Proclamation

"Domestic Violence Awareness Month"
October 2022

Whereas, one in three women will experience domestic violence during her lifetime; one in every four women will experience sexual assault in her lifetime; and one in seven men have been the victim of severe physical violence by an intimate partner in their lifetime; and,

Whereas, approximately 15.5 million children are exposed to domestic violence every year; and 7 million children live in families in which severe intimate partner violence occurred; and,

Whereas, domestic violence incidents increased by 8.1% nationwide during the COVID pandemic; and,

Whereas, domestic violence is a serious crime that affects people of all races, ages, gender, and income levels; and,

Whereas, the crimes of domestic and sexual violence violate an individual's privacy, dignity, security, and humanity due to the systematic use of physical, emotional, sexual, psychological, and economic control and/or abuse; and,

Whereas, victims of violence should have access to medical and legal services, counseling, emergency and transitional housing, and other supportive services so that they can safely escape the cycle of abuse especially during this current public health crisis; and,

Whereas, we encourage domestic and sexual violence victims and their families to seek assistance from appropriate victims' services organizations such as the dedicated systems and non-profit based victim advocates in Adams County; and,

Whereas, the 17th Judicial District Domestic Violence High Risk Team, state coalitions, national organizations, and other agencies nationwide are committed to increasing public awareness of domestic and sexual violence and its prevalence, and to eliminating it through prevention and education; and,

Whereas, important partnerships have been formed among criminal and juvenile justice agencies, healthcare providers, allied professionals, and victim services to assist victims of domestic and sexual violence and their families; and,

Whereas, Adams County, Colorado, has a moral obligation to work to prevent domestic violence, address its brutal and destructive effects and make ending domestic violence a local priority.

Now, Therefore, Be It Resolved, that the Board of Commissioners, of the County of Adams, State of Colorado, proclaims October 2022 as

"Domestic Violence Awareness Month"

and urges all residents to actively support first responders, victim of crime and their service providers in our community, to work towards the elimination of domestic violence and sexual assault.

In witness whereof, we have set our hands and caused the seal of the county to be affixed October 11, 2022.

Proclamation

"Global Diversity Awareness Month"

October 2022

Whereas, each year, the United States observes Global Diversity Awareness Month in October by celebrating and acknowledging the value of each human being, regardless of their nationality, color, race, sex, gender, country of origin, language, or otherwise; and,

Whereas, Global Diversity Awareness Month serves as a reminder of the positive impact a diverse culture of people can have on society as a whole; and,

Whereas, the population of Adams County is composed of many different races and cultural backgrounds, based on the most recent census estimates; and,

Whereas, after the Second World War, the Universal Declaration of Human Rights was adopted by the United Nations General Assembly at the Palais de Chaillot in Paris. The Declaration represents the first global expression of rights to which all human beings are inherently entitled; and,

Whereas, Global Diversity refers to the range of differences that describes the composition of a group of two or more people, in a cross-cultural and multi-national context. Many individuals and organizations, including Adams County, believe positively viewing and appreciating global diversity will allow us to adopt more inclusive practices around the world; and,

Whereas, Adams County's A-Proud affinity groups embrace our diverse culture by providing employee-led groups, sharing a common experience, interest, or goal. These affinity groups provide support, enhance career development, and contribute to an overall positive work environment; and,

Whereas, there are many different ways to celebrate Global Diversity Awareness Month, which include hosting a multicultural movie night with foreign films, attending a cultural art exhibit, enjoying music from different parts of the world, supporting minority owned business or creating a celebration of your own.

Now, Therefore, Be it Resolved, that the Board of Commissioners, of the County of Adams, State of Colorado, proclaims October 2022 as

"Global Diversity Awareness Month"

and encourages all residents to honor the rich diversity of different cultures found within the county.

In witness whereof, we have set our hands and caused the seal of the county to be affixed October 11, 2022.

Proclamation

"National Disability Employment Awareness Month"

October 2022

Whereas, in October, Americans observe National Disability Employment Awareness Month by recognizing the accomplishments of the women and men with disabilities whose work helps keep the nation's economy strong and by reaffirming the commitment to ensure equal opportunity for all citizens; and,

Whereas, it is estimated approximately 5% of the United States total workforce live with at least one disability; and,

Whereas, this effort to educate the public about issues related to disability and employment began in 1945, when Congress enacted Public Law 176, declaring the first week of October each year as National Employ the Physically Handicapped Week; and,

Whereas, in 1962, the word "physically" was removed to acknowledge the employment needs and contributions of those with all types of disabilities. Twenty-five years later, Congress then expanded the week recognition to a month and changed the name to what we know it as today; and,

Whereas, this year's theme, "Disability: Part of the Equity Equation," invites us to recognize that this awareness month is more than a celebration, it's a call to action. It's a time to recommit to the hard work of advocating for better employment opportunities and outcomes for workers with disabilities; and,

Whereas, Adams County's employee-led A-Proud affinity group, Positivity Disability, provides a safe, and welcoming environment to foster support, awareness, education, and advocacy in and around the Disability Community.

Now, Therefore, Be It Resolved, that the Board of Commissioners, of the County of Adams, State of Colorado, proclaims October 2022 as

"National Disability Employment Awareness Month"

and encourages all residents to honor the multitudes of skills and talents of people with disabilities and the important impact that they have on our society.

In witness whereof, we have set our hands and caused the seal of the county to be affixed October 11, 2022.

PUBLIC HEARING AGENDA ITEM

DATE OF PUBLIC HEARING: October 11, 2022
SUBJECT/TITLE: Resolution Approving the Amendment to the Flexible Benefits Plan
FROM: Cindy Bero
AGENCY/DEPARTMENT: People & Culture Services
HEARD AT STUDY SESSION ON:
RECOMMENDED ACTION: That the Board of County Commissioners approves the amendment to the Flexible Spending Account that allows employees an extended grace period of 12 months for both 2020 and 2021.

BACKGROUND:
The Adams County Board of County Commissioners had previously approved the establishment of Health Care and Dependent Care Flexible Spending Accounts (FSA) for the benefit of eligible Adams County employees as a way to save money on applicable out-of-pocket expenses. During the uncertainty of the Covid-19 pandemic, the option was given to FSA plan sponsors to extend the grace period in which to incur and submit claims. By amending the plans to temporarily allow a 12-month grace period, this will help ensure employees don't lose money in their FSA plans due to changing circumstances. The plan was previously amended to allow for a temporary 12-month grace period for 2020. This amendment is to continue the temporary 12-month grace period for 2021 (and 2020).

WHEREAS, plan sponsors of flexible spending accounts have been given the option to temporarily extend the grace period of these plans to twelve months; and,

WHEREAS, the attached Amendment to the Health Care and Dependent Care Flexible Benefits Plan will temporarily amend the flexible spending accounts to temporarily allow a twelve-month grace period for plan years 2020 and 2021.

NOW, THEREFORE, BE IT RESOLVED, that the Board of County Commissioners, County of Adams, State of Colorado, hereby approves the attached Amendment to the Flex Benefits Plan.

AMENDMENT TO THE ADAMS COUNTY GOVERNMENT FLEXIBLE BENEFITS PLAN

This Amendment to the **Adams County Government** Flexible Benefits Plan (the "Plan") is adopted by **Adams County Government** (the "Employer"), effective as of the date set forth herein.
WHEREAS the Employer desires to amend the Adams County Government Flexible Benefits Plan's information as set forth herein.

NOW, THEREFORE, effective January 1, 2020, Adams County Government has amended its Plan to temporarily adopt the changes outlined below.

Extended Grace Period:
Extended Grace Period for twelve (12) months for Health FSAs and DCFSAs - A plan that includes a Health FSA or DCFSA may extend the grace period for a plan year ending in 2020 or 2021 to 12 months after the end of such plan year, with respect to unused benefits or contributions remaining in either arrangement. For example, a 2020 calendar year plan year with a grace period to March 15, 2021 may extend the grace period to December 31, 2021, effectively allowing participants until December 31, 2021 to incur claims against their 2020 plan year balances. Please note that health FSAs may not have both a grace period and a carryover.

Please select the Plan(s) that you would like to apply the extension:

Health FSA ☒ 2020 plan year ☒ 2021 plan year

DCFSA ☒ 2020 plan year ☒ 2021 plan year

Temporary Increase under the American Rescue Plan Act (ARPA) of Maximum Exclusion Amount for the Dependent Care Flexible Spending Arrangement (DCFSA) to $10,500

For taxable years beginning in 2021, the maximum amount of DCFSA benefits permitted for income exclusion is temporarily increased to $10,500 (or $5,250 for married taxpayers filing separately). Plans can be amended retroactively to incorporate this change provided the amendment is adopted no later than the end of the plan year in which the amendment is to be effective and the plan is operated consistently with the terms of the amendment as of the date the amendment is effective.

TERM OF *AGREEMENT* and RENEWAL

Term of Agreement

This *Agreement* is effective for the term shown on the Rate Sheet, unless terminated as set forth in the "Termination of Agreement" section.

Renewal

This *Agreement* does not automatically renew. If Group complies with all of the terms of this *Agreement*, Health Plan will offer to renew this *Agreement* either by sending Group a new Group Agreement to become effective immediately after termination of this *Agreement*, or by extending the term of this *Agreement* pursuant to "Amendments Effective on an Anniversary Date" in the "Amendment of *Agreement*" section. The new or extended Agreement will include a new term of Agreement and other changes. If Group does not renew this *Agreement*, Group must give Health Plan written notice as described under "Termination on Notice" or "Termination Due to Non-Acceptance of Amendments" in the "Termination of *Agreement*" section.

AMENDMENT OF *AGREEMENT*

Amendments Effective on an Anniversary Date

Upon 60 days' prior written notice to Group with respect to benefit or contract changes, or upon 30 days' prior written notice to Group with respect to rate changes, or as otherwise agreed to by Health Plan and Group, Health Plan may extend the term of this *Agreement* and make other changes by amending this *Agreement* effective on any year's Anniversary Date (the Anniversary Date is shown on the Rate Sheet).

Amendments Related to Government Approval

If Health Plan notified Group that Health Plan had not received all necessary government approvals related to this *Agreement*, Health Plan may amend this *Agreement* by giving written notice to Group after receiving all necessary government approvals. Any such government-approved provisions go into effect on the Anniversary Date that next followed Health Plan's original notice to Group of the provisions for which it had sought government approval (unless the government requires a later effective date).

Amendment Due to Tax or Other Charges

If a government agency or other taxing authority imposes or increases a tax or other charge (other than a tax on or measured by net income) upon Health Plan or Plan Providers (or any of their activities), then beginning on the effective date of that tax or charge, Health Plan may increase

Group's Premiums to include Group's share of the new or increased tax or charge. Group's share will be determined by dividing the number of Members enrolled through Group by the total number of members enrolled in the Health Plan.

Amendment Due to Medicare Changes

Health Plan contracts on a calendar-year basis with the Centers for Medicare & Medicaid Services (CMS) to offer Kaiser Permanente Senior Advantage. Health Plan may amend this Agreement to change any Senior Advantage EOCs and Premiums effective January 1, of the following year (unless the federal government requires or allows a different effective date). The amendment may include an increase or decrease in Premiums and benefits including Member Cost Sharing and any Medicare Part D coverage level thresholds. Health Plan will give Group written notice of any such amendment.

Other Amendments

Health Plan may amend this *Agreement* at any time by giving written notice to Group, in order to (a) address any law or regulatory requirement, which may include increasing Premiums to reflect an increase in costs to Health Plan or Plan Providers, or (b) reduce or expand the Health Plan Service Area, or (c) increase any benefits of any Medicare product approved by the Centers for Medicare and Medicaid Services (CMS), if applicable to this *Agreement*.

Group Acceptance of Amendments

All amendments are deemed accepted by Group unless Group gives Health Plan written notice of non-acceptance at least 30 days before the effective date of the amendment to the benefits or contract language, or at least 15 days before the effective date of the amendment to rates, in which case this *Agreement* will terminate pursuant to "Termination Due to Non-Acceptance of Amendments" in the "Termination of *Agreement*" section.

TERMINATION OF *AGREEMENT*

This *Agreement* will terminate under any of the conditions listed below. All rights to benefits under this *Agreement* end on 11:59 p.m. on the termination date, except as expressly provided in the *Evidence of Coverage.*

Health Plan will give Group written notice if this *Agreement* terminates. Within five business days of receipt, Group will mail to each Subscriber a legible copy of the notice and will give Health Plan proof of that mailing and of the date thereof.

Termination on Notice

If Group has Kaiser Permanente Senior Advantage Members

If Group has Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan receives written notice from Group that it is terminating this *Agreement*, Group may terminate this *Agreement* effective the anniversary date, if the anniversary date is the first of the month or the first of the month following the anniversary date if the anniversary date is not the first of the month, by giving at least 30 days' prior written notice to Health Plan and remitting all amounts payable relating to this *Agreement*, including Premiums, for the period prior to the termination date.

If Group does not have Kaiser Permanente Senior Advantage Members

If Group does not have Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan receives written notice from Group that it is terminating this *Agreement*, Group may terminate this *Agreement* effective the anniversary date, if the anniversary

date is the first of the month or the first of the month following the anniversary date if the anniversary date is not the first of the month, by giving at least 60 days' prior written notice to Health Plan and remitting all amounts payable relating to this *Agreement*, including Premiums, for the period prior to the termination date.

Termination Due to Non-Acceptance of Amendments

All amendments are deemed accepted by Group unless Health Plan receives Group's written notice of non-acceptance at least 30 days before the effective date of the amendment, in which case this *Agreement* will terminate on the following date, as applicable:

- In the case of amendments described in the "Amendment of *Agreement*" section under "Amendments Related to Government Approval" and "Amendments Due to Medicare Changes," and amendments described under "Other Amendments" that do not require 60 days notice by Health Plan, if Group has Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan receives written notice of non-acceptance, the termination date will be first of the month following 30 days after Health Plan receives notice of non-acceptance.
- In all other cases, the termination date will be the day before the effective date of the amendment.

Termination for Nonpayment

When Group fails to pay Premiums on or before the Due Date, Group shall have a period of at least thirty-one (31) days to pay all Premiums owed ("Grace Period"). The Grace Period shall begin the day after the Due Date and shall apply to all payments except the first payment. This *Agreement* will remain in full force and effect throughout the Grace Period and Group will remain responsible for payment of Premiums during the Grace Period (and any additional period prior to termination, if that occurs). If Health Plan receives full of payment of Premiums on or before the last day of the Grace Period, this *Agreement* will remain in effect according to its term and conditions.

If Group fails to pay all Premiums owed (including those owed for the Grace Period), then Health Plan may, at its option and in lieu of any other remedy, terminate this *Agreement* without further extension or consideration. Health Plan will notify Group of the past-due amount and the effective date of termination. Such notice shall be sent at least thirty (30) days prior to the effective date of termination. If Premiums are paid after the Grace Period ends, Health Plan may charge interest on the overdue Premiums. Interest shall not accrue during the Grace Period, and the (simple) interest rate shall be six (6) percent per year or the maximum amount permitted by applicable law, whichever is less.

If Group has Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan gives written notice to Group, Health Plan may terminate this *Agreement* effective on one date with respect to Members other than Senior Advantage Members and effective on a later date with respect to Senior Advantage Members in order to comply with CMS termination notice requirements.

Termination for Fraud or for Intentionally Furnishing Incorrect or Incomplete Information

If Group commits fraud or intentionally furnishes incorrect or incomplete material information to Health Plan, Health Plan may terminate this *Agreement* by giving advance notice to Group, and Group is liable for all unpaid Premiums up to the termination date.

If Group has Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan gives written notice to Group, Health Plan may terminate this *Agreement* effective on one date with respect to Members other than Senior Advantage Members and effective on a later date with respect to Senior Advantage Members, in order to comply with CMS termination notice requirements.

Termination for Violation of Contribution or Participation Requirements

If Group fails to comply with Health Plan's contribution or participation requirements, (including those discussed in the "Contribution and Participation Requirements" section), Health Plan may terminate this *Agreement* by giving advance written notice to Group, and Group is liable for all unpaid Premiums up to the termination date.

If Group has Kaiser Permanente Senior Advantage Members enrolled under this *Agreement* at the time Health Plan gives written notice to Group, Health Plan may terminate this *Agreement* effective on one date with respect to Members other than Senior Advantage Members and effective on a later date with respect to Senior Advantage Members, in order to comply with CMS termination notice requirements.

Termination for Movement Outside the Service Area

Health Plan may terminate this *Agreement* upon 30 days' prior written notice to Group if no eligible person lives, resides, or works in Health Plan's Service Area as described in the *Evidence of Coverage.*

Termination for Discontinuance of a Product or all Products within a Market

Health Plan may terminate a particular product or all products offered in the group market as permitted by law. If Health Plan discontinues offering a particular product in the group market, Health Plan may terminate this *Agreement* with respect to that product upon 90 days' prior written notice to Group. Health Plan will offer Group another product that it makes available in the group market. If Health Plan discontinues offering all products in the group market, Health Plan may terminate this *Agreement* upon 180 days' written notice to Group and Health Plan will not offer any other product to Group. A "product" is a combination of benefits and services that is defined by a distinct evidence of coverage.

Premiums

Group will pay to Health Plan, for each Member, the amount(s) specified on the Rate Sheet for each month on or before the date on the monthly invoice or, if Group is self-pay, then the date indicated on the Rate Sheet to which Health Plan and Group agree in writing, but in no event later than the last day of the month preceding the month of coverage (the "Due Date"). Only Members for whom Health Plan has received the appropriate Premiums payment listed on the Rate Sheet are entitled to coverage under this *Agreement*, and then only for the period for which Health Plan has received appropriate payment.

When this *Agreement* terminates, if Group does not have another agreement with Health Plan, then the due date for all Premiums amounts will be the earlier of: (1) the last Due Date, or (2) the termination date of this *Agreement*. If group does not prepay Full Premiums by the last day of the month preceding the coverage month, the Premiums may include an additional administrative charge upon renewal. "Full Premiums" means 100 percent of monthly Premiums for each enrolled Member, as set forth in this "Premiums" section.

Premium Rebates

If state or federal law requires Health Plan to rebate Premiums from this or any earlier contract year and Health Plan rebates Premiums to Group, Group represents that Group will use that rebate for the benefit of Members, in a manner consistent with the requirements of the Public Health Service Act, the Affordable Care Act, and the obligations of a fiduciary under the Employee Retirement Income Security Act (ERISA).

New Members

Premiums are payable for the entire month for new Members unless otherwise agreed to by Health Plan.

Membership Termination

Pursuant to C.R.S. 10-16-103.5, Premiums are payable for each Member:

- Through the date that Health Plan receives written notice from Group that a Member is no longer eligible or covered;
- Through the date that Health Plan receives written notice from Group that it no longer intends to maintain coverage for its Members through Health Plan; or
- Through the date that the Member covered under the policy is no longer eligible or covered if the policyholder notifies the Health Plan within ten (10) business days after the date that the Member is no longer eligible or covered because the Member left employment without notice to the Group or the Member is an employee whose employment was terminated for gross misconduct.

Involuntary Kaiser Permanente Senior Advantage Membership Terminations

Group must give Health Plan 30 days' prior written notice of Senior Advantage involuntary membership terminations. An involuntary membership termination is a termination that is not in response to a disenrollment notice issued by CMS to Health Plan or received by Health Plan directly from a Member (these events are usually in response to a Member's request for disenrollment to CMS because the Member has enrolled in another Medicare health plan or want Original Medicare coverage or has lost Medicare eligibility). The membership termination date is the first of the month following 30 days after the date when Health Plan receives a Senior Advantage membership termination notice unless Group specifies a later termination date. For example, if health Plan receives a termination notice on March 5, for a Senior Advantage Member, the earliest termination date is May 1 and Group is required to pay applicable Premiums for the months of March and April.

Voluntary Kaiser Permanente Senior Advantage Membership Termination

If Health Plan receives a disenrollment notice from CMS or a membership termination request from the Member, the membership termination date will be in accordance with CMS requirements.

SUBSCRIBER CONTRIBUTIONS FOR MEDICARE PART C AND PART D COVERAGE

Medicare Part C Coverage

This "Subscriber Contributions for Medicare Part C Coverage" section applies to Group's Kaiser Permanente Senior Advantage coverage. Group's Senior Advantage Premiums include the Medicare Part C premium for coverage of items and services covered under Parts A and B of Medicare, and supplemental benefits. Group may determine how much it will require Subscribers to contribute

toward the Medicare Part C premium for each Senior Advantage Member in the Subscriber's Family, subject to the following restrictions:

- If Group requires different contribution amounts for different classes of Senior Advantage Members for the Medicare Part C premium, then Group agrees to the following:
  - any such differences in classes of Members are reasonable and based on objective business criteria, such as years of service, business location, and job category
  - Group will not require different Subscriber contributions toward the Medicare Part C premium for Members within the same class
- Group will not require Subscribers to pay a contribution for Medicare Part C coverage for a Senior Advantage Member that exceeds the Medicare Part C Premium for items and services covered under Parts A and B of Medicare, and supplemental benefits. Health Plan will pass through monthly payments received from CMS (the monthly payments described in 42 C.F.R. 422.304(a)) to reduce the amount the Member contributes toward the Medicare Part C premium.

Medicare Part D Coverage

This "Subscriber Contributions for Medicare Part D Coverage" section, applies only to Group's Kaiser Permanente Senior Advantage coverage that includes Medicare Part D coverage. Group's Senior Advantage Premiums include the Medicare Part D premium. Group may determine how much it will require Subscribers to contribute toward the Medicare Part D premium for each Senior Advantage Member in the Subscriber's Family Unit, subject to the following restrictions:

- If Group requires different contribution amounts for different classes of Senior Advantage Members for the Medicare Part D premium, then Group agrees to the following:
  - any such differences in classes of Members are reasonable and based on objective business criteria, such as years of service, business location, and job category, and are not based on eligibility for the Part D Low Income Subsidy (a subsidy described in 42 C.F.R. Section 423 Subpart P, which is offered by the Medicare program to certain low-income Medicare beneficiaries enrolled in Medicare Part D, and which reduces the Medicare beneficiaries' Medicare Part D premiums or Medicare Part D cost-sharing amounts)
  - Group will not require different Subscriber contributions toward the Medicare Part D premium for Members within the same class.
- Group will not require Subscribers to pay a contribution for prescription drug coverage for a Senior Advantage Member who exceeds the Premiums for prescription drug coverage (including the Medicare Part D premium). The Group will pass through direct subsidy payments received from CMS to reduce the amount the Member contributes toward the Medicare Part D premiums.
- Health Plan will credit Group with any Low Income Subsidy amounts that Health Plan receives from CMS for Group's Members and Health Plan will identify those Members for Group as required by CMS. For those Members, Group will first credit the Low Income Subsidy amount toward the Subscriber's contribution for that Member's Senior Advantage premium for the same month, and will then apply any remaining portion of the Member's Low Income Subsidy toward the portion of the Senior Advantage premium that Group pays on behalf of that Member for that month. If Group is unable to reduce the Subscriber's contribution before the Subscriber makes the contribution, Group shall, consistent with CMS guidance, refund the Low Income Subsidy amount to the Subscriber (up to the amount of the Subscriber Premium contribution for

the Member for that month) within 45 days after the date Health Plan receives the Low Income Subsidy amount from CMS. Health Plan reserves the right to periodically require Group to certify that Group is either reducing Subscribers' monthly Premium contributions or refunding the Low Income Subsidy amounts to Subscribers in accordance with CMS guidance.

- For any Members who are eligible for the Low Income Subsidy, if the amount of that Low Income Subsidy is less than the Member's contribution for the Medicare Part D premium, then Group should inform the Member of the financial consequences of the Member's enrolling in the Member's current coverage, as compared to enrolling in another Medicare Part D plan with a monthly premium equal to or less than the Low Income Subsidy amount.

Late Enrollment Penalty

If any Members are subject to the Medicare Part D late enrollment penalty, Premiums for those Members will increase to include the amount of that penalty.

CONTRIBUTION AND PARTICIPATION REQUIREMENTS

No change in Group's contribution or participation requirements is effective for purposes of this *Agreement* unless Health Plan consents in writing. In addition, Group must:

- Contribute to all health care plans available through Group on a basis that does not financially discriminate against Health Plan or against people who choose to enroll in Health Plan. In no case will Group's contribution be less than one-half the rate required for a single Subscriber for the plan in which the Subscriber is enrolled.
- Ensure that:
  - All eligible employees enrolled in Health Plan work at least 20 hours per week.
  - All eligible employees enrolled in Health Plan are covered by Workers' Compensation, unless not required by law to be covered.
  - No less than the percentage of eligible employees, as set forth in the Underwriting Assumptions and Requirements document, are covered by one of the company-sponsored health plans.
  - All Health Plan Subscribers live inside Health Plan's Service Area.
  - The number of active, eligible employee Subscribers enrolled under this Agreement does not fall below 10 and the ratio between the number of Subscribers and the total number of people who are eligible to enroll as Subscribers will not drop by 20 percent or more. For the purpose of computing this percentage requirement, Group may include subscribers and those eligible to enroll as subscribers under all other agreements between Group and Health Plan and all other Kaiser Foundation Health Plans and Group Health Cooperative.
  - There is a bona fide employer/employee relationship to those offered our plan, except eligible Taft-Hartley trusts and partnerships.
- Hold an annual open enrollment period during which all eligible people may enroll in Health Plan or in any other health care plan available through Group.
- Meet all applicable legal and contractual requirements, such as:
  - Group must adhere to all requirements set forth in the applicable *Evidence of Coverage*.

- Group must determine its Member eligibility requirements and obtain Health Plan's prior written approval of any Group eligibility or participation or contribution requirements that are not stated in the applicable *Evidence of Coverage*.
- Group must use Member enrollment application forms that are provided or approved by Health Plan.
- Comply with Centers for Medicare & Medicaid Services (CMS) requirements governing enrollment in, and disenrollment from, Kaiser Permanente Senior Advantage (KPSA).

- Meet all Health Plan requirements set forth in the "Underwriting Assumptions and Requirements" document.
- Offer enrollment in Health Plan to all eligible people on conditions no less favorable than those for any other health care plan available through Group.
- Permit Health Plan to examine Group's records with respect to contribution and participation requirements, eligibility, and payments under this *Agreement.*

Self-Verification of Member Eligibility

Group agrees to assume responsibility for self-verifying the eligibility of its enrolled Members. Such self-verification includes obtaining and verifying the accuracy of any and all supporting documentation received from Groups employees and eligible Dependents. In addition, Group will provide eligibility data to Health Plan that includes coverage effective dates for Group's employees and eligible Dependents to prove that eligibility complies with all applicable federal and state laws and regulations. Upon request, Group will make all verification data and documentation available to Health Plan. Health Plan reserves the right to inspect the verification data and documentation for any reason, at any time during the term of the *Agreement* and up to five (5) years thereafter.

Group further agrees to provide Health Plan with timely notification of enrollment and cancellation of enrolled Dependents, as specified in the "Eligibility and Enrollment" and "Termination of Membership" sections of the *Evidence of Coverage*.

MISCELLANEOUS PROVISIONS

Acceptance of *Agreement*

Group acknowledges acceptance of this *Agreement* by signing and returning the signature page of this document to Health Plan. If Group does not return the executed signature page to Health Plan, Group will be deemed as having accepted this *Agreement* if Group pays Health Plan any amount toward Premiums.

Note: Group may not change this *Agreement* by adding or deleting words, and any such addition or deletion is void. If Group wishes to change anything in this *Agreement*, Group must contact its Health Plan account manager. Health Plan will issue a new agreement or amendment if Health Plan and Group agree on any changes.

Assignment

Health Plan may assign this *Agreement*. Group may not assign this *Agreement* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without Health Plan's prior written consent. This *Agreement* shall be binding on the successors and permitted assignees of Health Plan and Group.

Attorney Fees and Costs

If Health Plan or Group institutes legal action against the other to collect any sums owed under this *Agreement*, the party that substantially prevails will be reimbursed for its reasonable litigation expenses, including attorneys' fees, by the other party.

Commissions

Group's broker may be paid commissions or other incentives by Health Plan.

Delegation of Claims Review Authority

Group delegates to Health Plan the discretion to determine whether a Member is entitled to benefits under this *Agreement*. In making these determinations, Health Plan has authority to review claims in accordance with the procedures contained in this *Agreement* and to construe this *Agreement* to determine whether the Member is entitled to benefits. For health benefit plans that are subject to the Employee Retirement Income Security Act (ERISA), Health Plan is a "named claims fiduciary" with respect to review of claims under this *Agreement.*

Governing Law

Except as preempted by federal law, this *Agreement* will be governed in accordance with the laws of the State of Colorado. Any provision required to be in this *Agreement* by state or federal law shall bind Group and Health Plan whether or not set forth herein.

Grandfathered Health Plan Coverage

For any coverage identified in an EOC as a "grandfathered health plan" under the Patient Protection and Affordable Care Act (a/k/a the ACA), Group must immediately inform Health Plan if this coverage does not meet (or no longer meets) the requirements for grandfathered status including but not limited to any change in its contribution rate to the cost of any grandfathered health plan(s) during the plan year. Group represents that, for any coverage identified as a "grandfathered health plan" in the applicable EOC, Group has not decreased its contribution rate more than five percent (5%) for any rate tier for such grandfathered health plan when compared to the contribution rate in effect on March 23, 2010 for the same plan. Health Plan will rely on Group's representation in issuing and/or continuing any and all grandfathered health plan coverage.

Member Information

Group will inform Subscribers of eligibility requirements for Members and when coverage becomes effective and terminates.

When Health Plan notifies Group about changes to this *Agreement* or provides Group other information that affects Members, Group will disseminate the information to Subscribers by the next regular communication to them, but in no event later than 30 days after Group receives the information.

Group will provide electronic or paper summaries of benefits and coverage (SBCs) to participants and beneficiaries to the extent required by law, except that Health Plan will provide SBCs to Members who make a request to Health Plan.

No Waiver
Health Plan's failure to enforce any provision of this *Agreement* will not constitute a waiver of that or any other provision, or impair Health Plan's right thereafter to require Group's strict performance of any provision.

Notices
Notices must be delivered in writing to the address listed below, except that

- Health Plan and Group may each change its notice address by giving written notice to the other
- Health Plan may send notices and all other documents to Group's broker instead of sending them directly to Group if Health Plan has a Broker of Record statement from Group
- Health Plan may send notices and all other documents to Group's consultant instead of sending them directly to Group if Group has given Health Plan written notice that Group is represented by a consultant

Notices are deemed given when delivered in person or deposited in a U.S. Postal Service receptacle for the collection of U.S. mail.

For purposes of this requirement, a "waiting period" is the period that must pass before coverage for an individual who is otherwise eligible to enroll under the terms of a group health plan can become effective, in accordance with the waiting period requirements in the Patient Protection and Affordable Care Act and regulations.

In addition, Group represents that eligibility data provided by the Group to Health Plan will include coverage effective dates for Group's employees that correctly account for eligibility in compliance with the waiting period requirements in the Patient Protection and Affordable Care Act and regulations.

Social Security and Tax Identification Numbers

Within 30-60 days after Health Plan sends Group a written request, Group will send Health Plan a list of all Members covered under this Group Agreement, along with the following:

- The tax identification number of the employer of the Subscriber in the Member's Family Unit

- Any other information that Health Plan is required by law to collect

Time Limit on Reporting Membership Changes
Group must report membership changes (including sending appropriate membership forms) within the time limit for retroactive changes and in accordance with any applicable "rescission" provisions of the Patient Protection and Affordable Care Act and regulations. The time limit for retroactive membership **additions** is the calendar month when Health Plan receives Group's notification of the change plus the previous two months, unless Health Plan agrees otherwise in writing.

Involuntary Kaiser Permanente Senior Advantage Membership Termination
Group must give Health Plan 30 days prior written notice of Senior Advantage Medicare Plus involuntary membership terminations. An involuntary membership termination that is not in response to a disenrollment notice issued by CMS to Health Plan or received by Health Plan directly from a Member (these events are usually in response to a Member's request for disenrollment to CMS because the Member has enrolled in another Medicare health plan or wants Original Medicare coverage or has lost Medicare eligibility). The membership termination date is the first of the month following 30 days after the date when Health Plan receives a Senior Advantage Medicare Plus membership termination notice unless Group specifies a later termination date. For example, if Health Plan receives a termination notice on March 5 for a Senior Advantage Medicare Plus Member, the earliest termination date is May 1 and Group is required to pay applicable Premiums for the months of March and April.

Voluntary Kaiser Permanente Senior Advantage Membership Termination
If Health Plan receives a disenrollment notice from CMS or membership termination request from the Member, the membership termination date will be in accordance with CMS requirements.

KAISER PERMANENTE®

Surprise Billing — Know your rights

Beginning January 1, 2020, Colorado state law protects you from "surprise billing." This is sometimes called "balance billing" and it may happen when you receive covered services, other than ambulance services, from an out-of-network provider in Colorado. **This law does not apply to all health plans and may not apply to out-of-network providers located outside of Colorado. Check to see if you have a "CO-DOI" on your ID card; if not, this law may not apply to your health plan.**

What is surprise/balance billing and when does it happen?

You are responsible for the cost-sharing amounts required by your health plan, including copayments, deductibles, and/or coinsurance. If you are seen by a provider or use services in a hospital or other type of facility that are **not** in your health plan's network, you may have to pay additional costs associated with that care. These providers or services at hospitals and other facilities are sometimes referred to as "out-of-network."

Out-of-network hospitals, facilities, or providers often bill you the difference between what Kaiser Permanente decides is the eligible charge and what the out-of-network provider bills as the total charge. This is called "surprise" or "balance" billing.

When you CANNOT be balance-billed:

Emergency Services

When you receive services for emergency medical care, usually the most you can be billed for emergency services is your plan's in-network cost-sharing amounts, which are copayments, deductibles, and/or coinsurance. You cannot be balance-billed for any other amount. This includes both the emergency facility and any providers you may see for emergency care.

Non-emergency Services at an In-Network or Out-of-Network Facility

The hospital or facility must tell you if you are at an out-of-network location or at an in-network location that is using out-of-network providers. It must also tell you what types of services may be provided by any out-of-network provider.

You have the right to request that in-network providers perform all covered medical services. However, you may have to receive medical services from an out-of-network provider if an in-network provider is not available. When this happens, the most you can be billed for **covered** services is your in-network cost-sharing amount (copayments, deductibles, and/or coinsurance). These providers cannot balance bill you.

Additional Protections

- Kaiser Permanente will pay out-of-network providers and facilities directly. Again, you are responsible only for paying your in-network cost-sharing for covered services.
- Kaiser Permanente will count any amount you pay for emergency services or certain out-of-network services (described above) toward your **in-network** deductible and out-of-pocket limit.
- Your provider, hospital, or facility must refund any amount you overpay within 60 days of your reporting the overpayment to them.
- A provider, hospital, or other type of facility cannot ask you to limit or give up these rights.

If you receive services from an out-of-network provider, hospital, or facility in any OTHER situation, you may still be balance-billed, or you may be responsible for the entire bill. If you intentionally receive non-emergency services from an out-of-network provider or facility, you may also be balance-billed.

If you do receive a bill for amounts other than your copayments, deductibles, and/or coinsurance, please contact us at the number on your ID card, or the Division of Insurance at **303-894-7490** or **1-800-930-3745 (TTY 711)**.

Ambulance Information: You may be balance-billed for emergency ambulance services you receive if the ambulance service provider is a publicly funded fire agency, but state law against balance billing does apply to private companies that are not publicly funded fire agencies. Non-emergency ambulance services, such as ambulance transport between hospitals, are not subject to the state law against balance billing, so if you receive such services and they are not a service covered by Kaiser Permanente, you may receive a balance bill.

SCHEDULE OF BENEFITS (WHO PAYS WHAT)

This Schedule of Benefits discusses:

I. DEDUCTIBLES (if applicable)

II. ANNUAL OUT-OF-POCKET MAXIMUMS (OPM)

III. COPAYMENTS AND COINSURANCE

IMPORTANT INFORMATION: PLEASE READ

This Schedule of Benefits does not fully describe the Services covered under this EOC. ***For a complete understanding of the benefits, limitations and exclusions that apply to your coverage under this plan, it is important to read this EOC in conjunction with this Schedule of Benefits.*** Please refer to the identical heading in the "Benefits/Coverage (What Is Covered)" section and to the "Limitations/Exclusions (What Is Not Covered)" section of this EOC.

Services received may be described in multiple sections of this Schedule of Benefits (for example, Office Services, Durable Medical Equipment, X-ray, Laboratory, and Advanced Imaging Procedures may all apply to a broken arm). See the appropriate sections for applicable Copayment, Coinsurance, and Deductible information.

You are responsible for any applicable Copayment or Coinsurance for Services performed as part of or in conjunction with other outpatient Services, including but not limited to: office visits; Emergency Services; urgent care; and outpatient surgery.

Here is some important information to keep in mind as you read this Schedule of Benefits:

1. For a Service to be a covered Service:
   a. The Service must be Medically Necessary (refer to the "Definitions" section in this EOC); ***and***
   b. The Service must be provided, prescribed, recommended, or directed by a Plan Provider; ***and***
   c. The Service must be described in this EOC as covered. Refer to the "Benefits/Coverage (What is Covered)" section.
2. The Charges for your Services are not always known at the time you receive the Service. You ***will get a bill*** for any Deductibles, Copayments, or Coinsurance that are not known at the time you receive the Service.
3. The Deductibles, Copayments, or Coinsurance listed here apply to covered Services provided to Members enrolled in this plan. Only covered Services apply to the Deductible and OPM. Non-covered Services will not apply to the Deductible and OPM.
4. Copayments for Services are due at the time you receive the Service. Deductibles or Coinsurance for Services may also be due at the time you receive the Service.
5. Except for #6 below, you may be responsible for any amounts over eligible Charges in addition to any Copayment or Coinsurance.
6. With respect to Emergency Services received in an Out-of-Plan Facility, or Services rendered by an Out-of-Plan Provider in a Plan Facility, you will not be balance billed by either the Out-of-Plan Provider or Out-of-Plan Facility. You are responsible for the same Deductible, Copayment, or Coinsurance amounts that you would pay if the care was provided in a Plan Facility or provided by a Plan Provider.
7. You may be charged separate Deductibles, Copayments, or Coinsurance for additional Services you receive during your visit or if you receive Services from more than one provider during your visit.
8. We reserve the right to reschedule non-emergency, non-routine care if you do not pay all amounts due at the time you receive the Service.
9. For items ordered in advance, you pay the Deductibles, Copayments, or Coinsurance in effect on the order date.
10. You, as the Subscriber, are responsible for any Deductibles, Copayments, and/or Coinsurance incurred by your Dependents enrolled in the Plan.
11. If you are the only person on your plan, your plan will become a family plan upon the addition of any eligible Dependent to your plan. This includes, but is not limited to, any temporary additions to your plan, such as the coverage of a newborn for 31 days as required by state law.

I. DEDUCTIBLES

There is no medical Deductible. If your Group has purchased a supplemental prescription drug benefit with a pharmacy Deductible, payments made for prescription drugs apply *only* to the pharmacy Deductible.

The pharmacy Deductible represents the full amount you must pay for prescription drugs before any Copayment or Coinsurance applies. Prescription drugs may or may not be subject to the pharmacy Deductible. It depends on the plan your Group has purchased.

A. For prescription drugs that **ARE** subject to the pharmacy Deductible:

1. You must pay full charges for prescription drugs until your pharmacy Deductible is satisfied. Please see "III. Copayments and Coinsurance", "Drugs, Supplies, and Supplements" to find out which prescription drugs are subject to the pharmacy Deductible.
2. Once you have met your pharmacy Deductible for the Accumulation Period, you will then pay, for the rest of the Accumulation Period, your applicable Copayment or Coinsurance for those prescriptions drugs subject to the pharmacy Deductible (see "III. Copayments and Coinsurance", "Drugs, Supplies, and Supplements").
3. Your applicable Copayment, Coinsurance, and pharmacy Deductible may not apply to your annual Out-of-Pocket Maximum (OPM) (see "II. Annual Out-of-Pocket Maximums").

B. For prescription drugs that **ARE NOT** subject to the pharmacy Deductible: Your Copayment or Coinsurance will always apply, as listed in "III. Copayments and Coinsurance", "Drugs, Supplies, and Supplements."

II. ANNUAL OUT-OF-POCKET MAXIMUMS

The OPM limits the total amount you must pay during the Accumulation Period for certain covered Services. Covered Services may or may not apply to the OPM (see "III. Copayments and Coinsurance"). It depends on the plan your Group has purchased.

For covered Services that apply to the OPM, any amounts you pay over eligible Charges will not apply toward the OPM.

A. For covered Services that **APPLY** to the OPM.

1. The only Copayments or Coinsurance ***that apply*** toward the OPM are those made for covered Services listed as ***applying*** to the OPM (see "III. Copayments and Coinsurance").
2. Once your OPM is met, you will no longer pay for covered Services ***that apply*** to the OPM for the rest of the Accumulation Period.

B. For covered Services that do **NOT APPLY** to the OPM.

1. The only Copayments or Coinsurance that ***do not apply*** toward the OPM are those made for covered Services listed as ***not*** applying to the OPM (see "III. Copayments and Coinsurance").
2. Once your OPM is met, you will continue to pay for covered Services that ***do not apply*** to the OPM for the rest of the Accumulation Period.

Tracking Pharmacy Deductible and Out-of-Pocket Amounts

Once you have received Services and we have processed the claim for Services rendered, we will provide an Explanation of Benefits (EOB). The EOB will list the Services you received, the cost of those Services, and the payments made for the Services. It will also include information regarding what portion of the payments were applied to your pharmacy Deductible and/or OPM amounts.

For more information about your Deductible or OPM amounts, please call **Member Services** or go to **kp.org**.

TABLE OF CONTENTS

I. ELIGIBILITY

A. Who Is Eligible

1. General
   To be eligible to enroll and to remain enrolled in this health benefit plan, you must meet the following requirements:

   a. You must meet your Group's eligibility requirements that we have approved. Your Group is required to inform Subscribers of the Group's eligibility requirements; and
   b. You must also meet the Subscriber or Dependent eligibility requirements as described below; and
   c. The Subscriber must live or reside in our Service Area. Our Service Area is described in the "Definitions" section.

2. Subscribers
   You may be eligible to enroll as a Subscriber if you are entitled to Subscriber coverage under your Group's eligibility requirements. An example would be an employee of your Group who works at least the number of hours stated in those requirements.

3. Dependents
   If you are a Subscriber, the following persons may be eligible to enroll as your Dependents under this plan:

   a. Your Spouse. (Spouse includes a partner in a valid civil union under state law.)

   b. Your or your Spouse's children (including adopted children and children placed with you for adoption) who are under the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)."

   c. Other dependent persons (but not including foster children) who meet all of the following requirements:
      i. They are under the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)"; and
      ii. You or your Spouse is the court-appointed permanent legal guardian (or was before the person reached age 18).

   d. Your or your Spouse's unmarried children over the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)" who are medically certified as disabled and dependent upon you or your Spouse are eligible to enroll or continue coverage as your Dependents if the following requirements are met:
      i. They are dependent on you or your Spouse; and
      ii. You give us proof of the Dependent's disability and dependency annually if we request it.

   e. Subscriber's designated beneficiary prescribed by Colorado law, if your employer elects to cover designated beneficiaries as dependents.

   Students on Medical Leave of Absence. Dependent children who lose dependent student status at a postsecondary educational institution due to a Medically Necessary leave of absence may remain eligible for coverage until the earlier of: (i) one year after the first day of the Medically Necessary leave of absence; or (ii) the date dependent coverage would otherwise terminate under this EOC. We must receive written certification by a treating physician of the dependent child which states that the child is suffering from a serious illness or injury, and that the leave of absence or other change of enrollment is Medically Necessary.

If your plan has different eligibility requirements, please see the "Eligibility Amendments" section of the "Schedule of Benefits (Who Pays What)" and/or the "Additional Provisions."

B. Enrollment and Effective Date of Coverage

Eligible people may enroll as follows, and membership begins at 12:00 a.m. on the membership effective date:

1. New Employees and their Dependents
   If you are a new employee, you may enroll yourself and any eligible Dependents by submitting a Health Plan-approved enrollment application to your Group within 31 days after you become eligible. You should check with your Group to see when new employees become eligible. Your membership will become effective on the date specified by your Group.

