facilities would have been possible.

b. Emergency Services Exclusions

Continuing or follow-up treatment. We cover only the out-of-Plan Emergency Services that are required before you could, without medically harmful results, have been moved to a Plan Facility we designate either inside or outside our Service Area. When approved by Health Plan, we will cover ambulance Services or other transportation Medically Necessary to move you to a designated Plan Facility for continuing or follow-up treatment.

c. Payment

Our payment is reduced by:

i. any applicable Copayment and/or Coinsurance for Emergency Services and X-ray special procedures performed in the emergency room. The emergency room and X-ray special procedures Copayments, if applicable, are waived if you are admitted directly to the hospital as an inpatient; and
ii. the Copayment or Coinsurance for ambulance Services, if any; and

iii. coordination of benefits; and
iv. all amounts paid or payable, or which in the absence of this EOC would be payable, for the Services in question, under any insurance policy or contract, or any other contract, or any government program except Medicaid; and
v. amounts you or your legal representative recover from motor vehicle insurance or because of third party liability.

Note: If you receive out-of-Plan Emergency Services, our payment is also reduced by any other payments you would have had to make if you received the same Services from our Plan Providers. The procedure for receiving reimbursement for out-of-Plan Emergency Services is described in the "Appeals and Complaints" section regarding "Post-Service Claims and Appeals."

2. Urgent Care

a. Urgent Care Provided by Plan Providers

In some circumstances, Health Plan may determine that urgent care can best be provided in your home. For Copayment and Coinsurance information, see "Urgent Care" in the "Schedule of Benefits (Who Pays What)". For information regarding the designated urgent care Plan Facilities, please call **Member Services** during normal business hours. You can also go to our website, kp.org, for information on designated urgent care facilities.

   Hospice Special Services give you and your family time to become more familiar with hospice-type Services and to decide what is best for you. It helps you bridge the gap between your diagnosis and preparing for the end of life.

   The difference between Hospice Special Services and regular Home Health Care visiting nurse visits is that: you may or may not be homebound or have skilled nursing care needs; or you may only require spiritual or emotional care. Services available through this program are provided by professionals with specific training in end-of-life issues.

    a. Any source providing a Financial Benefit or from whom a Financial Benefit is due.

Examples include: major disaster; epidemic; war; riot; civil insurrection; disability of a large share of personnel at a Plan Facility; complete or partial destruction of facilities; and labor disputes not involving Health Plan, Kaiser Foundation Hospitals or Medical Group. In these circumstances, Health Plan, Kaiser Foundation Hospitals, Medical Group and Medical Group Plan Physicians will not have any liability for any delay or failure in providing covered Services. In the case of a labor dispute involving Health Plan, Kaiser Foundation Hospitals, or Medical Group, we may postpone care until the dispute is resolved if delaying your care is safe and will not result in harmful health consequences.

C. Reductions

1. Coordination of Benefits (COB)

   The Services covered under this EOC are subject to Coordination of Benefit (COB) rules. If you have health care coverage with another health plan or insurance company, we will coordinate benefits with the other coverage under the COB guidelines below.

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one plan. "Plan" is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

DEFINITIONS

a. A "plan" is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
   i. "Plan" includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
   ii. "Plan" does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

   Each contract for coverage under i. or ii. is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

b. "This plan" means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

c. The order of benefit determination rules determine whether this plan is a "primary plan" or "secondary plan" when compared to another plan covering the person.

   When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits. When this plan is secondary, its benefits are determined after those of another plan and may be reduced because of the primary plan's benefits, so that all plan benefits do not exceed 100% of the total Allowable expense.

d. "Allowable expense" is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

   The following are examples of expenses that are not allowable expenses:

   i. The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
   ii. If a person is covered by 2 or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
   iii. If a person is covered by 2 or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
   iv. If a person is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the secondary plan to determine its benefits.
   v. The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the Plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

e. "Claim determination period" is usually a calendar year, but a plan may use some other period of time that fits the coverage of the group contract. A person is covered by a plan during a portion of a claim determination period if that

person's coverage starts or ends during the claim determination period. However, it does not include any part of a year during which a person has no coverage under this plan, or before the date this COB provision or a similar provision takes effect.

f. "Closed panel plan" is a plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with either directly or indirectly or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

g. "Custodial parent" means a parent awarded primary custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

ORDER-OF-BENEFIT DETERMINATION RULES

When two or more plans pay benefits, the rules for determining the order of payment are as follows:

a. The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other plan.

b. A plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both plans state that the complying plan is primary.
   i. There is an exception: Coverage that is obtained by virtue of being members in a group, and designed to supplement part of the basic package of benefits, may provide supplementary coverage that shall be in excess of any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

c. A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.

d. The first of the following rules that describes which plan pays its benefits before another plan is the rule to use.
   i. Non-Dependent or Dependent. The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.

   ii. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:

      A. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
         1. The Plan of the parent whose birthday falls earlier in the calendar year is the Primary plan; or
         2. If both parents have the same birthday, the Plan that has covered the parent the longest is the primary plan.

      B. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
         1. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
         2. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph A. above shall determine the order of benefits;
         3. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph A. above shall determine the order of benefits; or
         4. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
            - The plan covering the custodial parent;
            - The plan covering the spouse of the custodial parent;
            - The plan covering the non-custodial parent; and then
            - The plan covering the spouse of the non-custodial parent.

      C. For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of Subparagraph A. or B. above shall determine the order of benefits as if those individuals were the parents of the child.

iii. Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same person as a retired or laid-off employee is the Secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled d.1. can determine the order of benefits.

iv. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled d.1. can determine the order of benefits.

v. Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the primary plan and the plan that covered the person the shorter period of time is the Secondary plan.

vi. If the preceding rules do not determine the order of benefits, the allowable expenses shall be shared equally between the Plans meeting the definition of plan. In addition, this plan will not pay more than it would have paid had it been the primary plan.

EFFECT ON THE BENEFITS OF THIS PLAN

a. When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

b. If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, COB shall not apply between that plan and other closed panel plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and other plans. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this plan and other plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must give Health Plan any facts we need to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another plan may include an amount that should have been paid under this plan. If it does, Health Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this plan. Health Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Health Plan is more than it should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

If you have any questions about COB, please call or write **Patient Financial Services.**

2. Injuries or Illnesses Alleged to be Caused by Other Parties

You must ensure we receive the maximum reimbursement allowed by law for covered Services you receive for an injury or illness that is alleged to be caused by another party. You do not have to reimburse us more than you receive from or on behalf of any other party, insurance company or organization as a result of the injury or illness. Our right to reimbursement shall include all sources as allowed by law. This includes any recovery you receive from: (a) uninsured motorist coverage; or (b) underinsured motorist coverage; or (c) automobile medical payment coverage; or (d) workers' compensation coverage; or (e) any other liability coverage.

Note: This "Injuries or Illnesses Alleged to be Caused by Other Parties" section does not affect your obligation to pay your Copayment, Coinsurance, and/or Deductible for these Services.

To the extent allowed by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against a third party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by the third party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney.

We shall have a first priority lien on the proceeds of any judgment or settlement, whether by compromise or otherwise, you obtain against any other party, regardless of whether the other party admits fault. Proceeds of such judgment or settlement in your or your attorney's possession shall be held in trust for our benefit.

Within 30 days after submitting or filing a claim or legal action against a third party, you must send written notice of the claim or legal action to:

Equian, LLC
Attn: Subrogation Operations
PO Box 36380
Louisville, KY 40233
Fax: 502-214-1291

For us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send to Equian: all consents; releases; authorizations; assignments; and other documents, including lien forms directing your attorney, any other party and any respective insurer to pay us or our legal representatives directly. You must cooperate to protect our interests under this "Injuries or Illnesses Alleged to be Caused by Other Parties" provision and must not take any action prejudicial to our rights.

If your estate, parent, guardian or conservator asserts a claim against a third party based on your injury or illness, your estate, parent, guardian or conservator and any settlement or judgment recovered by the estate, parent, guardian or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

Some providers have contracted with Kaiser Permanente to provide certain Services to Members at rates that are typically less than the fees that the providers normally charge to the general public ("General Fees"). However, these contracts may allow providers to assert any independent lien rights they may have to recover their General Fees from a judgment or settlement that you receive from or on behalf of a third party. For Services the provider furnished, our recovery and the provider's recovery together will not exceed the provider's General Fees.

If you are entitled to Medicare, Medicare law may apply with respect to Services covered by Medicare.

3. Surrogacy

In situations where you receive monetary compensation to act as a surrogate, Health Plan will seek reimbursement for covered Services you receive that are associated with conception, pregnancy and/or delivery of the child, except that we will recover no more than half of the monetary compensation you receive. A surrogate arrangement is one in which a woman agrees to become pregnant and to surrender the baby to another person or persons who intend to raise the child.

Note: This "Surrogacy" section does not affect your obligation to pay your Copayment, Coinsurance, and/or Deductible for these Services.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receive, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receive
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

Equian, LLC

V. MEMBER PAYMENT RESPONSIBILITY

Information on Member payment responsibility, including applicable Deductibles, annual Out-of-Pocket Maximum, Copayments, and Coinsurance, is located in the "Schedule of Benefits (Who Pays What)." Payment responsibility information for Emergency Services and urgent care is located in the "Benefits/Coverage (What is Covered)" section. For additional questions, contact **Member Services**.

Our contracts with Plan Providers provide that you are not liable for any amounts we owe them for covered Services. However, you may be liable for the cost of non-covered Services or Services you obtain from non–Plan Providers. If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for covered Services you receive from that provider, in excess of any applicable Deductibles, Copayments, or Coinsurance amounts, until we make arrangements for the Services to be provided by another Plan Provider and so notify the Subscriber.

VI. CLAIMS PROCEDURE (HOW TO FILE A CLAIM)

Plan Providers submit claims for payment for covered Services directly to Health Plan. For general information on claims, and how to submit pre-service claims, concurrent care claims, and post-service claims, see the "Appeals and Complaints" section. For covered Services by non-Plan Providers, you may need to submit a claim on your own. Contact **Member Services** for more information on how to submit such claims. Health Plan complies with the time frames for resolution and payment of filed claims as required by state law.

A. Access Plan

Colorado law requires that an Access Plan be available that describes Kaiser Foundation Health Plan of Colorado's network of provider Services. To obtain a copy, please call **Member Services**.

B. Access to Services for Foreign Language Speakers

1. **Member Services** will provide a telephone interpreter to assist Members who speak limited or no English.
2. Plan Physicians have telephone access to interpreters in over 150 languages.
3. Plan Physicians can also request an onsite interpreter for an appointment, procedure, or Service.
4. Any interpreter assistance we arrange or provide will be at no Charge to the Member.

C. Administration of Agreement

We may adopt reasonable policies, procedures, and interpretations to promote efficient administration of the Group Agreement and this EOC.

D. Advance Directives

Federal law requires Kaiser Permanente to tell you about your right to make health care decisions.

Colorado law recognizes the right of an adult to accept or reject medical treatment, artificial nourishment and hydration, and cardiopulmonary resuscitation. Each adult has the right to establish, in advance of the need for medical treatment, any directives and instructions for the administration of medical treatment in the event the person lacks the decisional capacity to provide informed consent to or refusal of medical treatment. (Colorado Revised Statutes, Section 15-14-504)

Kaiser Permanente will not discriminate against you whether or not you have an advance directive. We will follow the requirements of Colorado law respecting advance directives. If you have an advance directive, please give a copy to the Kaiser Permanente medical records department or to your provider.

A health care provider or health care facility shall provide for the prompt transfer of the principal to another health care provider or health care facility if such health care provider or health care facility wishes not to comply with an agent's medical treatment decision on the basis of policies based on moral convictions or religious beliefs. (Colorado Revised Statutes, Section 15-14-507)

Two (2) brochures are available: *Your Right to Make Health Care Decisions* and *Making Health Care Decisions*. For copies of these brochures or for more information, please call **Member Services**.

E. Agreement Binding on Members

By electing coverage or accepting benefits under this EOC, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all provisions of this EOC.

F. Amendment of Agreement

Your Group's Agreement with us will change periodically. If these changes affect this EOC, your Group is required to notify you of them. If it is necessary to make revisions to this EOC, we will issue revised materials to you.

G. Applications and Statements

You must complete any applications, forms or statements that we request in our normal course of business or as specified in this EOC.

H. Assignment

You may assign, in writing, payments due under the policy to a licensed hospital, other licensed health care provider, an occupational therapist, or a massage therapist, for covered Services provided to you. You may not assign this EOC or any other rights, interests or obligations hereunder without our prior written consent.

I. Attorney Fees and Expenses

In any dispute between a Member and Health Plan or Plan Providers, each party will bear its own attorneys' fees and other expenses.

J. Claims Review Authority

We are responsible for determining whether you are entitled to benefits under this EOC. We have the authority to review and evaluate claims that arise under this EOC. We conduct this evaluation independently by interpreting the provisions of this EOC. If this EOC is part of a health benefit plan that is subject to the Employee Retirement Income Security Act (ERISA), then we are a "named fiduciary" to review claims under this EOC.

K. Contracts with Plan Providers

Plan Providers are paid in a number of ways, including: salary; capitation; per diem rates; case rates; fee for service; and incentive payments. If you would like further information about the way Plan Providers are paid to provide or arrange medical and hospital care for Members, please call **Member Services**.

Our contracts with Plan Providers provide that you are not liable for any amounts we owe. However, you may be liable for the cost of non-covered Services or Services you obtain from non-Plan Providers. If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for covered Services you receive from that provider, in excess of any applicable Copayments and Coinsurance, until we make arrangements for the Services to be provided by another Plan Provider and so notify the Subscriber.

L. Governing Law

Except as preempted by federal law, this EOC will be governed in accordance with Colorado law. Any provision that is required to be in this EOC by state or federal law shall bind Members and Health Plan whether or not set forth in this EOC.

M. Group and Members are not Health Plan's Agents

Neither your Group nor any Member is the agent or representative of Health Plan.

N. No Waiver

Our failure to enforce any provision of this EOC will not constitute a waiver of that or any other provision, or impair our right thereafter to require your strict performance of any provision.

O. Nondiscrimination

We do not discriminate in our employment practices or in the delivery of health care Services on the basis of age, race, color, national origin, religion, sex, sexual orientation, or physical or mental disability.

P. Notices

Our notices to you will be sent to the most recent address we have for the Subscriber. The Subscriber is responsible for notifying us of any change in address. Members who move should call **Member Services** as soon as possible to give us their new address.

Q. Out-of-Pocket Maximum Takeover Credit

Out-of-Pocket Maximum Takeover Credit is a one-time event which may occur at the point of the initial open enrollment. It applies only to:

1. Members of new groups enrolling with Kaiser Foundation Health Plan of Colorado for the first time. (In this situation, Members must have been covered under one of the group's other carriers at the time of the group's enrollment.)
2. Members of new or current groups who move from non-sole carrier status to sole-carrier status with Kaiser Foundation Health Plan of Colorado. Non-sole carrier status refers to when an employee has the option of choosing a group health plan either through Kaiser Foundation Health Plan of Colorado or through another carrier. (In this situation, Members must have been covered under one of the group's other carriers at the time the group moved to sole-carrier status.)

A credit may be applied toward your Out-of-Pocket Maximum with Health Plan for certain eligible expenses accumulated toward your out-of-pocket maximum under your prior coverage. In order for expenses to be considered for this credit, you must submit an Explanation of Benefits ("EOB") issued by your prior carrier showing that the expense was applied toward

your out-of-pocket maximum under your prior coverage. All such expenses must be for Services that are covered and subject to the Out-of-Pocket Maximum under this EOC.

For groups with effective dates of coverage during the months of April through December, expenses incurred from January 1 of the current year through the effective date of coverage with Kaiser Foundation Health Plan of Colorado may be eligible for credit.

For groups with effective dates of coverage during the months of January through March, expenses incurred up to 90 days prior to the effective date of coverage with Kaiser Foundation Health Plan may be eligible for credit.

You must submit all claims for Out-of-Pocket Maximum Takeover Credit within 90 days from the effective date of coverage with Health Plan. To submit a claim, send all EOBs along with a completed Prior Carrier Information Cover Form to the **Kaiser Permanente Claims Department.** To get a copy of the Prior Carrier Information Cover Form, please call the **Claims Department**.

R. Overpayment Recovery

We may recover any overpayment we make for Services from anyone who receives such an overpayment, or from any person or organization obligated to pay for the Services.

S. Privacy Practices

Kaiser Permanente will protect the privacy of your Protected Health Information (PHI). We also require contracting providers to protect your PHI. PHI is health information that includes your name, Social Security number or other information that reveals who you are. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment and health care operations purposes, including health research and measuring the quality of care and Services. We are sometimes required by law to give PHI to government agencies or in judicial actions. In addition, we may share your PHI with employers only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices* (see below). Giving us authorization is at your discretion.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices* explains our privacy practices in detail. To request a copy, please call Member Services. You can also find the *Notice of Privacy Practices* on our website at *kp.org*.

T. Value-Added Services

In addition to the Services we cover under this EOC, we make available a variety of value-added services. Value-added services are not covered by your plan. They are intended to give the Member more options for a healthy lifestyle. Examples may include:

1. Certain health education classes not covered by your plan;
2. Certain health education publications;
3. Discounts for fitness club memberships;
4. Health promotion and wellness programs; and
5. Rewards for participating in those programs.

Some of these value-added services are available to all Members. Others may be available only to Members enrolled through certain groups or plans. To take advantage of these services, you only need to:

1. Show your Health Plan ID card; and
2. Pay the fee, if any, to the company that provides the value-added service.

Because these services are not covered by your plan, any fees you pay will not count toward any coverage calculations, such as Deductible or Out-of-Pocket Maximum.

To learn about value-added services and which ones are available to you, please check our:

1. Quarterly member magazine*;* or
2. Website, *kp.org*.

These value-added services are neither offered nor guaranteed under your Health Plan coverage. Health Plan may change or discontinue some or all value-added services at any time and without notice to you. Value-added services are not offered as inducements to purchase a health care plan from us. Although value-added services are not covered by your plan, we may have included an estimate of their cost when we calculated Dues.

Health Plan does not endorse or make any representations regarding the quality or medical efficacy of value-added services, or the financial integrity of the companies offering them. We expressly disclaim any liability for the value-added services provided by these companies. If you have a dispute regarding a value-added service, you must resolve it with the company offering such service. Although Health Plan has no obligation to assist with this resolution, you may call **Member Services**, and a representative may try to assist in getting the issue resolved.

U. Women's Health and Cancer Rights Act

In accordance with the "Women's Health and Cancer Rights Act of 1998," and as determined in consultation with the attending physician and the patient, we provide the following coverage after a mastectomy:

1. Reconstruction of the breast on which the mastectomy was performed.
2. Surgery and reconstruction of the other breast to produce a symmetrical (balanced) appearance.
3. Prostheses (artificial replacements).
4. Services for physical complications resulting from the mastectomy.

VIII. TERMINATION/NONRENEWAL/CONTINUATION

Your Group is required to inform the Subscriber of the date coverage terminates. If your membership terminates, all rights to benefits end at 11:59 p.m. on the termination date. Dependents' memberships end at the same time the Subscriber's membership ends. You will be billed as a non-Member for any Services you receive after your membership terminates. Health Plan and Plan Providers have no further responsibility under this EOC after your membership terminates, except as provided under "Termination of Group Agreement" in this "Termination of Membership" section.

This section describes: how your membership may end; and explains how you may maintain Health Plan coverage if your membership under this EOC ends.

A. Termination Due to Loss of Eligibility

If you no longer meet the eligibility requirements in the "Eligibility" section, we or your Group will provide 30 days' advance written notice of termination.

B. Termination of Group Agreement

If your Group's Agreement with us terminates for any reason, your membership ends on the same date.

If your Group's Agreement terminates for reasons other than nonpayment of Dues, fraud or abuse, while you are inpatient in a hospital or institution, your coverage will continue until your date of discharge.

C. Termination for Cause

We may terminate the memberships in your Family Unit if anyone in your Family Unit commits any of the following acts:

1. We will send written notice that will include the reason for termination to the Subscriber at least 30 days before the termination date if:
   a. You are disruptive, unruly, or abusive so that Health Plan or a Plan Provider's ability to provide Services to you, or to other Members, is seriously impaired; or
   b. You fail to establish and maintain a satisfactory provider-patient relationship, after the Plan Physician has made reasonable efforts to promote such a relationship; or
2. We will send written notice that will include the reason for termination to the Subscriber at least 30 days before the termination date if:
   a. You knowingly: (a) misrepresent membership status; (b) present an invalid prescription or physician order; (c) misuse (or let someone else misuse) a Health Plan ID card; or (d) commit any other type of fraud in connection with your membership (including your enrollment application), Health Plan or a Plan Provider; or
   b. You knowingly: furnish incorrect or incomplete information to us; or fail to notify us of changes in your family status or Medicare coverage that may affect your eligibility or benefits.

Termination of membership for any one of these reasons applies to all members of your Family Unit. All rights to benefits cease on the date of termination. You will be billed as a non-Member for any Services received after the termination date. You have the right to appeal such a termination. To appeal, please call **Member Services**; or you can call the Colorado Division of Insurance.

We may report any member fraud to the authorities for prosecution. We may also pursue appropriate civil remedies.

D. Termination for Nonpayment

You are entitled to coverage only for the period for which we have received the appropriate Dues from your Group. If your Group fails to pay us the appropriate Dues for your Family Unit, we will terminate the memberships of everyone in your Family Unit.

After termination of your enrollment for nonpayment of Dues, Health Plan may require payment of any outstanding Dues for prior coverage if permitted by applicable law.

E. Termination of a Product or all Products (applies to non-grandfathered health plans only)

We may terminate a particular product or all products offered in the group market as permitted or required by law. If we discontinue offering a particular product in the group market, we will terminate just the particular product by sending you written notice at least 90 days before the product terminates. If we discontinue offering all products in the group market, we may terminate your Group's Agreement by sending you written notice at least 180 days before the Agreement terminates.

F. Rescission of Membership

We may rescind your membership after it is effective if you or anyone on your behalf did one of the following with respect to your membership (or application) prior to your membership effective date:

1. Performed an act, practice, or omission that constitutes fraud; or
2. Misrepresented a material fact with intent, such as an omission on the application.

We will send written notice to the Subscriber in your Family at least 30 days before we rescind your membership. The rescission will cancel your membership so no coverage ever existed. You will be required to pay as a non-Member for any Services we covered. We will refund all applicable Dues, less any amounts you owe us.

G. Continuation of Group Coverage Under Federal Law, State Law or USERRA

1. Federal Law (COBRA)

   You may be able to continue your coverage under this EOC for a limited time after you would otherwise lose eligibility, if required by the federal COBRA law. Please contact your Group if you want to know how to elect COBRA coverage or how much you will have to pay your Group for it.

2. State Law

   If you are not eligible to continue uninterrupted group coverage under federal law (COBRA), you may be eligible to continue group coverage under Colorado law. Colorado law states that if you have been a Member for at least six (6) consecutive months immediately prior to termination of employment, continue to meet the eligibility requirements of Group and Health Plan and continue to pay applicable monthly Dues to your Group, you may continue uninterrupted group coverage. If loss of eligibility occurs because of the following reasons, you and/or your Dependents may continue group coverage subject to the terms below:

   a. Your coverage is through a Subscriber who dies, divorces or legally separates or becomes entitled to Medicare or Medicaid benefits; or
   b. You are a Subscriber (or your coverage is through a Subscriber) whose employment terminates, including voluntary termination or layoff, or whose hours of employment have been reduced.

   You may enroll children born or placed for adoption with you during the period of continuation coverage. The enrollment and effective date shall be as specified under the "Eligibility" section.

   To continue coverage, you must request continuation of group coverage on a form furnished by and returned to your Group along with payment of applicable Dues, no later than 30 days after the date on which your Group coverage would otherwise terminate.

   Termination of State Continuation Coverage. Continuation of coverage under this provision continues upon payment of the applicable Dues to your Group and terminates on the earlier of:
   a. 18 months after your coverage would have otherwise terminated because of termination of employment; or
   b. The date you become covered under another group medical plan; or
   c. The date Health Plan terminates its contract with the Group.

   We may terminate your continuation coverage if payment is not received when due.

   If you have chosen an alternate health care plan offered through your Group, but elect during open enrollment to receive continuation coverage through Health Plan, you will only be entitled to continued coverage for the remainder of the 18-month maximum coverage period.

3. USERRA

   If you are called to active duty in the uniformed services, you may be able to continue your coverage under this EOC for a limited time after you would otherwise lose eligibility, if required by the federal USERRA law. You must submit a USERRA election form to your Group within 60 days after your call to active duty. Please contact your Group if you want to know how to elect USERRA coverage or how much you will have to pay your Group for it.

H. Moving to Another Kaiser Foundation Health Plan or Allied Plan Service Area

You must notify us immediately if you permanently move outside the Service Area. If you move to another Kaiser Foundation Health Plan or allied plan service area, you should contact your Group's benefits administrator before you move to learn about your Group health care options. You will be terminated from this Plan, but you may be able to transfer your group membership if there is an arrangement with your Group in the new service area. However, eligibility requirements, benefits, Dues, Copayments and Coinsurance may not be the same in the other service area.

IX. APPEALS AND COMPLAINTS

A. Claims and Appeals

Health Plan will review claims and appeals, and we may use medical experts to help us review them. The following terms have the following meanings when used in this "Appeals and Complaints" section:

1. A **claim** is a request for us to:
   a. provide or pay for a Service that you have not received (pre-service claim),
   b. continue to provide or pay for a Service that you are currently receiving (concurrent care claim), or
   c. pay for a Service that you have already received (post-service claim).

2. An **adverse benefit determination** is our decision to do any of the following:
   a. deny your claim, in whole or in part, including (1) a denial of a preauthorization for a Service; (2) a denial of a request for Services on the ground that the Service is not Medically Necessary, appropriate, effective or efficient or is not provided in or at the appropriate health care setting or level of care; and/or (3) a denial of a request for Services on the ground that the Service is experimental or investigational,
   b. terminate your membership retroactively except as the result of non-payment of premiums (also called rescission or cancellation retroactively), or
   c. uphold our previous adverse benefit determination when you appeal.

3. An **appeal** is a request for us to review our initial adverse benefit determination.

In addition, when we deny a request for medical care because it is excluded under this EOC, and you present evidence from medical professional licensed pursuant to the Colorado Medical Practice Act acting within the scope of his or her license that there is a reasonable medical basis that the contractual exclusion does not apply to the denied benefit, then such evidence establishes that the denial is subject to the appeals process.

If you miss a deadline for making a claim or appeal, we may decline to review it.

Except when simultaneous external review can occur, you must exhaust the internal claims and appeals procedure as described in this "Appeals and Complaints" section.

Reviewing Information Regarding Your Claim
If you want to review the information that we have collected regarding your claim, you may request, and we will provide without charge, copies of all relevant documents, records, and other information. You may request our Authorization for Release of Appeal Information form by calling the **Appeals Program**.

You also have the right to request any diagnosis and treatment codes and their meanings that are the subject of your claim. To make a request, you should contact **Member Services**.

Providing Additional Information Regarding Your Claim and/or Appeal
When you appeal, you may send us additional information including comments, documents, and additional medical records that you believe support your claim. If we asked for additional information and you did not provide it before we made our initial decision about your claim, then you may still send us the additional information so that we may include it as part of our review of your appeal. Please send all additional information to the Department that issued the adverse benefit determination.

When you appeal, you may give testimony in writing or by telephone. Please send your written testimony to the **Appeals Program**. To arrange to give testimony by telephone, you should contact the **Appeals Program**.

We will add the information that you provide through testimony or other means to your claim file and we will review it without regard to whether this information was submitted and/or considered in our initial decision regarding your claim.

Sharing Additional Information That We Collect

If we believe that your appeal of our initial adverse benefit determination will be denied, then before we issue our next adverse benefit determination we will also share with you any new or additional reasons for that decision. We will send you a letter explaining the new or additional information and/or reasons and inform you how you can respond to the information in the letter if you choose to do so. If you do not respond before we must make our next decision, that decision will be based on the information already in your claim file.

Internal Claims and Appeals Procedures

There are several types of claims, and each has a different procedure described below for sending your claim and appeal to us as described in this Internal Claims and Appeals Procedures section:

1. Pre-service claims (urgent and non-urgent)
2. Concurrent care claims (urgent and non-urgent)
3. Post-service claims

In addition, there is a separate appeals procedure for adverse benefit determinations due to a retroactive termination of membership (rescission).

When you file an appeal, we will review your claim without regard to our previous adverse benefit determination. The individual who reviews your appeal will not have participated in our original decision regarding your claim nor will he/she be the subordinate of someone who did participate in our original decision.

1. Pre-Service Claims and Appeals

   Pre-service claims are requests that we provide or pay for a Service that you have not yet received. Failure to receive Authorization before receiving a Service that must be authorized or pre-certified in order to be a covered benefit may be the basis for our denial of your pre-service claim or a post-service claim for payment. If you receive any of the Services you are requesting before we make our decision, your pre-service claim or appeal will become a post-service claim or appeal with respect to those Services. If you have any general questions about pre-service claims or appeals, please call **Member Services**.

   Here are the procedures for filing a pre-service claim, a non-urgent pre-service appeal, and an urgent pre-service appeal.

   a. Pre-Service Claim

      Tell Health Plan in writing that you want to make a claim for us to provide or pay for a Service you have not yet received. Your request and any related documents you give us constitute your claim. You must either mail or fax your claim to **Member Services**.

      If you want us to consider your pre-service claim on an urgent basis, your request should tell us that. We will decide whether your claim is urgent or non-urgent unless your attending health care provider tells us your claim is urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you are already disabled, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting. We may, but are not required to, waive the requirements related to an urgent claim and appeal thereof, to permit you to pursue an expedited external review.

      We will review your claim and, if we have all the information we need, we will make a decision within a reasonable period of time but not later than 15 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, if we notify you prior to the expiration of the initial 15-day period and explain the circumstances for which we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information within the initial 15-day decision period, and we will give you 45 days to send the information. We will make a decision within 15 days after we receive the first piece of information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within 45 days after we send our request, we will make a decision based on the information we have within 15 days following the end of the 45-day period.

      We will send written notice of our decision to you and, if applicable to your provider.

      If your pre-service claim was considered on an urgent basis, we will notify you of our decision (whether adverse or not) orally or in writing within a timeframe appropriate to your clinical condition but not later than 72 hours after we receive your claim. Within 24 hours after we receive your claim, we may ask you for more information. We will notify you of our decision within 48 hours of receiving the first piece of requested information. If we do not receive any of the requested information, then we will notify you of our decision within 48 hours after making our request. If we notify you of our decision orally, we will send you written confirmation within three (3) days after that.

      If we deny your claim (if we do not agree to provide or pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Non-Urgent Pre-Service Appeal
Within 180 days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our denial of your pre-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or relevant symptoms, (3) the specific Service that you are requesting, (4) all of the reasons why you disagree with our adverse benefit denial, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You must either mail or fax your appeal to the **Appeals Program**.

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

c. Urgent Pre-Service Appeal
Tell us that you want to urgently appeal our adverse benefit determination regarding your pre-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the specific Service that you are requesting, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You may submit your appeal orally, by mail or by fax to the **Appeals Program**.

When you send your appeal, you may also request simultaneous external review of our initial adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your pre-service appeal qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see "External Review" in this "Appeals and Complaints" section), if our internal appeal decision is not in your favor.

We will decide whether your appeal is urgent or non-urgent unless your attending health care provider tells us your appeal is urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you are already disabled, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; or (c) your attending provider requests that your appeal be treated as urgent. We may, but are not required to, waive the requirements related to an urgent appeal to permit you to pursue an expedited external review.

We will review your appeal and give you oral or written notice of our decision as soon as your clinical condition requires, but not later than 72 hours after we received your appeal. If we notify you of our decision orally, we will send you a written confirmation within three (3) days after that.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

2. Concurrent Care Claims and Appeals.
Concurrent care claims are requests that Health Plan continue to provide, or pay for, an ongoing course of covered treatment to be provided over a period of time or number of treatments, when the course of treatment already being received is scheduled to end. If you have any general questions about concurrent care claims or appeals, please call **Member Services**.

Unless you are appealing an urgent care concurrent claim, if we either (a) deny your request to extend your current authorized ongoing care (your concurrent care claim) or (b) inform you that authorized care that you are currently receiving is going to end early and you then appeal our adverse benefit determination at least 24 hours before your ongoing course of covered treatment will end, then during the time that we are considering your appeal, you may continue to receive the authorized Services. If you continue to receive these Services while we consider your appeal and your appeal does not result in our approval of your concurrent care claim, then we will only pay for the continuation of Services until we notify you of our appeal decision.

Here are the procedures for filing a concurrent care claim, a non-urgent concurrent care appeal, and an urgent concurrent care appeal:

a. Concurrent Care Claim
Tell us in writing that you want to make a concurrent care claim for an ongoing course of covered treatment. Inform us in detail of the reasons that your authorized ongoing care should be continued or extended. Your request and any related documents you give us constitute your claim. You must either mail or fax your claim to **Member Services**.

If you want us to consider your claim on an urgent basis and you contact us at least 24 hours before your care ends, you may request that we review your concurrent claim on an urgent basis. We will decide whether your claim is urgent or non-urgent unless your attending health care provider tells us your claim is urgent. If we determine that your claim

is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life, health or ability to regain maximum function or if you are already disabled, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without extending your course of covered treatment; or (c) your attending provider requests that your claim be treated as urgent. We may, but are not required to, waive the requirements related to an urgent claim or an appeal thereof, to permit you to pursue an expedited external review.

We will review your claim, and if we have all the information we need we will make a decision within a reasonable period of time. If you submitted your claim 24 hours or more before your care is ending, we will make our decision before your authorized care actually ends. If your authorized care ended before you submitted your claim, we will make our decision but no later than 15 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, if we send you notice before the initial 15-day decision period ends and explain the circumstances for which we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information before the initial decision period ends, and we will give you until your care is ending or, if your care has ended, 45 days to send us the information. We will make our decision as soon as possible, if your care has not ended, or within 15 days after we first receive any information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within the stated timeframe after we send our request, we will make a decision based on the information we have within the appropriate timeframe, not to exceed 15 days following the end of the timeframe we gave you for sending the additional information.

We will send written notice of our decision to you and, if applicable to your provider, upon request.

If we consider your concurrent claim on an urgent basis, we will notify you of our decision orally or in writing as soon as your clinical condition requires, but not later than 24 hours after we received your appeal. If we notify you of our decision orally, we will send you written confirmation within three (3) days after receiving your claim.

If we deny your claim (if we do not agree to provide or pay for extending the ongoing course of treatment), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Non-Urgent Concurrent Care Appeal

Within 180 days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our adverse benefit determination. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the ongoing course of covered treatment that you want to continue or extend, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting documents. Your request and all supporting documents constitute your appeal. You must either mail or fax your appeal to the **Appeals Program**.

We will review your appeal and send you a written decision as soon as possible if you care has not ended but not later than 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination decision will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

c. Urgent Concurrent Care Appeal

Tell us that you want to urgently appeal our adverse benefit determination regarding your urgent concurrent claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the ongoing course of covered treatment that you want to continue or extend, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You may submit your appeal orally, by mail or by fax to the **Appeals Program**.

When you send your appeal, you may also request simultaneous external review of our adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your concurrent care claim qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Appeals and Complaints” section).

We will decide whether your appeal is urgent or non-urgent unless your attending health care provider tells us your appeal is urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you are already disabled, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without continuing your course of covered

treatment; or (c) your attending provider requests that your claim be treated as urgent. We may, but are not required to, waive the requirements related to an urgent appeal to permit you to pursue an expedited external review.

We will review your appeal and notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three (3) days after that.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

3. Post-Service Claims and Appeals

Post-service claims are requests that we for pay for Services you already received, including claims for out-of-Plan Emergency Services. If you have any general questions about post-service claims or appeals, please call **Member Services**.

Here are the procedures for filing a post-service claim and a post-service appeal:

a. Post-Service Claim

Within 180 days from the date you received the Services, mail us a letter explaining the Services for which you are requesting payment. Provide us with the following: (1) the date you received the Services, (2) where you received them, (3) who provided them, and (4) why you think we should pay for the Services. You must include a copy of the bill and any supporting documents. Your letter and the related documents constitute your claim. Or, you may contact **Member Services** to obtain a claims form. You must either mail or fax your claim to the **Claims Department**.

We will not accept or pay for claims received from you after 180 days from the date of Services.

We will review your claim, and if we have all the information we need we will send you a written decision within 30 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, if we notify you within 30 days after we receive your claim and explain the circumstances for which we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information before the end of the initial 30-day decision period ends, and we will give you 45 days to send us the information. We will make a decision within 15 days after we receive the first piece of information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within 45 days after we send our request, we will make a decision based on the information we have within 15 days following the end of the 45-day period.

If we deny your claim (if we do not pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Post-Service Appeal

Within 180 days after you receive our adverse benefit determination, tell us in writing that you want to appeal our denial of your post-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the specific Services that you want us to pay for, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) include all supporting documents. Your request and the supporting documents constitute your appeal. You must either mail or fax your appeal to the **Appeals Program**.

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

Appeals of Retroactive Membership Termination (rescission or cancellation retroactively)

We may terminate your membership retroactively (see "Rescission of Membership" under the "Termination/Nonrenewal/Continuation" section). We will send you written notice at least 30 days prior to the termination. If you have general questions about retroactive membership terminations or appeals, please call **Member Services**.

Here is the procedure for filing an appeal of a retroactive membership termination:

Within 180 days after you receive our adverse benefit determination that your membership will be terminated retroactively, you must tell us in writing that you want to appeal our termination of your membership retroactively. Please include the following: (1) your name and Medical Record Number, (2) all of the reasons why you disagree with our retroactive membership termination, and (3) all supporting documents. Your request and the supporting documents constitute your appeal. You must mail your appeal to **Member Services**.

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

Voluntary Second Level Appeal

A Voluntary Second Level Appeal is another review by us that occurs after the mandatory internal appeal decision is communicated to you if you remain dissatisfied with our decision. This in-person review permits you to present evidence to the Second Level Appeal Panel and to ask questions. Choosing a Voluntary Second Level Appeal will not affect your right, if you have one, to request an independent external review.

Here is the procedure for a Voluntary Second Level of Appeal:

Within 30 days from the date of your receipt of our notice regarding your internal appeal. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or relevant symptoms, (3) the specific Service that you are requesting, (4) all of the reasons why you disagree with our adverse benefit determination (mandatory internal appeal decision), and (5) all supporting documents. Your request and the supporting documents constitute your request for a Voluntary Second Level of Appeal. You must mail your request to the **Appeals Program**.

Within sixty (60) calendar days following receipt of your request, Health Plan will hold a Second Level Appeal meeting. Health Plan shall notify you of the date on which the Second Level Appeal Panel will meet at least 20 days prior to the date of this in-person meeting. You may request to postpone this date, and your request cannot be unreasonably denied by Health Plan.

You may present your appeal in person before the Second Level Appeal Panel, or request a file review. If you would like to present your appeal in person, but an in-person meeting is not practical, you may present your appeal by telephone. Please indicate in your appeal request how you want to present your appeal. Unless you request to be present for the appeal meeting in person or by telephone conference, we will conduct your appeal as a file review.

You may request in writing that Health Plan transmit all material that will be presented to the Second Level Appeal Panel at least five (5) days prior to the date of the Second Level Appeal meeting.

You may submit additional information with your appeal request, or afterwards but no later than five (5) days prior to the date of your Second Level Appeal meeting. Any additional new material developed after this deadline shall be provided to us as soon as practicable. You may present your case to the Second Level Appeal Panel and ask questions of the Panel. You may be assisted or represented by an appointed representative of your choice including an attorney (at your own expense), other advocate or health care professional. If you decide to have an attorney present at the Second Level Appeal meeting, then you must let us know that at least seven (7) days prior to that meeting. You must appoint this attorney as your representative in accordance with our procedures.

We will issue a written decision within seven (7) days of the completion of the Voluntary Second Level Appeal meeting.

If you would like further information about the Voluntary Second Level Appeal process, to assist you in making an informed decision about pursuing a Voluntary Second Level Appeal, please call the **Appeals Program**. Your decision to pursue a Voluntary Second Level Appeal will have no effect on your rights to any other Health Plan benefits, the process for selecting the decision maker and/or the impartiality of the decision maker.

External Review

Following receipt of an adverse decision letter regarding your First Level Appeal or Voluntary Second Level Appeal, you may have a right to request an external review.

You have the right to request an independent external review of our decision if our decision involves an adverse benefit determination regarding a denial of a claim, in whole or in part, that is (1) a denial of a preauthorization for a Service; (2) a denial of a request for Services on the ground that the Service is not Medically Necessary, appropriate, effective or efficient or is not provided in or at the appropriate health care setting or level of care; and/or (3) a denial of a request for Services on the ground that the Service is experimental or investigational. If our final adverse decision does not involve an adverse benefit determination described in the preceding sentence, then your claim is **not** eligible for external review. However, independent external review is available when we deny your appeal because you request medical care that is excluded under your Kaiser Permanente plan and you present evidence from a licensed Colorado professional that there is a reasonable medical basis that the exclusion does not apply.

You will not be responsible for the cost of the external review. There is no minimum dollar amount for a claim to be eligible for an external review.

To request external review, you must:

1. Submit a completed Independent External Review of Carrier's Final Adverse Determination form which will be included with the mandatory internal appeal decision letter and explanation of your appeal rights (you may call the **Appeals Program** to request a copy of this form) to the **Appeals Program** within four (4) months of the date of receipt of the mandatory internal appeal decision or Voluntary Second Level Appeal decision. We shall consider the date of receipt for our notice to be three (3) days after the date on which our notice was drafted, unless you can prove that you received our notice after the three (3) day period ends.
2. Include in your written request a statement authorizing us to release your claim file with your health information including your medical records; or, you may submit a completed Authorization for Release of Appeal Information form which is included with the mandatory internal appeal decision letter and explanation of your appeal rights (you may call **Appeals Program** to request a copy of this form).

If we do not receive your external review request form and/or authorization form to release your health information, then we will not be able to act on your request. We must receive all of this information prior to the end of the applicable timeframe (4 months) for your request of external review.

Expedited External Review

You may request an expedited review if (1) you have a medical condition for which the timeframe for completion of a standard review would seriously jeopardize your life, health, or ability to regain maximum function, or, if you have an existing disability, would create an imminent and substantial limitation to your existing ability to live independently, or (2) in the opinion of a physician with knowledge of your medical condition, the timeframe for completion of a standard review would subject you to severe pain that cannot be adequately managed without the medical services that you are seeking. A request for an expedited external review must be accompanied by a written statement from your physician that your condition meets the expedited criteria. You must include the physician's certification that you meet expedited external review criteria when you submit your request for external review along with the other required information (described, above).

Additional Requirements for External Review regarding Experimental or Investigational Services

You may request external review or expedited external review involving an adverse benefit determination based upon the Service being experimental or investigational. Your request for external review or expedited external review must include a written statement from your physician that either (a) standard health care services or treatments have not been effective in improving your condition or are not medically appropriate for you, or (b) there is no available standard health care service or treatment covered under this EOC that is more beneficial than the recommended or requested health care service (the physician must certify that scientifically valid studies using accepted protocols demonstrate that the requested health care service or treatment is more likely to be more beneficial to you than an available standard health care services or treatments), and the physician is a licensed, board-certified, or board-eligible physician to practice in the area of medicine to treat your condition. If you are requesting expedited external review, then your physician must also certify that the requested health care service or treatment would be less effective if not promptly initiated. These certifications must be submitted with your request for external review.

No expedited external review is available when you have already received the medical care that is the subject of your request for external review. If you do not qualify for expedited external review, we will treat your request as a request for standard external review.

After we receive your request for external review, we shall notify you of the information regarding the independent external review entity that the Division of Insurance has selected to conduct the external review.

If we deny your request for standard or expedited external review, including any assertion that we have not complied with the applicable requirements related to our internal claims and appeals procedure, then we may notify you in writing and include the specific reasons for the denial. Our notice will include information about your right to appeal the denial to the Division of Insurance. At the same time that we send this denial notice to you, we will send a copy of it to the Division of Insurance.

You will not be able to present your appeal in person to the independent external review organization. You may, however, send any additional information that is significantly different from information provided or considered during the internal claims and appeal procedure and, if applicable Voluntary Second Level of Appeal process. If you send new information, we may consider it and reverse our decision regarding your appeal.

You may submit your additional information to the independent external review organization for consideration during its review within five (5) working days of your receipt of our notice describing the independent review organization that has been selected to conduct the external review of your claim. Although it is not required to do so, the independent review organization may accept and consider additional information submitted after this five (5) working day period ends.

The independent external review entity shall review information regarding your benefit claim and shall base its determination on an objective review of relevant medical and scientific evidence. Within 45 days of the independent external review entity's receipt of your request for standard external review, it shall provide written notice of its decision to you. If the independent external review entity is deciding your expedited external review request, then the independent external review entity shall make its decision as expeditiously as possible and no more than 72 hours after its receipt of your request for external review and within 48 hours of notifying you orally of its decision provide written confirmation of its decision. This notice shall explain the external review entity's decision and that the external review decision is the final appeal available under state insurance law. An external review decision is binding on Health Plan and you except to the extent Health Plan and you have other remedies available under federal or state law. You or your designated representative may not file a subsequent request for external review involving the same Health Plan adverse determination for which you have already received an external review decision.

If the independent external review organization overturns our denial of payment for care you have already received, we will issue payment within five (5) working days. If the independent review organization overturns our decision not to authorize pre-service or concurrent care claims, Kaiser Permanente will authorize care within one (1) working day. Such covered services shall be provided subject to the terms and conditions applicable to benefits under your plan.