2. Members Who are Inpatient on Effective Date of Coverage
   If you are an inpatient in a hospital or institution when your coverage with us becomes effective and you had other coverage when you were admitted, state law will determine whether we or your prior carrier will be responsible for payment for your care until your date of discharge.

3. Special Enrollment Due to Newly Acquired Dependents
   You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan-approved enrollment application to your Group within 31 days after a Dependent becomes newly eligible.

   The membership effective date for the Dependents (and, if applicable, the new Subscriber) will be:
   a. For newborn children, the moment of birth. Your newborn child is covered for the first 31 days following birth. This coverage is required by state law, whether or not you intend to add the newborn to this plan.

For existing Subscribers:

i. If the addition of the newborn child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber, in order for the newborn to keep coverage beyond the first 31-day period of coverage, is required to: (A) pay the new amount due for coverage after the first 31-day period of coverage; and (B) notify Health Plan within 31 days of the newborn's birth.

ii. If the addition of the newborn child to the Subscriber's coverage will not change the amount the Subscriber pays for coverage, the Subscriber must still notify Health Plan after the birth of the newborn to get the newborn enrolled onto the Subscriber's Health Plan coverage.

b. For newly adopted children (including children newly placed for adoption), the date of the adoption or placement for adoption. An eligible adopted child must be enrolled within 31 days from the date the child is placed in your custody or the date of the final decree of adoption.

For existing Subscribers:

i. If the addition of the newly adopted child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber, in order for the newly adopted child to continue coverage beyond the initial 31-day period of coverage, is required to: (A) pay the new amount due for coverage after the initial 31-day period of coverage; and (B) notify Health Plan within 31 days of the child's adoption or placement for adoption.

ii. If the addition of the newly adopted child to the Subscriber's coverage will not change the amount the Subscriber pays for coverage, the Subscriber must still notify Health Plan after the adoption or placement for adoption of the child to get the child enrolled onto the Subscriber's Health Plan coverage.

c. For all other Dependents, if enrolled within 31 days of becoming eligible, no later than the first day of the month following the date your Group receives the enrollment application. Your Group will let you know the membership effective date. Employees and Dependents who are not enrolled when newly eligible must wait until the next open enrollment period to become Members of Health Plan, unless: (i) they enroll under special circumstances, as agreed to by your Group and Health Plan; or (ii) they enroll under the provisions described in "Special Enrollment."

4. Special Enrollment

You or your Dependent may experience a triggering event that allows a change in your enrollment. Examples of triggering events are the loss of coverage, a Dependent's aging off this plan, marriage, and birth of a child. The triggering event results in a special enrollment period that usually (but not always) starts on the date of the triggering event and lasts for 30 days. During the special enrollment period, you may enroll your Dependent(s) in this plan, or in certain circumstances, you may change plans (your plan choice may be limited). There are requirements that you must meet to take advantage of a special enrollment period including showing proof of your own or your Dependent's triggering event. To learn more about triggering events, special enrollment periods, how to enroll or change your plan (if permitted), timeframes for submitting information to Health Plan and other requirements, contact your Group. If your Group coverage is ending, call **Member Services** or go to kp.org/specialenrollment.

5. Open Enrollment

You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan-approved enrollment application to your Group during the open enrollment period. Your Group will let you know when the open enrollment period begins and ends and the membership effective date.

6. Persons Barred from Enrolling

You cannot enroll if you have had your entitlement to receive Services through Health Plan terminated for cause.

II. HOW TO ACCESS YOUR SERVICES AND OBTAIN APPROVAL OF BENEFITS

As a Member, you are selecting our medical care program to provide your health care. You must receive all covered Services from Plan Providers inside our Service Area, except as described under the following headings:

- "Emergency Services Provided by Out-of-Plan Providers (out-of-Plan Emergency Services)" in "Emergency Services and Urgent Care" in the "Benefits/Coverage (What is Covered)" section.
- "Urgent Care" in "Emergency Services and Urgent Care" in the "Benefits/Coverage (What is Covered)" section.
- "Out-of-Area Benefit" in the "Benefits/Coverage (What is Covered)" section.
- "Access to Other Providers" in this section.
- "Visiting Other Kaiser Regional Health Plan Service Areas" in this section.
- "Plus Benefit" if purchased by your Group. See the "Schedule of Benefits (Who Pays What)" to determine if your Group has purchased this coverage.

In some circumstances, you might receive emergency or non-emergency Services from an Out-of-Plan Provider or Out-of-Plan Facility. **Non-emergency Services from Out-of-Plan Providers are not covered unless they are authorized by us.** If Services from an Out-of-Plan Provider or Out-of-Plan Facility are authorized, the Deductible, Copayment, and/or Coinsurance for these authorized Services are the same as for covered Services received from a Plan Provider or Plan Facility. You have the right and responsibility to request a Plan Provider to provide Services.

A. Your Primary Care Provider

Your primary care provider (PCP) plays an important role in coordinating your health care needs. This includes hospital stays and referrals to specialists. Every member of your family should have their own PCP.

1. Choosing Your Primary Care Provider

   You may select a PCP from family medicine, pediatrics, or internal medicine. When possible, we encourage you to choose a PCP whose office is in a Kaiser Permanente Medical Office Building. **You may have a higher Copayment and/or Coinsurance with certain providers. Please refer to your "Schedule of Benefits (Who Pays What)" for additional details.** You may also receive a second medical opinion from a Plan Provider upon request. Please refer to the "Second Opinions" section.

   You must choose a PCP when you enroll. If you do not select a PCP upon enrollment, one near your home will be assigned to you. To review a list of Plan Providers and their biographies, go to kp.org/locations. You can also get a copy of the directory by calling **Member Services**. To choose a PCP, sign into your account online, or call the **Clinical Contact Center** for help choosing a PCP.

2. Changing Your Primary Care Provider

   Please call the **Clinical Contact Center** to change your PCP. You may also change your PCP online or when visiting a Kaiser Permanente Medical Office Building. You may change your PCP at any time.

B. Access to Other Providers

1. Referrals and Authorizations

   If your Plan Provider decides that you need covered Services not available from us, they will request a referral for you to see an Out-of-Plan Provider. If your Plan Provider decides you need specialty care that is not eligible for a self-referral, they will request a referral for you to see a specialty-care Plan Provider. (See the "Specialty Referrals" section below.)

   These referral requests result in an Authorization or a denial. However, there may be circumstances where Health Plan will partially authorize your provider's referral request.

   An Authorization is a referral request that has received approval from Health Plan. An Authorization is limited to a specific Service, treatment or series of treatments, and period of time. The provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid.

   An Authorization is required for Services provided by Out-of-Plan Providers or Out-of-Plan Facilities. If your provider refers you to an Out-of-Plan Provider or Out-of-Plan Facility, inside or outside our Service Area, you must have a written Authorization in order for us to cover the Services.

   All referral Services must be requested and authorized in advance. We will not pay for any care rendered by a provider unless the care is specifically authorized in advance by Health Plan. A written or verbal recommendation by a provider that you get non-covered Services (whether Medically Necessary or not) is not considered an Authorization, and is **not** covered.

2. Specialty Referrals

   Generally, you will need a referral and prior Authorization for Services (including routine visits) from specialty-care Plan Providers. You do not need a referral or prior Authorization in order to obtain access to eye care services from a Plan Provider. You do not need a referral or prior Authorization in order to obtain access to obstetrical or gynecological care from a Plan Provider who specializes in obstetrics or gynecology.

   For additional information on which Services require prior Authorization, please call **Member Services**. You will find specialty-care Plan Providers in the Kaiser Permanente Provider Directory. The Provider Directory is available on our website, kp.org/locations. If you need a printed copy of the Provider Directory, please call **Member Services**.

   Authorization from Health Plan is required for: (i) Services in addition to those provided as part of the routine office visit, such as procedures or surgery; and (ii) visits to specialty-care Plan Providers not eligible for self-referrals; and (iii) Out-of-Plan Providers. The request for these Services can be generated by either your PCP or by a specialty-care provider. If the request is approved, the provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid.

A Plan Provider can directly refer you for some laboratory or radiology Services and for specialty procedures such as a CT scan or MRI. However, certain laboratory or radiology Services and specialty procedures will still require an Authorization.

3. Second Opinions
Upon request and subject to payment of any applicable Copayments or Coinsurance, you may get a second opinion from a Plan Provider about any proposed covered Services.

If the recommendations of the first and second providers differ regarding the need for Services, a third opinion may be covered if authorized by Health Plan. Third medical opinions are not covered unless authorized by Health Plan before Services are rendered.

Authorization of a second or third opinion is limited to a consultation only and does not include any additional Services. Authorization of a second or third opinion may be limited to providers in Kaiser Permanente Medical Office Buildings.

C. Plan Facilities

Services are available at Plan Facilities conveniently located throughout the Service Area. We encourage you to receive routine outpatient Services at a Kaiser Permanente Medical Office Building, which often provides all the covered Services you need, including specialized care. **You may have a different Copayment and/or Coinsurance at certain facilities. Please refer to your "Schedule of Benefits (Who Pays What)" for additional details.**

Plan Facilities are listed in our provider directory, which we update regularly. You can get a current copy of the directory by calling **Member Services**. You can also get a list of Plan Facilities on our website. Go to kp.org/locations.

D. Getting the Care You Need

Emergency care is covered 24 hours a day, 7 days a week anywhere in the world. **If you think you have a Life or Limb Threatening Emergency, call 911 or go to the nearest emergency room.** For coverage information about emergency care, including out-of-Plan Emergency Services, and emergency benefits away from home, please refer to "Emergency Services" in the "Benefits/Coverage (What is Covered)" section.

If you need urgent care, you may use one of the designated urgent care Plan Facilities. There may be instances when you need to receive urgent care outside our Service Area. The Copayment or Coinsurance for urgent care listed in the "Schedule of Benefits (Who Pays What)" will apply. For additional information about urgent care, please refer to "Urgent Care" in the "Benefits/Coverage (What is Covered)" section.

E. Visiting Other Kaiser Regional Health Plan Service Areas

You may receive visiting member services from another Kaiser regional health plan as directed by that other plan so long as such services would be covered under this EOC. Kaiser regional health plan service areas may change at any time. Currently they are: the District of Columbia and parts of California, Colorado, Georgia, Hawaii, Maryland, Oregon, Virginia, and Washington. For more information, please call **Member Services.** Visiting member services shall be subject to the terms and conditions set forth in this EOC including but not limited to those pertaining to prior Authorization; Deductible; Copayment; Coinsurance; limitations and exclusions, as further described in the Visiting Member Brochure available online at kp.org/travel. Certain services are not covered as visiting member services.

For more information about receiving visiting member services in other Kaiser regional health plan service areas, including provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at kp.org/travel.

F. Using Your Health Plan Identification Card

Each Member is issued a Health Plan Identification (ID) card with a Health Record Number on it. This is useful when you call for advice, make an appointment, or go to a Plan Provider for care. The Health Record Number is used to identify your medical records and membership information. You should always have the same Health Record Number. Please call **Member Services** if: (1) we ever inadvertently issue you more than one Health Record Number; or (2) you need to replace your Health Plan ID card.

Your Health Plan ID card is for identification only. To receive covered Services, you must be a current Health Plan Member. Anyone who is not a Member will be billed as a non-Member for any Services we provide. In addition, non-Member claims for Emergency or non-emergency care Services will be denied. If you let someone else use your Health Plan ID card, we may keep your card and terminate your membership.

When you receive Services, you will need to show photo identification along with your Health Plan ID card. This allows us to ensure proper identification and to better protect your coverage and medical information from fraud. If you suspect you or your membership is a victim of fraud, please call **Member Services** to report your concern.

III. BENEFITS/COVERAGE (WHAT IS COVERED)

The Services described in this "Benefits/Coverage (What is Covered)" section are covered only if all the following conditions are satisfied:

- The Services are Medically Necessary; and
- The Services are provided, prescribed, recommended, or directed by a Plan Provider. We cover COVID-19 testing and treatment required under applicable federal or Colorado laws, regulations, or bulletins.

Exclusions and limitations that apply only to a certain benefit are described in this "Benefits/Coverage (What is Covered)" section. Exclusions, limitations, and reductions that apply to all benefits are described in the "Limitations/Exclusions (What is Not Covered)" section.

Note: Copayments or Coinsurance may apply to the benefits and are described below. For a complete list of Copayment and Coinsurance requirements, see the "Schedule of Benefits (Who Pays What)." You are responsible for any applicable Copayment or Coinsurance for Services performed as part of or in conjunction with other outpatient Services, including but not limited to: office visits; Emergency Services; urgent care; and outpatient surgery.

            (ii) It assures unbiased review of the highest scientific standards by qualified people who have no interest in the outcome of the review.

Health Plan uses Local Coverage Determinations (LCD) and National Coverage Determinations (NCD) (hereinafter referred to as Medicare Guidelines) for our DME, prosthetic, and orthotic formulary guidelines. These are guidelines only. Health Plan reserves the right to exclude items listed in the Medicare Guidelines. Please note that this EOC may contain some, but not all, of these exclusions.

Note: You may be billed for any EIS received after the number of visits required by state law is satisfied.

I. Emergency Services and Urgent Care

1. Emergency Services
Emergency Services are available at all times - 24 HOURS A DAY, 7 DAYS A WEEK. If you have an Emergency Medical Condition or mental health emergency, call 911 or go to the nearest hospital emergency department. You do not need prior Authorization for Emergency Services. When you have an Emergency Medical Condition, we cover Emergency Services you receive from Plan Providers and Out-of-Plan Providers anywhere in the world, as long as the Services would have been covered under your plan if you had received them inside our Service Area. For information about emergency benefits away from home, please call **Member Services**.

You will pay your plan's Deductible, Copayment, and/or Coinsurance for covered Emergency Services, regardless of whether the Services are provided by a Plan Provider or an Out-of-Plan Provider.

Please note that in addition to any Copayment or Coinsurance that applies under this section, you may incur additional Copayment or Coinsurance amounts for Services and procedures covered under other sections of this EOC.

   a. Emergency Services Provided by Out-of-Plan Providers (out-of-Plan Emergency Services)
   "Out-of-Plan Emergency Services" are Emergency Services that are not provided by a Plan Provider or at a Plan Facility. There may be times when you or a family member may receive Emergency Services from Out-of-Plan Providers. The patient's medical condition may be so critical that you cannot call or come to one of our Plan Facilities or the emergency room of a Plan Hospital, or the patient may need Emergency Services while traveling outside our Service Area.

   Please refer to "ii. Emergency Services Limitation for Out-of-Plan Providers" if you are hospitalized for Emergency Services.

      i. We cover out-of-Plan Emergency Services as follows:

         A. Outside our Service Area. If you are injured or become unexpectedly ill while you are outside our Service Area, we will cover out-of-Plan Emergency Services that could not reasonably be delayed until you could get to a Plan Facility or a hospital where we have contracted for Emergency Services. This applies only if a prudent layperson, having average knowledge of health services and medicine and acting reasonably, would have believed that an Emergency Medical Condition or Life or Limb Threatening Emergency existed. Covered benefits include Medically Necessary out-of-Plan Emergency Services for conditions that arise unexpectedly, including but not limited to myocardial infarction, appendicitis, or premature delivery.

         B. Inside our Service Area. If you are inside our Service Area, we will cover out-of-Plan Emergency Services only if a prudent layperson would have reasonably believed that the delay in going to a Plan Facility or a hospital where we have contracted for Emergency Services for treatment would worsen the emergency.

ii. Emergency Services Limitation for Out-of-Plan Providers
If you are admitted to an Out-of-Plan Facility or a hospital where we have contracted for Emergency Services, you or someone on your behalf must notify us within 24 hours, or as soon as reasonably possible. Please call the **Telephonic Medicine Center** at **303-743-5763**.

We will decide whether to make arrangements for necessary continued care where you are, or to transfer you to a Plan Facility we designate once you are Stabilized. If you are admitted to an Out-of-Plan Facility or a hospital where we have contracted for Emergency Services, we may transfer you to a Plan Hospital or Plan Facility. By notifying us of your hospitalization as soon as possible, you will protect yourself from potential liability for payment for Services you receive after transfer to one of our Plan Facilities would have been possible. If you choose to remain at an Out-of-Plan Facility for post-Stabilization care, non-Emergency Services are not covered after we have made arrangements to transfer you to a Plan Facility for care. You will be responsible for payment for any post-Stabilization treatment received at the Out-of-Plan Facility.

b. Emergency Services Exclusions and Limitations
Continuing or follow-up treatment: We cover only the Emergency Services that are required before you could have been moved to a Plan Facility we designate either inside or outside our Service Area. If you are admitted to a Plan Facility, we may transfer you to another Plan Facility. When approved by Health Plan, we will cover ambulance Services or other transportation Medically Necessary to move you to a designated Plan Facility for continuing or follow-up treatment.

The exclusions and limitations of your plan will still apply if non-covered Services are provided by an Out-of-Plan Provider or Out-of-Plan Facility.

c. Payment
Our payment is reduced by:
i. any applicable Copayment and/or Coinsurance for Emergency Services and advanced imaging procedures performed in the emergency room. The emergency room and advanced imaging procedures Copayments, if applicable, are waived if you are admitted directly to the hospital as an inpatient; and
ii. the Copayment or Coinsurance for ambulance Services, if any; and
iii. coordination of benefits; and
iv. all amounts paid or payable, or which in the absence of this EOC would be payable, for the Services in question, under any insurance policy or contract, or any other contract, or any government program except Medicaid; and
v. amounts you or your legal representative recover from motor vehicle insurance or because of third-party liability.

Note: If you receive out-of-Plan Emergency Services, our payment is also reduced by any other payments you would have had to make if you received the same Services from our Plan Providers. The procedure for receiving reimbursement for out-of-Plan Emergency Services is described in the "Appeals and Complaints" section regarding "Post-Service Claims and Appeals."

Note: As part of an emergent care episode, Medically Necessary DME and prosthetics and orthotics following Stabilization will be covered if authorized by Health Plan.

2. Urgent Care
Urgent care Services are Services that are not Emergency Services, are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen illness, injury, or condition.

Urgent care that cannot wait for a scheduled visit with your PCP or specialist can be received at one of our designated urgent care Plan Facilities. In some circumstances, you may be able to receive care in your home. There may be instances when you need to receive urgent care outside our Service Area. For Copayment and Coinsurance information, see "Urgent Care" in the "Schedule of Benefits (Who Pays What)." For information regarding the designated urgent care Plan Facilities, please call **Member Services** during normal business hours. You can also go to our website, kp.org, for information on designated urgent care facilities.

You may call **Advice Nurses** at any time, and one of our advice nurses can speak with you. Our advice nurses are registered nurses (RNs) specially trained to help assess medical symptoms and provide advice over the phone, when medically appropriate. They can often answer questions about a minor concern or advise you about what to do next, including making an appointment for you if appropriate.

Note: The procedure for receiving reimbursement for out-of-Plan urgent care Services is described in the "Appeals and Complaints" section regarding "Post-Service Claims and Appeals."

Note: As part of an urgent care episode, Medically Necessary DME and prosthetics and orthotics following Stabilization will be covered if authorized by Health Plan.

   If you have been diagnosed with a life limiting illness with a life expectancy of 24 months or less, but are not yet ready to elect hospice care, you are eligible for Hospice Special Services. Coverage of hospice care is described below.

   Hospice Special Services give you and your family time to become more familiar with hospice-type Services and to decide what is best for you. It helps you bridge the gap between your diagnosis and preparing for the end of life.

   The difference between Hospice Special Services and regular Home Health Care visiting nurse visits is that: you may or may not be homebound or have skilled nursing care needs; or you may only require spiritual or emotional care. Services available through this program are provided by professionals with specific training in end-of-life issues.

2. Hospice Care
We cover hospice care for terminally ill Members inside our Service Area. If a Plan Provider diagnoses you with a terminal illness and determines that your life expectancy is six (6) months or less, you can choose hospice care instead of traditional Services otherwise provided for your illness.

S. Prescription Drugs, Supplies, and Supplements

We use a drug formulary. A drug formulary includes the list of prescription drugs (including Biologics and Biosimilars) that have been approved by our formulary committee for our Members. Our committee is comprised of physicians, pharmacists, and a nurse practitioner. This committee selects prescription drugs for our drug formulary based on several factors, including safety and effectiveness as determined from a review of medical literature and research. The committee meets regularly to consider adding and removing prescription drugs on the drug formulary. If you would like information about whether a drug is included in our drug formulary, please call **Member Services**.

If your prescription drug has a Copayment shown in the "Schedule of Benefits (Who Pays What)" and it exceeds the Charges for your prescribed medication, then you pay Charges for the medication instead of the Copayment. The drug formulary, discussed above, also applies.

For outpatient prescription drugs and/or items that are covered under the "Prescription Drugs, Supplies, and Supplements" section and obtained at a pharmacy owned and operated by Health Plan, you may be able to use approved manufacturer coupons as payment for the Copayment, Coinsurance, and/or Deductible that you owe, as allowed under Health Plan's coupon program. You will owe any additional amount if the coupon does not cover the entire Copayment, Coinsurance, and/or Deductible for your prescription. Certain health plan coverages are not eligible for coupons. You can get more information about the Kaiser Permanente coupon program rules and limitations at kp.org/rxcoupons.

1. Coverage
   a. Limited Drug Coverage Under Your Basic Drug Benefit
   If your Group has not purchased supplemental prescription drug coverage, then prescribed drug coverage under your basic drug benefit is limited. It includes base drugs such as: contraceptives; orally administered anti-cancer medication; and post-surgical immunosuppressive drugs required after a transplant. These base drugs are available only when prescribed by a Plan Provider and obtained at Plan Pharmacies. You may obtain these drugs at the Copayment or Coinsurance shown in the "Schedule of Benefits (Who Pays What)." The amount covered cannot exceed the day supply for each maintenance drug or up to the day supply for each non-maintenance drug. Any amount you receive that exceeds the day supply will not be covered. If you receive more than the day supply, you will be charged as a non-Member for any amount that exceeds that limit. Each prescription refill is provided on the same basis as the original prescription.

   If your Group has purchased supplemental prescription drug coverage, the applicable generic or brand-name Copayment or Coinsurance and any pharmacy Deductible apply for these types of drugs. For more information, please refer to the "Schedule of Benefits (Who Pays What)."

   Note: Health Plan may, in its sole discretion, establish quantity limits for specific prescription drugs, regardless of whether your Group has limited or supplemental prescription drug coverage.

   i. We cover:
      (a) prescription contraceptives intended to last:
         (i) for a three-month period the first time the prescription contraceptive is dispensed to the covered person; and
         (ii) for a twelve-month period or through the end of the covered person's coverage under the policy, contract, or plan, whichever is shorter, for any subsequent dispensing of the same prescription contraceptive to the covered person, regardless of whether the covered person was enrolled in the policy, contract, or plan at the time the prescription contraceptive was first dispensed; or
      (b) a prescribed vaginal contraceptive ring intended to last for a three-month period.

      For Copayment or Coinsurance information related to contraceptive drugs and certain devices, please refer to your "Schedule of Benefits (Who Pays What)."

b. Outpatient Prescription Drugs
Unless your Group has purchased additional outpatient prescription drug coverage, we do not cover outpatient drugs except as provided in other provisions of this "Prescription Drugs, Supplies, and Supplements" section. If your Group has purchased additional coverage for outpatient prescription drugs, see "Additional Provisions." The drug formulary, discussed above, also applies.

i. Prescriptions by Mail
If requested, refills of maintenance drugs will be mailed through Kaiser Permanente's mail-order prescription service by First-Class U.S. Mail with no charge for postage and handling. We cannot mail prescription drugs to some states. Refills of maintenance drugs prescribed by Plan Providers may be obtained for up to the day supply by mail order, at the applicable Copayment or Coinsurance. Maintenance drugs are determined by Health Plan. Certain drugs and supplies may not be available through our mail-order service, for example, drugs that require special handling or refrigeration, have a significant potential for waste or diversion, or are high cost. Drugs and supplies available through our mail-order prescription service are subject to change at any time without notice. For information regarding our mail-order prescription service and specialty drugs not available by mail order, please contact **Member Services**.

ii. Specialty Drugs

In these circumstances, Health Plan, Kaiser Foundation Hospitals, Medical Group and Medical Group Plan Providers will not have any liability for any delay or failure in providing covered Services. In the case of a labor dispute involving Health Plan, Kaiser Foundation Hospitals, or Medical Group, we may postpone care until the dispute is resolved if delaying your care is safe and will not result in harmful health consequences.

C. Reductions

1. Coordination of Benefits (COB)

The Services covered under this EOC are subject to Coordination of Benefit (COB) rules. If you have health care coverage with another health plan or insurance company, we will coordinate benefits with the other coverage under the COB guidelines below.

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order-of-benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** do not exceed 100% of the total **Allowable expense**.

DEFINITIONS

a. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
    i. **Plan** includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
    ii. **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under i. or ii. is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

b. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other **Plans**. Any other part of the contract providing health care benefits is separate from **This plan**. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

c. The order-of-benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health coverage under more than one **Plan**.

When **This plan** is primary, its benefits are determined before those of any other **Plan** and without considering any other **Plan's** benefits. When **This plan** is secondary, its benefits are determined after those of another **Plan** and may be reduced because of the **Primary plan's** benefits, so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

d. **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

i. The difference between the cost of a semi-private hospital room and a private hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private hospital room expenses or the patient's stay is medically necessary in terms of generally accepted medical practice or the hospital does not have a semi-private room.
ii. If a person is covered by two or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
iii. If a person is covered by two or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
iv. If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
v. The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

e. **Claim determination period** is usually a calendar year, but a **Plan** may use some other period of time that fits the coverage of the group contract. A person is covered by a **Plan** during a portion of a **Claim determination period** if that person's coverage starts or ends during the **Claim determination period**. However, it does not include any part of a year during which a person has no coverage under **This plan**, or before the date this **COB** provision or a similar provision takes effect.

f. **Closed panel plan** is a **Plan** that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with either directly or indirectly or are employed by the **Plan**, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

g. **Custodial parent** means a parent awarded primary custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

ORDER-OF-BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order-of-benefit payment are as follows:

a. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other **Plan**.

b.

i. Except as provided in paragraph ii., a **Plan** that does not contain a coordination of benefits provision that is consistent with these rules is always primary unless the provisions of both **Plans** state that the complying **Plan** is primary.

ii. Coverage that is obtained by virtue of being members in a group, and designed to supplement part of the basic package of benefits, may provide supplementary coverage that shall be in excess of any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.

c. A **Plan** may consider the benefits paid or provided by another **Plan** in determining its benefits only when it is secondary to that other **Plan**.

d. Each **Plan** determines its order-of-benefits using the first of the following rules that apply:

i. Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent; and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee); then the order-of-benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

ii. Dependent Child Covered Under More Than One **Plan**. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order-of-benefits is determined as follows:

A. For a dependent child whose parents are married or are living together, whether or not they have ever been married:

1. The **Plan** of the parent whose birthday (month and day) falls earlier in the calendar year is the **Primary plan**; or
2. If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.

B. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

1. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;
2. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph A. above shall determine the order-of-benefits;
3. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph A. above shall determine the order-of-benefits; or
4. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order-of-benefits for the child are as follows:
   - The **Plan** covering the **Custodial parent**;
   - The **Plan** covering the spouse of the **Custodial parent**;
   - The **Plan** covering **the non-custodial parent**; and then
   - The **Plan** covering the spouse of the **non-custodial parent**.

C. For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph A. or B. above shall determine the order-of-benefits as if those individuals were the parents of the child.

iii. Active Employee or Retired or Laid-off Employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order-of-benefits, this rule is ignored. This rule does not apply if the rule labeled d.1. can determine the order-of-benefits.

iv. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the

order-of-benefits, this rule is ignored. This rule does not apply if the rule labeled d.1. can determine the order-of-benefits.

v. Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.

vi. If the preceding rules do not determine the order-of-benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

a. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

b. If a covered person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give Health Plan any facts we need to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, Health Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. Health Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Health Plan is more than it should have paid under this **COB** provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

If you have any questions about COB, please call or write **Patient Financial Services.**

2. Injuries or Illnesses Alleged to be Caused by Other Parties

You must ensure we receive the maximum reimbursement allowed by law for covered Services you receive for an injury or illness that is alleged to be caused by another party. You do not have to reimburse us more than you receive from or on behalf of any other party, insurance company or organization as a result of the injury or illness. Our right to reimbursement shall include all sources as allowed by law. This includes, but is not limited to, any recovery you receive from: (a) uninsured motorist coverage; or (b) underinsured motorist coverage; or (c) automobile medical payment coverage; or (d) workers' compensation coverage; or (e) any other liability coverage; or (f) any responsible party or entity.

Note: This "Injuries or Illnesses Alleged to be Caused by Other Parties" section does not affect your obligation to pay your Copayment, Coinsurance, and/or Deductible for these Services. The amount of reimbursement due the Plan is not limited by or subject to the Out-of-Pocket Maximum provision.

To the extent allowed by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against another party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by the other party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney.

We shall have a first priority lien on the proceeds of any judgment or settlement, whether by compromise or otherwise, you obtain against or from any other party, entity or insurer, regardless of whether the other party, entity or insurer admits

fault. Proceeds of such judgment, award or settlement in your or your attorney's possession shall be held in trust for our benefit.

Within 30 days after submitting or filing a claim or legal action against another party, entity or insurer, you must send written notice of the claim or legal action to:

Equian, LLC
Attn: Subrogation Operations
PO Box 36380
Louisville, KY 40233
Fax: 502-214-1291

For us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send to Equian: all consents; releases; authorizations; assignments; and other documents, including lien forms directing your attorney, any other party or entity and any respective insurer to pay us or our legal representatives directly. You must cooperate to protect our interests under this "Injuries or Illnesses Alleged to be Caused by Other Parties" provision and must not take any action prejudicial to our rights.

If your estate, parent, guardian, legal representative, or conservator asserts a claim against another party, entity or insurer based on your injury or illness, your estate, parent, guardian, legal representative, or conservator and any settlement or judgment recovered by the estate, parent, guardian, legal representative, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim. We may assign our rights to enforce our liens and other rights.

Some providers have contracted with Kaiser Permanente to provide certain Services to Members at rates that are typically less than the fees that the providers normally charge to the general public ("General Fees"). However, these contracts may allow providers to assert any independent lien rights they may have to recover their General Fees from a judgment or settlement that you receive from or on behalf of another party, entity or insurer. For Services the provider furnished, our recovery and the provider's recovery together will not exceed the provider's General Fees.

If you are entitled to Medicare, Medicare law may apply with respect to Services covered by Medicare.

3. Traditional or Gestational Surrogacy

In situations where you receive monetary compensation to act as either a traditional or gestational surrogate, Health Plan will seek reimbursement for covered Services you receive that are associated with conception, pregnancy and/or delivery of the child, except that we will recover no more than half of the monetary compensation you receive. A surrogate arrangement is one in which a woman agrees to become pregnant and to surrender the baby to another person or persons who intend to raise the child. This section applies to any person who is impregnated by artificial insemination, intrauterine insemination, in vitro fertilization or through the surgical implantation of a fertilized egg of another person and applies to both traditional surrogacy and gestational carriers.

Note: This "Traditional or Gestational Surrogacy" section does not affect your obligation to pay your Copayment, Coinsurance, and/or Deductible for these Services.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receives, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receives
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

Equian, LLC
Attn: Surrogacy Subrogation Operations
PO Box 36380
Louisville, KY 40233
Fax: 502-214-1291

Note: A baby born under a Surrogacy Arrangement does not have health coverage rights under the surrogate's health coverage. The intended parents of a child born under a Surrogacy Arrangement will need to arrange for health coverage for the newborn.

V. MEMBER PAYMENT RESPONSIBILITY

Information on Member payment responsibility, including applicable Deductibles, annual Out-of-Pocket Maximum, Copayments, and Coinsurance, can be found in the "Schedule of Benefits (Who Pays What)." Payment responsibility information for Emergency Services and urgent care can be found in the "Benefits/Coverage (What is Covered)" section. For additional questions, contact **Member Services**.

Our contracts with Plan Providers provide that you are not liable for any amounts we owe them for covered Services. However, you may be liable for the cost of non-covered Services or Services you obtain from Out-of-Plan Providers. If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for covered Services you receive from that provider, in excess of any applicable Deductibles, Copayments, or Coinsurance amounts, until we make arrangements for the Services to be provided by another Plan Provider and so notify the Subscriber.

VI. CLAIMS PROCEDURE (HOW TO FILE A CLAIM)

Plan Providers submit claims for payment for covered Services directly to Health Plan. For general information on claims, and how to submit pre-service claims, concurrent care claims, and post-service claims, see the "Appeals and Complaints" section. For covered Services by Out-of-Plan Providers, you may need to submit a claim on your own. Contact **Member Services** for more information on how to submit such claims. Health Plan complies with the time frames for resolution and payment of filed claims as required by state law.

You may file a claim (request for payment/reimbursement):

- by signing in to kp.org, completing an electronic form, and uploading supporting documentation;
- by mailing a paper form that can be obtained by visiting kp.org/formsandpubs or calling Member Services; or
- if you are unable to access the electronic form (or obtain the paper form), by mailing the minimum amount of information we need to process your claims:
  1. Member/patient name and Medical/Health Record Number
  2. The date you received the Services
  3. Where you received the Services
  4. Who provided the Services
  5. Why you think we should pay for the Services
  6. A copy of the bill, your medical record(s) for these Services, and your receipt if you paid for the Services.

  Mailing address to submit your claim:

  Kaiser Permanente
  National Claims Administration - Colorado
  P.O. Box 373150
  Denver, CO 80237-3150

B. Access to Services for Foreign Language Speakers

1. **Member Services** will provide a telephone interpreter to assist Members who speak limited or no English.
2. Plan Providers have telephone access to interpreters in over 150 languages.
3. Plan Providers can also request an onsite interpreter for an appointment, procedure, or Service.
4. Any interpreter assistance we arrange or provide will be at no charge to the Member.

C. Administration of Agreement

We may adopt reasonable policies, procedures, and interpretations to promote efficient administration of the Group Agreement and this EOC.

D. Advance Directives

Federal law requires Kaiser Permanente to tell you about your right to make health care decisions.

Colorado law recognizes the right of an adult to accept or reject medical treatment, artificial nourishment and hydration, and cardiopulmonary resuscitation. Each adult has the right to establish, in advance of the need for medical treatment, any directives and instructions for the administration of medical treatment in the event the person lacks the decisional capacity to provide informed consent to or refusal of medical treatment. (Colorado Revised Statutes, Section 15-14-504)

Kaiser Permanente will not discriminate against you whether or not you have an advance directive. We will follow the requirements of Colorado law respecting advance directives. If you have an advance directive, please give a copy to the Kaiser Permanente medical records department or to your provider.

A health care provider or health care facility shall provide for the prompt transfer of the principal to another health care provider or health care facility if such health care provider or health care facility wishes not to comply with an agent's medical treatment decision on the basis of policies based on moral convictions or religious beliefs. (Colorado Revised Statutes, Section 15-14-507)

Two (2) brochures are available: *Your Right to Make Health Care Decisions* and *Making Health Care Decisions*. For copies of these brochures or for more information, please call **Member Services**.

E. Agreement Binding on Members

By electing coverage or accepting benefits under this EOC, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all provisions of this EOC.

F. Amendment of Agreement

Your Group's Agreement with us will change periodically. If these changes affect this EOC, your Group is required to notify you of them. If it is necessary to make revisions to this EOC, we will issue revised materials to you.

G. Applications and Statements

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this EOC.

H. Assignment

You may assign, in writing, payments due under the policy to a licensed hospital, other licensed health care provider, an occupational therapist, or a massage therapist, for covered Services provided to you. You may not assign this EOC or any other rights, interests, or obligations hereunder without our prior written consent.

I. Attorney Fees and Expenses

In any dispute between a Member and Health Plan or Plan Providers, each party will bear its own attorneys' fees and other expenses.

J. Claims Review Authority

We are responsible for determining whether you are entitled to benefits under this EOC. We have the authority to review and evaluate claims that arise under this EOC. We conduct this evaluation independently by interpreting the provisions of this EOC. If this EOC is part of a health benefit plan that is subject to the Employee Retirement Income Security Act (ERISA), then we are a "named fiduciary" to review claims under this EOC.

K. Contracts with Plan Providers

Plan Providers are paid in a number of ways, including: salary; capitation; per diem rates; case rates; fee for service; and incentive payments. If you would like further information about the way Plan Providers are paid to provide or arrange medical and hospital care for Members, please call **Member Services**.

Our contracts with Plan Providers provide that you are not liable for any amounts we owe. However, you may be liable for the cost of non-covered Services or Services you obtain from Out-of-Plan Providers. If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for covered Services you receive from that provider, in excess of any applicable Copayments and Coinsurance, until we make arrangements for the Services to be provided by another Plan Provider and so notify the Subscriber.

L. Genetic Testing Information

In accordance with state law: (1) Information derived from genetic testing shall be confidential and privileged. Any release, for purposes other than diagnosis, treatment, or therapy, of genetic testing information that identifies the person tested with the test results released requires specific written consent by the person tested. (2) Any entity that receives information derived from genetic testing may not seek, use, or keep the information for any nontherapeutic purpose or for any underwriting purpose connected with the provision of group disability insurance or long-term care insurance coverage.

M. Governing Law

Except as preempted by federal law, this EOC will be governed in accordance with Colorado law. Any provision that is required to be in this EOC by state or federal law shall bind Members and Health Plan whether or not set forth in this EOC.

N. Group and Members are not Health Plan's Agents

Neither your Group nor any Member is the agent or representative of Health Plan.

O. No Waiver

Our failure to enforce any provision of this EOC will not constitute a waiver of that or any other provision, or impair our right thereafter to require your strict performance of any provision.

P. Nondiscrimination

We do not discriminate in our employment practices or in the delivery of health care Services on the basis of age, race, color, national origin, religion, sex, sexual orientation, or physical or mental disability.

Q. Notices

Our notices to you will be sent to the most recent address we have for the Subscriber. The Subscriber is responsible for notifying us of any change in address. Members who move should call **Member Services** as soon as possible to give us their new address.

R. Out-of-Pocket Maximum Takeover Credit

Out-of-Pocket Maximum Takeover Credit is a one-time event which may occur at the point of the initial open enrollment. It applies only to:

1. Members of new groups enrolling with Kaiser Foundation Health Plan of Colorado for the first time. (In this situation, Members must have been covered under one of the group's other carriers at the time of the group's enrollment.)
2. Members of new or current groups who move from non-sole carrier status to sole-carrier status with Kaiser Foundation Health Plan of Colorado. Non-sole carrier status refers to when an employee has the option of choosing a group health plan either through Kaiser Foundation Health Plan of Colorado or through another carrier. (In this situation, Members must have been covered under one of the group's other carriers at the time the group moved to sole-carrier status.)

A credit may be applied toward your Out-of-Pocket Maximum with Health Plan for certain eligible expenses accumulated toward your out-of-pocket maximum under your prior coverage. In order for expenses to be considered for this credit, you must submit an Explanation of Benefits ("EOB") issued by your prior carrier showing that the expense was applied toward your out-of-pocket maximum under your prior coverage. All such expenses must be for Services that are covered and subject to the Out-of-Pocket Maximum under this EOC.

For groups with effective dates of coverage during the months of April through December, expenses incurred from January 1 of the current year through the effective date of coverage with Kaiser Foundation Health Plan of Colorado may be eligible for credit.

For groups with effective dates of coverage during the months of January through March, expenses incurred up to 90 days prior to the effective date of coverage with Kaiser Foundation Health Plan may be eligible for credit.

You must submit all claims for Out-of-Pocket Maximum Takeover Credit within 90 days from the effective date of coverage with Health Plan. To submit a claim, send all EOBs along with a completed Prior Carrier Information Cover Form to the **Kaiser Permanente Claims Department.** To get a copy of the Prior Carrier Information Cover Form, please call the **Claims Department**.

S. Overpayment Recovery

We may recover any overpayment we make for Services from anyone who receives such an overpayment, or from any person or organization obligated to pay for the Services.

T. Privacy Practices

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers to protect your PHI. Your PHI is individually-identifiable information (oral, written, or electronic) about your health, health care services you receive, or payment for your health care. You generally may access and receive copies of your PHI, update or amend your PHI, and ask us for an accounting of certain disclosures of your PHI. You also may request delivery of confidential communications to a location other than your usual address or by alternate means.

We may use or disclose your PHI for treatment, payment, and health care operations purposes, such as quality improvement. Sometimes we may be required by law to disclose PHI to others, such as government agencies or pursuant to judicial actions. Kaiser Permanente will not use or disclose your PHI for any other purpose without your (or your representative's) authorization, except as described in our *Notice of Privacy Practices* (see below). Giving us authorization is at your discretion.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices* provides additional information about our privacy practices and your rights regarding your PHI and will be provided to you upon request. To request a paper copy, please call Member Services. You can also find the notice at a Kaiser Permanente Medical Office Building or on our website, kp.org**.**

U. Value-Added Services

In addition to the Services we cover under this EOC, we make available a variety of value-added services. Value-added services are not covered by your plan. They are intended to give you more options for a healthy lifestyle. Examples may include:

1. Certain health education classes not covered by your plan;
2. Certain health education publications;
3. Discounts for fitness club memberships;
4. Health promotion and wellness programs; and
5. Rewards for participating in those programs.

Some of these value-added services are available to all Members. Others may be available only to Members enrolled through certain groups or plans. To take advantage of these services, you may need to:

1. Show your Health Plan ID card, and
2. Pay the fee, if any,

to the company that provides the value-added service. Because these services are not covered by your plan, any fees you pay will not count toward any coverage calculations, such as Deductible or Out-of-Pocket Maximum.

To learn about value-added services and which ones are available to you, please check our website, kp.org.

These value-added services are neither offered nor guaranteed under your Health Plan coverage. Health Plan may change or discontinue some or all value-added services at any time and without notice to you. Value-added services are not offered as inducements to purchase a health care plan from us. Although value-added services are not covered by your plan, we may have included an estimate of their cost when we calculated Premiums.

Health Plan does not endorse or make any representations regarding the quality or medical efficacy of value-added services, or the financial integrity of the companies offering them. We expressly disclaim any liability for the value-added services provided by these companies. If you have a dispute regarding a value-added service, you must resolve it with the company offering such service. Although Health Plan has no obligation to assist with this resolution, you may call **Member Services**, and a representative may try to assist in getting the issue resolved.

V. Women's Health and Cancer Rights Act

In accordance with the "Women's Health and Cancer Rights Act of 1998," and as determined in consultation with the attending physician and the patient, we provide the following coverage after a mastectomy:

1. Reconstruction of the breast on which the mastectomy was performed.
2. Surgery and reconstruction of the other breast to produce a symmetrical (balanced) appearance.
3. Prostheses (artificial replacements).
4. Services for physical complications resulting from the mastectomy.

VIII. TERMINATION/NONRENEWAL/CONTINUATION

Your Group is required to inform the Subscriber of the date coverage terminates. If your membership terminates, all rights to benefits end at 11:59 p.m. on the termination date. Dependents' memberships end at the same time the Subscriber's membership ends. You will be billed as a non-Member for any Services you receive after your membership terminates. Health Plan and Plan Providers have no further responsibility under this EOC after your membership terminates, except as provided under "Termination of Group Agreement" in this "Termination/Nonrenewal/Continuation" section.

This section describes: how your membership may end; and explains how you may maintain Health Plan coverage if your membership under this EOC ends.

A. Termination Due to Loss of Eligibility

If you no longer meet the eligibility requirements in the "Eligibility" section, we or your Group will provide 30 days' advance written notice of termination.

B. Termination of Group Agreement

If your Group's Agreement with us terminates for any reason, your membership ends on the same date.

If your Group's Agreement terminates for reasons other than nonpayment of Premiums, fraud or abuse, while you are inpatient in a hospital or institution, your coverage will continue until your date of discharge.

C. Termination for Cause

We may terminate the memberships in your Family Unit if anyone in your Family Unit commits any of the following acts.