Except when external review is permitted to occur simultaneously with your urgent pre-service appeal or urgent concurrent care appeal, you must exhaust our internal claims and appeals procedure (but not the Voluntary Second Level of Appeal) for your claim before you may request external review unless we have failed to substantially comply with federal and/or state law requirements regarding our claims and appeals procedures.

Additional Review

You may have certain additional rights if you remain dissatisfied after you have exhausted our internal claims and appeals procedures, and if applicable, external review. If you are enrolled through a plan that is subject to the Employee Retirement Income Security Act (ERISA), you may file a civil action under section 502(a) of the federal ERISA statute. To understand these rights, you should check with your benefits office or contact the Employee Benefits Security Administration (part of the U.S. Department of Labor) at 1-866-444-EBSA (3272). Alternatively, if your plan is not subject to ERISA (for example, most state or local government plans and church plans or all individual plans), you may have a right to request review in state court.

If you are dissatisfied for any reason, please let us know. Please call **Member Services**.

You pay your plan cost-sharing amount for these services. **For drugs that may be covered by our plan's Part D benefit:** Drugs are never covered by both hospice and our plan at the same time. For more information, please see Chapter 5, Section 9.4, "What if you're in Medicare-certified hospice." **Note:** If you need non-hospice care (care that is not related to your terminal prognosis), you should contact us to arrange the services. CHAPTER 1. Getting started as a member

SECTION 1. Introduction

Section 1.1 You are enrolled in Senior Advantage, which is a Medicare HMO

You are covered by Medicare, and you have chosen to get your Medicare health care and your prescription drug coverage through our plan, Kaiser Permanente Senior Advantage.

There are different types of Medicare health plans. Senior Advantage is a Medicare Advantage HMO Plan (HMO stands for Health Maintenance Organization). approved by Medicare and run by a private company.

Section 1.2 What is the Evidence of Coverage booklet about?

This **Evidence of Coverage** booklet tells you how to get your Medicare medical care and prescription drugs covered through our plan. This booklet explains your rights and responsibilities, what is covered, and what you pay as a member of our plan.

If you are not certain which plan you are enrolled, please call Member Services or your group's benefit administrator.

This plan is offered by Kaiser Foundation Health Plan of Colorado (Health Plan) and it includes Medicare part D prescription drug coverage. When this **Evidence of Coverage** says "we," "us," or "our," it means Health Plan. When it says "plan" or "our plan," it means Kaiser Permanente Senior Advantage (Senior Advantage).

The words "coverage" and "covered services" refer to the medical care and services and the prescription drugs available to you as a member of our plan.

It is important for you to learn what our plan's rules are and what services are available to you. We encourage you to set aside some time to look through this **Evidence of Coverage** booklet.

If you are confused or concerned of just have a question, please contact Member Services (phone numbers are printed on the back cover of this booklet).

Section 1.3 Legal information about the Evidence of Coverage

It's part of our contract with you

This **Evidence of Coverage** is part of our contract with you about how we cover your care. Other parts of this contract include your enrollment form, our **Kaiser Permanente 2018 Comprehensive Formulary**, and any notices you receive from us about changes to your coverage or conditions that affect your coverage. These notices are sometimes called "riders" or "amendments."

If your group renews on January 1st, the **Evidence of Coverage** is in effect for the months in which you are enrolled in Senior Advantage between January 1, 2018, and December 31, 2018,

unless amended. If your group's agreement renews at a later date in 2018, the term of this **Evidence of Coverage** is during that contract period, unless amended. Your group can tell you the term of this **Evidence of Coverage** and whether this **Evidence of Coverage** is still in effect, and give you a current one if this **Evidence of Coverage** has been amended.

Each calendar year, Medicare allows us to make changes to the plans that we offer. This means we can change the costs and benefits of our plan after December 31, 2018. We can also choose to stop offering the plan, or to offer it in a different service area, after December 31, 2018. In addition, your group can make changes to the plans and benefits it offers at any time.

Medicare must approve our plan each year

Medicare (the Centers for Medicare & Medicaid Services) must approve our plan each year. You can continue to get Medicare coverage as a member of our plan as long as we continue to offer our plan and Medicare renews its approval of our plan.

It is also important to notify your group's benefits administrator and that you call Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

Section 2.4 U.S. citizen or lawful presence

A member of a Medicare health plan must be a U.S. citizen or lawfully present in the United States. Medicare (the Centers for Medicare & Medicaid Services) will notify us if you are not eligible to remain a member on this basis. We must disenroll you if you do not meet this requirement.

Section 2.5 Group eligibility requirements

You must meet your group's eligibility requirements that we have approved. Your group is required to inform subscribers of its eligibility requirements, such as dependent eligibility requirements (for example, your spouse).

Please note that your group might not allow enrollment to some persons who meet the requirements described under "Additional eligibility requirements" below.

Additional eligibility requirements

Subscriber. You may be eligible to enroll as a subscriber under this **Evidence of Coverage** if you are entitled to subscriber coverage under your Group's eligibility requirements. An example would be an employee of your Group who works at least the number of hours stated in those requirements.

If you are a subscriber under this Evidence of Coverage or a subscriber enrolled in a non-Medicare plan offered by your group, the following persons may be eligible to enroll as your dependents under this Evidence of Coverage if they meet all the other requirements described in this section 2.5:

- Your spouse. (Spouse includes a partner in a valid civil union under state law.)
- Your or your Spouse's children (including adopted children, children placed with you for adoption, and foster children) who are under the dependent limiting age. Check with your group to determine the age limit for dependents.
- Other dependent persons who meet all of the following requirements:
  - they are under the dependent limiting age as determined by your group
  - you or your spouse is the court-appointed permanent legal guardian (or was before the person reached age 18).
- Your or your spouse's unmarried children of any age who are medically certified as disabled and dependent upon you or your spouse are eligible to enroll or continue coverage as your dependents if the following requirements are met:
  - they are dependent on you or your spouse; and
  - you give us proof of the dependent's disability and dependency annually if we request it.
- Subscriber's designated beneficiaries as defined by Colorado law, if your employer elects to cover designated beneficiaries as dependents.

Students on medical leave of absence. Dependent children who lose dependent student status at a postsecondary educational institution due to a medically necessary leave of absence remain eligible for coverage until the earlier of (i) one year after the first day of the medically necessary leave of absence; or (ii) the date dependent coverage would otherwise terminate under the non-Medicare plan offered by your group. We must receive written certification by a treating physician of the dependent child which states that the child is suffering from a serious illness or injury, and that the leave of absence or other change of enrollment is medically necessary.

Note: If you have dependents who do not have Medicare Part B coverage or for some other reason are not eligible to enroll under this Evidence of Coverage, you may be able to enroll them as your dependents under a non-Medicare plan offered by your group. Please contact your group for details, including eligibility and benefit information, and to request a copy of the non-Medicare plan document.

If your plan has different eligibility requirements, please see "Additional Provisions."

Section 2.5 When you can enroll and when coverage begins

Your group is required to inform you when you are eligible to enroll and what your effective date of coverage is under this **Evidence of Coverage.** If you are eligible to enroll as described in this section, enrollment is permitted and membership begins at the beginning (12 a.m.) of the effective date of coverage, except that:

- Your group may have additional requirements that we have approved, which allow enrollment in other situations.
- The effective date of your Senior Advantage coverage under this **Evidence of Coverage** must be confirmed by the Centers for Medicare & Medicaid Services, as described under "Effective date of Senior Advantage coverage" in this section.

If you are a subscriber under this **Evidence of Coverage** and you have dependents who do not have Medicare Part B coverage or for some other reason are not eligible to enroll under this **Evidence of Coverage**, you may be able to enroll them as your dependents under a non-Medicare plan offered by your group. Please contact your group for details, including eligibility and benefit information, and to request a copy of the non-Medicare plan document.

If you are eligible to be a dependent under this **Evidence of Coverage** but the subscriber in your family is enrolled under a non-Medicare plan offered by your group, the subscriber must follow the rules applicable to subscribers who are enrolling dependents in this Section 2.5.

Effective date of Senior Advantage coverage

After we receive your completed Senior Advantage enrollment form, we will submit your enrollment request to the Centers for Medicare & Medicaid Services for confirmation and send you a notice indicating the proposed effective date of your Senior Advantage coverage under this **Evidence of Coverage.**

If CMS confirms your Senior Advantage enrollment and effective date, we will send you a notice that confirms your enrollment and effective date. If CMS tell us that you do not have Medicare Part B coverage, we will notify you that you will be disenrolled from Senior Advantage.

New subscribers

When your group informs you that you are eligible to enroll as a subscriber, you may enroll yourself and any eligible dependent by submitting a Health Plan-approved enrollment application and a Senior Advantage enrollment form for each person to your group within 31 days after you become eligible, or as otherwise specified by your group.

Effective date of Senior Advantage coverage. The effective date of Senior Advantage coverage for new subscribers and their eligible family dependents is determined by your group, subject to confirmation by CMS.

Employees who are not enrolled when newly eligible must wait until the next open enrollment period to become members of Health Plan, unless: (i) they enroll under special circumstances, as agreed to by your group and Health Plan or (ii) they enroll under the provisions described in "Special Enrollment Due to Loss of Other Coverage" below.

Adding new dependents to an existing account

To enroll a dependent who first becomes eligible to enroll after you became a subscriber (such as a new spouse, a newborn child, or a newly adopted child), you must submit a Health Plan-approved enrollment form and a Senior Advantage enrollment form to your group within 31 days after the dependent first becomes eligible, or as otherwise specified by your group.

Dependents who are not enrolled when newly eligible must wait until the next open enrollment period to become members of Health Plan, unless: (i) they enroll under special circumstances, as agreed to by your group and Health Plan or (ii) they enroll under the provisions described in "Special Enrollment Due to Loss of Other Coverage" below.

Effective date of Senior Advantage coverage. The effective date of coverage for newly acquired dependents is determined by your group, subject to confirmation by the Centers for Medicare & Medicaid Services.

Group open enrollment

You may enroll as a subscriber (along with any eligible dependents), and existing subscribers may add eligible dependents, by submitting a Health Plan-approved enrollment application and a Senior Advantage enrollment form for each person to your group during your group's open enrollment period. Your group will let you know when the open enrollment period begins and ends and the effective date of coverage, which is subject to confirmation by CMS.

Special enrollment

If you do not enroll when you are first eligible and later want to enroll, you can enroll only during open enrollment unless you become eligible as described in this "Special enrollment" section.

Special enrollment events

You may enroll as a subscriber (along with any eligible dependents), and existing subscribers may add eligible dependents, by submitting a Health Plan-approved enrollment application and a Senior Advantage enrollment form for each person to your group within 31 days after the enrolling persons lose other coverage, if:

The enrolling persons had other coverage when you previously declined Health Plan coverage for them (some groups require you to have stated in writing when declining Health Plan coverage that other coverage was the reason); and the loss of the other coverage is due to one of the following: For a comprehensive list of qualifying events for special enrollment see your Group's administrator to obtain a copy of your Group's **Evidence of Coverage.**

Open enrollment

You may enroll as a subscriber (along with any eligible dependents), and existing subscribers may add eligible dependents, by submitting a Health Plan-approved enrollment application and a Senior Advantage enrollment form for each person to your group during your group's open enrollment period. Your group will let you know when the open enrollment period begins and ends and the membership effective date, which is subject to confirmation by the Centers for Medicare & Medicaid Services.

SECTION 3. What other materials will you get from us?

Section 3.1 Your plan membership card—use it to get all covered care and prescription drugs

While you are a member of our plan, you must use your membership card for our plan whenever you get any services covered by our plan and for prescription drugs you get at network pharmacies. You should also show the provider your Medicaid card, if applicable. Here's a sample membership card to show you what yours will look like:

As long as you are a member of our plan, **you must not use your red, white, and blue Medicare card** to get covered medical services (with the exception of routine clinical research studies and hospice services). Keep your red, white, and blue Medicare card in a safe place in case you need it later.

Here's why this is so important: If you get covered services using your red, white, and blue Medicare card instead of using your Senior Advantage membership card while you are a plan member, you may have to pay the full cost yourself.

If your plan membership card is damaged, lost, or stolen, call Member Services right away and we will send you a new card. Phone numbers for Member Services are printed on the back cover of this booklet.

Section 3.2 The Provider Directory: Your guide to all providers in our network

The **Provider Directory** lists our network providers and durable medical equipment suppliers.

What are "network providers"?

Network providers are the doctors and other health care professionals, medical groups, durable medical equipment suppliers, hospitals, and other health care facilities that have an agreement with us to accept our payment and any plan cost-sharing as payment in full. We have arranged for these providers to deliver covered services to members in our plan. The most recent list of providers is available on our website at **kp.org/directory**.

Why do you need to know which providers are part of our network?

It is important to know which providers are part of our network because, with limited exceptions, while you are a member of our plan you must use network providers to get your medical care and services. The only exceptions are emergencies, urgently needed services when the network is not available (generally, when you are out of the area), out-of-area dialysis services, and in some cases in which our plan authorizes use of out-of-network providers. See Chapter 3, "Using our plan's coverage for your medical services," for more specific information about emergency, out-of-network, and out-of-area coverage.

If you don't have your copy of the **Provider Directory**, you can request a copy from Member Services (phone numbers are printed on the back cover of this booklet). You may ask Member Services for more information about our network providers, including their qualifications. You can view or download the **Provider Directory** at **kp.org/directory**. Both Member Services and our website can give you the most up-to-date information about our network providers.

Section 3.3 The Pharmacy Directory: Your guide to pharmacies in our network

What are "network pharmacies"?

Network pharmacies are all of the pharmacies that have agreed to fill covered prescriptions for our plan members.

Why do you need to know about network pharmacies?

You can use the **Pharmacy Directory** to find the network pharmacy you want to use. There are changes to our network of pharmacies for next year. An updated **Pharmacy Directory** is located on our website at **kp.org/directory**. You may also call Member Services for updated provider information or to ask us to mail you a **Pharmacy Directory**. Please review the 2018 **Pharmacy Directory** to see which pharmacies are in our network.

If you don't have the **Pharmacy Directory**, you can get a copy from Member Services (phone numbers are printed on the back cover of this booklet). At any time, you can call Member Services to get up-to-date information about changes in the pharmacy network. You can also find this information on our website at **kp.org/directory**.

Section 3.4 Our plan's list of covered drugs (formulary)

Our plan has a **Kaiser Permanente 2018 Comprehensive Formulary**. We call it the "Drug List" for short. It tells you which Part D prescription drugs are covered under the Part D benefit included in our plan. The drugs on this list are selected by our plan with the help of a team of

doctors and pharmacists. The list must meet requirements set by Medicare. Medicare has approved our Drug List.

The Drug List also tells you if there are any rules that restrict coverage for your drugs.

To get the most complete and current information about which drugs are covered, you can visit our website (**kp.org/seniormedrx**) or call Member Services (phone numbers are printed on the back cover of this booklet).

Section 3.5 The Part D Explanation of Benefits (the "Part D *EOB*"): Report with a summary of payments made for your Part D prescription drugs

When you use your Part D prescription drug benefits, we will send you a summary report to help you understand and keep track of payments for your Part D prescription drugs. This summary report is called the **Part D Explanation of Benefits** (or the "**Part D EOB**").

The **Part D EOB** tells you the total amount you have spent on your Part D prescription drugs and the total amount we have paid for each of your Part D prescription drugs during the month. Chapter 6 ("What you pay for your Part D prescription drugs") gives you more information about the **Part D EOB** and how it can help you keep track of your drug coverage.

A **Part D EOB** summary is also available upon request. To get a copy, please contact Member Services (phone numbers are printed on the back cover of this booklet). You can also choose to get your **Part D EOB** online instead of by mail. Please visit **kp.org/goinggreen** and sign on to learn more about choosing to view your **Part D EOB** securely online.

SECTION 4. Your monthly premium for our plan

Section 4.1 How much is your plan premium?

Plan premiums

Your group is responsible for paying premiums. If you are responsible for any contribution to the premiums, your group will tell you the amount and how to pay your group.

SECTION 5. Do you have to pay the Part D "late enrollment penalty"?

Section 5.1 What is the Part D "late enrollment penalty"?

Note: If you receive "Extra Help" from Medicare to pay for your prescription drugs, you will not pay a late enrollment penalty.

The late enrollment penalty is an amount that is added to your Part D premium. You may owe a Part D late enrollment penalty if at any time after your initial enrollment period is over, there is a period of 63 days or more in a row when you did not have Part D or other creditable prescription drug coverage. "Creditable prescription drug coverage" is coverage that meets Medicare's minimum standards since it is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage. The amount of the penalty depends upon how long you waited to enroll in a creditable prescription drug coverage plan any time after the end of your initial enrollment period or how many full calendar months you went without creditable prescription drug coverage. You will have to pay this penalty for as long as you have Part D coverage.

If you are required to pay a Part D late enrollment penalty, your group will inform you the amount that you will be required to pay your group.

If you do not pay your Part D late enrollment penalty, you could lose your prescription drug benefits for failure to pay your plan premium.

Section 5.2 How much is the Part D late enrollment penalty?

Medicare determines the amount of the penalty. Here is how it works:

- First count the number of full months that you delayed enrolling in a Medicare drug plan, after you were eligible to enroll. Or count the number of full months in which you did not have creditable prescription drug coverage, if the break in coverage was 63 days or more. The penalty is 1% for every month that you didn't have creditable coverage. For example, if you go 14 months without coverage, the penalty will be 14%.
- Then Medicare determines the amount of the average monthly premium for Medicare drug plans in the nation from the previous year. For 2018, this average premium amount is $35.02.
- To calculate your monthly penalty, you multiply the penalty percentage and the average monthly premium, and then round it to the nearest 10 cents. In the example here, it would be 14% times $35.02, which equals $4.90. This rounds to $4.90. This amount would be added to the monthly premium for someone with a Part D late enrollment penalty.

There are three important things to note about this monthly Part D late enrollment penalty:

- First, the penalty may change each year because the average monthly premium can change each year. If the national average premium (as determined by Medicare) increases, your penalty will increase.
- Second, you will continue to pay a penalty every month for as long as you are enrolled in a plan that has Medicare Part D drug benefits.
- Third, if you are under 65 and currently receiving Medicare benefits, the Part D late enrollment penalty will reset when you turn 65. After age 65, your Part D late enrollment penalty will be based only on the months that you don't have coverage after your initial enrollment period for aging into Medicare.

Section 5.3 In some situations, you can enroll late and not have to pay the penalty

Even if you have delayed enrolling in a plan offering Medicare Part D coverage when you were first eligible, sometimes you do not have to pay the Part D late enrollment penalty.

You will not have to pay a penalty for late enrollment if you are in any of these situations:

- If you already have prescription drug coverage that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage. Medicare calls this "creditable drug coverage." **Please note:**
  - Creditable coverage could include drug coverage from a former employer or union, TRICARE, or the Department of Veterans Affairs. Your insurer or your human resources department will tell you each year if your drug coverage is creditable coverage. This information may be sent to you in a letter or included in a newsletter from the plan. Keep this information because you may need it if you join a Medicare drug plan later. Please note: If you receive a "certificate of creditable coverage" when your health coverage ends, it may not mean your prescription drug coverage was creditable. The notice must state that you had "creditable" prescription drug coverage that expected to pay as much as Medicare's standard prescription drug plan pays.
  - The following are not creditable prescription drug coverage: prescription drug discount cards, free clinics, and drug discount websites.
  - For additional information about creditable coverage, please look in your **Medicare & You** 2018 handbook or call Medicare at **1-800-MEDICARE (1-800-633-4227)**. TTY users call **1-877-486-2048**. You can call these numbers for free, 24 hours a day, 7 days a week.
- If you were without creditable coverage, but you were without it for less than 63 days in a row.
- If you are receiving "Extra Help" from Medicare.

Section 5.4 What can you do if you disagree with your Part D late enrollment penalty?

If you disagree about your Part D late enrollment penalty, you or your representative can ask for a review of the decision about your late enrollment penalty. Generally, you must request this review within 60 days from the date on the letter you receive stating you have to pay a late enrollment penalty. Call Member Services to find out more about how to do this (phone numbers are printed on the back cover of this booklet).

Important: Do not stop paying your Part D late enrollment penalty while you're waiting for a review of the decision about your late enrollment penalty. If you do, you could be disenrolled for failure to pay your plan premiums.

SECTION 6. Do you have to pay an extra Part D amount because of your income?

Section 6.1 Who pays an extra Part D amount because of income?

Most people pay a standard monthly Part D premium. However, some people pay an extra amount because of their yearly income. If your income is $85,000 or above for an individual (or married individuals filing separately) or $170,000 or above for married couples, **you must pay an extra amount directly to the government** for your Medicare Part D coverage.

If you have to pay an extra amount, Social Security, not your Medicare plan, will send you a letter telling you what that extra amount will be and how to pay it. The extra amount will be withheld from your Social Security, Railroad Retirement Board, or Office of Personnel Management benefit check, no matter how you usually pay your plan premium, unless your monthly benefit isn't enough to cover the extra amount owed. If your benefit check isn't enough to cover the extra amount, you will get a bill from Medicare. You must pay the extra amount to the government. It cannot be paid with your monthly plan premium.

Section 6.2 How much is the extra Part D amount?

If your modified adjusted gross income (MAGI) as reported on your IRS tax return is above a certain amount, you will pay an extra amount in addition to your monthly plan premium. The chart below shows the extra amount based on your income.

If you filed an individual tax return and your income in 2017 was:	If you were married but filed a separate tax return and your income in 2017 was:	If you filed a joint tax return and your income in 2017 was:	This is the monthly cost of your extra Part D amount (to be paid in addition to your plan premium)
Equal to or less than $85,000	Equal to or less than $85,000	Equal to or less than $170,000	$0
Greater than $85,000 and less than or equal to $107,000		Greater than $170,000 and less than or equal to $214,000	$13.00
Greater than $107,000 and less than or equal to $133,500		Greater than $214,000 and less than or equal to $267,000	$33.60
Greater than $133,500 and less than or equal to $160,000		Greater than $267,000 and less than or equal to $320,000	$54.20
Greater than $160,000	Greater than $85,000	Greater than $320,000	$74.80

Section 6.3 What can you do if you disagree about paying an extra Part D amount?

If you disagree about paying an extra amount because of your income, you can ask Social Security to review the decision. To find out more about how to do this, contact Social Security at **1-800-772-1213** (TTY **1-800-325-0778**).

Section 6.4 What happens if you do not pay the extra Part D amount?

The extra amount is paid directly to the government (not your Medicare plan) for your Medicare Part D coverage. If you are required to pay the extra amount and you do not pay it, you will be disenrolled from the plan and lose prescription drug coverage.

SECTION 7. More information about your monthly premium

Many members are required to pay other Medicare premiums

In addition to paying the monthly plan premium, many members are required to pay other Medicare premiums. As explained in Section 2 of this chapter, in order to be eligible for our plan, you must be entitled to Medicare Part A and enrolled in Medicare Part B. For that reason, some plan members (those who aren't eligible for premium-free Part A) pay a premium for Medicare Part A and most plan members pay a premium for Medicare Part B. You must continue paying your Medicare premiums to remain a member of our plan.

Some people pay an extra amount for Part D because of their yearly income. This is known as Income Related Monthly Adjustment Amounts, also known as IRMAA. If your income is greater than $85,000 for an individual (or married individuals filing separately) or greater than $170,000 for married couples, you must pay an extra amount directly to the government (not the Medicare plan) for your Medicare Part D coverage.

- **If you are required to pay the extra amount and you do not pay it, you will be disenrolled from our plan and lose prescription drug coverage.**
- If you have to pay an extra amount, Social Security, **not your Medicare plan**, will send you a letter telling you what that extra amount will be.
- For more information about Part D premiums based on income, go to Section 6 of this chapter. You can also visit **https://www.medicare.gov** on the Web or call **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**. Or you may call Social Security at **1-800-772-1213**. TTY users should call **1-800-325-0778**.

Your copy of **Medicare & You** 2018 gives you information about Medicare premiums in the section called "2018 Medicare Costs." This explains how the Medicare Part B and Part D premiums differ for people with different incomes. Everyone with Medicare receives a copy of **Medicare & You** each year in the fall. Those new to Medicare receive it within a month after first signing up. You can also download a copy of **Medicare & You** 2018 from the Medicare website (**https://www.medicare.gov**) or you can order a printed copy by phone at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users call **1-877-486-2048**.

Section 7.1 Paying your plan premium

Your group is responsible for paying premiums. If you are responsible for any contribution to the premiums, your group will tell you the amount and how to pay your group.

Section 7.2 Can we change your monthly plan premium during the year?

No. We are not allowed to change the amount we charge for our plan's monthly plan premium during the year. If the monthly plan premium changes for next year, we will tell you in September and the change will take effect on January 1.

However, in some cases, the part of the premium that you have to pay can change during the year. This happens if you become eligible for the "Extra Help" program or if you lose your eligibility for the "Extra Help" program during the year. If a member qualifies for "Extra Help" with their prescription drug costs, the "Extra Help" program will pay part of the member's monthly plan premium. A member who loses their eligibility during the year will need to start paying their full monthly premium. You can find out more about the "Extra Help" program in Chapter 2, Section 7.

SECTION 8. Please keep your plan membership record up-to-date

Section 8.1 How to help make sure that we have accurate information about you

Your membership record has information from your enrollment form, including your address and telephone number. It shows your specific plan coverage, including your Primary Care Provider.

The doctors, hospitals, pharmacists, and other providers in our network need to have correct information about you. **These network providers use your membership record to know what services and drugs are covered and the cost-sharing amounts for you**. Because of this, it is very important that you help us keep your information up-to-date.

Let us know about these changes:

- Changes to your name, your address, or your phone number.
- Changes in any other health insurance coverage you have (such as from your employer, your spouse's employer, workers' compensation, or Medicaid).
- If you have any liability claims, such as claims from an automobile accident.
- If you have been admitted to a nursing home.
- If you receive care in an out-of-area or out-of-network hospital or emergency room.
- If your designated responsible party (such as a caregiver) changes.
- If you are participating in a clinical research study.

If any of this information changes, please let us know by calling Member Services (phone numbers are printed on the back cover of this booklet).

It is also important to contact Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

Read over the information we send you about any other insurance coverage you have

Medicare requires that we collect information from you about any other medical or drug insurance coverage that you have. That's because we must coordinate any other coverage you have with your benefits under our plan. (For more information about how our coverage works when you have other insurance, see Section 10 in this chapter.)

Once each year, we will send you a letter that lists any other medical or drug insurance coverage that we know about. Please read over this information carefully. If it is correct, you don't need to do anything. If the information is incorrect, or if you have other coverage that is not listed, please call Member Services (phone numbers are printed on the back cover of this booklet).

SECTION 9. We protect the privacy of your personal health information

Section 9.1 We make sure that your health information is protected

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

For more information about how we protect your personal health information, please go to Chapter 8, Section 1.4, of this booklet.

SECTION 10. How other insurance works with our plan

Section 10.1 Which plan pays first when you have other insurance?

When you have other insurance (like employer group health coverage), there are rules set by Medicare that decide whether our plan or your other insurance pays first. The insurance that pays first is called the "primary payer" and pays up to the limits of its coverage. The one that pays second, called the "secondary payer," only pays if there are costs left uncovered by the primary coverage. The secondary payer may not pay all of the uncovered costs.

These rules apply for employer or union group health plan coverage:

- If you have retiree coverage, Medicare pays first.
- If your group health plan coverage is based on your or a family member's current employment, who pays first depends upon your age, the number of people employed by your employer, and whether you have Medicare based on age, disability, or End-Stage Renal Disease (ESRD):
  - If you're under 65 and disabled and you or your family member is still working, your group health plan pays first if the employer has 100 or more employees or at least one employer in a multiple employer plan that has more than 100 employees.

  - If you're over 65 and you or your spouse is still working, your group health plan pays first if the employer has 20 or more employees or at least one employer in a multiple employer plan that has more than 20 employees.
- If you have Medicare because of ESRD, your group health plan will pay first for the first 30 months after you become eligible for Medicare.

These types of coverage usually pay first for services related to each type:

- No-fault insurance (including automobile insurance).
- Liability (including automobile insurance).
- Black lung benefits.
- Workers' compensation.

Medicaid and TRICARE never pay first for Medicare-covered services. They only pay after Medicare, employer group health plans, and/or Medigap have paid.

If you have other insurance, tell your doctor, hospital, and pharmacy. If you have questions about who pays first, or you need to update your other insurance information, call Member Services (phone numbers are printed on the back cover of this booklet). You may need to give your plan member ID number to your other insurers (once you have confirmed their identity) so your bills are paid correctly and on time.

SECTION 3. State Health Insurance Assistance Program (free help, information, and answers to your questions about Medicare)

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state. In Colorado, the SHIP is called Colorado State Health Insurance Assistance Program ("Colorado SHIP").

Colorado SHIP is independent (not connected with any insurance company or health plan). It is a state program that gets money from the federal government to give free local health insurance counseling to people with Medicare.

Colorado SHIP counselors can help you with your Medicare questions or problems. They can help you understand your Medicare rights, help you make complaints about your medical care or treatment, and help you straighten out problems with your Medicare bills. Colorado SHIP counselors can also help you understand your Medicare plan choices and answer questions about switching plans.

KEPRO has a group of doctors and other health care professionals who are paid by the federal government. This organization is paid by Medicare to check on and help improve the quality of care for people with Medicare. KEPRO is an independent organization. It is not connected with our plan.

You should contact KEPRO in any of these situations:

SECTION 5. Social Security

Social Security is responsible for determining eligibility and handling enrollment for Medicare. U.S. citizens and lawful permanent residents who are 65 or older, or who have a disability or End-Stage Renal Disease and meet certain conditions, are eligible for Medicare. If you are already getting Social Security checks, enrollment into Medicare is automatic. If you are not getting Social Security checks, you have to enroll in Medicare. Social Security handles the enrollment process for Medicare. To apply for Medicare, you can call Social Security or visit your local Social Security office.

Social Security is also responsible for determining who has to pay an extra amount for their Part D drug coverage because they have a higher income. If you got a letter from Social Security telling you that you have to pay the extra amount and have questions about the amount or if your income went down because of a life-changing event, you can call Social Security to ask for a reconsideration.

If you move or change your mailing address, it is important that you contact Social Security to let them know.

SECTION 6. **Medicaid** (a joint federal and state program that helps with medical costs for some people with limited income and resources)

Medicaid is a joint federal and state government program that helps with medical costs for certain people with limited incomes and resources. Some people with Medicare are also eligible for Medicaid.

In addition, there are programs offered through Medicaid that help people with Medicare pay their Medicare costs, such as their Medicare premiums. These "Medicare Savings Programs" help people with limited income and resources save money each year:

- **Qualified Medicare Beneficiary (QMB):** Helps pay Medicare Part A and Part B premiums, and other cost-sharing (like deductibles, coinsurance, and copayments). Some people with QMB are also eligible for full Medicaid benefits (QMB+).
- **Specified Low-Income Medicare Beneficiary (SLMB):** Helps pay Part B premiums. Some people with SLMB are also eligible for full Medicaid benefits (SLMB+).
- **Qualified Individual (QI):** Helps pay Part B premiums.
- **Qualified Disabled & Working Individuals (QDWI):** Helps pay Part A premiums.

To find out more about Medicaid and its programs, contact Health First Colorado (Medicaid).

SECTION 7. Information about programs to help people pay for their prescription drugs

Medicare's "Extra Help" Program

Medicare provides "Extra Help" to pay prescription drug costs for people who have limited income and resources. Resources include your savings and stocks, but not your home or car. If you qualify, you get help paying for any Medicare drug plan's monthly premium, yearly deductible, and prescription copayments. This "Extra Help" also counts toward your out-of-pocket costs.

People with limited income and resources may qualify for "Extra Help." Some people automatically qualify for "Extra Help" and don't need to apply. Medicare mails a letter to people who automatically qualify for "Extra Help."

You may be able to get "Extra Help" to pay for your prescription drug premiums and costs. To see if you qualify for getting "Extra Help," call:

- **1-800-MEDICARE (1-800-633-4227)**. TTY users should call **1-877-486-2048**, 24 hours a day/7 days a week;
- The Social Security Office at **1-800-772-1213**, between 7 a.m. to 7 p.m., Monday through Friday. TTY users should call **1-800-325-0778** (applications); or
- Your state Medicaid office (applications) (see Section 6 in this chapter for contact information).

If you believe you have qualified for "Extra Help" and you believe that you are paying an incorrect cost-sharing amount when you get your prescription at a pharmacy, our plan has established a process that allows you either to request assistance in obtaining evidence of your proper copayment level, or, if you already have the evidence, to provide this evidence to us.

If you aren't sure what evidence to provide us, please contact a network pharmacy or Member Services. The evidence is often a letter from either the state Medicaid or Social Security office that confirms you are qualified for "Extra Help." The evidence may also be state-issued documentation with your eligibility information associated with Home and Community-Based Services.

You or your appointed representative may need to provide the evidence to a network pharmacy when obtaining covered Part D prescriptions so that we may charge you the appropriate cost-sharing amount until the Centers for Medicare & Medicaid Services (CMS) updates its records to reflect your current status. Once CMS updates its records, you will no longer need to present the evidence to the pharmacy. Please provide your evidence in one of the following ways so we can forward it to CMS for updating:

- Write to Kaiser Permanente at:
  California Service Center
  Attn: Best Available Evidence
  P.O. Box 232407
  San Diego, CA 92193-2407
- Fax it to **1-877-528-8579**.
- Take it to a network pharmacy.

When we receive the evidence showing your copayment level, we will update our system so that you can pay the correct copayment when you get your next prescription at the pharmacy. If you overpay your copayment, we will reimburse you. Either we will forward a check to you in the amount of your overpayment or we will offset future copayments. If the pharmacy hasn't collected a copayment from you and is carrying your copayment as a debt owed by you, we may make the payment directly to the pharmacy. If a state paid on your behalf, we may make payment directly to the state. Please contact Member Services if you have questions (phone numbers are printed on the back cover of this booklet).

Medicare Coverage Gap Discount Program

The Medicare Coverage Gap Discount Program provides manufacturer discounts on brand-name drugs to Part D members who have reached the coverage gap and are not receiving "Extra Help." For brand-name drugs, the 50% discount provided by manufacturers excludes any dispensing fee for costs in the gap. Members pay 35% of the negotiated price and a portion of the dispensing fee for brand-name drugs.

If you reach the coverage gap, we will automatically apply the discount when your pharmacy bills you for your prescription and your **Part D Explanation of Benefits (Part D EOB)** will show any discount provided. Both the amount you pay and the amount discounted by the manufacturer count toward your out-of-pocket costs as if you had paid them, and move you through the coverage gap. The amount paid by the plan (15%) does not count toward your out-of-pocket costs.

You also receive some coverage for generic drugs. If you reach the coverage gap, we pay 56% of the price for generic drugs and you pay the remaining 44% of the price. For generic drugs, the amount paid by our plan (56%) does not count toward your out-of-pocket costs. Only the amount you pay counts and moves you through the coverage gap. Also, the dispensing fee is included as part of the cost of the drug.

The Medicare Coverage Gap Discount Program is available nationwide. Because our plan offers additional gap coverage during the Coverage Gap Stage, your out-of-pocket costs will sometimes be lower than the costs described here. Please go to Chapter 6, Section 6, for more information about your coverage during the Coverage Gap Stage.

If you have any questions about the availability of discounts for the drugs you are taking or about the Medicare Coverage Gap Discount Program in general, please contact Member Services (phone numbers are printed on the back cover of this booklet).

What if you have coverage from a State Pharmaceutical Assistance Program (SPAP)?

If you are enrolled in a State Pharmaceutical Assistance Program (SPAP), or any other program that provides coverage for Part D drugs (other than "Extra Help"), you still get the 50% discount on covered brand-name drugs. Also, the plan pays 15% of the costs of brand-name drugs in the coverage gap. The 50% discount and the 15% paid by the plan are both applied to the price of the drug before any SPAP or other coverage.

What if you have coverage from an AIDS Drug Assistance Program (ADAP)?

What is the AIDS Drug Assistance Program (ADAP)?

The AIDS Drug Assistance Program (ADAP) helps ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing assistance through **Bridging the Gap Colorado**. Note: To be eligible for the ADAP operating in your state, individuals must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/underinsured status.

If you are currently enrolled in an ADAP, it can continue to provide you with Medicare Part D prescription cost-sharing assistance for drugs on the ADAP formulary. In order to be sure you continue receiving this assistance, please notify your local ADAP enrollment worker of any changes in your Medicare Part D plan name or policy number. Please call **Bridging the Gap Colorado** at **303-692-2716**.

For information on eligibility criteria, covered drugs, or how to enroll in the program, please call **Bridging the Gap Colorado** at **303-692-2716**.

What if you get "Extra Help" from Medicare to help pay your prescription drug costs? Can you get the discounts?

No. If you get "Extra Help," you already get coverage for your prescription drug costs during the coverage gap.

What if you don't get a discount, and you think you should have?

If you think that you have reached the coverage gap and did not get a discount when you paid for your brand-name drug, you should review your next *Part D Explanation of Benefits* (*Part D EOB*) notice. If the discount doesn't appear on your *Part D EOB*, you should contact us to make sure that your prescription records are correct and up-to-date. If we don't agree that you are owed a discount, you can appeal. You can get help filing an appeal from your State Health Insurance Assistance Program (SHIP) (telephone numbers are in Section 3 of this chapter)
or by calling **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week.
TTY users should call **1-877-486-2048**.

State Pharmaceutical Assistance Programs

Many states have State Pharmaceutical Assistance Programs that help some people pay for prescription drugs based on financial need, age, medical condition or disabilities. Each state has different rules to provide drug coverage to its members.

In Colorado, the name of the State Pharmaceutical Assistance Program is Bridging the Gap Colorado.

SECTION 9. Do you have "group insurance" or other health insurance from an employer?

If you (or your spouse) get benefits from your (or your spouse's) employer or retiree group as part of this plan, you may call the employer/union benefits administrator or Member Services if you have any questions. You can ask about your (or your spouse's) employer or retiree health benefits, premiums, or the enrollment period. Phone numbers for Member Services are printed on the back cover of this booklet. You may also call **1-800-MEDICARE** (**1-800-633-4227**; TTY: **1-877-486-2048**) with questions related to your Medicare coverage under this plan.

If you have other prescription drug coverage through your (or your spouse's) employer or retiree group, please contact that group's benefits administrator. The benefits administrator can help you determine how your current prescription drug coverage will work with our plan.

CHAPTER 3. Using our plan's coverage for your medical services

SECTION 1. Things to know about getting your medical care covered as a member of our plan

This chapter explains what you need to know about using our plan to get your medical care covered. It gives you definitions of terms and explains the rules you will need to follow to get the medical treatments, services, and other medical care that are covered by our plan.

For the details on what medical care is covered by our plan and how much you pay when you get this care, use the Medical Benefits Chart found at the front of this **EOC**.

Section 1.1 What are "network providers" and "covered services"?

Here are some definitions that can help you understand how you get the care and services that are covered for you as a member of our plan:

- **"Providers"** are doctors and other health care professionals licensed by the state to provide medical services and care. The term "providers" also includes hospitals and other health care facilities.
- **"Network providers"** are the doctors and other health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with us to accept our payment and your cost-sharing amount as payment in full. We have arranged for these providers to deliver covered services to members in our plan. The providers in our network bill us directly for care they give you. When you see a network provider, you pay only your share of the cost for their services.
- **"Covered services"** include all the medical care, health care services, supplies, and equipment that are covered by our plan. Your covered services for medical care are listed in the Medical Benefits Chart found at the front of this **EOC**.

Section 1.2 Basic rules for getting your medical care covered by our plan

As a Medicare health plan, our plan must cover all services covered by Original Medicare and must follow Original Medicare's coverage rules.

We will generally cover your medical care as long as:

- **The care you receive is included in our plan's Medical Benefits Chart** (found at the front of this **EOC**).
- **The care you receive is considered medically necessary**. "Medically necessary" means that the services, supplies, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.

- **You have a network primary care provider (a PCP)** who is providing and overseeing your care. As a member of our plan, you must choose a network PCP (for more information about this, see Section 2.1 in this chapter).
  - In most situations, your network PCP must give you approval in advance before you can use other providers in our plan's network, such as specialists, hospitals, skilled nursing facilities, or home health care agencies. This is called giving you a "referral" (for more information about this, see Section 2.3 in this chapter).
  - Referrals from your PCP are not required for emergency care or urgently needed services. There are also some other kinds of care you can get without having approval in advance from your PCP (for more information about this, see Section 2.2 in this chapter).
- **You must receive your care from a network provider** (for more information about this, see Section 2 in this chapter). In most cases, care you receive from an out-of-network provider (a provider who is not part of our plan's network) will not be covered. Here are three exceptions:
  - We cover emergency care or urgently needed services that you get from an out-of-network provider. For more information about this, and to see what emergency or urgently needed services means, see Section 3 in this chapter.
  - If you need medical care that Medicare requires our plan to cover and the providers in our network cannot provide this care, you can get this care from an out-of-network provider if we authorize the services before you get the care. In this situation, you will pay the same as you would pay if you got the care from a network provider. For information about getting approval to see an out-of-network doctor, see Section 2.3 in this chapter.
  - We cover kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside our service area.

SECTION 2. Use providers in our network to get your medical care

Section 2.1 You must choose a Primary Care Provider (PCP) to provide and oversee your medical care

What is a "PCP" and what does the PCP do for you?

As a member of our plan, you must choose a network provider to be your primary care provider (PCP). Your PCP is a health care professional who meets state requirements and is trained to give you primary medical care.

Your PCP will provide most of your care and may help you arrange or coordinate the rest of the covered services you get as a member of our plan. This includes your X-rays, laboratory tests, therapies, care from doctors who are specialists, hospital admissions, and follow-up care. "Coordinating" your services includes checking or consulting with other network providers about your care and how it is going.

There are a few types of covered services you can get on your own without contacting your PCP first (see Section 2.2 in this chapter).

In some cases, your PCP will also need to get prior authorization (prior approval) from us. The services that require prior authorization from us are discussed in Section 2.3 of this chapter.

How do you choose your PCP?

You may choose a primary care provider from any of our available plan physicians who practice in these specialties: internal medicine, family medicine, and pediatrics. When you make a selection, it is effective immediately. To learn how to choose a primary care provider, please call our Personal Physician Selection Services at **1-855-208-7221** (TTY **711**), weekdays 7 a.m. to 5:30 p.m. You can also make your selection at **kp.org**.

Changing your PCP

You may change your PCP for any reason, at any time. Also, it's possible that your PCP might leave our network of providers and you would have to find a new PCP. To change your PCP, call our Personal Physician Selection Team at **1-855-208-7221** or **711** (TTY), weekdays 7 a.m. to 5:30 p.m., or make your selection at **kp.org**.

When you call, be sure to tell our Personal Physician Selection Team if you are seeing specialists or getting other covered services that need your PCP's approval (such as home health services and durable medical equipment). Our Personal Physician Selection Team will help make sure that you can continue with the specialty care and other services you have been getting when you change your PCP. They will also check to be sure the PCP you want to switch to is accepting new patients. When you make a new selection, the change is effective immediately.

Section 2.2 What kinds of medical care can you get without getting approval in advance from your PCP?

You can get the services listed below without getting approval in advance from your PCP:

- Routine women's health care, which includes breast exams, screening mammograms (X-rays of the breast), Pap tests, and pelvic exams, as long as you get them from a network provider.
- Flu shots and pneumonia vaccinations, as long as you get them from a network provider.
- Emergency services from network providers or from out-of-network providers.
- Urgently needed services from network providers or from out-of-network providers when network providers are temporarily unavailable or inaccessible (for example, when you are temporarily outside of our service area).
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside our service area. (If possible, please call Member Services before you leave the service area so we can help arrange for you to have maintenance dialysis while you are away.) Phone numbers for Member Services are printed on the back cover of this booklet.
- If you visit the service area of another Kaiser Permanente region, you can receive certain care covered under this **Evidence of Coverage** from designated providers in that service area. Please call Member Services or our away from home travel line at **1-951-268-3900** (24 hours a day, 7 days a week except holidays), TTY **711,** for more information about getting care when visiting another Kaiser Permanente region's service area including coverage information

and facility locations in the District of Columbia and parts of California, Georgia, Hawaii, Maryland, Oregon, Virginia, and Washington.

- Consultation (routine office) visits to specialty-care departments within our plan, with the exception of the anesthesia clinical pain department.
- Second opinions from another network provider, except for certain specialty care.
- Mental health care or substance abuse services, as long as you get them from a network provider.
- Preventive care except abdominal aortic aneurysm and bone density screenings, as long as you get them from a network provider.
- Podiatry services as long as you get them from a network provider.
- Routine eye exams and hearing exams, as long as you get them from a network provider.
- Covered routine care from any Colorado Permanente Medical Group (CPMG) physician at any Kaiser Permanente medical office in our Southern Colorado or Northern Colorado service areas. Note: You cannot get routine care from affiliated network providers in the Southern Colorado or Northern Colorado service areas.

Section 2.3 How to get care from specialists and other network providers

A specialist is a doctor who provides health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists care for patients with cancer.
- Cardiologists care for patients with heart conditions.
- Orthopedists care for patients with certain bone, joint, or muscle conditions.

Referrals from your PCP

You will usually see your PCP first for most of your routine health care needs. There are only a few types of covered services you may get on your own, without getting approval from your PCP first, which are described in Section 2.2 of this chapter.

When your PCP prescribes specialized treatment, he or she will give you a referral to see a plan specialist or certain other network providers. However, for some types of specialty care referrals, your PCP may need to get approval in advance from our plan. If there is a particular plan specialist or hospital that you want to use, check first to be sure your PCP makes referrals to that specialist, or uses that hospital.

Prior authorization

For the services and items listed below and in Chapter 4, Sections 2.1 and 2.2, your PCP will need to get approval in advance from our plan (this is called getting "prior authorization"). Decisions regarding requests for authorization will be made only by licensed physicians or other appropriately licensed medical professionals.

- For **certain specialty care**, your PCP will recommend to our plan that you be referred to a network specialist. The plan will authorize the services if it is determined that the covered

services are medically necessary. Referrals to such specialist will be for a specific treatment plan, which may include a standing referral if ongoing care is prescribed. Please ask your network physician what services have been authorized. If the specialist wants you to come back for more care, be sure to check if the referral covers more visits to the specialist. If it doesn't, please contact your PCP. You must have an authorized referral for ongoing treatment from a plan specialist except as described in Section 2.2. If you don't have a referral (approval in advance) before you get certain ongoing services, you may have to pay for these services yourself.

- If your PCP decides that you require **covered services not available from network providers**, he or she will recommend to our plan that you be referred to an out-of-network provider inside or outside our service area. The plan will authorize the services if it is determined that the covered services are medically necessary and are not available from a network provider. Referrals to out-of-network providers will be for a specific treatment plan, which may include a standing referral if ongoing care is prescribed. Please ask your PCP what services have been authorized. If the out-of-network specialist wants you to come back for more care, be sure to check if the referral covers more visits to the specialist. If it doesn't, please contact your PCP.
- If your network physician makes a written referral for **bariatric surgery**, the service will be evaluated for medical necessity by our bariatric surgeon and the Metabolic Surgery and Weight Management Department.
- After we are notified that you need **post-stabilization care** from an out-of-network provider following emergency care, we will discuss your condition with the out-of-network provider. If we decide that you require post-stabilization care and that this care would be covered if you received it from a network provider, we will authorize your care from the out-of-network provider only if we cannot arrange to have a network provider (or other designated provider) provide the care. Please see Section 3.1 in this chapter for more information.
- Medically necessary transgender surgery and associated procedures.
- If your specialist makes a written referral for a **transplant**, the Medical Group's regional transplant advisory committee or board (if one exists) will authorize the services if it determines that they are medically necessary or covered in accord with Medicare guidelines. In cases where no transplant committee or board exists, the Medical Group will designate a specialist within the group to review and approve your transplant referral. Note: A plan physician may provide or authorize a corneal transplant without using this Medical Group transplant authorization procedure.

What if a specialist or another network provider leaves our plan?

We may make changes to the hospitals, doctors, and specialists (providers) that are part of your plan during the year. There are a number of reasons why your provider might leave your plan, but if your doctor or specialist does leave your plan, you have certain rights and protections that are summarized below:

- Even though our network of providers may change during the year, Medicare requires that we furnish you with uninterrupted access to qualified doctors and specialists.

- We will make a good faith effort to provide you with at least 30 days' notice that your provider is leaving our plan so that you have time to select a new provider.
- We will assist you in selecting a new qualified provider to continue managing your health care needs.
- If you are undergoing medical treatment, you have the right to request, and we will work with you to ensure, that the medically necessary treatment you are receiving is not interrupted.
- If you believe we have not furnished you with a qualified provider to replace your previous provider or that your care is not being appropriately managed, you have the right to file an appeal of our decision.
- If you find out your doctor or specialist is leaving your plan, please contact us at **1-855-208-7221** (TTY **711**), weekdays, 7 a.m. to 5:30 p.m., so we can assist you in finding a new provider and managing your care.

Section 2.4 How to get care from out-of-network providers

Care you receive from an out-of-network provider will not be covered except in the following situations:

- Emergency or urgently needed services that you get from an out-of-network provider. For more information about this, and to see what emergency or urgently needed services mean, see Section 3 in this chapter.
- Our plan authorizes a referral to an out-of-network provider described in Section 2.3 of this chapter.
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside our service area.

SECTION 3. How to get covered services when you have an emergency or urgent need for care or during a disaster

Section 3.1 Getting care if you have a medical emergency

What is a "medical emergency" and what should you do if you have one?

A "medical emergency" is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency:

- **Get help as quickly as possible**. Call **911** for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP.
- **As soon as possible, make sure that our plan has been told about your emergency**. We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours. The number to call is listed on the back of your plan membership card.

What is covered if you have a medical emergency?

You may get covered emergency medical care whenever you need it, anywhere inside or outside the United States. We cover ambulance services in situations where getting to the emergency room in any other way could endanger your health. You may get covered emergency medical care (including ambulance) when you need it anywhere in the world (claim forms required). For more information, see the Medical Benefits Chart in Chapter 4 of this booklet.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. We will cover your follow-up post-stabilization care in accord with Medicare guidelines. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow. It is very important that your provider call us to get authorization for post-stabilization care before you receive the care from the out-of-network provider. In most cases, you will only be held financially liable if you are notified by the out-of-network provider or us about your potential liability.

What if it wasn't a medical emergency?

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care—thinking that your health is in serious danger—and the doctor may say that it wasn't a medical emergency after all. If it turns out that it was not an emergency, we will cover your care as long as you reasonably thought your health was in serious danger.

However, after the doctor has said that it was not an emergency, we will cover additional care only if you get the additional care in one of these two ways:

- You go to a network provider to get the additional care.
- Or the additional care you get is considered "urgently needed services" and you follow the rules for getting these urgently needed services (for more information about this, see Section 3.2 below).

Section 3.2 Getting care when you have an urgent need for services

What are "urgently needed services"?

"Urgently needed services" are a nonemergency, unforeseen medical illness, injury, or condition that requires immediate medical care. Urgently needed services may be furnished by network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible. The unforeseen condition could, for example, be an unforeseen flare-up of a known condition that you have.

What if you are in our service area when you have an urgent need for care?

You should always try to obtain urgently needed services from network providers. However, if providers are temporarily unavailable or inaccessible, and it is not reasonable to wait to obtain care from your network provider when the network becomes available, we will cover urgently needed services that you get from an out-of-network provider.

We know that sometimes it's difficult to know what type of care you need. That's why we have telephone advice nurses available to assist you. Our advice nurses are registered nurses specially trained to help assess medical symptoms and provide advice over the phone, when medically appropriate. Whether you are calling for advice or to make an appointment, you can speak to an advice nurse. They can often answer questions about a minor concern, tell you what to do if a network facility is closed, or advise you about what to do next, including making a same-day urgent care appointment for you if it's medically appropriate. To speak with an advice nurse or make an appointment, please refer to your **Provider Directory** for appointment and advice telephone numbers.

What if you are outside our service area when you have an urgent need for care?

When you are outside the service area and cannot get care from a network provider, we will cover urgently needed services that you get from any provider. We cover urgently needed services anywhere in the world.

Section 3.3 Getting care during a disaster

If the governor of your state, the U.S. Secretary of Health and Human Services, or the President of the United States declares a state of disaster or emergency in your geographic area, you are still entitled to care from us.

Please visit the following website—**kp.org**—for information on how to obtain needed care during a disaster.

Generally, if you cannot use a network provider during a disaster, we will allow you to obtain care from out-of-network providers at in-network cost-sharing. If you cannot use a network pharmacy during a disaster, you may be able to fill your prescription drugs at an out-of-network pharmacy. Please see Chapter 5, Section 2.5, for more information.

SECTION 4. What if you are billed directly for the full cost of your covered services?

Section 4.1 You can ask us to pay our share of the cost for covered services

If you have paid more than your share for covered services, or if you have received a bill for the full cost of covered medical services, go to Chapter 7, "Asking us to pay our share of a bill you have received for covered medical services or drugs," for information about what to do.

Section 4.2 If services are not covered by our plan, you must pay the full cost

We cover all medical services that are medically necessary, listed in the Medical Benefits Chart (this chart is found at the front of this **EOC**), and obtained consistent with plan rules. You are responsible for paying the full cost of services that aren't covered by our plan, either because they are not plan covered services or they were obtained out-of-network and were not authorized.

If you have any questions about whether we will pay for any medical service or care that you are considering, you have the right to ask us whether we will cover it before you get it. You also have the right to ask for this in writing. If we say we will not cover your services, you have the right to appeal our decision not to cover your care.

Chapter 9, "What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)," has more information about what to do if you want a coverage decision from us or want to appeal a decision we have already made. You may also call Member Services to get more information (phone numbers are printed on the back cover of this booklet).

For covered services that have a benefit limitation, you pay the full cost of any services you get after you have used up your benefit for that type of covered service. Any amounts you pay after the benefit has been exhausted will not count toward the out-of-pocket maximum. You can call Member Services when you want to know how much of your benefit limit you have already used.

SECTION 5. How are your medical services covered when you are in a "clinical research study"?

Section 5.1 What is a "clinical research study"?

A clinical research study (also called a "clinical trial") is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. They test new medical care procedures or drugs by asking for volunteers to help with the study. This kind of study is one of the final stages of a research process that helps doctors and scientists see if a new approach works and if it is safe.

Not all clinical research studies are open to members of our plan. Medicare first needs to approve the research study. If you participate in a study that Medicare has not approved, you will be responsible for paying all costs for your participation in the study.

Once Medicare approves the study, someone who works on the study will contact you to explain more about the study and see if you meet the requirements set by the scientists who are running the study. You can participate in the study as long as you meet the requirements for the study and you have a full understanding and acceptance of what is involved if you participate in the study.

If you participate in a Medicare-approved study, Original Medicare pays most of the costs for the covered services you receive as part of the study. When you are in a clinical research study, you may stay enrolled in our plan and continue to get the rest of your care (the care that is not related to the study) through our plan.

If you want to participate in a Medicare-approved clinical research study, you do not need to get approval from us or your PCP. The providers that deliver your care as part of the clinical research study do not need to be part of our plan's network of providers.

Although you do not need to get our plan's permission to be in a clinical research study, **you do need to tell us before you start participating in a clinical research study.**

If you plan on participating in a clinical research study, contact Member Services (phone numbers are printed on the back cover of this booklet) to let them know that you will be participating in a clinical trial and to find out more specific details about what we pay.

Section 5.2 When you participate in a clinical research study, who pays for what?

Once you join a Medicare-approved clinical research study, you are covered for routine items and services you receive as part of the study, including:

- Room and board for a hospital stay that Medicare would pay for even if you weren't in a study.
- An operation or other medical procedure if it is part of the research study.
- Treatment of side effects and complications of the new care.

Original Medicare pays most of the cost of the covered services you receive as part of the study. After Medicare has paid its share of the cost for these services, our plan will also pay for part of the costs:

- We will pay the difference between the cost-sharing in Original Medicare and your cost-sharing as a member of our plan. This means you will pay the same amount for the services you receive as part of the study as you would if you received these services from our plan.
  - Here's an example of how the cost-sharing works: Let's say that you have a lab test that costs $100 as part of the research study. Let's also say that your share of the costs for this test is $20 under Original Medicare, but the test would be $10 under our plan's benefits. In this case, Original Medicare would pay $80 for the test and we would pay another $10. This means that you would pay $10, which is the same amount you would pay under our plan's benefits.

- In order for us to pay for our share of the costs, you will need to submit a request for payment. With your request, you will need to send us a copy of your Medicare Summary Notices or other documentation that shows what services you received as part of the study and how much you owe. Please see Chapter 7 for more information about submitting requests for payment.

When you are part of a clinical research study, **neither Medicare nor our plan will pay for any of the following**:

- Generally, Medicare will not pay for the new item or service that the study is testing, unless Medicare would cover the item or service even if you were not in a study.
- Items and services the study gives you or any participant for free.
- Items or services provided only to collect data, and not used in your direct health care. For example, Medicare would not pay for monthly CT scans done as part of the study if your medical condition would normally require only one CT scan.

Do you want to know more?

You can get more information about joining a clinical research study by reading the publication "Medicare and Clinical Research Studies" on the Medicare website (**https://www.medicare.gov**). You can also call **1-800-MEDICARE** (**1-800-633-4227**), 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

SECTION 6. Rules for getting care covered in a "religious nonmedical health care institution"

Section 6.1 What is a religious nonmedical health care institution?

A religious nonmedical health care institution is a facility that provides care for a condition that would ordinarily be treated in a hospital or skilled nursing facility. If getting care in a hospital or a skilled nursing facility is against a member's religious beliefs, we will instead provide coverage for care in a religious nonmedical health care institution. You may choose to pursue medical care at any time for any reason. This benefit is provided only for Part A inpatient services (nonmedical health care services). Medicare will only pay for nonmedical health care services provided by religious nonmedical health care institutions.

Section 6.2 What care from a religious nonmedical health care institution is covered by our plan?

To get care from a religious nonmedical health care institution, you must sign a legal document that says you are conscientiously opposed to getting medical treatment that is "non-excepted."

- "Non-excepted" medical care or treatment is any medical care or treatment that is voluntary and not required by any federal, state, or local law.
- "Excepted" medical treatment is medical care or treatment that you get that is not voluntary or is required under federal, state, or local law.

To be covered by our plan, the care you get from a religious nonmedical health care institution must meet the following conditions:

- The facility providing the care must be certified by Medicare.
- Our plan's coverage of services you receive is limited to nonreligious aspects of care.
- If you get services from this institution that are provided to you in a facility, the following conditions apply:
  - You must have a medical condition that would allow you to receive covered services for inpatient hospital care or skilled nursing facility care.
  - – and – you must get approval in advance from our plan before you are admitted to the facility or your stay will not be covered.

Note: Covered services are subject to the same limitations and cost-sharing required for services provided by network providers as described in the Medical Benefits Chart found at the front of the **EOC**, Chapters 4 and 12.

SECTION 7. Rules for ownership of durable medical equipment

Section 7.1 Will you own the durable medical equipment after making a certain number of payments under our plan?

Durable medical equipment (DME) includes items such as oxygen equipment and supplies, wheelchairs, walkers, powered mattress systems, crutches, diabetic supplies, speech-generating devices, IV infusion pumps, nebulizers, and hospital beds ordered by a provider for use in the home. The member always owns certain items, such as prosthetics. In this section, we discuss other types of DME that you must rent.

In Original Medicare, people who rent certain types of DME own the equipment after paying copayments for the item for 13 months. As a member of our plan, however, you will not acquire ownership of rented DME items no matter how many copayments you make for the item while a member of our plan. Even if you made up to 12 consecutive payments for the DME item under Original Medicare before you joined our plan, you will not acquire ownership no matter how many copayments you make for the item while a member of our plan.

Even if you made up to 12 consecutive payments for the DME item under Original Medicare before you joined our plan, you will not acquire ownership no matter how many copayments you make for the item while a member of our plan.

What happens to payments you made for durable medical equipment if you switch to Original Medicare?

If you did not acquire ownership of the DME item while in our plan, you will have to make 13 new consecutive payments after you switch to Original Medicare in order to own the item. Payments you made while in our plan do not count toward these 13 consecutive payments.

If you made fewer than 13 payments for the DME item under Original Medicare before you joined our plan, your previous payments also do not count toward the 13 consecutive payments.

You will have to make 13 new consecutive payments after you return to Original Medicare in order to own the item. There are no exceptions to this case when you return to Original Medicare.

CHAPTER 4. Medical Benefits Chart (what is covered and what you pay)

SECTION 1. Understanding your out-of-pocket costs for covered services

This chapter and the Medical Benefits Chart found at the front of this **EOC** focuses on your covered services and what you pay for your medical benefits. The Medical Benefits Chart lists your covered services and some limitations, and shows how much you will pay for each covered service as a member of our plan. Later in this chapter, you can find information about medical services that are not covered. It also explains limits on certain services. In addition, please see Chapters 3, 11, and 12 for additional coverage information, including limitations (for example, coordination of benefits, durable medical equipment, home health care, skilled nursing facility care, and third party liability).

Section 1.1 Types of out-of-pocket costs you may pay for your covered services

To understand the payment information we give you in this chapter, you need to know about the types of out-of-pocket costs you may pay for your covered services.

- A "**copayment**" is the fixed amount you pay each time you receive certain medical services. You pay a copayment at the time you get the medical service, unless we do not collect all cost-sharing at that time and send you a bill later. (The Medical Benefits Chart found at the front of this **EOC** tells you more about your copayments.)
- "**Coinsurance**" is the percentage you pay of the total cost of certain medical services. You pay a coinsurance at the time you get the medical service, unless we do not collect all cost-sharing at that time and send you a bill later. (The Medical Benefits Chart located found at the front of this **EOC** tells you more about your coinsurance.)
- The "**deductible**" is the amount you must pay for medical services before our plan begins to pay its share for your covered medical services. (**Note**: Not all plans have a deductible.) Until you have paid the deductible amount, you must pay the full cost of your covered services. Once you have paid your deductible, we will begin to pay our share of the costs for covered medical services and you will pay your share (your copayment or coinsurance). The deductible does not apply to some services. (The Medical Benefits Chart found at the front of this **EOC** tells you if your plan has a deductible, the deductible amount, and which services are subject to the deductible.)

Most people who qualify for Medicaid or for the Qualified Medicare Beneficiary (QMB) program should never pay deductibles, copayments or coinsurance. Be sure to show your proof of Medicaid or QMB eligibility to your provider, if applicable. If you think that you are being asked to pay improperly, contact Member Services.

Section 1.2 What is the most you will pay for Medicare Part A and Part B covered medical services?

Because you are enrolled in a Medicare Advantage Plan, there is a limit to how much you have to pay out-of-pocket each year for in-network medical services that are covered under Medicare

Part A and Part B (see the Medical Benefits Chart located at the front of this **EOC**). This limit is called the maximum out-of-pocket amount for medical services.

As a member of our plan, the most you will have to pay out-of-pocket for in-network covered Part A and Part B services in 2018 is stated in the Medical Benefits Chart found at the front of this **EOC**. The amounts you pay for deductibles (if your plan has a deductible), copayments, and coinsurance for in-network covered services count toward this maximum out-of-pocket amount. The amounts you pay for your plan premiums and for your Part D prescription drugs do not count toward your maximum out-of-pocket amount. In addition, amounts you pay for some services do not count toward your maximum out-of-pocket amount. These services are marked with an asterisk (*****) in the Medical Benefits Chart found at the front of this **EOC**.

If you reach the maximum out-of-pocket amount stated in the Medical Benefits Chart found at the front of this **EOC**, you will not have to pay any out-of-pocket costs for the rest of the year for in-network covered Part A and Part B services. However, you must continue to pay your plan premium and the Medicare Part B premium (unless your Part B premium is paid for you by Medicaid or another third party).

Section 1.3 Our plan does not allow providers to "balance bill" you

As a member of our plan, an important protection for you is that, after you meet any deductibles (if applicable to your plan), you only have to pay your cost-sharing amount when you get services covered by our plan. We do not allow providers to add additional separate charges, called "balance billing." This protection (that you never pay more than your cost-sharing amount) applies even if we pay the provider less than the provider charges for a service and even if there is a dispute and we don't pay certain provider charges.

Here is how this protection works:

- If your cost-sharing is a copayment (a set amount of dollars, for example, $15.00), then you pay only that amount for any covered services from a network provider.
- If your cost-sharing is a coinsurance (a percentage of the total charges), then you never pay more than that percentage. However, your cost depends upon which type of provider you see:
  - If you receive the covered services from a network provider, you pay the coinsurance percentage multiplied by our plan's reimbursement rate (as determined in the contract between the provider and our plan).
  - If you receive the covered services from an out-of-network provider who participates with Medicare, you pay the coinsurance percentage multiplied by the Medicare payment rate for participating providers. (Remember, we cover services from out-of-network providers only in certain situations, such as when you get a referral.)
  - If you receive the covered services from an out-of-network provider who does not participate with Medicare, you pay the coinsurance percentage multiplied by the Medicare payment rate for nonparticipating providers. (Remember, our plan covers services from out-of-network providers only in certain situations, such as when you get a referral.)

- If you believe a provider has "balance billed" you, call Member Services (phone numbers are printed on the back cover of this booklet).

SECTION 2. Use the Medical Benefits Chart at the front of this EOC to find out what is covered for you and how much you will pay

Section 2.1 Your medical benefits and costs as a member of our plan

The Medical Benefits Chart found at the front of this **EOC** lists the services our plan covers and what you pay out-of-pocket for each service. The services listed in the Medical Benefits Chart found at the front of this **EOC** are covered only when the following coverage requirements are met:

- Your Medicare-covered services must be provided according to the coverage guidelines established by Medicare.
- Your services (including medical care, services, supplies, and equipment) must be medically necessary. "Medically necessary" means that the services, supplies, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.
- You receive your care from a network provider. In most cases, care you receive from an out-of-network provider will not be covered. Chapter 3 provides more information about requirements for using network providers and the situations when we will cover services from an out-of-network provider.
- You have a primary care provider (a PCP) who is providing and overseeing your care. In most situations, your PCP must give you approval in advance before you can see other providers in our plan's network. This is called giving you a "referral." Chapter 3 provides more information about getting a referral and the situations when you do not need a referral.
- Some of the services listed in the Medical Benefits Chart found at the front of this **EOC** are covered only if your doctor or other network provider gets approval in advance (sometimes called "prior authorization") from us. Covered services that need approval in advance are marked in the Medical Benefits Chart found at the front of this **EOC** with a footnote (†). In addition, see Section 2.2 in this chapter and Chapter 3, Section 2.3, for more information about prior authorizations, including other services that require prior authorization that are not listed in the Medical Benefits Chart found at the front of this **EOC**

Other important things to know about our coverage:

- Like all Medicare health plans, we cover everything that Original Medicare covers. For some of these benefits, you pay more in our plan than you would in Original Medicare. For others, you pay less. (If you want to know more about the coverage and costs of Original Medicare, look in your **Medicare & You 2018** handbook. View it online at **https://www.medicare.gov** or ask for a copy by calling **1-800-MEDICARE** (**1-800-633-4227**), 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.)

- For all preventive services that are covered at no cost under Original Medicare, we also cover the service at no cost to you. However, if you also are treated or monitored for an existing medical condition during the visit when you receive the preventive service, a copayment will apply for the care received for the existing medical condition.
- Sometimes Medicare adds coverage under Original Medicare for new services during the year. If Medicare adds coverage for any services during 2018, either Medicare or our plan will cover those services.

You will see this apple next to the preventive services in the Medical Benefits Chart found at the front of this **EOC**.

SECTION 3. What services are not covered by our plan?

Section 3.1 Services we do *not* cover (exclusions)

This section tells you what services are "excluded" from Medicare coverage and, therefore, are not covered by this plan. If a service is "excluded," it means that we don't cover the service.

The chart below lists services and items that either are not covered under any condition or are covered only under specific conditions.

If you get services that are excluded (not covered), you must pay for them yourself. We won't pay for the excluded medical services listed in the chart below except under the specific conditions listed. The only exception is we will pay if a service in the chart below is found upon appeal to be a medical service that we should have paid for or covered because of your specific situation. (For information about appealing a decision we have made to not cover a medical service, go to Chapter 9, Section 5.3, in this booklet.)

All exclusions or limitations on services are described in the Medical Benefits Chart at the front of this **EOC** or in the chart below. Even if you receive the excluded services at an emergency facility, the excluded services are still not covered and our plan will not pay for them.

CHAPTER 5. Using our plan's coverage for your Part D prescription drugs

SECTION 1. Introduction

Did you know there are programs to help people pay for their drugs?

There are programs to help people with limited resources pay for their drugs. These include "Extra Help" and State Pharmaceutical Assistance Programs. For more information, see Chapter 2, Section 7.

Are you currently getting help to pay for your drugs?

If you are in a program that helps pay for your drugs, **some information in this Evidence of Coverage about the costs for Part D prescription drugs does not apply to you.** We sent you a separate document, called the "**Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs**" (also known as the "Low Income Subsidy Rider" or the "LIS Rider"), which tells you about your drug coverage. If you don't have this rider, please call Member Services and ask for the "LIS Rider." Phone numbers for Member Services are printed on the back cover of this booklet.

Section 1.1 This chapter describes your coverage for Part D drugs

This chapter explains rules for using your coverage for Part D drugs. The Medical Benefits Chart found at the front of this **EOC** and the next chapter tell you what you pay for Part D drugs (Chapter 6, "What you pay for your Part D prescription drugs").

In addition to your coverage for Part D drugs, we also cover some drugs under our plan's medical benefits. Through our coverage of Medicare Part A benefits, we generally cover drugs you are given during covered stays in the hospital or in a skilled nursing facility. Through our coverage of Medicare Part B benefits, we cover drugs including certain chemotherapy drugs, certain drug injections you are given during an office visit, and drugs you are given at a dialysis facility. The Medical Benefits Chart found at the front of this **EOC** tells you about the benefits and costs for drugs during a covered hospital or skilled nursing facility stay, as well as your benefits and costs for Part B drugs.

Your drugs may be covered by Original Medicare if you are in Medicare hospice. We only cover Medicare Parts A, B, and D services and drugs that are unrelated to your terminal prognosis and related conditions, and therefore not covered under the Medicare hospice benefit. For more information, please see Section 9.4 in this chapter, "What if you're in Medicare-certified hospice." For information on hospice coverage, see the hospice section of the Medical Benefits Chart at the front of this **EOC**.

If your group has purchased enhanced Part D prescription drug coverage, we cover some drugs that are not covered by Medicare Part B and Part D in accord with our formulary for non-Part D

drugs. The Medical Benefits Chart at the front of this **EOC** tells you about your benefits and costs for these drugs.

The following sections discuss coverage of your drugs under our plan's Part D benefit rules. Section 9 in this chapter, "Part D drug coverage in special situations," includes more information about your Part D coverage and Original Medicare.

Section 1.2 Basic rules for our plan's Part D drug coverage

Our plan will generally cover your drugs as long as you follow these basic rules:

- You must have a provider (a doctor, dentist, or other prescriber) write your prescription.
- Your prescriber must either accept Medicare or file documentation with CMS showing that he or she is qualified to write prescriptions, or your Part D claim will be denied. You should ask your prescribers the next time you call or visit if they meet this condition. If not, please be aware it takes time for your prescriber to submit the necessary paperwork to be processed.
- You generally must use a network pharmacy to fill your prescription. (See Section 2, "Fill your prescriptions at a network pharmacy or through our mail-order service.")
- Your drug must be on our **Kaiser Permanente 2018 Comprehensive Formulary** (we call it the "Drug List" for short). (See Section 3, "Your drugs need to be on our Drug List.")
- Your drug must be used for a medically accepted indication. A "medically accepted indication" is a use of the drug that is either approved by the Food and Drug Administration or supported by certain reference books. (See Section 3 for more information about a medically accepted indication.)

SECTION 2. Fill your prescription at a network pharmacy or through our mail-order service

Section 2.1 To have your prescription covered, use a network pharmacy

In most cases, your prescriptions are covered only if they are filled at our network pharmacies. (See Section 2.5 for information about when we would cover prescriptions filled at out-of-network pharmacies.)

A network pharmacy is a pharmacy that has a contract with our plan to provide your covered prescription drugs. The term "covered drugs" means all of the Part D prescription drugs that are covered on our plan's Drug List.

Section 2.2 Finding network pharmacies

How do you find a network pharmacy in your area?

To find a network pharmacy, you can look in your **Pharmacy Directory**, visit our website (**kp.org/directory**), or call Member Services (phone numbers are printed on the back cover of this booklet).

You may go to any of our network pharmacies. If you switch from one network pharmacy to another, and you need a refill of a drug you have been taking, you can ask to have your prescription transferred to your new network pharmacy.

What if the pharmacy you have been using leaves the network?

If the pharmacy you have been using leaves our plan's network, you will have to find a new pharmacy that is in our network. To find another network pharmacy in your area, you can get help from Member Services (phone numbers are printed on the back cover of this booklet) or use the **Pharmacy Directory**. You can also find information on our website at **kp.org/directory**.

What if you need a specialized pharmacy?

Sometimes prescriptions must be filled at a specialized pharmacy. Specialized pharmacies include:

- Pharmacies that supply drugs for home infusion therapy.
- Pharmacies that supply drugs for residents of a long-term care (LTC) facility. Usually, an LTC facility (such as a nursing home) has its own pharmacy. If you are in an LTC facility, we must ensure that you are able to routinely receive your Part D benefits through our network of LTC pharmacies, which is typically the pharmacy that the LTC facility uses. If you have any difficulty accessing your Part D benefits in an LTC facility, please contact Member Services.
- Pharmacies that serve the Indian Health Service / Tribal / Urban Indian Health Program (not available in Puerto Rico). Except in emergencies, only Native Americans or Alaska Natives have access to these pharmacies in our network. However, currently this is not applicable to our plan because there are no such pharmacies inside our service area.
- Pharmacies that dispense drugs that are restricted by the FDA to certain locations or that require special handling, provider coordination, or education on their use.
  Note: This scenario should happen rarely.

To locate a specialized pharmacy, look in your **Pharmacy Directory** or call Member Services (phone numbers are printed on the back cover of this booklet).

Section 2.3 Using our mail-order services

For certain kinds of drugs, you can use our plan's network mail-order services. Generally, the drugs provided through mail-order are drugs that you take on a regular basis for a chronic or long-term medical condition. The drugs available through our mail-order service are marked as "mail-order" drugs on our Drug List.

Our mail-order service requires you to order at least a 30-day supply of the drug and no more than a 90-day supply.

To get information about filling your prescriptions by mail, call Member Services. You can conveniently order your prescription refills in the following ways:

- Register and order online securely at **kp.org/refill**.
- Call our mail-order service at **303-326-6777** or toll free at **1-866-523-6059 (TTY 711)**, Monday through Friday, 8 a.m. to 6 p.m.
- Call the highlighted number listed on your prescription label and follow the prompts. Be sure to select the mail delivery option when prompted.
- Mail your prescription or refill request on a mail-order form available at any Kaiser Permanente network pharmacy.

When you order refills for home delivery online, by phone, or in writing, you must pay your cost-sharing when you place your order (there are no shipping charges for regular mail-order service). If you prefer, you may designate a network pharmacy where you want to pick up and pay for your prescription. Please contact a network pharmacy if you have a question about whether your prescription can be mailed, or see our *Drug List* for information about the drugs that can be mailed.

Usually a mail-order pharmacy order will get to you in no more than 10 days. If your mail-order prescription is delayed, please call the number listed above or on your prescription bottle's label for assistance. Also, if you cannot wait for your prescription to arrive from our mail-order pharmacy, you can get an urgent supply by calling your local network pharmacy listed in your **Pharmacy Directory** or at **kp.org/directory**. Please be aware that you will pay more if you get a 90-day supply from a network pharmacy instead of from our mail-order pharmacy.

Refills on mail-order prescriptions. For refills, please contact your pharmacy 10 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

So the pharmacy can reach you to confirm your order before shipping, please make sure to let the pharmacy know the best ways to contact you. When you place your order, please provide your current contact information in case we need to reach you.

Section 2.4 How can you get a long-term supply of drugs?

When you get a long-term supply of drugs, your cost-sharing may be lower. Our plan offers two ways to get a long-term supply (also called an "extended supply") of "maintenance" drugs on our plan's Drug List. Maintenance drugs are drugs that you take on a regular basis for a chronic or long-term medical condition. You may order this supply through mail order (see Section 2.3 in this chapter) or you may go to a retail pharmacy.

1. Some retail pharmacies in our network allow you to get a long-term supply of maintenance drugs. Your Pharmacy Directory tells you which pharmacies in our network can give you a long-term supply of maintenance drugs. You can also call Member Services for more information (phone numbers are printed on the back cover of this booklet).

2. For certain kinds of drugs, you can use our plan's network mail-order services. The drugs available through our mail-order service are marked as "mail-order" drugs on our Drug List. Our mail-order service requires you to order at least a 30-day supply of the drug and no more than a 90-day supply. See Section 2.3 for more information about using our mail-order services.

Section 2.5 When can you use a pharmacy that is not in our network?

Your prescription may be covered in certain situations

Generally, we cover drugs filled at an out-of-network pharmacy only when you are not able to use a network pharmacy. If you cannot use a network pharmacy, here are the circumstances when we would cover prescriptions filled at an out-of-network pharmacy:

- If you are traveling within the United States and its territories but outside the service area and you become ill or run out of your covered Part D prescription drugs, we will cover prescriptions that are filled at an out-of-network pharmacy in limited, nonroutine circumstances according to our Medicare Part D formulary guidelines.
- If you need a Medicare Part D prescription drug in conjunction with covered out-of-network emergency care or out-of-area urgent care, we will cover up to a 30-day supply from an out-of-network pharmacy. **Note:** Prescription drugs prescribed and provided outside of the United States and its territories as part of covered emergency or urgent care are covered up to a 30-day supply in a 30-day period. These drugs are not covered under Medicare Part D; therefore, payments for these drugs do not count toward reaching the catastrophic coverage stage.
- If you are unable to obtain a covered drug in a timely manner within our service area because there is no network pharmacy within a reasonable driving distance that provides 24-hour service. We may not cover your prescription if a reasonable person could have purchased the drug at a network pharmacy during normal business hours.
- If you are trying to fill a prescription for a drug that is not regularly stocked at an accessible network pharmacy or available through our mail-order pharmacy (including high-cost drugs).
- If you are not able to get your prescriptions from a network pharmacy during a disaster.

In these situations, please check first with Member Services to see if there is a network pharmacy nearby. Phone numbers for Member Services are printed on the back cover of this booklet. You may be required to pay the difference between what you pay for the drug at the out-of-network pharmacy and the cost that we would cover at an in-network pharmacy.

How do you ask for reimbursement from our plan?

If you must use an out-of-network pharmacy, you will generally have to pay the full cost (rather than your normal share of the cost) at the time you fill your prescription. You can ask us to reimburse you for our share of the cost. (Chapter 7, Section 2.1, explains how to ask us to pay you back.)

SECTION 3. Your drugs need to be on our "Drug List"

Section 3.1 The "Drug List" tells which Part D drugs are covered

Our plan has a **Kaiser Permanente 2018 Comprehensive Formulary**. In this **Evidence of Coverage**, we call it the "Drug List" for short.

The drugs on this list are selected by our plan with the help of a team of doctors and pharmacists. The list must meet requirements set by Medicare. Medicare has approved our plan's Drug List.

The drugs on the Drug List are only those covered under Medicare Part D (earlier in this chapter, Section 1.1 explains about Part D drugs).

We will generally cover a drug on our plan's Drug List as long as you follow the other coverage rules explained in this chapter and the use of the drug is a medically accepted indication. A "medically accepted indication" is a use of the drug that is either:

- Approved by the Food and Drug Administration. (That is, the Food and Drug Administration has approved the drug for the diagnosis or condition for which it is being prescribed.)
- Or supported by certain reference books. (These reference books are the American Hospital Formulary Service Drug Information; the DRUGDEX Information System; and the USPDI or its successor; and, for cancer, the National Comprehensive Cancer Network and Clinical Pharmacology or their successors.)

Our Drug List includes both brand-name and generic drugs

A generic drug is a prescription drug that has the same active ingredients as the brand-name drug. Generally, it works just as well as the brand-name drug and usually costs less. There are generic drug substitutes available for many brand-name drugs.

What is not on our Drug List?

Our plan does not cover all prescription drugs.

- In some cases, the law does not allow any Medicare plan to cover certain types of drugs (for more information about this, see Section 7.1 in this chapter).
- In other cases, we have decided not to include a particular drug on our Drug List.

Section 3.2 There are six "cost-sharing" tiers" for drugs on our *Drug List*

Every drug on our plan's Drug List is in one of six cost-sharing tiers. Depending upon the plan your group has selected, cost-sharing may vary from one tier to the next. In general, the higher the cost-sharing tier, the higher your cost for the drug:

- Cost-sharing **Tier 1** for preferred generic drugs.
- Cost-sharing **Tier 2** for generic drugs.

- Cost-sharing **Tier 3** for preferred brand-name drugs.
- Cost-sharing **Tier 4** for nonpreferred brand-name drugs.
- Cost-sharing **Tier 5** for specialty-tier drugs.
- Cost-sharing **Tier 6** for injectable Part D vaccines.

To find out which cost-sharing tier your drug is in, look it up on our Drug List. The amount you pay for drugs in each cost-sharing tier is shown in the Medical Benefits Chart found at the front of this **EOC**.

Section 3.3 How can you find out if a specific drug is on our Drug List?

You have three ways to find out:

1. Check the most recent Drug List.
2. Visit our website (**kp.org/seniormedrx).** Our Drug List (**Kaiser Permanente 2018 Comprehensive Formulary**) on the website is always the most current.
3. Call Member Services to find out if a particular drug is on our plan's Drug List (**Kaiser Permanente 2018 Comprehensive Formulary**) or to ask for a copy of the list. Phone numbers for Member Services are printed on the back cover of this booklet.

SECTION 4. There are restrictions on coverage for some drugs

Section 4.1 Why do some drugs have restrictions?

For certain prescription drugs, special rules restrict how and when we cover them. A team of doctors and pharmacists developed these rules to help our members use drugs in the most effective ways. These special rules also help control overall drug costs, which keeps your drug coverage more affordable.

In general, our rules encourage you to get a drug that works for your medical condition and is safe and effective. Whenever a safe, lower-cost drug will work just as well medically as a higher-cost drug, our plan's rules are designed to encourage you and your provider to use that lower-cost option. We also need to comply with Medicare's rules and regulations for drug coverage and cost-sharing.

If there is a restriction for your drug, it usually means that you or your provider will have to take extra steps in order for us to cover the drug. If you want us to waive the restriction for you, you will need to use the coverage decision process and ask us to make an exception. We may or may not agree to waive the restriction for you. (See Chapter 9, Section 6.2, for information about asking for exceptions.)

Please note that sometimes a drug may appear more than once on our Drug List (**Kaiser Permanente 2018 Comprehensive Formulary**). This is because different restrictions or cost-sharing may apply based on factors such as the strength, amount, or form of the drug prescribed

by your health care provider (for instance, 10 mg versus 100 mg; one per day versus two per day; tablet versus liquid).

Section 4.2 What kinds of restrictions?

Our plan uses different types of restrictions to help our members use drugs in the most effective ways. The sections below tell you more about the types of restrictions we use for certain drugs.

Restricting brand-name drugs when a generic version is available

Generally, a "generic" drug works the same as a brand-name drug and usually costs less. In most cases, when a generic version of a brand-name drug is available, our network pharmacies will provide you the generic version. We usually will not cover the brand-name drug when a generic version is available. However, if your provider has told us the medical reason that the generic drug will not work for you, then we will cover the brand-name drug. (Your share of the cost may be greater for the brand-name drug than for the generic drug.)

Getting plan approval in advance

For certain drugs, you or your provider need to get approval from our plan before we will agree to cover the drug for you. This is called **"prior authorization."** Sometimes the requirement for getting approval in advance helps guide appropriate use of certain drugs. If you do not get this approval, your drug might not be covered by our plan.

Section 4.3 Do any of these restrictions apply to your drugs?

Our plan's Drug List includes information about the restrictions described above. To find out if any of these restrictions apply to a drug you take or want to take, check our Drug List. For the most up-to-date information, call Member Services (phone numbers are printed on the back cover of this booklet) or check our website **(kp.org/seniormedrx)**.

If there is a restriction for your drug, it usually means that you or your provider will have to take extra steps in order for us to cover the drug. If there is a restriction on the drug you want to take, you should contact Member Services to learn what you or your provider would need to do to get coverage for the drug. If you want us to waive the restriction for you, you will need to use the coverage decision process and ask us to make an exception. We may or may not agree to waive the restriction for you. (See Chapter 9, Section 6.2, for information about asking for exceptions.)

SECTION 5. What if one of your drugs is not covered in the way you'd like it to be covered?

Section 5.1 There are things you can do if your drug is not covered in the way you'd like it to be covered

We hope that your drug coverage will work well for you. But it's possible that there could be a prescription drug you are currently taking, or one that you and your provider think you should be taking that is not on our formulary or is on our formulary with restrictions. For example:

- The drug might not be covered at all. Or maybe a generic version of the drug is covered but the brand-name version you want to take is not covered.
- The drug is covered, but there are extra rules or restrictions on coverage for that drug. As explained in Section 4, some of the drugs covered by our plan have extra rules to restrict their use. In some cases, you may want us to waive the restriction for you.
- The drug is covered, but it is in a cost-sharing tier that makes your cost-sharing more expensive than you think it should be. Our plan puts each covered drug into one of six different cost-sharing tiers. How much you pay for your prescription depends in part on which cost-sharing tier your drug is in.

There are things you can do if your drug is not covered in the way that you'd like it to be covered. Your options depend upon what type of problem you have:

- If your drug is not on our Drug List or if your drug is restricted, go to Section 5.2 to learn what you can do.
- If your drug is in a cost-sharing tier that makes your cost more expensive than you think it should be, go to Section 5.3 to learn what you can do.

Section 5.2 What can you do if your drug is not on our Drug List or if the drug is restricted in some way?

If your drug is not on our Drug List or is restricted, here are things you can do:

- You may be able to get a temporary supply of the drug (only members in certain situations can get a temporary supply). This will give you and your provider time to change to another drug or to file a request to have the drug covered.
- You can change to another drug.
- You can request an exception and ask us to cover the drug or remove restrictions from the drug.

You may be able to get a temporary supply

Under certain circumstances, we can offer a temporary supply of a drug to you when your drug is not on our Drug List or when it is restricted in some way. Doing this gives you time to talk with your provider about the change in coverage and figure out what to do.

To be eligible for a temporary supply, you must meet the two requirements below:

1. The change to your drug coverage must be one of the following types of changes:

- The drug you have been taking is no longer on our plan's Drug List.
- Or the drug you have been taking is now restricted in some way (Section 4 in this chapter tells you about restrictions).

2. You must be in one of the situations described below:

- **For those members who are new or who were in our plan last year and aren't in a long-term care (LTC) facility:** We will cover a temporary supply of your drug during the first 90 days of your membership in our plan if you are new and during the first 90 days of the calendar year if you were in our plan last year. This temporary supply will be for a maximum of a 30-day supply. If your prescription is written for fewer days, we will allow multiple fills to provide up to a maximum of a 30-day supply of medication. The prescription must be filled at a network pharmacy.
- **For those members who are new or who were in our plan last year and reside in a long-term care (LTC) facility:** We will cover a temporary supply of your drug during the first 90 days of your membership in our plan if you are new and during the first 90 days of the calendar year if you were in our plan last year. The total supply will be for a maximum of a 98-day supply. If your prescription is written for fewer days, we will allow multiple fills to provide up to a maximum of a 98-day supply of medication. (Please note that the long-term care pharmacy may provide the drug in smaller amounts at a time to prevent waste.)
- **For those members who have been in our plan for more than 90 days and reside in a long-term care (LTC) facility and need a supply right away:** We will cover one 31-day supply of a particular drug, or less if your prescription is written for fewer days. This is in addition to the above long-term care transition supply.
- As a current member of our plan, **if you have a covered inpatient stay in the hospital or in a skilled nursing facility**, the drugs you obtain during your stay will be covered under your medical benefit rather than your Medicare Part D prescription drug coverage. When you are discharged home or to a custodial level of care at a long-term care facility, many outpatient prescription drugs you obtain at a pharmacy will be covered under your Medicare Part D coverage. Since your drug coverage is different depending upon the setting where you obtain the drug, it is possible that a drug you were taking that was covered under your medical benefit might not be covered by Medicare Part D (for example, over-the-counter drugs or cough medicine). If this happens, you will have to pay full price for that drug unless you have other coverage (for example, employer group or union coverage).

To ask for a temporary supply, call Member Services (phone numbers are printed on the back cover of this booklet).

During the time when you are getting a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by our plan or ask us to make an exception for you and cover your current drug. The sections below tell you more about these options.

You can change to another drug

Start by talking with your provider. Perhaps there is a different drug covered by our plan that might work just as well for you. You can call Member Services to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you. Phone numbers for Member Services are printed on the back cover of this booklet.

You can ask for an exception

You and your provider can ask us to make an exception for you and cover the drug in the way you would like it to be covered. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception to the rule. For example, you can ask us to cover a drug even though it is not on our plan's Drug List. Or you can ask us to make an exception and cover the drug without restrictions.

If you and your provider want to ask for an exception, Chapter 9, Section 6.4, tells you what to do. It explains the procedures and deadlines that have been set by Medicare to make sure your request is handled promptly and fairly.

Section 5.3 What can you do if your drug is in a cost-sharing tier you think is too high?

If your drug is in a cost-sharing tier you think is too high, here are things you can do:

You can change to another drug

If your drug is in a cost-sharing tier you think is too high, start by talking with your provider. Perhaps there is a different drug in a lower cost-sharing tier that might work just as well for you. You can call Member Services to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you. Phone numbers for Member Services are printed on the back cover of this booklet.

You can ask for an exception

For drugs in Tiers 2-4, you and your provider can ask us to make an exception to the cost-sharing tier for the drug so that you pay less for it. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception to the rule.

If you and your provider want to ask for an exception, Chapter 9, Section 6.4, tells you what to do. It explains the procedures and deadlines that have been set by Medicare to make sure your request is handled promptly and fairly.

Drugs in our specialty tier (Tier 5) are not eligible for this type of exception. We do not lower the cost-sharing amount for drugs in this tier.

SECTION 6. What if your coverage changes for one of your drugs?

Section 6.1 The Drug List can change during the year

Most of the changes in drug coverage happen at the beginning of each year (January 1). However, during the year, we might make changes to the Drug List. For example, we might:

- Add or remove drugs from the Drug List. New drugs become available, including new generic drugs. Perhaps the government has given approval to a new use for an existing drug. Sometimes, a drug gets recalled and we decide not to cover it. Or we might remove a drug from the list because it has been found to be ineffective.
- Move a drug to a higher or lower cost-sharing tier.
- Add or remove a restriction on coverage for a drug (for more information about restrictions to coverage, see Section 4 in this chapter).
- Replace a brand-name drug with a generic drug.

In almost all cases, we must get approval from Medicare for changes we make to our Drug List.

Section 6.2 What happens if coverage changes for a drug you are taking?

How will you find out if your drug's coverage has been changed?

If there is a change to coverage for a drug you are taking, we will send you a notice to tell you. Normally, we will let you know at least 60 days ahead of time.

Once in a while, a drug is suddenly recalled because it's been found to be unsafe or for other reasons. If this happens, we will immediately remove the drug from the Drug List. We will let you know of this change right away. Your provider will also know about this change, and can work with you to find another drug for your condition.

Do changes to your drug coverage affect you right away?