1. We will send written notice that will include the reason for termination to the Subscriber at least 30 days before the termination date if:
   a. You are disruptive, unruly, or abusive so that Health Plan's or a Plan Provider's ability to provide Services to you, or to other Members, is seriously impaired; or

b. You fail to establish and maintain a satisfactory provider-patient relationship, after the Plan Provider has made reasonable efforts to promote such a relationship; or

2. We will send written notice that will include the reason for termination to the Subscriber at least 30 days before the termination date if:
   a. You knowingly: (a) misrepresent membership status; (b) present an invalid prescription or physician order; (c) misuse (or let someone else misuse) a Health Plan ID card; or (d) commit any other type of fraud in connection with your membership (including your enrollment application), Health Plan or a Plan Provider; or
   b. You knowingly: furnish incorrect or incomplete information to us; or fail to notify us of changes in your family status or Medicare coverage that may affect your eligibility or benefits.

Termination of membership for any one of these reasons applies to all members of your Family Unit. All rights to benefits cease on the date of termination. You will be billed as a non-Member for any Services received after the termination date. You have the right to appeal such a termination. To appeal, please call **Member Services**; or you can call the Colorado Division of Insurance.

We may report any member fraud to the authorities for prosecution. We may also pursue appropriate civil remedies.

D. Termination for Nonpayment

You are entitled to coverage only for the period for which we have received the appropriate Premiums from your Group. If your Group fails to pay us the appropriate Premiums for your Family Unit, we will terminate the memberships of everyone in your Family Unit.

After termination of your enrollment for nonpayment of Premiums, Health Plan may require payment of any outstanding Premiums for prior coverage if permitted by applicable law.

E. Termination of a Product or all Products (applies to non-grandfathered health plans only)

We may terminate a particular product or all products offered in the group market as permitted or required by law. If we discontinue offering a particular product in the group market, we will terminate just the particular product by sending you written notice at least 90 days before the product terminates. If we discontinue offering all products in the group market, we may terminate your Group's Agreement by sending you written notice at least 180 days before the Agreement terminates.

F. Rescission of Membership

We may rescind your membership after it is effective if you or anyone on your behalf did one of the following with respect to your membership (or application) prior to your membership effective date:

1. Performed an act, practice, or omission that constitutes fraud; or
2. Misrepresented a material fact with intent, such as an omission on the application.

We will send written notice to the Subscriber in your Family at least 30 days before we rescind your membership. The rescission will cancel your membership so no coverage ever existed. You will be required to pay as a non-Member for any Services we covered. We will refund all applicable Premiums, less any amounts you owe us.

G. Continuation of Group Coverage Under Federal Law, State Law or USERRA

1. Federal Law (COBRA)

   You may be able to continue your coverage under this EOC for a limited time after you would otherwise lose eligibility, if required by the federal COBRA law. Please contact your Group if you want to know how to elect COBRA coverage or how much you will have to pay your Group for it.

2. State Law

   If you are not eligible to continue uninterrupted group coverage under federal law (COBRA), you may be eligible to continue group coverage under Colorado law. Colorado law states that if you have been a Member for at least six (6) consecutive months immediately prior to termination of employment, continue to meet the eligibility requirements of Group and Health Plan and continue to pay applicable monthly Premiums to your Group, you may continue uninterrupted group coverage. If loss of eligibility occurs because of the following reasons, you and/or your Dependents may continue group coverage subject to the terms below:

   a. Your coverage is through a Subscriber who dies, divorces or legally separates, or becomes entitled to Medicare or Medicaid benefits; or
   b. You are a Subscriber (or your coverage is through a Subscriber) whose employment terminates, including voluntary termination or layoff, or whose hours of employment have been reduced.

   You may enroll children born or placed for adoption with you during the period of continuation coverage. The enrollment and effective date shall be as specified under the "Eligibility" section.

   To continue coverage, you must request continuation of group coverage on a form furnished by and returned to your Group along with payment of applicable Premiums, no later than 30 days after the date of termination of employment.

Termination of State Continuation Coverage. Continuation of coverage under this provision continues upon payment of the applicable Premiums to your Group and terminates on the earlier of:

a. 18 months after your coverage would have otherwise terminated because of termination of employment; or
b. The date you become covered under another group medical plan; or
c. The date Health Plan terminates its contract with the Group.

We may terminate your continuation coverage if payment is not received when due.

If you have chosen an alternate health care plan offered through your Group but elect during open enrollment to receive continuation coverage through Health Plan, you will only be entitled to continued coverage for the remainder of the 18-month maximum coverage period.

3. USERRA

If you are called to active duty in the uniformed services, you may be able to continue your coverage under this EOC for a limited time after you would otherwise lose eligibility, if required by the federal USERRA law. You must submit a USERRA election form to your Group within 60 days after your call to active duty. Please contact your Group if you want to know how to elect USERRA coverage or how much you will have to pay your Group for it.

H. Moving Outside of our Service Area

If you move to an area not within any Kaiser regional health plan service area, your membership may be terminated. We will provide you with thirty (30) days' notice of termination which will include the reason for termination.

I. Moving to Another Kaiser Regional Health Plan Service Area

You must notify us immediately if you permanently move outside the Service Area. If you move to another Kaiser regional health plan service area, you should contact your Group's benefits administrator before you move to learn about your Group health care options. You will be terminated from this plan, but you may be able to transfer your group membership if there is an arrangement with your Group in the new service area. However, eligibility requirements, benefits, Premiums, Deductibles, Copayments, Coinsurance, and Out-of-Pocket Maximum limits may not be the same in the other service area.

IX. APPEALS AND COMPLAINTS

A. Claims and Appeals

Health Plan will review claims and appeals, and we may use medical experts to help us review them. The following terms have the following meanings when used in this "Appeals and Complaints" section:

1. A **claim** is a request for us to:
   a. provide or pay for a Service that you have not received (pre-service claim),
   b. continue to provide or pay for a Service that you are currently receiving (concurrent care claim), or
   c. pay for a Service that you have already received (post-service claim).

2. An **adverse benefit determination** is our decision to do any of the following:
   a. deny your claim, in whole or in part, including (1) a denial, in whole or in part, of a pre-service claim (preauthorization for a Service), a concurrent care claim (continue to provide or pay for a Service that you are currently receiving) or a post-service claim (a request to pay for a Service) in whole or in part; (2) a denial of a request for Services on the ground that the Service is not Medically Necessary, appropriate, effective or efficient or is not provided in or at the appropriate health care setting or level of care; or, (3) a denial of a request for Services on the ground that the Service is experimental or investigational,
   b. terminate your membership retroactively except as the result of non-payment of Premiums (also called rescission or cancellation retroactively),
   c. deny your (or, if applicable, your dependent's) application for individual plan coverage,
   d. uphold our previous adverse benefit determination when you appeal.

   In addition, when we deny a request for medical care because it is excluded under this EOC, and you present evidence from a Colorado medical professional that there is a reasonable medical basis that the contractual exclusion does not apply to the denied medical care, then our denial shall be considered an adverse benefit determination

3. An **appeal** is a request for us to review our initial adverse benefit determination.

If you miss a deadline for making a claim or appeal, we may decline to review it.

Except when simultaneous external review can occur, you must exhaust the internal claims and appeals procedure as described in this "Appeals and Complaints" section unless we fail to follow the claims and appeals process described in this Section IX.

You may request our Authorization for Release of Appeal Information form by calling the **Appeals Program**.

You also have the right to request any diagnosis and treatment codes and their meanings that are the subject of your claim. To make a request, you should contact **Member Services**.

Providing Additional Information Regarding Your Claim and/or Appeal
When you appeal, you may send us additional information including comments, documents, and additional medical records that you believe support your claim. If we asked for additional information and you did not provide it before we made our initial decision about your claim, then you may still send us the additional information so that we may include it as part of our review of your appeal, if you ask for one. Please send all additional information to the Department that issued the adverse benefit determination.

When you appeal, you may give testimony in writing or by telephone. Please send your written testimony to the **Appeals Program**. To arrange to give testimony by telephone, you should contact the **Appeals Program**.

We will add the information that you provide through testimony or other means to your claim file and we will review it without regard to whether this information was submitted and/or considered in our initial decision regarding your claim.

Sharing Additional Information That We Collect
If we believe that your appeal of our initial adverse benefit determination will be denied, then before we issue our next adverse benefit determination we will also share with you any new or additional reasons for that decision. We will send you a letter explaining the new or additional information and/or reasons and inform you how you can respond to the information in the letter if you choose to do so. If you do not respond before we must make our next decision, that decision will be based on the information already in your claim file.

Internal Claims and Appeals Procedures
There are several types of claims, and each has a different procedure described below for sending your claim and appeal to us as described in this Internal Claims and Appeals Procedures section:

1. Pre-service claims (urgent and non-urgent)
2. Concurrent care claims (urgent and non-urgent)
3. Post-service claims

In addition, there is a separate appeals procedure for adverse benefit determinations due to a retroactive termination of membership (rescission) or a denial of an application for individual plan coverage.

When you file an appeal, we will review your claim without regard to our previous adverse benefit determination. The individual who reviews your appeal will not have participated in our original decision regarding your claim nor will the reviewer be the subordinate of someone who did participate in our original decision.

1. Pre-Service Claims and Appeals
   Pre-service claims are requests that we provide or pay for a Service that you have not yet received. Failure to receive Authorization before receiving a Service that must be authorized or pre-certified in order to be a covered Service may be the basis for our denial of your pre-service claim. If you receive any of the Services you are requesting before we make our decision, your pre-service claim or appeal will become a post-service claim or appeal with respect to those Services. If you have any general questions about pre-service claims or appeals, please call **Member Services**.

   Here are the procedures for filing a pre-service claim, a non-urgent pre-service appeal, and an urgent pre-service appeal.

   a. Pre-Service Claim

Tell Health Plan in writing that you want us to provide or pay for a Service you have not yet received. Your request and any related documents you give us constitute your claim. You must either mail or fax your claim to **Member Services**.

If you want us to consider your pre-service claim on an urgent basis, your request should tell us that. We will decide whether your claim is urgent or non-urgent unless your attending health care provider tells us your claim is urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you have a physical or mental disability, creates an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting. We may, but are not required to, waive the requirements related to an urgent claim and appeal, to permit you to pursue an expedited external review.

We will review your claim and, if we have all the information we need, we will make a decision within a reasonable period of time but not later than 15 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, so long as we notify you prior to the expiration of the initial 15-day period and explain the circumstances for which we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information within 15 days of receiving your claim, and we will give you 45 days to send the information. We will make a decision within 15 days after we receive the first piece of information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider all of the information that you send us when we make our decision. If we do not receive any of the requested information (including documents) within 45 days after we send our request, we will make a decision based on the information we have within 15 days following the end of the 45-day period.

We will send written notice of our decision to you and, if applicable to your provider. Please let us know if you wish to have our decision sent to your provider.

If your pre-service claim was considered on an urgent basis, we will notify you of our decision (whether adverse or not) orally or in writing within a timeframe appropriate to your clinical condition but not later than 72 hours after we receive your claim. Within 24 hours after we receive your claim, we may ask you for more information. We will notify you of our decision within 48 hours of receiving the first piece of requested information. If we do not receive any of the requested information, then we will notify you of our decision within 48 hours after making our request. If we notify you of our decision orally, we will send you written confirmation within three (3) days after that.

If we deny your claim (if we do not agree to provide or pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Non-Urgent Pre-Service Appeal

Within 180 days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our denial of your pre-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or relevant symptoms, (3) the specific Service that you are requesting, (4) all of the reasons why you disagree with our adverse benefit denial, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You must either mail or fax your appeal to the **Appeals Program**.

We will schedule an appeal meeting in a timeframe that permits us to decide your appeal in a timely manner. You may be present for the appeal meeting in person or by telephone conference and you may bring counsel, advocates and health care professionals to the appeal meeting. Unless you request to be present for the appeal meeting in person or by telephone conference, we will conduct your appeal as a file review. You may present additional materials at the appeal meeting. The members of the appeals committee who will review your appeal will consider this additional material. Upon request, we will provide copies of all information that we intend to present at the appeal meeting at least 5 days prior to the meeting, unless any new material is developed after that 5 day deadline. You will have the option to elect to have a recording made of the appeal meeting, if applicable, and if you elect to have the meeting recorded, we will make a copy available to you.

We will review your appeal and send you a written decision within a reasonable period of time that is appropriate given your medical condition but not more than 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

c. Urgent Pre-Service Appeal

Tell us that you want to urgently appeal our adverse benefit determination regarding your pre-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the specific Service that you are requesting, (4) all of the reasons why you disagree with our adverse benefit determination,

and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You may submit your appeal orally, by mail or by fax to the **Appeals Program**.

When you send your appeal, you may also request simultaneous external review of our initial adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your pre-service appeal qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see "External Review" in this "Appeals and Complaints" section), if our internal appeal decision is not in your favor.

We will decide whether your appeal is urgent or non-urgent unless your attending health care provider tells us your appeal is urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you have a physical or mental disability, creates an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting. We may, but are not required to, waive the requirements related to an urgent appeal to permit you to pursue an expedited external review.

You do not have the right to attend or have counsel, advocates and health care professionals in attendance at the expedited review. You are, however, entitled to submit written comments, documents, records and other materials for the reviewer or reviewers to consider; and receive, upon request and free of charge, copies of all documents, records and other information regarding your request for benefits.

We will review your appeal and give you oral or written notice of our decision as soon as your clinical condition requires, but not later than 72 hours after we received your appeal. If we notify you of our decision orally, we will send you a written confirmation within three (3) days after that.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

2. Concurrent Care Claims and Appeals.
Concurrent care claims are requests that Health Plan continue to provide, or pay for, an ongoing course of covered treatment or Services for a period of time or number of treatments or Services, when the course of treatment already being received will end. If you have any general questions about concurrent care claims or appeals, please call **Member Services**.

Unless you are appealing an urgent care concurrent claim, if we either (a) deny your request to extend your current authorized ongoing care (your concurrent care claim) or (b) inform you that authorized care that you are currently receiving is going to end early and you then appeal our decision (an adverse benefit determination), then during the time that we are considering your appeal, you may continue to receive the authorized Services. If you continue to receive these Services while we consider your appeal and your appeal does not result in our approval of your concurrent care claim, then we will only pay for the continuation of Services until we notify you of our appeal decision.

Here are the procedures for filing a concurrent care claim, a non-urgent concurrent care appeal, and an urgent concurrent care appeal:

a. Concurrent Care Claim
Tell us in writing that you want to make a concurrent care claim for an ongoing course of covered treatment. Inform us in detail of the reasons that your authorized ongoing care should be continued or extended. Your request and any related documents you give us constitute your claim. You must either mail or fax your claim to **Member Services**.

If you want us to consider your claim on an urgent basis and you contact us at least 24 hours before your care ends, you may request that we review your concurrent claim on an urgent basis. We will decide whether your claim is urgent or non-urgent unless your attending health care provider tells us your claim is urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life, health or ability to regain maximum function or if you have a physical or mental disability, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without extending your course of covered treatment. We may, but are not required to, waive the requirements related to an urgent claim or an appeal thereof, to permit you to pursue an expedited external review.

We will review your claim, and if we have all the information we need we will make a decision within a reasonable period of time. If you submitted your claim 24 hours or more before your care is ending, we will make our decision before your authorized care actually ends (that is, within 24 hours of receipt of your claim). If your authorized care ended before you submitted your claim, we will make our decision within a reasonable period of time but no later than 15 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if

circumstances beyond our control delay our decision, if we send you notice before the initial 15 days end and explain why we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information before the initial decision period ends, and we will give you until your care is ending or, if your care has ended, 45 days to send us the information. We will make our decision as soon as possible, if your care has not ended, or within 15 days after we first receive any information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within the stated timeframe after we send our request, we will make a decision based on the information we have within the appropriate timeframe, not to exceed 15 days following the end of the 45 days that we gave you for sending the additional information.

We will send written notice of our decision to you and, if applicable to your provider, upon request. Please let us know if you wish to have our decision sent to your provider.

If we consider your concurrent claim on an urgent basis, we will notify you of our decision orally or in writing as soon as your clinical condition requires, but not later than 24 hours after we received your appeal. If we notify you of our decision orally, we will send you written confirmation within three (3) days after receiving your claim.

If we deny your claim (if we do not agree to provide or pay for extending the ongoing course of treatment or Services), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Non-Urgent Concurrent Care Appeal

Within 180 days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our adverse benefit determination. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the ongoing course of covered treatment that you want to continue or extend, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting documents. Your request and all supporting documents constitute your appeal. You must either mail or fax your appeal to the **Appeals Program**.

We will schedule an appeal meeting in a timeframe that permits us to decide your appeal in a timely manner. You may be present for the appeal meeting in person or by telephone conference and you may bring counsel, advocates and health care professionals to the appeal meeting. Unless you request to be present for the appeal meeting in person or by telephone conference, we will conduct your appeal as a file review. You may present additional materials at the appeal meeting. The members of the appeals committee who will review your appeal will consider this additional material. Upon request, we will provide copies of all information that we intend to present at the appeal meeting at least 5 days prior to the meeting, unless any new material is developed after that 5 day deadline. You will have the option to elect to have a recording made of the appeal meeting, if applicable, and if you elect to have the meeting recorded, we will make a copy available to you.

We will review your appeal and send you a written decision as soon as possible if you care has not ended but not later than 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination decision will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

c. Urgent Concurrent Care Appeal

Tell us that you want to urgently appeal our adverse benefit determination regarding your urgent concurrent claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the ongoing course of covered treatment that you want to continue or extend, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You may submit your appeal orally, by mail or by fax to the **Appeals Program**.

When you send your appeal, you may also request simultaneous external review of our adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your concurrent care claim qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Appeals and Complaints” section).

We will decide whether your appeal is urgent or non-urgent unless your attending health care provider tells us your appeal is urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you have a physical or mental disability, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without continuing your course of covered treatment. We may, but are not required to, waive the requirements related to an urgent appeal to permit you to pursue an expedited external review.

You do not have the right to attend or have counsel, advocates and health care professionals in attendance at the expedited review. You are, however, entitled to submit written comments, documents, records and other materials for the reviewer or reviewers to consider; and receive, upon request and free of charge, copies of all documents, records and other information regarding your request for benefits.

We will review your appeal and notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three (3) days after that.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

3. Post-Service Claims and Appeals

Post-service claims are requests that we for pay for Services you already received, including claims for out-of-Plan Emergency Services or urgent care Services. If you have any general questions about post-service claims or appeals, please call **Member Services**.

Here are the procedures for filing a post-service claim and a post-service appeal:

a. Post-Service Claim

Within twelve (12) months from the date you received the Services, mail us a letter explaining the Services for which you are requesting payment. Provide us with the following: (1) the date you received the Services, (2) where you received them, (3) who provided them, and (4) why you think we should pay for the Services. You must include a copy of the bill, your medical record(s) and any supporting documents. Your letter and the related documents constitute your claim. Or, you may contact **Member Services** to obtain a claims form. You must either mail or fax your claim to the **Claims Department**.

We will not accept or pay for claims received from you after twelve (12) months from the date of Services.

We will review your claim, and if we have all the information we need we will send you a written decision within 30 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, if we notify you within 15 days after we receive your claim and explain the circumstances for which we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information, and we will give you 45 days to send us the information. We will make a decision within 15 days after we receive the first piece of information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within 45 days after we send our request, we will make a decision based on the information we have within 15 days following the end of the 45-day period.

If we deny your claim (if we do not pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Post-Service Appeal

Within 180 days after you receive our adverse benefit determination, tell us in writing that you want to appeal our denial of your post-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the specific Services that you want us to pay for, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) include all supporting documents such as medical records. Your request and the supporting documents constitute your appeal. You must either mail or fax your appeal to the **Appeals Program**.

We will schedule an appeal meeting in a timeframe that permits us to decide your appeal in a timely manner. You may be present for the appeal meeting in person or by telephone conference, and you may bring counsel, advocates and health care professionals to the appeal meeting. Unless you request to be present for the appeal meeting in person or by telephone conference, we will conduct your appeal as a file review. You may present additional materials at the appeal meeting. The appeals committee members who will review your appeal (who were not involved in our original decision regarding your claim) will consider this additional material. Upon request, we will provide copies of all information that we intend to present at the appeal meeting at least 5 days prior to the meeting, unless any new material is developed after that 5 day deadline. You will have the option to elect to have a recording made of the appeal meeting, if applicable, and if you elect to have the meeting recorded, we will make a copy available to you.

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

Voluntary Second Level of Appeal

Within 60 days after you receive our adverse decision regarding your appeal, you may ask us to review our adverse benefit decisions again. We will schedule a review of your second appeal within 60 days of receiving your request, and we will notify you about the date and time of this review no less than 20 days before it occurs. You have the right to request a postponement. You have the right to appear in person or by telephone conference at the meeting. We will make our decision within 7 days of the completion of this meeting.

Appeals of Retroactive Membership Termination (rescission or cancellation retroactively)
We may terminate your membership retroactively (see "Rescission of Membership" under the "Termination/Nonrenewal/Continuation" section). We will send you written notice at least 30 days prior to the termination. If you have general questions about retroactive membership terminations or appeals, please call **Member Services**.

Within 180 days after you receive our adverse benefit determination regarding your individual plan application, you must tell us in writing that you want to appeal our denial of an individual plan application. Please include the following: (1) your name and application reference number, (2) all of the reasons why you disagree with our adverse benefit determination, and (3) all supporting documents. Your request and the supporting documents constitute your appeal. You must mail your appeal to:

Member Services
P.O. Box 203004
Denver, CO 80220-9004

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review that may be available to you.

External Review
Following receipt of an adverse decision letter regarding your First Level Appeal or Voluntary Second Level Appeal, you may have a right to request an external review.

You have the right to request an independent external review of our decision if our decision involves an adverse benefit determination regarding a denial of a claim, in whole or in part, that is (1) a denial of a preauthorization for a Service; (2) a denial of a request for Services on the ground that the Service is not Medically Necessary, appropriate, effective or efficient or is not provided in or at the appropriate health care setting or level of care; and/or (3) a denial of a request for Services on the ground that the Service is experimental or investigational. If our final adverse decision does not involve an adverse benefit determination described in the preceding sentence, then your claim is **not** eligible for external review provided, however, independent external review is available when we deny your appeal because you request medical care that is excluded under your Kaiser Permanente plan and you present evidence from a licensed Colorado professional that there is a reasonable medical basis that the exclusion does not apply.

You will not be responsible for the cost of the external review. There is no minimum dollar amount for a claim to be eligible for an external review.

To request external review, you must:

1. Submit a completed Independent External Review of Carrier's Final Adverse Determination form which will be included with the mandatory internal appeal decision letter and explanation of your appeal rights (you may call the **Appeals Program** to request a copy of this form) to the **Appeals Program** within four (4) months of the date of receipt of the mandatory internal appeal decision or Voluntary Second Level Appeal decision. We shall consider the date of receipt for our notice to be three (3) days after the date on which our notice was drafted, unless you can prove that you received our notice after the three (3) day period ends.
2. Include in your written request a statement authorizing us to release your claim file with your health information including your medical records; or, you may submit a completed Authorization for Release of Appeal Information form which is

included with the mandatory internal appeal decision letter and explanation of your appeal rights (you may call **Appeals Program** to request a copy of this form).

If we do not receive your external review request form and/or authorization form to release your health information, then we will not be able to act on your request. We must receive all of this information prior to the end of the applicable timeframe (4 months) for your request of external review.

Expedited External Review

You may request an expedited review if (1) you have a medical condition for which the timeframe for completion of a standard review would seriously jeopardize your life, health, or ability to regain maximum function, or, if you have a physical or mental disability, would create an imminent and substantial limitation to your existing ability to live independently, or (2) in the opinion of a physician with knowledge of your medical condition, the timeframe for completion of a standard review would subject you to severe pain that cannot be adequately managed without the medical services that you are seeking. A request for an expedited external review must be accompanied by a written statement from your physician that your condition meets the expedited criteria. You must include the physician's certification that you meet expedited external review criteria when you submit your request for external review along with the other required information (described, above).

Additional Requirements for External Review regarding Experimental or Investigational Services

You may request external review or expedited external review involving an adverse benefit determination based upon the Service being experimental or investigational. Your request for external review or expedited external review must include a written statement from your physician that either (a) standard health care services or treatments have not been effective in improving your condition or are not medically appropriate for you, or (b) there is no available standard health care service or treatment covered under this EOC that is more beneficial than the recommended or requested health care service (the physician must certify that scientifically valid studies using accepted protocols demonstrate that the requested health care service or treatment is more likely to be more beneficial to you than an available standard health care services or treatments), and the physician is a licensed, board-certified, or board-eligible physician to practice in the area of medicine to treat your condition. If you are requesting expedited external review, then your physician must also certify that the requested health care service or treatment would be less effective if not promptly initiated. These certifications must be submitted with your request for external review.

No expedited external review is available when you have already received the medical care that is the subject of your request for external review. If you do not qualify for expedited external review, we will treat your request as a request for standard external review.

After we receive your request for external review, we shall notify you of the information regarding the independent external review entity that the Division of Insurance has selected to conduct the external review.

If we deny your request for standard or expedited external review, including any assertion that we have not complied with the applicable requirements related to our internal claims and appeals procedure, then we may notify you in writing and include the specific reasons for the denial. Our notice will include information about your right to appeal the denial to the Division of Insurance. At the same time that we send this denial notice to you, we will send a copy of it to the Division of Insurance.

You will not be able to present your appeal in person to the independent external review organization. You may, however, send any additional information that is significantly different from information provided or considered during the internal claims and appeal procedure and, if applicable Voluntary Second Level of Appeal process. If you send new information, we may consider it and reverse our decision regarding your appeal.

You may submit your additional information to the independent external review organization for consideration during its review within five (5) working days of your receipt of our notice describing the independent review organization that has been selected to conduct the external review of your claim. Although it is not required to do so, the independent review organization may accept and consider additional information submitted after this five (5) working day period ends.

The independent external review entity shall review information regarding your benefit claim and shall base its determination on an objective review of relevant medical and scientific evidence. Within 45 days of the independent external review entity's receipt of your request for standard external review, it shall provide written notice of its decision to you. If the independent external review entity is deciding your expedited external review request, then the independent external review entity shall make its decision as expeditiously as possible and no more than 72 hours after its receipt of your request for external review and within 48 hours of notifying you orally of its decision provide written confirmation of its decision. This notice shall explain the external review entity's decision and that the external review decision is the final appeal available under state insurance law. An external review decision is binding on Health Plan and you except to the extent Health Plan and you have other remedies available under federal or state law. You or your designated representative may not file a subsequent request for external review involving the same Health Plan adverse determination for which you have already received an external review decision.

If the independent external review organization overturns our denial of payment for care you have already received, we will issue payment within five (5) working days. If the independent review organization overturns our decision not to authorize pre-service or concurrent care claims, Kaiser Permanente will authorize care within one (1) working day. Such covered services shall be provided subject to the terms and conditions applicable to benefits under your plan.

Except when external review is permitted to occur simultaneously with your urgent pre-service appeal or urgent concurrent care appeal, you must exhaust our internal claims and appeals procedure (but not the Voluntary Second Level of Appeal) for your claim before you may request external review unless we have failed to substantially comply with federal and/or state law requirements regarding our claims and appeals procedures.

Additional Review

You may have certain additional rights if you remain dissatisfied after you have exhausted our internal claims and appeals procedures, and if applicable, external review. If you are enrolled through a plan that is subject to the Employee Retirement Income Security Act (ERISA), you may file a civil action under section 502(a) of the federal ERISA statute. To understand these rights, you should check with your benefits office or contact the Employee Benefits Security Administration (part of the U.S. Department of Labor) at 1-866-444-EBSA (3272). Alternatively, if your plan is not subject to ERISA (for example, most state or local government plans and church plans or all individual plans), you may have a right to request review in state court.

Hospice care You may receive care from any Medicare-certified hospice program. You are eligible for the hospice benefit when your doctor and the hospice medical director have given you a terminal prognosis certifying that you're terminally ill and have six months or less to live if your illness runs its normal course. Your hospice doctor can be a network provider or an out-of-network provider. Covered services include: • Drugs for symptom control and pain relief. • Short-term respite care. • Home care. ***For hospice services and services that are covered by Medicare Part A or B and are related to your terminal prognosis:** Original Medicare (rather than our plan) will pay for your hospice services and any Part A and Part B services related to your terminal prognosis. While you are in the hospice program, your hospice provider will bill Original Medicare for the services that Original Medicare pays for. **For services that are covered by Medicare Part A or B and are not related to your terminal prognosis:** If you need nonemergency, non–urgently needed services that are covered under Medicare Part A or B and that are not related to your terminal prognosis, your cost for these services depends on whether you use a provider in our plan's network: • If you obtain the covered services from a network provider, you only pay the plan cost-sharing amount for in-network services.	When you enroll in a Medicare-certified hospice program, your hospice services and your Part A and Part B services related to your terminal prognosis are paid for by Original Medicare, **not** our plan.

You pay your plan cost-sharing amount for these services. **For drugs that may be covered by our plan's Part D benefit:** Drugs are never covered by both hospice and our plan at the same time. For more information, please see Chapter 5, Section 9.4, "What if you're in Medicare-certified hospice." **Note:** If you need nonhospice care (care that is not related to your terminal prognosis), you should contact us to arrange the services.

Table of Contents

This list of chapters and page numbers is your starting point. For more help in finding information you need, go to the first page of a chapter. You will find a detailed list of topics at the beginning of each chapter.

CHAPTER 1. Getting started as a member

SECTION 1. Introduction

Section 1.1 You are enrolled in Senior Advantage, which is a Medicare HMO

You are covered by Medicare, and you have chosen to get your Medicare health care and your prescription drug coverage through our plan, Kaiser Permanente Medicare Advantage.

There are different types of Medicare health plans. Senior Advantage is a Medicare Advantage HMO Plan (HMO stands for Health Maintenance Organization). approved by Medicare and run by a private company.

Coverage under this plan qualifies as Qualifying Health Coverage (QHC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at **https://www.irs.gov/Affordable-Care-Act/Individuals-and-Families** for more information.

Section 1.2 What is the Evidence of Coverage booklet about?

This **Evidence of Coverage** booklet tells you how to get your Medicare medical care and prescription drugs covered through our plan. This booklet explains your rights and responsibilities, what is covered, and what you pay as a member of our plan.

If you are not certain which plan you are enrolled in, please call Member Services or your group’s benefit administrator.

This plan is offered by Kaiser Foundation Health Plan of Colorado (Health Plan) and it includes Medicare part D prescription drug coverage. When this **Evidence of Coverage** says "we," "us," or "our," it means Health Plan. When it says "plan" or "our plan," it means Kaiser Permanente Senior Advantage (Senior Advantage).

The words "coverage" and "covered services" refer to the medical care and services and the prescription drugs available to you as a member of our plan.

It’s important for you to learn what our plan’s rules are and what services are available to you. We encourage you to set aside some time to look through this **Evidence of Coverage** booklet.

If you are confused or concerned or just have a question, please contact Member Services (phone numbers are printed on the back cover of this booklet).

Section 1.3 Legal information about the Evidence of Coverage

It's part of our contract with you

This **Evidence of Coverage** is part of our contract with you about how we cover your care. Other parts of this contract include your enrollment form, our **2022 Comprehensive Formulary**, and any notices you receive from us about changes to your coverage or conditions that affect your coverage. These notices are sometimes called "riders" or "amendments."

If your group renews on January 1st, the **Evidence of Coverage** is in effect for the months in which you are enrolled in Senior Advantage between January 1, 2022, and December 31, 2022, unless amended.If your group's agreement renews at a later date in 2022, the term of this **Evidence of Coverage** is during that contract period, unless amended.Your group can tell you the term of this **Evidence of Coverage** and whether this **Evidence of Coverage** is still in effect, and give you a current one if this **Evidence of Coverage** has been amended.

Each calendar year, Medicare allows us to make changes to the plans that we offer. This means we can change the costs and benefits of our plan after December 31, 2022. We can also choose to stop offering the plan, or to offer it in a different service area, after December 31, 2022. In addition, your group can make changes to the plans and benefits it offers at any time.

Medicare must approve our plan each year

Medicare (the Centers for Medicare & Medicaid Services) must approve our plan each year. You can continue to get Medicare coverage as a member of our plan as long as we choose to continue to offer our plan and Medicare renews its approval of our plan.

SECTION 2. What makes you eligible to be a plan member?

Section 2.1 Your eligibility requirements

You are eligible for membership in our plan as long as all the following are true:

- You have both Medicare Part A and Medicare Part B (or Medicare Part B) (Section 2.2 below tells you about Medicare Part A and Medicare Part B).
- You live in our geographic service area (Section 2.3 below describes our service area).
- You are a United States citizen or are lawfully present in the United States.

Section 2.2 What are Medicare Part A and Medicare Part B?

When you first signed up for Medicare, you received information about what services are covered under Medicare Part A and Medicare Part B. Remember:

- Medicare Part A generally helps cover services provided by hospitals (for inpatient services), skilled nursing facilities, or home health agencies.
- Medicare Part B is for most other medical services (such as physician's services, home infusion therapy, and other outpatient services) and certain items (such as durable medical equipment (DME) and supplies).

Section 2.3 Here is our plan service area for Senior Advantage

Although Medicare is a federal program, our plan is available only to individuals who live in our plan service area. To remain a member of our plan, you must continue to reside in the plan service area.

Our service area includes these counties in Colorado: **Denver-Boulder: Adams, Arapahoe, Boulder, Broomfield, Clear Creek, Denver, Douglas, Elbert, Gilpin and Jefferson. Northern Colorado: Larimer and Weld. Southern Colorado: El Paso and Pueblo**

If you plan to move out of the service area, please contact Member Services (phone numbers are printed on the back cover of this booklet). When you move, you will have a special enrollment period that will allow you to switch to Original Medicare or enroll in a Medicare health or drug plan that is available in your new location.

It is also important to notify your group's benefits administrator and that you call Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5

Section 2.4 U.S. citizen or lawful presence

A member of a Medicare health plan must be a U.S. citizen or lawfully present in the United States. Medicare (the Centers for Medicare & Medicaid Services) will notify us if you are not eligible to remain a member on this basis. We must disenroll you if you do not meet this requirement.

Section 2.5 Group eligibility requirements

You must meet your group's eligibility requirements that we have approved. Your group is required to inform subscribers of its eligibility requirements, such as dependent eligibility requirements (for example, your spouse).

Please note that your group might not allow enrollment to some persons who meet the requirements described under "Additional eligibility requirements" below.

Additional eligibility requirements

Subscriber. You may be eligible to enroll as a subscriber under this Evidence of Coverage if you are entitled to subscriber coverage under your Group's eligibility requirements. An example would be an employee of your Group who works at least the number of hours stated in those requirements.

If you are a subscriber under this Evidence of Coverage or a subscriber enrolled in a non-Medicare plan offered by your group, the following persons may be eligible to enroll as your dependents under this Evidence of Coverage if they meet all the other requirements described in this section 2.5:

- Your spouse. (Spouse includes a partner in a valid civil union under state law.)
- Your or your Spouse's children (including adopted children, children placed with you for adoption, and foster children) who are under the dependent limiting age. Check with your group to determine the age limit for dependents.
- Other dependent persons who meet all of the following requirements:
  - they are under the dependent limiting age as determined by your group

- you or your spouse is the court-appointed permanent legal guardian (or was before the person reached age 18).

- Your or your spouse's unmarried children of any age who are medically certified as disabled and dependent upon you or your spouse are eligible to enroll or continue coverage as your dependents if the following requirements are met:
  - they are dependent on you or your spouse; and
  - you give us proof of the dependent's disability and dependency annually if we request it.
- Subscriber's designated beneficiaries as defined by Colorado law, if your employer elects to cover designated beneficiaries as dependents.

Students on medical leave of absence. Dependent children who lose dependent student status at a postsecondary educational institution due to a medically necessary leave of absence remain eligible for coverage until the earlier of (i) one year after the first day of the medically necessary leave of absence; or (ii) the date dependent coverage would otherwise terminate under the non-Medicare plan offered by your group. We must receive written certification by a treating physician of the dependent child which states that the child is suffering from a serious illness or injury, and that the leave of absence or other change of enrollment is medically necessary.

Note: If you have dependents who do not have Medicare Part B coverage or for some other reason are not eligible to enroll under this Evidence of Coverage, you may be able to enroll them as your dependents under a non-Medicare plan offered by your group. Please contact your group for details, including eligibility and benefit information, and to request a copy of the non-Medicare plan document.

If your plan has different eligibility requirements, please see "Additional Provisions."

Section 2.6 When you can enroll in Senior Advantage and when coverage begins

Your group is required to inform you when you are eligible to enroll and what your effective date of coverage is under this **Evidence of Coverage.** If you are eligible to enroll as described in this section, enrollment is permitted and membership begins at the beginning (12 a.m.) of the effective date of coverage, except that:

- Your group may have additional requirements that we have approved, which allow enrollment in other situations.
- The effective date of your Senior Advantage coverage under this **Evidence of Coverage** must be confirmed by the Centers for Medicare & Medicaid Services, as described under "Effective date of Senior Advantage coverage" in this section.

If you are a subscriber under this **Evidence of Coverage** and you have dependents who do not have Medicare Part B coverage or for some other reason are not eligible to enroll under this **Evidence of Coverage**, you may be able to enroll them as your dependents under a non-Medicare plan offered by your group. Please contact your group for details, including eligibility and benefit information, and to request a copy of the non-Medicare plan document.

If you are eligible to be a dependent under this **Evidence of Coverage** but the subscriber in your family is enrolled under a non-Medicare plan offered by your group, the subscriber must follow the rules applicable to subscribers who are enrolling dependents in this Section 2.5.

Effective date of Senior Advantage coverage

After we receive your completed Senior Advantage enrollment form, we will submit your enrollment request to the Centers for Medicare & Medicaid Services for confirmation and send you a notice indicating the proposed effective date of your Senior Advantage coverage under this **Evidence of Coverage**.

If CMS confirms your Senior Advantage enrollment and effective date, we will send you a notice that confirms your enrollment and effective date. If CMS tell us that you do not have Medicare Part B coverage, we will notify you that you will be disenrolled from Senior Advantage.

New subscribers

When your group informs you that you are eligible to enroll as a subscriber, you may enroll yourself and any eligible dependent by submitting a Health Plan-approved enrollment application and a Senior Advantage enrollment form for each person to your group within 31 days after you become eligible, or as otherwise specified by your group.

Effective date of Senior Advantage coverage. The effective date of Senior Advantage coverage for new subscribers and their eligible family dependents is determined by your group, subject to confirmation by CMS.

Employees who are not enrolled when newly eligible must wait until the next open enrollment period to become members of Health Plan, unless: (i) they enroll under special circumstances, as agreed to by your group and Health Plan or (ii) they enroll under the provisions described in "Special Enrollment Due to Loss of Other Coverage" below.

Adding new dependents to an existing account

To enroll a dependent who first becomes eligible to enroll after you became a subscriber (such as a new spouse, a newborn child, or a newly adopted child), you must submit a Health Plan-approved enrollment form and a Senior Advantage enrollment form to your group within 31 days after the dependent first becomes eligible, or as otherwise specified by your group.

Dependents who are not enrolled when newly eligible must wait until the next open enrollment period to become members of Health Plan, unless: (i) they enroll under special circumstances, as agreed to by your group and Health Plan or (ii) they enroll under the provisions described in "Special Enrollment Due to Loss of Other Coverage" below.

Effective date of Senior Advantage coverage. The effective date of coverage for newly acquired dependents is determined by your group, subject to confirmation by the Centers for Medicare & Medicaid Services.

Group open enrollment

You may enroll as a subscriber (along with any eligible dependents), and existing subscribers may add eligible dependents, by submitting a Health Plan-approved enrollment application and a Senior Advantage enrollment form for each person to your group during your group's open enrollment period. Your group will let you know when the open enrollment period begins and ends and the effective date of coverage, which is subject to confirmation by CMS.

Special enrollment

If you do not enroll when you are first eligible and later want to enroll, you can enroll only during open enrollment unless you become eligible as described in this "Special enrollment" section.

Special enrollment events

You may enroll as a subscriber (along with any eligible dependents), and existing subscribers may add eligible dependents, by submitting a Health Plan-approved enrollment application and a Senior Advantage enrollment form for each person to your group within 31 days after the enrolling persons lose other coverage, if:

The enrolling persons had other coverage when you previously declined Health Plan coverage for them (some groups require you to have stated in writing when declining Health Plan coverage that other coverage was the reason); and the loss of the other coverage is due to one of the following: For a comprehensive list of qualifying events for special enrollment see your Group's administrator to obtain a copy of your Group's **Evidence of Coverage.**

Open enrollment events

You may enroll as a subscriber (along with any eligible dependents), and existing subscribers may add eligible dependents, by submitting a Health Plan-approved enrollment application and a Senior Advantage enrollment form for each person to your group during your group's open enrollment period. Your group will let you know when the open enrollment period begins and ends and the membership effective date, which is subject to confirmation by the Centers for Medicare & Medicaid Services.

SECTION 3. What other materials will you get from us?

Section 3.1 Your plan membership card—use it to get all covered care and prescription drugs

While you are a member of our plan, you must use your membership card for our plan whenever you get any services covered by our plan and for prescription drugs you get at network pharmacies. You should also show the provider your Medicaid card, if applicable. Here's a sample membership card to show you what yours will look like:

Do NOT use your red, white, and blue Medicare card for covered medical services while you are a member of this plan. If you use your Medicare card instead of your Senior Advantage membership card, you may have to pay the full cost of medical services yourself. Keep your Medicare card in a safe place. You may be asked to show it if you need hospital services, hospice services, or participate in routine research studies.

Here's why this is so important: If you get covered services using your red, white, and blue Medicare card instead of using your Senior Advantage membership card while you are a plan member, you may have to pay the full cost yourself.

If your plan membership card is damaged, lost, or stolen, call Member Services right away and we will send you a new card. Phone numbers for Member Services are printed on the back cover of this booklet.

Section 3.2 The Provider Directory: Your guide to all providers in our network

The **Provider Directory** lists our network providers and durable medical equipment suppliers.

What are "network providers"?

Network providers are the doctors and other health care professionals, medical groups, durable medical equipment suppliers, hospitals, and other health care facilities that have an agreement with us to accept our payment and any plan cost-sharing as payment in full. We have arranged for these providers to deliver covered services to members in our plan. The most recent list of providers and suppliers is available on our website at **kp.org/directory**.

Why do you need to know which providers are part of our network?

It is important to know which providers are part of our network because, with limited exceptions, while you are a member of our plan you must use network providers to get your medical care and services. The only exceptions are emergencies, urgently needed services when the network is not available (generally, when you are out of the area), out-of-area dialysis services, and cases in which our plan authorizes use of out-of-network providers. See Chapter 3, "Using our plan's coverage for your medical services," for more specific information about emergency, out-of-network, and out-of-area coverage.

If you don't have your copy of the **Provider Directory**, you can request a copy from Member Services (phone numbers are printed on the back cover of this booklet). You may ask Member Services for more information about our network providers, including their qualifications. You can view or download the **Provider Directory at kp.org/directory**. Both Member Services and our website can give you the most up-to-date information about our network providers.

Section 3.3 The Pharmacy Directory: Your guide to pharmacies in our network

What are "network pharmacies"?

Network pharmacies are all of the pharmacies that have agreed to fill covered prescriptions for our plan members.

Why do you need to know about network pharmacies?

You can use the **Pharmacy Directory** to find the network pharmacy you want to use. There are changes to our network of pharmacies for next year. An updated **Pharmacy Directory** is located on our website at **kp.org/directory**. You may also call Member Services for updated provider information or to ask us to mail you a **Pharmacy Directory**. Please review the **2022 Pharmacy Directory** to see which pharmacies are in our network.

If you don't have the **Pharmacy Directory**, you can get a copy from Member Services (phone numbers are printed on the back cover of this booklet). At any time, you can call Member Services to get up-to-date information about changes in the pharmacy network. You can also find this information on our website at **kp.org/directory**.

Section 3.4 Our plan's list of covered drugs (formulary)

Our plan has a **2022 Comprehensive Formulary**. We call it the "Drug List" for short. It tells you which Part D prescription drugs are covered under the Part D benefit included in our plan. The drugs on this list are selected by our plan with the help of a team of doctors and pharmacists. The list must meet requirements set by Medicare. Medicare has approved our Drug List. The Drug List also tells you if there are any rules that restrict coverage for your drugs.

We will provide you a copy of our Drug List. To get the most complete and current information about which drugs are covered, you can visit our website **(kp.org)** or call Member Services (phone numbers are printed on the back cover of this booklet).