If any of the following types of changes affect a drug you are taking, the change will not affect you until January 1 of the next year if you stay in our plan:

- If we move your drug into a higher cost-sharing tier.
- If we put a new restriction on your use of the drug.
- If we remove your drug from the Drug List, but not because of a sudden recall or because a new generic drug has replaced it.

If any of these changes happen to a drug you are taking, then the change won't affect your use or what you pay as your share of the cost until January 1 of the next year. Until that date, you probably won't see any increase in your payments or any added restriction to your use of the drug. However, on January 1 of the next year, the changes will affect you.

In some cases, you will be affected by the coverage change before January 1:

- If a brand-name drug you are taking is replaced by a new generic drug, we must give you at least 60 days' notice or give you a 60-day refill of your brand-name drug at a network pharmacy.
  - During this 60-day period, you should be working with your provider to switch to the generic or to a different drug that we cover.
  - Or you and your provider can ask us to make an exception and continue to cover the brand-name drug for you. For information about how to ask for an exception, see Chapter 9, "What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)."
- Again, if a drug is suddenly recalled because it's been found to be unsafe or for other reasons, we will immediately remove the drug from the Drug List. We will let you know of this change right away.
  - Your provider will also know about this change, and can work with you to find another drug for your condition.

SECTION 7. What types of drugs are not covered by our plan?

Section 7.1 Types of drugs we do not cover

This section tells you what kinds of prescription drugs are "excluded." This means Medicare does not pay for these drugs.

If you get drugs that are excluded, you must pay for them yourself. We won't pay for the drugs that are listed in this section; the only exception is if the requested drug is found upon appeal to be a drug that is not excluded under Part D and we should have paid for or covered it because of your specific situation. (For information about appealing a decision we have made to not cover a drug, go to Chapter 9, Section 6.5, in this booklet.)

Here are three general rules about drugs that Medicare drug plans will not cover under Part D:

- Our plan's Part D drug coverage cannot cover a drug that would be covered under Medicare Part A or Part B.
- Our plan cannot cover a drug purchased outside the United States and its territories.
- Our plan usually cannot cover off-label use. "Off-label use" is any use of the drug other than those indicated on a drug's label as approved by the Food and Drug Administration.
  - Generally, coverage for "off-label use" is allowed only when the use is supported by certain reference books. These reference books are the American Hospital Formulary Service Drug Information; the DRUGDEX Information System; and for cancer, the National Comprehensive Cancer Network and Clinical Pharmacology; or their successors. If the use is not supported by any of these reference books, then our plan cannot cover its "off-label use."

Also, by law, these categories of drugs are not covered by Medicare drug plans:

- Nonprescription drugs (also called over-the-counter drugs).
- Drugs when used to promote fertility.
- Drugs when used for the relief of cough or cold symptoms.
- Drugs when used for cosmetic purposes or to promote hair growth.
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations.
- Drugs when used for the treatment of sexual or erectile dysfunction, such as Viagra®, Cialis®, Levitra®, and Caverject®.
- Drugs when used for treatment of anorexia, weight loss, or weight gain.
- Outpatient drugs for which the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale.

If you receive "Extra Help" paying for your drugs, your state Medicaid program may cover some prescription drugs not normally covered in a Medicare drug plan. Please contact your state Medicaid program to determine what drug coverage may be available to you. (You can find phone numbers and contact information for Medicaid in Chapter 2, Section 6.)

SECTION 8. Show your plan membership card when you fill a prescription

Section 8.1 Show your membership card

To fill your prescription, show your plan membership card at the network pharmacy you choose. When you show your plan membership card, the network pharmacy will automatically bill our plan for our share of your covered prescription drug cost. You will need to pay the pharmacy your share of the cost when you pick up your prescription.

Section 8.2 What if you don't have your membership card with you?

If you don't have your plan membership card with you when you fill your prescription, ask the pharmacy to call our plan to get the necessary information.

If the pharmacy is not able to get the necessary information, you may have to pay the full cost of the prescription when you pick it up. You can then ask us to reimburse you for our share. See Chapter 7, Section 2.1, for information about how to ask us for reimbursement.

SECTION 9. Part D drug coverage in special situations

Section 9.1 What if you're in a hospital or a skilled nursing facility for a stay that is covered by our plan?

If you are admitted to a hospital or to a skilled nursing facility for a stay covered by our plan, we will generally cover the cost of your prescription drugs during your stay. Once you leave the hospital or skilled nursing facility, we will cover your drugs as long as the drugs meet all of our rules for coverage. See the previous parts of this section that tell you about the rules for getting drug coverage. The Medical Benefits Chart found at the front of this **EOC** gives you more information about drug coverage and what you pay.

Please note: When you enter, live in, or leave a skilled nursing facility, you are entitled to a special enrollment period. During this time period, you can switch plans or change your coverage. (Chapter 10, "Ending your membership in our plan," tells you when you can leave our plan and join a different Medicare plan.)

Section 9.2 What if you're a resident in a long-term care (LTC) facility?

Usually, a long-term care (LTC) facility (such as a nursing home) has its own pharmacy, or a pharmacy that supplies drugs for all of its residents. If you are a resident of a long-term care facility, you may get your prescription drugs through the facility's pharmacy as long as it is part of our network.

Check your **Pharmacy Directory** to find out if your long-term care facility's pharmacy is part of our network. If it isn't, or if you need more information, please contact Member Services (phone numbers are printed on the back cover of this booklet).

What if you're a resident in a long-term care (LTC) facility and become a new member of our plan?

If you need a drug that is not on our Drug List or is restricted in some way, we will cover a **temporary supply** of your drug during the first 90 days of your membership. The total supply will be for a maximum of up to a 98-day supply, or less if your prescription is written for fewer days. (Please note that the long-term care (LTC) pharmacy may provide the drug in smaller amounts at a time to prevent waste.)

If you have been a member of our plan for more than 90 days and need a drug that is not on our Drug List or if our plan has any restriction on the drug's coverage, we will cover one 31-day supply, or less if your prescription is written for fewer days.

During the time when you are getting a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. Perhaps there is a different drug covered by our plan that might work just as well for you. Or you and your provider can ask us to make an exception for you and cover the drug in the way you would like it to be covered. If you and your provider want to ask for an exception, Chapter 9, Section 6.4, tells you what to do.

Section 9.3 Special note about "creditable coverage"

Each year your employer or retiree group should send you a notice that tells you if your prescription drug coverage for the next calendar year is "creditable" and the choices you have for drug coverage.

If the coverage from the group plan is "**creditable**," it means that the plan has drug coverage that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage.

Keep these notices about creditable coverage because you may need them later. If you enroll in a Medicare plan that includes Part D drug coverage, you may need these notices to show that you have maintained creditable coverage. If you didn't get a notice about creditable coverage, from your employer or retiree group plan, you can get a copy from your employer or retiree group's benefits administrator or the employer or union.

Section 9.4 What if you're in Medicare-certified hospice?

Drugs are never covered by both hospice and our plan at the same time. If you are enrolled in Medicare hospice and require an anti-nausea, laxative, pain medication, or antianxiety drug that is not covered by your hospice because it is unrelated to your terminal illness and related conditions, our plan must receive notification from either the prescriber or your hospice provider that the drug is unrelated before our plan can cover the drug. To prevent delays in receiving any unrelated drugs that should be covered by our plan, you can ask your hospice provider or prescriber to make sure we have the notification that the drug is unrelated before you ask a pharmacy to fill your prescription.

In the event you either revoke your hospice election or are discharged from hospice, our plan should cover all your drugs. To prevent any delays at a pharmacy when your Medicare hospice benefit ends, you should bring documentation to the pharmacy to verify your revocation or discharge. See the previous parts of this chapter that tell about the rules for getting drug coverage under Part D. Chapter 6, "What you pay for your Part D prescription drugs," gives more information about drug coverage and what you pay.

SECTION 10. Programs on drug safety and managing medications

Section 10.1 Programs to help members use drugs safely

We conduct drug use reviews for our members to help make sure that they are getting safe and appropriate care. These reviews are especially important for members who have more than one provider who prescribes their drugs.

We do a review each time you fill a prescription. We also review our records on a regular basis. During these reviews, we look for potential problems such as:

- Possible medication errors.
- Drugs that may not be necessary because you are taking another drug to treat the same medical condition.
- Drugs that may not be safe or appropriate because of your age or gender.
- Certain combinations of drugs that could harm you if taken at the same time.
- Prescriptions written for drugs that have ingredients you are allergic to.
- Possible errors in the amount (dosage) of a drug you are taking.

If we see a possible problem in your use of medications, we will work with your provider to correct the problem.

Section 10.2 Medication Therapy Management (MTM) program to help members manage their medications

We have a program that can help our members with complex health needs. For example, some members have several medical conditions, take different drugs at the same time, and have high drug costs.

This program is voluntary and free to members. A team of pharmacists and doctors developed the program for us. This program can help make sure that our members get the most benefit from the drugs they take.

Our program is called a Medication Therapy Management (MTM) program. Some members who take medications for different medical conditions may be able to get services through an MTM program. A pharmacist or other health professional will give you a comprehensive review of all your medications. You can talk about how best to take your medications, your costs, and any problems or questions you have about your prescription and over-the-counter medications. You'll get a written summary of this discussion. The summary has a medication action plan that recommends what you can do to make the best use of your medications, with space for you to take notes or write down any follow-up questions. You'll also get a personal medication list that will include all the medications you're taking and why you take them.

It's a good idea to have your medication review before your yearly "Wellness" visit, so you can talk to your doctor about your action plan and medication list. Bring your action plan and medication list with you to your visit or anytime you talk with your doctors, pharmacists, and other health care providers. Also, keep your medication list with you (for example, with your ID) in case you go to the hospital or emergency room.

If we have a program that fits your needs, we will automatically enroll you in the program and send you information. If you decide not to participate, please notify us and we will withdraw you from the program. If you have any questions about these programs, please contact Member Services (phone numbers are printed on the back cover of this booklet).

CHAPTER 6. What you pay for your Part D prescription drugs

Did you know there are programs to help people pay for their drugs?

There are programs to help people with limited resources pay for their drugs. These include "Extra Help" and State Pharmaceutical Assistance Programs. For more information, see Chapter 2, Section 7.

Are you currently getting help to pay for your drugs?

If you are in a program that helps pay for your drugs, **some information in this Evidence of Coverage about the costs for Part D prescription drugs does not apply to you.** We sent you a separate document, called the "**Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs**" (also known as the "Low Income Subsidy Rider" or the "LIS Rider"), which tells you about your drug coverage. If you don't have this rider, please call Member Services and ask for the "LIS Rider." Phone numbers for Member Services are printed on the back cover of this booklet.

SECTION 1. Introduction

Section 1.1 Use this chapter together with other materials that explain your drug coverage

This chapter focuses on what you pay for your Part D prescription drugs. To keep things simple, we use "drug" in this chapter to mean a Part D prescription drug. As explained in Chapter 5, not all drugs are Part D drugs—some drugs are covered under Medicare Part A or Part B and other drugs are excluded from Medicare coverage by law. Some excluded drugs may be covered under your group's plan.

To understand the payment information we give you in this chapter, you need to know the basics of what drugs are covered, where to fill your prescriptions, and what rules to follow when you get your covered drugs. Here are materials that explain these basics:

- Our **Kaiser Permanente 2018 Comprehensive Formulary**. To keep things simple, we call this the "**Drug List**."
  - This Drug List tells you which drugs are covered for you.
  - It also tells you which of the six "cost-sharing tiers" the drug is in and whether there are any restrictions on your coverage for the drug.
  - If you need a copy of the Drug List, call Member Services (phone numbers are printed on the back cover of this booklet). You can also find the Drug List on our website at **kp.org/seniormedrx**. The Drug List on the website is always the most current.
- **Chapter 5 of this booklet**. Chapter 5 gives you the details about your prescription drug coverage, including rules you need to follow when you get your covered drugs. Chapter 5 also tells you which types of prescription drugs are not covered by our plan.
- **Our plan's Pharmacy Directory**. In most situations, you must use a network pharmacy to get your covered drugs (see Chapter 5 for the details). The **Pharmacy Directory** has

a list of pharmacies in our plan's network. It also tells you which pharmacies in our network can give you a long-term supply of a drug (such as filling a prescription for a three-month supply).

Section 1.2 Types of out-of-pocket costs you may pay for covered drugs

To understand the payment information we give you in this chapter, you need to know about the types of out-of-pocket costs you may pay for your covered services. The amount that you pay for a drug is called "cost-sharing," and there are three ways you may be asked to pay.

- The "deductible" is the amount you must pay for drugs before our plan begins to pay its share.
- "Copayment" means that you pay a fixed amount each time you fill a prescription.
- "Coinsurance" means that you pay a percent of the total cost of the drug each time you fill a prescription.

SECTION 2. What you pay for a drug depends upon which "drug payment stage" you are in when you get the drug

Section 2.1 What are the drug payment stages for Senior Advantage members?

As shown in the table below, there are "drug payment stages" for your prescription drug coverage under our plan. How much you pay for a drug depends upon which of these stages you are in at the time you get a prescription filled or refilled. Stage 4 applies to everyone, but your group plan may not include a Deductible Stage (Stage 1) or a Coverage Gap Stage (Stage 3). Refer to the Medical Benefits Chart found at the front of this **EOC** to find out which stages apply to you. Keep in mind you are always responsible for our plan’s monthly premium regardless of the drug payment stage.

Stage 1	Stage 2	Stage 3	Stage 4
Yearly Deductible Stage See the Medical Benefits Chart at the front of the **EOC** to find out if this payment stage applies to you. (This stage does not apply to most members.) If your plan has a deductible, during this stage, you pay the full cost of your drugs. You stay in this stage until you have paid your deductible. (Details are in Section 4 of this chapter.)	**Initial Coverage Stage** **If your plan has a deductible, you begin in this stage after you end the Deductible Stage (if your plan has a deductible).** **If your plan does not have a deductible, you begin in this stage when you fill your first prescription of the year.** During this stage, we pay our share of the cost of your drugs and you pay your share of the cost. If your plan has a Coverage Gap Stage, you stay in this stage until your year-to-date "**total drug costs**" (your payments plus any Part D plan's payments) total **$3,750**. If your plan does not have a Coverage Gap Stage, you stay in this stage until your year-to-date "**out-of-pocket costs**" (your payments) total **$5,000**. (Details are in Section 5 of this chapter.)	**Coverage Gap Stage** See the Medical Benefits Chart at the front of this **EOC** to find out if this stage applies to you (this stage does not apply to most members). If there is no coverage gap for your plan, this payment stage does not apply to you. If this stage applies to you, coverage during the gap stage varies depending on the plan your group has selected. For **generic drugs, you pay either the copayment** listed in Section 6 of this chapter, depending upon the plan in which you are enrolled, **or 44% of the price**, whichever is lower. For **brand-name drugs, you pay 35% of the price** (plus a portion of the dispensing fee). You stay in this stage until your year-to-date "out-of-pocket costs" (your payments) reach a total of **$5,000**. This amount and rules for counting costs toward this amount have been set by Medicare. (Details are in Section 6 of this chapter.)	**Catastrophic Coverage Stage** During this stage, **we will pay most of the cost** of your drugs for the rest of the calendar year (through December 31, 2018). (Details are in Section 7 of this chapter.)

SECTION 3. We send you reports that explain payments for your drugs and which payment stage you are in

Section 3.1 We send you a monthly report called the "Part D Explanation of Benefits" (the "Part D EOB")

Our plan keeps track of the costs of your prescription drugs and the payments you have made when you get your prescriptions filled or refilled at the pharmacy. This way, we can tell you when you have moved from one drug payment stage to the next. In particular, there are two types of costs we keep track of:

- We keep track of how much you have paid. This is called your "**out-of-pocket**" cost.
- We keep track of your "**total drug costs**." This is the amount you pay out-of-pocket or others pay on your behalf plus the amount paid by the plan.

Our plan will prepare a written report called the **Part D Explanation of Benefits** (it is sometimes called the "**Part D EOB**") when you have had one or more prescriptions filled through our plan during the previous month. It includes:

- **Information for that month.** This report gives you the payment details about the prescriptions you have filled during the previous month. It shows the total drug costs, what the plan paid, and what you and others on your behalf paid.
- **Totals for the year since January 1.** This is called "year-to-date" information. It shows you the total drug costs and total payments for your drugs since the year began.

Section 3.2 Help us keep our information about your drug payments up-to-date

To keep track of your drug costs and the payments you make for drugs, we use records we get from pharmacies. Here is how you can help us keep your information correct and up-to-date:

- **Show your membership card when you get a prescription filled.** To make sure we know about the prescriptions you are filling and what you are paying, show your plan membership card every time you get a prescription filled.
- **Make sure we have the information we need.** There are times you may pay for prescription drugs when we will not automatically get the information we need to keep track of your out-of-pocket costs. To help us keep track of your out-of-pocket costs, you may give us copies of receipts for drugs that you have purchased. (If you are billed for a covered drug, you can ask us to pay our share of the cost. For instructions about how to do this, go to Chapter 7, Section 2, of this booklet.) Here are some types of situations when you may want to give us copies of your drug receipts to be sure we have a complete record of what you have spent for your drugs:

- When you purchase a covered drug at a network pharmacy at a special price or using a discount card that is not part of our plan's benefit.
- When you made a copayment for drugs that are provided under a drug manufacturer patient assistance program.
- Anytime you have purchased covered drugs at out-of-network pharmacies or other times you have paid the full price for a covered drug under special circumstances.

- **Send us information about the payments others have made for you.** Payments made by certain other individuals and organizations also count toward your out-of-pocket costs and help qualify you for catastrophic coverage. For example, payments made by a State Pharmaceutical Assistance Program, an AIDS drug assistance program, (ADAP), the Indian Health Service, and most charities count toward your out-of-pocket costs. You should keep a record of these payments and send them to us so we can track your costs.
- **Check the written report we send you.** When you receive a **Part D Explanation of Benefits** (a **Part D EOB**) in the mail, please look it over to be sure the information is complete and correct. If you think something is missing from the report, or you have any questions, please call Member Services (phone numbers are printed on the back cover of this booklet). You can also choose to view your **Part D EOB** online instead of by mail. Please visit **kp.org/goinggreen** and sign on to learn more about choosing to view your **Part D EOB** securely online. Be sure to keep these reports. They are an important record of your drug expenses.

SECTION 4. During the Deductible Stage, if applicable, you pay the full cost of your drugs

See the Medical Benefits Chart found at the front of this **EOC** to find out if this stage applies to you (this stage does not apply to most members).

Section 4.1 If your plan includes a deductible for your Part D drugs

The Deductible Stage is the first payment stage for your drug coverage. This stage begins when you fill your first prescription in the year. When you are in this payment stage, **you must pay the full cost of your drugs** until you reach our plan's deductible amount. Please refer to the Medical Benefits Chart found at the front of this **EOC** for the deductible amount.

- Your "**full cost**" is usually lower than the normal full price of the drug, since our plan has negotiated lower costs for most drugs.
- The "**deductible**" is the amount you must pay for your Part D prescription drugs before our plan begins to pay its share.

Once you have paid the deductible amount shown in the Medical Benefits Chart found at the front of this **EOC**, you leave the Deductible Stage and move on to the next drug payment stage, which is the Initial Coverage Stage.

SECTION 5. During the Initial Coverage Stage, we pay our share of your drug costs and you pay your share

Section 5.1 What you pay for a drug depends upon the drug and where you fill your prescription

During the Initial Coverage Stage, we pay our share of the cost of your covered prescription drugs, and you pay your share (your copayment or coinsurance amount). Your share of the cost will vary depending upon the drug and where you fill your prescription.

Our plan has six cost-sharing tiers

Every drug on our plan's Drug List is in one of six cost-sharing tiers. Depending upon the plan your group has selected, cost-sharing may vary from one tier to the next. In general, the higher the cost-sharing tier number, the higher your cost for the drug:

- Cost-sharing **Tier 1** for preferred generic drugs.
- Cost-sharing **Tier 2** for generic drugs.
- Cost-sharing **Tier 3** for preferred brand-name drugs.
- Cost-sharing **Tier 4** for nonpreferred brand-name drugs.
- Cost-sharing **Tier 5** for specialty-tier drugs.
- Cost-sharing **Tier 6** for injectable Part D vaccines.

To find out which cost-sharing tier your drug is in, look it up in our plan's Drug List.

Your pharmacy choices

How much you pay for a drug depends upon whether you get the drug from:

- A retail pharmacy that is in our plan's network.
- A pharmacy that is not in our plan's network.
- Our plan's mail-order pharmacy.

For more information about these pharmacy choices and filling your prescriptions, see Chapter 5 in this booklet and our plan's **Pharmacy Directory**.

Section 5.2 Your costs for a one-month supply of a drug

During the Initial Coverage Stage, your share of the cost of a covered drug will be either a copayment or coinsurance.

- "**Copayment**" means that you pay a fixed amount each time you fill a prescription.
- "**Coinsurance**" means that you pay a percent of the total cost of the drug each time you fill a prescription.

As shown in the Medical Benefits Chart found at the front of this **EOC**, the amount of the copayment or coinsurance depends upon which cost-sharing tier your drug is in. **Please note:**

- If your covered drug costs less than the copayment amount listed in the Medical Benefits Chart found at the front of this **EOC**, you will pay that lower price for the drug. You pay either the full price of the drug or the copayment amount, whichever is lower.
- We cover prescriptions filled at out-of-network pharmacies in only limited situations. Please see Chapter 5, Section 2.5, for information about when we will cover a prescription filled at an out-of-network pharmacy.

Refer to the Medical Benefits Chart found at the front of this **EOC** for your cost-sharing amounts and day supply limit in the Initial Coverage Stage.

Section 5.3 If your doctor prescribes less than a full month's supply, you may not have to pay the cost of the entire month's supply

Typically, the amount you pay for a prescription drug covers a full month's supply of a covered drug. However your doctor can prescribe less than a month's supply of drugs. There may be times when you want to ask your doctor about prescribing less than a month's supply of a drug (for example, when you are trying a medication for the first time that is known to have serious side effects). If your doctor prescribes less than a full month’s supply, you will not have to pay for the full month's supply for certain drugs.

The amount you pay when you get less than a full month's supply will depend on whether you are responsible for paying coinsurance (a percentage of the total cost) or a copayment (a flat dollar amount).

- If you are responsible for coinsurance, you pay a percentage of the total cost of the drug. You pay the same percentage regardless of whether the prescription is for a full month's supply or for fewer days. However, because the entire drug cost will be lower if you get less than a full month's supply, the amount you pay will be less.
- If you are responsible for a copayment for the drug, your copayment will be based on the number of days of the drug that you receive. We will calculate the amount you pay per day for your drug (the "daily cost-sharing rate") and multiply it by the number of days of the drug you receive.
  - Here's an example: Let's say the copayment for your drug for a full month's supply (a 30-day supply) is $30. This means that the amount you pay per day for your drug is $1. If you receive a 7 days' supply of the drug, your payment will be $1 per day multiplied by 7 days, for a total payment of $7.

Daily cost-sharing allows you to make sure a drug works for you before you have to pay for an entire month's supply. You can also ask your doctor to prescribe, and your pharmacist to dispense, less than a full month's supply of a drug or drugs, if this will help you better plan refill dates for different prescriptions so that you can take fewer trips to the pharmacy. The amount you pay will depend upon the days' supply you receive.

Section 5.4 Your costs for a long-term (up to a 90-day) supply of a drug

For some drugs, you can get a long-term supply (also called an "extended supply") when you fill your prescription. A long-term supply is up to a 90-day supply. (For details on where and how to get a long-term supply of a drug, see Chapter 5, Section 2.4.)

Refer to the Medical Benefits Chart found at the front of this **EOC** for your cost-sharing amounts when you get a long-term (up to a 90-day) supply of a drug.

- **Please note:** If your covered drug costs less than the copayment amount listed in the Medical Benefits Chart found at the front of this **EOC**, you will pay that lower price for the drug. You pay either the full price of the drug or the copayment amount, whichever is lower.

Section 5.5 You stay in the Initial Coverage Stage until you reach the next stage

If your group plan does not include a Coverage Gap Stage, you stay in the Initial Coverage Stage until your total out-of-pocket costs reach **$5,000**. When you reach an out-of-pocket limit of **$5,000**, you leave the Initial Coverage Stage and move on to the Catastrophic Coverage Stage. Most group plans do not include a Coverage Gap Stage.

If your group plan includes a Coverage Gap Stage, you stay in the Initial Coverage Stage until the total amount for the prescription drugs you have filled and refilled reaches the **$3,750 limit for the Initial Coverage Stage**.

Your total drug cost is based on adding together what you have paid and what any Part D plan has paid:

- **What you have paid** for all the covered drugs you have gotten since you started with your first drug purchase of the year. (See Section 6.2 for more information about how Medicare calculates your out-of-pocket costs.) This includes:
  - The total you paid as your share of the cost for your drugs during the Initial Coverage Stage.
- **What our plan has paid** as its share of the cost for your drugs during the Initial Coverage Stage. (If you were enrolled in a different Part D plan at any time during 2018, the amount that plan paid during the Initial Coverage Stage also counts toward your total drug costs.)

The **Part D Explanation of Benefits (Part D EOB)** that we send to you will help you keep track of how much you and our plan, as well as third parties have spent on your behalf during the year. Many people do not reach the **$3,750** limit in a year.

We will let you know if you reach this **$3,750** amount. If you do reach this amount, you will leave the Initial Coverage Stage and move on to the Coverage Gap Stage.

Refer to the Medical Benefits Chart found at the front of this **EOC** for the amount you will pay for drugs in the Coverage Gap Stage.

SECTION 6. During the Coverage Gap Stage, if applicable, we provide some drug coverage

Section 6.1 You stay in the Coverage Gap Stage until your out-of-pocket costs reach $5,000

The benefit coverage you receive during the Coverage Gap Stage will depend on the benefits your group selected. See the Medical Benefits Chart found at the front of this **EOC** to find out if this stage applies to you (this stage does not apply to most members).

Brand-name drugs during the Coverage Gap Stage

When you are in the Coverage Gap Stage, **the Medicare Coverage Gap Discount Program provides manufacturer discounts on brand-name drugs** (Tiers 3–5)**.** You pay 35% of the negotiated price and a portion of the dispensing fee for brand-name drugs. Both the amount you pay and the amount discounted by the manufacturer count toward your out-of-pocket costs as if you had paid them, and move you through the coverage gap.

Generic drugs and vaccines during the Coverage Gap Stage

You also receive coverage of generic drugs and injectable Part D vaccines during the Coverage Gap Stage. You pay either the copayments listed in the Medical Benefits Chart found at the front of this **EOC** or 44% of the costs of generic drugs, whichever is lower, until your yearly out-of-pocket payments reach a maximum amount that Medicare has set. In 2018, that amount is **$5,000.**

You continue paying the discounted price for brand-name drugs and no more than 51% of the costs of generic drugs until your yearly out-of-pocket payments reach a maximum amount that Medicare has set. In 2018, that amount is **$5,000**.

Medicare has rules about what counts and what does not count as your out-of-pocket costs. When you reach an out-of-pocket limit of **$5,000**, you leave the Coverage Gap Stage and move on to the Catastrophic Coverage Stage.

Section 6.2 How Medicare calculates your out-of-pocket costs for prescription drugs

Here are Medicare's rules that we must follow when we keep track of your out-of-pocket costs for your drugs.

These payments <u>are</u> included in your out-of-pocket costs

When you add up your out-of-pocket costs, you can include the payments listed below (as long as they are for Part D covered drugs and you followed the rules for drug coverage that are explained in Chapter 5 of this booklet):

- The amount you pay for drugs when you are in any of the following drug payment stages:

- The Deductible Stage (if this stage applies to you).
- The Initial Coverage Stage.
- The Coverage Gap Stage (if this stage applies to you).

- Any payments you made during this calendar year as a member of a different Medicare prescription drug plan before you joined our plan.

It matters who pays:

- If you make these payments yourself, they are included in your out-of-pocket costs.
- These payments are also included if they are made on your behalf by certain other individuals or organizations. This includes payments for your drugs made by a friend or relative, by most charities, by AIDS drug assistance programs, by a State Pharmaceutical Assistance Program that is qualified by Medicare, or by the Indian Health Service. Payments made by Medicare's "Extra Help" Program are also included.
- Some of the payments made by the Medicare Coverage Gap Discount Program are included. The amount the manufacturer pays for your brand-name drugs is included. But the amount we pay for your generic drugs is not included.

Moving on to the Catastrophic Coverage Stage:

When you (or those paying on your behalf) have spent a total of **$5,000** in out-of-pocket costs within the calendar year, you will move from either the Initial Coverage Stage (if this stage applies to you) or the Coverage Gap Stage (if this stage applies to you) to the Catastrophic Coverage Stage.

These payments are <u>not</u> included in your out-of-pocket costs

When you add up your out-of-pocket costs, you are **<u>not</u>** allowed to include any of these types of payments for prescription drugs:

- The amount you contribute, if any, toward your group's premium.
- Drugs you buy outside the United States and its territories.
- Drugs that are not covered by our plan.
- Drugs you get at an out-of-network pharmacy that do not meet our plan's requirements for out-of-network coverage.
- Non-Part D drugs, including prescription drugs covered by Part A or Part B and other drugs excluded from coverage by Medicare.
- Payments you make toward drugs covered under our additional coverage but not normally covered in a Medicare prescription drug plan.
- Payments you make toward prescription drugs not normally covered in a Medicare prescription drug plan.
- Payments made by our plan for your brand or generic drugs while in the Coverage Gap, if this stage applies to you.

- Payments for your drugs that are made by group health plans, including employer health plans.
- Payments for your drugs that are made by certain insurance plans and government-funded health programs, such as TRICARE and Veterans Affairs.
- Payments for your drugs made by a third party with a legal obligation to pay for prescription costs (for example, Workers' Compensation).

Reminder: If any other organization such as the ones listed above pays part or all of your out-of-pocket costs for drugs, you are required to tell our plan. Call Member Services to let us know (phone numbers are printed on the back cover of this booklet).

How can you keep track of your out-of-pocket total?

- **We will help you.** The **Part D Explanation of Benefits (Part D EOB)** report we send to you includes the current amount of your out-of-pocket costs (Section 3 in this chapter tells you about this report). When you reach a total of **$5,000** in out-of-pocket costs for the year, this report will tell you that you have left the Coverage Gap Stage and have moved on to the Catastrophic Coverage Stage.
- **Make sure we have the information we need.** Section 3.2 tells you what you can do to help make sure that our records of what you have spent are complete and up-to-date.

SECTION 7. During the Catastrophic Coverage Stage, we pay most of the cost for your drugs

Section 7.1 Once you are in the Catastrophic Coverage Stage, you will stay in this stage for the rest of the year

You qualify for the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **$5,000** limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will stay in this payment stage until the end of the calendar year. During this stage, we will pay most of the cost for your drugs.

You will pay **$3.05** for covered generic drugs (includes drugs treated like generics). You will pay **$8.10** for covered brand-name and specialty-tier drugs, and **$0** for covered injectable Part D vaccines. We will pay the rest.

SECTION 8. What you pay for vaccinations covered by Part D depends upon how and where you get them

Section 8.1 Our plan may have separate coverage for the Part D vaccine medication itself and for the cost of giving you the vaccine

We provide coverage for a number of Part D vaccines. We also cover vaccines that are considered medical benefits. You can find out about coverage of these vaccines by going to the Medical Benefits Chart found at the front of this **EOC**.

There are two parts to our coverage of Part D vaccinations:

- The first part of coverage is the cost of the vaccine medication itself. The vaccine is a prescription medication.
- The second part of coverage is for the cost of giving you the vaccine. (This is sometimes called the "administration" of the vaccine.)

What do you pay for a Part D vaccination?

What you pay for a Part D vaccination depends upon three things:

1. **The type of vaccine** (what you are being vaccinated for).
   - Some vaccines are considered medical benefits. You can find out about your coverage of these vaccines by going to the Medical Benefits Chart found at the front of this **EOC**.
   - Other vaccines are considered Part D drugs. You can find these vaccines listed in our **Kaiser Permanente 2018 Comprehensive Formulary.**
2. **Where you get the vaccine medication.**
3. **Who gives you the vaccine.**

What you pay at the time you get the Part D vaccination can vary depending upon the circumstances. For example:

- Sometimes when you get your vaccine, you will have to pay the entire cost for both the vaccine medication and for getting the vaccine. You can ask us to pay you back for our share of the cost.
- Other times, when you get the vaccine medication or the vaccine, you will pay only your share of the cost.

To show how this works, here are three common ways you might get a Part D vaccine.

If your plan has a Deductible Stage, remember you are responsible for all of the costs associated with Part D vaccines (including their administration) during the Deductible Stage of your benefit.

Situation 1:

- You buy the Part D vaccine at the pharmacy and you get your vaccine at the network pharmacy. (Whether you have this choice depends upon where you live. Some states do not allow pharmacies to administer a vaccination.)
  - You will have to pay the pharmacy the amount of your copayment for the vaccine and the cost of giving you the vaccine.
  - Our plan will pay the remainder of the costs.

Situation 2:

- You get the Part D vaccination at your doctor's office.
  - When you get the vaccination, you will pay for the entire cost of the vaccine and its administration.
  - You can then ask us to pay our share of the cost by using the procedures that are described in Chapter 7 of this booklet ("Asking us to pay our share of a bill you have received for covered medical services or drugs").
  - You will be reimbursed the amount you paid less your normal copayment for the vaccine (including administration).

Situation 3:

- You buy the Part D vaccine at your pharmacy, and then take it to your doctor's office where they give you the vaccine.
  - You will have to pay the pharmacy the amount of your copayment for the vaccine itself.
  - When your doctor gives you the vaccine, you will pay the entire cost for this service. You can then ask us to pay our share of the cost by using the procedures described in Chapter 7 of this booklet.
  - You will be reimbursed the amount charged by the doctor for administering the vaccine.

IMPORTANT NOTE: Generally, when you receive a covered injectable Part D vaccine at a Kaiser Permanente network medical office or injection clinic, **there is no charge for the injectable vaccine.** We may send you a bill for the vaccine administration or office visit copayment, if applicable.

Section 8.2 You may want to call Member Services before you get a vaccination

The rules for coverage of vaccinations are complicated. We are here to help. We recommend that you first call Member Services whenever you are planning to get a vaccination. Phone numbers for Member Services are printed on the back cover of this booklet.

- We can tell you about how your vaccination is covered by our plan and explain your share of the cost.
- We can tell you how to keep your own cost down by using providers and pharmacies in our network.

- If you are not able to use a network provider and pharmacy, we can tell you what you need to do to get payment from us for our share of the cost.

CHAPTER 7. Asking us to pay our share of a bill you have received for covered medical services or drugs

SECTION 1. Situations in which you should ask us to pay our share of the cost of your covered services or drugs

Section 1.1 If you pay our share of the cost of your covered services or drugs, or if you receive a bill, you can ask us for payment

Sometimes when you get medical care or a prescription drug, you may need to pay the full cost right away. Other times, you may find that you have paid more than you expected under the coverage rules of our plan. In either case, you can ask us to pay you back (paying you back is often called "reimbursing" you). It is your right to be paid back by our plan whenever you've paid more than your share of the cost for medical services or drugs that are covered by our plan.

There may also be times when you get a bill from a provider for the full cost of medical care you have received. In many cases, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly.

Here are examples of situations in which you may need to ask us to pay you back or to pay a bill you have received:

When you've received emergency or urgently needed medical care from a provider who is not in our network

You can receive emergency services from any provider, whether or not the provider is a part of our network. When you receive emergency or urgently needed services from a provider who is not part of our network, you are only responsible for paying your share of the cost, not for the entire cost. You should ask the provider to bill our plan for our share of the cost.

- If you pay the entire amount yourself at the time you receive the care, you need to ask us to pay you back for our share of the cost. Send us the bill, along with documentation of any payments you have made.
- At times you may get a bill from the provider asking for payment that you think you do not owe. Send us this bill, along with documentation of any payments you have already made.
  - If the provider is owed anything, we will pay the provider directly.
  - If you have already paid more than your share of the cost of the service, we will determine how much you owed and pay you back for our share of the cost.

When a network provider sends you a bill you think you should not pay

Network providers should always bill us directly, and ask you only for your share of the cost. But sometimes they make mistakes, and ask you to pay more than your share.

- You only have to pay your cost-sharing amount when you get services covered by our plan. We do not allow providers to add additional separate charges, called "balance billing." This protection (that you never pay more than your cost-sharing amount) applies even if we pay the provider less than the provider charges for a service, and even if there is a dispute and we

don't pay certain provider charges. For more information about "balance billing," go to Chapter 4, Section 1.3.

- Whenever you get a bill from a network provider that you think is more than you should pay, send us the bill. We will contact the provider directly and resolve the billing problem.
- If you have already paid a bill to a network provider, but you feel that you paid too much, send us the bill along with documentation of any payment you have made and ask us to pay you back the difference between the amount you paid and the amount you owed under our plan.

If you are retroactively enrolled in our plan

Sometimes a person's enrollment in our plan is retroactive. ("Retroactive" means that the first day of their enrollment has already passed. The enrollment date may even have occurred last year.)

If you were retroactively enrolled in our plan and you paid out-of-pocket for any of your covered services or drugs after your enrollment date, you can ask us to pay you back for our share of the costs. You will need to submit paperwork for us to handle the reimbursement.

- Please call Member Services for additional information about how to ask us to pay you back and deadlines for making your request. Phone numbers for Member Services are printed on the back cover of this booklet.

When you use an out-of-network pharmacy to get a prescription filled

If you go to an out-of-network pharmacy and try to use your membership card to fill a prescription, the pharmacy may not be able to submit the claim directly to us. When that happens, you will have to pay the full cost of your prescription. We cover prescriptions filled at out-of-network pharmacies only in a few special situations. Please go to Chapter 5, Section 2.5, to learn more.

- Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost.

When you pay the full cost for a prescription because you don't have your plan membership card with you

If you do not have your plan membership card with you, you can ask the pharmacy to call us or to look up your plan enrollment information. However, if the pharmacy cannot get the enrollment information they need right away, you may need to pay the full cost of the prescription yourself.

- Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost.

When you pay the full cost for a prescription in other situations

You may pay the full cost of the prescription because you find that the drug is not covered for some reason.

- For example, the drug may not be on our **Kaiser Permanente 2018 Comprehensive Formulary**; or it could have a requirement or restriction that you didn't know about or don't think should apply to you. If you decide to get the drug immediately, you may need to pay the full cost for it.
- Save your receipt and send a copy to us when you ask us to pay you back. In some situations, we may need to get more information from your doctor in order to pay you back for our share of the cost.

When you pay copayments under a drug manufacturer patient assistance program

If you get help from, and pay copayments under, a drug manufacturer patient assistance program outside our plan's benefit, you may submit a paper claim to have your out-of-pocket expense count toward qualifying you for catastrophic coverage.

- Save your receipt and send a copy to us.

All of the examples above are types of coverage decisions. This means that if we deny your request for payment, you can appeal our decision. Chapter 9 of this booklet, "What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)," has information about how to make an appeal.

SECTION 2. How to ask us to pay you back or to pay a bill you have received

Section 2.1 How and where to send us your request for payment

Send us your request for payment, along with your bill and documentation of any payment you have made. It's a good idea to make a copy of your bill and receipts for your records.

To make sure you are giving us all the information we need to make a decision, you can fill out our claim form to make your request for payment.

- You don't have to use the form, but it will help us process the information faster.
- Either download a copy of the form from our website (**kp.org**) or call Member Services and ask for the form. Phone numbers for Member Services are printed on the back cover of this booklet.

Mail your request for payment together with any bills or receipts to us at this address:

Kaiser Foundation Health Plan of Colorado
Claims Department
P.O. Box 373150
Denver, CO 80237-3150

You must submit your claim to us within 365 days of the date you received the service, item, or drug.

Contact Member Services if you have any questions (phone numbers are printed on the back cover of this booklet). If you don't know what you should have paid, or you receive bills and you don't know what to do about those bills, we can help. You can also call if you want to give us more information about a request for payment you have already sent to us.

SECTION 3. We will consider your request for payment and say yes or no

Section 3.1 We check to see whether we should cover the service or drug and how much we owe

When we receive your request for payment, we will let you know if we need any additional information from you. Otherwise, we will consider your request and make a coverage decision.

- If we decide that the medical care or drug is covered and you followed all the rules for getting the care or drug, we will pay for our share of the cost. If you have already paid for the service or drug, we will mail your reimbursement of our share of the cost to you. If you have not paid for the service or drug yet, we will mail the payment directly to the provider. (Chapter 3 explains the rules you need to follow for getting your medical services covered. Chapter 5 explains the rules you need to follow for getting your Part D prescription drugs covered.)
- If we decide that the medical care or drug is not covered, or you did not follow all the rules, we will not pay for our share of the cost. Instead, we will send you a letter that explains the reasons why we are not sending the payment you have requested and your rights to appeal that decision.

Section 3.2 If we tell you that we will not pay for all or part of the medical care or drug, you can make an appeal

If you think we have made a mistake in turning down your request for payment or you don't agree with the amount we are paying, you can make an appeal. If you make an appeal, it means you are asking us to change the decision we made when we turned down your request for payment.

For the details about how to make this appeal, go to Chapter 9 of this booklet, "What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)." The appeals process is a formal process with detailed procedures and important deadlines. If making an appeal is new to you, you will find it helpful to start by reading Section 4 of Chapter 9. Section 4 is an introductory section that explains the process for coverage decisions and appeals and gives you definitions of terms such as "appeal." Then, after you have read Section 4, you can go to the section in Chapter 9 that tells you what to do for your situation:

- If you want to make an appeal about getting paid back for a medical service, go to Section 5.3 in Chapter 9.

- If you want to make an appeal about getting paid back for a drug, go to Section 6.5 of Chapter 9.

SECTION 4. Other situations in which you should save your receipts and send copies to us

Section 4.1 In some cases, you should send copies of your receipts to us to help us track your out-of-pocket drug costs

There are some situations when you should let us know about payments you have made for your drugs. In these cases, you are not asking us for payment. Instead, you are telling us about your payments so that we can calculate your out-of-pocket costs correctly. This may help you to qualify for the Catastrophic Coverage Stage more quickly.

Here are two situations when you should send us copies of receipts to let us know about payments you have made for your drugs:

1. When you buy the drug for a price that is lower than our price

Sometimes when you are in the Deductible Stage or Coverage Gap Stage (if your plan has one or both—refer to the Medical Benefits Chart found at the front of this **EOC***)*, you can buy your drug at a network pharmacy for a price that is lower than our price.

- For example, a pharmacy might offer a special price on the drug. Or you may have a discount card that is outside our benefit that offers a lower price.
- Unless special conditions apply, you must use a network pharmacy in these situations and your drug must be on our Drug List.
- Save your receipt and send a copy to us so that we can have your out-of-pocket expenses count toward qualifying you for the Catastrophic Coverage Stage.
- **Please note:** If you are in the Deductible or Coverage Gap Stage, we will not pay for any share of these drug costs. But sending a copy of the receipt allows us to calculate your out-of-pocket costs correctly and may help you qualify for the Catastrophic Coverage Stage more quickly.

2. When you get a drug through a patient assistance program offered by a drug manufacturer

Some members are enrolled in a patient assistance program offered by a drug manufacturer that is outside our plan benefits. If you get any drugs through a program offered by a drug manufacturer, you may pay a copayment to the patient assistance program.

- Save your receipt and send a copy to us so that we can have your out-of-pocket expenses count toward qualifying you for the Catastrophic Coverage Stage.
- **Please note:** Because you are getting your drug through the patient assistance program and not through our plan's benefits, we will not pay for any share of these drug costs. But sending

a copy of the receipt allows us to calculate your out-of-pocket costs correctly and may help you qualify for the Catastrophic Coverage Stage more quickly.

Since you are not asking for payment in the two cases described above, these situations are not considered coverage decisions. Therefore, you cannot make an appeal if you disagree with our decision.

CHAPTER 8. Your rights and responsibilities

SECTION 1. We must honor your rights as a member of our plan

Section 1.1 We must provide information in a way that works for you (in languages other than English, in Braille, in large print, or CD)

To get information from us in a way that works for you, please call Member Services (phone numbers are printed on the back cover of this booklet).

Our plan has people and free interpreter services available to answer questions from disabled and non-English-speaking members. This booklet is available in Spanish by calling Member Services (phone numbers are on the back cover of this booklet). We can also give you information in Braille, large print, or CD at no cost if you need it. We are required to give you information about our plan's benefits in a format that is accessible and appropriate for you. To get information from us in a way that works for you, please call Member Services (phone numbers are printed on the back cover of this booklet) or contact our Civil Rights Coordinator.

If you have any trouble getting information from our plan in a format that is accessible and appropriate for you, please call to file a grievance with Member Services (phone numbers are printed on the back cover of this booklet). You may also file a complaint with Medicare by calling **1-800-MEDICARE (1-800-633-4227**) or directly with the Office for Civil Rights. Contact information is included in this **Evidence of Coverage** or with this mailing, or you may contact Member Services for additional information.

Sección 1.1 Debemos proporcionar la información de un modo adecuado para usted (en idiomas distintos al inglés, en Braille, en letra grande o en CD)

Para obtener información de una forma que se adapte a sus necesidades, por favor llame a Servicio a los Miembros (los números de teléfono están impresos en la contraportada de este folleto).

Nuestro plan cuenta con personas y servicios de interpretación disponibles sin costo para responder las preguntas de los miembros discapacitados y que no hablan inglés. También puede presentar una queja en Medicare llamando al **1-800-MEDICARE (1-800-633-4227**) o directamente en la Oficina de Derechos Civiles. En esta Evidence of Coverage (**Evidencia de**

Cobertura) o en esta carta se incluye la información de contacto, o bien puede comunicarse con Servicio a los Miembros para obtener información adicional.