Section 3.5 The Part D Explanation of Benefits (the "Part D EOB"): Reports with a summary of payments made for your Part D prescription drugs

When you use your Part D prescription drug benefits, we will send you a summary report to help you understand and keep track of payments for your Part D prescription drugs. This summary report is called the **Part D Explanation of Benefits** (or the **"Part D EOB"**).

The **Part D EOB** tells you the total amount you, others on your behalf,and we have spent on your Part D prescription drugs and the total amount paid for each of your Part D prescription drugs during each month the Part D benefits is used. The **Part D EOB** provides more information about the drugs you take, such as increases in price and other drugs with lower cost-sharing that may be available. You should consult with your prescriber about these lower cost options. Chapter 6 "What you pay for your Part D prescription drugs" gives you more information about the **Part D EOB** and how it can help you keep track of your drug coverage.

The **Part D EOB** is also available upon request. To get a copy, please contact Member Services (phone numbers are printed on the back cover of this booklet). You can also choose to get your **Part D EOB** online instead of by mail. Please visit **kp.org/goinggreen** and sign on to learn more about choosing to view your **Part D EOB** securely online.

SECTION 4. Your monthly premium for our plan

Section 4.1 How much is your plan premium?

Plan premiums

Your group is responsible for paying premiums. If you are responsible for any contribution to the premiums, your group will tell you the amount and how to pay your group.

SECTION 5. Do you have to pay the Part D "late enrollment penalty"?

Section 5.1 What is the Part D "late enrollment penalty"?

Note: If you receive "Extra Help" from Medicare to pay for your prescription drugs, you will not pay a late enrollment penalty.

The late enrollment penalty is an amount that is added to your Part D premium. You may owe a Part D late enrollment penalty if at any time after your initial enrollment period is over, there is a period of 63 days or more in a row when you did not have Part D or other creditable prescription drug coverage. ("Creditable prescription drug coverage" is coverage that meets Medicare's minimum standards since it is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage.) The cost of the late enrollment penalty depends upon how long you went without Part D or other creditable prescription drug coverage. You will have to pay this penalty for as long as you have Part D coverage.

If you are required to pay a Part D late enrollment penalty, your group will inform you the amount that you will be required to pay your group.

If you do not pay your Part D late enrollment penalty, you could lose your prescription drug benefits for failure to pay your plan premium.

Section 5.2 How much is the Part D late enrollment penalty?

Medicare determines the amount of the penalty. Here is how it works:

- First count the number of full months that you delayed enrolling in a Medicare drug plan, after you were eligible to enroll. Or count the number of full months in which you did not have creditable prescription drug coverage, if the break in coverage was 63 days or more. The penalty is 1% for every month that you didn't have creditable coverage. For example, if you go 14 months without coverage, the penalty will be 14%.
- Then Medicare determines the amount of the average monthly premium for Medicare drug plans in the nation from the previous year. For 2022 this average premium amount is $33.06.
- To calculate your monthly penalty, you multiply the penalty percentage and the average monthly premium, and then round it to the nearest 10 cents. In the example here, it would be 14% times $33.06, which equals $4.63. This rounds to $4.60. This amount would be added to the monthly premium for someone with a Part D late enrollment penalty.

There are three important things to note about this monthly Part D late enrollment penalty:

- First, the penalty may change each year because the average monthly premium can change each year. If the national average premium (as determined by Medicare) increases, your penalty will increase.
- Second, you will continue to pay a penalty every month for as long as you are enrolled in a plan that has Medicare Part D drug benefits, even if you change plans.
- Third, if you are under 65 and currently receiving Medicare benefits, the Part D late enrollment penalty will reset when you turn 65. After age 65, your Part D late enrollment penalty will be based only on the months that you don't have coverage after your initial enrollment period for aging into Medicare.

Section 5.3 In some situations, you can enroll late and not have to pay the penalty

Even if you have delayed enrolling in a plan offering Medicare Part D coverage when you were first eligible, sometimes you do not have to pay the Part D late enrollment penalty.

You will not have to pay a penalty for late enrollment if you are in any of these situations:

- If you already have prescription drug coverage that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage. Medicare calls this "creditable drug coverage." **Please note:**
  - Creditable coverage could include drug coverage from a former employer or union, TRICARE, or the Department of Veterans Affairs. Your insurer or your human resources department will tell you each year if your drug coverage is creditable coverage. This information may be sent to you in a letter or included in a newsletter from the plan. Keep this information because you may need it if you join a Medicare drug plan later.

- Please note: If you receive a "certificate of creditable coverage" when your health coverage ends, it may not mean your prescription drug coverage was creditable. The notice must state that you had "creditable" prescription drug coverage that expected to pay as much as Medicare's standard prescription drug plan pays.
- The following are not creditable prescription drug coverage: prescription drug discount cards, free clinics, and drug discount websites.
- For additional information about creditable coverage, please look in your **Medicare & You** 2022 handbook or call **Medicare at 1-800-MEDICARE (1-800-633-4227)**. TTY users call **1-877-486-2048**. You can call these numbers for free, 24 hours a day, 7 days a week.

- If you were without creditable coverage, but you were without it for less than 63 days in a row.
- If you are receiving "Extra Help" from Medicare.

Section 5.4 What can you do if you disagree about your Part D late enrollment penalty?

If you disagree about your Part D late enrollment penalty, you or your representative can ask for a review of the decision about your late enrollment penalty. Generally, you must request this review within 60 days from the date on the first letter you receive stating you have to pay a late enrollment penalty. If you were paying a penalty before joining our plan, you may not have another chance to request a review of that late enrollment penalty. Call Member Services to find out more about how to do this (phone numbers are printed on the back cover of this booklet).

SECTION 6. Do you have to pay an extra Part D amount because of your income?

Section 6.1 Who pays an extra Part D amount because of income?

If your modified adjusted gross income as reported on your IRS tax return from two years ago is above a certain amount, you'll pay the standard premium amount and an Income Related Monthly Adjustment Amount, also known as IRMAA. IRMAA is an extra charge added to your premium.

If you have to pay an extra amount, Social Security, not your Medicare plan, will send you a letter telling you what that extra amount will be and how to pay it. The extra amount will be withheld from your Social Security, Railroad Retirement Board, or Office of Personnel Management benefit check, no matter how you usually pay your plan premium, unless your monthly benefit isn't enough to cover the extra amount owed. If your benefit check isn't enough to cover the extra amount, you will get a bill from Medicare. You must pay the extra amount to the government. It cannot be paid with your monthly plan premium.

Section 6.2 How much is the extra Part D amount?

If your modified adjusted gross income (MAGI) as reported on your IRS tax return is above a certain amount, you will pay an extra amount in addition to your monthly plan premium. For more information on the extra amount you may have to pay based on your income, visit **https://www.medicare.gov/part-d/costs/premiums/drug-plan-premiums.html.**

Section 6.3 What can you do if you disagree about paying an extra Part D amount?

If you disagree about paying an extra amount because of your income, you can ask Social Security to review the decision. To find out more about how to do this, contact Social Security at **1-800-772-1213** (TTY **1-800-325-0778**).

Section 6.4 What happens if you do not pay the extra Part D amount?

The extra amount is paid directly to the government (not your Medicare plan) for your Medicare Part D coverage. If you are required by law to pay the extra amount and you do not pay it, you will be disenrolled from the plan and lose prescription drug coverage.

SECTION 7. More information about your monthly premium

Many members are required to pay other Medicare premiums

In addition to paying the monthly plan premium, many members are required to pay other Medicare premiums. As explained in Section 2 of this chapter, in order to be eligible for our plan, you must be entitled to Medicare Part A and enrolled in Medicare Part B. Some plan members (those who aren't eligible for premium-free Part A) pay a premium for Medicare Part A. Most plan members pay a premium for Medicare Part B. You must continue paying your Medicare premiums to remain a member of our plan.

If your modified adjusted gross income as reported on your IRS tax return from two years ago is above a certain amount, you'll pay the standard premium amount and an Income Related Monthly Adjustment Amount, also known as IRMAA. IRMAA is an extra charge added to your premium.

- If you are required to pay the extra amount and you do not pay it, you will be disenrolled from our plan and lose prescription drug coverage.
- If you have to pay an extra amount, Social Security, not your Medicare plan, will send you a letter telling you what that extra amount will be.
- For more information about Part D premiums based on income, go to Section 6 of this chapter. You can also visit **www.medicare.gov** on the Web or call **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**. Or you may call Social Security at **1-800-772-1213**. TTY users should call **1-800-325-0778**.

Your copy of **Medicare & You** 2022 gives you information about Medicare premiums in the section called "2022 Medicare Costs." This explains how the Medicare Part B and Part D premiums differ for people with different incomes. Everyone with Medicare receives a copy of **Medicare & You** each year in the fall. Those new to Medicare receive it within a month after first signing up. You can also download a copy of **Medicare & You** 2022 from the Medicare website (**https://www.medicare.gov**) or you can order a printed copy by phone at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users call **1-877-486-2048**.

Section 7.1 Paying your plan premium

Your group is responsible for paying premiums. If you are responsible for any contribution to the premiums, your group will tell you the amount and how to pay your group.

Section 7.2 Can we change your monthly plan premium during the year?

No. We are not allowed to change the amount we charge for our plan's monthly plan premium during your group's contract year.

However, in some cases, the part of the premium that you have to pay can change during the year. This happens if you become eligible for the "Extra Help" program or if you lose your eligibility for the "Extra Help" program during the year. If a member qualifies for "Extra Help" with their prescription drug costs, the "Extra Help" program will pay part of the member's monthly plan premium. A member who loses their eligibility during the year will need to start paying their full monthly premium. You can find out more about the "Extra Help" program in Chapter 2, Section 7.

SECTION 8. Please keep your plan membership record up-to-date

Section 8.1 How to help make sure that we have accurate information about you

Your membership record has information from your enrollment form, including your address and telephone number. It shows your specific plan coverage, including your primary care provider.

The doctors, hospitals, pharmacists, and other providers in our network need to have correct information about you. **These network providers use your membership record to know what services and drugs are covered and the cost-sharing amounts for you**. Because of this, it is very important that you help us keep your information up-to-date.

Let us know about these changes:

- Changes to your name, your address, or your phone number.
- Changes in any other health insurance coverage you have (such as from your employer, your spouse's employer, workers' compensation, or Medicaid).
- If you have any liability claims, such as claims from an automobile accident.

1-800-476-2167, 7 days a week, 8 a.m. to 8 p.m. (TTY 711)

- If you have been admitted to a nursing home.
- If you receive care in an out-of-area or out-of-network hospital or emergency room.
- If your designated responsible party (such as a caregiver) changes.
- If you are participating in a clinical research study.

If any of this information changes, please let us know by calling Member Services (phone numbers are printed on the back cover of this booklet).

It is also important to contact Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

Read over the information we send you about any other insurance coverage you have

Medicare requires that we collect information from you about any other medical or drug insurance coverage that you have. That's because we must coordinate any other coverage you have with your benefits under our plan. (For more information about how our coverage works when you have other insurance, see Section 10 in this chapter.)

Once each year, we will send you a letter that lists any other medical or drug insurance coverage that we know about. Please read over this information carefully. If it is correct, you don't need to do anything. If the information is incorrect, or if you have other coverage that is not listed, please call Member Services (phone numbers are printed on the back cover of this booklet).

SECTION 9. We protect the privacy of your personal health information

Section 9.1 We make sure that your health information is protected

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

For more information about how we protect your personal health information, please go to Chapter 8, Section 1.3, of this booklet.

SECTION 10. How other insurance works with our plan

Section 10.1 Which plan pays first when you have other insurance?

When you have other insurance (like employer group health coverage), there are rules set by Medicare that decide whether our plan or your other insurance pays first. The insurance that pays first is called the "primary payer" and pays up to the limits of its coverage. The one that pays second, called the "secondary payer," only pays if there are costs left uncovered by the primary coverage. The secondary payer may not pay all of the uncovered costs.

These rules apply for employer or union group health plan coverage:

- If you have retiree coverage, Medicare pays first.
- If your group health plan coverage is based on your or a family member's current employment, who pays first depends upon your age, the number of people employed by your employer, and whether you have Medicare based on age, disability, or End-Stage Renal Disease (ESRD):
  - If you're under 65 and disabled and you or your family member is still working, your group health plan pays first if the employer has 100 or more employees or at least one employer in a multiple employer plan that has more than 100 employees.
  - If you're over 65 and you or your spouse is still working, your group health plan pays first if the employer has 20 or more employees or at least one employer in a multiple employer plan that has more than 20 employees.
- If you have Medicare because of ESRD, your group health plan will pay first for the first 30 months after you become eligible for Medicare.

These types of coverage usually pay first for services related to each type:

- No-fault insurance (including automobile insurance).
- Liability (including automobile insurance).
- Black lung benefits.
- Workers' compensation.

Medicaid and TRICARE never pay first for Medicare-covered services. They only pay after Medicare, employer group health plans, and/or Medigap have paid.

If you have other insurance, tell your doctor, hospital, and pharmacy. If you have questions about who pays first, or you need to update your other insurance information, call Member Services (phone numbers are printed on the back cover of this booklet). You may need to give your plan member ID number to your other insurers (once you have confirmed their identity) so your bills are paid correctly and on time.

SECTION 3. State Health Insurance Assistance Program (free help, information, and answers to your questions about Medicare)

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state. In Colorado, the SHIP is called Colorado State Health Insurance Assistance Program ("Colorado SHIP").

Colorado SHIP is independent (not connected with any insurance company or health plan). It is a state program that gets money from the federal government to give free local health insurance counseling to people with Medicare.

Colorado SHIP counselors can help you with your Medicare questions or problems. They can help you understand your Medicare rights, help you make complaints about your medical care or treatment, and help you straighten out problems with your Medicare bills. Colorado SHIP counselors can also help you understand your Medicare plan choices and answer questions about switching plans.

Method to access SHIP and other resources:

- Visit www.medicare.gov.
- Click on "Forms, Help, and Resources" on far right of menu on top.
- In the drop down, click on "Phone Numbers & Websites."
- You now have several options:
  - Option 1: You can have a live chat.
  - Option 2: You can click on any of the "Topics" in the menu on bottom.

SECTION 4. Quality Improvement Organization (paid by Medicare to check on the quality of care for people with Medicare)

There is a designated Quality Improvement Organization for serving Medicare beneficiaries in each state. For Colorado, the Quality Improvement Organization is called KEPRO.

KEPRO has a group of doctors and other health care professionals who are paid by the federal government. This organization is paid by Medicare to check on and help improve the quality of care for people with Medicare. KEPRO is an independent organization. It is not connected with our plan.

You should contact KEPRO in any of these situations:

- You have a complaint about the quality of care you have received.
- You think coverage for your hospital stay is ending too soon.
- You think coverage for your home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services are ending too soon.

SECTION 5. Social Security

Social Security is responsible for determining eligibility and handling enrollment for Medicare. U.S. citizens and lawful permanent residents who are 65 or older, or who have a disability or End-Stage Renal Disease and meet certain conditions, are eligible for Medicare. If you are already getting Social Security checks, enrollment into Medicare is automatic. If you are not getting Social Security checks, you have to enroll in Medicare. To apply for Medicare, you can call Social Security or visit your local Social Security office.

Social Security is also responsible for determining who has to pay an extra amount for their Part D drug coverage because they have a higher income. If you got a letter from Social Security telling you that you have to pay the extra amount and have questions about the amount or if your income went down because of a life-changing event, you can call Social Security to ask for a reconsideration.

If you move or change your mailing address, it is important that you contact Social Security to let them know.

SECTION 6. **Medicaid** (a joint federal and state program that helps with medical costs for some people with limited income and resources)

Medicaid is a joint federal and state government program that helps with medical costs for certain people with limited incomes and resources. Some people with Medicare are also eligible for Medicaid.

In addition, there are programs offered through Medicaid that help people with Medicare pay their Medicare costs, such as their Medicare premiums. These "Medicare Savings Programs" help people with limited income and resources save money each year:

- **Qualified Medicare Beneficiary (QMB):** Helps pay Medicare Part A and Part B premiums, and other cost-sharing (like deductibles, coinsurance, and copayments). Some people with QMB are also eligible for full Medicaid benefits (QMB+).
- **Specified Low-Income Medicare Beneficiary (SLMB):** Helps pay Part B premiums. Some people with SLMB are also eligible for full Medicaid benefits (SLMB+).
- **Qualifying Individual (QI):** Helps pay Part B premiums.
- **Qualified Disabled & Working Individuals (QDWI):** Helps pay Part A premiums.

To find out more about Medicaid and its programs, contact Health First Colorado (Medicaid).

SECTION 7. Information about programs to help people pay for their prescription drugs

Medicare's "Extra Help" Program

Medicare provides "Extra Help" to pay prescription drug costs for people who have limited income and resources. Resources include your savings and stocks, but not your home or car. If you qualify, you get help paying for any Medicare drug plan's monthly premium, yearly deductible, and prescription copayments.. This "Extra Help" also counts toward your out-of-pocket costs.

Some people automatically qualify for "Extra Help" and don't need to apply. Medicare mails a letter to people who automatically qualify for "Extra Help."

You may be able to get "Extra Help" to pay for your prescription drug premiums and costs. To see if you qualify for getting "Extra Help," call:

- **1-800-MEDICARE (1-800-633-4227)**. TTY users should call **1-877-486-2048**, 24 hours a day/7 days a week;
- The Social Security Office at **1-800-772-1213**, between 7 a.m. to 7 p.m., Monday through Friday. TTY users should call **1-800-325-0778** (applications); or
- Your state Medicaid office (applications) (see Section 6 in this chapter for contact information).

If you believe you have qualified for "Extra Help" and you believe that you are paying an incorrect cost-sharing amount when you get your prescription at a pharmacy, our plan has established a process that allows you either to request assistance in obtaining evidence of your proper copayment level, or, if you already have the evidence, to provide this evidence to us.

If you aren't sure what evidence to provide us, please contact a network pharmacy or Member Services. The evidence is often a letter from either the state Medicaid or Social Security office that confirms you are qualified for "Extra Help." The evidence may also be state-issued documentation with your eligibility information associated with Home and Community-Based Services.

You or your appointed representative may need to provide the evidence to a network pharmacy when obtaining covered Part D prescriptions so that we may charge you the appropriate cost-sharing amount until the Centers for Medicare & Medicaid Services (CMS) updates its records to reflect your current status. Once CMS updates its records, you will no longer need to present the evidence to the pharmacy. Please provide your evidence in one of the following ways so we can forward it to CMS for updating:

- Write to Kaiser Permanente at:
  California Service Center
  Attn: Best Available Evidence
  P.O. Box 232407
  San Diego, CA 92193-2407
- Fax it to **1-877-528-8579**.
- Take it to a network pharmacy.

When we receive the evidence showing your copayment level, we will update our system so that you can pay the correct copayment when you get your next prescription at the pharmacy. If you overpay your copayment, we will reimburse you. Either we will forward a check to you in the amount of your overpayment or we will offset future copayments. If the pharmacy hasn't collected a copayment from you and is carrying your copayment as a debt owed by you, we may make the payment directly to the pharmacy. If a state paid on your behalf, we may make payment directly to the state. Please contact Member Services if you have questions (phone numbers are printed on the back cover of this booklet).

Medicare Coverage Gap Discount Program

The Medicare Coverage Gap Discount Program provides manufacturer discounts on brand-name drugs to Part D members who have reached the coverage gap and are not receiving "Extra Help." For brand-name drugs, the 70% discount provided by manufacturers excludes any dispensing fee for costs in the gap. Members pay 25% of the negotiated price and a portion of the dispensing fee for brand-name drugs.

If you reach the coverage gap, we will automatically apply the discount when your pharmacy bills you for your prescription and your **Part D Explanation of Benefits (Part D EOB)** will show any discount provided. Both the amount you pay and the amount discounted by the manufacturer count toward your out-of-pocket costs as if you had paid them, and move you through the coverage gap. The amount paid by the plan (5%) does not count toward your out-of-pocket costs.

You also receive some coverage for generic drugs. If you reach the coverage gap, we pay 75% of the price for generic drugs and you pay the remaining 25% of the price. For generic drugs, the amount paid by our plan (75%) does not count toward your out-of-pocket costs. Only the amount you pay counts and moves you through the coverage gap. Also, the dispensing fee is included as part of the cost of the drug.

The Medicare Coverage Gap Discount Program is available nationwide. Because our plan offers additional gap coverage during the Coverage Gap Stage, your out-of-pocket costs will sometimes be lower than the costs described here. Please go to Chapter 6, Section 6, for more information about your coverage during the Coverage Gap Stage.

If you have any questions about the availability of discounts for the drugs you are taking or about the Medicare Coverage Gap Discount Program in general, please contact Member Services (phone numbers are printed on the back cover of this booklet).

What if you have coverage from a State Pharmaceutical Assistance Program (SPAP)?

If you are enrolled in a State Pharmaceutical Assistance Program (SPAP), or any other program that provides coverage for Part D drugs (other than "Extra Help"), you still get the 70% discount on covered brand-name drugs. Also, the plan pays 5% of the costs of brand-name drugs in the coverage gap. The 70% discount and the 5% paid by the plan are both applied to the price of the drug before any SPAP or other coverage.

What if you have coverage from an AIDS Drug Assistance Program (ADAP)?

What is the AIDS Drug Assistance Program (ADAP)?

The AIDS Drug Assistance Program (ADAP) helps ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing assistance through **Bridging the Gap Colorado**. Note: To be eligible for the ADAP operating in your state, individuals must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/underinsured status.

If you are currently enrolled in an ADAP, it can continue to provide you with Medicare Part D prescription cost-sharing assistance for drugs on the ADAP formulary. In order to be sure you continue receiving this assistance, please notify your local ADAP enrollment worker of any changes in your Medicare Part D plan name or policy number. Please call **Bridging the Gap Colorado at 303-692-2716.**

For information on eligibility criteria, covered drugs, or how to enroll in the program, please call **Bridging the Gap Colorado at 303-692-2716.**

What if you get "Extra Help" from Medicare to help pay your prescription drug costs? Can you get the discounts?

No. If you get "Extra Help," you already get coverage for your prescription drug costs during the coverage gap.

What if you don't get a discount, and you think you should have?

If you think that you have reached the coverage gap and did not get a discount when you paid for your brand-name drug, you should review your next *Part D Explanation of Benefits (Part D EOB)* notice. If the discount doesn't appear on your *Part D EOB*, you should contact us to make sure that your prescription records are correct and up-to-date. If we don't agree that you are owed a discount, you can appeal. You can get help filing an appeal from your State Health Insurance Assistance Program (SHIP) (telephone numbers are in Section 3 of this chapter) or by calling **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

State Pharmaceutical Assistance Programs

Many states have State Pharmaceutical Assistance Programs that help some people pay for prescription drugs based on financial need, age, medical condition, or disabilities. Each state has different rules to provide drug coverage to its members.

In Colorado, the name of the State Pharmaceutical Assistance Program is Bridging the Gap Colorado.

SECTION 9. Do you have "group insurance" or other health insurance from an employer?

If you (or your spouse) get benefits from your (or your spouse's) employer or retiree group as part of this plan, you may call the employer/union benefits administrator or Member Services if you have any questions. You can ask about your (or your spouse's) employer or retiree health benefits, premiums, or the enrollment period. Phone numbers for Member Services are printed on the back cover of this booklet. You may also call **1-800-MEDICARE** (**1-800-633-4227;** TTY: **1-877-486-2048**) with questions related to your Medicare coverage under this plan.

If you have other prescription drug coverage through your (or your spouse's) employer or retiree group, please contact that group's benefits administrator. The benefits administrator can help you determine how your current prescription drug coverage will work with our plan.

CHAPTER 3. Using our plan's coverage for your medical services

SECTION 1. Things to know about getting your medical care covered as a member of our plan

This chapter explains what you need to know about using our plan to get your medical care covered. It gives you definitions of terms and explains the rules you will need to follow to get the medical treatments, services, and other medical care that are covered by our plan.

For the details on what medical care is covered by our plan and how much you pay when you get this care, use the Medical Benefits Chart found at the front of this **EOC**.

Section 1.1 What are "network providers" and "covered services"?

Here are some definitions that can help you understand how you get the care and services that are covered for you as a member of our plan:

- "**Providers**" are doctors and other health care professionals licensed by the state to provide medical services and care. The term "providers" also includes hospitals and other health care facilities.
- "**Network providers**" are the doctors and other health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with us to accept our payment and your cost-sharing amount as payment in full. We have arranged for these providers to deliver covered services to members in our plan. The providers in our network bill us directly for care they give you. When you see a network provider, you pay only your share of the cost for their services.
- "**Covered services**" include all the medical care, health care services, supplies, and equipment that are covered by our plan. Your covered services for medical care are listed in the Medical Benefits Chart found at the front of this **EOC.**

Section 1.2 Basic rules for getting your medical care covered by our plan

As a Medicare health plan, our plan must cover all services covered by Original Medicare and must follow Original Medicare's coverage rules.

We will generally cover your medical care as long as:

- **The care you receive is included in our plan's Medical Benefits Chart** (found at the front of this **EOC**).
- **The care you receive is considered medically necessary**. "Medically necessary" means that the services, supplies, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.
- **You have a network primary care provider (a PCP)** who is providing and overseeing your care. As a member of our plan, you must choose a network PCP (for more information about this, see Section 2.1 in this chapter).

- In most situations, your network PCP must give you approval in advance before you can use other providers in our plan's network, such as specialists, hospitals, skilled nursing facilities, or home health care agencies. This is called giving you a "referral" (for more information about this, see Section 2.3 in this chapter).
- Referrals from your PCP are not required for emergency care or urgently needed services. There are also some other kinds of care you can get without having approval in advance from your PCP (for more information about this, see Section 2.2 in this chapter).

- **You must receive your care from a network provider** (for more information about this, see Section 2 in this chapter). In most cases, care you receive from an out-of-network provider (a provider who is not part of our plan's network) will not be covered. Here are three exceptions:
  - We cover emergency care or urgently needed services that you get from an out-of-network provider. For more information about this, and to see what emergency or urgently needed services means, see Section 3 in this chapter.
  - If you need medical care that Medicare requires our plan to cover and the providers in our network cannot provide this care, you can get this care from an out-of-network provider if we authorize the services before you get the care. In this situation, you will pay the same as you would pay if you got the care from a network provider. For information about getting approval to see an out-of-network doctor, see Section 2.3 in this chapter.
  - We cover kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside our service area.

SECTION 2. Use providers in our network to get your medical care

Section 2.1 You must choose a Primary Care Provider (PCP) to provide and oversee your medical care

What is a "PCP" and what does the PCP do for you?

As a member, you must choose one of our available network providers to be your primary care provider. Your primary care provider is a physician who meets state requirements and is trained to give you primary medical care. Your PCP will usually practice general medicine (also called adult or internal medicine and family practice) and pediatrics. PCPs are identified in the **Provider Directory**.

Your PCP provides, prescribes, or authorizes medically necessary covered services. Your PCP will provide most of your routine or basic care and provide a referral as needed to see other network providers for other care you need. For example, to see a specialist, you usually need to get your PCP's approval first (this is called getting a "referral" to a specialist). There are a few types of covered services you can get on your own without contacting your PCP first (see Section 2.2 in this chapter).

Your PCP will also coordinate your care. "Coordinating" your care includes checking or consulting with other network providers about your care and how it is going. In some cases, your PCP will need to get prior authorization (prior approval) from us (see Section 2.3 in this chapter for more information).

How do you choose your PCP?

As explained above, your PCP plays an important role in your health care. That's why we require you to have a PCP. If you do not select a PCP when you enroll, we will assign you a physician and notify you accordingly.

You may choose a primary care provider from any of our available network physicians who practice in these specialties: internal medicine, family medicine, and pediatrics. When you make a selection, it is effective immediately. Denver Metropolitan members: To learn how to choose a primary care provider, please call our personal physician selection number at **1-855-208-7221** (TTY **711),** weekdays 7 a.m. to 5:30 p.m. You can also make your selection at **kp.org/chooseyourdoctor**.

Northern Colorado and Southern Colorado members: You may select a primary care provider who is not located at one of our Kaiser Permanente medical offices. To choose a primary care provider who is not located at one of our Kaiser Permanente medical offices, call the primary care provider you want to choose and make sure that he/she is accepting new patients and contact the personal physician selection number at **1-855-208-7221** (TTY **711),** and notify us of your new primary care provider.

Changing your PCP

You may change your PCP for any reason, at any time. Also, it's possible that your PCP might leave our network of providers and you would have to find a new PCP.

Denver Metropolitan members: To change your PCP, call our personal physician selection number at **1-855-208-7221 (TTY 711),** weekdays 7 a.m. to 5:30 p.m. You can also make your selection at **kp.org/chooseyourdoctor**.

Northern Colorado and Southern Colorado members: To change your PCP who is located at one of our Kaiser Permanente medical offices, call our personal physician selection number at 1-855-208-7221 (TTY 711), weekdays 7 a.m. to 5:30 p.m., or make your selection at **kp.org/chooseyourdoctor**. To choose a PCP who is not located at one of our Kaiser Permanente medical offices, call the primary care physician you want to choose and make sure that he/she is accepting new patients and call our personal physician selection number at 1-855-208-7221 (TTY 711), weekdays 7 a.m. to 5:30 p.m., to notify us of your new PCP.

When you call, tell us if you are seeing specialists or getting other covered services that need your PCP's approval (such as home health services and durable medical equipment) so we can tell you if you need to get a referral from your new PCP to continue the services. Also, if there is a particular network specialist or hospital that you want to use, check with us to find out if your PCP makes referrals to that specialist or uses that hospital.

Section 2.2 What kinds of medical care can you get without getting approval in advance from your PCP?

You can get the services listed below without getting approval in advance from your PCP:

- Routine women's health care, which includes breast exams, screening mammograms (X-rays of the breast), Pap tests, and pelvic exams, as long as you get them from a network provider.
- Flu shots, COVID-19 vaccinations, and pneumonia vaccinations, as long as you get them from a network provider.
- Emergency services from network providers or from out-of-network providers.
- Urgently needed services from network providers or from out-of-network providers when network providers are temporarily unavailable or inaccessible (for example, when you are temporarily outside of our service area).
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside our service area. (If possible, please call Member Services before you leave the service area so we can help arrange for you to have maintenance dialysis while you are away.) Phone numbers for Member Services are printed on the back cover of this booklet.
- **Denver Metropolitan members:** Consultation (routine office) visits to specialty-caredepartments within our plan, with the exception of the anesthesia clinical pain department.
- **Northern Colorado and Southern Colorado members:** Consultation (routine office) visitsto specialty-care network providers who have been identified as eligible to receive direct referrals. You will find the specialty care providers eligible to receive direct referrals in theProvider Directory. Note: A self-referral provides coverage for routine visits only.Authorization from our plan is required for: (i) services in addition to those provided as part ofthe visit, such as surgery; and (ii) visits to specialty- care network providers not eligible to receive direct referrals; and (iii) out-of-network physicians. Services other than routine office visits with a specialty-care network provider eligible to receive self-referrals will not be covered unless authorized by our plan before services are rendered. For more information about prior authorization, see Section 2.3 in this chapter.
- Second opinions from another network provider.
- Mental health care or substance abuse services, as long as you get them from a network provider.
- Preventive care except barium enemas, as long as you get them from a network provider.
- Chiropractic services as long as you get them from a network provider.
- Routine eye exams and hearing exams, as long as you get them from a network provider.

- **Denver Metropolitan members:** Covered routine care from any Colorado Permanente Medical Group (CPMG) physician at any Kaiser Permanente medical office in our Southern Colorado or Northern Colorado service areas. Note: You cannot get routine care from affiliated network providers in the Southern Colorado or Northern Colorado service areas.
- **Northern Colorado members:** Covered routine care from any Colorado Permanente Medical Group (CPMG) physician at any Kaiser Permanente medical office in our Denver Metropolitan or Southern Colorado service areas. Note: You cannot get routine care from affiliated network providers in the Denver Metropolitan or Southern Colorado service areas.
- **Southern Colorado members:** Covered routine care from any Colorado Permanente MedicalGroup (CPMG) physician at any Kaiser Permanente medical office in our Denver Metropolitan or Northern Colorado service areas. Note: You cannot get routine care fromaffiliated network providers in the Denver Metropolitan or Northern Colorado service areas.

Section 2.3 How to get care from specialists and other network providers

A specialist is a doctor who provides health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists care for patients with cancer.
- Cardiologists care for patients with heart conditions.
- Orthopedists care for patients with certain bone, joint, or muscle conditions.

Referrals from your PCP

You will usually see your PCP first for most of your routine health care needs. There are only a few types of covered services you may get on your own, without getting approval from your PCP first, which are described in Section 2.2 of this chapter.

Referrals to network providers

When your PCP prescribes care that isn't available from a PCP (for example, specialty care), he or she will give you a referral to see a network specialist or another network provider as needed. If your PCP refers you to a network specialist, the referral will be for a specific treatment plan. Your treatment plan may include a standing referral if ongoing care from the specialist is prescribed. We will send you a written referral to authorize an initial consultation or a specified number of visits with a network specialist. After your initial consultation with the network specialist, you must then return to your PCP unless we have authorized more visits as specified in the written referral that we gave you. Don't return to the network specialist after your initial consultation visit unless we have authorized additional visits in your referral. Otherwise, the services may not be covered.

For some types of network specialty care, your PCP may need to get approval in advance from our plan. If there is a particular network specialist or hospital that you want to use, check first to be sure your PCP makes referrals to that specialist.

Prior authorization

For the services and items listed below your network provider will need to get approval in advance from our plan (this is called getting "prior authorization"). Decisions regarding requests for authorization will be made only by licensed physicians or other appropriately licensed medical professionals. If you ever disagree with authorization decisions, you can file an appeal as described in Chapter 9

- Services and items identified in Medical Benefits Chart found at the front of this EOC with a footnote (†).
- For certain network specialty care, your PCP will need to request that we authorize the referral before you can see the specialty care network provider. If we authorize the referral, it will be for a specific treatment plan as explained above (see “Referrals to specialists” for details)
- If your network provider decides that you require covered services not available from network providers, he or she will recommend to our plan that you be referred to an out-of-network provider inside or outside our service area. The plan will authorize the services if it is determined that the covered services are medically necessary and are not available from a network provider. Referrals to out-of-network providers will be for a specific treatment plan, which may include a standing referral if ongoing care is prescribed. Please ask your network provider what services have been authorized if you are not certain. If the out-of-network specialist wants you to come back for more care, be sure to check if the referral covers the additional care. If it doesn't, please contact your network provider.
- After we are notified that you need post-stabilization care from an out-of-network provider following emergency care, we will discuss your condition with the out-of-network provider. If we decide that you require post-stabilization care and that this care would be covered if you received it from a network provider, we will authorize your care from the out-of-network provider only if we cannot arrange to have a network provider (or other designated provider) provide the care. Please see Section 3.1 in this chapter for more information.
- Medically necessary transgender surgery and associated procedures.
- Medically necessary bariatric surgery.
- Care from a religious nonmedical health care institution described in Section 6 of this chapter.
- If your network provider makes a written referral for a transplant, we will authorize the services if we determine that they are medically necessary or covered in accord with Medicare guidelines.

What if a specialist or another network provider leaves our plan?

We may make changes to the hospitals, doctors, and specialists (providers) that are part of your plan during the year. There are a number of reasons why your provider might leave your plan, but if your doctor or specialist does leave your plan, you have certain rights and protections that are summarized below:

- Even though our network of providers may change during the year, Medicare requires that we furnish you with uninterrupted access to qualified doctors and specialists.
- We will make a good faith effort to provide you with at least 30 days' notice that your provider is leaving our plan so that you have time to select a new provider.
- We will assist you in selecting a new qualified provider to continue managing your health care needs.
- If you are undergoing medical treatment, you have the right to request, and we will work with you to ensure, that the medically necessary treatment you are receiving is not interrupted.
- If you believe we have not furnished you with a qualified provider to replace your previous provider or that your care is not being appropriately managed, you have the right to file an appeal of our decision.
- If you find out your doctor or specialist is leaving your plan, please contact us at **1-855-208-7221** (TTY **711**), weekdays, 7 a.m. to 5:30 p.m., so we can assist you in finding a new provider and managing your care.

Section 2.4 How to get care from out-of-network providers

Care you receive from an out-of-network provider will not be covered except in the following situations:

- Emergency or urgently needed services that you get from an out-of-network provider. For more information about this, and to see what emergency or urgently needed services mean, see Section 3 in this chapter.
- We authorize a referral to an out-of-network provider described in Section 2.3 of this chapter.
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside our service area.
- If you visit the service area of another Kaiser Permanente region, you can receive certain care covered under this **Evidence of Coverage** from designated providers in that service area. Please call our care away from home travel line at **1-951-268-3900** (TTY **711**) 24 hours a day, 7 days a week (except holidays), or visit our website at **kp.org/travel** for more information about getting care when visiting another Kaiser Permanente region's service area, including coverage information and facility locations in the District of Columbia and parts of California, Georgia, Hawaii, Maryland, Oregon, Virginia, and Washington. **Note:** Our care away from home travel line can also answer questions about covered emergency or urgent care services you receive out-of-network, including how to get reimbursement.

SECTION 3. How to get covered services when you have an emergency or urgent need for care or during a disaster

Section 3.1 Getting care if you have a medical emergency

What is a "medical emergency" and what should you do if you have one?

A "**medical emergency**" is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency:

- **Get help as quickly as possible**. Call **911** for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP.
- **As soon as possible, make sure that our plan has been told about your emergency**. We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours. The number to call is listed on the back of your plan membership card.

What is covered if you have a medical emergency?

You may get covered emergency medical care whenever you need it, anywhere inside or outside the United States. We cover ambulance services in situations where getting to the emergency room in any other way could endanger your health. For more information, see the Medical Benefits Chart found at the front of this **EOC**.

You may get covered emergency medical care (including ambulance) when you need it anywhere in the world. However; you may have to pay for the services and file a claim for reimbursement (see Chapter 7 for more information).

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable, and the medical emergency is over.

After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. We will cover your follow-up post-stabilization care in accord with Medicare guidelines. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow. It is very important that your provider call us to get authorization for post-stabilization care before you receive the care from the out-of-network provider. In most cases, you will only be held financially liable if you are notified by the out-of-network provider or us about your potential liability.

What if it wasn't a medical emergency?

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care—thinking that your health is in serious danger—and the doctor may say that it wasn't a medical emergency after all. If it turns out that it was not an emergency, as long as you reasonably thought your health was in serious danger, we will cover your care.

However, after the doctor has said that it was not an emergency, we will cover additional care only if you get the additional care in one of these two ways:

- You go to a network provider to get the additional care.
- Or the additional care you get is considered "urgently needed services" and you follow the rules for getting these urgently needed services (for more information about this, see Section 3.2 below).

Section 3.2 Getting care when you have an urgent need for services

What are "urgently needed services"?

"Urgently needed services" are a nonemergency, unforeseen medical illness, injury, or condition that requires immediate medical care. Urgently needed services may be furnished by network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible. The unforeseen condition could, for example, be an unforeseen flare-up of a known condition that you have.

What if you are in our service area when you have an urgent need for care?

You should always try to obtain urgently needed services from network providers. However, if providers are temporarily unavailable or inaccessible, and it is not reasonable to wait to obtain care from your network provider when the network becomes available, we will cover urgently needed services that you get from an out-of-network provider.

We know that sometimes it's difficult to know what type of care you need. That's why we have telephone advice nurses available to assist you. Our advice nurses are registered nurses specially trained to help assess medical symptoms and provide advice over the phone, when medically appropriate. Whether you are calling for advice or to make an appointment, you can speak to an advice nurse.

They can often answer questions about a minor concern, tell you what to do if a network facility is closed, or advise you about what to do next, including making a same-day urgent care appointment for you if it's medically appropriate. To speak with an advice nurse 24 hours a day, seven days a week, or make an appointment, please call **1-800-218-1059** (TTY **711**).

What if you are outside our service area when you have an urgent need for care?

When you are outside the service area and cannot get care from a network provider, we will cover urgently needed services that you get from any provider. Our plan covers worldwide urgent care services outside the United States under the following circumstances:

- You are temporarily outside of our service area.

- The services were necessary to treat an unforeseen illness or injury to prevent serious deterioration of your health.
- It was not reasonable to delay treatment until you returned to our service area.
- The services would have been covered had you received them from a network provider.

Section 3.3 Getting care during a disaster

If the governor of your state, the U.S. Secretary of Health and Human Services, or the President of the United States declares a state of disaster or emergency in your geographic area, you are still entitled to care from us.

Please visit our website **kp.org** for information on how to obtain needed care during a disaster.

Generally, if you cannot use a network provider during a disaster, we will allow you to obtain care from out-of-network providers at in-network cost-sharing. If you cannot use a network pharmacy during a disaster, you may be able to fill your prescription drugs at an out-of-network pharmacy. Please see Chapter 5, Section 2.5, for more information.

SECTION 4. What if you are billed directly for the full cost of your covered services?

Section 4.1 You can ask us to pay our share of the cost for covered services

If you have paid more than your share for covered services, or if you have received a bill for the full cost of covered medical services, go to Chapter 7, "Asking us to pay our share of a bill you have received for covered medical services or drugs," for information about what to do.

Section 4.2 If services are not covered by our plan, you must pay the full cost

We cover all medical services that are medically necessary, are listed in the plan’s Medical Benefits Chart (this chart is found at the front of this **EOC)**, and are obtained consistent with plan rules. You are responsible for paying the full cost of services that aren't covered by our plan, either because they are not plan covered services or they were obtained out-of-network and were not authorized.

If you have any questions about whether we will pay for any medical service or care that you are considering, you have the right to ask us whether we will cover it before you get it. You also have the right to ask for this in writing. If we say we will not cover your services, you have the right to appeal our decision not to cover your care.

Chapter 9, "What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)," has more information about what to do if you want a coverage decision from us or want to appeal a decision we have already made. You may also call Member Services to get more information (phone numbers are printed on the back cover of this booklet).

For covered services that have a benefit limitation, you pay the full cost of any services you get after you have used up your benefit for that type of covered service. Any amounts you pay after the benefit has been exhausted will not count toward the maximum out-of-pocket amount. You can call Member Services when you want to know how much of your benefit limit you have already used.

SECTION 5. How are your medical services covered when you are in a "clinical research study"?

Section 5.1 What is a "clinical research study"?

A clinical research study (also called a "clinical trial") is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. They test new medical care procedures or drugs by asking for volunteers to help with the study. This kind of study is one of the final stages of a research process that helps doctors and scientists see if a new approach works and if it is safe.

Not all clinical research studies are open to members of our plan. Medicare first needs to approve the research study. If you participate in a study that Medicare has not approved, you will be responsible for paying all costs for your participation in the study.

Once Medicare approves the study, someone who works on the study will contact you to explain more about the study and see if you meet the requirements set by the scientists who are running the study. You can participate in the study as long as you meet the requirements for the study and you have a full understanding and acceptance of what is involved if you participate in the study.

If you participate in a Medicare-approved study, Original Medicare pays most of the costs for the covered services you receive as part of the study. When you are in a clinical research study, you may stay enrolled in our plan and continue to get the rest of your care (the care that is not related to the study) through our plan.

If you want to participate in a Medicare-approved clinical research study, you do not need to get approval from us or your PCP. The providers that deliver your care as part of the clinical research study do not need to be part of our plan's network of providers.

Although you do not need to get our plan's permission to be in a clinical research study, you do need to tell us before you start participating in a clinical research study.

If you plan on participating in a clinical research study, contact Member Services (phone numbers are printed on the back cover of this booklet) to let them know that you will be participating in a clinical trial and to find out more specific details about what we will pay.

Section 5.2 When you participate in a clinical research study, who pays for what?

Once you join a Medicare-approved clinical research study, you are covered for routine items and services you receive as part of the study, including:

- Room and board for a hospital stay that Medicare would pay for even if you weren't in a study.
- An operation or other medical procedure if it is part of the research study.
- Treatment of side effects and complications of the new care.

Original Medicare pays most of the cost of the covered services you receive as part of the study. After Medicare has paid its share of the cost for these services, our plan will also pay for part of the costs:

- We will pay the difference between the cost-sharing in Original Medicare and your cost-sharing as a member of our plan. This means you will pay the same amount for the services you receive as part of the study as you would if you received these services from our plan.
  - Here's an example of how the cost-sharing works: Let's say that you have a lab test that costs $100 as part of the research study. Let's also say that your share of the costs for this test is $20 under Original Medicare, but the test would be $10 under our plan's benefits. In this case, Original Medicare would pay $80 for the test and we would pay another $10. This means that you would pay $10, which is the same amount you would pay under our plan's benefits.
- In order for us to pay for our share of the costs, you will need to submit a request for payment. With your request, you will need to send us a copy of your Medicare Summary Notices or other documentation that shows what services you received as part of the study and how much you owe. Please see Chapter 7 for more information about submitting requests for payment.

When you are part of a clinical research study, neither Medicare nor our plan will pay for any of the following:

- Generally, Medicare will not pay for the new item or service that the study is testing, unless Medicare would cover the item or service even if you were not in a study.
- Items and services the study gives you or any participant for free.
- Items or services provided only to collect data, and not used in your direct health care. For example, Medicare would not pay for monthly CT scans done as part of the study if your medical condition would normally require only one CT scan.

Do you want to know more?

You can get more information about joining a clinical research study by visiting the Medicare website to read or download the publication "Medicare and Clinical Research Studies" (The publication is available at **www.medicare.gov/Pubs/pdf/02226-Medicare-and-Clinical-Research-Studies.pdf**.) You can also call **1-800-MEDICARE (1-800-633-4227**), 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048.**

SECTION 6. Rules for getting care covered in a "religious nonmedical health care institution"

Section 6.1 What is a religious nonmedical health care institution?

A religious nonmedical health care institution is a facility that provides care for a condition that would ordinarily be treated in a hospital or skilled nursing facility. If getting care in a hospital or a skilled nursing facility is against a member's religious beliefs, we will instead provide coverage for care in a religious nonmedical health care institution. You may choose to pursue medical care at any time for any reason. This benefit is provided only for Part A inpatient services (nonmedical health care services). Medicare will only pay for nonmedical health care services provided by religious nonmedical health care institutions.

Section 6.2 Receiving care from a religious nonmedical health care institution

To get care from a religious nonmedical health care institution, you must sign a legal document that says you are conscientiously opposed to getting medical treatment that is "non-excepted."

- "Non-excepted" medical care or treatment is any medical care or treatment that is voluntary and not required by any federal, state, or local law.
- "Excepted" medical treatment is medical care or treatment that you get that is not voluntary or is required under federal, state, or local law.

To be covered by our plan, the care you get from a religious nonmedical health care institution must meet the following conditions:

- The facility providing the care must be certified by Medicare.
- Our plan's coverage of services you receive is limited to nonreligious aspects of care.
- If you get services from this institution that are provided to you in a facility, the following conditions apply:
  - You must have a medical condition that would allow you to receive covered services for inpatient hospital care or skilled nursing facility care.
  - – and – you must get approval in advance from our plan before you are admitted to the facility or your stay will not be covered.

Note: Covered services are subject to the same limitations and cost-sharing required for services provided by network providers as described in the Medical Benefits Chart found at the front of the EOC, Chapters 4 and 12.

SECTION 7. Rules for ownership of durable medical equipment

Section 7.1 Will you own the durable medical equipment after making a certain number of payments under our plan?

Durable medical equipment (DME) includes items such as oxygen equipment and supplies, wheelchairs, walkers, powered mattress systems, crutches, diabetic supplies, speech-generating devices, IV infusion pumps, nebulizers, and hospital beds ordered by a provider for use in the home. The member always owns certain items, such as prosthetics. In this section, we discuss other types of DME that you must rent.

In Original Medicare, people who rent certain types of DME own the equipment after paying copayments for the item for 13 months. As a member of our plan, however, you will not acquire ownership of rented DME items no matter how many copayments you make for the item while a member of our plan. Even if you made up to 12 consecutive payments for the DME item under Original Medicare before you joined our plan, you will not acquire ownership no matter how many copayments you make for the item while a member of our plan.

What happens to payments you made for durable medical equipment if you switch to Original Medicare?

If you did not acquire ownership of the DME item while in our plan, you will have to make 13 new consecutive payments after you switch to Original Medicare in order to own the item. Payments you made while in our plan do not count toward these 13 consecutive payments.

If you made fewer than 13 payments for the DME item under Original Medicare before you joined our plan, your previous payments also do not count toward the 13 consecutive payments. You will have to make 13 new consecutive payments after you return to Original Medicare in order to own the item. There are no exceptions to this case when you return to Original Medicare.

SECTION 8. Rules for oxygen equipment, supplies, and maintenance

Section 8.1 What oxygen benefits are you entitled to?

If you qualify for Medicare oxygen equipment coverage, then for as long as you are enrolled, our plan will cover:

- Rental of oxygen equipment.
- Delivery of oxygen and oxygen contents.
- Tubing and related oxygen accessories for the delivery of oxygen and oxygen contents.
- Maintenance and repairs of oxygen equipment.

If you leave our plan or no longer medically require oxygen equipment, then the oxygen equipment must be returned to the owner.

Section 8.2 What is your cost sharing? Will it change after 36 months?

Your cost-sharing for Medicare oxygen equipment coverage is **20%** coinsurance, every time you receive equipment.

Your cost-sharing will not change after being enrolled for 36 months in our plan.

If prior to enrolling in our plan, you had made 36 months of rental payment for oxygen equipment coverage, your cost-sharing in our plan is **20%** coinsurance.

Section 8.3 What happens if you leave your plan and return to Original Medicare?

If you return to Original Medicare, then you start a new 36-month cycle that renews every five years. For example, if you had paid rentals for oxygen equipment for 36 months prior to joining our plan, join our plan for 12 months, and then return to Original Medicare, you will pay full cost-sharing for oxygen equipment coverage.

Similarly, if you made payments for 36 months while enrolled in our plan and then return to Original Medicare, you will pay full cost-sharing for oxygen equipment coverage.

CHAPTER 4. Medical Benefits Chart (what is covered and what you pay)

SECTION 1. Understanding your out-of-pocket costs for covered service

This chapter and the Medical Benefits Chart found at the front of this **EOC** focuses on your covered services and what you pay for your medical benefits. It includes a Medical Benefits Chart that lists your covered services and shows how much you will pay for each covered service as a member of our plan. Later in this chapter, you can find information about medical services that are not covered. It also explains limits on certain services. In addition, please see Chapters 3, 11, and 12 for additional coverage information, including limitations (for example, coordination of benefits, durable medical equipment, home health care, skilled nursing facility care, and third party liability).

Section 1.1 Types of out-of-pocket costs you may pay for your covered services

To understand the payment information we give you in this chapter, you need to know about the types of out-of-pocket costs you may pay for your covered services.

- A "**copayment**" is the fixed amount you pay each time you receive certain medical services. You pay a copayment at the time you get the medical service, unless we do not collect all cost-sharing at that time and send you a bill later. (The Medical Benefits Chart found at the front of this **EOC** tells you more about your copayments.)
- "**Coinsurance**" is the percentage you pay of the total cost of certain medical services. You pay a coinsurance at the time you get the medical service, unless we do not collect all cost-sharing at that time and send you a bill later. (The Medical Benefits Chart located found at the front of this **EOC** tells you more about your coinsurance.)
- The "**deductible**" is the amount you must pay for medical services before our plan begins to pay its share for your covered medical services. (**Note:** Not all plans have a deductible.) Until you have paid the deductible amount, you must pay the full cost of your covered services. Once you have paid your deductible, we will begin to pay our share of the costs for covered medical services and you will pay your share (your copayment or coinsurance). The deductible does not apply to some services. (The Medical Benefits Chart found at the front of this **EOC** tells you if your plan has a deductible, the deductible amount, and which services are subject to the deductible.)

Most people who qualify for Medicaid or for the Qualified Medicare Beneficiary (QMB) program should never pay deductibles, copayments, or coinsurance. Be sure to show your proof of Medicaid or QMB eligibility to your provider, if applicable. If you think that you are being asked to pay improperly, contact Member Services.

Section 1.2 What is the most you will pay for Medicare Part A and Part B covered medical services?

Because you are enrolled in a Medicare Advantage Plan, there is a limit to how much you have to pay out-of-pocket each year for in-network medical services that are covered under Medicare

Part A and Part B (see the Medical Benefits Chart located at the front of this **EOC**). This limit is called the maximum out-of-pocket amount for medical services.

As a member of our plan, the most you will have to pay out-of-pocket for in-network covered Part A and Part B services in 2022 is stated in the Medical Benefits Chart found at the front of this **EOC.** The amounts you pay for deductibles (if your plan has a deductible), copayments, and coinsurance for in-network covered services count toward this maximum out-of-pocket amount. The amounts you pay for your plan premiums and for your Part D prescription drugs do not count toward your maximum out-of-pocket amount. In addition, amounts you pay for some services do not count toward your maximum out-of-pocket amount. These services are marked with an asterisk (*) in the Medical Benefits Chart found at the front of this **EOC**.

If you reach the maximum out-of-pocket amount stated in the Medical Benefits Chart found at the front of this **EOC**, you will not have to pay any out-of-pocket costs for the rest of the year for in-network covered Part A and Part B services. However, you must continue to pay your plan premium and the Medicare Part B premium (unless your Part B premium is paid for you by Medicaid or another third party).

Section 1.3 Our plan does not allow providers to "balance bill" you

As a member of our plan, an important protection for you is that, after you meet any deductibles (if applicable to your plan), you only have to pay your cost-sharing amount when you get services covered by our plan. We do not allow providers to add additional separate charges, called "balance billing." This protection (that you never pay more than your cost-sharing amount) applies even if we pay the provider less than the provider charges for a service and even if there is a dispute and we don't pay certain provider charges.

Here is how this protection works:

- If your cost-sharing is a copayment (a set amount of dollars, for example, $15.00), then you pay only that amount for any covered services from a network provider.
- If your cost-sharing is a coinsurance (a percentage of the total charges), then you never pay more than that percentage. However, your cost depends upon which type of provider you see:
  - If you receive the covered services from a network provider, you pay the coinsurance percentage multiplied by our plan's reimbursement rate (as determined in the contract between the provider and our plan).
  - If you receive the covered services from an out-of-network provider who participates with Medicare, you pay the coinsurance percentage multiplied by the Medicare payment rate for participating providers. (Remember, we cover services from out-of-network providers only in certain situations, such as when you get a referral.)
  - If you receive the covered services from an out-of-network provider who does not participate with Medicare, you pay the coinsurance percentage multiplied by the Medicare payment rate for nonparticipating providers. (Remember, we cover services from out-of-network providers only in certain situations, such as when you get a referral.)

- If you believe a provider has “balance billed” you, call Member Services (phone numbers are printed on the back cover of this booklet).

SECTION 2. Use the Medical Benefits Chart at the front of this EOC to find out what is covered for you and how much you will pay

Section 2.1 Your medical benefits and costs as a member of our plan

The Medical Benefits Chart found at the front of this **EOC** lists the services our plan covers and what you pay out-of-pocket for each service. The services listed in the Medical Benefits Chart found at the front of this **EOC** are covered only when the following coverage requirements are met:

- Your Medicare-covered services must be provided according to the coverage guidelines established by Medicare.
- Your services (including medical care, services, supplies, and equipment) must be medically necessary. "Medically necessary" means that the services, supplies, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.
- You receive your care from a network provider. In most cases, care you receive from an out-of-network provider will not be covered. Chapter 3 provides more information about requirements for using network providers and the situations when we will cover services from an out-of-network provider.
- You have a primary care provider (a PCP) who is providing and overseeing your care. In most situations, your PCP must give you approval in advance before you can see other providers in our plan's network. This is called giving you a "referral." Chapter 3 provides more information about getting a referral and the situations when you do not need a referral.
- Some of the services listed in the Medical Benefits Chart found at the front of this **EOC** are covered only if your doctor or other network provider gets approval in advance (sometimes called "prior authorization") from us. Covered services that need approval in advance are marked in the Medical Benefits Chart found at the front of this **EOC** with a footnote (†). In addition, see Section 2.2 in this chapter and Chapter 3, Section 2.3, for more information about prior authorization, including other services that require prior authorization that are not listed in the Medical Benefits Chart found at the front of this **EOC**.

Other important things to know about our coverage:

- Like all Medicare health plans, we cover everything that Original Medicare covers. For some of these benefits, you pay more in our plan than you would in Original Medicare. For others, you pay less. (If you want to know more about the coverage and costs of Original Medicare, look in your **Medicare & You 2022** handbook. View it online at **www.medicare.gov** or ask for a copy by calling **1-800-MEDICARE** (**1-800-633-4227**), 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.)
- For all preventive services that are covered at no cost under Original Medicare, we also cover the service at no cost to you. However, if you also are treated or monitored for an existing medical condition during the visit when you receive the preventive service, cost-sharing will apply for the care received for the existing medical condition.
- Sometimes Medicare adds coverage under Original Medicare for new services during the year. If Medicare adds coverage for any services during 2022 either Medicare or our plan will cover those services.

 You will see this apple next to the preventive services in the Medical Benefits Chart found at the front of this **EOC.**

Eligibility Amendments **Note:** Refer to Chapter 1 (Section 10) and Chapter 11 for information about coordination of benefits that applies to all covered services described in this Medical Benefits Chart.
Eligibility Amendments Your Group coverage includes health benefits for both same- and opposite-sex domestic partners and their Dependents. To be covered they must meet: 1. the eligibility requirements as described in the "Eligibility" section of this EOC; and 2. the conditions for domestic partnership as described in the Affidavit of Domestic Partnership. You are required to complete and submit an Affidavit of Domestic Partnership to Health Plan. Please check with your Group's benefit administrator for details.
Eligibility Amendments Under your Group contract, a grandchild of you or your Spouse cannot be enrolled as your Dependent in this health benefit plan, unless you or your Spouse is the court-appointed legal guardian of the grandchild. This includes an adopted or foster grandchild.

SECTION 3. What services are not covered by our plan?

Section 3.1 Services we do *not* cover (exclusions)

This section tells you what services are "excluded" from Medicare coverage and, therefore, are not covered by this plan. If a service is "excluded," it means that we don't cover the service.

The chart below lists services and items that either are not covered under any condition or are covered only under specific conditions.

If you get benefits that are excluded (not covered), you must pay for them yourself. We won't pay for the excluded medical benefits listed in the chart below except under the specific conditions listed. The only exception is we will pay if a service in the chart below is found upon appeal to be a medical benefit that we should have paid for or covered because of your specific situation. (For information about appealing a decision we have made to not cover a medical service, go to Chapter 9, Section 5.3, in this booklet.)

All exclusions or limitations on services are described in the Medical Benefits Chart at the front of this **EOC** or in the chart below

Even if you receive the excluded services at an emergency facility, the excluded services are still not covered, and our plan will not pay for them.

CHAPTER 5. Using our plan's coverage for your Part D prescription drugs

Did you know there are programs to help people pay for their drugs?

There are programs to help people with limited resources pay for their drugs. These include "Extra Help" and State Pharmaceutical Assistance Programs. For more information, see Chapter 2, Section 7.

Are you currently getting help to pay for your drugs?

If you are in a program that helps pay for your drugs, **some information in this Evidence of Coverage about the costs for Part D prescription drugs does not apply to you**. We sent you a separate document, called the **"Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs"** (also known as the "Low Income Subsidy Rider" or the "LIS Rider"), which tells you about your drug coverage. If you don't have this rider, please call Member Services and ask for the "LIS Rider." Phone numbers for Member Services are printed on the back cover of this booklet

SECTION 1. Introduction

Section 1.1 This chapter describes your coverage for Part D drugs

This chapter explains rules for using your coverage for Part D drugs. The Medical Benefits Chart found at the front of this **EOC** and the next chapter tell you what you pay for Part D drugs (Chapter 6, "What you pay for your Part D prescription drugs").

In addition to your coverage for Part D drugs, we also cover some drugs under our plan's medical benefits. Through our coverage of Medicare Part A benefits, we generally cover drugs you are given during covered stays in the hospital or in a skilled nursing facility. Through our coverage of Medicare Part B benefits, we cover drugs including certain chemotherapy drugs, certain drug injections you are given during an office visit, and drugs you are given at a dialysis facility. The Medical Benefits Chart found at the front of this **EOC** tells you about the benefits and costs for drugs during a covered hospital or skilled nursing facility stay, as well as your benefits and costs for Part B drugs.

Your drugs may be covered by Original Medicare if you are in Medicare hospice. We only cover Medicare Parts A, B, and D services and drugs that are unrelated to your terminal prognosis and related conditions, and therefore not covered under the Medicare hospice benefit. For more information, please see Section 9.4 in this chapter, "What if you're in Medicare-certified hospice." For information on hospice coverage, see the hospice section of the Medical Benefits Chart at the front of this **EOC.**

If your group has purchased enhanced Part D prescription drug coverage, we cover some drugs that are not covered by Medicare Part B and Part D in accord with our formulary for non-Part D drugs.The Medical Benefits Chart at the front of this **EOC** tells you about your benefits and costs for these drugs.

The following sections discuss coverage of your drugs under our plan's Part D benefit rules. Section 9 in this chapter, "Part D drug coverage in special situations," includes more information about your Part D coverage and Original Medicare.

Section 1.2 Basic rules for our plan's Part D drug coverage

Our plan will generally cover your drugs as long as you follow these basic rules:

- You must have a provider (a doctor, dentist, or other prescriber) write your prescription.
- Your prescriber must either accept Medicare or file documentation with CMS showing that he or she is qualified to write prescriptions, or your Part D claim will be denied. You should ask your prescribers the next time you call or visit if they meet this condition. If not, please be aware it takes time for your prescriber to submit the necessary paperwork to be processed.
- You generally must use a network pharmacy to fill your prescription. (See Section 2, "Fill your prescriptions at a network pharmacy or through our mail-order service.")
- Your drug must be on our **2022 Comprehensive Formulary** (we call it the "Drug List" for short). (See Section 3, "Your drugs need to be on our Drug List.")
- Your drug must be used for a medically accepted indication. A "medically accepted indication" is a use of the drug that is either approved by the Food and Drug Administration or supported by certain reference books. (See Section 3 for more information about a medically accepted indication.)

SECTION 2. Fill your prescription at a network pharmacy or through our mail-order service

Section 2.1 To have your prescription covered, use a network pharmacy

In most cases, your prescriptions are covered only if they are filled at our network pharmacies. (See Section 2.5 for information about when we would cover prescriptions filled at out-of-network pharmacies.)

A network pharmacy is a pharmacy that has a contract with our plan to provide your covered prescription drugs. The term "covered drugs" means all of the Part D prescription drugs that are covered on our plan's Drug List.

Our network includes pharmacies that offer standard cost-sharing and pharmacies that offer preferred cost-sharing. You may go to either type of network pharmacy to receive your covered prescription drugs. Your cost-sharing may be less at pharmacies with preferred cost-sharing.

Section 2.2 Finding network pharmacies

How do you find a network pharmacy in your area?

To find a network pharmacy, you can look in your **Pharmacy Directory**, visit our website (**kp.org/directory**), or call Member Services (phone numbers are printed on the back cover of this booklet).

You may go to any of our network pharmacies. However, your costs may be even less for your covered drugs if you use a network pharmacy that offers preferred cost-sharing rather than a network pharmacy that offers standard cost-sharing. The **Pharmacy Directory** will tell you which of the network pharmacies offer preferred cost-sharing. You can find out more about how your out-of-pocket costs could be different for different drugs by contacting us. If you switch from one network pharmacy.

What if the pharmacy you have been using leaves the network?

If the pharmacy you have been using leaves our plan's network, you will have to find a new pharmacy that is in our network. Or if the pharmacy you have been using stays within the network but is no longer offering preferred cost-sharing, you may switch to a different pharmacy. To find another network pharmacy in your area, you can get help from Member Services (phone numbers are printed on the back cover of this booklet) or use the **Pharmacy Directory**. You can also find information on our website at **kp.org/directory**.

What if you need a specialized pharmacy?

Sometimes prescriptions must be filled at a specialized pharmacy. Specialized pharmacies include:

- Pharmacies that supply drugs for home infusion therapy.
- Pharmacies that supply drugs for residents of a long-term care (LTC) facility. Usually, an LTC facility (such as a nursing home) has its own pharmacy. If you are in an LTC facility, we must ensure that you are able to routinely receive your Part D benefits through our network of LTC pharmacies, which is typically the pharmacy that the LTC facility uses. If you have any difficulty accessing your Part D benefits in an LTC facility, please contact Member Services.
- Pharmacies that serve the Indian Health Service / Tribal / Urban Indian Health Program (not available in Puerto Rico). Except in emergencies, only Native Americans or Alaska Natives have access to these pharmacies in our network. I/T/U pharmacies must be within our service area.
- Pharmacies that dispense drugs that are restricted by the FDA to certain locations or that require special handling, provider coordination, or education on their use.**Note: This scenario should happen rarely.**

To locate a specialized pharmacy, look in your Pharmacy Directory or call Member Services (phone numbers are printed on the back cover of this booklet).

Section 2.3 Using our mail-order services

For certain kinds of drugs, you can use our plan's network mail-order services. Generally, the drugs provided through mail-order are drugs that you take on a regular basis for a chronic or long-term medical condition. The drugs available through our mail-order service are marked as "mail-order" drugs on our Drug List.

Our mail-order service allows you to order up to a 90-day supply.

To get information about filling your prescriptions by mail, call Member Services. You can conveniently order your prescription refills in the following ways:

- Register and order online securely at **kp.org/refill**.
- Call our mail-order pharmacy at **1-866-523-6059 (TTY 711)**, Monday through Friday, 8 a.m. to 6 p.m.
- Call the highlighted number listed on your prescription label and follow the prompts.
- Be sure to select the mail delivery option when prompted.
- Mail your prescription or refill request on a mail-order form available at any Kaiser Permanente network pharmacy.

When you order refills for home delivery online, by phone, or in writing, you must pay your cost-sharing when you place your order (there are no shipping charges for regular USPS delivery). If you prefer, you may designate a network pharmacy where you want to pick up and pay for your prescription. Please contact a network pharmacy if you have a question about whether your prescription can be mailed or see our Drug List for information about the drugs that can be mailed.

Usually a mail-order pharmacy order will get to you in no more than 5 days. If your mail-order prescription is delayed, please call the number listed above or on your prescription bottle's label for assistance. Also, if you cannot wait for your prescription to arrive from our mail-order pharmacy, you can get an urgent supply by calling your local preferred network retail pharmacy listed in your **Pharmacy Directory** or at **kp.org/directory**. Please be aware that you may pay more if you get a 90-day supply from a network retail pharmacy instead of from our preferred mail-order pharmacy.

Refills on mail-order prescriptions. For refills, please contact your pharmacy at least 5 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

So the pharmacy can reach you to confirm your order before shipping, please make sure to let the pharmacy know the best ways to contact you. When you place your order, please provide your current contact information in case we need to reach you.

Section 2.4 How can you get a long-term supply of drugs?

When you get a long-term supply of drugs, your cost-sharing may be lower. Our plan offers two ways to get a long-term supply (also called an "extended supply") of "maintenance" drugs on our plan's Drug List. Maintenance drugs are drugs that you take on a regular basis for a chronic or long-term medical condition. You may order this supply through mail-order (see Section 2.3 in this chapter) or you may go to a retail pharmacy.

1. Some retail pharmacies in our network allow you to get a long-term supply of maintenance drugs. Your **Pharmacy Directory** tells you which pharmacies in our network can give you a long-term supply of maintenance drugs. You can also call Member Services for more information (phone numbers are printed on the back cover of this booklet).

2. For certain kinds of drugs, you can use our plan's network mail-order services. The drugs available through our mail-order service are marked as "mail-order" drugs on our Drug List. Our mail-order service allows you to order up to a 90-day supply. See Section 2.3 for more information about using our mail-order services.

Section 2.5 When can you use a pharmacy that is not in our network?

Your prescription may be covered in certain situations

Generally, we cover drugs filled at an out-of-network pharmacy only when you are not able to use a network pharmacy. To help you, we have network pharmacies outside of our service area where you can get your prescriptions filled as a member of our plan. If you cannot use a network pharmacy, here are the circumstances when we would cover prescriptions filled at an out-of-network pharmacy:

- If you are traveling within the United States and its territories but outside the service area and you become ill or run out of your covered Part D prescription drugs, we will cover prescriptions that are filled at an out-of-network pharmacy in limited, nonroutine circumstances according to our Medicare Part D formulary guidelines.
- If you need a Medicare Part D prescription drug in conjunction with covered out-of-network emergency care or out-of-area urgent care, we will cover up to a 30-day supply from an out-of-network pharmacy. Note: Prescription drugs prescribed and provided outside of the United States and its territories as part of covered emergency or urgent care are covered up to a 30-day supply in a 30-day period. These drugs are not covered under Medicare Part D; therefore, payments for these drugs do not count toward reaching the catastrophic coverage stage.
- If you are unable to obtain a covered drug in a timely manner within our service area because there is no network pharmacy within a reasonable driving distance that provides 24-hour service. We may not cover your prescription if a reasonable person could have purchased the drug at a network pharmacy during normal business hours.
- If you are trying to fill a prescription for a drug that is not regularly stocked at an accessible network pharmacy or available through our mail-order pharmacy (including high-cost drugs).
- If you are not able to get your prescriptions from a network pharmacy during a disaster.

In these situations, please check first with Member Services to see if there is a network pharmacy nearby. Phone numbers for Member Services are printed on the back cover of this booklet. You may be required to pay the difference between what you pay for the drug at the out-of-network pharmacy and the cost that we would cover at an in-network pharmacy.

How do you ask for reimbursement from our plan?

If you must use an out-of-network pharmacy, you will generally have to pay the full cost (rather than your normal share of the cost) at the time you fill your prescription. You can ask us to reimburse you for our share of the cost. (Chapter 7, Section 2.1, explains how to ask us to pay you back.)

SECTION 3. Your drugs need to be on our "Drug List"

Section 3.1 The "Drug List" tells which Part D drugs are covered

Our plan has a **2022 Comprehensive Formulary**. In this **Evidence of Coverage**, we call it the "Drug List" for short.

The drugs on this list are selected by our plan with the help of a team of doctors and pharmacists. The list must meet requirements set by Medicare. Medicare has approved our plan's Drug List.

The drugs on the Drug List are only those covered under Medicare Part D (earlier in this chapter, Section 1.1 explains about Part D drugs).

We will generally cover a drug on our plan's Drug List as long as you follow the other coverage rules explained in this chapter and the use of the drug is a medically accepted indication. A "medically accepted indication" is a use of the drug that is either:

- Approved by the Food and Drug Administration. (That is, the Food and Drug Administration has approved the drug for the diagnosis or condition for which it is being prescribed.)
- Or supported by certain references, such as the American Hospital Formulary Service Drug Information; the DRUGDEX Information System. Our Drug List includes both brand name and generic drugs.

Our Drug List includes both brand-name and generic drugs

A generic drug is a prescription drug that has the same active ingredients as the brand-name drug. Generally, it works just as well as the brand-name drug and usually costs less. There are generic drug substitutes available for many brand-name drugs.

What is not on our Drug List?

Our plan does not cover all prescription drugs.

- In some cases, the law does not allow any Medicare plan to cover certain types of drugs (for more information about this, see Section 7.1 in this chapter).
- In other cases, we have decided not to include a particular drug on our Drug List.

Section 3.2 There are six "cost-sharing tiers" for drugs on our Drug List

Every drug on our plan's Drug List is in one of six cost-sharing tiers. Depending upon the plan your group has selected, cost-sharing may vary from one tier to the next. In general, the higher the cost-sharing tier, the higher your cost for the drug:

- Cost-sharing **Tier 1** for preferred generic drugs. (this tier includes some brand-name drugs).
- Cost-sharing **Tier 2** for generic drugs (this tier includes some brand-name drugs).
- Cost-sharing **Tier 3** for preferred brand-name drugs.

- Cost-sharing **Tier 4** for nonpreferred brand-name drugs (this tier includes some generic drugs).
- Cost-sharing **Tier 5** for specialty-tier drugs (this tier includes both generic and brand-name drugs).
- Cost-sharing **Tier 6** for injectable Part D vaccines (this tier includes only brand-name drugs).

To find out which cost-sharing tier your drug is in, look it up on our Drug List. The amount you pay for drugs in each cost-sharing tier is shown in the Medical Benefits Chart found at the front of this **EOC**.

Section 3.3 How can you find out if a specific drug is on our Drug List?

You have three ways to find out:

1. Check the most recent Drug List we provided electronically at **kp.org**.
2. Visit our website (**kp.org/seniorrx**). Our Drug List (**2022 Comprehensive Formulary**) on the website is always the most current.
3. Call Member Services to find out if a particular drug is on our plan's Drug List (**2022 Comprehensive Formulary**) or to ask for a copy of the list. Phone numbers for Member Services are printed on the back cover of this booklet.

SECTION 4. There are restrictions on coverage for some drugs

Section 4.1 Why do some drugs have restrictions?

For certain prescription drugs, special rules restrict how and when we cover them. A team of doctors and pharmacists developed these rules to help our members use drugs in the most effective ways. These special rules also help control overall drug costs, which keeps your drug coverage more affordable.

In general, our rules encourage you to get a drug that works for your medical condition and is safe and effective. Whenever a safe, lower-cost drug will work just as well medically as a higher-cost drug, our plan's rules are designed to encourage you and your provider to use that lower-cost option. We also need to comply with Medicare's rules and regulations for drug coverage and cost-sharing.

If there is a restriction for your drug, it usually means that you or your provider will have to take extra steps in order for us to cover the drug. If you want us to waive the restriction for you, you will need to use the coverage decision process and ask us to make an exception. We may or may not agree to waive the restriction for you. (See Chapter 9, Section 6.2, for information about asking for exceptions.)

Please note that sometimes a drug may appear more than once on our Drug List (**2022 Comprehensive Formulary**). This is because different restrictions or cost-sharing may apply based on factors such as the strength, amount, or form of the drug prescribed by your health care provider (for instance, 10 mg versus 100 mg; one per day versus two per day; tablet versus liquid).

Section 4.2 What kinds of restrictions?

Our plan uses different types of restrictions to help our members use drugs in the most effective ways. The sections below tell you more about the types of restrictions we use for certain drugs.

Restricting brand-name drugs when a generic version is available

Generally, a "generic" drug works the same as a brand-name drug and usually costs less. When a generic version of a brand-name drug is available, our network pharmacies will provide you the generic version. We usually will not cover the brand-name drug when a generic version is available. However, if your provider has told us the medical reason that neither the generic drug nor other covered drugs that treat the same condition will not work for you, then we will cover the brand-name drug. (Your share of the cost may be greater for the brand-name drug than for the generic drug.)

Getting plan approval in advance

For certain drugs, you or your provider need to get approval from our plan before we will agree to cover the drug for you. This is called "prior authorization." Sometimes the requirement for getting approval in advance helps guide appropriate use of certain drugs. If you do not get this approval, your drug might not be covered by our plan.

Section 4.3 Do any of these restrictions apply to your drugs?

Our plan's Drug List includes information about the restrictions described above. To find out if any of these restrictions apply to a drug you take or want to take, check our Drug List. For the most up-to-date information, call Member Services (phone numbers are printed on the back cover of this booklet) or check our website (**kp.org/seniorrx**).

If there is a restriction for your drug, it usually means that you or your provider will have to take extra steps in order for us to cover the drug. If there is a restriction on the drug you want to take, you should contact Member Services to learn what you or your provider would need to do to get coverage for the drug. If you want us to waive the restriction for you, you will need to use the coverage decision process and ask us to make an exception. We may or may not agree to waive the restriction for you. (See Chapter 9, Section 6.2, for information about asking for exceptions.)

SECTION 5. What if one of your drugs is not covered in the way you'd like it to be covered?

Section 5.1 There are things you can do if your drug is not covered in the way you'd like it to be covered

We hope that your drug coverage will work well for you. But it's possible that there could be a prescription drug you are currently taking, or one that you and your provider think you should be taking that is not on our formulary or is on our formulary with restrictions. For example:

- The drug might not be covered at all. Or maybe a generic version of the drug is covered but the brand-name version you want to take is not covered.
- The drug is covered, but there are extra rules or restrictions on coverage for that drug. As explained in Section 4, some of the drugs covered by our plan have extra rules to restrict their use. In some cases, you may want us to waive the restriction for you.
- The drug is covered, but it is in a cost-sharing tier that makes your cost-sharing more expensive than you think it should be. Our plan puts each covered drug into one of six different cost-sharing tiers. How much you pay for your prescription depends in part on which cost-sharing tier your drug is in.

There are things you can do if your drug is not covered in the way that you'd like it to be covered. Your options depend upon what type of problem you have:

- If your drug is not on our Drug List or if your drug is restricted, go to Section 5.2 to learn what you can do.
- If your drug is in a cost-sharing tier that makes your cost more expensive than you think it should be, go to Section 5.3 to learn what you can do.

Section 5.2 What can you do if your drug is not on our Drug List or if the drug is restricted in some way?

If your drug is not on our Drug List or is restricted, here are things you can do:

- You may be able to get a temporary supply of the drug (only members in certain situations can get a temporary supply). This will give you and your provider time to change to another drug or to file a request to have the drug covered.
- You can change to another drug.
- You can request an exception and ask us to cover the drug or remove restrictions from the drug.

You may be able to get a temporary supply

Under certain circumstances, we can offer a temporary supply of a drug to you when your drug is not on our Drug List or when it is restricted in some way. Doing this gives you time to talk with your provider about the change in coverage and figure out what to do.

To be eligible for a temporary supply, you must meet the two requirements below:

1. **The change to your drug coverage must be one of the following types of changes:**
   - The drug you have been taking is no longer on our plan's Drug List.
   - Or the drug you have been taking is now restricted in some way (Section 4 in this chapter tells you about restrictions).
2. **You must be in one of the situations described below:**
   - **For those members who are new or who were in our plan last year:** We will cover a temporary supply of your drug during the first 90 days of your membership in our plan if you are new and during the first 90 days of the calendar year if you were in our plan last year. This temporary supply will be for a maximum of a 30-day supply. If your prescription is written for fewer days, we will allow multiple fills to provide up to a maximum of a 30-day supply of medication. The prescription must be filled at a network pharmacy. (Please note that the long-term care pharmacy may provide the drug in smaller amounts at a time to prevent waste.)
   - **For those members who have been in our plan for more than 90 days and reside in a long-term care (LTC) facility and need a supply right away:** We will cover one 31-day supply of a particular drug, or less if your prescription is written for fewer days. This is in addition to the above temporary supply situation.
   - **For current members with level of care changes**: If you enter into or are discharged from a hospital, skilled nursing facility, or long-term care facility to a different care setting or home, this is what is known as a level of care change. When your level of care changes, you may require an additional fill of your medication. We will generally cover up to a one-month supply of your Part D drugs during this level of care transition period even if the drug is not on our Drug List.

To ask for a temporary supply, call Member Services (phone numbers are printed on the back cover of this booklet).

During the time when you are getting a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by our plan or ask us to make an exception for you and cover your current drug. The sections below tell you more about these options.

You can change to another drug

Start by talking with your provider. Perhaps there is a different drug covered by our plan that might work just as well for you. You can call Member Services to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you. Phone numbers for Member Services are printed on the back cover of this booklet.

You can ask for an exception

You and your provider can ask us to make an exception for you and cover the drug in the way you would like it to be covered. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception to the rule. For example, you can ask us to cover a drug even though it is not on our plan's Drug List. Or you can ask us to make an exception and cover the drug without restrictions.

If you and your provider want to ask for an exception, Chapter 9, Section 6.4, tells you what to do. It explains the procedures and deadlines that have been set by Medicare to make sure your request is handled promptly and fairly.

Section 5.3 What can you do if your drug is in a cost-sharing tier you think is too high?

If your drug is in a cost-sharing tier you think is too high, here are things you can do:

You can change to another drug

If your drug is in a cost-sharing tier you think is too high, start by talking with your provider. Perhaps there is a different drug in a lower cost-sharing tier that might work just as well for you. You can call Member Services to ask for a list of covered drugs that treat the same medical condition. This list can help your provider find a covered drug that might work for you. Phone numbers for Member Services are printed on the back cover of this booklet.

You can ask for an exception

You and your provider can ask us to make an exception to the cost-sharing tier for the drug so that you pay less for it. If your provider says that you have medical reasons that justify asking us for an exception, your provider can help you request an exception to the rule.

If you and your provider want to ask for an exception, Chapter 9, Section 6.4, tells you what to do. It explains the procedures and deadlines that have been set by Medicare to make sure your request is handled promptly and fairly.

Drugs in our specialty tier (Tier 5) are not eligible for this type of exception. We do not lower the cost-sharing amount for drugs in this tier.

SECTION 6. What if your coverage changes for one of your drugs?

Section 6.1 The Drug List can change during the year

Most of the changes in drug coverage happen at the beginning of each year (January 1). However, during the year, we might make changes to the Drug List. For example, we might:

- Add or remove drugs from the Drug List. New drugs become available, including new generic drugs. Perhaps the government has given approval to a new use for an existing drug. Sometimes, a drug gets recalled and we decide not to cover it. Or we might remove a drug from the list because it has been found to be ineffective.

- Move a drug to a higher or lower cost-sharing tier.
- Add or remove a restriction on coverage for a drug (for more information about restrictions to coverage, see Section 4 in this chapter).
- Replace a brand-name drug with a generic drug.

We must follow Medicare requirements before we change our Drug List.

Section 6.2 What happens if coverage changes for a drug you are taking?

Information on changes to drug coverage

When changes to the Drug List occur during the year, we post information on our website about those changes. We will update our online Drug List on a regularly scheduled basis to include any changes that have occurred after the last update. Below we point out the times that you would get direct notice if changes are made to a drug that you are then taking. You can also call Member Services for more information (phone numbers are printed on the back cover of this booklet).

Do changes to your drug coverage affect you right away?

Changes that can affect you this year: In the below cases, you will be affected by the coverage changes during the current year:

- A new generic drug replaces a brand-name drug on the Drug List (or we change the cost-sharing tier or add new restrictions to the brand-name drug).
  - We may immediately remove a brand-name drug on our Drug List if we are replacing it with a newly approved generic version of the same drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a higher cost-sharing tier or add new restrictions.
  - We may not tell you in advance before we make that change—even if you are currently taking the brand-name drug.
  - You or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. For information on how to ask for an exception, see Chapter 9, "What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)."
  - If you are taking the brand-name drug at the time we make the change, we will provide you with information about the specific change(s) we made. This will also include information on the steps you may take to request an exception to cover the brand-name drug. You may not get this notice before we make the change.
- Unsafe drugs and other drugs on the Drug List that are withdrawn from the market.
  - Once in a while, a drug may be suddenly withdrawn because it has been found to be unsafe or removed from the market for another reason. If this happens, we will immediately remove the drug from the Drug List. If you are taking that drug, we will let you know of this change right away.

- Your prescriber will also know about this change, and can work with you to find another drug for your condition.

- Other changes to drugs on the Drug List.
  - We may make other changes once the year has started that affect drugs you are taking. For instance, we might add a generic drug that is not new to the market to replace a brand-name drug or change the cost-sharing tier or add new restrictions to the brand-name drug. We also might make changes based on FDA boxed warnings or new clinical guidelines recognized by Medicare. We must give you at least 30 days' advance notice of the change or give you notice of the change and a 30-day refill of the drug you are taking at a network pharmacy
  - After you receive notice of the change, you should be working with your prescriber to switch to a different drug that we cover.
  - Or you or your prescriber can ask us to make an exception and continue to cover the drug for you. For information on how to ask for an exception, see Chapter 9, "What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)."

- Changes to drugs on the Drug List that will not affect people currently taking the drug: For changes to the Drug List that are not described above, if you are currently taking the drug, the following types of changes will not affect you until January 1 of the next year if you stay in our plan:
  - If we move your drug into a higher cost-sharing tier.
  - If we put a new restriction on your use of the drug.
  - If we remove your drug from the Drug List.

If any of these changes happen to a drug you are taking (but not because of a market withdrawal, a generic drug replacing a brand-name drug, or other change noted in the sections above), then the change won't affect your use or what you pay as your share of the cost until January 1 of the next year. Until that date, you probably won't see any increase in your payments or any added restriction to your use of the drug. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, the changes will affect you, and it is important to check the new year's Drug List for any changes to drugs.

SECTION 7. What types of drugs are not covered by our plan?

Section 7.1 Types of drugs we do not cover

This section tells you what kinds of prescription drugs are "excluded." This means Medicare does not pay for these drugs.

If you get drugs that are excluded, you must pay for them yourself. We won't pay for the drugs that are listed in this section the only exception is if the requested drug is found upon appeal to be a drug that is not excluded under Part D and we should have paid for or covered it because of your specific situation. (For information about appealing a decision we have made to not cover a drug, go to Chapter 9, Section 6.5, in this booklet.)

Here are three general rules about drugs that Medicare drug plans will not cover under Part D:

- Our plan's Part D drug coverage cannot cover a drug that would be covered under Medicare Part A or Part B.
- Our plan cannot cover a drug purchased outside the United States and its territories.
- Our plan usually cannot cover off-label use. "Off-label use" is any use of the drug other than those indicated on a drug's label as approved by the Food and Drug Administration.
  - Generally, coverage for “off-label use” is allowed only when the use is supported by certain references, such as the American Hospital Formulary Service Drug Information and the DRUGDEX Information System. If the use is not supported by any of these reference books, then our plan cannot cover its “off label use.”

Also, by law, these categories of drugs are not covered by Medicare drug plans.

- Nonprescription drugs (also called over-the-counter drugs).
- Drugs when used to promote fertility.
- Drugs when used for the relief of cough or cold symptoms.
- Drugs when used for cosmetic purposes or to promote hair growth.
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations.
- Drugs when used for the treatment of sexual or erectile dysfunction.
- Drugs when used for treatment of anorexia, weight loss, or weight gain.
- Outpatient drugs for which the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale.

If you receive "Extra Help" paying for your drugs, your state Medicaid program may cover some prescription drugs not normally covered in a Medicare drug plan. Please contact your state Medicaid program to determine what drug coverage may be available to you. (You can find phone numbers and contact information for Medicaid in Chapter 2, Section 6.)

SECTION 8. Show your plan membership card when you fill a prescription

Section 8.1 Show your membership card

To fill your prescription, show your plan membership card at the network pharmacy you choose. When you show your plan membership card, the network pharmacy will automatically bill our plan for our share of your covered prescription drug cost. You will need to pay the pharmacy your share of the cost when you pick up your prescription.

Section 8.2 What if you don't have your membership card with you?

If you don't have your plan membership card with you when you fill your prescription, ask the pharmacy to call our plan to get the necessary information.

If the pharmacy is not able to get the necessary information, you may have to pay the full cost of the prescription when you pick it up. You can then ask us to reimburse you for our share. See Chapter 7, Section 2.1, for information about how to ask us for reimbursement.

SECTION 9. Part D drug coverage in special situations

Section 9.1 What if you're in a hospital or a skilled nursing facility for a stay that is covered by our plan?

If you are admitted to a hospital or to a skilled nursing facility for a stay covered by our plan, we will generally cover the cost of your prescription drugs during your stay. Once you leave the hospital or skilled nursing facility, we will cover your drugs as long as the drugs meet all of our rules for coverage. See the previous parts of this section that tell you about the rules for getting drug coverage. The Medical Benefits Chart found at the front of this **EOC** gives you more information about drug coverage and what you pay.

Please note: When you enter, live in, or leave a skilled nursing facility, you are entitled to a special enrollment period. During this time period, you can switch plans or change your coverage. (Chapter 10, "Ending your membership in our plan," tells you when you can leave our plan and join a different Medicare plan.)

Section 9.2 What if you're a resident in a long-term care (LTC) facility?

Usually, a long-term care (LTC) facility (such as a nursing home) has its own pharmacy, or a pharmacy that supplies drugs for all of its residents. If you are a resident of a long-term care facility, you may get your prescription drugs through the facility's pharmacy as long as it is part of our network.

Check your **Pharmacy Directory** to find out if your long-term care facility's pharmacy is part of our network. If it isn't, or if you need more information, please contact Member Services (phone numbers are printed on the back cover of this booklet).

What if you're a resident in a long-term care (LTC) facility and become a new member of our plan?

If you need a drug that is not on our Drug List or is restricted in some way, we will cover a **temporary supply** of your drug during the first 90 days of your membership. The total supply will be for a maximum of up to a 31-day supply, or less if your prescription is written for fewer days. (Please note that the long-term care (LTC) pharmacy may provide the drug in smaller amounts at a time to prevent waste.)