Section 1.2 We must treat you with fairness and respect at all times

Our plan must obey laws that protect you from discrimination or unfair treatment. We do not discriminate based on a person's race, ethnicity, national origin, religion, gender, age, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability, or geographic location within the service area.

If you want more information or have concerns about discrimination or unfair treatment, please call the Department of Health and Human Services' Office for Civil Rights at **1-800-368-1019 (TTY 1-800-537-7697)** or your local Office for Civil Rights.

If you have a disability and need help with access to care, please call Member Services (phone numbers are printed on the back cover of this booklet). If you have a complaint, such as a problem with wheelchair access, Member Services can help.

Section 1.3 We must ensure that you get timely access to your covered services and drugs

As a member of our plan, you have the right to choose a primary care provider (PCP) in our network to provide and arrange for your covered services (Chapter 3 explains more about this). Call Member Services to learn which doctors are accepting new patients (phone numbers are printed on the back cover of this booklet). You also have the right to go to a women's health specialist (such as a gynecologist), a mental health services provider, and a provider for routine eye exams without a referral, as well as other providers described in Chapter 3, Section 2.2.

As a plan member, you have the right to get appointments and covered services from our network of providers within a reasonable amount of time. This includes the right to get timely services from specialists when you need that care. You also have the right to get your prescriptions filled or refilled at any of our network pharmacies without long delays.

If you think that you are not getting your medical care or Part D drugs within a reasonable amount of time, Chapter 9, Section 10, of this booklet tells you what you can do. (If we have denied coverage for your medical care or drugs and you don't agree with our decision, Chapter 9, Section 4, tells you what you can do.)

Section 1.4 We must protect the privacy of your personal health information

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

- Your "personal health information" includes the personal information you gave us when you enrolled in our plan as well as your medical records and other medical and health information.

- The laws that protect your privacy give you rights related to getting information and controlling how your health information is used. We give you a written notice, called a "Notice of Privacy Practices," that tells you about these rights and explains how we protect the privacy of your health information.

How do we protect the privacy of your health information?

- We make sure that unauthorized people don't see or change your records.
- In most situations, if we give your health information to anyone who isn't providing your care or paying for your care, we are required to get written permission from you first. Written permission can be given by you or by someone you have given legal power to make decisions for you.
- Your health information is shared with your Group only with your authorization or as otherwise permitted by law.
- There are certain exceptions that do not require us to get your written permission first. These exceptions are allowed or required by law.
  - For example, we are required to release health information to government agencies that are checking on quality of care.
  - Because you are a member of our plan through Medicare, we are required to give Medicare your health information, including information about your Part D prescription drugs. If Medicare releases your information for research or other uses, this will be done according to federal statutes and regulations.

You can see the information in your records and know how it has been shared with others

You have the right to look at your medical records held by our plan, and to get a copy of your records. We are allowed to charge you a fee for making copies. You also have the right to ask us to make additions or corrections to your medical records. If you ask us to do this, we will work with your health care provider to decide whether the changes should be made.

You have the right to know how your health information has been shared with others for any purposes that are not routine.

If you have questions or concerns about the privacy of your personal health information, please call Member Services (phone numbers are printed on the back cover of this booklet).

Section 1.5 We must give you information about our plan, our network of providers, and your covered services

As a member of our plan, you have the right to get several kinds of information from us. (As explained above in Section 1.1, you have the right to get information from us in a way that works for you. This includes getting the information in Spanish and in Braille, large print or CD.

If you want any of the following kinds of information, please call Member Services (phone numbers are printed on the back cover of this booklet):

- **Information about our plan.** This includes, for example, information about our plan's financial condition. It also includes information about the number of appeals made by members and our plan's performance ratings, including how it has been rated by plan members and how it compares to other Medicare health plans.
- **Information about our network providers, including our network pharmacies.**
  - For example, you have the right to get information from us about the qualifications of the providers and pharmacies in our network and how we pay the providers in our network.
  - For a list of the providers in our network, see the **Provider Directory**.
  - For a list of the pharmacies in our network, see the **Pharmacy Directory**.
  - For more detailed information about our providers or pharmacies, you can call Member Services (phone numbers are printed on the back cover of this booklet) or visit our website at **kp.org/directory**.
- **Information about your coverage and the rules you must follow when using your coverage.**
  - In Chapters 3 and 4 of this booklet, we explain what medical services are covered for you, any restrictions to your coverage, and what rules you must follow to get your covered medical services.
  - To get the details about your Part D prescription drug coverage, see Chapters 5 and 6 of this booklet plus our plan's Drug List. These chapters, together with the Drug List, tell you what drugs are covered and explain the rules you must follow and the restrictions to your coverage for certain drugs.
  - If you have questions about the rules or restrictions, please call Member Services (phone numbers are printed on the back cover of this booklet).
- **Information about why something is not covered and what you can do about it.**
  - If a medical service or Part D drug is not covered for you, or if your coverage is restricted in some way, you can ask us for a written explanation. You have the right to this explanation even if you received the medical service or drug from an out-of-network provider or pharmacy.
  - If you are not happy or if you disagree with a decision we make about what medical care or Part D drug is covered for you, you have the right to ask us to change the decision. You can ask us to change the decision by making an appeal. For details on what to do if something is not covered for you in the way you think it should be covered, see Chapter 9 of this booklet. It gives you the details about how to make an appeal if you want us to change our decision. (Chapter 9 also tells you about how to make a complaint about quality of care, waiting times, and other concerns.)
  - If you want to ask us to pay our share of a bill you have received for medical care or a Part D prescription drug, see Chapter 7 of this booklet.

Section 1.6 We must support your right to make decisions about your care

You have the right to know your treatment options and participate in decisions about your health care

You have the right to get full information from your doctors and other health care providers when you go for medical care. Your providers must explain your medical condition and your treatment choices in a way that you can understand.

You also have the right to participate fully in decisions about your health care. To help you make decisions with your doctors about what treatment is best for you, your rights include the following:

- **To know about all of your choices.** This means that you have the right to be told about all of the treatment options that are recommended for your condition, no matter what they cost or whether they are covered by our plan. It also includes being told about programs our plan offers to help members manage their medications and use drugs safely.
- **To know about the risks.** You have the right to be told about any risks involved in your care. You must be told in advance if any proposed medical care or treatment is part of a research experiment. You always have the choice to refuse any experimental treatments.
- **The right to say "no."** You have the right to refuse any recommended treatment. This includes the right to leave a hospital or other medical facility, even if your doctor advises you not to leave. You also have the right to stop taking your medication. Of course, if you refuse treatment or stop taking a medication, you accept full responsibility for what happens to your body as a result.
- **To receive an explanation if you are denied coverage for care.** You have the right to receive an explanation from us if a provider has denied care that you believe you should receive. To receive this explanation, you will need to ask us for a coverage decision. Chapter 9 of this booklet tells you how to ask us for a coverage decision.

You have the right to give instructions about what is to be done if you are not able to make medical decisions for yourself

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you are in this situation. This means that, if you want to, you can:

- Fill out a written form to give someone the legal authority to make medical decisions for you if you ever become unable to make decisions for yourself.
- Give your doctors written instructions about how you want them to handle your medical care if you become unable to make decisions for yourself.

The legal documents that you can use to give your directions in advance in these situations are called "**advance directives**." There are different types of advance directives and different names for them. Documents called "**living will**" and "**power of attorney for health care**" are examples of advance directives.

If you want to use an "advance directive" to give your instructions, here is what to do:

- **Get the form**. If you want to have an advance directive, you can get a form from your lawyer, from a social worker, or from some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare. You can also contact Member Services to ask for the forms (phone numbers are printed on the back cover of this booklet).
- **Fill it out and sign it**. Regardless of where you get this form, keep in mind that it is a legal document. You should consider having a lawyer help you prepare it.
- **Give copies to appropriate people**. You should give a copy of the form to your doctor and to the person you name on the form as the one to make decisions for you if you can't. You may want to give copies to close friends or family members as well. Be sure to keep a copy at home.

If you know ahead of time that you are going to be hospitalized, and you have signed an advance directive, take a copy with you to the hospital.

- If you are admitted to the hospital, they will ask you whether you have signed an advance directive form and whether you have it with you.
- If you have not signed an advance directive form, the hospital has forms available and will ask if you want to sign one.

Remember, it is your choice whether you want to fill out an advance directive (including whether you want to sign one if you are in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you have signed an advance directive.

What if your instructions are not followed?

If you have signed an advance directive, and you believe that a doctor or hospital did not follow the instructions in it, you may file a complaint with the Colorado Department of Public Health and Environment.

Section 1.7 You have the right to make complaints and to ask us to reconsider decisions we have made

If you have any problems or concerns about your covered services or care, Chapter 9 of this booklet tells you what you can do. It gives you the details about how to deal with all types of problems and complaints.

What you need to do to follow up on a problem or concern depends upon the situation. You might need to ask us to make a coverage decision for you, make an appeal to us to change a coverage decision, or make a complaint. Whatever you do—ask for a coverage decision, make an appeal, or make a complaint—we are required to treat you fairly.

You have the right to get a summary of information about the appeals and complaints that other members have filed against our plan in the past. To get this information, please call Member Services (phone numbers are printed on the back cover of this booklet).

Section 1.8 What can you do if you believe you are being treated unfairly or your rights are not being respected?

If it is about discrimination, call the Office for Civil Rights

If you believe you have been treated unfairly or your rights have not been respected due to your race, disability, religion, sex, health, ethnicity, creed (beliefs), age, or national origin, you should call the Department of Health and Human Services' Office for Civil Rights at **1-800-368-1019** or TTY **1-800-537-7697**, or call your local Office for Civil Rights.

Is it about something else?

If you believe you have been treated unfairly or your rights have not been respected, and it's not about discrimination, you can get help dealing with the problem you are having:

- You can call Member Services (phone numbers are printed on the back cover of this booklet).
- You can call the State Health Insurance Assistance Program. For details about this organization and how to contact it, go to Chapter 2, Section 3.
- Or you can call Medicare at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

Section 1.9 How to get more information about your rights

There are several places where you can get more information about your rights:

- You can call Member Services (phone numbers are printed on the back cover of this booklet).
- You can call the SHIP. For details about this organization and how to contact it, go to Chapter 2, Section 3.
- You can contact Medicare:
  - You can visit the Medicare website to read or download the publication "Your Medicare Rights & Protections." (The publication is available at **https://www.medicare.gov/Pubs/pdf/11534.pdf**.)
  - Or you can call **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

Section 1.10 Information about new technology assessments

Rapidly changing technology affects health care and medicine as much as any other industry. To determine whether a new drug or other medical development has long-term benefits, our plan carefully monitors and evaluates new technologies for inclusion as covered benefits. These technologies include medical procedures, medical devices, and new drugs.

Section 1.11 You can make suggestions about rights and responsibilities

As a member of our plan, you have the right to make recommendations about the rights and responsibilities included in this chapter. Please call Member Services with any suggestions (phone numbers are printed on the back cover of this booklet).

SECTION 2. You have some responsibilities as a member of our plan

Section 2.1 What are your responsibilities?

Things you need to do as a member of our plan are listed below. If you have any questions, please call Member Services (phone numbers are printed on the back cover of this booklet). We're here to help.

- **Get familiar with your covered services and the rules you must follow to get these covered services**. Use this **Evidence of Coverage** booklet to learn what is covered for you and the rules you need to follow to get your covered services.
  - Chapters 3 and 4 give the details about your medical services, including what is covered, what is not covered, rules to follow, and what you pay.
  - Chapters 5 and 6 give the details about your coverage for Part D prescription drugs.
- **If you have any other health insurance coverage or prescription drug coverage in addition to our plan, you are required to tell us**. Please call Member Services to let us know (phone numbers are printed on the back cover of this booklet).
  - We are required to follow rules set by Medicare to make sure that you are using all of your coverage in combination when you get your covered services from our plan. This is called "coordination of benefits" because it involves coordinating the health and drug benefits you get from us with any other health and drug benefits available to you. We'll help you coordinate your benefits. (For more information about coordination of benefits, go to Chapter 1, Section 10.)
- **Tell your doctor and other health care providers that you are enrolled in our plan**. Show your plan membership card whenever you get your medical care or Part D prescription drugs.
- **Help your doctors and other providers help you by giving them information, asking questions, and following through on your care**.
  - To help your doctors and other health care providers give you the best care, learn as much as you are able to about your health problems and give them the information they need about you and your health. Follow the treatment plans and instructions that you and your doctors agree upon.
  - Make sure you understand your health problems and participate in developing mutually agreed upon treatment goals with your providers whenever possible.
  - Make sure your doctors know all of the drugs you are taking, including over-the-counter drugs, vitamins, and supplements.

- If you have any questions, be sure to ask. Your doctors and other health care providers are supposed to explain things in a way you can understand. If you ask a question and you don't understand the answer you are given, ask again.

- **Be considerate**. We expect all our members to respect the rights of other patients. We also expect you to act in a way that helps the smooth running of your doctor's office, hospitals, and other offices.
- **Pay what you owe**. As a plan member, you are responsible for these payments:
  - You must pay your plan premiums to continue being a member of our plan (see Chapter 1, Section 4.1).
  - In order to be eligible for our plan, you must have Medicare Part A and Medicare Part B (or Medicare Part B). For that reason, some plan members must pay a premium for Medicare Part A and most plan members must pay a premium for Medicare Part B to remain a member of our plan.
  - For most of your medical services or drugs covered by our plan, you must pay your share of the cost when you get the service or drug. This will be a copayment (a fixed amount) or coinsurance (a percentage of the total cost). The Medical Benefits Chart found at the front of this **EOC** tells you what you must pay for your medical services. The Medical Benefits Chart found at the front of this **EOC** tells you what you must pay for your Part D prescription drugs.
  - If you get any medical services or drugs that are not covered by our plan or by other insurance you may have, you must pay the full cost.
  - If you disagree with our decision to deny coverage for a service or drug, you can make an appeal. Please see Chapter 9 of this booklet for information about how to make an appeal.
  - If you are required to pay a late enrollment penalty, you must pay the penalty to keep your prescription drug coverage.
  - If you are required to pay the extra amount for Part D because of your yearly income, you must pay the extra amount directly to the government to remain a member of our plan.
- **Tell us if you move.** If you are going to move, it's important to tell us right away. Call Member Services (phone numbers are printed on the back cover of this booklet).
  - If you move outside of our plan service area, you cannot remain a member of our plan. (Chapter 1 tells you about our service area.) We can help you figure out whether you are moving outside our service area. If you are leaving our service area, you will have a special enrollment period when you can join any Medicare plan available in your new area. We can let you know if we have a plan in your new area.
  - If you move within our service area, we still need to know so we can keep your membership record up-to-date and know how to contact you.
  - If you move, it is also important to tell Social Security (or the Railroad Retirement Board). You can find phone numbers and contact information for these organizations in Chapter 2.
- **Call Member Services for help if you have questions or concerns.** We also welcome any suggestions you may have for improving our plan.

- Phone numbers and calling hours for Member Services are printed on the back cover of this booklet.
- For more information about how to reach us, including our mailing address, please see Chapter 2.

CHAPTER 9. What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)

Making complaints 161

Background

SECTION 1. Introduction

Section 1.1 What to do if you have a problem or concern

This chapter explains two types of processes for handling problems and concerns:

- For some types of problems, you need to use the process for coverage decisions and appeals.
- For other types of problems, you need to use the process for making complaints.

Both of these processes have been approved by Medicare. To ensure fairness and prompt handling of your problems, each process has a set of rules, procedures, and deadlines that must be followed by you and us.

Which one do you use?

That depends upon the type of problem you are having. The guide in Section 3 will help you identify the right process to use.

Section 1.2 What about the legal terms?

There are technical legal terms for some of the rules, procedures, and types of deadlines explained in this chapter. Many of these terms are unfamiliar to most people and can be hard to understand.

To keep things simple, this chapter explains the legal rules and procedures using simpler words in place of certain legal terms. For example, this chapter generally says "making a complaint" rather than "filing a grievance," "coverage decision" rather than "organization determination" or "coverage determination," and "Independent Review Organization" instead of "Independent Review Entity." It also uses abbreviations as little as possible.

However, it can be helpful, and sometimes quite important, for you to know the correct legal terms for the situation you are in. Knowing which terms to use will help you communicate more clearly and accurately when you are dealing with your problem and get the right help or information for your situation. To help you know which terms to use, we include legal terms when we give the details for handling specific types of situations.

SECTION 2. You can get help from government organizations that are not connected with us

Section 2.1 Where to get more information and personalized assistance

Sometimes it can be confusing to start or follow through the process for dealing with a problem. This can be especially true if you do not feel well or have limited energy. Other times, you may not have the knowledge you need to take the next step.

Get help from an independent government organization

We are always available to help you. But in some situations, you may also want help or guidance from someone who is not connected with us. You can always contact your **State Health Insurance Assistance Program (SHIP)**. This government program has trained counselors in every state. The program is not connected with us or with any insurance company or health plan. The counselors at this program can help you understand which process you should use to handle a problem you are having. They can also answer your questions, give you more information, and offer guidance on what to do.

The services of SHIP counselors are free. You will find phone numbers in Chapter 2, Section 3, of this booklet.

You can also get help and information from Medicare

For more information and help in handling a problem, you can also contact Medicare. Here are two ways to get information directly from Medicare:

- You can call **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.
- You can visit the Medicare website (**https://www.medicare.gov**).

SECTION 3. To deal with your problem, which process should you use?

Section 3.1 Should you use the process for coverage decisions and appeals? Or should you use the process for making complaints?

If you have a problem or concern, you only need to read the parts of this chapter that apply to your situation. The guide that follows will help.

To figure out which part of this chapter will help you with your specific problem or concern, *START HERE:*

Is your problem or concern about your benefits or coverage?

(This includes problems about whether particular medical care or prescription drugs are covered or not, the way in which they are covered, and problems related to payment for medical care or prescription drugs.)

- **Yes, my problem is about benefits or coverage:**

  Go to the next section in this chapter, Section 4: "A guide to the basics of coverage decisions and appeals."

- **No, my problem is not about benefits or coverage:**

  Skip ahead to Section 10 at the end of this chapter: "How to make a complaint about quality of care, waiting times, customer service, or other concerns."

Coverage decisions and appeals

SECTION 4. A guide to the basics of coverage decisions and appeals

Section 4.1 Asking for coverage decisions and making appeals—*The big picture*

The process for coverage decisions and appeals deals with problems related to your benefits and coverage for medical services and prescription drugs, including problems related to payment. This is the process you use for issues such as whether something is covered or not, and the way in which something is covered.

Asking for coverage decisions

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your medical services or drugs. For example, your network doctor makes a (favorable) coverage decision for you whenever you receive medical care from him or her or if your network doctor refers you to a medical specialist. You or your doctor can also contact us and ask for a coverage decision, if your doctor is unsure whether we will cover a particular medical service or refuses to provide medical care you think that you need. In other words, if you want to know if we will cover a medical service before you receive it, you can ask us to make a coverage decision for you.

We are making a coverage decision for you whenever we decide what is covered for you and how much we pay. In some cases, we might decide a service or drug is not covered or is no longer covered by Medicare for you. If you disagree with this coverage decision, you can make an appeal.

Making an appeal

If we make a coverage decision and you are not satisfied with this decision, you can "appeal" the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made.

When you appeal a decision for the first time, this is called a Level 1 Appeal. In this appeal, we review the coverage decision we made to check to see if we were following all of the rules properly. Your appeal is handled by different reviewers than those who made the original unfavorable decision. When we have completed the review, we give you our decision. Under certain circumstances, which we discuss later, you can request an expedited or "fast coverage decision" or fast appeal of a coverage decision.

If we say ***no*** to all or part of your Level 1 Appeal, you can go on to a Level 2 Appeal. The Level 2 Appeal is conducted by an independent organization that is not connected to us. (In some situations, your case will be automatically sent to the independent organization for a Level 2 Appeal. If this happens, we will let you know. In other situations, you will need to ask for a Level 2 Appeal.) If you are not satisfied with the decision at the Level 2 Appeal, you may be able to continue through additional levels of appeal.

Section 4.2 How to get help when you are asking for a coverage decision or making an appeal

Would you like some help? Here are resources you may wish to use if you decide to ask for any kind of coverage decision or appeal a decision:

- **You can call Member Services** (phone numbers are printed on the back cover of this booklet).
- To get free help from an independent organization that is not connected with our plan, **contact your State Health Insurance Assistance Program** (see Section 2 in this chapter).
- **Your doctor can make a request for you.**
  - For medical care, your doctor can request a coverage decision or a Level 1 Appeal on your behalf. If your appeal is denied at Level 1, it will be automatically forwarded to Level 2. To request any appeal after Level 2, your doctor must be appointed as your representative.
  - For Part D prescription drugs, your doctor or other prescriber can request a coverage decision or a Level 1 or Level 2 Appeal on your behalf. To request any appeal after Level 2, your doctor or other prescriber must be appointed as your representative.
- **You can ask someone to act on your behalf.** If you want to, you can name another person to act for you as your "representative" to ask for a coverage decision or make an appeal.
  - There may be someone who is already legally authorized to act as your representative under state law.
  - If you want a friend, relative, your doctor or other provider, or other person to be your representative, call Member Services (phone numbers are printed on the back cover of this booklet) and ask for the "Appointment of Representative" form. (The form is also available on Medicare's website at **https://www.cms. gov/Medicare/CMS-Forms/CMS-**

Forms/downloads/cms1696.pdf or on our website at **kp.org**.) The form gives that person permission to act on your behalf. It must be signed by you and by the person whom you would like to act on your behalf. You must give us a copy of the signed form.

- **You also have the right to hire a lawyer to act for you.** You may contact your own lawyer, or get the name of a lawyer from your local bar association or other referral service. There are also groups that will give you free legal services if you qualify. However, you are not required to hire a lawyer to ask for any kind of coverage decision or appeal a decision.

Section 4.3 Which section of this chapter gives the details for your situation?

There are four different types of situations that involve coverage decisions and appeals. Since each situation has different rules and deadlines, we give the details for each one in a separate section:

- **Section 5** in this chapter: "Your medical care: How to ask for a coverage decision or make an appeal."
- **Section 6** in this chapter: "Your Part D prescription drugs: How to ask for a coverage decision or make an appeal."
- **Section 7** in this chapter: "How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon."
- **Section 8** in this chapter: "How to ask us to keep covering certain medical services if you think your coverage is ending too soon" (applies to these services only: home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services).

If you're not sure which section you should be using, please call Member Services (phone numbers are printed on the back cover of this booklet). You can also get help or information from government organizations such as your SHIP (Chapter 2, Section 3, of this booklet has the phone numbers for this program).

SECTION 5. Your medical care: How to ask for a coverage decision or make an appeal

? Have you read Section 4 in this chapter ("A guide to the basics of coverage decisions and appeals")? If not, you may want to read it before you start this section.

Section 5.1 This section tells what to do if you have problems getting coverage for medical care or if you want us to pay you back for our share of the cost of your care

This section is about your benefits for medical care and services. These benefits are described in the Medical Benefits Chart found at the front of this **EOC**. To keep things simple, we generally refer to "medical care coverage" or "medical care" in the rest of this section, instead of repeating "medical care or treatment or services" every time.

This section tells you what you can do if you are in any of the five following situations:

1. You are not getting certain medical care you want, and you believe that this care is covered by our plan.
2. We will not approve the medical care your doctor or other medical provider wants to give you, and you believe that this care is covered by our plan.
3. You have received medical care or services that you believe should be covered by our plan, but we have said we will not pay for this care.
4. You have received and paid for medical care or services that you believe should be covered by our plan, and you want to ask us to reimburse you for this care.
5. You are being told that coverage for certain medical care you have been getting that we previously approved will be reduced or stopped, and you believe that reducing or stopping this care could harm your health.

Note: If the coverage that will be stopped is for hospital care, home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services, you need to read a separate section of this chapter because special rules apply to these types of care. Here's what to read in those situations:

- **Chapter 9, Section 7:** "How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon."
- **Chapter 9, Section 8:** "How to ask us to keep covering certain medical services if you think your coverage is ending too soon." This section is about three services only: home health care, skilled nursing facility care, and (CORF) services.

For all other situations that involve being told that medical care you have been getting will be stopped, use this section (Section 5) as your guide for what to do.

Which of these situations are you in?

If you are in this situation:	This is what you can do:
Do you want to find out whether we will cover the medical care or services you want?	You can ask us to make a coverage decision for you. Go to the next section in this chapter, **Section 5.2**.
Have we already told you that we will not cover or pay for a medical service in the way that you want it to be covered or paid for?	You can make an appeal. (This means you are asking us to reconsider.) Skip ahead to **Section 5.3** in this chapter.
Do you want to ask us to pay you back for medical care or services you have already received and paid for?	You can send us the bill. Skip ahead to **Section 5.5** in this chapter.

Section 5.2 Step-by-step: How to ask for a coverage decision (how to ask us to authorize or provide the medical care coverage you want)

Legal Terms
When a coverage decision involves your medical care, it is called an "**organization determination**."

Step 1: **You ask us to make a coverage decision on the medical care you are requesting.** If your health requires a quick response, you should ask us to make a "fast coverage decision."

Legal Terms
A "fast coverage decision" is called an "**expedited determination**."

How to request coverage for the medical care you want

- Start by calling, writing, or faxing us to make your request for us to authorize or provide coverage for the medical care you want. You, your doctor, or your representative can do this.
- For the details about how to contact us, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are asking for a coverage decision or making a complaint about your medical care."

Generally we use the standard deadlines for giving you our decision

When we give you our decision, we will use the "standard" deadlines unless we have agreed to use the "fast" deadlines. **A standard coverage decision means we will give you an answer within 14 calendar days after we receive your request.**

- However, we can take up to 14 more calendar days if you ask for more time, or if we need information (such as medical records from out-of-network providers) that may benefit you. If we decide to take extra days to make the decision, we will tell you in writing.
- If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (The process for making a complaint is different from the process for coverage decisions and appeals. For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.)

If your health requires it, ask us to give you a "fast coverage decision"

- **A fast coverage decision means we will answer within 72 hours.**
  - However, we can take up to 14 more calendar days if we find that some information that may benefit you is missing (such as medical records from out-of-network providers), or if you need time to get information to us for the review. If we decide to take extra days, we will tell you in writing.
  - If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. (For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.) We will call you as soon as we make the decision.
- **To get a fast coverage decision, you must meet two requirements:**
  - You can get a fast coverage decision only if you are asking for coverage for medical care you have not yet received. (You cannot get a fast coverage decision if your request is about payment for medical care you have already received.)
  - You can get a fast coverage decision only if using the standard deadlines could cause serious harm to your health or hurt your ability to function.
- **If your doctor tells us that your health requires a "fast coverage decision,"** we will automatically agree to give you a fast coverage decision.
- **If you ask for a fast coverage decision on your own, without your doctor's support,** we will decide whether your health requires that we give you a fast coverage decision.
  - If we decide that your medical condition does not meet the requirements for a fast coverage decision, we will send you a letter that says so (and we will use the standard deadlines instead).
  - This letter will tell you that if your doctor asks for the fast coverage decision, we will automatically give a fast coverage decision.
  - The letter will also tell how you can file a "fast complaint" about our decision to give you a standard coverage decision instead of the fast coverage decision you requested. (For more

information about the process for making complaints, including fast complaints, see Section 10 in this chapter.)

Step 2: **We consider your request for medical care coverage and give you our answer.**

Deadlines for a "fast coverage decision"

- Generally, for a fast coverage decision, we will give you our answer **within 72 hours**.
  - As explained above, **we can take up to 14 more calendar days** under certain circumstances. If we decide to take extra days to make the coverage decision, we will tell you in writing.
  - If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.)
  - If we do not give you our answer within 72 hours (or if there is an extended time period, by the end of that period), you have the right to appeal. Section 5.3 below tells you how to make an appeal.
- If our answer is ***yes*** to part or all of what you requested, we must authorize or provide the medical care coverage we have agreed to provide within 72 hours after we received your request. If we extended the time needed to make our coverage decision, we will authorize or provide the coverage by the end of that extended period.
- If our answer is ***no*** to part or all of what you requested, we will send you a detailed written explanation as to why we said no.

Deadlines for a "standard" coverage decision

- Generally, for a standard coverage decision, we will give you our answer **within 14 calendar days of receiving your request.**
  - We can take up to 14 more calendar days ("an extended time period") under certain circumstances. If we decide to take extra days to make the coverage decision, we will tell you in writing.
  - If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.)
  - If we do not give you our answer within 14 calendar days (or if there is an extended time period, by the end of that period), you have the right to appeal. Section 5.3 below tells you how to make an appeal.
- If our answer is ***yes*** to part or all of what you requested, we must authorize or provide the coverage we have agreed to provide within 14 calendar days after we received your request. If we extended the time needed to make our coverage decision, we will authorize or provide the coverage by the end of that extended period.

- If our answer is ***no*** to part or all of what you requested, we will send you a written statement that explains why we said no.

Step 3: **If we say *no* to your request for coverage for medical care, you decide if you want to make an appeal.**

- If we say ***no***, you have the right to ask us to reconsider, and perhaps change this decision by making an appeal. Making an appeal means making another try to get the medical care coverage you want.
- If you decide to make an appeal, it means you are going on to Level 1 of the appeals process (see Section 5.3 below).

Section 5.3 Step-by-step: How to make a Level 1 Appeal
(how to ask for a review of a medical care coverage decision made by our plan)

Legal Terms
An appeal to our plan about a medical care coverage decision is called a plan "**reconsideration**."

Step 1: **You contact us and make your appeal. If your health requires a quick response, you must ask for a "fast appeal."**

What to do:

- **To start an appeal, you, your doctor, or your representative must contact us.** For details about how to reach us for any purpose related to your appeal, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- **If you are asking for a standard appeal, make your standard appeal in writing by submitting a request.**
  - If you have someone appealing our decision for you other than your doctor, your appeal must include an "Appointment of Representative" form authorizing this person to represent you. To get the form, call Member Services (phone numbers are printed on the back cover of this booklet) and ask for the "Appointment of Representative" form. It is also available on Medicare's website at **https://www.cmsgov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf** While we can accept an appeal request without the form, we cannot begin or complete our review until we receive it. If we do not receive the form within 44 calendar days after receiving your appeal request (our deadline for making a decision on your appeal), your appeal request will be dismissed. If this happens, we will send you a written notice explaining your right to ask the Independent Review Organization to review our decision to dismiss your appeal.

- **If you are asking for a fast appeal, make your appeal in writing or call us** at the phone number shown in Chapter 2, Section 1, "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- **You must make your appeal request within 60 calendar days from the date on the written notice** we sent to tell you our answer to your request for a coverage decision. If you miss this deadline and have a good reason for missing it, we may give you more time to make your appeal. Examples of good cause for missing the deadline may include if you had a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- **You can ask for a copy of the information regarding your medical decision and add more information to support your appeal.**
  - You have the right to ask us for a copy of the information regarding your appeal. We are allowed to charge a fee for copying and sending this information to you.
  - If you wish, you and your doctor may give us additional information to support your appeal.

If your health requires it, ask for a "fast appeal" (you can make a request by calling us)

Legal Terms
A "fast appeal" is also called an "**expedited reconsideration**."

- If you are appealing a decision we made about coverage for care you have not yet received, you and/or your doctor will need to decide if you need a "fast appeal."
- The requirements and procedures for getting a "fast appeal" are the same as those for getting a "fast coverage decision." To ask for a fast appeal, follow the instructions for asking for a fast coverage decision. (These instructions are given earlier in this section.)
- If your doctor tells us that your health requires a "fast appeal," we will give you a fast appeal.

Step 2: **We consider your appeal and we give you our answer.**

- When we are reviewing your appeal, we take another careful look at all of the information about your request for coverage of medical care. We check to see if we were following all the rules when we said ***no*** to your request.
- We will gather more information if we need it. We may contact you or your doctor to get more information.

Deadlines for a "fast appeal"

- When we are using the fast deadlines, we must give you our answer **within 72 hours** after we receive your appeal**.** We will give you our answer sooner if your health requires us to do so.
  - However, if you ask for more time, or if we need to gather more information that may benefit you, **we can take up to 14 more calendar days**. If we decide to take extra days to make the decision, we will tell you in writing.

- If we do not give you an answer within 72 hours (or by the end of the extended time period if we took extra days), we are required to automatically send your request on to Level 2 of the appeals process, where it will be reviewed by an independent organization. Later in this section, we tell you about this organization and explain what happens at Level 2 of the appeals process.

- If our answer is ***yes*** to part or all of what you requested, we must authorize or provide the coverage we have agreed to provide within 72 hours after we receive your appeal.
- If our answer is ***no*** to part or all of what you requested, we will send you a written denial notice informing you that we have automatically sent your appeal to the Independent Review Organization for a Level 2 Appeal.

Deadlines for a "standard appeal"

- If we are using the standard deadlines, we must give you our answer **within 30 calendar days** after we receive your appeal if your appeal is about coverage for services you have not yet received. We will give you our decision sooner if your health condition requires us to.
  - However, if you ask for more time, or if we need to gather more information that may benefit you, **we can take up to 14 more calendar days**. If we decide to take extra days to make the decision, we will tell you in writing.
  - If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.)
  - If we do not give you an answer by the deadline above (or by the end of the extended time period if we took extra days), we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent, outside organization. Later in this section, we talk about this review organization and explain what happens at Level 2 of the appeals process.
- If our answer is ***yes*** to part or all of what you requested, we must authorize or provide the coverage we have agreed to provide within 30 calendar days after we receive your appeal.
- If our answer is ***no*** to part or all of what you requested, we will send you a written denial notice informing you that we have automatically sent your appeal to the Independent Review Organization for a Level 2 Appeal.

Step 3: **If our plan says *no* to part or all of your appeal, your case will automatically be sent on to the next level of the appeals process.**

- To make sure we were following all the rules when we said ***no*** to your appeal, we are required to send your appeal to the Independent Review Organization. When we do this, it means that your appeal is going on to the next level of the appeals process, which is Level 2.

Section 5.4 Step-by-step: How a Level 2 Appeal is done

If we say ***no*** to your Level 1 Appeal, your case will automatically be sent on to the next level of the appeals process. During the Level 2 Appeal, the **Independent Review Organization** reviews our decision for your first appeal. This organization decides whether the decision we made should be changed.

Legal Terms
The formal name for the "Independent Review Organization" is the "**Independent Review Entity**." It is sometimes called the "**IRE**."

Step 1: **The Independent Review Organization reviews your appeal.**

- **The Independent Review Organization is an independent organization that is hired by Medicare**. This organization is not connected with us and it is not a government agency. This organization is a company chosen by Medicare to handle the job of being the Independent Review Organization. Medicare oversees its work.
- We will send the information about your appeal to this organization. This information is called your "case file." You have the right to ask us for a copy of your case file. We are allowed to charge you a fee for copying and sending this information to you.
- You have a right to give the Independent Review Organization additional information to support your appeal.
- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal.

If you had a "fast" appeal at Level 1, you will also have a "fast" appeal at Level 2

- If you had a fast appeal to our plan at Level 1, you will automatically receive a fast appeal at Level 2. The review organization must give you an answer to your Level 2 Appeal **within 72 hours of when it receives your appeal**.
- However, if the Independent Review Organization needs to gather more information that may benefit you, it can take up to 14 more calendar days.

If you had a "standard" appeal at Level 1, you will also have a "standard" appeal at Level 2

- If you had a standard appeal to our plan at Level 1, you will automatically receive a standard appeal at Level 2. The review organization must give you an answer to your Level 2 Appeal within 30 calendar days of when it receives your appeal.
- However, if the Independent Review Organization needs to gather more information that may benefit you, it can take up to 14 more calendar days.

Step 2: **The Independent Review Organization gives you their answer.**

The Independent Review Organization will tell you its decision in writing and explain the reasons for it.

- If the review organization says ***yes*** to part or all of what you requested, we must authorize the medical care coverage within 72 hours or provide the service within 14 calendar days after we receive the decision from the review organization for standard requests or within 72 hours from the date we receive the decision from the review organization for expedited requests.
- If this organization says ***no*** to part or all of your appeal, it means they agree with us that your request (or part of your request) for coverage for medical care should not be approved. (This is called "upholding the decision." It is also called "turning down your appeal.")
  - If the Independent Review Organization “upholds the decision,” you have the right to a Level 3 Appeal. However, to make another appeal at Level 3, the dollar value of the medical care coverage you are requesting must meet a certain minimum. If the dollar value of the coverage you are requesting is too low, you cannot make another appeal, which means that the decision at Level 2 is final. The written notice you get from the Independent Review Organization will tell you how to find out the dollar amount to continue the appeals process.

Step 3: **If your case meets the requirements, you choose whether you want to take your appeal further.**

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal).
- If your Level 2 Appeal is turned down and you meet the requirements to continue with the appeals process, you must decide whether you want to go on to Level 3 and make a third appeal. The details about how to do this are in the written notice you got after your Level 2 Appeal.
- The Level 3 Appeal is handled by an administrative law judge. Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

Section 5.5 What if you are asking us to pay you for our share of a bill you have received for medical care?

If you want to ask us for payment for medical care, start by reading Chapter 7 of this booklet: "Asking us to pay our share of a bill you have received for covered medical services or drugs." Chapter 7 describes the situations in which you may need to ask for reimbursement or to pay a bill you have received from a provider. It also tells you how to send us the paperwork that asks us for payment.

Asking for reimbursement is asking for a coverage decision from us

If you send us the paperwork that asks for reimbursement, you are asking us to make a coverage decision (for more information about coverage decisions, see Section 4.1 in this

chapter). To make this coverage decision, we will check to see if the medical care you paid for is a covered service; see the Medical Benefits Chart found at the front of this **EOC**. We will also check to see if you followed all the rules for using your coverage for medical care (these rules are given in Chapter 3 of this booklet: "Using our plan's coverage for your medical services").

We will say *yes* or *no* to your request

- If the medical care you paid for is covered and you followed all the rules, we will send you the payment for our share of the cost of your medical care within 60 calendar days after we receive your request. Or if you haven't paid for the services, we will send the payment directly to the provider. (When we send the payment, it's the same as saying ***yes*** to your request for a coverage decision.)
- If the medical care is not covered, or you did not follow all the rules, we will not send payment. Instead, we will send you a letter that says we will not pay for the services and the reasons why in detail. (When we turn down your request for payment, it's the same as saying ***no*** to your request for a coverage decision.)

What if you ask for payment and we say that we will not pay?

If you do not agree with our decision to turn you down, **you can make an appeal**. If you make an appeal, it means you are asking us to change the coverage decision we made when we turned down your request for payment.

To make this appeal, follow the process for appeals that we describe in Section 5.3. Go to this section for step-by-step instructions. When you are following these instructions, please note:

- If you make an appeal for reimbursement, we must give you our answer within 60 calendar days after we receive your appeal. (If you are asking us to pay you back for medical care you have already received and paid for yourself, you are not allowed to ask for a fast appeal.)
- If the Independent Review Organization reverses our decision to deny payment, we must send the payment you have requested to you or to the provider within 30 calendar days. If the answer to your appeal is ***yes*** at any stage of the appeals process after Level 2, we must send the payment you requested to you or to the provider within 60 calendar days.

SECTION 6. Your Part D prescription drugs: How to ask for a coverage decision or make an appeal

? Have you read Section 4 in this chapter ("A guide to the basics of coverage decisions and appeals")? If not, you may want to read it before you start this

section.

Section 6.1 This section tells what to do if you have problems getting a Part D drug or you want us to pay you back for a Part D drug

Your benefits as a member of our plan include coverage for many prescription drugs. Please refer to our **Kaiser Permanente 2018 Comprehensive Formulary**. To be covered, the drug must be used for a medically accepted indication. (A "medically accepted indication" is a use of the drug that is either approved by the Food and Drug Administration or supported by certain reference books. See Chapter 5, Section 3, for more information about a medically accepted indication.)

- **This section is about your Part D drugs only.** To keep things simple, we generally say "drug" in the rest of this section, instead of repeating "covered outpatient prescription drug" or "Part D drug" every time.
- For details about what we mean by Part D drugs, the **Kaiser Permanente 2018 Comprehensive Formulary**, rules and restrictions on coverage, and cost information, see Chapter 5 ("Using our plan's coverage for your Part D prescription drugs") and Chapter 6 ("What you pay for your Part D prescription drugs") or the Medical Benefits Chart found at the front of this **EOC**.

Part D coverage decisions and appeals

As discussed in Section 4 of this chapter, a coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your drugs.

Legal Terms
An initial coverage decision about your Part D drugs is called a "**coverage determination**."

Here are examples of coverage decisions you ask us to make about your Part D drugs:

- You ask us to make an exception, including:
  - Asking us to cover a Part D drug that is not on our **Kaiser Permanente 2018 Comprehensive Formulary**.
  - Asking us to waive a restriction on our plan's coverage for a drug (such as limits on the amount of the drug you can get).
  - Asking to pay a lower cost-sharing amount for a covered drug on a higher cost-sharing tier.
- You ask us whether a drug is covered for you and whether you satisfy any applicable coverage rules. For example, when your drug is on our **Kaiser Permanente 2018 Comprehensive Formulary**, but we require you to get approval from us before we will cover it for you.
  - **Please note:** If your pharmacy tells you that your prescription cannot be filled as written, you will get a written notice explaining how to contact us to ask for a coverage decision.

- You ask us to pay for a prescription drug you already bought. This is a request for a coverage decision about payment.

If you disagree with a coverage decision we have made, you can appeal our decision.

This section tells you both how to ask for coverage decisions and how to request an appeal. Use the chart below to help you determine which part has information for your situation:

Which of these situations are you in?

Do you need a drug that isn't on our Drug List or need us to waive a rule or restriction on a drug we cover?	Do you want us to cover a drug on our Drug List and you believe you meet any plan rules or restrictions (such as getting approval in advance) for the drug you need?	Do you want to ask us to pay you back for a drug you have already received and paid for?	Have we already told you that we will not cover or pay for a drug in the way that you want it to be covered or paid for?
You can ask us to make an exception. (This is a type of coverage decision.) **Start with Section 6.2 in this chapter.**	You can ask us for a coverage decision. **Skip ahead to Section 6.4 in this chapter.**	You can ask us to pay you back. (This is a type of coverage decision.) **Skip ahead to Section 6.4 in this chapter.**	You can make an appeal. (This means you are asking us to reconsider.) **Skip ahead to Section 6.5 in this chapter.**

Section 6.2 What is an exception?

If a drug is not covered in the way you would like it to be covered, you can ask us to make an "**exception**." An exception is a type of coverage decision. Similar to other types of coverage decisions, if we turn down your request for an exception, you can appeal our decision.

When you ask for an exception, your doctor or other prescriber will need to explain the medical reasons why you need the exception approved. We will then consider your request. Here are three examples of exceptions that you or your doctor or other prescriber can ask us to make:

1. **Covering a Part D drug for you that is not on our Kaiser Permanente 2018 Comprehensive Formulary.** (We call it the "Drug List" for short.)

Legal Terms
Asking for coverage of a drug that is not on the Drug List is sometimes called asking for a "**formulary exception**."

- If we agree to make an exception and cover a drug that is not on the Drug List, you will need to pay the cost-sharing amount that applies to drugs in Tier 3 (preferred brand-name drugs). You cannot ask for an exception to the copayment or coinsurance amount we require you to pay for the drug.

2. **Removing a restriction on our coverage for a covered drug**. There are extra rules or restrictions that apply to certain drugs on our **Kaiser Permanente 2018 Comprehensive Formulary** (for more information, go to Chapter 5 and look for Section 4).

Legal Terms
Asking for removal of a restriction on coverage for a drug is sometimes called asking for a "**formulary exception**."

- The extra rules and restrictions on coverage for certain drugs include:
  - Being required to use the generic version of a drug instead of the brand-name drug.
  - Getting **plan approval in advance** before we will agree to cover the drug for you. (This is sometimes called "prior authorization.")
- If we agree to make an exception and waive a restriction for you, you can ask for an exception to the copayment or coinsurance amount we require you to pay for the drug.

3. Changing coverage of a drug to a lower cost-sharing tier. Every drug on our Drug List is in one of six cost-sharing tiers. In general, the lower the cost-sharing tier number, the less you will pay as your share of the cost of the drug.

Legal Terms
Asking to pay a lower price for a covered nonpreferred drug is sometimes called asking for a "**tiering exception**."

- You cannot ask us to change the cost-sharing tier for any drug in Tier 5 (specialty-tier drugs).

Section 6.3 Important things to know about asking for exceptions

Your doctor must tell us the medical reasons

Your doctor or other prescriber must give us a statement that explains the medical reasons for requesting an exception. For a faster decision, include this medical information from your doctor or other prescriber when you ask for the exception.

Typically, our Drug List includes more than one drug for treating a particular condition. These different possibilities are called "**alternative**" drugs. If an alternative drug would be just as effective as the drug you are requesting and would not cause more side effects or other health problems, we will generally not approve your request for an exception. If you ask

us for a tiering exception, we will generally not approve your request for an exception unless all the alternative drugs in the lower cost-sharing tier(s) won't work as well for you.

We can say *yes* or *no* to your request

- If we approve your request for an exception, our approval usually is valid until the end of the plan year. This is true as long as your doctor continues to prescribe the drug for you and that drug continues to be safe and effective for treating your condition.
- If we say ***no*** to your request for an exception, you can ask for a review of our decision by making an appeal. Section 6.5 tells you how to make an appeal if we say no.

The next section tells you how to ask for a coverage decision, including an exception.

Section 6.4 Step-by-step: How to ask for a coverage decision, including an exception

Step 1: **You ask us to make a coverage decision about the drug(s) or payment you need.** If your health requires a quick response, you must ask us to make a "fast coverage decision." You cannot ask for a fast coverage decision if you are asking us to pay you back for a drug you already bought.