If you have been a member of our plan for more than 90 days and need a drug that is not on our Drug List or if our plan has any restriction on the drug's coverage, we will cover one 31-day supply, or less if your prescription is written for fewer days.

During the time when you are getting a temporary supply of a drug, you should talk with your provider to decide what to do when your temporary supply runs out. Perhaps there is a different drug covered by our plan that might work just as well for you. Or you and your provider can ask us to make an exception for you and cover the drug in the way you would like it to be covered.

If you and your provider want to ask for an exception, Chapter 9, Section 6.4, tells you what to do.

Section 9.3 Special note about "creditable coverage"

Do you currently have other prescription drug coverage through your (or your spouse's) employer or retiree group? If so, please contact that group's benefits administrator. He or she can help you determine how your current prescription drug coverage will work with our plan. In general, if you are currently employed, the prescription drug coverage you get from us will be secondary to your employer or retiree group coverage. That means your group coverage would pay first.

Special note about "creditable coverage"

Each year your employer or retiree group should send you a notice that tells you if your prescription drug coverage for the next calendar year is "creditable" and the choices you have for drug coverage.

If the coverage from the group plan is **"creditable,"** it means that the plan has drug coverage that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage.

Keep these notices about creditable coverage because you may need them later. If you enroll in a Medicare plan that includes Part D drug coverage, you may need these notices to show that you have maintained creditable coverage. If you didn't get a notice about creditable coverage, from your employer or retiree group plan, you can get a copy from your employer or retiree group's benefits administrator or the employer or union.

Section 9.4 What if you're in Medicare-certified hospice?

Drugs are never covered by both hospice and our plan at the same time. If you are enrolled in Medicare hospice and require an anti-nausea, laxative, pain medication, or antianxiety drug that is not covered by your hospice because it is unrelated to your terminal illness and related conditions, our plan must receive notification from either the prescriber or your hospice provider that the drug is unrelated before our plan can cover the drug. To prevent delays in receiving any unrelated drugs that should be covered by our plan, you can ask your hospice provider or prescriber to make sure we have the notification that the drug is unrelated before you ask a pharmacy to fill your prescription.

In the event you either revoke your hospice election or are discharged from hospice, our plan should cover all your drugs. To prevent any delays at a pharmacy when your Medicare hospice benefit ends, you should bring documentation to the pharmacy to verify your revocation or discharge. See the previous parts of this chapter that tell about the rules for getting drug coverage under Part D. Chapter 6, "What you pay for your Part D prescription drugs," gives more information about drug coverage and what you pay.

SECTION 10. Programs on drug safety and managing medications

Section 10.1 Programs to help members use drugs safely

We conduct drug use reviews for our members to help make sure that they are getting safe and appropriate care. These reviews are especially important for members who have more than one provider who prescribes their drugs.

We do a review each time you fill a prescription. We also review our records on a regular basis. During these reviews, we look for potential problems such as:

- Possible medication errors.
- Drugs that may not be necessary because you are taking another drug to treat the same medical condition.
- Drugs that may not be safe or appropriate because of your age or gender.
- Certain combinations of drugs that could harm you if taken at the same time.
- Prescriptions written for drugs that have ingredients you are allergic to.
- Possible errors in the amount (dosage) of a drug you are taking.
- Unsafe amounts of opioid pain medications.

If we see a possible problem in your use of medications, we will work with your provider to correct the problem.

Section 10.2 Drug Management Program (DMP) to help members safely use their opioid medications

We have a program that can help make sure our members safely use their prescription opioid medications, and other medications that are frequently abused. This program is called a Drug Management Program (DMP). If you use opioid medications that you get from several doctors or pharmacies, we may talk to your doctors to make sure your use of opioid medications is appropriate and medically necessary. Working with your doctors, if we decide your use of prescription opioid or benzodiazepine medications is not safe, we may limit how you can get those medications. The limitations may be:

- Requiring you to get all your prescriptions for opioid or benzodiazepine medications from one pharmacy.
- Requiring you to get all your prescriptions for opioid or benzodiazepine medications from one doctor.
- Limiting the amount of opioid or benzodiazepine medications we will cover for you.

If we think that one or more of these limitations should apply to you, we will send you a letter in advance. The letter will have information explaining the limitations we think should apply to you. You will also have an opportunity to tell us which doctors or pharmacies you prefer to use, and about any other information you think is important for us to know. After you've had the opportunity to respond, if we decide to limit your coverage for these medications, we will send you another letter confirming the limitation. If you think we made a mistake or you disagree with our determination that you are at-risk for prescription drug misuse or with the limitation, you and your prescriber have the right to ask us for an appeal. If you choose to appeal, we will review your case and give you a decision. If we continue to deny any part of your request related to the limitations that apply to your access to medications, we will automatically send your case to an independent reviewer outside of our plan. See Chapter 9 for information about how to ask for an appeal.

The DMP may not apply to you if you have certain medical conditions, such as cancer, you are receiving hospice, palliative, or end-of-life care, or you live in a long-term care facility.

Section 10.3 Medication Therapy Management (MTM) program to help members manage their medications

We have a program that can help our members with complex health needs. For example, some members have several medical conditions, take different drugs at the same time, and have high drug costs.

This program is voluntary and free to members. A team of pharmacists and doctors developed the program for us. This program can help make sure that our members get the most benefit from the drugs they take.

Our program is called a Medication Therapy Management (MTM) program. Some members who take medications for different medical conditions and have high drug costs, or are in a DMP to help members use their opioids safely may be able to get services through an MTM program. A pharmacist or other health professional will give you a comprehensive review of all your medications. You can talk about how best to take your medications, your costs, and any problems or questions you have about your prescription and over-the-counter medications. You'll get a written summary of this discussion. The summary has a medication action plan that recommends what you can do to make the best use of your medications, with space for you to take notes or write down any follow-up questions. You'll also get a personal medication list that will include all the medications you're taking and why you take them. In addition, members in the MTM program will receive information on the safe disposal of prescription medications that are controlled substances.

It's a good idea to have your medication review before your yearly "Wellness" visit, so you can talk to your doctor about your action plan and medication list. Bring your action plan and medication list with you to your visit or anytime you talk with your doctors, pharmacists, and other health care providers. Also, keep your medication list with you (for example, with your ID) in case you go to the hospital or emergency room.

If we have a program that fits your needs, we will automatically enroll you in the program and send you information. If you decide not to participate, please notify us and we will withdraw you from the program. If you have any questions about these programs, please contact Member Services (phone numbers are printed on the back cover of this booklet).

CHAPTER 6. What you pay for your Part D prescription drugs

Did you know there are programs to help people pay for their drugs?
There are programs to help people with limited resources pay for their drugs. These include "Extra Help" and State Pharmaceutical Assistance Programs. For more information, see Chapter 2, Section 7.

Are you currently getting help to pay for your drugs?

If you are in a program that helps pay for your drugs, **some information in this Evidence of Coverage about the costs for Part D prescription drugs does not apply to you**. We sent you a separate document, called the **"Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs"** (also known as the "Low Income Subsidy Rider" or the "LIS Rider"), which tells you about your drug coverage. If you don't have this rider, please call Member Services and ask for the "LIS Rider." Phone numbers for Member Services are printed on the back cover of this booklet.

SECTION 1. Introduction

Section 1.1 Use this chapter together with other materials that explain your drug coverage

This chapter focuses on what you pay for your Part D prescription drugs. To keep things simple, we use "drug" in this chapter to mean a Part D prescription drug. As explained in Chapter 5, not all drugs are Part D drugs—some drugs are covered under Medicare Part A or Part B and other drugs are excluded from Medicare coverage by law. Some excluded drugs may be covered under your group's plan.

To understand the payment information we give you in this chapter, you need to know the basics of what drugs are covered, where to fill your prescriptions, and what rules to follow when you get your covered drugs. Here are materials that explain these basics:

- Our **2022 Comprehensive Formulary**. To keep things simple, we call this the "**Drug List.**"
  - This Drug List tells you which drugs are covered for you.
  - It also tells you which of the six "cost-sharing tiers" the drug is in and whether there are any restrictions on your coverage for the drug.
  - If you need a copy of the Drug List, call Member Services (phone numbers are printed on the back cover of this booklet). You can also find the Drug List on our website at **kp.org/seniorrx**. The Drug List on the website is always the most current.
- **Chapter 5 of this booklet.** Chapter 5 gives you the details about your prescription drug coverage, including rules you need to follow when you get your covered drugs. Chapter 5 also tells you which types of prescription drugs are not covered by our plan.
- **Our plan's Pharmacy Directory**. In most situations, you must use a network pharmacy to get your covered drugs (see Chapter 5 for the details). The **Pharmacy Directory** has a list of pharmacies in our plan's network. It also tells you which pharmacies in our network can give you a long-term supply of a drug (such as filling a prescription for a three-month supply).

Section 1.2 Types of out-of-pocket costs you may pay for covered drugs

To understand the payment information we give you in this chapter, you need to know about the types of out-of-pocket costs you may pay for your covered services. The amount that you pay for a drug is called "cost-sharing," and there are three ways you may be asked to pay.

- The **"deductible"** is the amount you must pay for drugs before our plan begins to pay its share.
- **"Copayment"** means that you pay a fixed amount each time you fill a prescription.
- **"Coinsurance"** means that you pay a percent of the total cost of the drug each time you fill a prescription.

SECTION 2. What you pay for a drug depends upon which "drug payment stage" you are in when you get the drug

Section 2.1 What are the drug payment stages for Senior Advantage members?

As shown in the table below, there are "drug payment stages" for your prescription drug coverage under our plan. How much you pay for a drug depends upon which of these stages you are in at the time you get a prescription filled or refilled. Stage 4 applies to everyone, but your group plan may not include a Deductible Stage (Stage 1) or a Coverage Gap Stage (Stage 3). Refer to the Medical Benefits Chart found at the front of this **EOC** to find out which stages apply to you. Keep in mind you are always responsible for our plan's monthly premium regardless of the drug payment stage.

Stage 1 **Yearly Deductible Stage**	Stage 2 **Initial Coverage Stage**	Stage 3 **Coverage Gap Stage**	Stage 4 **Catastrophic Coverage Stage**
See the Medical Benefits Chart at the front of the **EOC** to find out if this payment stage applies to you. (This stage does not apply to most members.) If your plan has a deductible, during this stage, you pay the full cost of your drugs. You stay in this stage until you have paid your deductible. (Details are in Section 4 of this chapter.)	**If your plan has a deductible, you begin in this stage after you end the Deductible Stage.** **If your plan does not have a deductible, you begin in this stage when you fill your first prescription of the year.** During this stage, we pay our share of the cost of your drugs and you pay your share of the cost. If your plan has a Coverage Gap Stage, you stay in this stage until your year-to-date **"total drug costs"** (your payments plus any Part D plan's payments) total **$4,430.** If your plan does not have a Coverage Gap Stage, you stay in this stage until your year-to-date **"out-of-pocket costs"** (your payments) total **$7,050.** (Details are in Section 5 of this chapter.)	See the Medical Benefits Chart at the front of this **EOC** to find out if this stage applies to you (this stage does not apply to most members). If there is no coverage gap for your plan, this payment stage does not apply to you. If this stage applies to you, coverage during the gap stage varies depending on the plan your group has selected. For **generic drugs, you pay either the copayment** listed in the Medical Benefits Chart at the front of this EOC, **or 25% of the price**, whichever is lower. For **brand-name drugs, you pay 25% of the price** (plus a portion of the dispensing fee). You stay in this stage until your year-to-date "out-of-pocket costs" (your payments) reach a total of **$7,050.** This amount and rules for counting costs toward this amount have been set by Medicare. (Details are in Section 6 of this chapter.)	During this stage, **we will pay most of the cost** of your drugs for the rest of the calendar year (through December 31, 2022). (Details are in Section 7 of this chapter.)

SECTION 3. We send you reports that explain payments for your drugs and which payment stage you are in

Section 3.1 We send you a monthly report called the "Part D Explanation of Benefits" (the "Part D EOB")

Our plan keeps track of the costs of your prescription drugs and the payments you have made when you get your prescriptions filled or refilled at the pharmacy. This way, we can tell you when you have moved from one drug payment stage to the next. In particular, there are two types of costs we keep track of:

- We keep track of how much you have paid. This is called your **"out-of-pocket"** cost.
- We keep track of your **"total drug costs."** This is the amount you pay out-of-pocket or others pay on your behalf plus the amount paid by the plan.

Our plan will prepare a written report called the **Part D Explanation of Benefits** (it is sometimes called the "Part D EOB") when you have had one or more prescriptions filled through our plan during the previous month. **The Part D EOB** provides more information about the drugs you take, such as increases in price and other drugs with lower cost-sharing that may be available. You should consult with your prescriber about these lower-cost options. **The Part D** EOB . It includes:

- **Information for that month**. This report gives you the payment details about the prescriptions you have filled during the previous month. It shows the total drug costs, what the plan paid, and what you and others on your behalf paid.
- **Totals for the year since January 1**. This is called "year-to-date" information. It shows you the total drug costs and total payments for your drugs since the year began.
- **Drug price information**. This information will display the total drug price, and any percentage change from the first fill for each prescription claim of the same quantity.
- **Available lower-cost alternative prescriptions**. This will include information about other drugs with lower cost-sharing for each prescription claim that may be available.

Section 3.2 Help us keep our information about your drug payments up-to-date

To keep track of your drug costs and the payments you make for drugs, we use records we get from pharmacies. Here is how you can help us keep your information correct and up-to-date:

- **Show your membership card when you get a prescription filled.** To make sure we know about the prescriptions you are filling and what you are paying, show your plan membership card every time you get a prescription filled.

- **Make sure we have the information we need.** There are times you may pay for prescription drugs when we will not automatically get the information we need to keep track of your out-of-pocket costs. To help us keep track of your out-of-pocket costs, you may give us copies of receipts for drugs that you have purchased. (If you are billed for a covered drug, you can ask us to pay our share of the cost. For instructions about how to do this, go to Chapter 7, Section 2, of this booklet.) Here are some types of situations when you may want to give us copies of your drug receipts to be sure we have a complete record of what you have spent for your drugs:
  - When you purchase a covered drug at a network pharmacy at a special price or using a discount card that is not part of our plan's benefit.
  - When you made a copayment for drugs that are provided under a drug manufacturer patient assistance program.
  - Anytime you have purchased covered drugs at out-of-network pharmacies or other times you have paid the full price for a covered drug under special circumstances.
- **Send us information about the payments others have made for you**. Payments made by certain other individuals and organizations also count toward your out-of-pocket costs and help qualify you for catastrophic coverage. For example, payments made by a State Pharmaceutical Assistance Program, an AIDS drug assistance program, (ADAP), the Indian Health Service, and most charities count toward your out-of-pocket costs. You should keep a record of these payments and send them to us so we can track your costs.
- **Check the written report we send you**. When you receive a **Part D Explanation of Benefits (a Part D EOB)** in the mail, please look it over to be sure the information is complete and correct. If you think something is missing from the report, or you have any questions, please call Member Services (phone numbers are printed on the back cover of this booklet). You can also choose to view your **Part D EOB** online instead of by mail. Please visit **kp.org/goinggreen** and sign on to learn more about choosing to view your **Part D EOB** securely online. Be sure to keep these reports. They are an important record of your drug expenses.

SECTION 4. During the Deductible Stage, if applicable, you pay the full cost of your drugs

See the Medical Benefits Chart found at the front of this **EOC** to find out if this stage applies to you (this stage does not apply to most members).

Section 4.1 If your plan includes a deductible for your Part D drugs

The Deductible Stage is the first payment stage for your drug coverage. This stage begins when you fill your first prescription in the year. When you are in this payment stage, **you must pay the full cost of your drugs** until you reach our plan's deductible amount. Please refer to the Medical Benefits Chart found at the front of this **EOC** for the deductible amount.

- Your **"full cost"** is usually lower than the normal full price of the drug, since our plan has negotiated lower costs for most drugs.
- The **"deductible"** is the amount you must pay for your Part D prescription drugs before our plan begins to pay its share.

Once you have paid the deductible amount shown in the Medical Benefits Chart found at the front of this **EOC,** you leave the Deductible Stage and move on to the next drug payment stage, which is the Initial Coverage Stage.

SECTION 5. During the Initial Coverage Stage, we pay our share of your drug costs and you pay your share

Section 5.1 What you pay for a drug depends upon the drug and where you fill your prescription

During the Initial Coverage Stage, we pay our share of the cost of your covered prescription drugs, and you pay your share (your copayment or coinsurance amount). Your share of the cost will vary depending upon the drug and where you fill your prescription.

Our plan has six cost-sharing tiers

Every drug on our plan's Drug List is in one of six cost-sharing tiers. Depending upon the plan your group has selected, cost-sharing may vary from one tier to the next. In general, the higher the cost-sharing tier number, the higher your cost for the drug:

- Cost-sharing **Tier 1** for preferred generic drugs (this tier includes some brand-name drugs).
- Cost-sharing **Tier 2** for generic drugs (this tier includes some brand-name drugs).
- Cost-sharing **Tier 3** for preferred brand-name drugs.
- Cost-sharing **Tier 4** for nonpreferred brand-name drugs (this tier includes some generic drugs).
- Cost-sharing **Tier 5** for specialty-tier drugs (this tier includes both generic and brand-name drugs).
- Cost-sharing **Tier 6** for injectable Part D vaccines (this tier includes only brand-name drugs).

To find out which cost-sharing tier your drug is in, look it up in our plan's Drug List.

Your pharmacy choices

How much you pay for a drug depends upon whether you get the drug from:

- A network retail pharmacy that offers a standard cost-sharing.
- A network retail pharmacy that offers preferred cost-sharing.
- A pharmacy that is not in our plan's network.

- Our plan's mail-order pharmacy.

For more information about these pharmacy choices and filling your prescriptions, see Chapter 5 in this booklet and our plan's **Pharmacy Directory**.

Generally, we will cover your prescriptions only if they are filled at one of our network pharmacies. Some of our network pharmacies also offer preferred cost-sharing. You may go to either network pharmacies that offer preferred cost-sharing or other network pharmacies that offer standard cost-sharing to receive your covered prescription drugs. Your costs may be less at pharmacies that offer preferred cost-sharing.

Section 5.2 Your cost for a one-month supply of a drug

During the Initial Coverage Stage, your share of the cost of a covered drug will be either a copayment or coinsurance.

- **"Copayment"** means that you pay a fixed amount each time you fill a prescription.
- "**Coinsurance"** means that you pay a percent of the total cost of the drug each time you fill a prescription.

As shown in the Medical Benefits Chart found at the front of this **EOC,** the amount of the copayment or coinsurance depends upon which cost-sharing tier your drug is in. **Please note:**

- If your covered drug costs less than the copayment amount listed in the Medical Benefits Chart found at the front of this **EOC,** you will pay that lower price for the drug. You pay either the full price of the drug or the copayment amount, whichever is lower.
- We cover prescriptions filled at out-of-network pharmacies in only limited situations. Please see Chapter 5, Section 2.5, for information about when we will cover a prescription filled at an out-of-network pharmacy.

Refer to the Medical Benefits Chart found at the front of this **EOC** for your cost-sharing amounts and day supply limit in the Initial Coverage Stage.

Section 5.3 If your doctor prescribes less than a full month's supply, you may not have to pay the cost of the entire month's supply

Typically, the amount you pay for a prescription drug covers a full month's supply of a covered drug. However, your doctor can prescribe less than a month's supply of drugs. There may be times when you want to ask your doctor about prescribing less than a month's supply of a drug (for example, when you are trying a medication for the first time that is known to have serious side effects). If your doctor prescribes less than a full month’s supply, you will not have to pay for the full month's supply for certain drugs.

The amount you pay when you get less than a full month's supply will depend on whether you are responsible for paying coinsurance (a percentage of the total cost) or a copayment (a flat dollar amount).

- If you are responsible for coinsurance, you pay a percentage of the total cost of the drug. You pay the same percentage regardless of whether the prescription is for a full month's supply or for fewer days. However, because the entire drug cost will be lower if you get less than a full month's supply, the amount you pay will be less.
- If you are responsible for a copayment for the drug, your copayment will be based on the number of days of the drug that you receive. We will calculate the amount you pay per day for your drug (the "daily cost-sharing rate") and multiply it by the number of days of the drug you receive.
  - Here's an example: Let's say the copayment for your drug for a full month's supply (a 30-day supply) is $30. This means that the amount you pay per day for your drug is $1. If you receive a 7 days' supply of the drug, your payment will be $1 per day multiplied by 7 days, for a total payment of $7.

Daily cost-sharing allows you to make sure a drug works for you before you have to pay for an entire month's supply. You can also ask your doctor to prescribe, and your pharmacist to dispense, less than a full month's supply of a drug or drugs, if this will help you better plan refill dates for different prescriptions so that you can take fewer trips to the pharmacy. The amount you pay will depend upon the days' supply you receive.

Section 5.4 Your costs for a long-term (up to a 90-day) supply of a drug

For some drugs, you can get a long-term supply (also called an "extended supply") when you fill your prescription. A long-term supply is up to a 90-day supply. (For details on where and how to get a long-term supply of a drug, see Chapter 5, Section 2.4.)

Refer to the Medical Benefits Chart found at the front of this **EOC** for your cost-sharing amounts when you get a long-term (up to a 90-day) supply of a drug.

- **Please note:** If your covered drug costs less than the copayment amount listed in the Medical Benefits Chart found at the front of this **EOC** you will pay that lower price for the drug. You pay either the full price of the drug or the copayment amount, whichever is lower.

Section 5.5 You stay in the Initial Coverage Stage until you reach the next stage

If your group plan does not include a Coverage Gap Stage, you stay in the Initial Coverage Stage until your total out-of-pocket costs reach **$7,050.** When you reach an out-of-pocket limit of **$7,050** you leave the Initial Coverage Stage and move on to the Catastrophic Coverage Stage. Most group plans do not include a Coverage Gap Stage.

If your group plan includes a Coverage Gap Stage, you stay in the Initial Coverage Stage until the total amount for the prescription drugs you have filled and refilled reaches the **$4,430 limit for the Initial Coverage Stage.**

Your total drug cost is based on adding together what you have paid and what any Part D plan has paid:

- **What you have paid** for all the covered drugs you have gotten since you started with your first drug purchase of the year. (See Section 6.2 for more information about how Medicare calculates your out-of-pocket costs.) This includes:
  - The total you paid as your share of the cost for your drugs during the Initial Coverage Stage.
- **What our plan has paid** as its share of the cost for your drugs during the Initial Coverage Stage. (If you were enrolled in a different Part D plan at any time during 2022 the amount that plan paid during the Initial Coverage Stage also counts toward your total drug costs.)

The **Part D Explanation of Benefits (Part D EOB)** that we send to you will help you keep track of how much you and our plan, as well as third parties have spent on your behalf during the year. Many people do not reach the **$4,430** limit in a year.

We will let you know if you reach this **$4,430** amount. If you do reach this amount, you will leave the Initial Coverage Stage and move on to the Coverage Gap Stage.

Refer to the Medical Benefits Chart found at the front of this **EOC** for the amount you will pay for drugs in the Coverage Gap Stage.

SECTION 6. During the Coverage Gap Stage, if applicable, we provide some drug coverage

Section 6.1 You stay in the Coverage Gap Stage until your out-of-pocket costs reach $7,050

The benefit coverage you receive during the Coverage Gap Stage will depend on the benefits your group selected. See the Medical Benefits Chart found at the front of this **EOC** to find out if this stage applies to you (this stage does not apply to most members).

When you are in the Coverage Gap Stage, the Medicare Coverage Gap Discount Program provides manufacturer discounts on brand-name drugs. You pay either the copayments listed in the Medical Benefits Chart found at the front of this EOC or 25% of the negotiated price and a portion of the dispensing fee for **brand-name drugs**. If you pay 25% of the negotiated price, both the amount you pay and the amount discounted by the manufacturer count toward your out-of-pocket costs as if you had paid them, and move you through the coverage gap.

You also receive some coverage of generic drugs and injectable Part D vaccines during the Coverage Gap Stage. You pay either the copayments listed in the Medical Benefits Chart found at the front of this **EOC** or 25% of the costs of generic drugs, whichever is lower. Only the amount you pay counts and moves you through the coverage gap.

You continue paying the applicable cost sharing until your yearly out-of-pocket payments reach a maximum amount that Medicare has set. In 2022 that amount is **$7,050.**

Medicare has rules about what counts and what does not count as your out-of-pocket costs. When you reach an out-of-pocket limit of **$7,050,** you leave the Coverage Gap Stage and move on to the Catastrophic Coverage Stage.

Section 6.2 How Medicare calculates your out-of-pocket costs for prescription drugs

Here are Medicare's rules that we must follow when we keep track of your out-of-pocket costs for your drugs.

These payments <u>are</u> included in your out-of-pocket costs

When you add up your out-of-pocket costs, you can include the payments listed below (as long as they are for Part D covered drugs and you followed the rules for drug coverage that are explained in Chapter 5 of this booklet):

- The amount you pay for drugs when you are in any of the following drug payment stages:
  - The Deductible Stage (if this stage applies to you).
  - The Initial Coverage Stage.
  - The Coverage Gap Stage (if this stage applies to you).
- Any payments you made during this calendar year as a member of a different Medicare prescription drug plan before you joined our plan.

It matters who pays:

- If you make these payments yourself, they are included in your out-of-pocket costs.
- These payments are also included if they are made on your behalf by certain other individuals or organizations. This includes payments for your drugs made by a friend or relative, by most charities, by AIDS drug assistance programs, by a State Pharmaceutical Assistance Program that is qualified by Medicare, or by the Indian Health Service. Payments made by Medicare's "Extra Help" Program are also included.
- Some of the payments made by the Medicare Coverage Gap Discount Program are included. The amount the manufacturer pays for your brand-name drugs is included. But the amount we pay for your generic drugs is not included.

Moving on to the Catastrophic Coverage Stage:

When you (or those paying on your behalf) have spent a total of **$7,050** in out-of-pocket costs within the calendar year, you will move from either the Initial Coverage Stage (if this stage applies to you) or the Coverage Gap Stage (if this stage applies to you) to the Catastrophic Coverage Stage.

These payments are <u>not</u> included in your out-of-pocket costs

When you add up your out-of-pocket costs, you are **<u>not</u>** allowed to include any of these types of payments for prescription drugs:

- The amount you contribute, if any, toward your group's premium.
- Drugs you buy outside the United States and its territories.
- Drugs that are not covered by our plan.
- Drugs you get at an out-of-network pharmacy that do not meet our plan's requirements for out-of-network coverage.
- Non-Part D drugs, including prescription drugs covered by Part A or Part B and other drugs excluded from coverage by Medicare.
- Payments you make toward drugs covered under our additional coverage but not normally covered in a Medicare prescription drug plan.
- Payments you make toward prescription drugs not normally covered in a Medicare prescription drug plan.
- Payments made by our plan for your brand or generic drugs while in the Coverage Gap, if this stage applies to you.
- Payments for your drugs that are made by group health plans, including employer health plans.
- Payments for your drugs that are made by certain insurance plans and government-funded health programs, such as TRICARE and Veterans Affairs.
- Payments for your drugs made by a third party with a legal obligation to pay for prescription costs (for example, workers' compensation).

Reminder: If any other organization such as the ones listed above pays part or all of your out-of-pocket costs for drugs, you are required to tell our plan. Call Member Services to let us know (phone numbers are printed on the back cover of this booklet).

How can you keep track of your out-of-pocket total?

- **We will help you**. The **Part D Explanation of Benefits (Part D EOB)** report we send to you includes the current amount of your out-of-pocket costs (Section 3 in this chapter tells you about this report). When you reach a total of **$7,050** in out-of-pocket costs for the year, this report will tell you that you have left the Coverage Gap Stage and have moved on to the Catastrophic Coverage Stage.
- **Make sure we have the information we need**. Section 3.2 tells you what you can do to help make sure that our records of what you have spent are complete and up-to-date.

SECTION 7. During the Catastrophic Coverage Stage, we pay most of the cost for your drugs

Section 7.1 Once you are in the Catastrophic Coverage Stage, you will stay in this stage for the rest of the year

You qualify for the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **$7,050** limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will stay in this payment stage until the end of the calendar year. During this stage, we will pay most of the cost for your drugs.

Your share of the cost for a covered drug will be either coinsurance or a copayment, whichever is larger amount:

- Either, you pay a coinsurance of **5%** of the cost of the drug,
- Or, **$3.95** for a generic drug or a drug that is treated like a generic, and **$9.85** for all other drugs.

We will pay the rest of the cost.

SECTION 8. What you pay for vaccinations covered by Part D depends upon how and where you get them

Section 8.1 Our plan may have separate coverage for the Part D vaccine medication itself and for the cost of giving you the vaccine

We provide coverage for a number of Part D vaccines. We also cover vaccines that are considered medical benefits. You can find out about coverage of these vaccines by going to the Medical Benefits Chart found at the front of this **EOC**

There are two parts to our coverage of Part D vaccinations:

- The first part of coverage is the cost of the vaccine medication itself. The vaccine is a prescription medication.
- The second part of coverage is for the cost of giving you the vaccine. (This is sometimes called the "administration" of the vaccine.)

What do you pay for a Part D vaccination?

What you pay for a Part D vaccination depends upon three things:

1. **The type of vaccine** (what you are being vaccinated for).
   - Some vaccines are considered medical benefits. You can find out about your coverage of these vaccines by going to the Medical Benefits Chart found at the front of this **EOC.**

- Other vaccines are considered Part D drugs. You can find these vaccines listed in our 2022 **Comprehensive Formulary.**

2. **Where you get the vaccine medication.**

3. **Who gives you the vaccine.**

What you pay at the time you get the Part D vaccination can vary depending upon the circumstances. For example:

- Sometimes when you get your vaccine, you will have to pay the entire cost for both the vaccine medication and for getting the vaccine. You can ask us to pay you back for our share of the cost.
- Other times, when you get the vaccine medication or the vaccine, you will pay only your share of the cost.

To show how this works, here are three common ways you might get a Part D vaccine.
If your plan has a Deductible Stage, remember you are responsible for all of the costs associated with Part D vaccines (including their administration) during the Deductible Stage of your benefit.

- Situation1: You buy the Part D vaccine at the pharmacy and you get your vaccine at the network pharmacy. (Whether you have this choice depends upon where you live. Some states do not allow pharmacies to administer a vaccination.)
  - You will have to pay the pharmacy the amount of your copayment for the vaccine and the cost of giving you the vaccine.
  - Our plan will pay the remainder of the costs.
- Situation 2:You get the Part D vaccination at your doctor's office.
  - When you get the vaccination, you will pay for the entire cost of the vaccine and its administration.
  - You can then ask us to pay our share of the cost by using the procedures that are described in Chapter 7 of this booklet ("Asking us to pay our share of a bill you have received for covered medical services or drugs").
  - You will be reimbursed the amount you paid less your normal copayment for the vaccine (including administration).
- Situation3:You buy the Part D vaccine at your pharmacy, and then take it to your doctor's office where they give you the vaccine.
  - You will have to pay the pharmacy the amount of your copayment for the vaccine itself.
  - When your doctor gives you the vaccine, you will pay the entire cost for this service. You can then ask us to pay our share of the cost by using the procedures described in Chapter 7 of this booklet.
  - You will be reimbursed the amount charged by the doctor for administering the vaccine.

I**MPORTANT NOTE:** There is no charge for covered Part D vaccines and their administration. However, there may be an office visit charge, if administered during a provider office visit.

Section 8.2 You may want to call Member Services before you get a vaccination

The rules for coverage of vaccinations are complicated. We are here to help. We recommend that you first call Member Services whenever you are planning to get a vaccination. Phone numbers for Member Services are printed on the back cover of this booklet.

- We can tell you about how your vaccination is covered by our plan and explain your share of the cost.
- We can tell you how to keep your own cost down by using providers and pharmacies in our network.
- If you are not able to use a network provider and pharmacy, we can tell you what you need to do to get payment from us for our share of the cost.

CHAPTER 7. Asking us to pay our share of a bill you have received for covered medical services or drugs

SECTION 1. Situations in which you should ask us to pay our share of the cost of your covered services or drugs

Section 1.1 If you pay our share of the cost of your covered services or drugs, or if you receive a bill, you can ask us for payment

Sometimes when you get medical care or a prescription drug, you may need to pay the full cost right away. Other times, you may find that you have paid more than you expected under the coverage rules of our plan. In either case, you can ask us to pay you back (paying you back is often called "reimbursing" you). It is your right to be paid back by our plan whenever you've paid more than your share of the cost for medical services or drugs that are covered by our plan.

There may also be times when you get a bill from a provider for the full cost of medical care you have received. In many cases, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly.

Here are examples of situations in which you may need to ask us to pay you back or to pay a bill you have received:

When you've received emergency or urgently needed medical care from a provider who is not in our network

You can receive emergency services from any provider, whether or not the provider is a part of our network. When you receive emergency or urgently needed services from a provider who is not part of our network, you are only responsible for paying your share of the cost, not for the entire cost. You should ask the provider to bill our plan for our share of the cost.

- If you pay the entire amount yourself at the time you receive the care, you need to ask us to pay you back for our share of the cost. Send us the bill, along with documentation of any payments you have made.
- At times you may get a bill from the provider asking for payment that you think you do not owe. Send us this bill, along with documentation of any payments you have already made.
  - If the provider is owed anything, we will pay the provider directly.
  - If you have already paid more than your share of the cost of the service, we will determine how much you owed and pay you back for our share of the cost.

When a network provider sends you a bill you think you should not pay

Network providers should always bill us directly, and ask you only for your share of the cost. But sometimes they make mistakes, and ask you to pay more than your share.

- You only have to pay your cost-sharing amount when you get services covered by our plan. We do not allow providers to add additional separate charges, called "balance billing." This protection (that you never pay more than your cost-sharing amount) applies even if we pay the provider less than the provider charges for a service, and even if there is a dispute and we don't pay certain provider charges. For more information about "balance billing," go to Chapter 4, Section 1.3.
- Whenever you get a bill from a network provider that you think is more than you should pay, send us the bill. We will contact the provider directly and resolve the billing problem.
- If you have already paid a bill to a network provider, but you feel that you paid too much, send us the bill along with documentation of any payment you have made and ask us to pay you back the difference between the amount you paid and the amount you owed under our plan.

If you are retroactively enrolled in our plan

Sometimes a person's enrollment in our plan is retroactive. ("Retroactive" means that the first day of their enrollment has already passed. The enrollment date may even have occurred last year.)

If you were retroactively enrolled in our plan and you paid out-of-pocket for any of your covered services or drugs after your enrollment date, you can ask us to pay you back for our share of the costs. You will need to submit paperwork for us to handle the reimbursement.

Please call Member Services for additional information about how to ask us to pay you back and deadlines for making your request. Phone numbers for Member Services are printed on the back cover of this booklet.

When you use an out-of-network pharmacy to get a prescription filled

If you go to an out-of-network pharmacy and try to use your membership card to fill a prescription, the pharmacy may not be able to submit the claim directly to us. When that happens, you will have to pay the full cost of your prescription. We cover prescriptions filled at out-of-network pharmacies only in a few special situations. Please go to Chapter 5, Section 2.5, to learn more.

Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost.

When you pay the full cost for a prescription because you don't have your plan membership card with you

If you do not have your plan membership card with you, you can ask the pharmacy to call us or to look up your plan enrollment information. However, if the pharmacy cannot get the enrollment information they need right away, you may need to pay the full cost of the prescription yourself.

Save your receipt and send a copy to us when you ask us to pay you back for our share of the cost.

When you pay the full cost for a prescription in other situations

You may pay the full cost of the prescription because you find that the drug is not covered for some reason.

- For example, the drug may not be on our **2022 Comprehensive Formulary**; or it could have a requirement or restriction that you didn't know about or don't think should apply to you. If you decide to get the drug immediately, you may need to pay the full cost for it.
- Save your receipt and send a copy to us when you ask us to pay you back. In some situations, we may need to get more information from your doctor in order to pay you back for our share of the cost.

All of the examples above are types of coverage decisions. This means that if we deny your request for payment, you can appeal our decision. Chapter 9 of this booklet, "What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)," has information about how to make an appeal.

SECTION 2. How to ask us to pay you back or to pay a bill you have received

Section 2.1 How and where to send us your request for payment

Send us your request for payment, along with your bill and documentation of any payment you have made. It's a good idea to make a copy of your bill and receipts for your records.

To make sure you are giving us all the information we need to make a decision, you can fill out our claim form to make your request for payment. You don't have to use the form, but it will help us process the information faster. You can file a claim to request payment by:

- Completing and submitting our electronic form at **kp.org** and upload supporting documentation.
- Either download a copy of the form from our website **(kp.org)** or call Member Services and ask them to send you the form. Phone numbers for Member Services are printed on the back cover of this booklet. Mail the completed form to our Claims Department address listed below.
- If you are unable to get the form, you can file your request by sending us the following information to our Claims Department address listed below:

♦ A statement with the following information:

o Your name (member/patient name) and medical/health record number.

o The date you received the services.

o Where you received the services.

o Who provided the services.

- o Why you think we should pay for the services.
- o Your signature and date signed. (If you want someone other than yourself to make the request, we will also need a completed "Appointment of representative" form, which is available at kp.org.)
- ♦ A copy of the bill, your medical record(s) for the services, and your receipt if you paid for the services

Mail your request for payment together with any bills or paid receipts to us at this address::

Kaiser Foundation Health Plan of Colorado
Claims Department
P.O. Box 373150
Denver, CO 80237-3150

You must submit your claim to us within 12 months (for Part C medical claims) and within 36 months (for Part D claims) of the date you received the service, item, or drug.

Contact Member Services if you have any questions (phone numbers are printed on the back cover of this booklet). If you don't know what you should have paid, or you receive bills and you don't know what to do about those bills, we can help. You can also call if you want to give us more information about a request for payment you have already sent to us.

SECTION 3. We will consider your request for payment and say yes or no

Section 3.1 We check to see whether we should cover the service or drug and how much we owe

When we receive your request for payment, we will let you know if we need any additional information from you. Otherwise, we will consider your request and make a coverage decision.

- If we decide that the medical care or drug is covered and you followed all the rules for getting the care or drug, we will pay for our share of the cost. If you have already paid for the service or drug, we will mail your reimbursement of our share of the cost to you. If you have not paid for the service or drug yet, we will mail the payment directly to the provider. (Chapter 3 explains the rules you need to follow for getting your medical services covered. Chapter 5 explains the rules you need to follow for getting your Part D prescription drugs covered.)
- If we decide that the medical care or drug is not covered, or you did not follow all the rules, we will not pay for our share of the cost. Instead, we will send you a letter that explains the reasons why we are not sending the payment you have requested and your rights to appeal that decision.

Section 3.2 If we tell you that we will not pay for all or part of the medical care or drug, you can make an appeal

If you think we have made a mistake in turning down your request for payment or you don't agree with the amount we are paying, you can make an appeal. If you make an appeal, it means you are asking us to change the decision we made when we turned down your request for payment.

For the details about how to make this appeal, go to Chapter 9 of this booklet, "What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)." The appeals process is a formal process with detailed procedures and important deadlines. If making an appeal is new to you, you will find it helpful to start by reading Section 4 of Chapter 9. Section 4 is an introductory section that explains the process for coverage decisions and appeals and gives you definitions of terms such as "appeal." Then, after you have read Section 4, you can go to the section in Chapter 9 that tells you what to do for your situation:

- If you want to make an appeal about getting paid back for a medical service, go to Section 5.3 in Chapter 9.
- If you want to make an appeal about getting paid back for a drug, go to Section 6.5

of Chapter 9.

SECTION 4. Other situations in which you should save your receipts and send copies to us

Section 4.1 In some cases, you should send copies of your receipts to us to help us track your out-of-pocket drug cost

There are some situations when you should let us know about payments you have made for your drugs. In these cases, you are not asking us for payment. Instead, you are telling us about your payments so that we can calculate your out-of-pocket costs correctly. This may help you to qualify for the Catastrophic Coverage Stage more quickly.

Here are two situations when you should send us copies of receipts to let us know about payments you have made for your drugs:

1. When you buy the drug for a price that is lower than our price

Sometimes when you are in the Deductible Stage or Coverage Gap Stage (if your plan has one or both—refer to the Medical Benefits Chart found at the front of this **EOC**), you can buy your drug at a network pharmacy for a price that is lower than our price.

- For example, a pharmacy might offer a special price on the drug. Or you may have a discount card that is outside our benefit that offers a lower price.

- Unless special conditions apply, you must use a network pharmacy in these situations and your drug must be on our Drug List.
- Save your receipt and send a copy to us so that we can have your out-of-pocket expenses count toward qualifying you for the Catastrophic Coverage Stage.
- **Please note:** If you are in the Deductible or Coverage Gap Stage, we will not pay for any share of these drug costs. But sending a copy of the receipt allows us to calculate your out-of-pocket costs correctly and may help you qualify for the Catastrophic Coverage Stage more quickly.

2. When you get a drug through a patient assistance program offered by a drug manufacturer

Some members are enrolled in a patient assistance program offered by a drug manufacturer that is outside our plan benefits. If you get any drugs through a program offered by a drug manufacturer, you may pay a copayment to the patient assistance program.

- Save your receipt and send a copy to us so that we can have your out-of-pocket expenses count toward qualifying you for the Catastrophic Coverage Stage.
- **Please note**: Because you are getting your drug through the patient assistance program and not through our plan's benefits, we will not pay for any share of these drug costs. But sending a copy of the receipt allows us to calculate your out-of-pocket costs correctly and may help you qualify for the Catastrophic Coverage Stage more quickly.

Since you are not asking for payment in the two cases described above, these situations are not considered coverage decisions. Therefore, you cannot make an appeal if you disagree with our decision.

CHAPTER 8. Your rights and responsibilities

SECTION 1. We must honor your rights as a member of our plan

Section 1.1 We must provide information in a way that works for you (in languages other than English, in Braille, or large print, or CD)

To get information from us in a way that works for you, please call Member Services (phone numbers are printed on the back cover of this booklet).

Our plan has people and free interpreter services available to answer questions from disabled and non-English-speaking members. This booklet is available in Spanish by calling Member Services (phone numbers are on the back cover of this booklet). We can also give you information in Braille, large print, or CD at no cost if you need it. We are required to give you information about our plan's benefits in a format that is accessible and appropriate for you. To get information from us in a way that works for you, please call Member Services (phone numbers are printed on the back cover of this booklet).

If you have any trouble getting information from our plan in a format that is accessible and appropriate for you, please call to file a grievance with Member Services (phone numbers are printed on the back cover of this booklet). You may also file a complaint with Medicare by calling **1-800-MEDICARE (1-800-633-4227)** or directly with the Office for Civil Rights. Contact information is included in this **Evidence of Coverage** or with this mailing, or you may contact Member Services for additional information.

Sección 1.1 Debemos proporcionar la información de un modo adecuado para usted (en idiomas distintos al inglés, en Braille, en letra grande o en CD)

Para obtener información de una forma que se adapte a sus necesidades, por favor llame a Servicio a los Miembros (los números de teléfono están impresos en la contraportada de este folleto).

Este folleto está disponible en español o chino; llame a Servicio a los Miembros (los números de teléfono están en la contraportada de este folleto). Si la necesita, también podemos darle, sin costo, información en Braille, letra grande o CD. Tenemos la obligación de darle información acerca de los beneficios de nuestro plan en un formato que sea accesible y adecuado para usted. Para obtener nuestra información de una forma que se adapte a sus necesidades, por favor llame a Servicio a los Miembros (los números de teléfono están impresos en la contraportada de este folleto) o comuníquese con nuestro Coordinador de Derechos Civiles.

Si tiene algún problema para obtener información de nuestro plan en un formato que sea accesible y adecuado para usted, por favor llame para presentar una queja a Servicio a los Miembros (los números de teléfono están impresos en la contraportada de este folleto). También puede presentar una queja en Medicare llamando al **1-800-MEDICARE (1-800-633-4227)** o directamente en la Oficina de Derechos Civiles. En esta Evidence of Coverage **(Evidencia de Cobertura)** o en esta carta se incluye la información de contacto, o bien puede comunicarse con Servicio a los Miembros para obtener información adicional.

Section 1.2 We must ensure that you get timely access to your covered services and drugs

As a member of our plan, you have the right to choose a primary care provider (PCP) in our network to provide and arrange for your covered services (Chapter 3 explains more about this). Call Member Services to learn which doctors are accepting new patients (phone numbers are printed on the back cover of this booklet). You also have the right to go to a women's health specialist (such as a gynecologist), a mental health services provider, and a provider for routine eye exams without a referral, as well as other providers described in Chapter 3, Section 2.2.