What to do:

- **Request the type of coverage decision you want.** Start by calling, writing, or faxing us to make your request. You, your representative, or your doctor (or other prescriber) can do this. You can also access the coverage decision process through our website. For the details, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are asking for a coverage decision or making a complaint about your Part D prescription drugs." Or if you are asking us to pay you back for a drug, go to the section called "Where to send a request asking us to pay for our share of the cost for medical care or a drug you have received."
- **You or your doctor or someone else who is acting on your behalf** can ask for a coverage decision. Section 4 in this chapter tells you how you can give written permission to someone else to act as your representative. You can also have a lawyer act on your behalf.
- **If you want to ask us to pay you back for a drug,** start by reading Chapter 7 of this booklet: "Asking us to pay our share of a bill you have received for covered medical services or drugs." Chapter 7 describes the situations in which you may need to ask for reimbursement. It also tells you how to send us the paperwork that asks us to pay you back for our share of the cost of a drug you have paid for.
- **If you are requesting an exception, provide the "supporting statement."** Your doctor or other prescriber must give us the medical reasons for the drug exception you are requesting. (We call this the "supporting statement.") Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone and follow up by faxing or mailing a written statement if necessary. See Sections 6.2 and 6.3 for more information about exception requests.

- **We must accept any written request**, including a request submitted on the CMS Model Coverage Determination Request Form, which is available on our website.

Legal Terms
A "fast coverage decision" is called an "**expedited coverage determination**."

If your health requires it, ask us to give you a "fast coverage decision"

- When we give you our decision, we will use the "standard" deadlines unless we have agreed to use the "fast" deadlines. A standard coverage decision means we will give you an answer **within 72 hours after we receive your doctor's statement**. A fast coverage decision means we will answer within 24 hours after we receive your doctor's statement.
- **To get a fast coverage decision, you must meet two requirements:**
  - You can get a fast coverage decision only if you are asking for a drug you have not yet received. (You cannot get a fast coverage decision if you are asking us to pay you back for a drug you have already bought.)
  - You can get a fast coverage decision only if using the standard deadlines could cause serious harm to your health or hurt your ability to function.
- **If your doctor or other prescriber tells us that your health requires a "fast coverage decision,"** we will automatically agree to give you a fast coverage decision.
- **If you ask for a fast coverage decision on your own** (without your doctor's or other prescriber's support), we will decide whether your health requires that we give you a fast coverage decision.
  - If we decide that your medical condition does not meet the requirements for a fast coverage decision, we will send you a letter that says so (and we will use the standard deadlines instead).
  - This letter will tell you that if your doctor or other prescriber asks for the fast coverage decision, we will automatically give a fast coverage decision.
  - The letter will also tell you how you can file a complaint about our decision to give you a standard coverage decision instead of the fast coverage decision you requested. It tells you how to file a "fast complaint," which means you would get our answer to your complaint within 24 hours of receiving the complaint. (The process for making a complaint is different from the process for coverage decisions and appeals. For more information about the process for making complaints, see Section 10 in this chapter.)

Step 2: **We consider your request and we give you our answer.**

Deadlines for a "fast coverage decision"

- If we are using the fast deadlines, we must give you our answer **within 24 hours**.
  - Generally, this means within 24 hours after we receive your request. If you are requesting an exception, we will give you our answer within 24 hours after we receive your doctor's

statement supporting your request. We will give you our answer sooner if your health requires us to.

- If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent, outside organization. Later in this section, we talk about this review organization and explain what happens at Appeal Level 2.

- If our answer is ***yes*** to part or all of what you requested, we must provide the coverage we have agreed to provide within 24 hours after we receive your request or doctor's statement supporting your request.
- If our answer is ***no*** to part or all of what you requested, we will send you a written statement that explains why we said no. We will also tell you how to appeal.

Deadlines for a "standard coverage decision" about a drug you have not yet received

- If we are using the standard deadlines, we must give you our answer **within 72 hours.**
  - Generally, this means within 72 hours after we receive your request. If you are requesting an exception, we will give you our answer within 72 hours after we receive your doctor's statement supporting your request. We will give you our answer sooner if your health requires us to.
  - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent organization. Later in this section, we talk about this review organization and explain what happens at Appeal Level 2.
- If our answer is ***yes*** to part or all of what you requested:
  - If we approve your request for coverage, we must provide the coverage we have agreed to provide within 72 hours after we receive your request or doctor's statement supporting your request.
- If our answer is ***no*** to part or all of what you requested, we will send you a written statement that explains why we said no. We will also tell you how to appeal.

Deadlines for a "standard coverage decision" about payment for a drug you have already bought

- We must give you our answer **within 14 calendar days** after we receive your request.
  - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an independent organization. Later in this section, we talk about this review organization and explain what happens at Appeal Level 2.
- If our answer is ***yes*** to part or all of what you requested, we are also required to make payment to you within 14 calendar days after we receive your request.
- If our answer is ***no*** to part or all of what you requested, we will send you a written statement that explains why we said no. We will also tell you how to appeal.

Step 3: **If we say *no* to your coverage request, you decide if you want to make an appeal.**

- If we say no, you have the right to request an appeal. Requesting an appeal means asking us to reconsider—and possibly change—the decision we made.

Section 6.5 Step-by-step: How to make a Level 1 Appeal
(how to ask for a review of a coverage decision made by our plan)

Legal Terms
An appeal to our plan about a Part D drug coverage decision is called a plan "**redetermination**."

Step 1: **You contact us and make your Level 1 Appeal. If your health requires a quick response, you must ask for a "fast appeal."**

What to do:

- **To start your appeal, you (or your representative or your doctor or other prescriber) must contact us.**
  - For details about how to reach us by phone, fax, or mail, or on our website for any purpose related to your appeal, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- **If you are asking for a standard appeal, make your appeal by submitting a written request.**
- **If you are asking for a fast appeal, you may make your appeal in writing or you may call us at the phone number shown in Chapter 2, Section 1,** "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- We must accept any written request, including a request submitted on the CMS Model Coverage Determination Request Form, which is available on our website.
- **You must make your appeal request within 60 calendar days from the date on the written notice** we sent to tell you our answer to your request for a coverage decision. If you miss this deadline and have a good reason for missing it, we may give you more time to make your appeal. Examples of good cause for missing the deadline may include if you had a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- **You can ask for a copy of the information in your appeal and add more information.**
  - You have the right to ask us for a copy of the information regarding your appeal. We are allowed to charge a fee for copying and sending this information to you.
  - If you wish, you and your doctor or other prescriber may give us additional information to support your appeal.

Legal Terms
A "fast appeal" is also called an "**expedited redetermination**."

If your health requires it, ask for a "fast appeal"

- If you are appealing a decision we made about a drug you have not yet received, you and your doctor or other prescriber will need to decide if you need a "fast appeal."
- The requirements for getting a "fast appeal" are the same as those for getting a "fast coverage decision" in Section 6.4 of this chapter.

Step 2: **We consider your appeal and we give you our answer.**

- When we are reviewing your appeal, we take another careful look at all of the information about your coverage request. We check to see if we were following all the rules when we said ***no*** to your request. We may contact you or your doctor or other prescriber to get more information.

Deadlines for a "fast appeal"

- If we are using the fast deadlines, we must give you our answer **within 72 hours after we receive your appeal**. We will give you our answer sooner if your health requires it.
  - If we do not give you an answer within 72 hours, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we talk about this review organization and explain what happens at Level 2 of the appeals process.
- If our **answer is *yes*** to part or all of what you requested, we must provide the coverage we have agreed to provide within 72 hours after we receive your appeal.
- If our **answer is *no*** to part or all of what you requested, we will send you a written statement that explains why we said ***no*** and how to appeal our decision.

Deadlines for a "standard appeal"

- If we are using the standard deadlines, we must give you our answer **within 7 calendar days after we receive your appeal**. We will give you our decision sooner if you have not received the drug yet and your health condition requires us to do so. If you believe your health requires it, you should ask for a "fast" appeal.
- If we do not give you a decision within 7 calendar days, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we tell you about this review organization and explain what happens at Level 2 of the appeals process.
- If our answer is ***yes*** to part or all of what you requested:
  - If we approve a request for coverage, we must provide the coverage we have agreed to provide as quickly as your health requires, but no later than 7 calendar days after we receive your appeal.

- If we approve a request to pay you back for a drug you already bought, we are required to send payment to you within 30 calendar days after we receive your appeal request.

- If our answer is ***no*** to part or all of what you requested, we will send you a written statement that explains why we said ***no*** and how to appeal our decision.

Step 3: **If we say *no* to your appeal, you decide if you want to continue with the appeals process and make *another* appeal.**

- If we say ***no*** to your appeal, you then choose whether to accept this decision or continue by making another appeal.

If you decide to make another appeal, it means your appeal is going on to Level 2 of the appeals process (see below).

Section 6.6 Step-by-step: How to make a Level 2 Appeal

If we say ***no*** to your appeal, you then choose whether to accept this decision or continue by making another appeal. If you decide to go on to a Level 2 Appeal, the **Independent Review Organization** reviews the decision we made when we said ***no*** to your first appeal. This organization decides whether the decision we made should be changed.

Legal Terms
The formal name for the "Independent Review Organization" is the "**Independent Review Entity**." It is sometimes called the "**IRE**."

Step 1: **To make a Level 2 Appeal, you (or your representative or your doctor or other prescriber) must contact the Independent Review Organization and ask for a review of your case.**

- If we say ***no*** to your Level 1 Appeal, the written notice we send you will include instructions about how to make a Level 2 Appeal with the Independent Review Organization. These instructions will tell you who can make this Level 2 Appeal, what deadlines you must follow, and how to reach the review organization.
- When you make an appeal to the Independent Review Organization, we will send the information we have about your appeal to this organization. This information is called your "case file." You have the right to ask us for a copy of your case file. We are allowed to charge you a fee for copying and sending this information to you.
- You have a right to give the Independent Review Organization additional information to support your appeal.

Step 2: **The Independent Review Organization does a review of your appeal and gives you an answer.**

- **The Independent Review Organization is an independent organization that is hired by Medicare**. This organization is not connected with us and it is not a government

agency. This organization is a company chosen by Medicare to review our decisions about your Part D benefits with us.

- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal. The organization will tell you its decision in writing and explain the reasons for it.

*Deadlines for **"**fast appeal**"** at Level 2*

- If your health requires it, ask the Independent Review Organization for a "fast appeal."
- If the review organization agrees to give you a fast appeal, the review organization must give you an answer to your Level 2 Appeal **within 72 hours after it receives your appeal request**.
- If the Independent Review Organization says ***yes*** to part or all of what you requested, we must provide the drug coverage that was approved by the review organization within 24 hours after we receive the decision from the review organization.

*Deadlines for "standard appeal**"** at Level 2*

- If you have a standard appeal at Level 2, the review organization must give you an answer to your Level 2 Appeal **within 7 calendar days after it receives your appeal**.
- If the Independent Review Organization says ***yes*** to part or all of what you requested:
  - If the Independent Review Organization approves a request for coverage, we must provide the drug coverage that was approved by the review organization within 72 hours after we receive the decision from the review organization.
  - If the Independent Review Organization approves a request to pay you back for a drug you already bought, we are required to send payment to you within 30 calendar days after we receive the decision from the review organization.

What if the review organization says *no* to your appeal?

If this organization says ***no*** to your appeal, it means the organization agrees with our decision not to approve your request. (This is called "upholding the decision." It is also called "turning down your appeal.")

If the Independent Review Organization "upholds the decision," you have the right to a Level 3 Appeal. However, to make another appeal at Level 3, the dollar value of the drug coverage you are requesting must meet a minimum amount. If the dollar value of the drug coverage you are requesting is too low, you cannot make another appeal and the decision at Level 2 is final. The notice you get from the Independent Review Organization will tell you the dollar value that must be in dispute to continue with the appeals process.

Step 3: **If the dollar value of the coverage you are requesting meets the requirement, you choose whether you want to take your appeal further.**

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal).

- If your Level 2 Appeal is turned down and you meet the requirements to continue with the appeals process, you must decide whether you want to go on to Level 3 and make a third appeal. If you decide to make a third appeal, the details about how to do this are in the written notice you got after your second appeal.
- The Level 3 Appeal is handled by an administrative law judge. Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

SECTION 7. How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon

When you are admitted to a hospital, you have the right to get all of your covered hospital services that are necessary to diagnose and treat your illness or injury. For more information about our coverage for your hospital care, including any limitations on this coverage, see the Medical Benefits Chart found at the front of this **EOC**.

During your covered hospital stay, your doctor and the hospital staff will be working with you to prepare for the day when you will leave the hospital. They will also help arrange for care you may need after you leave.

- The day you leave the hospital is called your "**discharge date**."
- When your discharge date has been decided, your doctor or the hospital staff will let you know.
- If you think you are being asked to leave the hospital too soon, you can ask for a longer hospital stay and your request will be considered. This section tells you how to ask.

Section 7.1 During your inpatient hospital stay, you will get a written notice from Medicare that tells about your rights

During your covered hospital stay, you will be given a written notice called **An Important Message from Medicare about Your Rights**. Everyone with Medicare gets a copy of this notice whenever they are admitted to a hospital. Someone at the hospital (for example, a caseworker or nurse) must give it to you within two days after you are admitted. If you do not get the notice, ask any hospital employee for it. If you need help, please call Member Services (phone numbers are printed on the back cover of this booklet). You can also call **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

- Read this notice carefully and ask questions if you don't understand it. It tells you about your rights as a hospital patient, including:
  - Your right to receive Medicare-covered services during and after your hospital stay, as ordered by your doctor. This includes the right to know what these services are, who will pay for them, and where you can get them.
  - Your right to be involved in any decisions about your hospital stay, and know who will pay for it.

- Where to report any concerns you have about quality of your hospital care.
- Your right to appeal your discharge decision if you think you are being discharged from the hospital too soon.

Legal Terms
The written notice from Medicare tells you how you can "**request an immediate review**." Requesting an immediate review is a formal, legal way to ask for a delay in your discharge date so that we will cover your hospital care for a longer time. (Section 7.2 below tells you how you can request an immediate review.)

- **You must sign the written notice** to show that you received it and understand your rights.
  - You or someone who is acting on your behalf must sign the notice. (Section 4 in this chapter tells you how you can give written permission to someone else to act as your representative.)
  - Signing the notice shows **only** that you have received the information about your rights. The notice does not give your discharge date (your doctor or hospital staff will tell you your discharge date). Signing the notice does not mean you are agreeing on a discharge date.
- **Keep your copy** of the signed notice so you will have the information about making an appeal (or reporting a concern about quality of care) handy if you need it.
  - If you sign the notice more than two days before the day you leave the hospital, you will get another copy before you are scheduled to be discharged.
  - To look at a copy of this notice in advance, you can call Member Services (phone numbers are printed on the back cover of this booklet) or **1-800-MEDICARE** (**1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**. You can also see it online at **https://www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeAppealNotices.html.**

Section 7.2 Step-by-step: How to make a Level 1 Appeal to change your hospital discharge date

If you want to ask for your inpatient hospital services to be covered by us for a longer time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.** Each step in the first two levels of the appeals process is explained below.
- **Meet the deadlines.** The deadlines are important. Be sure that you understand and follow the deadlines that apply to things you must do.

- **Ask for help if you need it**. If you have questions or need help at any time, please call Member Services (phone numbers are printed on the back cover of this booklet). Or call your State Health Insurance Assistance Program, a government organization that provides personalized assistance (see Section 2 in this chapter).

During a Level 1 Appeal, the Quality Improvement Organization reviews your appeal. It checks to see if your planned discharge date is medically appropriate for you.

Step 1: **Contact the Quality Improvement Organization for your state and ask for a "fast review" of your hospital discharge. You must act quickly.**

What is the Quality Improvement Organization?

- This organization is a group of doctors and other health care professionals who are paid by the federal government. These experts are not part of our plan. This organization is paid by Medicare to check on and help improve the quality of care for people with Medicare. This includes reviewing hospital discharge dates for people with Medicare.

How can you contact this organization?

- The written notice you received (**An Important Message from Medicare About Your Rights**) tells you how to reach this organization. (Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2, Section 4, of this booklet.)

Act quickly:

- To make your appeal, you must contact the Quality Improvement Organization **before** you leave the hospital and **no later than your planned discharge date.** (Your "planned discharge date" is the date that has been set for you to leave the hospital.)
  - **If you meet this deadline,** you are allowed to stay in the hospital after your discharge date without paying for it while you wait to get the decision on your appeal from the Quality Improvement Organization.
  - **If you do not meet this deadline,** and you decide to stay in the hospital after your planned discharge date, you may have to pay all of the costs for hospital care you receive after your planned discharge date.
- If you miss the deadline for contacting the Quality Improvement Organization about your appeal, you can make your appeal directly to our plan instead. For details about this other way to make your appeal, see Section 7.4.

Ask for a "fast review":

- You must ask the Quality Improvement Organization for a "fast review" of your discharge. Asking for a "fast review" means you are asking for the organization to use the "fast" deadlines for an appeal instead of using the standard deadlines.

Legal Terms
A "fast review" is also called an "**immediate review**" or an "**expedited review**."

Step 2: **The Quality Improvement Organization conducts an independent review of your case.**

What happens during this review?

- Health professionals at the Quality Improvement Organization (we will call them "the reviewers" for short) will ask you (or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you may do so if you wish.
- The reviewers will also look at your medical information, talk with your doctor, and review information that the hospital and we have given to them.
- By noon of the day after the reviewers informed our plan of your appeal, you will also get a written notice that gives you your planned discharge date and explains in detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.

Legal Terms
This written explanation is called the "**Detailed Notice of Discharge**." You can get a sample of this notice by calling Member Services (phone numbers are printed on the back cover of this booklet) or **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. (TTY users should call **1-877-486-2048**.) Or you can see a sample notice online at **https://www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeAppealNotices.html**..

Step 3: **Within one full day after it has all the needed information, the Quality Improvement Organization will give you its answer to your appeal.**

*What happens if the answer is **yes**?*

- If the review organization says ***yes*** to your appeal, **we must keep providing your covered inpatient hospital services for as long as these services are medically necessary.**
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered hospital services. (See the Medical Benefits Chart found at the front of this **EOC**.)

*What happens if the answer is **no**?*

- If the review organization says ***no*** to your appeal, they are saying that your planned discharge date is medically appropriate. If this happens, our coverage for your **inpatient hospital services will end** at noon on the day after the Quality Improvement Organization gives you its answer to your appeal.
- If the review organization says ***no*** to your appeal and you decide to stay in the hospital, then **you may have to pay the full cost of hospital care** you receive after noon on the day after the Quality Improvement Organization gives you its answer to your appeal.

Step 4: **If the answer to your Level 1 Appeal is *no*, you decide if you want to make another appeal.**

- If the Quality Improvement Organization has turned down your appeal, and you stay in the hospital after your planned discharge date, then you can make another appeal. Making another appeal means you are going on to "Level 2" of the appeals process.

Section 7.3 Step-by-step: How to make a Level 2 Appeal to change your hospital discharge date

If the Quality Improvement Organization has turned down your appeal, and you stay in the hospital after your planned discharge date, then you can make a Level 2 Appeal. During a Level 2 Appeal, you ask the Quality Improvement Organization to take another look at the decision they made on your first appeal. If the Quality Improvement Organization turns down your Level 2 Appeal, you may have to pay the full cost for your stay after your planned discharge date.

Here are the steps for Level 2 of the appeals process:

Step 1: **You contact the Quality Improvement Organization again and ask for another review.**

- **You must ask for this review within 60 calendar days** after the day the Quality Improvement Organization said ***no*** to your Level 1 Appeal. You can ask for this review only if you stayed in the hospital after the date that your coverage for the care ended.

Step 2: **The Quality Improvement Organization does a second review of your situation.**

- Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

Step 3: **Within 14 calendar days of receipt of your request for a second review, the Quality Improvement Organization reviewers will decide on your appeal and tell you their decision.**

*If the review organization says **yes**:*

- We must reimburse you for our share of the costs of hospital care you have received since noon on the day after the date your first appeal was turned down by the Quality Improvement Organization. We must continue providing coverage for your inpatient hospital care for as long as it is medically necessary.
- You must continue to pay your share of the costs and coverage limitations may apply.

*If the review organization says **no**:*

- It means they agree with the decision they made on your Level 1 Appeal and will not change it. This is called "upholding the decision."
- The notice you get will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to the next level of appeal, which is handled by a judge.

Step 4: **If the answer is *no*, you will need to decide whether you want to take your appeal further by going on to Level 3.**

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If the review organization turns down your Level 2 Appeal, you can choose whether to accept that decision or whether to go on to Level 3 and make another appeal. At Level 3, your appeal is reviewed by a judge.
- Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

Section 7.4 What if you miss the deadline for making your Level 1 Appeal?

You can appeal to us instead

As explained above in Section 7.2, you must act quickly to contact the Quality Improvement Organization to start your first appeal of your hospital discharge. ("Quickly" means before you leave the hospital and no later than your planned discharge date.) If you miss the deadline for contacting this organization, there is another way to make your appeal.

If you use this other way of making your appeal, the first two levels of appeal are different.

Step-by-step: How to make a Level 1 Alternate Appeal

If you miss the deadline for contacting the Quality Improvement Organization, you can make an appeal to us, asking for a "fast review." A fast review is an appeal that uses the fast deadlines instead of the standard deadlines.

Legal Terms
A "fast review" (or "fast appeal") is also called an "**expedited appeal**."

Step 1: Contact us and ask for a "fast review."

- For details about how to contact us, **go to Chapter 2**, Section 1, and look for the section called "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- **Be sure to ask for a "fast review**." This means you are asking us to give you an answer using the "fast" deadlines rather than the "standard" deadlines.

Step 2: We do a "fast review" of your planned discharge date, checking to see if it was medically appropriate.

- During this review, we take a look at all of the information about your hospital stay. We check to see if your planned discharge date was medically appropriate. We will check to see if the decision about when you should leave the hospital was fair and followed all the rules.
- In this situation, we will use the "fast" deadlines rather than the standard deadlines for giving you the answer to this review.

Step 3: We give you our decision within 72 hours after you ask for a "fast review" ("fast appeal").

- **If we say *yes* to your fast appeal,** it means we have agreed with you that you still need to be in the hospital after the discharge date, and will keep providing your covered inpatient hospital services for as long as it is medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)
- **If we say *no* to your fast appeal,** we are saying that your planned discharge date was medically appropriate. Our coverage for your inpatient hospital services ends as of the day we said coverage would end.
- **If you stayed in the hospital after your planned discharge date, then you may have to pay the full cost of hospital care you received after the planned discharge date.**

Step 4: If we say no to your fast appeal, your case will automatically be sent on to the next level of the appeals process.

- To make sure we were following all the rules when we said ***no*** to your fast appeal**,** we are required to send your appeal to the Independent Review Organization. When we do this, it means that you are **automatically** going on to Level 2 of the appeals process.

Step-by-step: Level 2 Alternate Appeal Process

If we say ***no*** to your Level 1 Appeal, your case will automatically be sent on to the next level of the appeals process. During the Level 2 Appeal, an **Independent Review Organization**

reviews the decision we made when we said ***no*** to your "fast appeal." This organization decides whether the decision we made should be changed.

Legal Terms
The formal name for the "Independent Review Organization" is the "**Independent Review Entity**." It is sometimes called the "**IRE**."

Step 1: We will automatically forward your case to the Independent Review Organization.

- We are required to send the information for your Level 2 Appeal to the Independent Review Organization within 24 hours of when we tell you that we are saying ***no*** to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. The complaint process is different from the appeals process. Section 10 in this chapter tells you how to make a complaint.)

Step 2: The Independent Review Organization does a "fast review" of your appeal. The reviewers give you an answer within 72 hours.

- The Independent Review Organization is an independent organization that is hired by Medicare. This organization is not connected with our plan and it is not a government agency. This organization is a company chosen by Medicare to handle the job of being the Independent Review Organization. Medicare oversees its work.
- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal of your hospital discharge.
- If this **organization says *yes*** to your appeal, then we must reimburse you (pay you back) for our share of the costs of hospital care you have received since the date of your planned discharge. We must also continue our plan's coverage of your inpatient hospital services for as long as it is medically necessary. You must continue to pay your share of the costs. If there are coverage limitations, these could limit how much we would reimburse or how long we would continue to cover your services.
- **If this organization says *no* to your appeal,** it means they agree with us that your planned hospital discharge date was medically appropriate.
  - The notice you get from the Independent Review Organization will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to a Level 3 Appeal, which is handled by a judge.

Step 3: If the Independent Review Organization turns down your appeal, you choose whether you want to take your appeal further.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If reviewers say ***no*** to your Level 2 Appeal, you decide whether to accept their decision or go on to Level 3 and make a third appeal.
- Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

SECTION 8. How to ask us to keep covering certain medical services if you think your coverage is ending too soon

Section 8.1 *This section is about three services only:* Home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services

This section is **only** about the following types of care:

- **Home health care services** you are getting.
- **Skilled nursing care** you are getting as a patient in a skilled nursing facility. (To learn about requirements for being considered a "skilled nursing facility," see Chapter 12, "Definitions of important words.")
- **Rehabilitation care** you are getting as an outpatient at a Medicare-approved Comprehensive Outpatient Rehabilitation Facility (CORF). Usually this means you are getting treatment for an illness or accident, or you are recovering from a major operation. (For more information about this type of facility, see Chapter 12, "Definitions of important words.")

When you are getting any of these types of care, you have the right to keep getting your covered services for that type of care for as long as the care is needed to diagnose and treat your illness or injury. For more information about your covered services, including your share of the cost and any limitations to coverage that may apply, see the Medical Benefits Chart found at the front of this **EOC**.

When we decide it is time to stop covering any of the three types of care for you, we are required to tell you in advance. When your coverage for that care ends, **we will stop paying our share of the cost for your care.**

If you think we are ending the coverage of your care too soon, you can appeal our decision. This section tells you how to ask for an appeal.

Section 8.2 We will tell you in advance when your coverage will be ending

- **You receive a notice in writing.** At least two days before our plan is going to stop covering your care, you will receive a notice.
  - The written notice tells you the date when we will stop covering the care for you.
  - The written notice also tells you what you can do if you want to ask us to change this decision about when to end your care, and keep covering it for a longer period of time.

Legal Terms
In telling you what you can do, the written notice is telling how you can request a "**fast-track appeal.**" Requesting a fast-track appeal is a formal, legal way to request a change to our coverage decision about when to stop your care. (Section 8.3 below tells you how you can request a fast-track appeal.) The written notice is called the "**Notice of Medicare Non-Coverage**." To get a sample copy, call Member Services (phone numbers are printed on the back cover of this booklet) or **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. (TTY users should call **1-877-486-2048.**) Or see a copy online at **h**ttps://www.cms.gov/Medicare/Medicare-General-Information/BNI/MAEDNotices.html**.**

- You must sign the written notice to show that you received it.
  - You or someone who is acting on your behalf must sign the notice. (Section 4 tells you how you can give written permission to someone else to act as your representative.)
  - Signing the notice shows **only** that you have received the information about when your coverage will stop. **Signing it does <u>not</u> mean you agree** with us that it's time to stop getting the care.

Section 8.3 Step-by-step: How to make a Level 1 Appeal to have our plan cover your care for a longer time

If you want to ask us to cover your care for a longer period of time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.** Each step in the first two levels of the appeals process is explained below.
- **Meet the deadlines.** The deadlines are important. Be sure that you understand and follow the deadlines that apply to things you must do. There are also deadlines our plan must follow. (If you think we are not meeting our deadlines, you can file a complaint. Section 10 in this chapter tells you how to file a complaint.)
- **Ask for help if you need it**. If you have questions or need help at any time, please call Member Services (phone numbers are printed on the back cover of this booklet). Or call your State Health Insurance Assistance Program, a government organization that provides personalized assistance (see Section 2 in this chapter).

If you ask for a Level 1 Appeal on time, the Quality Improvement Organization reviews your appeal and decides whether to change the decision made by our plan.

Step 1: **Make your Level 1 Appeal: Contact the Quality Improvement Organization for your state and ask for a review. You must act quickly.**

What is the Quality Improvement Organization?

- This organization is a group of doctors and other health care experts who are paid by the federal government. These experts are not part of our plan. They check on the quality of care received by people with Medicare and review plan decisions about when it's time to stop covering certain kinds of medical care.

How can you contact this organization?

- The written notice you received tells you how to reach this organization. (Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2, Section 4, of this booklet.)

What should you ask for?

- Ask this organization for a "fast-track appeal" (to do an independent review) of whether it is medically appropriate for us to end coverage for your medical services.

Your deadline for contacting this organization.

- You must contact the Quality Improvement Organization to start your appeal no later than noon of the day after you receive the written notice telling you when we will stop covering your care.
- If you miss the deadline for contacting the Quality Improvement Organization about your appeal, you can make your appeal directly to us instead. For details about this other way to make your appeal, see Section 8.5 in this chapter.

Step 2: **The Quality Improvement Organization conducts an independent review of your case.**

What happens during this review?

- Health professionals at the Quality Improvement Organization (we will call them "the reviewers" for short) will ask you (or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you may do so if you wish.
- The review organization will also look at your medical information, talk with your doctor, and review information that our plan has given to them.
- By the end of the day the reviewers inform us of your appeal, you will also get a written notice from us that explains in detail our reasons for ending our coverage for your services.

Legal Terms
This notice of explanation is called the "**Detailed Explanation of Non-Coverage**."

Step 3: **Within one full day after they have all the information they need, the reviewers will tell you their decision.**

*What happens if the reviewers say **yes** to your appeal?*

- If the reviewers say ***yes*** to your appeal, then **we must keep providing your covered services for as long as it is medically necessary.**
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered services (see the Medical Benefits Chart found at the front of this **EOC**).

*What happens if the reviewers say **no** to your appeal?*

- If the reviewers say ***no*** to your appeal, then **your coverage will end** on the date we have told you. We will stop paying our share of the costs of this care on the date listed on the notice.
- If you decide to keep getting the home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services after this date when your coverage ends, **then you will have to pay the full cost of this care yourself**.

Step 4: **If the answer to your Level 1 Appeal is *no*, you decide if you want to make another appeal.**

- This first appeal you make is "Level 1" of the appeals process. If reviewers say ***no*** to your Level 1 Appeal, and you choose to continue getting care after your coverage for the care has ended, then you can make another appeal.
- Making another appeal means you are going on to "Level 2" of the appeals process.

Section 8.4 Step-by-step: How to make a Level 2 Appeal to have our plan cover your care for a longer time

If the Quality Improvement Organization has turned down your appeal and you choose to continue getting care after your coverage for the care has ended, then you can make a Level 2 Appeal. During a Level 2 Appeal, you ask the Quality Improvement Organization to take another look at the decision they made on your first appeal. If the Quality Improvement Organization turns down your Level 2 Appeal, you may have to pay the full cost for your home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services after the date when we said your coverage would end.

Here are the steps for Level 2 of the appeals process:

Step 1: **You contact the Quality Improvement Organization again and ask for another review.**

- **You must ask for this review within 60 days** after the day when the Quality Improvement Organization said ***no*** to your Level 1 Appeal. You can ask for this review only if you continued getting care after the date that your coverage for the care ended.

Step 2: **The Quality Improvement Organization does a second review of your situation.**

- Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

Step 3: **Within 14 days of receipt of your appeal request reviewers will decide on your appeal and tell you their decision.**

*What happens if the review organization says **yes** to your appeal?*

- **We must reimburse you** for our share of the costs of care you have received since the date when we said your coverage would end. **We must continue providing coverage** for the care for as long as it is medically necessary.
- You must continue to pay your share of the costs and there may be coverage limitations that apply.

*What happens if the review organization says **no**?*

- It means they agree with the decision we made to your Level 1 Appeal and will not change it.
- The notice you get will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to the next level of appeal, which is handled by a judge.

Step 4: **If the answer is *no*, you will need to decide whether you want to take your appeal further.**

- There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If reviewers turn down your Level 2 Appeal, you can choose whether to accept that decision or to go on to Level 3 and make another appeal. At Level 3, your appeal is reviewed by a judge.
- Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

Section 8.5 What if you miss the deadline for making your Level 1 Appeal?

You can appeal to us instead

As explained above in Section 8.3, you must act quickly to contact the Quality Improvement Organization to start your first appeal (within a day or two, at the most). If you miss the deadline for contacting this organization, there is another way to make your appeal. If you use this other way of making your appeal, the first two levels of appeal are different.

Step-by-step: How to make a Level 1 Alternate Appeal

If you miss the deadline for contacting the Quality Improvement Organization, you can make an appeal to us, asking for a "fast review." A fast review is an appeal that uses the fast deadlines instead of the standard deadlines.

Here are the steps for a Level 1 Alternate Appeal:

Legal Terms
A "fast review" (or "fast appeal") is also called an "**expedited appeal**."

Step 1: Contact us and ask for a "fast review."

- For details about how to contact us, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- **Be sure to ask for a "fast review**." This means you are asking us to give you an answer using the "fast" deadlines rather than the "standard" deadlines.

Step 2: We do a "fast review" of the decision we made about when to end coverage for your services.

- During this review, we take another look at all of the information about your case. We check to see if we were following all the rules when we set the date for ending our plan's coverage for services you were receiving.
- We will use the "fast" deadlines rather than the standard deadlines for giving you the answer to this review.

Step 3: We give you our decision within 72 hours after you ask for a "fast review" ("fast appeal").

- **If we say *yes* to your fast appeal,** it means we have agreed with you that you need services longer, and will keep providing your covered services for as long as it is medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)
- **If we say *no* to your fast appeal,** then your coverage will end on the date we told you and we will not pay any share of the costs after this date.
- If you continued to get home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services after the date when we said your coverage would end, **then you will have to pay the full cost of this care yourself**.

*Step 4: If we say **no** to your fast appeal, your case will automatically go on to the next level of the appeals process.*

- To make sure we were following all the rules when we said ***no*** to your fast appeal, **we are required to send your appeal to the Independent Review Organization**. When we do this, it means that you are automatically going on to Level 2 of the appeals process.

Step-by-step: Level 2 Alternate Appeal Process

If we say ***no*** to your Level 1 Appeal, your case will automatically be sent on to the next level of the appeals process. During the Level 2 Appeal, the **Independent Review Organization** reviews the decision we made when we said ***no*** to your "fast appeal." This organization decides whether the decision we made should be changed.

Legal Terms
The formal name for the "Independent Review Organization" is the "**Independent Review Entity**." It is sometimes called the "**IRE**."

Step 1: We will automatically forward your case to the Independent Review Organization.

- We are required to send the information for your Level 2 Appeal to the Independent Review Organization within 24 hours of when we tell you that we are saying ***no*** to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. The complaint process is different from the appeals process. Section 10 in this chapter tells you how to make a complaint.)

Step 2: The Independent Review Organization does a "fast review" of your appeal. The reviewers give you an answer within 72 hours.

- The **Independent Review Organization** is an independent organization that is hired by Medicare. This organization is not connected with our plan and it is not a government agency. This organization is a company chosen by Medicare to handle the job of being the Independent Review Organization. Medicare oversees its work.
- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal.
- **If this organization says *yes*** to your appeal, then we must reimburse you (pay you back) for our share of the costs of care you have received since the date when we said your coverage would end. We must also continue to cover the care for as long as it is medically necessary. You must continue to pay your share of the costs. If there are coverage limitations, these could limit how much we would reimburse or how long we would continue to cover your services.
- **If this organization says *no* to your appeal,** it means they agree with the decision our plan made to your first appeal and will not change it.
  - The notice you get from the Independent Review Organization will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to a Level 3 Appeal.

Step 3: If the Independent Review Organization turns down your appeal, you choose whether you want to take your appeal further.

- There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If reviewers say ***no*** to your Level 2 Appeal, you can choose whether to accept that decision or whether to go on to Level 3 and make another appeal. At Level 3, your appeal is reviewed by a judge.
- Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

SECTION 9. Taking your appeal to Level 3 and beyond

Section 9.1 Levels of Appeal 3, 4, and 5 for Medical Service Appeals

This section may be appropriate for you if you have made a Level 1 Appeal and a Level 2 Appeal, and both of your appeals have been turned down.

If the dollar value of the item or medical service you have appealed meets certain minimum levels, you may be able to go on to additional levels of appeal. If the dollar value is less than the minimum level, you cannot appeal any further. If the dollar value is high enough, the written response you receive to your Level 2 Appeal will explain whom to contact and what to do to ask for a Level 3 Appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

Level 3 Appeal: A judge who works for the federal government will review your appeal and give you an answer. This judge is called an "administrative law judge."

- **If the administrative law judge says *yes* to your appeal, the appeals process may or may *not* be over.** We will decide whether to appeal this decision to Level 4. Unlike a decision at Level 2 (Independent Review Organization), we have the right to appeal a Level 3 decision that is favorable to you.
  - If we decide **not** to appeal the decision, we must authorize or provide you with the service within 60 calendar days after receiving the judge's decision.
  - If we decide to appeal the decision, we will send you a copy of the Level 4 Appeal request with any accompanying documents. We may wait for the Level 4 Appeal decision before authorizing or providing the service in dispute.
- **If the administrative law judge says *no* to your appeal, the appeals process may or may *not* be over**.
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.

- If you do not want to accept the decision, you can continue to the next level of the review process. If the administrative law judge says ***no*** to your appeal, the notice you get will tell you what to do next if you choose to continue with your appeal.

Level 4 Appeal: The **Appeals Council** will review your appeal and give you an answer. The Appeals Council works for the federal government.

- **If the answer is *yes*, or if the Appeals Council denies our request to review a favorable Level 3 Appeal decision, the appeals process may or may *not* be over.** We will decide whether to appeal this decision to Level 5. Unlike a decision at Level 2 (Independent Review Organization), we have the right to appeal a Level 4 decision that is favorable to you.
  - If we decide **not** to appeal the decision, we must authorize or provide you with the service within 60 calendar days after receiving the Appeals Council's decision.
  - If we decide to appeal the decision, we will let you know in writing.
- **If the answer is *no* or if the Appeals Council denies the review request, the appeals process may or may *not* be over.**
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you do not want to accept the decision, you might be able to continue to the next level of the review process. If the Appeals Council says ***no*** to your appeal, the notice you get will tell you whether the rules allow you to go on to a Level 5 Appeal. If the rules allow you to go on, the written notice will also tell you whom to contact and what to do next if you choose to continue with your appeal.

Level 5 Appeal: A judge at the **Federal District Court** will review your appeal.

- This is the last step of the administrative appeals process.

Section 9.2 Levels of Appeal 3, 4, and 5 for Part D Drug Appeals

This section may be appropriate for you if you have made a Level 1 Appeal and a Level 2 Appeal, and both of your appeals have been turned down.

If the value of the drug you have appealed meets a certain dollar amount, you may be able to go on to additional levels of appeal. If the dollar amount is less, you cannot appeal any further. The written response you receive to your Level 2 Appeal will explain whom to contact and what to do to ask for a Level 3 Appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

Level 3 Appeal: A judge who works for the federal government will review your appeal and give you an answer. This judge is called an "administrative law judge."

- **If the answer is *yes*, the appeals process is over**. What you asked for in the appeal has been approved. We must authorize or provide the drug coverage that was approved by the administrative law judge within 72 hours (24 hours for expedited appeals) or make payment no later than 30 calendar days after we receive the decision.
- **If the answer is *no*, the appeals process may or may *not* be over.**
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you do not want to accept the decision, you can continue to the next level of the review process. If the administrative law judge says ***no*** to your appeal, the notice you get will tell you what to do next if you choose to continue with your appeal.

Level 4 Appeal: The **Appeals Council** will review your appeal and give you an answer. The Appeals Council works for the federal government.

- **If the answer is *yes*, the appeals process is over**. What you asked for in the appeal has been approved. We must authorize or provide the drug coverage that was approved by the Appeals Council within 72 hours (24 hours for expedited appeals) or make payment no later than 30 calendar days after we receive the decision.
- **If the answer is *no*, the appeals process may or may *not* be over.**
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you do not want to accept the decision, you might be able to continue to the next level of the review process. If the Appeals Council says ***no*** to your appeal or denies your request to review the appeal, the notice you get will tell you whether the rules allow you to go on to a Level 5 Appeal. If the rules allow you to go on, the written notice will also tell you whom to contact and what to do next if you choose to continue with your appeal.

Level 5 Appeal: A judge at the **Federal District Court** will review your appeal.

- This is the last step of the appeals process.

Making complaints

SECTION 10. How to make a complaint about quality of care, waiting times, customer service, or other concerns

? If your problem is about decisions related to benefits, coverage, or payment, then this section is not for you. Instead, you need to use the process for coverage decisions and appeals. Go to Section 4 in this chapter.

Section 10.1 What kinds of problems are handled by the complaint process?

This section explains how to use the process for making complaints. The complaint process is **only** used for certain types of problems. This includes problems related to quality of care, waiting times, and the customer service you receive. Here are examples of the kinds of problems handled by the complaint process.

If you have any of these kinds of problems, you can "make a complaint":

- **Quality of your medical care**
  - Are you unhappy with the quality of care you have received (including care in the hospital)?
- **Respecting your privacy**
  - Do you believe that someone did not respect your right to privacy or shared information about you that you feel should be confidential?
- **Disrespect, poor customer service, or other negative behaviors**
  - Has someone been rude or disrespectful to you?
  - Are you unhappy with how our Member Services has treated you?
  - Do you feel you are being encouraged to leave our plan?
- **Waiting times**
  - Are you having trouble getting an appointment, or waiting too long to get it?
  - Have you been kept waiting too long by doctors, pharmacists, or other health professionals? Or by Member Services or other staff at our plan?
  - Examples include waiting too long on the phone, in the waiting room, when getting a prescription, or in the exam room.
- **Cleanliness**
  - Are you unhappy with the cleanliness or condition of a clinic, hospital, or doctor's office?
- **Information you get from our plan**
  - Do you believe we have not given you a notice that we are required to give?
  - Do you think written information we have given you is hard to understand?

Timeliness (these types of complaints are all related to the timeliness of our actions related to coverage decisions and appeals)

The process of asking for a coverage decision and making appeals is explained in Sections 4–9 of this chapter. If you are asking for a decision or making an appeal, you use that process, not the complaint process.

However, if you have already asked for a coverage decision or made an appeal, and you think that we are not responding quickly enough, you can also make a complaint about our slowness. Here are examples:

- If you have asked us to give you a "fast coverage decision" or a "fast appeal," and we have said we will not, you can make a complaint.
- If you believe our plan is not meeting the deadlines for giving you a coverage decision or an answer to an appeal you have made, you can make a complaint.
- When a coverage decision we made is reviewed and our plan is told that we must cover or reimburse you for certain medical services or drugs, there are deadlines that apply. If you think we are not meeting these deadlines, you can make a complaint.
- When we do not give you a decision on time, we are required to forward your case to the Independent Review Organization. If we do not do that within the required deadline, you can make a complaint.

Section 10.2 The formal name for "making a complaint" is "filing a grievance"

Legal Terms
• What this section calls a "complaint" is also called a "grievance." • Another term for "making a complaint" is "filing a grievance." • Another way to say "using the process for complaints" is "using the process for filing a grievance."

Section 10.3 Step-by-step: Making a complaint

Step 1: **Contact us promptly—either by phone or in writing.**

- **Usually calling Member Services is the first step.** If there is anything else you need to do, Member Services will let you know. Call toll-free **1-800-476-2167 (TTY 711)**, 7 days a week, 8 a.m. to 8 p.m.
- **If you do not wish to call (or you called and were not satisfied), you can put your complaint in writing and send it to us.** If you put your complaint in writing, we will respond to you in writing. We will also respond in writing when you make a complaint by phone if you request a written response or your complaint is related to quality of care.

- **If you have a complaint, we will try to resolve your complaint over the phone**. If we cannot resolve your complaint over the phone, we have a formal procedure to review your complaints. Your grievance must explain your concern, such as why you are dissatisfied with the services you received. Please see Chapter 2 for whom you should contact if you have a complaint.
  - You must submit your grievance to us (orally or in writing) within 60 calendar days of the event or incident. We must address your grievance as quickly as your health requires, but no later than 30 calendar days after receiving your complaint.
    We may extend the time frame to make our decision by up to 14 calendar days if you ask for an extension, or if we justify a need for additional information and the delay is in your best interest.
  - You can file a fast grievance about our decision not to expedite a coverage decision or appeal, or if we extend the time we need to make a decision about a coverage decision or appeal. We must respond to your fast grievance within 24 hours.
- **Whether you call or write, you should contact Member Services right away.**
  The complaint must be made within 60 calendar days after you had the problem you want to complain about.
- **If you are making a complaint because we denied your request for a "fast coverage decision"**
  or a "fast appeal**,**" we will automatically give you a "fast complaint."
  If you have a "fast complaint," it means we will give you an answer **within 24 hours**.

Legal Terms
What this section calls a "**fast complaint**" is also called an "**expedited grievance**."

Step 2: **We look into your complaint and give you our answer.**

- **If possible, we will answer you right away.** If you call us with a complaint, we may be able to give you an answer on the same phone call. If your health condition requires us to answer quickly, we will do that.
- **Most complaints are answered in 30 calendar days.** If we need more information and the delay is in your best interest or if you ask for more time, we can take up to 14 more calendar days (44 calendar days total) to answer your complaint. If we decide to take extra days, we will tell you in writing.
- **If we do not agree** with some or all of your complaint or don't take responsibility for the problem you are complaining about, we will let you know. Our response will include our reasons for this answer. We must respond whether we agree with the complaint or not.

Section 10.4 You can also make complaints about quality of care to the Quality Improvement Organization

You can make your complaint about the quality of care you received to us by using the step-by-step process outlined above.

When your complaint is about quality of care, you also have two extra options:

- **You can make your complaint to the Quality Improvement Organization**. If you prefer, you can make your complaint about the quality of care you received directly to this organization (without making the complaint to us).
  - The Quality Improvement Organization is a group of practicing doctors and other health care experts paid by the federal government to check and improve the care given to Medicare patients.
  - To find the name, address, and phone number of the Quality Improvement Organization for your state, look in Chapter 2, Section 4, of this booklet. If you make a complaint to this organization, we will work with them to resolve your complaint.
- **Or you can make your complaint to both at the same time**. If you wish, you can make your complaint about quality of care to us and also to the Quality Improvement Organization.

Section 10.5 You can also tell Medicare about your complaint

You can submit a complaint about our plan directly to Medicare. To submit a complaint to Medicare, go to **https://www.medicare.gov/MedicareComplaintForm/home.aspx.** Medicare takes your complaints seriously and will use this information to help improve the quality of the Medicare program.

If you have any other feedback or concerns, or if you feel the plan is not addressing your issue, please call **1-800-MEDICARE (1-800-633-4227)**. TTY/TDD users can call **1-877-486-2048**.

CHAPTER 10. Ending your membership in our plan

SECTION 1. Introduction

Section 1.1 This chapter focuses on ending your membership in our plan

Ending your membership in our plan may be **voluntary** (your own choice) or **involuntary** (not your own choice):

- **You might leave our plan because you have decided that you want to leave.**
  - There are only certain times during the year, or certain situations, when you may voluntarily end your membership in our plan. Section 2 tells you when you can end your membership in our plan.
  - The process for voluntarily ending your membership varies depending upon what type of new coverage you are choosing. Section 3 tells you how to end your membership in each situation.
- There are also limited situations where you do not choose to leave, but we are required to end your membership. Section 5 tells you about situations when we must end your membership.

If you are leaving our plan, you must continue to get your medical care through our plan until your membership ends.

SECTION 2. When can you end your membership in our plan?

You may end your membership in our plan only during certain times of the year, known as enrollment periods. All members have the opportunity to leave our plan during your group's open enrollment period. In certain situations, you may also be eligible to leave our plan at other times of the year. Before you request disenrollment, please check with your group to determine if you are able to continue your group membership.

If you request disenrollment during your group's open enrollment, your disenrollment effective date is determined by the date your written request is received by us and the date your group coverage ends. The effective date will not be earlier than the first day of the following month after we receive your written request, and no later than three months after we receive your request.

If you request disenrollment at a time other than your group's open enrollment, your disenrollment effective date will be the first day of the month following our receipt of your disenrollment request.

Section 2.1 Where can you get more information about when you can end your group membership?

If you have any questions or would like more information about when you can end your group membership:

- Contact your group's benefits administrator.
- You can **call Member Services** (phone numbers are printed on the back cover of this booklet).
- You can find the information in the **Medicare & You 2018** handbook.
  - Everyone with Medicare receives a copy of **Medicare & You** each fall. Those new to Medicare receive it within a month after first signing up.
  - You can also download a copy from the Medicare website (**https://www.medicare.gov**). Or you can order a printed copy by calling Medicare at the number below.

You can contact **Medicare** at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

SECTION 3. How do you end your membership in our plan?

Section 3.1 There are several ways to end your Senior Advantage membership

You may request disenrollment by:

- Requesting disenrollment with your group's benefits administrator. You should always consult them before taking any action because it can affect your eligibility for group benefits.
- Calling toll-free **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048,** or
- Sending written notice to the following address:

  Kaiser Foundation Health Plan, Inc.
  California Service Center
  P.O. Box 232407
  San Diego, CA 92193-2400

SECTION 4. Until your membership ends, you must keep getting your medical services and drugs through our plan

Section 4.1 Until your membership ends, you are still a member of our plan

If you leave our plan, it may take time before your membership ends and your new Medicare coverage goes into effect. (See Section 2 for information about when your new coverage begins.) During this time, you must continue to get your medical care and prescription drugs through our plan.

- **You should continue to use our network pharmacies to get your prescriptions filled until your membership in our plan ends.** Usually, your prescription drugs are only covered if they are filled at a network pharmacy, including through our mail-order pharmacy services.
- If you are hospitalized on the day that your membership ends, your hospital stay will usually be covered by our plan until you are discharged (even if you are discharged after your new health coverage begins).

SECTION 5. We must end your membership in our plan in certain situations

Section 5.1 When must we end your membership in our plan?

We must end your membership in our plan if any of the following happen:

- If you no longer have Medicare Part A and/or Part B.
- If you move out of our service area.
- If you are away from our service area for more than six months.
  - If you move or take a long trip, you need to call Member Services to find out if the place you are moving or traveling to is in our plan's area. Phone numbers for Member Services are printed on the back cover of this booklet.
- If you become incarcerated (go to prison).
- If you are not a United States citizen or lawfully present in the United States.
- If you lie about or withhold information about other insurance you have that provides prescription drug coverage.
- If you intentionally give us incorrect information when you are enrolling in our plan and that information affects your eligibility for our plan. We cannot make you leave our plan for this reason unless we get permission from Medicare first.
- If you continuously behave in a way that is disruptive and makes it difficult for us to provide medical care for you and other members of our plan. We cannot make you leave our plan for this reason unless we get permission from Medicare first.

- If you let someone else use your membership card to get medical care. We cannot make you leave our plan for this reason unless we get permission from Medicare first.
  - If we end your membership because of this reason, Medicare may have your case investigated by the Inspector General.
- If you are required to pay the extra Part D amount because of your income and you do not pay it, Medicare will disenroll you from our plan and you will lose prescription drug coverage.

Where can you get more information?

If you have questions or would like more information about when we can end your membership:

- You can call Member Services for more information (phone numbers are printed on the back cover of this booklet).

Section 5.2 We cannot ask you to leave our plan for any reason related to your health

We are not allowed to ask you to leave our plan for any reason related to your health.

What should you do if this happens?

If you feel that you are being asked to leave our plan because of a health-related reason, you should call Medicare at **1-800-MEDICARE** (**1-800-633-4227**). TTY users should call **1-877-486-2048**. You may call 24 hours a day, 7 days a week.

Section 5.3 You have the right to make a complaint if we end your membership in our plan

If we end your membership in our plan, we must tell you our reasons in writing for ending your membership. We must also explain how you can file a grievance or make a complaint about our decision to end your membership. You can look in Chapter 9, Section 10, for information about how to make a complaint.

Section 5.4 What happens if you are no longer eligible for group coverage?

After your group notifies us to terminate your group membership, we will send a termination letter to the subscriber's address of record. The letter will include information about options that may be available to you to remain a Health Plan member.

- If you are no longer eligible for group membership, you can request enrollment in our Senior Advantage Individual Plan if you still meet the eligibility requirements for Senior Advantage. The premiums and coverage under our individual plan will differ from those under this **Evidence of Coverage** and will include Medicare Part D prescription drug coverage.
- You may not be eligible to enroll in our Senior Advantage individual plan if your membership ends for the reasons stated under Section 5.1. For more information or

information about other individual plans, call Member Services. Phone numbers are printed on the back cover of this booklet.

CHAPTER 11. Legal notices

SECTION 1. Notice about governing law

Many laws apply to this **Evidence of Coverage** and some additional provisions may apply because they are required by law. This may affect your rights and responsibilities even if the laws are not included or explained in this document. The principal law that applies to this document is Title XVIII of the Social Security Act and the regulations created under the Social Security Act by the Centers for Medicare & Medicaid Services, or CMS. In addition, other federal laws may apply and, under certain circumstances, the laws of the state you live in.

SECTION 2. Notice about nondiscrimination

We don't discriminate based on race, ethnicity, national origin, color, religion, sex, gender, age, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability, or geographic location. All organizations that provide Medicare Advantage plans, like our plan, must obey federal laws against discrimination, including Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 1557 of the Affordable Care Act, all other laws that apply to organizations that get federal funding, and any other laws and rules that apply for any other reason.

SECTION 3. Notice about Medicare Secondary Payer subrogation rights

We have the right and responsibility to collect for covered Medicare services for which Medicare is not the primary payer. According to CMS regulations at 42 CFR sections 422.108 and 423.462, Kaiser Permanente Senior Advantage, as a Medicare Advantage Organization, will exercise the same rights of recovery that the Secretary exercises under CMS regulations in subparts B through D of part 411 of 42 CFR and the rules established in this section supersede any state laws.

SECTION 4 Administration of this Evidence of Coverage

We may adopt reasonable policies, procedures, and interpretations to promote orderly and efficient administration of this **Evidence of Coverage**.

SECTION 5. Amendment of this Agreement

Your group's Agreement with us will change periodically. If these changes affect this **Evidence of Coverage**, your group is required to inform you in accord with applicable law and your group's Agreement.

SECTION 6. Administration of this Evidence of Coverage

We may adopt reasonable policies, procedures, and interpretations to promote orderly and efficient administration of this **Evidence of Coverage**.

SECTION 7. Applications and statements

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this **Evidence of Coverage**.

SECTION 8. Assignment

You may not assign this **Evidence of Coverage** or any of the rights, interests, claims for money due, benefits, or obligations hereunder without our prior written consent.

SECTION 9. Attorney and advocate fees and expenses

In any dispute between a member and Health Plan, the Medical Group, or Kaiser Foundation Hospitals, each party will bear its own fees and expenses, including attorneys' fees, advocates' fees, and other expenses.

SECTION 10. Coordination of benefits

As described in Chapter 1 (Section 10) "How other insurance works with our plan," if you have other insurance, you are required to use your other coverage in combination with your coverage as a Senior Advantage member to pay for the care you receive. This is called "coordination of benefits" because it involves coordinating all of the health benefits that are available to you. You will get your covered care as usual from network providers, and the other coverage you have will simply help pay for the care you receive.

If your other coverage is the primary payer, it will often settle its share of payment directly with us, and you will not have to be involved. However, if payment owed to us by a primary payer is sent directly to you, you are required by Medicare law to give this primary payment to us. For more information about primary payments in third party liability situations, see Section 18, and for primary payments in workers' compensation cases, see Section 20.

You must tell us if you have other health care coverage, and let us know whenever there are any changes in your additional coverage.

SECTION 11. Employer responsibility

For any services that the law requires an employer to provide, we will not pay the employer, and when we cover any such services, we may recover the value of the services from the employer.

SECTION 12. Evidence of Coverage binding on members

By electing coverage or accepting benefits under this **Evidence of Coverage**, all members legally capable of contracting, and the legal representatives of all members incapable of contracting, agree to all provisions of this **Evidence of Coverage**.

SECTION 13. Government agency responsibility

For any services that the law requires be provided only by or received only from a government agency, we will not pay the government agency, and when we cover any such services we may recover the value of the services from the government agency.

SECTION 13. Member nonliability

Our contracts with network providers provide that you are not liable for any amounts we owe. However, you are liable for the cost of noncovered services you obtain from network providers or out-of-network providers.

SECTION 14. No waiver

Our failure to enforce any provision of this **Evidence of Coverage** will not constitute a waiver of that or any other provision, or impair our right thereafter to require your strict performance of any provision.

SECTION 15. Notices

Our notices to you will be sent to the most recent address we have. You are responsible for notifying us of any change in your address. If you move, please call Member Services (phone numbers are printed on the back of this booklet) and Social Security at **1-800-772-1213 (TTY 1-800-325-0778)** as soon as possible to report your address change.

Note: When we tell your group about changes to this **Evidence of Coverage** or provide your group other information that affects you, your group is required to notify the subscriber within 30

calendar days (or five days if we terminate your group's Agreement) after receiving the information from us.

SECTION 16. Overpayment recovery

We may recover any overpayment we make for services from anyone who receives such an overpayment or from any person or organization obligated to pay for the services.

SECTION 17. Surrogacy

In situations where a member receives monetary compensation to act as a surrogate, our plan will seek reimbursement of all Plan Charges for covered services the member receives that are associated with conception, pregnancy and/or delivery of the child. A surrogate arrangement is one in which a woman agrees to become pregnant and to surrender the baby to another person or persons who intend to raise the child.

SECTION 18. Third party liability

As stated in Chapter 1, Section 10, third parties who cause you injury or illness (and/or their insurance companies) usually must pay first before Medicare or our plan. Therefore, we are entitled to pursue these primary payments. If you obtain a judgment or settlement from or on behalf of a third party who allegedly caused an injury or illness for which you received covered services, you must ensure we receive reimbursement for those services. Note: This Section 18 does not affect your obligation to pay cost-sharing for these services.

To the extent permitted or required by law, we shall be subrogated to all claims, causes of action, and other rights you may have against a third party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by the third party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney.

To secure our rights, we will have a lien and reimbursement rights to the proceeds of any judgment or settlement you or we obtain against a third party that results in any settlement proceeds or judgment, from other types of coverage that include but are not limited to: liability, uninsured motorist, underinsured motorist, personal umbrella, worker's compensation, personal injury, medical payments and all other first party types. The proceeds of any judgment or settlement that you or we obtain shall first be applied to satisfy our lien, regardless of whether you are made whole and regardless of whether the total amount of the proceeds is less than the actual losses and damages you incurred. We are not required to pay attorney fees or costs to any attorney hired by you to pursue your damage claim.

Within 30 days after submitting or filing a claim or legal action against a third party, you must send written notice of the claim or legal action to:

Patient Business Services
Kaiser Foundation Health Plan of Colorado
2500 South Havana Street

Aurora, CO 80014-1622

Please contact our Patient Business Services Department at **303-743-5900,** or TTY users may call **711**.

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send us all consents, releases, authorizations, assignments, and other documents, including lien forms directing your attorney, the third party, and the third party's liability insurer to pay us directly. You may not agree to waive, release, or reduce our rights under this provision without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against a third party based on your injury or illness, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

SECTION 19. U.S. Department of Veterans Affairs

For any services for conditions arising from military service that the law requires the Department of Veterans Affairs to provide, we will not pay the Department of Veterans Affairs, and when we cover any such services we may recover the value of the services from the Department of Veterans Affairs.

SECTION 20. Workers' compensation or employer's liability benefits

As stated in Chapter 1, Section 10, workers' compensation usually must pay first before Medicare or our plan. Therefore, we are entitled to pursue primary payments under workers' compensation or employer's liability law. You may be eligible for payments or other benefits, including amounts received as a settlement (collectively referred to as "Financial Benefit"), under workers' compensation or employer's liability law. We will provide covered services even if it is unclear whether you are entitled to a Financial Benefit, but we may recover the value of any covered services from the following sources:

- From any source providing a Financial Benefit or from whom a Financial Benefit is due.
- From you, to the extent that a Financial Benefit is provided or payable or would have been required to be provided or payable if you had diligently sought to establish your rights to the Financial Benefit under any workers' compensation or employer's liability law.

CHAPTER 12. Definitions of important words

Allowance – A specified credit amount that you can use toward the cost of an item. If the cost of the item(s) you select exceeds the allowance, you will pay the amount in excess of the allowance, which does not apply to the annual out-of-pocket maximum.

Ambulatory Surgical Center – An Ambulatory Surgical Center is an entity that operates exclusively for the purpose of furnishing outpatient surgical services to patients not requiring hospitalization and whose expected stay in the center does not exceed 24 hours.

Appeal – An appeal is something you do if you disagree with our decision to deny a request for coverage of health care services or prescription drugs or payment for services or drugs you already received. You may also make an appeal if you disagree with our decision to stop services that you are receiving. For example, you may ask for an appeal if we don't pay for a drug, item, or service you think you should be able to receive. Chapter 9 explains appeals, including the process involved in making an appeal.

Balance Billing – When a provider (such as a doctor or hospital) bills a patient more than the plan's allowed cost-sharing amount. As a member of our plan, you only have to pay our plan's cost-sharing amounts when you get services covered by our plan. We do not allow providers to "balance bill" or otherwise charge you more than the amount of cost-sharing your plan says you must pay.

Benefit Period – The way that both our plan and Original Medicare measure your use of skilled nursing facility (SNF) services. A benefit period begins the day you go into a hospital or skilled nursing facility. The benefit period ends when you haven't received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. There is no limit to the number of benefit periods.

Brand-Name Drug – A prescription drug that is manufactured and sold by the pharmaceutical company that originally researched and developed the drug. Brand-name drugs have the same active-ingredient formula as the generic version of the drug. However, generic drugs are manufactured and sold by other drug manufacturers and are generally not available until after the patent on the brand-name drug has expired.

Catastrophic Coverage Stage – The stage in the Part D Drug Benefit when you pay a low copayment or coinsurance for your drugs after you or other qualified parties on your behalf have spent **$5,000** in covered drugs during the covered year.

Centers for Medicare & Medicaid Services (CMS) – The federal agency that administers Medicare. Chapter 2 explains how to contact CMS.

Coinsurance – An amount you may be required to pay as your share of the cost for services or prescription drugs after you pay any deductibles, if applicable. Coinsurance is usually a percentage (for example, 20%) of Plan Charges.

Complaint – The formal name for "making a complaint" is "filing a grievance." The complaint process is used for certain types of problems only. This includes problems related to quality of

care, waiting times, and the customer service you receive. See also "Grievance," in this list of definitions.

Comprehensive Outpatient Rehabilitation Facility (CORF) – A facility that mainly provides rehabilitation services after an illness or injury, and provides a variety of services, including physical therapy, social or psychological services, respiratory therapy, occupational therapy and speech-language pathology services, and home environment evaluation services.

Coordination of Benefits (COB) – Coordination of Benefits is a provision used to establish the order in which claims are paid when you have other insurance. If you have Medicare and other health insurance or coverage, each type of coverage is called a "payer." When there is more than one payer, there are "coordination of benefits" rules that decide which one pays first. The "primary payer" pays what it owes on your bills first, and then sends the rest to the "secondary payer" to pay. If payment owed to us is sent directly to you, you are required under Medicare law to give the payment to us. In some cases, there may also be a third payer. See Chapter 1 (Section 10) and Chapter 11 (Section 9) for more information.

Copayment (or "copay") – An amount you may be required to pay as your share of the cost for a medical service or supply, like a doctor's visit, hospital outpatient visit, or a prescription drug. A copayment is a set amount, rather than a percentage. For example, you might pay $10 or $20 for a doctor's visit or prescription drug.

Cost-Sharing – Cost-sharing refers to amounts that a member has to pay when services or drugs are received. (This is in addition to our plan's monthly premium.) Cost-sharing includes any combination of the following three types of payments: (1) any deductible amount a plan may impose before services or drugs are covered; (2) any fixed "copayment" amount that a plan requires when a specific service or drug is received; or (3) any "coinsurance" amount, a percentage of the total amount paid for a service or drug that a plan requires when a specific service or drug is received. A "daily cost-sharing rate" may apply when your doctor prescribes less than a full month's supply of certain drugs for you and you are required to pay a copayment. Note: In some cases, you may not pay all applicable cost-sharing at the time you receive the services, and we will send you a bill later for the cost-sharing. For example, if you receive nonpreventive care during a scheduled preventive care visit, we may bill you later for the cost-sharing applicable to the nonpreventive care.

Cost-Sharing Tier – Every drug on the list of covered drugs is in one of six cost-sharing tiers. In general, the higher the cost-sharing tier, the higher your cost for the drug.

Coverage Determination – A decision about whether a drug prescribed for you is covered by our plan and the amount, if any, you are required to pay for the prescription. In general, if you take your prescription to a pharmacy and the pharmacy tells you the prescription isn't covered under your plan, that isn't a coverage determination. You need to call or write to your plan to ask for a formal decision about the coverage. Coverage determinations are called "coverage decisions" in this booklet. Chapter 9 explains how to ask us for a coverage decision.

Covered Drugs – The term we use to mean all of the prescription drugs covered by our plan.

Covered Services – The general term we use to mean all of the health care services and items that are covered by our plan.

Creditable Prescription Drug Coverage – Prescription drug coverage (for example, from an employer or union) that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage. People who have this kind of coverage when they become eligible for Medicare can generally keep that coverage without paying a penalty, if they decide to enroll in Medicare prescription drug coverage later.

Custodial Care – Custodial care is personal care provided in a nursing home, hospice, or other facility setting when you do not need skilled medical care or skilled nursing care. Custodial care is personal care that can be provided by people who don't have professional skills or training, such as help with activities of daily living like bathing, dressing, eating, getting in or out of a bed or chair, moving around, and using the bathroom. It may also include the kind of health-related care that most people do themselves, like using eye drops. Medicare doesn't pay for custodial care.

Daily Cost-Sharing Rate – A "daily cost-sharing rate" may apply when your doctor prescribes less than a full month's supply of certain drugs for you and you are required to pay a copayment. A daily cost-sharing rate is the copayment divided by the number of days in a month's supply. Here is an example: If your copayment for a one-month supply of a drug is $30, and a one-month's supply in your plan is 30 days, then your "daily cost-sharing rate" is $1 per day. This means you pay $1 for each day's supply when you fill your prescription.

Deductible – The amount you must pay for health care or prescriptions before our plan begins to pay.

Dependent–A member who meets the eligibility requirements as a dependent (for dependent eligibility requirements, see Chapter 1, Section 2).

Disenroll or **Disenrollment** – The process of ending your membership in our plan. Disenrollment may be voluntary (your own choice) or involuntary (not your own choice).

Dispensing Fee – A fee charged each time a covered drug is dispensed to pay for the cost of filling a prescription. The dispensing fee covers costs such as the pharmacist's time to prepare and package the prescription.

Durable Medical Equipment (DME) – Certain medical equipment that is ordered by your doctor for medical reasons. Examples include walkers, wheelchairs, crutches, powered mattress systems, diabetic supplies, IV infusion pumps, speech-generating devices, oxygen equipment, nebulizers, or hospital beds ordered by a provider for use in the home.

Emergency – A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

Emergency Care – Covered services that are (1) rendered by a provider qualified to furnish emergency services; and (2) needed to treat, evaluate, or stabilize an emergency medical condition.

Emergency Medical Condition – Either: (1) a medical or psychiatric condition that manifests itself by acute symptoms of sufficient severity (including severe pain) such that you could reasonably expect the absence of immediate medical attention to result in serious jeopardy to

your health or body functions or organs, or (2) active labor when there isn't enough time for safe transfer to a plan hospital (or designated hospital) before delivery or if transfer poses a threat to your (or your unborn child's) health and safety.

Evidence of Coverage (EOC) and Disclosure Information – This document, along with your enrollment form and any other attachments, riders, or other optional coverage selected, which explains your coverage, what we must do, your rights, and what you have to do as a member of our plan.

Exception – A type of coverage determination that, if approved, allows you to get a drug that is not on your plan sponsor's formulary (a formulary exception), or get a nonpreferred drug at a lower cost-sharing level (a tiering exception). You may also request an exception if we limit the quantity or dosage of the drug you are requesting (a formulary exception).

Excluded Drug – A drug that is not a "covered Part D drug," as defined under 42 U.S.C. Section 1395w-102(e).

Extra Help – A Medicare program to help people with limited income and resources pay Medicare prescription drug program costs, such as premiums, deductibles, and coinsurance.

Family – A subscriber and all of his or her dependents.

Formulary – A list of Medicare Part D drugs covered by our plan.

Generic Drug – A prescription drug that is approved by the Food and Drug Administration (FDA) as having the same active ingredient(s) as the brand-name drug. Generally, a "generic" drug works the same as a brand-name drug and usually costs less.

Grievance – A type of complaint you make about us, including a complaint concerning the quality of your care. This type of complaint does not involve coverage or payment disputes.

Group – The entity with which we have entered into the *Agreement* that includes this **Evidence of Coverage**.

Home Health Aide – A home health aide provides services that don't need the skills of a licensed nurse or therapist, such as help with personal care (for example, bathing, using the toilet, dressing, or carrying out the prescribed exercises). Home health aides do not have a nursing license or provide therapy.

Home Health Care – Skilled nursing care and certain other health care services that you get in your home for the treatment of an illness or injury. Covered services are listed in the Medical Benefits Chart found at the front of this **EOC**. We cover home health care in accord with Medicare guidelines. Home health care can include services from a **home health aide** if the services are part of the home health plan of care for your illness or injury. They aren't covered unless you are also getting a covered skilled service. Home health services do not include the services of housekeepers, food service arrangements, or full-time nursing care at home.

Hospice – A member who has six months or less to live has the right to elect hospice. We, your plan, must provide you with a list of hospices in your geographic area. If you elect hospice and continue to pay premiums, you are still a member of our plan. You can still obtain all medically necessary services as well as the supplemental benefits we offer. The hospice will provide special treatment for your state.

Hospital Inpatient Stay – A hospital stay when you have been formally admitted to the hospital for skilled medical services. Even if you stay in the hospital overnight, you might still be considered an "outpatient."

Income Related Monthly Adjustment Amount (IRMAA) – If your income is above a certain limit, you will pay an income-related monthly adjustment amount in addition to your plan premium. For example, individuals with income greater than $85,000 and married couples with income greater than $170,000 must pay a higher Medicare Part B (medical insurance) and Medicare prescription drug coverage premium amount. This additional amount is called the income-related monthly adjustment amount. Less than 5 % of people with Medicare are affected, so most people will not pay a higher premium.

Initial Coverage Limit – The maximum limit of coverage under the Initial Coverage Stage.

Initial Coverage Stage – This is the stage after you have met your deductible, if applicable, and before your total drug expenses have reached **$3,750**, including amounts you've paid and what our plan has paid on your behalf.

Initial Enrollment Period – When you are first eligible for Medicare, the period of time when you can sign up for Medicare Part A and Part B. For example, if you're eligible for Medicare when you turn 65, your Initial Enrollment Period is the seven month period that begins three months before the month you turn 65, includes the month you turn 65, and ends three months after the month you turn 65.

Inpatient Hospital Care – Health care that you get during an inpatient stay in an acute care general hospital.

Kaiser Foundation Health Plan of Colorado (Health Plan) – Kaiser Foundation Health Plan of Colorado is a Colorado nonprofit corporation and a Medicare Advantage organization. This **Evidence of Coverage** sometimes refers to Health Plan as "we" or "us."

Kaiser Permanente – Kaiser Foundation Health Plan of Colorado and the Medical Group.

Kaiser Permanente 2018 Comprehensive Formulary (Formulary or "Drug List") – A list of prescription drugs covered by our plan. The drugs on this list are selected by us with the help of doctors and pharmacists. The list includes both brand-name and generic drugs.

Kaiser Permanente Region – A Kaiser Foundation Health Plan organization that conducts a direct-service health care program. When you are outside our service area, you can get medically necessary health care and ongoing care for chronic conditions from designated providers in another Kaiser Permanente region's service area. For more information, please refer to Chapter 3, Section 2.2.

Late Enrollment Penalty – An amount added to the plan premium for Medicare drug coverage if you go without creditable coverage (coverage that is expected to pay, on average, at least as much as standard Medicare prescription drug coverage) for a continuous period of 63 days or more. You pay this higher amount as long as you have a Medicare drug plan. There are some exceptions. For example, if you receive "Extra Help" from Medicare to pay your prescription drug plan costs, you will not pay a late enrollment penalty.

Long-Term Care Hospital – A Medicare-certified acute-care hospital that typically provide Medicare covered services such as comprehensive rehabilitation, respiratory therapy, head

trauma treatment, and pain management. They are not long-term care facilities such as convalescent or assisted living facilities.

Low Income Subsidy (LIS) – See "Extra Help."

Maximum Out-of-Pocket Amount – The most that you pay out-of-pocket during the calendar year for in-network covered Part A and Part B services. Amounts you pay for any contributions toward your group's monthly premium, your Medicare Part A and Part B premiums, and Part D prescription drugs do not count toward the maximum out-of-pocket amount. See Chapter 4, Section 1.2, for information about your maximum out-of-pocket amount.

Medicaid (or Medical Assistance) – A joint federal and state program that helps with medical costs for some people with low incomes and limited resources. Medicaid programs vary from state to state, but most health care costs are covered if you qualify for both Medicare and Medicaid. See Chapter 2, Section 6, for information about how to contact Medicaid in your state.

Medical Care or Services – Health care services or items. Some examples of health care items include durable medical equipment, eyeglasses, and drugs covered by Medicare Part A or Part B, but not drugs covered under Medicare Part D.

Medical Group – It is the network of plan providers that our plan contracts with to provide covered services to you. The name of our medical group is Colorado Permanente Medical Group, P.C., a for-profit professional corporation.

Medically Accepted Indication – A use of a drug that is either approved by the Food and Drug Administration or supported by certain reference books. See Chapter 5, Section 3, for more information about a medically accepted indication.

Medically Necessary – Services, supplies, or drugs that are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.

Medicare – The federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities, and people with End-Stage Renal Disease (generally those with permanent kidney failure who need dialysis or a kidney transplant). People with Medicare can get their Medicare health coverage through Original Medicare, PACE plan, or a Medicare Advantage Plan.

Medicare Advantage (MA) Plan – Sometimes called Medicare Part C. A plan offered by a private company that contracts with Medicare to provide you with all your Medicare Part A and Part B benefits. A Medicare Advantage Plan can be an HMO, a PPO, a Private Fee-for-Service (PFFS) plan, or a Medicare Medical Savings Account (MSA) plan. When you are enrolled in a Medicare Advantage Plan, Medicare services are covered through the plan and are not paid for under Original Medicare. In most cases, Medicare Advantage Plans also offer Medicare Part D (prescription drug coverage). These plans are called **Medicare Advantage Plans with Prescription Drug Coverage**. Everyone who has Medicare Part A and Part B is eligible to join any Medicare health plan that is offered in their area, except people with End-Stage Renal Disease (unless certain exceptions apply).

Medicare Coverage Gap Discount Program – A program that provides discounts on most covered Part D brand-name drugs to Part D members who have reached the Coverage Gap Stage and who are not already receiving "Extra Help." Discounts are based on agreements between the

federal government and certain drug manufacturers. For this reason, most, but not all, brand-name drugs are discounted.

Medicare-Covered Services – Services covered by Medicare Part A and Part B. All Medicare health plans, including our plan, must cover all of the services that are covered by Medicare Part A and B.

Medicare Health Plan – A Medicare health plan is offered by a private company that contracts with Medicare to provide Part A and Part B benefits to people with Medicare who enroll in the plan. This term includes all Medicare Advantage Plans, Medicare Cost Plans, Demonstration/Pilot Programs, and Programs of All-Inclusive Care for the Elderly (PACE).

Medicare Prescription Drug Coverage (Medicare Part D) – Insurance to help pay for outpatient prescription drugs, vaccines, biologicals, and some supplies not covered by Medicare Part A or Part B.

"Medigap" (Medicare Supplement Insurance) Policy – Medicare supplement insurance sold by private insurance companies to fill "gaps" in Original Medicare. Medigap policies only work with Original Medicare. (A Medicare Advantage Plan is not a Medigap policy.)

Member (Member of our Plan, or "Plan Member") – A person with Medicare who is eligible to get covered services, who has enrolled in our plan, and whose enrollment has been confirmed by the Centers for Medicare & Medicaid Services (CMS).

Member Services and **Customer Experience** – Departments within our plan responsible for answering your questions about your membership, benefits, grievances, and appeals. See Chapter 2 for information about how to contact Member Services and Customer Experience.

Network Pharmacy – A network pharmacy is a pharmacy where members of our plan can get their prescription drug benefits. We call them "network pharmacies" because they contract with our plan. In most cases, your prescriptions are covered only if they are filled at one of our network pharmacies.

Network Physician – Any licensed physician who is a partner or employee of the Medical Group, or any licensed physician who contracts to provide services to our members (but not including physicians who contract only to provide referral services).

Network Provider – "Provider" is the general term we use for doctors, other health care professionals, (including but not limited to, physician assistants, nurse practitioners, and nurses), hospitals, and other health care facilities that are licensed or certified by Medicare and by the state to provide health care services. We call them "**network providers**" when they have an agreement with our plan to accept our payment as payment in full, and in some cases, to coordinate as well as provide covered services to members of our plan. We play network providers based on the agreements it has with the providers or if the providers agree to provide you with plan-covered services. Network providers may also be referred to as "plan providers."

Organization Determination – The Medicare Advantage plan has made an organization determination when it makes a decision about whether items or services are covered or how much you have to pay for covered items or services. Organization determinations are called "coverage decisions" in this booklet. Chapter 9 explains how to ask us for a coverage decision.

Original Medicare ("Traditional Medicare" or "Fee-for-Service" Medicare) – Original Medicare is offered by the government, and not a private health plan like Medicare Advantage Plans and prescription drug plans. Under Original Medicare, Medicare services are covered by paying doctors, hospitals, and other health care providers payment amounts established by Congress. You can see any doctor, hospital, or other health care provider that accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share. Original Medicare has two parts: Part A (Hospital Insurance) and Part B (Medical Insurance) and is available everywhere in the United States.

Out-of-Network Pharmacy – A pharmacy that doesn't have a contract with our plan to coordinate or provide covered drugs to members of our plan. As explained in this **Evidence of Coverage***, most drugs you get from out-of-network pharmacies are not covered b*y our plan unless certain conditions apply (see Chapter 5, Section 2.5, for more information).

Out-of-Network Provider or Out-of-Network Facility – A provider or facility with which we have not arranged to coordinate or provide covered services to members of our plan. Out-of-network providers are providers that are not employed, owned, or operated by our plan or are not under contract to deliver covered services to you. Using out-of-network providers or facilities is explained in this booklet in Chapter 3.

Out-of-Pocket Costs – See the definition for "Cost-Sharing" above. A member's cost-sharing requirement to pay for a portion of services or drugs received is also referred to as the member's "out-of-pocket" cost requirement.

PACE Plan – A PACE (Program of All-Inclusive Care for the Elderly) plan combines medical, social, and long-term care (LTC) services for frail people to help people stay independent and living in their community (instead of moving to a nursing home) for as long as possible, while getting the high-quality care they need. People enrolled in PACE plans receive both their Medicare and Medicaid benefits through the plan.

Part C – See **"Medicare Advantage (MA) Plan."**

Part D – The voluntary Medicare Prescription Drug Benefit Program. (For ease of reference, we will refer to the prescription drug benefit program as Part D.)

Part D Drugs – Drugs that can be covered under Part D. We may or may not offer all Part D drugs. (See your formulary for a specific list of covered drugs.) Certain categories of drugs were specifically excluded by Congress from being covered as Part D drugs.

Part D Late Enrollment Penalty – An amount added to your monthly premium for Medicare drug coverage if you go without creditable coverage (coverage that is expected to pay, on average, at least as much as standard Medicare prescription drug coverage) for a continuous period of 63 days or more. You pay this higher amount as long as you have a Medicare drug plan. There are some exceptions. For example, if you receive "Extra Help" from Medicare to pay your prescription drug plan costs, you will not pay a late enrollment penalty.

Plan Charges – Plan Charges means the following:

- For services provided by the Medical Group or Kaiser Foundation Hospitals, the charges in Health Plan's schedule of Medical Group and Kaiser Foundation Hospitals charges for services provided to members.

- For services for which a provider (other than the Medical Group or Kaiser Foundation Hospitals) is compensated on a capitation basis, the charges in the schedule of charges that Kaiser Permanente negotiates with the capitated provider.
- For items obtained at a pharmacy owned and operated by Kaiser Permanente, the amount the pharmacy would charge a member for the item if a member's benefit plan did not cover the item (this amount is an estimate of: the cost of acquiring, storing, and dispensing drugs; the direct and indirect costs of providing Kaiser Permanente pharmacy services to members; and the pharmacy program's contribution to the net revenue requirements of Health Plan).
- For all other services, the payments that Kaiser Permanente makes for the services or, if Kaiser Permanente subtracts cost-sharing from its payment, the amount Kaiser Permanente would have paid if it did not subtract cost-sharing.

Post-Stabilization Care – Medically necessary services related to your emergency medical condition that you receive after your treating physician determines that this condition is clinically stable. You are considered clinically stable when your treating physician believes, within a reasonable medical probability and in accordance with recognized medical standards, that you are safe for discharge or transfer and that your condition is not expected to get materially worse during or as a result of the discharge or transfer.

Preferred Provider Organization (PPO) Plan – A Preferred Provider Organization plan is a Medicare Advantage Plan that has a network of contracted providers that have agreed to treat plan members for a specified payment amount. A PPO plan must cover all plan benefits whether they are received from network or out-of-network providers. Member cost-sharing will generally be higher when plan benefits are received from out-of-network providers. PPO plans have an annual limit on your out-of-pocket costs for services received from network (preferred) providers and a higher limit on your total combined out-of-pocket costs for services from both network (preferred) and out-of-network (nonpreferred) providers.

Premium – The periodic payment to Medicare, an insurance company, or a health care plan for health care or prescription drug coverage.

Primary Care Provider (PCP) – Your primary care provider is the doctor or other provider you see first for most health problems. He or she makes sure you get the care you need to keep you healthy. He or she also may talk with other doctors and health care providers about your care and refer you to them. In many Medicare health plans, you must see your primary care provider before you see any other health care provider. See Chapter 3, Section 2.1, for information about Primary Care Providers.

Prior Authorization – Approval in advance to get services or certain drugs that may or may not be on our formulary. Some in-network medical services are covered only if your doctor or other network provider gets "prior authorization" from our plan. Covered services that need prior authorization are marked in the Medical Benefits Chart found at the front of this **EOC** and described in Chapter 3, Section 2.3. Some drugs are covered only if your doctor or other network provider gets "prior authorization" from us. Covered drugs that need prior authorization are marked in the formulary.

Prosthetics and Orthotics – These are medical devices ordered by your doctor or other health care provider. Covered items include, but are not limited to, arm, back, and neck braces; artificial

limbs; artificial eyes; and devices needed to replace an internal body part or function, including ostomy supplies and enteral and parenteral nutrition therapy.

Quality Improvement Organization (QIO) – A group of practicing doctors and other health care experts paid by the federal government to check and improve the care given to Medicare patients. See Chapter 2, Section 4, for information about how to contact the QIO for your state.

Quantity Limits – A management tool that is designed to limit the use of selected drugs for quality, safety, or utilization reasons. Limits may be on the amount of the drug that we cover per prescription or for a defined period of time.

Rehabilitation Services – These services include physical therapy, speech and language therapy, and occupational therapy.

Service Area – A geographic area where a health plan accepts members if it limits membership based on where people live. For plans that limit which doctors and hospitals you may use, it's also generally the area where you can get routine (nonemergency) services. Our plan may disenroll you if you permanently move out of our plan's service area.

Services – Health care services or items.

Skilled Nursing Facility (SNF) Care – Skilled nursing care and rehabilitation services provided on a continuous, daily basis, in a skilled nursing facility. Examples of skilled nursing facility care include physical therapy or intravenous injections that can only be given by a registered nurse or doctor.

Specialty-Tier Drugs – Very high-cost drugs approved by the FDA that are on our formulary.

Spouse – Your legal husband or wife.

Subscriber – A member who is eligible for membership on his or her own behalf and not by virtue of dependent status (for subscriber eligibility requirements, see Chapter 1, Section 2).

Supplemental Security Income (SSI) – A monthly benefit paid by Social Security to people with limited income and resources who are disabled, blind, or age 65 and older. SSI benefits are not the same as Social Security benefits.

Urgently Needed Services – Urgently needed services are provided to treat a nonemergency, unforeseen medical illness, injury, or condition that requires immediate medical care. Urgently needed services may be furnished by network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible.

LARGE GROUP

GROUP AGREEMENT

GROUP AGREEMENT

INTRODUCTION

This Group Agreement ("*Agreement"*), including the Rate Sheet(s), the Evidence of Coverage *("EOC")* brochure(s) and the Group Application form, all of which are incorporated into this *Agreement* by reference, and any amendments to any of them, constitute the entire contract between the group named on the Rate Sheet ("Group") and Kaiser Foundation Health Plan of Colorado ("Health Plan"). In this *Agreement*, some capitalized terms have special meaning; please see the "Definitions" section in the *Evidence of Coverage* document for terms you should know. Pursuant to this *Agreement,* Health Plan will provide covered Services to Members in accordance with the *Evidence of Coverage.*

TERM OF *AGREEMENT* and RENEWAL

Term of Agreement

This *Agreement* is effective for the term shown on the Rate Sheet, unless terminated as set forth in the "Termination of Agreement" section.

Renewal

This *Agreement* does not automatically renew. If Group complies with all of the terms of this *Agreement*, Health Plan will offer to renew this *Agreement* either by sending Group a new Group Agreement to become effective immediately after termination of this *Agreement*, or by extending the term of this *Agreement* pursuant to "Amendments Effective on an Anniversary Date" in the "Amendment of *Agreement*" section. The new or extended Agreement will include a new term of Agreement and other changes. If Group does not renew this *Agreement*, Group must give Health Plan written notice as described under "Termination on Notice" or "Termination Due to Non-Acceptance of Amendments" in the "Termination of *Agreement*" section.

AMENDMENT OF *AGREEMENT*

Amendments Effective on an Anniversary Date

Upon 60 days' prior written notice to Group with respect to benefit or contract changes, or upon 30 days' prior written notice to Group with respect to rate changes, or as otherwise agreed to by Health Plan and Group, Health Plan may extend the term of this *Agreement* and make other changes by amending this *Agreement* effective on any year's Anniversary Date (the Anniversary Date is shown on the Rate Sheet)..

Amendments Related to Government Approval

If Health Plan notified Group that Health Plan had not received all necessary government approvals related to this *Agreement*, Health Plan may amend this *Agreement* by giving written notice to Group after receiving all necessary government approvals. Any such government-approved provisions go into effect on the Anniversary Date that next followed Health Plan's original notice to Group of the provisions for which it had sought government approval (unless the government requires a later effective date).

Amendment Due to Tax or Other Charges

If a government agency or other taxing authority imposes or increases a tax or other charge (other than a tax on or measured by net income) upon Health Plan or Plan Providers (or any of their activities), then beginning on the effective date of that tax or charge, Health Plan may increase

Group's Dues to include Group's share of the new or increased tax or charge. Group's share will be determined by dividing the number of Members enrolled through Group by the total number of members enrolled in the Health Plan.

Amendment Due to Medicare Changes

Health Plan contracts on a calendar-year basis with the Centers for Medicare & Medicaid Services (CMS) to offer Kaiser Permanente Senior Advantage. Health Plan may amend this Agreement to change any Senior Advantage EOCs and Premiums effective January 1, 2018 (unless the federal government requires or allows a different effective date). The amendment may include an increase or decrease in Premiums and benefits including Member Cost Sharing and the Medicare Part D initial and catastrophic coverage levels. Health Plan will give Group written notice of any such amendment.

Other Amendments

Health Plan may amend this *Agreement* at any time by giving written notice to Group, in order to (a) address any law or regulatory requirement, which may include increasing Dues to reflect an increase in costs to Health Plan or Plan Providers, or (b) reduce or expand the Health Plan Service Area, or (c) increase any benefits of any Medicare product approved by the Centers for Medicare and Medicaid Services (CMS), if applicable to this *Agreement*.

Group Acceptance of Amendments

All amendments are deemed accepted by Group unless Group gives Health Plan written notice of non-acceptance at least 30 days before the effective date of the amendment to the benefits or contract language, or at least 15 days before the effective date of the amendment to rates, in which case this *Agreement* will terminate pursuant to "Termination Due to Non-Acceptance of Amendments" in the "Termination of *Agreement*" section.

TERMINATION OF *AGREEMENT*

This *Agreement* will terminate under any of the conditions listed below. All rights to benefits under this *Agreement* end on 11:59 p.m. on the termination date, except as expressly provided in the *Evidence of Coverage.*

Health Plan will give Group written notice if this *Agreement* terminates. Within five business days of receipt, Group will mail to each Subscriber a legible copy of the notice and will give Health Plan proof of that mailing and of the date thereof.

Termination on Notice

If Group has Kaiser Permanente Senior Advantage Members

If Group has Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan receives written notice from Group that it is terminating this *Agreement*, Group may terminate this *Agreement* effective the anniversary date, if the anniversary date is the first of the month or the first of the month following the anniversary date if the anniversary date is not the first of the month, by giving at least 30 days' prior written notice to Health Plan and remitting all amounts payable relating to this *Agreement*, including Dues, for the period prior to the termination date.

If Group does not have Kaiser Permanente Senior Advantage Members

If Group does not have Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan receives written notice from Group that it is terminating this

Agreement, Group may terminate this *Agreement* effective the anniversary date, if the anniversary date is the first of the month or the first of the month following the anniversary date if the anniversary date is not the first of the month, by giving at least 60 days' prior written notice to Health Plan and remitting all amounts payable relating to this *Agreement*, including Dues, for the period prior to the termination date.

Termination Due to Non-Acceptance of Amendments

All amendments are deemed accepted by Group unless Health Plan receives Group's written notice of non-acceptance at least 30 days before the effective date of the amendment, in which case this *Agreement* will terminate on the following date, as applicable:

- In the case of amendments described in the "Amendment of *Agreement*" section under "Amendments Related to Government Approval" and "Amendments Due to Medicare Changes," and amendments described under "Other Amendments" that do not require 60 days notice by Health Plan, if Group has Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan receives written notice of non-acceptance, the termination date will be first of the month following 30 days after Health Plan receives notice of non-acceptance.
- In all other cases, the termination date will be the day before the effective date of the amendment.

Termination for Nonpayment

Health Plan may terminate this *Agreement* by giving advance written notice to Group, if Group fails to make any past-due payment during Health Plan's grace period. The advance written notice will indicate the termination date. A grace period of 31 days is observed by Health Plan, during which time the amounts specified in the Rate Sheet may be paid by the Group without loss of benefits. The grace period shall apply to all payments except the first payment and coverage shall remain in effect if payment is made during the grace period. Group is liable for all unpaid Dues through the termination date.

If Group has Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan gives written notice to Group, Health Plan may terminate this *Agreement* effective on one date with respect to Members other than Senior Advantage Members and effective on a later date with respect to Senior Advantage Members in order to comply with CMS termination notice requirements.

Termination for Fraud or for Intentionally Furnishing Incorrect or Incomplete Information

If Group commits fraud or intentionally furnishes incorrect or incomplete material information to Health Plan, Health Plan may terminate this *Agreement* by giving advance notice to Group, and Group is liable for all unpaid Dues up to the termination date.

If Group has Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan gives written notice to Group, Health Plan may terminate this *Agreement* effective on one date with respect to Members other than Senior Advantage Members and effective on a later date with respect to Senior Advantage Members, in order to comply with CMS termination notice requirements.

Termination for Violation of Contribution or Participation Requirements

If Group fails to comply with Health Plan's contribution or participation requirements, (including those discussed in the "Contribution and Participation Requirements" section), Health Plan may terminate this *Agreement* by giving advance written notice to Group, and Group is liable for all unpaid Dues up to the termination date.