As a plan member, you have the right to get appointments and covered services from our network of providers within a reasonable amount of time. This includes the right to get timely services from specialists when you need that care. You also have the right to get your prescriptions filled or refilled at any of our network pharmacies without long delays.

If you think that you are not getting your medical care or Part D drugs within a reasonable amount of time, Chapter 9, Section 10, of this booklet tells you what you can do. (If we have denied coverage for your medical care or drugs and you don't agree with our decision, Chapter 9, Section 4, tells you what you can do.)

Section 1.3 We must protect the privacy of your personal health information

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

- Your "personal health information" includes the personal information you gave us when you enrolled in our plan as well as your medical records and other medical and health information.
- The laws that protect your privacy give you rights related to getting information and controlling how your health information is used. We give you a written notice, called a "Notice of Privacy Practices," that tells you about these rights and explains how we protect the privacy of your health information.

How do we protect the privacy of your health information?

- We make sure that unauthorized people don't see or change your records.

- In most situations, if we give your health information to anyone who isn't providing your care or paying for your care, we are required to get written permission from you first.Written permission can be given by you or by someone you have given legal power to make decisions for you.
- Your health information is shared with your Group only with your authorization or as otherwise permitted by law.
- There are certain exceptions that do not require us to get your written permission first. These exceptions are allowed or required by law.
  - For example, we are required to release health information to government agencies that are checking on quality of care.
  - Because you are a member of our plan through Medicare, we are required to give Medicare your health information, including information about your Part D prescription drugs. If Medicare releases your information for research or other uses, this will be done according to federal statutes and regulations.

You can see the information in your records and know how it has been shared with others

You have the right to look at your medical records held by our plan, and to get a copy of your records. We are allowed to charge you a fee for making copies. You also have the right to ask us to make additions or corrections to your medical records. If you ask us to do this, we will work with your health care provider to decide whether the changes should be made.

You have the right to know how your health information has been shared with others for any purposes that are not routine.

If you have questions or concerns about the privacy of your personal health information, please call Member Services (phone numbers are printed on the back cover of this booklet).

Section 1.4 We must give you information about our plan, our network of providers, and your covered services

As a member of our plan, you have the right to get several kinds of information from us. (As explained above in Section 1.1, you have the right to get information from us in a way that works for you. This includes getting the information in Spanish, Braille, large print or CD.

If you want any of the following kinds of information, please call Member Services (phone numbers are printed on the back cover of this booklet):

- **Information about our plan.** This includes, for example, information about our plan's financial condition. It also includes information about the number of appeals made by members and our plan's performance ratings, including how it has been rated by plan members and how it compares to other Medicare health plans.
- **Information about our network providers, including our network pharmacies**.

- For example, you have the right to get information from us about the qualifications of the providers and pharmacies in our network and how we pay the providers in our network.
- For a list of the providers in our network, see the **Provider Directory**.
- For a list of the pharmacies in our network, see the **Pharmacy Directory.**
- For more detailed information about our providers or pharmacies, you can call Member Services (phone numbers are printed on the back cover of this booklet) or visit our website at **kp.org/directory**.

- **Information about your coverage and the rules you must follow when using your coverage.**
  - In Chapters 3 and 4 of this booklet, we explain what medical services are covered for you, any restrictions to your coverage, and what rules you must follow to get your covered medical services.
  - To get the details about your Part D prescription drug coverage, see Chapters 5 and 6 of this booklet plus our plan's Drug List. These chapters, together with the Drug List, tell you what drugs are covered and explain the rules you must follow and the restrictions to your coverage for certain drugs.
  - If you have questions about the rules or restrictions, please call Member Services (phone numbers are printed on the back cover of this booklet).
- I**nformation about why something is not covered and what you can do about it.**
  - If a medical service or Part D drug is not covered for you, or if your coverage is restricted in some way, you can ask us for a written explanation. You have the right to this explanation even if you received the medical service or drug from an out-of-network provider or pharmacy.
  - If you are not happy or if you disagree with a decision we make about what medical care or Part D drug is covered for you, you have the right to ask us to change the decision. You can ask us to change the decision by making an appeal. For details on what to do if something is not covered for you in the way you think it should be covered, see Chapter 9 of this booklet. It gives you the details about how to make an appeal if you want us to change our decision. (Chapter 9 also tells you about how to make a complaint about quality of care, waiting times, and other concerns.)
  - If you want to ask us to pay our share of a bill you have received for medical care or a Part D prescription drug, see Chapter 7 of this booklet.

Section 1.5 We must treat you with dignity and respect and support your right to make decisions about your care

You have the right to know your treatment options and participate in decisions about your health care

You have the right to get full information from your doctors and other health care providers when you go for medical care. Your providers must explain your medical condition and your treatment choices in a way that you can understand.

You also have the right to participate fully in decisions about your health care. To help you make decisions with your doctors about what treatment is best for you, your rights include the following:

- **To know about all of your choices**. This means that you have the right to be told about all of the treatment options that are recommended for your condition, no matter what they cost or whether they are covered by our plan. It also includes being told about programs our plan offers to help members manage their medications and use drugs safely.
- **To know about the risks**. You have the right to be told about any risks involved in your care. You must be told in advance if any proposed medical care or treatment is part of a research experiment. You always have the choice to refuse any experimental treatments.
- **The right to say "no."** You have the right to refuse any recommended treatment. This includes the right to leave a hospital or other medical facility, even if your doctor advises you not to leave. You also have the right to stop taking your medication. Of course, if you refuse treatment or stop taking a medication, you accept full responsibility for what happens to your body as a result.
- **To receive an explanation if you are denied coverage for care**. You have the right to receive an explanation from us if a provider has denied care that you believe you should receive. To receive this explanation, you will need to ask us for a coverage decision. Chapter 9 of this booklet tells you how to ask us for a coverage decision.

You have the right to give instructions about what is to be done if you are not able to make medical decisions for yourself

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you are in this situation. This means that, if you want to, you can:

- Fill out a written form to give someone the legal authority to make medical decisions for you if you ever become unable to make decisions for yourself.
- Give your doctors written instructions about how you want them to handle your medical care if you become unable to make decisions for yourself.

The legal documents that you can use to give your directions in advance in these situations are called **"advance directives."** There are different types of advance directives and different names for them. Documents called **"living will"** and **"power of attorney for health care"** are examples of advance directives.

If you want to use an "advance directive" to give your instructions, here is what to do:

- **Get the form**. If you want to have an advance directive, you can get a form from your lawyer, from a social worker, or from some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare. You can also contact Member Services to ask for the forms (phone numbers are printed on the back cover of this booklet).
- **Fill it out and sign it**. Regardless of where you get this form, keep in mind that it is a legal document. You should consider having a lawyer help you prepare it.
- **Give copies to appropriate people.** You should give a copy of the form to your doctor and to the person you name on the form as the one to make decisions for you if you can't. You may want to give copies to close friends or family members as well. Be sure to keep a copy at home.

If you know ahead of time that you are going to be hospitalized, and you have signed an advance directive, take a copy with you to the hospital.

- If you are admitted to the hospital, they will ask you whether you have signed an advance directive form and whether you have it with you.
- If you have not signed an advance directive form, the hospital has forms available and will ask if you want to sign one.

Remember, it is your choice whether you want to fill out an advance directive (including whether you want to sign one if you are in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you have signed an advance directive.

What if your instructions are not followed?

If you have signed an advance directive, and you believe that a doctor or hospital did not follow the instructions in it, you may file a complaint with the Colorado Department of Public Health and Environment.

Section 1.6 You have the right to make complaints and to ask us to reconsider decisions we have made

If you have any problems or concerns about your covered services or care, Chapter 9 of this booklet tells you what you can do. It gives you the details about how to deal with all types of problems and complaints.

What you need to do to follow up on a problem or concern depends upon the situation. You might need to ask us to make a coverage decision for you, make an appeal to us to change a coverage decision, or make a complaint. Whatever you do—ask for a coverage decision, make an appeal, or make a complaint—we are required to treat you fairly.

You have the right to get a summary of information about the appeals and complaints that other members have filed against our plan in the past. To get this information, please call Member Services (phone numbers are printed on the back cover of this booklet).

Section 1.7 What can you do if you believe you are being treated unfairly or your rights are not being respected?

If it is about discrimination, call the Office for Civil Rights

If you believe you have been treated unfairly or your rights have not been respected due to your race, disability, religion, sex, health, ethnicity, creed (beliefs), age, or national origin, you should call the Department of Health and Human Services' Office for Civil Rights at **1-800-368-1019** or TTY **1-800-537-7697,** or call your local Office for Civil Rights.

Is it about something else?

If you believe you have been treated unfairly or your rights have not been respected, and it's not about discrimination, you can get help dealing with the problem you are having:

- You can call Member Services (phone numbers are printed on the back cover of this booklet).
- You can call the State Health Insurance Assistance Program. For details about this organization and how to contact it, go to Chapter 2, Section 3.
- Or you can call Medicare at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048.**

Section 1.8 How to get more information about your rights

There are several places where you can get more information about your rights:

- **You can call Member Services** (phone numbers are printed on the back cover of this booklet).
- **You can call the SHIP**. For details about this organization and how to contact it, go to Chapter 2, Section 3.
- **You can contact Medicare:**
  - You can visit the Medicare website to read or download the publication "Your Medicare Rights & Protections." (The publication is available at **https://www.medicare.gov/Pubs/pdf/11534-Medicare-Rights-and-Protections.pdf.**)
  - Or you can call **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

Section 1.9 Information about new technology assessments

Rapidly changing technology affects health care and medicine as much as any other industry. To determine whether a new drug or other medical development has long-term benefits, our plan carefully monitors and evaluates new technologies for inclusion as covered benefits. These technologies include medical procedures, medical devices, and new drugs.

Section 1.10 You can make suggestions about rights and responsibilities

As a member of our plan, you have the right to make recommendations about the rights and responsibilities included in this chapter. Please call Member Services with any suggestions (phone numbers are printed on the back cover of this booklet).

SECTION 2. You have some responsibilities as a member of our plan

Section 2.1 What are your responsibilities?

Things you need to do as a member of our plan are listed below. If you have any questions, please call Member Services (phone numbers are printed on the back cover of this booklet). We're here to help.

- **Get familiar with your covered services and the rules you must follow to get these covered services.** Use this **Evidence of Coverage** booklet to learn what is covered for you and the rules you need to follow to get your covered services.
  - Chapters 3 and 4 give the details about your medical services, including what is covered, what is not covered, rules to follow, and what you pay.
  - Chapters 5 and 6 give the details about your coverage for Part D prescription drugs.
- **If you have any other health insurance coverage or prescription drug coverage in addition to our plan, you are required to tell us.** Please call Member Services to let us know (phone numbers are printed on the back cover of this booklet).
  - We are required to follow rules set by Medicare to make sure that you are using all of your coverage in combination when you get your covered services from our plan. This is called "coordination of benefits" because it involves coordinating the health and drug benefits you get from us with any other health and drug benefits available to you. We'll help you coordinate your benefits. (For more information about coordination of benefits, go to Chapter 1, Section 10.)
- **Tell your doctor and other health care providers that you are enrolled in our plan.** Show your plan membership card whenever you get your medical care or Part D prescription drugs.
- **Help your doctors and other providers help you by giving them information, asking questions, and following through on your care.**
  - To help your doctors and other health care providers give you the best care, learn as much as you are able to about your health problems and give them the information they need about you and your health. Follow the treatment plans and instructions that you and your doctors agree upon.
  - Make sure you understand your health problems and participate in developing mutually agreed upon treatment goals with your providers whenever possible.

- Make sure your doctors know all of the drugs you are taking, including over-the-counter drugs, vitamins, and supplements.
- If you have any questions, be sure to ask. Your doctors and other health care providers are supposed to explain things in a way you can understand. If you ask a question and you don't understand the answer you are given, ask again.

- **Be considerate.** We expect all our members to respect the rights of other patients. We also expect you to act in a way that helps the smooth running of your doctor's office, hospitals, and other offices.
- **Pay what you owe**. As a plan member, you are responsible for these payments:
  - In order to be eligible for our plan, you must have Medicare Part A and Medicare Part B. Some plan members must pay a premium for Medicare Part A. Most plan members must pay a premium for Medicare Part B to remain a member of our plan.
  - For most of your medical services or drugs covered by our plan, you must pay your share of the cost when you get the service or drug. This will be a copayment (a fixed amount) or coinsurance (a percentage of the total cost). The Medical Benefits Chart found at the front of this **EOC** tells you what you must pay for your medical services. The Medical Benefits Chart found at the front of this **EOC** tells you what you must pay for your Part D prescription drugs.
  - If you get any medical services or drugs that are not covered by our plan or by other insurance you may have, you must pay the full cost.
  - If you disagree with our decision to deny coverage for a service or drug, you can make an appeal. Please see Chapter 9 of this booklet for information about how to make an appeal.
  - If you are required to pay a late enrollment penalty, you must pay the penalty to keep your prescription drug coverage.
- **Tell us if you move.** If you are going to move, it's important to tell us right away. Call Member Services (phone numbers are printed on the back cover of this booklet).
  - If you move outside of our plan service area, you cannot remain a member of our plan. (Chapter 1 tells you about our service area.) We can help you figure out whether you are moving outside our service area. If you are leaving our service area, you will have a special enrollment period when you can join any Medicare plan available in your new area. We can let you know if we have a plan in your new area.
  - If you move within our service area, we still need to know so we can keep your membership record up-to-date and know how to contact you.
  - If you move, it is also important to tell Social Security (or the Railroad Retirement Board). You can find phone numbers and contact information for these organizations in Chapter 2.
- **Call Member Services for help if you have questions or concerns.** We also welcome any suggestions you may have for improving our plan.

- Phone numbers and calling hours for Member Services are printed on the back cover of this booklet.
- For more information about how to reach us, including our mailing address, please see Chapter 2.

CHAPTER 9. What to do if you have a problem or complaint (coverage decisions, appeals, and complaints)

Background

Coverage decisions and appeals

Background

SECTION 1. Introduction

Section 1.1 What to do if you have a problem or concern

This chapter explains two types of processes for handling problems and concerns:

- For some types of problems, you need to use the process for coverage decisions and appeals.
- For other types of problems, you need to use the process for making complaints.

Both of these processes have been approved by Medicare. To ensure fairness and prompt handling of your problems, each process has a set of rules, procedures, and deadlines that must be followed by you and us.

Which one do you use?

That depends upon the type of problem you are having. The guide in Section 3 will help you identify the right process to use.

Section 1.2 What about the legal terms?

There are technical legal terms for some of the rules, procedures, and types of deadlines explained in this chapter. Many of these terms are unfamiliar to most people and can be hard to understand.

To keep things simple, this chapter explains the legal rules and procedures using simpler words in place of certain legal terms. For example, this chapter generally says "making a complaint" rather than "filing a grievance," "coverage decision" rather than "organization determination" or "coverage determination," or “at-risk determination,” and "Independent Review Organization" instead of "Independent Review Entity." It also uses abbreviations as little as possible.

However, it can be helpful, and sometimes quite important, for you to know the correct legal terms for the situation you are in. Knowing which terms to use will help you communicate more clearly and accurately when you are dealing with your problem and get the right help or information for your situation. To help you know which terms to use, we include legal terms when we give the details for handling specific types of situations.

SECTION 2. You can get help from government organizations that are not connected with us

Section 2.1 Where to get more information and personalized assistance

Sometimes it can be confusing to start or follow through the process for dealing with a problem. This can be especially true if you do not feel well or have limited energy. Other times, you may not have the knowledge you need to take the next step.

Get help from an independent government organization

We are always available to help you. But in some situations, you may also want help or guidance from someone who is not connected with us. You can always contact your **State Health Insurance Assistance Program (SHIP)**. This government program has trained counselors in every state. The program is not connected with us or with any insurance company or health plan. The counselors at this program can help you understand which process you should use to handle a problem you are having. They can also answer your questions, give you more information, and offer guidance on what to do.

The services of SHIP counselors are free. You will find phone numbers in Chapter 2, Section 3, of this booklet.

You can also get help and information from Medicare

For more information and help in handling a problem, you can also contact Medicare. Here are two ways to get information directly from Medicare:

- You can call **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.
- You can visit the Medicare website (**www.medicare.gov**).

SECTION 3. To deal with your problem, which process should you use?

Section 3.1 Should you use the process for coverage decisions and appeals? Or should you use the process for making complaints?

If you have a problem or concern, you only need to read the parts of this chapter that apply to your situation. The guide that follows will help.

To figure out which part of this chapter will help you with your specific problem or concern, *START HERE:*

Is your problem or concern about your benefits or coverage?

(This includes problems about whether particular medical care or prescription drugs are covered or not, the way in which they are covered, and problems related to payment for medical care or prescription drugs.)

- **Yes, my problem is about benefits or coverage:**

  Go to the next section in this chapter, Section 4: "A guide to the basics of coverage decisions and appeals."

- **No, my problem is not about benefits or coverage:**

  Skip ahead to Section 10 at the end of this chapter: "How to make a complaint about quality of care, waiting times, customer service, or other concerns."

Coverage decisions and appeals

SECTION 4. A guide to the basics of coverage decisions and appeals

Section 4.1 Asking for coverage decisions and making appeals—The big picture

The process for coverage decisions and appeals deals with problems related to your benefits and coverage for medical services and prescription drugs, including problems related to payment. This is the process you use for issues such as whether something is covered or not, and the way in which something is covered.

Asking for coverage decisions

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your medical services or drugs. For example, your network doctor makes a (favorable) coverage decision for you whenever you receive medical care from him or her or if your network doctor refers you to a medical specialist. You or your doctor can also contact us and ask for a coverage decision, if your doctor is unsure whether we will cover a particular medical service or refuses to provide medical care you think that you need. In other words, if you want to know if we will cover a medical service before you receive it, you can ask us to make a coverage decision for you. In limited circumstances a request for a coverage decision will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so, or if you ask for your request to be withdrawn. If we dismiss a request for a coverage decision, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

We are making a coverage decision for you whenever we decide what is covered for you and how much we pay. In some cases, we might decide a service or drug is not covered or is no longer covered by Medicare for you. If you disagree with this coverage decision, you can make an appeal.

Making an appeal

If we make a coverage decision and you are not satisfied with this decision, you can "appeal" the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made.

When you appeal a decision for the first time, this is called a Level 1 Appeal. In this appeal, we review the coverage decision we made to check to see if we were following all of the rules properly. Your appeal is handled by different reviewers than those who made the original unfavorable decision. When we have completed the review, we give you our decision. Under certain circumstances, which we discuss later, you can request an expedited or "fast coverage decision" or fast appeal of a coverage decision. In limited circumstances a request for a coverage decision will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so, or if you ask for your request to be withdrawn. If we dismiss a request for a coverage decision, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

If we say ***no*** to all or part of your Level 1 Appeal, you can go on to a Level 2 Appeal. The Level 2 Appeal is conducted by an Independent Review Organization that is not connected to us. (In some situations, your case will be automatically sent to the Independent Review Organization for a Level 2 Appeal. In other situations, you will need to ask for a Level 2 Appeal.) If you are not satisfied with the decision at the Level 2 Appeal, you may be able to continue through additional levels of appeal.

Section 4.2 How to get help when you are asking for a coverage decision or making an appeal

Would you like some help? Here are resources you may wish to use if you decide to ask for any kind of coverage decision or appeal a decision:

- **You can call Member Services** (phone numbers are printed on the back cover of this booklet).
- You c**an get free help** from your **State Health Insurance Assistance Program** (see Section 2 in this chapter).
- **Your doctor can make a request for you.**
  - For medical care or Medicare Part B prescription drugs, your doctor can request a coverage decision or a Level 1 Appeal on your behalf. If your appeal is denied at Level 1, it will be automatically forwarded to Level 2. To request any appeal after Level 2, your doctor must be appointed as your representative.
  - For Part D prescription drugs, your doctor or other prescriber can request a coverage decision or a Level 1 or Level 2 Appeal on your behalf. To request any appeal after Level 2, your doctor or other prescriber must be appointed as your representative.
- **You can ask someone to act on your behalf.** If you want to, you can name another person to act for you as your "representative" to ask for a coverage decision or make an appeal.
  - There may be someone who is already legally authorized to act as your representative under state law.

- If you want a friend, relative, your doctor or other provider, or other person to be your representative, call Member Services (phone numbers are printed on the back cover of this booklet) and ask for the "Appointment of Representative" form. (The form is also available on Medicare's website at **www.cms. gov/Medicare/CMS-Forms/CMS-Forms/ downloads/cms1696.pdf** or on our website at **kp.org.)** The form gives that person permission to act on your behalf. It must be signed by you and by the person whom you would like to act on your behalf. You must give us a copy of the signed form.

- **You also have the right to hire a lawyer to act for you**. You may contact your own lawyer, or get the name of a lawyer from your local bar association or other referral service. There are also groups that will give you free legal services if you qualify. However, you are not required to hire a lawyer to ask for any kind of coverage decision or appeal a decision.

Section 4.3 Which section of this chapter gives the details for your situation?

There are four different types of situations that involve coverage decisions and appeals. Since each situation has different rules and deadlines, we give the details for each one

in a separate section:

- **Section 5** in this chapter: "Your medical care: How to ask for a coverage decision or make an appeal."
- **Section 6** in this chapter: "Your Part D prescription drugs: How to ask for a coverage decision or make an appeal."
- **Section 7** in this chapter: "How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon."
- **Section 8** in this chapter: "How to ask us to keep covering certain medical services if you think your coverage is ending too soon" (applies to these services only: home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services).

If you're not sure which section you should be using, please call Member Services (phone numbers are printed on the back cover of this booklet). You can also get help or information from government organizations such as your SHIP (Chapter 2, Section 3, of this booklet has the phone numbers for this program).

SECTION 5. Your medical care: How to ask for a coverage decision or make an appeal

? Have you read Section 4 in this chapter ("A guide to the basics of coverage decisions and appeals")? If not, you may want to read it before you start this section.

Section 5.1 This section tells what to do if you have problems getting coverage for medical care or if you want us to pay you back for our share of the cost of your care

This section is about your benefits for medical care and services. These benefits are described in the Medical Benefits Chart found at the front of this **EOC.** To keep things simple, we generally refer to "medical care coverage" or "medical care" in the rest of this section, instead of repeating "medical care or treatment or services" every time. The term "medical care" includes medical items and services as well as Medicare Part B prescription drugs. In some cases, different rules apply to a request for a Part B prescription drug. In those cases, we will explain how the rules for Part B prescription drugs are different from the rules for medical items and services.

This section tells you what you can do if you are in any of the five following situations:

1. You are not getting certain medical care you want, and you believe that this care is covered by our plan.
2. We will not approve the medical care your doctor or other medical provider wants to give you, and you believe that this care is covered by our plan.
3. You have received medical care or services that you believe should be covered by our plan, but we have said we will not pay for this care.
4. You have received and paid for medical care or services that you believe should be covered by our plan, and you want to ask us to reimburse you for this care.
5. You are being told that coverage for certain medical care you have been getting that we previously approved will be reduced or stopped, and you believe that reducing or stopping this care could harm your health.

Note: If the coverage that will be stopped is for hospital care, home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services, you need to read a separate section of this chapter because special rules apply to these types of care. Here's what to read in those situations:

- **Section 7** of this chapter: "How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon."
- **Section 8** of this chapter: "How to ask us to keep covering certain medical services if you think your coverage is ending too soon." This section is about three services only: home health care, skilled nursing facility care, and (CORF) services.

For all other situations that involve being told that medical care you have been getting will be stopped, use this section (Section 5) as your guide for what to do.

Which of these situations are you in?

If you are in this situation:	This is what you can do:
To find out whether we will cover the medical care you want.	You can ask us to make a coverage decision for you. Go to the next section in this chapter, **Section 5.2**.
If we already told you that we will not cover or pay for a medical service in the way that you want it to be covered or paid for.	You can make an appeal. (This means you are asking us to reconsider.) Skip ahead to **Section 5.3** in this chapter.
If you want to ask us to pay you back for medical care you have already received and paid for.	You can send us the bill. Skip ahead to **Section 5.5** in this chapter.

Section 5.2 Step-by-step: How to ask for a coverage decision (how to ask us to authorize or provide the medical care coverage you want)

Legal Terms
When a coverage decision involves your medical care, it is called an "**organization determination**."

Step 1: You ask us to make a coverage decision on the medical care you are requesting. If your health requires a quick response, you should ask us to make a "fast coverage decision."

Legal Terms
A "fast coverage decision" is called an "**expedited determination**."

How to request coverage for the medical care you want

- Start by calling, writing, or faxing us to make your request for us to authorize or provide coverage for the medical care you want. You, your doctor, or your representative can do this.

- For the details about how to contact us, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are asking for a coverage decision or making a complaint about your medical care.
- **Generally we use the standard deadlines for giving you our decision**

When we give you our decision, we will use the "standard" deadlines unless we have agreed to use the "fast" deadlines. A standard coverage decision means we will give you an answer **within 14 calendar days** after we receive your request for a medical item or service. If your request is for a Medicare Part B prescription drug, we will give you an answer **within 72 hours** after we receive your request.

- However, for a request for a medical item or service, we can take up to 14 more calendar days if you ask for more time, or if we need information (such as medical records from out-of-network providers) that may benefit you. If we decide to take extra days to make the decision, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
- If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint within **24** hours. (The process for making a complaint is different from the process for coverage decisions and appeals. For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.)

If your health requires it, ask us to give you a "fast coverage decision"

- A fast coverage decision means we will answer **within 72 hours** if your request is for a medical item or service. If your request is for a Medicare Part B prescription drug, we will answer **within 24 hours**
  - However, for a request for a medical item or service, we can take up to 14 more calendar days if we find that some information that may benefit you is missing (such as medical records from out-of-network providers), or if you need time to get information to us for the review. If we decide to take extra days, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
  - If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. (For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.) We will call you as soon as we make the decision.
- **To get a fast coverage decision, you must meet two requirements:**
  - You can get a fast coverage decision only if you are asking for coverage for medical care you have not yet received. (You cannot ask for a fast coverage decision if your request is about payment for medical care you have already received.)
  - You can get a fast coverage decision only if using the standard deadlines could cause serious harm to your health or hurt your ability to function.

- If your doctor tells us that your health requires a "fast coverage decision," we will automatically agree to give you a fast coverage decision.
- If you ask for a fast coverage decision on your own, without your doctor's support, we will decide whether your health requires that we give you a fast coverage decision.
  - If we decide that your medical condition does not meet the requirements for a fast coverage decision, we will send you a letter that says so (and we will use the standard deadlines instead).
  - This letter will tell you that if your doctor asks for the fast coverage decision, we will automatically give a fast coverage decision.
  - The letter will also tell how you can file a "fast complaint" about our decision to give you a standard coverage decision instead of the fast coverage decision you requested. (For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.)

Step 2: We consider your request for medical care coverage and give you our answer.

Deadlines for a "fast coverage decision"

- Generally, for a fast coverage decision on a request for a medical item or service, we will give you our answer **within 72 hours**. If your request is for a Medicare Part B prescription drug, we will answer **within 24 hours**.
  - As explained above, we can take up to 14 more calendar days under certain circumstances. If we decide to take extra days to make the coverage decision, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
  - If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint **within 24 hours.** (For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.)
  - If we do not give you our answer **within 72 hours** (or if there is an extended time period, by the end of that period), or **24 hours** if your request is for a Part B prescription drug, you have the right to appeal. Section 5.3 below tells you how to make an appeal.
- I**f our answer is *no* to part or all of what you requested,** we will send you a detailed written explanation as to why we said no.

Deadlines for a "standard" coverage decision

- Generally, for a standard coverage decision on a request for a medical item or service, we will give you our answer **within 14 calendar days** of receiving your request. If your request is for a Medicare Part B prescription drug, we will give you an answer **within 72 hours** of receiving your request.

- For a request for a medical item or service, we can take up to 14 more calendar days ("an extended time period") under certain circumstances. If we decide to take extra days to make the coverage decision, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
- If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint **within 24 hours**. (For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.)
- If we do not give you our answer **within 14 calendar days** (or if there is an extended time period, by the end of that period) or 72 hours if your request is for a Part B prescription drug, you have the right to appeal. Section 5.3 below tells you how to make an appeal.

- If our answer is no to part or all of what you requested, we will send you a written statement that explains why we said no.

Step 3: If we say no to your request for coverage for medical care, you decide if you want to make an appeal.

- If we say ***no,*** you have the right to ask us to reconsider, and perhaps change this decision by making an appeal. Making an appeal means making another try to get the medical care coverage you want.
- If you decide to make an appeal, it means you are going on to Level 1 of the appeals process (see Section 5.3 below).

Section 5.3 Step-by-step: How to make a Level 1 Appeal (how to ask for a review of a medical care coverage decision make by our plan)

Legal Terms
An appeal to our plan about a medical care coverage decision is called a plan "**reconsideration**."

Step 1: You contact us and make your appeal. If your health requires a quick response, you must ask for a "fast appeal."

What to do:

- **To start an appeal, you, your doctor, or your representative must contact us**. For details about how to reach us for any purpose related to your appeal, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- **If you are asking for a standard appeal, make your standard appeal in writing by submitting a request.**

- If you have someone appealing our decision for you other than your doctor, your appeal must include an "Appointment of Representative" form authorizing this person to represent you. To get the form, call Member Services (phone numbers are printed on the back cover of this booklet) and ask for the "Appointment of Representative" form. It is also available on Medicare's website at **www.cmsgov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf** or on our website at **kp.org.** While we can accept an appeal request without the form, we cannot begin or complete our review until we receive it. If we do not receive the form within 44 calendar days after receiving your appeal request (our deadline for making a decision on your appeal), your appeal request will be dismissed. If this happens, we will send you a written notice explaining your right to ask the Independent Review Organization to review our decision to dismiss your appeal.

- **If you are asking for a fast appeal, make your appeal in writing or call us** at the phone number shown in Chapter 2, Section 1, "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- **You must make your appeal request within 60 calendar days from the date on the written notice** we sent to tell you our answer to your request for a coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause for missing the deadline may include if you had a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- **You can ask for a copy of the information regarding your medical decision and add more information to support your appeal.**
  - You have the right to ask us for a copy of the information regarding your appeal. We are allowed to charge a fee for copying and sending this information to you.
  - If you wish, you and your doctor may give us additional information to support your appeal.

If your health requires it, ask for a "fast appeal" (you can make a request by calling us)

Legal Terms
A "fast appeal" is also called an "**expedited reconsideration**."

- If you are appealing a decision we made about coverage for care that you have not yet received, you and/or your doctor will need to decide if you need a "fast appeal."

- The requirements and procedures for getting a "fast appeal" are the same as those for gettinga "fast coverage decision." To ask for a fast appeal, follow the instructions for asking for a fast coverage decision. (These instructions are given earlier in this section.)
- If your doctor tells us that your health requires a "fast appeal," we will give you a fast appeal.

Step 2: We consider your appeal and we give you our answer.

- When we are reviewing your appeal, we take another careful look at all of the information about your request for coverage of medical care. We check to see if we were following all the rules when we said ***no*** to your request.
- We will gather more information if we need it. We may contact you or your doctor to get more information.

Deadlines for a "fast appeal"

- When we are using the fast deadlines, we must give you our answer **within 72 hours** after we receive your appeal. We will give you our answer sooner if your health requires us to do so.
  - However, if you ask for more time, or if we need to gather more information that may benefit you, **we can take up to 14 more calendar days** if your request is for a medical item or service. If we decide to take extra days to make the decision, we will tell you in writing.
  - If we do not give you an answer **within 72 hours** (or by the end of the extended time period if we took extra days), we are required to automatically send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we tell you about this organization and explain what happens at Level 2 of the appeals process.
- **If our answer is *yes* to part or all of what you requested,** we must authorize or provide the coverage we have agreed to provide within 72 hours after we receive your appeal.
- **If our answer is *no* to part or all of what you requested,** we will automatically send your appeal to the Independent Review Organization for a Level 2 Appeal.

Deadlines for a "standard appeal"

- If we are using the standard deadlines, we must give you our answer **within 30 calendar days** after we receive your appeal if your appeal is about coverage for services you have not yet received. If your request is for a Medicare Part B prescription drug you have not received, we will give you our answer **within 7 calendar days** after we receive your appeal. We will give you our decision sooner if your health condition requires us to.
  - However, if you ask for more time, or if we need to gather more information that may benefit you, we can take up to 14 more calendar days if your request is for a medical item or service. If we decide to take extra days to make the decision, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.

- If you believe we should not take extra days, you can file a "fast complaint" about our decision to take extra days. When you file a fast complaint, we will give you an answer to your complaint **within 24 hours**. (For more information about the process for making complaints, including fast complaints, see Section 10 in this chapter.)
- If we do not give you an answer by the applicable deadline above (or by the end of the extended time period if we took extra days on your request for a medical item or service),we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we talk about this review organization and explain what happens at Level 2 of the appeals process.

- If our answer is ***yes*** to part or all of what you requested, we must authorize or provide the coverage we have agreed to provide **within 30 calendar days** if your request is for a medical item or service, or **within** 7 **calendar days** if your request is for a Medicare Part B prescription drug.
- If our answer is *no* to part or all of what you requested, we will automatically send your appeal to the Independent Review Organization for a Level 2 Appeal.

Step 3: If our plan says no to part or all of your appeal, your case will automatically be sent on to the next level of the appeals process.

- To make sure we were following all the rules when we said no to your appeal, we are required to send your appeal to the Independent Review Organization. When we do this, it means that your appeal is going on to the next level of the appeals process, which is Level 2.

Section 5.4 Step-by-step: How a Level 2 Appeal is done

If we say ***no*** to your Level 1 Appeal, your case will automatically be sent on to the next level of the appeals process. During the Level 2 Appeal, the **Independent Review Organization** reviews our decision for your first appeal. This organization decides whether the decision we made should be changed.

Legal Terms
The formal name for the "Independent Review Organization" is the "**Independent Review Entity.**" It is sometimes called the "**IRE**."

Step 1: The Independent Review Organization reviews your appeal.

- **The Independent Review Organization is an independent organization that is hired by Medicare**. This organization is not connected with us and it is not a government agency. This organization is a company chosen by Medicare to handle the job of being the Independent Review Organization. Medicare oversees its work.

- We will send the information about your appeal to this organization. This information is called your "case file." **You have the right to ask us for a copy of your case file**. We are allowed to charge you a fee for copying and sending this information to you.
- You have a right to give the Independent Review Organization additional information to support your appeal.
- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal.

If you had a "fast appeal" at Level 1, you will also have a "fast appeal" at Level 2

- If you had a fast appeal to our plan at Level 1, you will automatically receive a fast appeal at Level 2. The review organization must give you an answer to your Level 2 Appeal **within 72 hours** of when it receives your appeal**.**
- However, if your request is for a medical item or service and the Independent Review Organization needs to gather more information that may benefit you, it can take up to 14 more calendar days. The Independent Review Organization can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.

If you had a "standard appeal" at Level 1, you will also have a "standard appeal" at Level 2

- If you had a standard appeal to our plan at Level 1, you will automatically receive a standard appeal at Level 2. If your request is for a medical item or service, the review organization must give you an answer to your Level 2 Appeal **within 30 calendar days** of when it receives your appeal. If your request is for a Medicare Part B prescription drug, the review organization must give you an answer to your Level 2 Appeal **within 7 calendar days** of when it receives your appeal.
- However, if your request is for a medical item or service, the Independent Review Organization needs to gather more information that may benefit you, it can take up to 14 more calendar days. The Independent Review Organization can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.

Step 2: The Independent Review Organization gives you their answer.

The Independent Review Organization will tell you its decision in writing and explain the reasons for it.

- If the review organization says ***yes*** to part or all of a request for a medical item or service, we must authorize the medical care coverage **within 72 hours** or provide the service **within 14 calendar days** after we receive the decision from the review organization for standard requests or **within 72 hours** from the date we receive the decision from the review organization for expedited requests.

- If the review organization says **yes** to part or all of a request for a Medicare Part B prescription drug, we must authorize or provide the Medicare Part B prescription drug under dispute **within 72 hours** after we receive the decision from the review organization for standard requests or **within 24 hours** from the date we receive the decision from the review organization for expedited requests**.**
- If this organization says no to part or all of your appeal, it means they agree with us that your request (or part of your request) for coverage for medical care should not be approved. (This is called "upholding the decision." It is also called "turning down your appeal.")
  - If the Independent Review Organization "upholds the decision," you have the right to a Level 3 Appeal. However, to make another appeal at Level 3, the dollar value of the medical care coverage you are requesting must meet a certain minimum. If the dollar value of the coverage you are requesting is too low, you cannot make another appeal, which means that the decision at Level 2 is final. The written notice you get from the Independent Review Organization will tell you how to find out the dollar amount to continue the appeals process.

Step 3: If your case meets the requirements, you choose whether you want to take your appeal further.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal).
- If your Level 2 Appeal is turned down and you meet the requirements to continue with the appeals process, you must decide whether you want to go on to Level 3 and make a third appeal. The details about how to do this are in the written notice you get after your Level 2 Appeal.
- The Level 3 Appeal is handled by an administrative law judge or attorney adjudicator. Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

Section 5.5 What if you are asking us to pay you for our share of a bill you have received for medical care?

If you want to ask us for payment for medical care, start by reading Chapter 7 of this booklet: "Asking us to pay our share of a bill you have received for covered medical services or drugs." Chapter 7 describes the situations in which you may need to ask for reimbursement or to pay a bill you have received from a provider. It also tells you how to send us the paperwork that asks us for payment.

Asking for reimbursement is asking for a coverage decision from us

If you send us the paperwork that asks for reimbursement, you are asking us to make a coverage decision (for more information about coverage decisions, see Section 4.1 in this chapter). To make this coverage decision, we will check to see if the medical care you paid for is a covered service; see the Medical Benefits Chart found at the front of this **EOC.** We will also check to see if you followed all the rules for using your coverage for medical care (these rules are given in Chapter 3 of this booklet: "Using our plan's coverage for your medical services").

We will say *yes* or *no* to your request

- If the medical care you paid for is covered and you followed all the rules, we will send you the payment for our share of the cost of your medical care within 60 calendar days after we receive your request. Or if you haven't paid for the services, we will send the payment directly to the provider. When we send the payment, it's the same as saying ***yes*** to your request for a coverage decision.
- If the medical care is not covered, or you did not follow all the rules, we will not send payment. Instead, we will send you a letter that says we will not pay for the services and the reasons why in detail. When we turn down your request for payment, it's the same as saying ***no*** to your request for a coverage decision.

What if you ask for payment and we say that we will not pay?

If you do not agree with our decision to turn you down, you can make an appeal. If you make an appeal, it means you are asking us to change the coverage decision we made when we turned down your request for payment.

To make this appeal, follow the process for appeals that we describe in Section 5.3. Go to this section for step-by-step instructions. When you are following these instructions, **please note:**

- If you make an appeal for reimbursement, we must give you our answer within 60 calendar days after we receive your appeal. (If you are asking us to pay you back for medical care you have already received and paid for yourself, you are not allowed to ask for a fast appeal.)
- If the Independent Review Organization reverses our decision to deny payment, we must send the payment you have requested to you or to the provider within 30 calendar days. If the answer to your appeal is ***yes*** at any stage of the appeals process after Level 2, we must send the payment you requested to you or to the provider within 60 calendar days.

SECTION 6. Your Part D prescription drugs: How to ask for a coverage decision or make an appeal

? Have you read Section 4 in this chapter ("A guide to the basics of coverage decisions and appeals")? If not, you may want to read it before you start this section.

Section 6.1 This section tells what to do if you have problems getting a Part D drug or you want us to pay you back for a Part D drug

Your benefits as a member of our plan include coverage for many prescription drugs. Please refer to our **2022 Comprehensive Formulary**. To be covered, the drug must be used for a medically accepted indication. (A "medically accepted indication" is a use of the drug that is either approved by the Food and Drug Administration or supported by certain reference books. See Chapter 5, Section 3, for more information about a medically accepted indication.)

- **This section is about your Part D drugs only.** To keep things simple, we generally say "drug" in the rest of this section, instead of repeating "covered outpatient prescription drug" or "Part D drug" every time.
- For details about what we mean by Part D drugs, the **2022 Comprehensive Formulary**,rules and restrictions on coverage, and cost information, see Chapter 5 ("Using our plan's coverage for your Part D prescription drugs") and Chapter 6 ("What you pay for your Part D prescription drugs or the Medical Benefits Chart found at the front of this **EOC"**)

Part D coverage decisions and appeals

As discussed in Section 4 of this chapter, a coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your drugs.

Legal Terms
An initial coverage decision about your Part D drugs is called a "**coverage determination**."

Here are examples of coverage decisions you ask us to make about your Part D drugs:

- You ask us to make an exception, including:
  - Asking us to cover a Part D drug that is not on our **2022 Comprehensive Formulary**.
  - Asking us to waive a restriction on our plan's coverage for a drug (such as limits on the amount of the drug you can get).
  - Asking to pay a lower cost-sharing amount for a covered drug on a higher cost-sharing tier.
- You ask us whether a drug is covered for you and whether you satisfy any applicable coverage rules. For example, when your drug is on our **2022 Comprehensive Formulary**, but we require you to get approval from us before we will cover it for you.
  - **Please note:** If your pharmacy tells you that your prescription cannot be filled as written, the pharmacy will give you a written notice explaining how to contact us to ask for a coverage decision.
- You ask us to pay for a prescription drug you already bought. This is a request for a coverage decision about payment.

If you disagree with a coverage decision we have made, you can appeal our decision. This section tells you both how to ask for coverage decisions and how to request an appeal. Use the chart below to help you determine which part has information for your situation.

Which of these situations are you in?

If you are in this situation:	This is what you can do:
If you need a drug that isn't on our Drug List or need us to waive a rule or restriction on a drug we cover.	You can ask us to make an exception. (This is a type of coverage decision.) **Start with Section 6.2 in this chapter.**
If you want us to cover a drug on our Drug List and you believe you meet any plan rules or restrictions (such as getting approval in advance) for the drug you need.	You can ask us for a coverage decision. **Skip ahead to Section 6.4 in this chapter.**
If you want to ask us to pay you back for a drug you have already received and paid for.	You can ask us to pay you back. (This is a type of coverage decision.) **Skip ahead to Section 6.4 in this chapter.**
If we already told you that we will not cover or pay for a drug in the way that you want it to be covered or paid for.	You can make an appeal. (This means you are asking us to reconsider.) **Skip ahead to Section 6.5 in this chapter.**

Section 6.2 What is an exception?

If a drug is not covered in the way you would like it to be covered, you can ask us to make an "**exception**." An exception is a type of coverage decision. Similar to other types of coverage decisions, if we turn down your request for an exception, you can appeal our decision.

When you ask for an exception, your doctor or other prescriber will need to explain the medical reasons why you need the exception approved. We will then consider your request. Here are three examples of exceptions that you or your doctor or other prescriber can ask us to make:

1. **Covering a Part D drug for you that is not on our 2022 Comprehensive Formulary.** (We call it the "Drug List" for short.)

Legal Terms
Asking for coverage of a drug that is not on the Drug List is sometimes called asking for a "**formulary exception**."

- If we agree to make an exception and cover a drug that is not on the Drug List, you will need to pay the cost-sharing amount that applies to drugs in Tier 4 (nonpreferred brand-name drugs) or Tier 2 for generic drugs. You cannot ask for an exception to the copayment or coinsurance amount we require you to pay for the drug.

2. **Removing a restriction on our coverage for a covered drug**. There are extra rules or restrictions that apply to certain drugs on our **2022 Comprehensive Formulary** (for more information, go to Chapter 5 and look for Section 4).

Legal Terms
Asking for removal of a restriction on coverage for a drug is sometimes called asking for a "**formulary exception**."

- The extra rules and restrictions on coverage for certain drugs include:
- Being required to use the generic version of a drug instead of the brand-name drug.
- Getting plan approval in advance before we will agree to cover the drug for you. (This is sometimes called "prior authorization.")

- If we agree to make an exception and waive a restriction for you, you can ask for an exception to the copayment or coinsurance amount we require you to pay for the drug.

3. **Changing coverage of a drug to a lower cost-sharing tier.** Every drug on our Drug List is in one of six cost-sharing tiers. In general, the lower the cost-sharing tier number, the less you will pay as your share of the cost of the drug.