If Group has Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan gives written notice to Group, Health Plan may terminate this *Agreement* effective on one date with respect to Members other than Senior Advantage Members and effective on a later date with respect to Senior Advantage Members, in order to comply with CMS termination notice requirements.

Termination for Movement Outside the Service Area

Health Plan may terminate this *Agreement* upon 30 days' prior written notice to Group if no eligible person lives, resides, or works in Health Plan's Service Area as described in the *Evidence of Coverage.*

Termination for Discontinuance of a Product or all Products within a Market

Health Plan may terminate a particular product or all products offered in the group market as permitted by law. If Health Plan discontinues offering a particular product in the group market, Health Plan may terminate this *Agreement* with respect to that product upon 90 days' prior written notice to Group. Health Plan will offer Group another product that it makes available in the group market. If Health Plan discontinues offering all products in the group market, Health Plan may terminate this *Agreement* upon 180 days' written notice to Group and Health Plan will not offer any other product to Group. A "product" is a combination of benefits and services that is defined by a distinct evidence of coverage.

DUES

Only Members for whom Health Plan has received the appropriate Dues payment listed on the Rate Sheet are entitled to coverage under this *Agreement*, and then only for the period for which Health Plan has received appropriate payment.

If Group does not prepay Full Dues by the first of the coverage month or by the date otherwise agreed to by Health Plan and Group, the Dues may include an additional administrative charge upon renewal. "Full Dues" means 100 percent of monthly Dues for each enrolled Member, as set forth in this "Dues" section.

Dues Rebates

If state or federal law requires Health Plan to rebate dues from this or any earlier contract year and Health Plan rebates dues to Group, Group represents that Group will use that rebate for the benefit of Members, in a manner consistent with the requirements of the Public Health Service Act, the Affordable Care Act, and the obligations of a fiduciary under the Employee Retirement Income Security Act (ERISA).

New Members

Dues are payable for the entire month for new Members unless otherwise agreed to by Health Plan.

Membership Termination

Pursuant to C.R.S. 10-16-103.5, dues are payable for each Member:

- Through the date that Health Plan receives written notice from Group that a Member is no longer eligible or covered; or
- Through the date that Health Plan receives written notice from Group that it no longer intends to maintain coverage for its Members through Health Plan.

Involuntary Kaiser Permanente Senior Advantage Membership Terminations

Group must give Health Plan 30 days' prior written notice of Senior Advantage involuntary membership terminations. An involuntary membership termination is a termination that is not in response to a disenrollment notice issued by CMS to Health Plan or received by Health Plan directly from a Member (these events are usually in response to a Member's request for disenrollment to CMS because the Member has enrolled in another Medicare health plan or want Original Medicare coverage or has lost Medicare eligibility). The membership termination date is the first of the month following 30 days after the date when Health Plan receives a Senior Advantage membership termination notice unless Group specifies a later termination date. For example, if health Plan receives a termination notice on March 5, for a Senior Advantage Member, the earliest termination date is May 1 and Group is required to pay applicable Dues for the months of March and April.

Voluntary Kaiser Permanente Senior Advantage Membership Termination

If Health Plan receives a disenrollment notice from CMS or a membership termination request from the Member, the membership termination date will be in accordance with CMS requirements.

SUBSCRIBER CONTRIBUTIONS FOR MEDICARE PART C AND PART D COVERAGE

Medicare Part C Coverage

This "Subscriber Contributions for Medicare Part C Coverage" section applies to Group's Kaiser Permanente Senior Advantage coverage. Group's Senior Advantage Premiums include the Medicare Part C premium for coverage of items and services covered under Parts A and B of Medicare, and supplemental benefits. Group may determine how much it will require Subscribers to contribute toward the Medicare Part C premium for each Senior Advantage Member in the Subscriber's Family, subject to the following restrictions:

- If Group requires different contribution amounts for different classes of Senior Advantage Members for the Medicare Part C premium, then Group agrees to the following:
  - any such differences in classes of Members are reasonable and based on objective business criteria, such as years of service, business location, and job category
  - Group will not require different Subscriber contributions toward the Medicare Part C premium for Members within the same class
- Group will not require Subscribers to pay a contribution for Medicare Part C coverage for a Senior Advantage Member that exceeds the Medicare Part C Premium for items and services covered under Parts A and B of Medicare, and supplemental benefits. Health Plan will pass through monthly payments received from CMS (the monthly payments described in 42 C.F.R. 422.304(a)) to reduce the amount the Member contributes toward the Medicare Part C premium.

Medicare Part D Coverage

This "Subscriber Contributions for Medicare Part D Coverage" section, applies only to Group's Kaiser Permanente Senior Advantage coverage that includes Medicare Part D coverage. Group's Senior

Advantage Dues include the Medicare Part D premium. Group may determine how much it will require Subscribers to contribute toward the Medicare Part D premium for each Senior Advantage Member in the Subscriber's Family Unit, subject to the following restrictions:

- If Group requires different contribution amounts for different classes of Senior Advantage Members for the Medicare Part D premium, then Group agrees to the following:
    - any such differences in classes of Members are reasonable and based on objective business criteria, such as years of service, business location, and job category, and are not based on eligibility for the Part D Low Income Subsidy (a subsidy described in 42 C.F.R. Section 423 Subpart P, which is offered by the Medicare program to certain low-income Medicare beneficiaries enrolled in Medicare Part D, and which reduces the Medicare beneficiaries' Medicare Part D premiums or Medicare Part D cost-sharing amounts)
    - Group will not require different Subscriber contributions toward the Medicare Part D premium for Members within the same class.
- Group will not require Subscribers to pay a contribution for prescription drug coverage for a Senior Advantage Member who exceeds the Dues for prescription drug coverage (including the Medicare Part D premium). The Group will pass through direct subsidy payments received from CMS to reduce the amount the Member contributes toward the Medicare Part D premiums.
- Health Plan will credit Group with any Low Income Subsidy amounts that Health Plan receives from CMS for Group's Members and Health Plan will identify those Members for Group as required by CMS. For those Members, Group will first credit the Low Income Subsidy amount toward the Subscriber's contribution for that Member's Senior Advantage premium for the same month, and will then apply any remaining portion of the Member's Low Income Subsidy toward the portion of the Senior Advantage premium that Group pays on behalf of that Member for that month. If Group is unable to reduce the Subscriber's contribution before the Subscriber makes the contribution, Group shall, consistent with CMS guidance, refund the Low Income Subsidy amount to the Subscriber (up to the amount of the Subscriber Premium contribution for the Member for that month) within 45 days after the date Health Plan receives the Low Income Subsidy amount from CMS. Health Plan reserves the right to periodically require Group to certify that Group is either reducing Subscribers' monthly Premium contributions or refunding the Low Income Subsidy amounts to Subscribers in accordance with CMS guidance.
- For any Members who are eligible for the Low Income Subsidy, if the amount of that Low Income Subsidy is less than the Member's contribution for the Medicare Part D premium, then Group should inform the Member of the financial consequences of the Member's enrolling in the Member's current coverage, as compared to enrolling in another Medicare Part D plan with a monthly premium equal to or less than the Low Income Subsidy amount.

Late Enrollment Penalty

If any Members are subject to the Medicare Part D late enrollment penalty, Premiums for those Members will increase to include the amount of that penalty.

CONTRIBUTION AND PARTICIPATION REQUIREMENTS

No change in Group's contribution or participation requirements is effective for purposes of this *Agreement* unless Health Plan consents in writing. In addition, Group must:

- Contribute to all health care plans available through Group on a basis that does not financially discriminate against Health Plan or against people who choose to enroll in Health Plan. In no case will Group's contribution be less than one-half the rate required for a single Subscriber for the plan in which the Subscriber is enrolled.
- Ensure that:
    - All eligible employees enrolled in Health Plan work at least 20 hours per week.
    - All eligible employees enrolled in Health Plan are covered by Workers' Compensation, unless not required by law to be covered.
    - No less than the percentage of eligible employees, as set forth in the Underwriting Assumptions and Requirements document, are covered by one of the company-sponsored health plans.
    - All Health Plan Subscribers live inside Health Plan's Service Area when they enroll.
    - The number of active, eligible employee Subscribers enrolled under this Agreement does not fall below 10 and the ratio between the number of Subscribers and the total number of people who are eligible to enroll as Subscribers will not drop by 20 percent or more. For the purpose of computing this percentage requirement, Group may include subscribers and those eligible to enroll as subscribers under all other agreements between Group and Health Plan and all other Kaiser Foundation Health Plans and Group Health Cooperative.
    - There is a bona fide employer/employee relationship to those offered our plan, except eligible Taft-Hartley trusts and partnerships.
- Hold an annual open enrollment period during which all eligible people may enroll in Health Plan or in any other health care plan available through Group.
- Meet all applicable legal and contractual requirements, such as:
    - Group must adhere to all requirements set forth in the applicable *Evidence of Coverage*.
    - Group must determine its Member eligibility requirements and obtain Health Plan's prior written approval of any Group eligibility or participation or contribution requirements that are not stated in the applicable *Evidence of Coverage*.
    - Group must use Member enrollment application forms that are provided or approved by Health Plan.
    - Comply with Centers for Medicare & Medicaid Services (CMS) requirements governing enrollment in, and disenrollment from, Kaiser Permanente Senior Advantage (KPSA).
- Meet all Health Plan requirements set forth in the "Underwriting Assumptions and Requirements" document.
- Offer enrollment in Health Plan to all eligible people on conditions no less favorable than those for any other health care plan available through Group.
- Permit Health Plan to examine Group's records with respect to contribution and participation requirements, eligibility, and payments under this *Agreement.*

Self-Verification of Member Eligibility

Group agrees to assume responsibility for self-verifying the eligibility of its enrolled Members. Such self-verification includes obtaining and verifying the accuracy of any and all supporting documentation received from Groups employees and eligible Dependents. In addition, Group will provide eligibility data to Health Plan that includes coverage effective dates for Group's employees and eligible Dependents to prove that eligibility complies with all applicable federal and state laws and regulations. Upon request, Group will make all verification data and documentation available to Health Plan. Health Plan reserves the right to inspect the verification data and documentation for any reason, at any time during the term of the *Agreement* and up to five (5) years thereafter.

Group further agrees to provide Health Plan with timely notification of enrollment and cancellation of enrolled Dependents, as specified in the "Eligibility and Enrollment" and "Termination of Membership" sections of the *Evidence of Coverage*.

MISCELLANEOUS PROVISIONS

Acceptance of *Agreement*

Group acknowledges acceptance of this *Agreement* by signing and returning the signature page of this document to Health Plan. If Group does not return the executed signature page to Health Plan, Group will be deemed as having accepted this *Agreement* if Group pays Health Plan any amount toward Dues.

Note: Group may not change this *Agreement* by adding or deleting words, and any such addition or deletion is void. If Group wishes to change anything in this *Agreement*, Group must contact its Health Plan account manager. Health Plan will issue a new agreement or amendment if Health Plan and Group agree on any changes.

Assignment

Health Plan may assign this *Agreement*. Group may not assign this *Agreement* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without Health Plan's prior written consent. This *Agreement* shall be binding on the successors and permitted assignees of Health Plan and Group.

Attorney Fees and Costs

If Health Plan or Group institutes legal action against the other to collect any sums owed under this *Agreement*, the party that substantially prevails will be reimbursed for its reasonable litigation expenses, including attorneys' fees, by the other party.

Certificates of Creditable Coverage

This "HIPAA Certificates of Creditable Coverage" section does not apply if Group has a written agreement with Health Plan that Group will mail certificates of creditable coverage.

If Group has a waiting period or affiliation period, when Group reports an enrollment of a new hire and any eligible Dependents who enroll at the same time (other than a Kaiser Permanente Senior Advantage enrollment) with a membership effective date that occurs during the term of this *Agreement*, Group must provide the following information in a format Health Plan approves:

- Enrollment reason. (If Group does not provide an enrollment reason, Health Plan will assume that the Subscriber is not a new hire, and certificates for the Subscriber and any Dependents

who enrolled at the same time will indicate that there was no waiting period or affiliation period)

- Hire date of the Subscriber. (If the enrollment reason is "new hire" and Group does not provide a hire date, Health Plan will assume that the hire date is the effective date of coverage for the Subscriber and any Dependents who enrolled at the same time, and certificate for those Members will indicate that there was no waiting period of affiliation period).
- Effective date of coverage.

Group has a waiting period or affiliation period if the membership effective date for a new hire and any eligible Dependents who enroll at the same time is not the hire date (for example, if the membership effective date is the first of the month following the hire date).

Upon Health Plan request (whether or not Group has a waiting period or affiliation period), Group must provide any other information that Health Plan needs in order to complete certificates of creditable coverage.

When Health Plan mails a certificate of creditable coverage, the number of months of creditable coverage that Health Plan reports will be based on the information Health Plan has at the time the certificate is mailed.

Commissions

Group's broker may be paid commissions or other incentives by Health Plan.

Delegation of Claims Review Authority

Group delegates to Health Plan the discretion to determine whether a Member is entitled to benefits under this *Agreement*. In making these determinations, Health Plan has authority to review claims in accordance with the procedures contained in this *Agreement* and to construe this *Agreement* to determine whether the Member is entitled to benefits. For health benefit plans that are subject to the Employee Retirement Income Security Act (ERISA), Health Plan is a "named claims fiduciary" with respect to review of claims under this *Agreement.*

Governing Law

Except as preempted by federal law, this *Agreement* will be governed in accordance with the laws of the State of Colorado. Any provision required to be in this *Agreement* by state or federal law shall bind Group and Health Plan whether or not set forth herein.

Member Information

Group will inform Subscribers of eligibility requirements for Members and when coverage becomes effective and terminates.

When Health Plan notifies Group about changes to this *Agreement* or provides Group other information that affects Members, Group will disseminate the information to Subscribers by the next regular communication to them, but in no event later than 30 days after Group receives the information.

Group will provide electronic or paper summaries of benefits and coverage (SBCs) to participants and beneficiaries to the extent required by law, except that Health Plan will provide SBCs to Members who make a request to Health Plan.

No Waiver

Health Plan's failure to enforce any provision of this *Agreement* will not constitute a waiver of that or any other provision, or impair Health Plan's right thereafter to require Group's strict performance of any provision.

Notices

Notices must be delivered in writing to the address listed below, except that

- Health Plan and Group may each change its notice address by giving written notice to the other
- Health Plan may send notices and all other documents to Group's broker instead of sending them directly to Group if Health Plan has a Broker of Record statement from Group
- Health Plan may send notices and all other documents to Group's consultant instead of sending them directly to Group if Group has given Health Plan written notice that Group is represented by a consultant

Notices are deemed given when delivered in person or deposited in a U.S. Postal Service receptacle for the collection of U.S. mail.

Representation Regarding Waiting Periods

By entering into this Agreement, Group hereby represents that Group does not impose a waiting period exceeding 90 days on employees who meet Group's eligibility requirements. For purposes of this requirement, a "waiting period" is the period that must pass before coverage for an individual who is otherwise eligible to enroll under the terms of a group health plan can become effective, in accordance with the waiting period requirements in the Patient Protection and Affordable Care Act and regulations.

In addition, Group represents that eligibility data provided by the Group to Health Plan will include coverage effective dates for Group's employees that correctly account for eligibility in compliance with the waiting period requirements in the Patient Protection and Affordable Care Act and regulations.

Social Security and Tax Identification Numbers

Within 30-60 days after Health Plan sends Group a written request, Group will send Health Plan a list of all Members covered under this Group Agreement, along with the following:

- The Member's Social Security number

- The tax identification number of the employer of the Subscriber in the Member's Family Unit
- Any other information that Health Plan is required by law to collect

Time Limit on Reporting Membership Changes
Group must report membership changes (including sending appropriate membership forms) within the time limit for retroactive changes and in accordance with any applicable "rescission" provisions of the Patient Protection and Affordable Care Act and regulations. The time limit for retroactive membership **additions** is the calendar month when Health Plan receives Group's notification of the change plus the previous two months, unless Health Plan agrees otherwise in writing.

Involuntary Kaiser Permanente Senior Advantage Membership Termination
Group must give Health Plan 30 days prior written notice of Senior Advantage Medicare Plus involuntary membership terminations. An involuntary membership termination that is not in response to a disenrollment notice issued by CMS to Health Plan or received by Health Plan directly from a Member (these events are usually in response to a Member's request for disenrollment to CMS because the Member has enrolled in another Medicare health plan or wants Original Medicare coverage or has lost Medicare eligibility). The membership termination date is the first of the month following 30 days after the date when Health Plan receives a Senior Advantage Medicare Plus membership termination notice unless Group specifies a later termination date. For example, if Health Plan receives a termination notice on March 5 for a Senior Advantage Medicare Plus Member, the earliest termination date is May 1 and Group is required to pay applicable Premiums for the months of March and April.

Voluntary Kaiser Permanente Senior Advantage Membership Termination
If Health Plan receives a disenrollment notice from CMS or membership termination request from the Member, the membership termination date will be in accordance with CMS requirements.

The administration of COBRA and State Continuation of Coverage participants will be in accordance with applicable Federal and State laws.

The parties have caused this *Agreement* to be executed by their duly authorized officers.

Subject: Late Enrollment Penalty

Dear Ms. Hohn:

The purpose of this letter is to acknowledge that you have requested Kaiser Foundation Health Plan of Colorado ("Health Plan") to collect any Late Enrollment Penalties that may be assessed by the Centers for Medicare & Medicaid Services (CMS) for your retirees and their dependents ("Members") who did not sign up for Medicare Part D prescription drug coverage when they were first eligible.

Starting January 1, 2018 and for the duration of your 2018 Plan Year, Health Plan will bill Members directly on a monthly basis if they owe a Late Enrollment Penalty. We will bill only for the amount of their Late Enrollment Penalty each month. An explanation of the Late Enrollment Penalty, along with instructions to contact Health Plan with questions or concerns, will be included with each month's statement. We will continue to bill the Members for the Late Enrollment Penalty during the Plan Year for as long as they remain enrolled in the Kaiser Permanente Senior Advantage coverage that you have purchased.

Please note that pursuant to federal guidelines, we may disenroll individuals for nonpayment of the Late Enrollment Penalty, consistent with our disenrollment policies for nonpayment of premium.

Your agreement with Health Plan indicates that we will increase your Premiums by the amount of the Late Enrollment Penalty owed by your Members. However, due to your request that we bill your Members directly, this acknowledgement letter hereby supersedes that provision. Accordingly, by this letter you acknowledge that the Group Agreement between Health Plan and County of Adams for the Plan Year January 1, 2018, is hereby amended as follows:

The following provision in the Section "Late Enrollment Penalty" is hereby deleted in its entirety:

> *If any Members are subject to the Medicare Part D late enrollment penalty, Premiums for those Members will increase to include the amount of the penalty.*

To confirm your acceptance of the terms of this letter, please sign and date a copy of this letter.

Please contact your Health Plan Account Manager if you have questions about the Late Enrollment Penalty or the information in this letter.

On June 25, 2007, the Board of County Commissioners approved a final plat (Filing #2) to create 4 lots on 20.8 acres of the 307 acre FDP.

On November 14, 2017, the Board of County Commissioners approved a preliminary plat (Filing #3 of the PUD) to create 5 lots on 25.8 acres of the 307 acre FDP.

The subject request will create this lot.

SUMMARY OF APPLICATION

Background:

The applicant, Kenneth Newby, is requesting a minor subdivision final plat (filing # 5) to create one single-family lot within the approved 307-acre FDP. The proposed filing is consistent with the approved FDP and the purpose and intent of the PUD. There are 18 lots approved with an FDP; however, only 12 lots have obtained approval of a final plat. Approval of this request will result in 13 approved lots with final plats. The remaining five lots approved with the FPD have received preliminary plat approval, but yet to submit for a final plat approval.

Site Characteristics:

The subject site is located approximately 1,300 feet northeast of the intersection of East 38th Avenue and Headlight Road. The property is vacant. The subject site has access on East 38th Avenue to the south. The proposed five acre lot is part of a 247 acre parcel of land with 217 acres reserved in a conservation easement. Three sections of the property will be surrounded by the conservation easement.

Development Standards and Regulations Requirements:

Per Section 5-03-03 of the County's Development Standards and Regulations, subdivision plats and lot dimensions are required to conform to requirements of the zone district in which the property is located. In addition, all lots created by a subdivision shall have access to a County maintained right-of-way. The minimum lot size required in the Comanche Vista Estates PUD is five acres. The proposed lot conforms to the minimum lot size allowed in the PUD. In addition, the proposed lot will have access on a County maintained right-of-way.

Provisions of adequate water and sewer service are required for approval of a final plat. The applicant has demonstrated the ability to provide water and sewer services to serve the lots through individual well and septic systems. Per Section 5-04 of the County's Development Standards and Regulations, public improvements may be required to be constructed with the development of a subdivision. There are no public improvements required with the proposed plat. Sections 5-05-04 and 05-05-05 of the County's Development Standards require land dedication to support new or expanded parks and schools. Cash-in-lieu, if deemed by the Board of County Commissioner to be appropriate, may be accepted for the land dedication. The applicant has provided $632.11 as cash-in-lieu of the school district land dedication and $177.61 for the parks land dedication.

Future Land Use Designation:

The future land use designation on the property is Parks & Open Space. The 217 acres of conservation easement seems to be the likely reason for the future land use designation. Other lots in the subdivision are designated as estate residential. Per Chapter 5 of the County's Comprehensive Plan, Parks & Open Space areas are intended to provide conservation areas for wildlife. The Estate Residential future land use areas are intended for rural residential development at a density of less than one dwelling unit per acre. As shown on the plat (see Exhibit 3.2), 217 acres of land surrounding the lot is reserved as conservation easement. The proposed final plat complies with the approved FDP and the County's Comprehensive Plan.

Surrounding Zoning Designations and Existing Use Activity:

Northwest PUD Conservation Easement	**North** PUD Conservation Easement	**Northeast** PUD Conservation Easement
West PUD Conservation Easement	**Subject Property** PUD Single-Family Residential	**East** PUD Conservation Easement
Southwest A-3 Vacant	**South** A-3 Vacant	**Southeast** A-3 Vacant

Compatibility with the Surrounding Land Uses:

The property to the north, west, and east of the subject property are located within the Comanche Vista Estates PUD and reserved as a conservation easement. The property to the south, across East 38th Avenue, is undeveloped, and zoned Agricultural-3 (A-3). Per Section 3-10-01 of the County's Development Standards, the A-3 district is intended for expansive land holdings for dry land and irrigated farming and food production. The proposed request is consistent with the approved FDP and will be compatible with the surrounding properties.

PLANNING COMMISSION UPDATE:

The Planning Commission (PC) considered this case on June 28, 2018. Ms. Lisa Gard, the applicant's representative, and Mr. Kenneth Newby, the property owner and applicant, both spoke at the meeting and had no concerns with the staff report or presentation. The PC asked staff if a comprehensive plan amendment was required with the application. Staff informed the PC that the request is for a final plat for a residential use approved in a PUD and does not require a comprehensive plan amendment. There was no one from the public to speak in favor or in opposition to the request.

The Planning Commission voted (7-0) to recommend approval of the request.

Staff Recommendations:

Based upon the application, the criteria for approval of a final plat, and a recent site visit, staff recommends approval of this request with 11 findings-of-fact and 1 condition.

RECOMMENDED FINDINGS-OF-FACT

1. The final plat is consistent and conforms to the approved sketch plan.
2. The final plat is in conformance with the subdivision design standards.
3. The applicant has provided evidence that a sufficient water supply has been acquired in terms of quantity, quality, and dependability for the type of subdivision proposed, as determined in accordance with the standards set forth in the water supply standards.
4. The applicant has provided evidence that provision has been made for a public sewage disposal system and, if other methods of sewage disposal are proposed, adequate evidence indicating that the system complies with state and local laws and regulations.
5. The applicant has provided evidence to show all areas of the proposed subdivision, which may involve soil or topographical conditions presenting hazards or requiring special precautions have been identified by the applicant and the proposed uses of these areas are compatible with such conditions.
6. The proposed or constructed drainage improvements are adequate and comply with these standards and regulations.
7. Adequate public facilities or infrastructure, or cash-in-lieu, for impacts reasonably related to the proposed subdivision have been constructed or financially guaranteed through cash-in-lieu or a subdivision improvements agreement so the proposed subdivision will not negatively impact the levels of service of the County.

8. The final plat is consistent with the Adams County Comprehensive Plan and any available area plan.
9. The final plat is consistent with the purposes of these standards and regulations.
10. The overall density of development within the proposed subdivision conforms to the zone district density allowances.
11. The proposed subdivision is compatible with the surrounding area, harmonious with the character of the neighborhood, not detrimental to the immediate area, not detrimental to the future development of the area, and not detrimental to the health, safety, or welfare of the inhabitants of the area and the County. The proposed subdivision has established an adequate level of compatibility by:
    a. Incorporating natural physical features into the development design and providing sufficient open spaces considering the type and intensity of use;
    b. Incorporating site planning techniques to foster the implementation of the County's plans and encourage a land use pattern to support a balanced transportation system, including auto, bike and pedestrian traffic, public or mass transit, and the cost effective delivery of other services consistent with adopted plans, policies and regulations of the County;
    c. Incorporating physical design features in the subdivision to provide a transition between the project and adjacent land uses through the provision of an attractive entryway, edges along public streets, architectural design, and appropriate height and bulk restrictions on structures; and
    d. Incorporating identified environmentally sensitive areas, including but not limited to, wetlands and wildlife corridors, into the project design.

RECOMMENDED CONDITION OF APPROVAL

1. All utilities shall be located underground pursuant to the Adams County Development Standards and Regulations.

Adams County staff reviewed the subject and determined the proposed final plat conforms to the County's Development Standards and Regulations.

REFERRAL AGENCY COMMENTS

During the referral period, the Colorado Geologic Survey stated there is collapsible soil in the area, and requested special precautionary measures to be considered during development of the site. 3. WRITTEN EXPLANATION OF THE PROJECT – Comanche Vista Estates Homesite Filing

The purpose of this project is to complete the application and filing for the minor subdivision of the 5 acre Homesite for the Comanche Vista Estates Planned Unit Development (PUD), originally certified by the Adams County Clerk and Recorder on August 27, 2003. The PUD was approved for development to allow 17-5+ acre lots and 1-future 5+ acre unsubdivided homesite "Homesite" that could be platted later. Filing No. 1, 2 and 4 final plats were approved between 2003 and 2007, along with an Agricultural Reserve of approximately 216.625 acres. Filing 3 is currently in the final review process. The last parcel to be created is the Homesite parcel for this PUD.

The proposed water supply plan is for all lots to be served by individual wells into the Laramie-Fox Hill aquifer. Sewer service will be individual on-site sewage disposal systems. Land use plat notes that were included on Filing No. 1, 2, 3 and 4, and are also included on the Homesite parcel, are as follows:

1. Soil Conditions – outlines the notice that soils may have high shrink swell potential and shall be designed to minimize foundation damage and movement, engineered sewage disposal systems may be required, and perched groundwater may be created if areas around foundations are excessively irrigated.
2. Sewer Service – outlines provisions for sewer service, including the Onsite Wastewater Systems (OWS) required maintenance responsibilities per recommendations of Tri-County Health.
3. County Drainage Policy – the County's standard drainage policy notes are also included on the plat per requirements of the Community & Economic Development Department including maintenance responsibilities.

ENG1: East 38th Avenue is a rural arterial road. There are no public improvements required along E. 38th Avenue; therefore a Subdivision Improvement Agreement is not required to be submitted with the proposed plat.
ENG2: The proposed subdivision is generating less than 20 vehicles per day, a traffic impact study is not required.
ENG3; The proposed development has less than 3000 square feet of impervious surface, therefore a drainage study is not required.

PLN03: Please provide more information in regard to the payment of PLD fees. Although some PLD fees appear to have been paid in June 2003, my records indicate that those fees were paid toward only two of the 18 lots of the PUD. I checked the last approved filing from 2007, and it appears that PLD fees were paid in 2007 as part of that filing.

ROW1) SUBMIT TITLE COMMITMENT: Please submit a title commitment which should be used to depict the applicable recordings on the plat. Please send Adams County a copy of the title commitment with your application dated no later than 30 days to review in order to ensure that any other party's interests are not encroached upon.

ROW2) Revise Property Description/ Legal Description:

a. An accurate and clear property (legal) description of the overall boundary of the subdivision with the acreage of the subdivision. All courses in the property (legal) description shall be shown and labeled on the plat drawing, with all bearings having the same direction as called out in the legal description. The only exception being where more than one description is required, going a different direction over the same course. The direction shall then hold for the description having more weight (i.e., the overall boundary) for purposes of the plat. If both record and "as-measured" dimensions are being used, show both and clearly label on the plat drawing. Point of commencement and/or point of beginning shall be clearly labeled on the plat drawing.

PLN01: A subdivision improvements agreement (SIA) must be submitted with separate application. This agreement must be reviewed by staff prior to scheduling the final plat for public hearings. Compliance with the subdivision design standards includes: public improvements and PLD fees. Traffic and drainage studies are also included in these criteria,
PLN05: The design of the lot appears to comply with the minimum standards of the Comanche Vista estates PUD. No further revision to the lot configuration appears to be necessary.

Subject: Comanche Vista Estates Filing No. 5 – Final Plat
Project Number PLT2017-00019; Adams County, CO; CGS Unique No. AD-18-0007

Dear Greg:

Colorado Geological Survey has reviewed the Comanche Vista Estates Filing No. 5 preliminary plat referral, for one five-acre "Homesite" lot located on the north side of E. 38th Ave., about 1500 feet east of Headlight Road, north of Strasburg. With this referral, I received a Request for Comments (November 28, 2017), a Written Explanation (undated), and a set of two plat sheets (R.W. Bayer & Associates, September 28, 2017). CGS previously reviewed a Comanche Vista Estates sketch plan referral, which included a Groundwater and Soils Investigation (Judith Hamilton, June 14, 2002).

The site does not contain steep slopes, is located outside of the Comanche Creek flood hazard zone, is not undermined, and is not exposed to any geologic hazards that would preclude the proposed residential use and density. **CGS therefore has no objection to approval of the plat as proposed.** The Soil Condition plat note satisfactorily addresses potential soils-related concerns. These constraints will need to be addressed prior to building permit application, and include:

Collapsible and expansive soils. The site is underlain by relatively low density, low strength, eolian (wind-deposited) silts, clays and sands. Some of the soils are calcareous. Eolian soils, especially those containing soluble calcareous minerals, tend to be loose, fine-grained, and hydrocompactive, meaning they can lose strength, settle, compress, or collapse when water infiltrates the soils. Thick columns of compressible or collapsible soils can result in very significant settlement and structural damage. Alternatively, clay minerals and clayey pockets within the surficial soils may exhibit volume changes (shrink-swell) in response to changes in water content. Potentially highly expansive claystones and shales of the Dawson arkose are present at unknown depths beneath the surficial soils. If claystone layers capable of producing high swell pressures are present within a few feet of foundation bearing depths, they can cause significant structural damage if not properly characterized and mitigated. Lignite is a relatively soft, low-strength material present as layers and discontinuous lenses within the Dawson, and is unsuitable as a foundation bearing material.

Lot-specific geotechnical investigations consisting of drilling, sampling, lab testing and analysis will be needed, once a building location has been identified, to: determine the thickness and extent to which the soils beneath the proposed home are subject to collapse under loading and/or wetting; characterize soil and bedrock engineering properties such as density, strength, water content, swell/consolidation potential

and bearing capacity; determine depths to groundwater, bedrock, and any impermeable layers that might lead to development of a perched water condition; verify the feasibility of a full-depth basement, if planned; and provide earthwork, foundation, floor system, subsurface drainage, and pavement recommendations for design purposes. It is imperative that grading, surface drainage, and subsurface drainage are correctly designed, constructed and maintained to prevent wetting of potentially collapsible and expansive soils in the immediate vicinity of foundation elements.

Thank you for the opportunity to review and comment on this project. If you have questions or require additional review, please call me at (303) 384-2643, or e-mail carlson@mines.edu.

Re: COMMANCHE VISTA ESTATES F5
Case No.: PLT2017-00019

Dear Mr. Barnes:

The Association has reviewed the contents in the above-referenced referral response packet. We reviewed the project for maintaining our existing facilities, utility easements, electric loading, and service requirements. We are advising you of the following concerns and comments:

The Association will require a fifteen-foot (15') utility easement adjacent to East 38th Ave. for the installation of electric facilities. The smaller width easements depicted on the plat will create difficulties during installation of dry utilities due to the limited amount of space made available.

Sincerely,
Brooks Kaufman

RE: Comanche Vista Estates Filing 5, PLT2017-00019
TCHD Case No. 4686

Dear Mr. Barnes,

Thank you for the opportunity to review and comment on the minor subdivision final plat to create one new lot in the Comanche Vista Estates PUD located at East 38th Ave and Headlight Road. Tri-County Health Department (TCHD) staff has reviewed the application for compliance with applicable environmental and public health regulations and principles of healthy community design. After reviewing the application, TCHD has the following comments.

On-Site Wastewater Treatment Systems – Plat Note
Proper wastewater management promotes effective and responsible water use, protects potable water from contaminants, and provides appropriate collection, treatment, and disposal of waste, which protects public health and the environment. TCHD requests that the plat note titled "Onsite Water Systems" be revised to reflect current terminology and regulatory requirements in TCHD's On-Site Wastewater Treatment System (OWTS) Regulation O-17. The term Onsite Water Systems should be revised to On-Site Wastewater Treatment Systems wherever present in the plat note. The plat note states:

> "Tri-County Health Department requires that septic tanks be pumped and inspected every four years. Each property owner shall have his septic tank pumped and inspected by a systems cleaner, licensed by Tri-County Health Department, at least every four years, and shall submit a receipt indicating that the septic system has been pumped and inspected to the Tri-County Health Department, Commerce City office. In addition to pumping, the OWS have other maintenance and use requirements that can prevent failure of the system. The Tri-County Health Departments "Septic System Guidelines and Records" has been prepared to educate and advise owners of OWS about use and maintenance of their OWS. Property owners can obtain copies of the guide, as well as information about OWS from Tri-County Health Department's Commerce City office".

Section 6.5 of TCHD's Regulation O-17 states "all septic tanks shall be inspected once every four years and pumped when the accumulation of sludge and scum is greater than 25% of the operating volume of the treatment tank. Dosing tanks shall be

inspected and pumped if sludge accumulation is observed". TCHD recommends that the plat note be changed to the following:

> "Tri-County Health Department (TCHD) requires that septic tanks be inspected once every four years and pumped by a system cleaner, licensed by TCHD, when the accumulation of sludge and scum is greater than 25% of the operating volume of the treatment tank. The dosing tanks shall be inspected and pumped if sludge accumulation is observed. Each property owner shall submit a receipt indicating that the septic system has been inspected and pumped (if applicable) to the TCHD's Commerce City office. The TCHD's "Septic System Guidelines and Records" has been prepared to educate and advise owners of On-Site Wastewater Treatment System (OWTS) about use and maintenance of their OWTS. Property owners can obtain copies of the guide, as well as information about OWTS from TCHD Commerce City office".

On-Site Wastewater Treatment System (OWTS) – New OWTS Installation
The proposed residential lot will be served by OWTS. TCHD has no objection provided that the OWTS are permitted, installed, operated and maintained in accordance with our current regulation.

Please feel free to contact me at 720-200-1593 or mweakley@tchd.org if you have any questions.

Michael Weakley

SUMMARY OF APPLICATION

Background

Centerline Solutions, the applicant, is requesting a conditional use permit to allow a commercial telecommunications tower on the subject property. According to the applicant and the application documents, the proposed tower and associated antennae will be designed to

look similar to a silo, which will blend with the surrounding neighborhood. None of the associated antennae will be visible from outside the silo structure. Verizon Wireless will be the main carrier using the tower; however co-location opportunities will be provided for other carriers.

The tower would occupy approximately 1,200 square feet of a fourteen (14) acre parcel. Specifically, the tower will be located on the southeastern section of the larger property (see Exhibit 3.2) approximately five-hundred fifty (550) feet from East 100th Avenue. Elevation plans, submitted with the application, show the tower will be seventy (70) feet in height (see Exhibit 3.2). The applicant is proposing to construct a six-foot high wooden fence around the perimeter of the tower site, and to landscape the exterior perimeter of the fence with shrubs. Landscape plans submitted with the application show the shrubs are projected to reach a mature height of three (3) feet, and will be planted twelve (12) feet apart.

Site Characteristics:

The subject property is located on the southeastern corner of East 100th Avenue and Riverdale Road. Currently, the property is vacant. The site will have access onto East 100th Avenue through an easement. The properties to the west and south of the site are in the municipal boundaries of the City of Thornton. The properties to the north and east are in unincorporated Adams County, and developed as single-family residential or agricultural. These properties are zoned A-1.

Development Standards and Regulations Requirements:

Per Section 3-07-01 of the Adams County Development Standards and Regulations, a conditional use permit is required for a commercial telecommunications tower in the A-1 zone district. Section 4-09-02-07 of the County's Development Standards and Regulations outlines design and performance standards for telecommunication facilities. These standards include maximum height, landscaping, screening, setbacks from property lines, separation from other freestanding facilities, and setbacks from residential uses. The elevation plans, provided with the application, show the tower is proposed to be 70 feet in height and will be designed to resemble a silo. The maximum height allowed in the A-1 zone district for dwellings is thirty-five (35) feet; however, agricultural structures are allowed to be seventy (70) feet in height. Per Section 4-09-02-07(3a) of the Development Standards, the Board of County Commissioners, through the conditional use permit, may grant an exception to the height of the telecommunication tower to exceed the maximum height allowed in the zone district. The subject request includes allowing the height of the tower to be 70 feet.

Per Section 4-09-02-07(3) of the County's Development Standards and Regulations, freestanding telecommunication towers shall not be located closer than the height of the tower from any property line. The proposed telecommunication tower will be located 77 feet from the nearest property line to the south, thus conforming to the required setback standards. Section 4-09-02-07(3d) of the County's Development Standards and Regulations requires new telecommunication towers to be located no closer than 1,000 feet from the nearest telecommunications tower. From the information submitted by the applicant, the proposed location of the tower conforms to the County's spacing requirement, as the nearest tower is

located approximately 1,260 feet. The applicant also provided a coverage map of the area to demonstrate the need for the proposed tower.

Landscaping is required to screen the telecommunication tower as outlined in Section 4-09-02-07(3b) of the County's Development Standards and Regulations. The site plan submitted with the application shows all equipment associated with the telecommunication tower will be located and enclosed inside the structure or inside the proposed six-foot screen fence. The landscape plan, provided with the application, shows installation of seven (7) shrubs along the exterior of the fence. This is to enhance the aesthetic view of the property. The proposed screening and landscaping conform to the County's requirements outlined in Section 4-09-02-07(3) of the Development Standards and Regulations for landscaping and screening.

The County's Development Standards requires a bond to be in place to ensure removal of the tower if it is abandoned or is no longer needed. Staff has recommended a condition of approval that requires the applicant to provide such a bond in the amount of $30,000.

Future Land Use Designation/Goals of the Comp-Plan for the Area

The future land use designation on the property is Urban Residential. Per Chapter 5 of the Adams County Comprehensive Plan, Urban Residential designated areas are intended to provide a variety of housing types at a density greater than one dwelling unit per acre. In addition, complementary and supporting uses like neighborhood-serving retail, schools, and community facilities are also appropriate in Urban Residential, provided that those uses are compatible with residential neighborhoods. The request to allow a telecommunications tower on the subject property is consistent with the County's Comprehensive Plan, as the use will enhance provision of telecommunication services to surrounding area residents.

Surrounding Zoning Designations and Existing Use Activity:

Northwest **Thornton** **Single-Family Residential**	**North** **A-1** **Single-Family Residential**	**Northeast** **PUD** **Single-Family Residential**
West **Thornton** **Mobile Home Park**	**Subject Property** **A-1** **Vacant**	**East** **A-1** **Single-Family Residential, Nursery, Agricultural**
Southwest **A-1** **Commercial Radio Towers**	**South** **Thornton** **Vacant**	**Southeast** **A-1** **Single-Family Residential**

Compatibility with the Surrounding Land Uses:

The tower is proposed to be located on the southeastern corner of a larger 14 acre lot, and approximately 550 feet from the nearest public street. There is a 50-acre parcel located directly south of the proposed location of the tower. This parcel is owned by the City of Thornton, and is currently vacant. The closest adjoining properties to the tower are used as a plant nursery,

farming, and single-family residential dwelling. There is no residential dwelling located within 500 feet of the tower. The tower will be compatible to the surrounding uses.

PLANNING COMMISSION UPDATE:

The Planning Commission (PC) considered this case on June 28, 2018, and voted (7-0) to recommend approval of the request. Mr. Mark McGarey, the applicant's representative, spoke at the meeting and had no concerns with the staff report or presentation. At the hearing, the PC asked staff about the current use of the property and also if trees were needed to improve compatibility of the tower to the surrounding area. Staff informed the PC that the property is currently vacant, and the location of the tower is approximately 550 feet away from the closest street. This makes the tower hardly visible from public view. The tower will also be enclosed in a silo structure with a six-foot solid screen fence around it.

One resident spoke during the public hearing and expressed concerns with issues with drainage along the driveway at the northern edge of the property. Staff informed the PC that an access permit would be required at the time of building permit review for the telecommunication tower structure.

Staff Recommendations:

Based upon the application, the criteria for approval of a conditional use permit, the County's Comprehensive Plan, and a recent site visit, staff recommends approval of the request with 8 findings-of-fact, one condition precedent, six conditions, and one note.

Findings-of-fact for Approval:

1. The conditional use is permitted in the applicable zone district.
2. The conditional use is consistent with the purposes of these standards and regulations.
3. The conditional use will comply with the requirements of these standards and regulations, including but not limited to, all applicable performance standards.
4. The conditional use is compatible with the surrounding area, harmonious with the character of the neighborhood, not detrimental to the immediate area, not detrimental to the future development of the area, and not detrimental to the health, safety, or welfare of the inhabitants of the area and the County.
5. The conditional use permit has addressed all off-site impacts.
6. The site is suitable for the proposed conditional use including adequate usable space, adequate access, and absence of environmental constraints.
7. The site plan for the proposed conditional use will provide the most convenient and functional use of the lot including the parking scheme, traffic circulation, open space, fencing, screening, landscaping, signage, and lighting.
8. Sewer, water, storm water drainage, fire protection, police protection, and roads are available and adequate to serve the needs of the conditional use as designed and proposed.

Recommended Conditions Precedent:

1. The applicant shall submit a performance bond in the amount of $30,000 for removal. The bond documents shall be submitted, and approved by the Director of Community and Economic Development prior to approval of any associated building permit.

Recommended Conditions:

1. The applicant shall obtain a building permit for the telecommunications tower.
2. The conditional use permit shall expire on July 17, 2028.
3. The height of the freestanding telecommunications tower shall not exceed 70 feet.
4. The tower shall provide for co-location opportunities for other carriers.
5. Any telecommunications facility, that ceases to be in operation for a consecutive period of six months or more, shall be removed from the site within 90 days of the end of such period of non-use. The County shall have the right to enter the property to remove the tower should it cease to operate or abandoned.
6. An access permit shall be obtained for the proposed driveway along East 100th Avenue.

Recommended Notes to the Applicant:

1. All applicable building, zoning, health, engineering, and fire codes shall be adhered to with this request.

Subject: Verizon Hailstorm – CUP Application for a Telecommunications Tower
Case No. RCU2017-00042, Adams County, CO; CGS Unique No. AD-18-0006

Dear Mr. Barnes:

Colorado Geological Survey has reviewed the Verizon Hailstorm CUP referral for a 65 ft. commercial telecommunications facility designed to look like a grain silo at 4992 E. 100th Ave., Thornton. With this referral, we received a Request for Comments (October 30, 2017), a location and zoning map, a project description (Centerline Solutions, October 18, 2017), and an Overall Site Plan and Existing Conditions map and Site Elevations (Centerline, August 4, 2017).

The site is approximately 13.5 acres. The proposed Verizon access and utility easement is located along the eastern and southern property boundaries, with the proposed tower centered about 90 feet north and 184 feet west of the southeastern corner. Lower Clear Creek Canal traverses the western portion of the property.

The property is located within Adams County's Mineral Conservation Overlay District, near the edge of a mapped T1 resource. The resource is described* as a stream terrace deposit, resource classification coarse aggregate, consisting of relatively clean and sound gravel. A determination regarding whether this deposit constitutes an economically viable mineral resource would require a site-specific investigation consisting of drilling, sampling, laboratory testing, and analysis. This analysis is outside the scope of CGS review. However, several factors appear to preclude extraction of any potential resource on the subject site: the relatively small size of the property, the presence of the ditch, and nearby residential development (due to noise, air quality, and visual impact concerns). Additionally, the proposed Verizon lease area and access & utility easement are located near the perimeter of the site and would not appear to preclude future resource extraction.

CGS is available to review any analysis required by the county regarding the presence or absence of a resource of commercial quality and quantity. Thank you for the opportunity to review and comment on this project. If you have questions or require additional review, please call me at 303-384-2643, or e-mail carlson@mines.edu.

Sincerely,

Jill Carlson, C.E.G.

Re: Verizon Hailstorm, Case # RCU2017-00042

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the conditional use permit documentation for **Verizon Hailstorm** and has **no apparent conflict**.

Should the project require any new electric service the property owner/developer/ contractor must complete the **application process** via FastApp-Fax-Email-USPS (go to: https://www.xcelenergy.com/start, stop, transfer/new construction service activation for builders). It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details. Additional easements may need to be acquired by separate document for new facilities.

As a safety precaution, PSCo would like to remind the developer to call the **Utility Notification Center** at 1-800-922-1987 to have all utilities located prior to any construction.

If you have any questions about this referral response, please contact me at (303) 571-3306.