Legal Terms
Asking to pay a lower price for a covered nonpreferred drug is sometimes called asking for a **"tiering exception."**

- If our Drug List contains alternative drug(s) for treating your medical condition that are in a lower cost-sharing tier than your drug, you can ask us to cover your drug at the cost-sharing amount that applies to the alternative drug(s). This would lower your share of the cost for the drug.

- If the drug you're taking is a brand-name drug you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains brand-name alternatives for treating your condition.
- If the drug you're taking is a generic drug you can ask us to cover your drug at the cost-sharing amount that applies to the lowest tier that contains either brand or generic alternatives for treating your condition.

- You cannot ask us to change the cost-sharing tier for any drug in Tier 5 (specialty-tier drugs).
- If we approve your request for a tiering exception and there is more than one lower cost-sharing tier with alternative drugs you can't take, you will usually pay the lowest amount.

Section 6.3 Important things to know about asking for exceptions

Your doctor must tell us the medical reasons

Your doctor or other prescriber must give us a statement that explains the medical reasons for requesting an exception. For a faster decision, include this medical information from your doctor or other prescriber when you ask for the exception.

Typically, our Drug List includes more than one drug for treating a particular condition. These different possibilities are called "**alternative**" drugs. If an alternative drug would be just as effective as the drug you are requesting and would not cause more side effects or other health problems, we will generally not approve your request for an exception. If you ask us for a tiering exception, we will generally not approve your request for an exception unless all the alternative drugs in the lower cost-sharing tier(s) won't work as well for you or are likely to cause an adverse reaction or other harm.

We can say yes or no to your request

- If we approve your request for an exception, our approval usually is valid until the end of the plan year. This is true as long as your doctor continues to prescribe the drug for you and that drug continues to be safe and effective for treating your condition.
- If we say no to your request for an exception, you can ask for a review of our decision by making an appeal. Section 6.5 of this chapter tells you how to make an appeal if we say no.

The next section tells you how to ask for a coverage decision, including an exception.

Section 6.4 Step-by-step: How to ask for a coverage decision, including an exception

Step 1: **You ask us to make a coverage decision about the drug(s) or payment you need.** If your health requires a quick response, you must ask us to make a "fast coverage decision." You cannot ask for a fast coverage decision if you are asking us to pay you back for a drug you already bought.

What to do:

- **Request the type of coverage decision you want.** Start by calling, writing, or faxing us to make your request. You, your representative, or your doctor (or other prescriber) can do this. You can also access the coverage decision process through our website. For the details, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are asking for a coverage decision about your Part D prescription drugs." Or if you are asking us to pay you back for a drug, go to the section called "Where to send a request asking us to pay for our share of the cost for medical care or a drug you have received."
- **You or your doctor or someone else who is acting on your behalf** can ask for a coverage decision. Section 4 in this chapter tells you how you can give written permission to someone else to act as your representative. You can also have a lawyer act on your behalf.
- **If you want to ask us to pay you back for a drug,** start by reading Chapter 7 of this booklet: "Asking us to pay our share of a bill you have received for covered medical services or drugs." Chapter 7 describes the situations in which you may need to ask for reimbursement. It also tells you how to send us the paperwork that asks us to pay you back for our share of the cost of a drug you have paid for.
- **If you are requesting an exception, provide the "supporting statement."** Your doctor or other prescriber must give us the medical reasons for the drug exception you are requesting. (We call this the "supporting statement.") Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone and follow up by faxing or mailing a written statement if necessary. See Sections 6.2 and 6.3 of this chapter for more information about exception requests.
- **We must accept any written request**, including a request submitted on the CMS Model Coverage Determination Request Form, which is available on our website.

Legal Terms
A "fast coverage decision" is called an "**expedited coverage determination**."

If your health requires it, ask us to give you a "fast coverage decision"

- When we give you our decision, we will use the "standard" deadlines unless we have agreed to use the "fast" deadlines. A standard coverage decision means we will give you an answer **within 72 hours after we receive your doctor's statement**. A fast coverage decision means we will answer **within 24 hours** after we receive your doctor's statement.
- **To get a fast coverage decision, you must meet two requirements:**
  - You can get a fast coverage decision only if you are asking for a drug you have not yet received. (You cannot ask for a fast coverage decision if you are asking us to pay you back for a drug you have already bought.)

- You can get a fast coverage decision only if using the standard deadlines could cause serious harm to your health or hurt your ability to function.

- **If your doctor or other prescriber tells us that your health requires a "fast coverage decision,"** we will automatically agree to give you a fast coverage decision.
- **If you ask for a fast coverage decision on your own** (without your doctor's or other prescriber's support), we will decide whether your health requires that we give you a fast coverage decision.
  - If we decide that your medical condition does not meet the requirements for a fast coverage decision, we will send you a letter that says so (and we will use the standard deadlines instead).
  - This letter will tell you that if your doctor or other prescriber asks for the fast coverage decision, we will automatically give a fast coverage decision.
  - The letter will also tell you how you can file a complaint about our decision to give you a standard coverage decision instead of the fast coverage decision you requested. It tells you how to file a "fast complaint," which means you would get our answer to your complaint **within 24 hours** of receiving the complaint. (The process for making a complaint is different from the process for coverage decisions and appeals. For more information about the process for making complaints, see Section 10 in this chapter.)

Step 2: We consider your request and we give you our answer.

Deadlines for a "fast coverage decision"

- If we are using the fast deadlines, we must give you our answer **within 24 hours**.
  - Generally, this means **within 24 hours** after we receive your request. If you are requesting an exception, we will give you our answer **within 24 hours** after we receive your doctor's statement supporting your request. We will give you our answer sooner if your health requires us to.
  - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we talk about this review organization and explain what happens at Appeal Level 2.
- If our answer is **yes** to part or all of what you requested, we must provide the coverage we have agreed to provide **within 24 hours** after we receive your request or doctor's statement supporting your request.
- If our answer is **no** to part or all of what you requested, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

Deadlines for a "standard coverage decision" about a drug you have not yet received

- If we are using the standard deadlines, we must give you our answer **within 72 hours.**

- Generally, this means **within 72 hours** after we receive your request. If you are requesting an exception, we will give you our answer **within 72 hours** after we receive your doctor's statement supporting your request. We will give you our answer sooner if your health requires us to.
- If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we talk about this review organization and explain what happens at Appeal Level 2.

- If our answer is **yes** to part or all of what you requested:
  - If we approve your request for coverage, we must provide the coverage we have agreed to provide **within 72 hours** after we receive your request or doctor's statement supporting your request.
- If our answer is **no** to part or all of what you requested, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

Deadlines for a "standard coverage decision" about payment for a drug you have already bought

- We must give you our answer within 14 calendar days after we receive your request.
  - If we do not meet this deadline, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we talk about this review organization and explain what happens at Appeal Level 2.
- If our answer is yes to part or all of what you requested, we are also required to make payment to you within 14 calendar days after we receive your request.
- If our answer is no to part or all of what you requested, we will send you a written statement that explains why we said no. We will also tell you how you can appeal.

Step 3: If we say no to your coverage request, you decide if you want to make an appeal.

- If we say no, you have the right to request an appeal. Requesting an appeal means asking us to reconsider—and possibly change—the decision we made.

Section 6.5 Step-by-step: How to make a Level 1 Appeal (how to ask for a review of a coverage decision made by our plan)

Legal Terms
An appeal to our plan about a Part D drug coverage decision is called a plan "**redetermination**."

Step 1: You contact us and make your Level 1 Appeal. If your health requires a quick response, you must ask for a "fast appeal."

What to do:

- **To start your appeal, you (or your representative or your doctor or other prescriber) must contact us.**
  - For details about how to reach us by phone, fax, or mail, or on our website for any purpose related to your appeal, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- **If you are asking for a standard appeal, make your appeal by submitting a written request.**
- **If you are asking for a fast appeal, you may make your appeal in writing or you may call us** at the phone number shown in Chapter 2, Section 1, "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- **We must accept any written request**, including a request submitted on the CMS Model Coverage Determination Request Form, which is available on our website.
- **You must make your appeal request within 60 calendar days from the date on the written notice** we sent to tell you our answer to your request for a coverage decision. If you miss this deadline and have a good reason for missing it, we may give you more time to make your appeal. Examples of good cause for missing the deadline may include if you had a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- **You can ask for a copy of the information in your appeal and add more information.**
  - You have the right to ask us for a copy of the information regarding your appeal. We are allowed to charge a fee for copying and sending this information to you.
  - If you wish, you and your doctor or other prescriber may give us additional information to support your appeal.

Legal Terms
A "fast appeal" is also called an "**expedited redetermination**."

If your health requires it, ask for a "fast appeal"

- If you are appealing a decision we made about a drug you have not yet received, you and your doctor or other prescriber will need to decide if you need a "fast appeal."
- The requirements for getting a "fast appeal" are the same as those for getting a "fast coverage decision" in Section 6.4 of this chapter.

Step 2: We consider your appeal and we give you our answer.

- When we are reviewing your appeal, we take another careful look at all of the information about your coverage request. We check to see if we were following all the rules when we said ***no*** to your request. We may contact you or your doctor or other prescriber to get more information.

Deadlines for a "fast appeal"

- If we are using the fast deadlines, we must give you our answer **within 72 hours after we receive your appeal**. We will give you our answer sooner if your health requires it.
  - If we do not give you an answer **within 72 hours**, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we talk about this review organization and explain what happens at Level 2 of the appeals process.
- If our answer is **yes** to part or all of what you requested, we must provide the coverage we have agreed to provide **within 72 hours** after we receive your appeal.
- If our **a**nswer is **no** to part or all of what you requested, we will send you a written statement that explains why we said no and how you can appeal our decision.

Deadlines for a "standard appeal"

- If we are using the standard deadlines, we must give you our answer **within 7 calendar days after we receive your appeal for a drug you have not received yet**. We will give you our decision sooner if you have not received the drug yet and your health condition requires us to do so. If you believe your health requires it, you should ask for a "fast appeal."
  - If we do not give you a decision **within 7 calendar days**, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we talk about this review organization and explain what happens at Level 2 of the appeals process.
- **If our answer is yes to part or all of what you requested:**
  - If we approve a request for coverage, we must provide the coverage we have agreed to provide as quickly as your health requires, but no later than 7 calendar days after we receive your appeal.
  - If we approve a request to pay you back for a drug you already bought, we are required to send payment to you within 30 calendar days after we receive your appeal request.
- If our answer is **no** to part or all of what you requested, we will send you a written statement that explains why we said no and how you can appeal our decision.
- If you are requesting that we pay you back for a drug you have already bought, we must give you our answer within 14 calendar days after we receive your request.

- If we do not give you a decision within 14 calendar days, we are required to send your request on to Level 2 of the appeals process, where it will be reviewed by an Independent Review Organization. Later in this section, we talk about this review organization and explain what happens at Appeal Level 2.

- If our answer is yes to part or all of what you requested, we are also required to make payment to you within 30 calendar days after we receive your request.
- If our answer is no to part or all of what you requested, we will send you a written statement that explains why we said no. We will also tell you how you can appeal our decision.

Step 3: If we say no to your appeal, you decide if you want to continue with the appeals process and make another appeal.

- If we say no to your appeal, you then choose whether to accept this decision or continue by making another appeal.

If you decide to make another appeal, it means your appeal is going on to Level 2 of the appeals process (see below).

Section 6.6 Step-by-step: How to make a Level 2 Appeal

If we say **no** to your appeal, you then choose whether to accept this decision or continue by making another appeal. If you decide to go on to a Level 2 Appeal, the **Independent Review Organization** reviews the decision we made when we said **no** to your first appeal. This organization decides whether the decision we made should be changed.

Legal Terms
The formal name for the "Independent Review Organization" is the "**Independent Review Entity**." It is sometimes called the "**IRE**."

Step 1: To make a Level 2 Appeal, you (or your representative or your doctor or other prescriber) must contact the Independent Review Organization and ask for a review of your case.

- If we say **no** to your Level 1 Appeal, the written notice we send you will include instructions about how to make a Level 2 Appeal with the Independent Review Organization. These instructions will tell you who can make this Level 2 Appeal, what deadlines you must follow, and how to reach the review organization.
- When you make an appeal to the Independent Review Organization, we will send the information we have about your appeal to this organization. This information is called your "case file." You have the right to ask us for a copy of your case file. We are allowed to charge you a fee for copying and sending this information to you.

- You have a right to give the Independent Review Organization additional information to support your appeal.

Step 2: The Independent Review Organization does a review of your appeal and gives you an answer.

The Independent Review Organization is an independent organization that is hired by Medicare. This organization is not connected with us and it is not a government agency. This organization is a company chosen by Medicare to review our decisions about your Part D benefits with us.

Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal. The organization will tell you its decision in writing and explain the reasons for it.

Deadlines for "fast appeal" at Level 2

- If your health requires it, ask the Independent Review Organization for a "fast appeal."
- If the review organization agrees to give you a fast appeal, the review organization must give you an answer to your Level 2 Appeal **within 72 hours after it receives your appeal request**.
- If the Independent Review Organization says ***yes*** to part or all of what you requested, we must provide the drug coverage that was approved by the review organization **within 24 hours** after we receive the decision from the review organization.

Deadlines for "standard appeal" at Level 2

- If you have a standard appeal at Level 2, the review organization must give you an answer to your Level 2 Appeal **within 7 calendar days** after it receives your appeal**,** if it is for a drug you have not received yet. If you are requesting that we pay you back for a drug you have already bought, the review organization must give you an answer to your Level 2 appeal **within 14 calendar days** after it receives your request.
- If the Independent Review Organization says yes to part or all of what you requested:
  - If the Independent Review Organization approves a request for coverage, we must provide the drug coverage that was approved by the review organization **within 72 hours** after we receive the decision from the review organization.
  - If the Independent Review Organization approves a request to pay you back for a drug you already bought, we are required to send payment to you **within 30 calendar days** after we receive the decision from the review organization.

What if the review organization says no to your appeal?

If this organization says no to your appeal, it means the organization agrees with our decision not to approve your request. (This is called "upholding the decision." It is also called "turning down your appeal.")

If the Independent Review Organization "upholds the decision," you have the right to a Level 3 Appeal. However, to make another appeal at Level 3, the dollar value of the drug coverage you are requesting must meet a minimum amount. If the dollar value of the drug coverage you are requesting is too low, you cannot make another appeal and the decision at Level 2 is final. The notice you get from the Independent Review Organization will tell you the dollar value that must be in dispute to continue with the appeals process.

Step 3: If the dollar value of the coverage you are requesting meets the requirement, you choose whether you want to take your appeal further.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal).
- If your Level 2 Appeal is turned down and you meet the requirements to continue with the appeals process, you must decide whether you want to go on to Level 3 and make a third appeal. If you decide to make a third appeal, the details about how to do this are in the written notice you got after your second appeal.

The Level 3 Appeal is handled by an administrative law judge or attorney adjudicator. Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

SECTION 7. How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon

When you are admitted to a hospital, you have the right to get all of your covered hospital services that are necessary to diagnose and treat your illness or injury. For more information about our coverage for your hospital care, including any limitations on this coverage, see the Medical Benefits Chart found at the front of this **EOC.**

During your covered hospital stay, your doctor and the hospital staff will be working with you to prepare for the day when you will leave the hospital. They will also help arrange for care you may need after you leave.

- The day you leave the hospital is called your "**discharge date**."
- When your discharge date has been decided, your doctor or the hospital staff will let you know.
- If you think you are being asked to leave the hospital too soon, you can ask for a longer hospital stay and your request will be considered. This section tells you how to ask.

Section 7.1 During your inpatient hospital stay, you will get a written notice from Medicare that tells about your rights

During your covered hospital stay, you will be given a written notice called **An Important Message from Medicare about Your Rights**. Everyone with Medicare gets a copy of this notice whenever they are admitted to a hospital. Someone at the hospital (for example, a caseworker or nurse) must give it to you within two days after you are admitted. If you do not get the notice, ask any hospital employee for it. If you need help, please call Member Services (phone numbers are printed on the back cover of this booklet). You can also call **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.

- **Read this notice carefully** and ask questions if you don't understand it. It tells you about your rights as a hospital patient, including:
  - Your right to receive Medicare-covered services during and after your hospital stay, as ordered by your doctor. This includes the right to know what these services are, who will pay for them, and where you can get them.
  - Your right to be involved in any decisions about your hospital stay, and your right to know who will pay for it.
  - Where to report any concerns you have about quality of your hospital care.
  - Your right to appeal your discharge decision if you think you are being discharged from the hospital too soon.

Legal Terms
The written notice from Medicare tells you how you can "**request an immediate review**." Requesting an immediate review is a formal, legal way to ask for a delay in your discharge date so that we will cover your hospital care for a longer time. (Section 7.2 below tells you how you can request an immediate review.)

- **You will be asked to sign the written notice** to show that you received it and understand your rights.
  - You or someone who is acting on your behalf will be asked to sign the notice. (Section 4 in this chapter tells you how you can give written permission to someone else to act as your representative.)
  - Signing the notice shows **only** that you have received the information about your rights. The notice does not give your discharge date (your doctor or hospital staff will tell you your discharge date). Signing the notice does not mean you are agreeing on a discharge date.
- **Keep your copy of the notice** so you will have the information about making an appeal (or reporting a concern about quality of care) handy if you need it.

- If you sign the notice more than two days before the day you leave the hospital, you will get another copy before you are scheduled to be discharged.
- To look at a copy of this notice in advance, you can call Member Services (phone numbers are printed on the back cover of this booklet) or **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**. You can also see the notice online at **https://www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeAppealNotices.html.**

Section 7.2 Step-by-step: How to make a Level 1 Appeal to change your hospital discharge date

If you want to ask for your inpatient hospital services to be covered by us for a longer time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.** Each step in the first two levels of the appeals process is explained below.
- **Meet the deadlines.** The deadlines are important. Be sure that you understand and follow the deadlines that apply to things you must do.
- **Ask for help if you need it**. If you have questions or need help at any time, please call Member Services (phone numbers are printed on the back cover of this booklet). Or call your State Health Insurance Assistance Program, a government organization that provides personalized assistance (see Section 2 in this chapter).

During a Level 1 Appeal, the Quality Improvement Organization reviews your appeal. It checks to see if your planned discharge date is medically appropriate for you.

Step 1: Contact the Quality Improvement Organization for your state and ask for a "fast review" of your hospital discharge. You must act quickly.

What is the Quality Improvement Organization?

- This organization is a group of doctors and other health care professionals who are paid by the federal government. These experts are not part of our plan. This organization is paid by Medicare to check on and help improve the quality of care for people with Medicare. This includes reviewing hospital discharge dates for people with Medicare.

How can you contact this organization?

- The written notice you received (**An Important Message from Medicare About Your Rights**) tells you how to reach this organization. (Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2, Section 4, of this booklet.)

Act quickly:

- To make your appeal, you must contact the Quality Improvement Organization **before** you leave the hospital and **no later than midnight the day of your planned discharge date.** (Your "planned discharge date" is the date that has been set for you to leave the hospital.)
  - **If you meet this deadline,** you are allowed to stay in the hospital after your discharge date without paying for it while you wait to get the decision on your appeal from the Quality Improvement Organization.
  - **If you do not meet this deadline,** and you decide to stay in the hospital after your planned discharge date, you may have to pay all of the costs for hospital care you receive after your planned discharge date.
- If you miss the deadline for contacting the Quality Improvement Organization, and you still wish to appeal, you must make an appeal directly to our plan instead. For details about this other way to make your appeal, see Section 7.4 of this chapter.

Ask for a "fast review":

You must ask the Quality Improvement Organization for a "fast review" of your discharge. Asking for a "fast review" means you are asking for the organization to use the "fast" deadlines for an appeal instead of using the standard deadlines.

Legal Terms
A "fast review" is also called an "**immediate review**" or an "**expedited review**."

Step 2: The Quality Improvement Organization conducts an independent review of your case.

What happens during this review?

- Health professionals at the Quality Improvement Organization (we will call them "the reviewers" for short) will ask you (or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you may do so if you wish.
- The reviewers will also look at your medical information, talk with your doctor, and review information that the hospital and we have given to them.
- By noon of the day after the reviewers informed our plan of your appeal, you will also get a written notice that gives you your planned discharge date and explains in detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.

Legal Terms

This written explanation is called the "**Detailed Notice of Discharge**." You can get a sample of this notice by calling Member Services (phone numbers are printed on the back cover of this booklet) or **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. (TTY users should call **1-877-486-2048**.) Or you can see a sample notice online at **https://www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeAppealNotices.html**

Step 3: Within one full day after it has all the needed information, the Quality Improvement Organization will give you its answer to your appeal.

What happens if the answer is yes?

- If the review organization says ***yes*** to your appeal, **we must keep providing your covered inpatient hospital services for as long as these services are medically necessary.**
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered hospital services. the Medical Benefits Chart found at the front of this **EOC.)**

What happens if the answer is no?

- If the review organization says **no** to your appeal, they are saying that your planned discharge date is medically appropriate. If this happens, our coverage for your **inpatient hospital services will end** at noon on the day after the Quality Improvement Organization gives you its answer to your appeal.
- If the review organization says ***no*** to your appeal and you decide to stay in the hospital, then **you may have to pay the full cost of hospital care** you receive after noon on the day after the Quality Improvement Organization gives you its answer to your appeal.

Step 4: If the answer to your Level 1 Appeal is no, you decide if you want to make another appeal.

If the Quality Improvement Organization has turned down your appeal, and you stay in the hospital after your planned discharge date, then you can make another appeal. Making another appeal means you are going on to "Level 2" of the appeals process.

Section 7.3 Step-by-step: How to make a Level 2 Appeal to change your hospital discharge date

If the Quality Improvement Organization has turned down your appeal, and you stay in the hospital after your planned discharge date, then you can make a Level 2 Appeal. During a Level 2 Appeal, you ask the Quality Improvement Organization to take another look at the decision they made on your first appeal. If the Quality Improvement Organization turns down your Level 2 Appeal, you may have to pay the full cost for your stay after your planned discharge date.

Here are the steps for Level 2 of the appeals process:

Step 1: You contact the Quality Improvement Organization again and ask for another review.

You must ask for this review within 60 calendar days after the day the Quality Improvement Organization said **no** to your Level 1 Appeal. You can ask for this review only if you stayed in the hospital after the date that your coverage for the care ended.

Step 2: The Quality Improvement Organization does a second review of your situation.

Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

Step 3: Within 14 calendar days of receipt of your request for a second review, the Quality Improvement Organization reviewers will decide on your appeal and tell you their decision.

If the review organization says yes:

- We must reimburse you for our share of the costs of hospital care you have received since noon on the day after the date your first appeal was turned down by the Quality Improvement Organization. We must continue providing coverage for your inpatient hospital care for as long as it is medically necessary.
- You must continue to pay your share of the costs and coverage limitations may apply.

If the review organization says no:

- It means they agree with the decision they made on your Level 1 Appeal and will not change it. This is called "upholding the decision."
- The notice you get will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to the next level of appeal, which is handled by an administrative law judge or attorney adjudicator.

Step 4: If the answer is no, you will need to decide whether you want to take your appeal further by going on to Level 3.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If the review organization turns down your Level 2 Appeal, you can choose whether to accept that decision or whether to go on to Level 3 and make another appeal. At Level 3, your appeal is reviewed by an administrative law judge or attorney adjudicator.
- Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

Section 7.4 What if you miss the deadline for making your Level 1 Appeal?

You can appeal to us instead

As explained above in Section 7.2, you must act quickly to contact the Quality Improvement Organization to start your first appeal of your hospital discharge. ("Quickly" means before you leave the hospital and no later than your planned discharge date, whichever comes first.) If you miss the deadline for contacting this organization, there is another way to make your appeal.

If you use this other way of making your appeal, the first two levels of appeal are different.

Step-by-step: How to make a Level 1 Alternate Appeal

If you miss the deadline for contacting the Quality Improvement Organization, you can make an appeal to us, asking for a "fast review." A fast review is an appeal that uses the fast deadlines instead of the standard deadlines.

Legal Terms
A "fast review" (or "fast appeal") is also called an "**expedited appeal**."

Step 1: Contact us and ask for a "fast review."

- For details about how to contact us, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."
- **Be sure to ask for a "fast review**." This means you are asking us to give you an answer using the "fast" deadlines rather than the "standard" deadlines.

Step 2: We do a "fast review" of your planned discharge date, checking to see if it was medically appropriate.

- During this review, we take a look at all of the information about your hospital stay. We check to see if your planned discharge date, was medically appropriate. We will check to see if the decision about when you should leave the hospital was fair and followed all the rules.
- In this situation, we will use the "fast" deadlines rather than the standard deadlines for giving you the answer to this review.

Step 3: We give you our decision within 72 hours after you ask for a "fast review" ("fast appeal").

- I**f we say yes to your fast appeal,** it means we have agreed with you that you still need to be in the hospital after the discharge date, and will keep providing your covered inpatient hospital services for as long as it is medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)
- **If we say no to your fast appeal,** we are saying that your planned discharge date, was medically appropriate. Our coverage for your inpatient hospital services ends as of the day we said coverage would end.
- **If you stayed in the hospital after your planned discharge date, then you may have to pay the full cost of hospital care you received after the planned discharge date.**

Step 4: If we say no to your fast appeal, your case will automatically be sent on to the next level of the appeals process.

- To make sure we were following all the rules when we said no to your fast appeal**,** we are required to send your appeal to the Independent Review Organization. When we do this, it means that you are automatically going on to Level 2 of the appeals process.

Step-by-step: Level 2 Alternate Appeal Process

During the Level 2 Appeal, an **Independent Review Organization** reviews the decision we made when we said no to your "fast appeal." This organization decides whether the decision we made should be changed.

Legal Terms
The formal name for the "Independent Review Organization" is the "**Independent Review Entity**." It is sometimes called the "**IRE**."

Step 1: We will automatically forward your case to the Independent Review Organization.

We are required to send the information for your Level 2 Appeal to the Independent Review Organization within 24 hours of when we tell you that we are saying **no** to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. The complaint process is different from the appeals process. Section 10 in this chapter tells you how to make a complaint.)

Step 2: The Independent Review Organization does a "fast review" of your appeal. The reviewers give you an answer within 72 hours.

- The Independent Review Organization is an independent organization that is hired by Medicare. This organization is not connected with our plan and it is not a government agency. This organization is a company chosen by Medicare to handle the job of being the Independent Review Organization. Medicare oversees its work.
- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal of your hospital discharge.
- **If this organization says *yes*** to your appeal, then we must reimburse you (pay you back) for our share of the costs of hospital care you have received since the date of your planned discharge. We must also continue our plan's coverage of your inpatient hospital services for as long as it is medically necessary. You must continue to pay your share of the costs. If there are coverage limitations, these could limit how much we would reimburse or how long we would continue to cover your services.
- **If this organization says *no* to your appeal,** it means they agree with us that your planned hospital discharge date, was medically appropriate.
  - The notice you get from the Independent Review Organization will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to a Level 3 Appeal, which is handled by an administrative law judge or attorney adjudicator.

Step 3: If the Independent Review Organization turns down your appeal, you choose whether you want to take your appeal further.

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If reviewers say **no** to your Level 2 Appeal, you decide whether to accept their decision or go on to Level 3 and make a third appeal.
- Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

SECTION 8. How to ask us to keep covering certain medical services if you think your coverage is ending too soon

Section 8.1 This section is about three only:Home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services

This section is **only** about the following types of care:

- **Home health care services** you are getting.

- **Skilled nursing care** you are getting as a patient in a skilled nursing facility. (To learn about requirements for being considered a "skilled nursing facility," see Chapter 12, "Definitions of important words.")
- **Rehabilitation care** you are getting as an outpatient at a Medicare-approved Comprehensive Outpatient Rehabilitation Facility (CORF). Usually this means you are getting treatment for an illness or accident, or you are recovering from a major operation. (For more information about this type of facility, see Chapter 12, "Definitions of important words.")

When you are getting any of these types of care, you have the right to keep getting your covered services for that type of care for as long as the care is needed to diagnose and treat your illness or injury. For more information about your covered services, including your share of the cost and any limitations to coverage that may apply, see the Medical Benefits Chart found at the front of this **EOC.**

When we decide it is time to stop covering any of the three types of care for you, we are required to tell you in advance. When your coverage for that care ends, **we will stop paying our share of the cost for your care.**

If you think we are ending the coverage of your care too soon, you can appeal our decision. This section tells you how to ask for an appeal.

Section 8.2 We will tell you in advance when your coverage will be ending

- **You receive a notice in writing.** At least two days before our plan is going to stop covering your care, you will receive a notice.
  - The written notice tells you the date when we will stop covering the care for you.
  - The written notice also tells you what you can do if you want to ask us to change this decision about when to end your care, and keep covering it for a longer period of time.

Legal Terms
In telling you what you can do, the written notice is telling how you can request a "**fast-track appeal**." Requesting a fast-track appeal is a formal, legal way to request a change to our coverage decision about when to stop your care. (Section 8.3 below tells you how you can request a fast-track appeal.) The written notice is called the "**Notice of Medicare Non-Coverage**."

- You will be asked to sign the written notice to show that you received it.
  - You or someone who is acting on your behalf will be asked to sign the notice. (Section 4 tells you how you can give written permission to someone else to act as your representative.)

- Signing the notice shows **only** that you have received the information about when your coverage will stop. **Signing it does not mean you agree** with us that it's time to stop getting the care.

Section 8.3 Step-by-step: How to make a Level 1 Appeal to have our plan cover your care for a longer time

If you want to ask us to cover your care for a longer period of time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.** Each step in the first two levels of the appeals process is explained below.
- **Meet the deadlines.** The deadlines are important. Be sure that you understand and follow the deadlines that apply to things you must do. There are also deadlines our plan must follow. (If you think we are not meeting our deadlines, you can file a complaint. Section 10 in this chapter tells you how to file a complaint.)
- **Ask for help if you need it**. If you have questions or need help at any time, please call Member Services (phone numbers are printed on the back cover of this booklet). Or call your State Health Insurance Assistance Program, a government organization that provides personalized assistance (see Section 2 in this chapter).

If you ask for a Level 1 Appeal on time, the Quality Improvement Organization reviews your appeal and decides whether to change the decision made by our plan.

Step 1: Make your Level 1 Appeal: Contact the Quality Improvement Organization for your state and ask for a review. You must act quickly.

What is the Quality Improvement Organization?

- This organization is a group of doctors and other health care experts who are paid by the federal government. These experts are not part of our plan. They check on the quality of care received by people with Medicare and review plan decisions about when it's time to stop covering certain kinds of medical care.

How can you contact this organization?

- The written notice you received tells you how to reach this organization. (Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2, Section 4, of this booklet.)

What should you ask for?

- Ask this organization for a "fast-track appeal" (to do an independent review) of whether it is medically appropriate for us to end coverage for your medical services.

Your deadline for contacting this organization.

- You must contact the Quality Improvement Organization to start your appeal by noon of the day before the effective date on the Notice of Medicare Non Coverage.
- If you miss the deadline for contacting the Quality Improvement Organization, and you still wish to file an appeal, you must make your appeal directly to us instead. For details about this other way to make your appeal, see Section 8.5 of this chapter.

Step 2: The Quality Improvement Organization conducts an independent review of your case.

What happens during this review?

- Health professionals at the Quality Improvement Organization (we will call them "the reviewers" for short) will ask you (or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you may do so if you wish.
- The review organization will also look at your medical information, talk with your doctor, and review information that our plan has given to them.
- By the end of the day the reviewers inform us of your appeal, you will also get a written notice from us that explains in detail our reasons for ending our coverage for your services.

Legal Terms
This notice of explanation is called the "**Detailed Explanation of Non-Coverage**."

Step 3: Within one full day after they have all the information they need, the reviewers will tell you their decision.

What happens if the reviewers say yes to your appeal?

- If the reviewers say yes to your appeal, then w**e must keep providing your covered services for as long as it is medically necessary.**
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered services (see the Medical Benefits Chart found at the front of this **EOC**).

What happens if the reviewers say no to your appeal?

- If the reviewers say **no** to your appeal, then **your coverage will end** on the date we have told you. We will stop paying our share of the costs of this care on the date listed on the notice.
- If you decide to keep getting the home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services after this date when your coverage ends, **then you will have to pay the full cost of this care yourself**.

Step 4: If the answer to your Level 1 Appeal is no, you decide if you want to make another appeal.

- This first appeal you make is "Level 1" of the appeals process. If reviewers say ***no*** to your Level 1 Appeal, and you choose to continue getting care after your coverage for the care has ended, then you can make another appeal.
- Making another appeal means you are going on to "Level 2" of the appeals process.

Section 8.4 Step-by-step: How to make a Level 2 Appeal to have our plan cover your care for a longer time

If the Quality Improvement Organization has turned down your appeal and you choose to continue getting care after your coverage for the care has ended, then you can make a Level 2 Appeal. During a Level 2 Appeal, you ask the Quality Improvement Organization to take another look at the decision they made on your first appeal. If the Quality Improvement Organization turns down your Level 2 Appeal, you may have to pay the full cost for your home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services after the date when we said your coverage would end.

Here are the steps for Level 2 of the appeals process:

Step 1: You contact the Quality Improvement Organization again and ask for another review.

You must ask for this review within 60 days after the day when the Quality Improvement Organization said ***no*** to your Level 1 Appeal. You can ask for this review only if you continued getting care after the date that your coverage for the care ended.

Step 2: The Quality Improvement Organization does a second review of your situation.

Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

Step 3: Within 14 days of receipt of your appeal request, reviewers will decide on your appeal and tell you their decision.

What happens if the review organization says yes to your appeal?

- **We must reimburse you** for our share of the costs of care you have received since the date when we said your coverage would end. **We must continue** providing coverage for the care for as long as it is medically necessary.
- You must continue to pay your share of the costs and there may be coverage limitations that apply.

What happens if the review organization says no?

- It means they agree with the decision we made to your Level 1 Appeal and will not change it.

- The notice you get will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to the next level of appeal, which is handled by an administrative law judge or attorney adjudicator.

Step 4: If the answer is no, you will need to decide whether you want to take your appeal further.

- There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If reviewers turn down your Level 2 Appeal, you can choose whether to accept that decision or to go on to Level 3 and make another appeal. At Level 3, your appeal is reviewed by an administrative law judge or attorney adjudicator.
- Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

Section 8.5 What if you miss the deadline for making your Level 1 Appeal?

You can appeal to us instead

As explained above in Section 8.3, you must act quickly to contact the Quality Improvement Organization to start your first appeal (within a day or two, at the most). If you miss the deadline for contacting this organization, there is another way to make your appeal. If you use this other way of making your appeal, the first two levels of appeal are different.

Step-by-step: How to make a Level 1 Alternate Appeal

If you miss the deadline for contacting the Quality Improvement Organization, you can make an appeal to us, asking for a "fast review." A fast review is an appeal that uses the fast deadlines instead of the standard deadlines.

Here are the steps for a Level 1 Alternate Appeal:

Legal Terms
A "fast review" (or "fast appeal") is also called an "**expedited appeal**."

Step 1: Contact us and ask for a "fast review."

For details about how to contact us, go to Chapter 2, Section 1, and look for the section called "How to contact us when you are making an appeal about your medical care or Part D prescription drugs."

Be sure to ask for a "fast review." This means you are asking us to give you an answer using the "fast" deadlines rather than the "standard" deadlines.

Step 2: We do a "fast review" of the decision we made about when to end coverage for your services.

During this review, we take another look at all of the information about your case. We check to see if we were following all the rules when we set the date for ending our plan's coverage for services you were receiving.

We will use the "fast" deadlines rather than the standard deadlines for giving you the answer to this review.

Step 3: We give you our decision within 72 hours after you ask for a "fast review" ("fast appeal").

- **If we say yes to your fast appeal,** it means we have agreed with you that you need services longer, and will keep providing your covered services for as long as it is medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)
- **If we say no to your fast appeal,** then your coverage will end on the date we told you and we will not pay any share of the costs after this date.
- If you continued to get home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services after the date when we said your coverage would end, **then you will have to pay the full cost of this care yourself**.

Step 4: If we say no to your fast appeal, your case will automatically go on to the next level of the appeals process.

- To make sure we were following all the rules when we said ***no*** to your fast appeal, **we are required to send your appeal to the Independent Review Organization**. When we do this, it means that you are automatically going on to Level 2 of the appeals process.

Step-by-step: Level 2 Alternate Appeal Process

During the Level 2 Appeal, the **Independent Review Organization** reviews the decision we made when we said ***no*** to your "fast appeal." This organization decides whether the decision we made should be changed.

Legal Terms
The formal name for the "Independent Review Organization" is the "**Independent Review Entity**." It is sometimes called the "**IRE.**"

Step 1: We will automatically forward your case to the Independent Review Organization.

- We are required to send the information for your Level 2 Appeal to the Independent Review Organization **within 24 hours** of when we tell you that we are saying no to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. The complaint process is different from the appeals process. Section 10 in this chapter tells you how to make a complaint.)

Step 2: The Independent Review Organization does a "fast review" of your appeal. The reviewers give you an answer within 72 hours.

- The **Independent Review Organization** is an independent organization that is hired by Medicare. This organization is not connected with our plan and it is not a government agency. This organization is a company chosen by Medicare to handle the job of being the Independent Review Organization. Medicare oversees its work.
- Reviewers at the Independent Review Organization will take a careful look at all of the information related to your appeal.
- **If this organization says yes** to your appeal, then we must reimburse you (pay you back) for our share of the costs of care you have received since the date when we said your coverage would end. We must also continue to cover the care for as long as it is medically necessary. You must continue to pay your share of the costs. If there are coverage limitations, these could limit how much we would reimburse or how long we would continue to cover your services.
- **If this organization says no to your appeal,** it means they agree with the decision our plan made to your first appeal and will not change it.
  - The notice you get from the Independent Review Organization will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to a Level 3 Appeal.

Step 3: If the Independent Review Organization turns down your appeal, you choose whether you want to take your appeal further.

- There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If reviewers say ***no*** to your Level 2 Appeal, you can choose whether to accept that decision or whether to go on to Level 3 and make another appeal. At Level 3, your appeal is reviewed by an administrative law judge or attorney adjudicator.
- Section 9 in this chapter tells you more about Levels 3, 4, and 5 of the appeals process.

SECTION 9. Taking your appeal to Level 3 and beyond

Section 9.1 Levels of Appeal 3, 4, and 5 for Medical Service Appeals

This section may be appropriate for you if you have made a Level 1 Appeal and a Level 2 Appeal, and both of your appeals have been turned down.

If the dollar value of the item or medical service you have appealed meets certain minimum levels, you may be able to go on to additional levels of appeal. If the dollar value is less than the minimum level, you cannot appeal any further. If the dollar value is high enough, the written response you receive to your Level 2 Appeal will explain whom to contact and what to do to ask for a Level 3 Appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

Level 3 Appeal: A judge (called an administrative law judge) or an attorney adjudicator who works for the federal government will review your appeal and give you an answer.

- **If the administrative law judge or attorney adjudicator says yes to your appeal, the appeals process may or may not be over.** We will decide whether to appeal this decision to Level 4. Unlike a decision at Level 2 (Independent Review Organization), we have the right to appeal a Level 3 decision that is favorable to you.
  - If we decide **not** to appeal the decision, we must authorize or provide you with the service **within 60 calendar days** after receiving the administrative law judge's or attorney adjudicator's decision.
  - If we decide to appeal the decision, we will send you a copy of the Level 4 Appeal request with any accompanying documents. We may wait for the Level 4 Appeal decision before authorizing or providing the service in dispute.
- **If the administrative law judge or attorney adjudicator says no to your appeal, the appeals process may or may not be over**.
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you do not want to accept the decision, you can continue to the next level of the review process. If the administrative law judge or attorney adjudicator says **no** to your appeal, the notice you get will tell you what to do next if you choose to continue with your appeal.

Level 4 Appeal: The Medicare Appeals Council (Council) will review your appeal and give you an answer. The Council is part of the federal government.

- **If the answer is yes, or if the Council denies our request to review a favorable Level 3 Appeal decision, the appeals process may or may not be over.** We will decide whether to appeal this decision to Level 5. Unlike a decision at Level 2 (Independent Review Organization), we have the right to appeal a Level 4 decision that is favorable to you if the value of the item or medical service meets the required dollar value.
  - If we decide **not** to appeal the decision, we must authorize or provide you with the service **within 60 calendar days** after receiving the Council's decision.
  - If we decide to appeal the decision, we will let you know in writing.
- **If the answer is no or if the Council denies the review request, the appeals process may or may not be over.**
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.

- If you do not want to accept the decision, you might be able to continue to the next level of the review process. If the Council says no to your appeal, the notice you get will tell you whether the rules allow you to go on to a Level 5 Appeal. If the rules allow you to go on, the written notice will also tell you whom to contact and what to do next if you choose to continue with your appeal.

Level 5 Appeal: A judge at the **Federal District Court** will review your appeal.

- This is the last step of the appeals process.

Section 9.2 Levels of Appeal 3, 4, and 5 for Part D Drug Appeals

This section may be appropriate for you if you have made a Level 1 Appeal and a Level 2 Appeal, and both of your appeals have been turned down.

If the value of the drug you have appealed meets a certain dollar amount, you may be able to go on to additional levels of appeal. If the dollar amount is less, you cannot appeal any further. The written response you receive to your Level 2 Appeal will explain whom to contact and what to do to ask for a Level 3 Appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

Level 3 Appeal: A judge (called an administrative law judge) or an attorney adjudicator who works for the federal government will review your appeal and give you an answer.

- **If the answer is yes, the appeals process is over**. What you asked for in the appeal has been approved. We must authorize or provide the drug coverage that was approved by the administrative law judge or attorney adjudicator **within 72 hours** (24 hours for expedited appeals) or make payment no later than 30 calendar days after we receive the decision.
- **If the answer is no, the appeals process may or may not be over.**
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you do not want to accept the decision, you can continue to the next level of the review process. If the administrative law judge or attorney adjudicator says ***no*** to your appeal, the notice you get will tell you what to do next if you choose to continue with your appeal.

Level 4 Appeal: The Medicare Appeals Council (Council) will review your appeal and give you an answer. The Council is part of the federal government.

- **If the answer is yes, the appeals process is over**. What you asked for in the appeal has been approved. We must authorize or provide the drug coverage that was approved by the Council **within 72 hours** (24 hours for expedited appeals) or make payment no later than 30 calendar days after we receive the decision.

- **If the answer is no, the appeals process may or may not be over.**
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you do not want to accept the decision, you might be able to continue to the next level of the review process. If the Council says no to your appeal or denies your request to review the appeal, the notice you get will tell you whether the rules allow you to go on to a Level 5 Appeal. If the rules allow you to go on, the written notice will also tell you whom to contact and what to do next if you choose to continue with your appeal.

Level 5 Appeal: A judge at the Federal District Court will review your appeal.

- This is the last step of the appeals process.

Making complaints

SECTION 10. How to make a complaint about quality of care, waiting times, customer service, or other concerns

? If your problem is about decisions related to benefits, coverage, or payment, then this section is not for you. Instead, you need to use the process for coverage decisions and appeals. Go to Section 4 in this chapter.

Section 10.1 What kinds of problems are handled by the complaint process?

This section explains how to use the process for making complaints. The complaint process is **only** used for certain types of problems. This includes problems related to quality of care, waiting times, and the customer service you receive. Here are examples of the kinds of problems handled by the complaint process.

If you have any of these kinds of problems, you can "make a complaint":

- **Quality of your medical care**
  - Are you unhappy with the quality of care you have received (including care in the hospital)?
- **Respecting your privacy**
  - Do you believe that someone did not respect your right to privacy or shared information about you that you feel should be confidential?
- **Disrespect, poor customer service, or other negative behaviors**
  - Has someone been rude or disrespectful to you?
  - Are you unhappy with how our Member Services has treated you?

- Do you feel you are being encouraged to leave our plan?

- **Waiting times**
  - Are you having trouble getting an appointment, or waiting too long to get it?
  - Have you been kept waiting too long by doctors, pharmacists, or other health professionals? Or by Member Services or other staff at our plan?
  - Examples include waiting too long on the phone, in the waiting room, when getting a prescription, or in the exam room.
- **Cleanliness**
  - Are you unhappy with the cleanliness or condition of a clinic, hospital, or doctor's office?
- **Information you get from our plan**
  - Do you believe we have not given you a notice that we are required to give?
  - Do you think written information we have given you is hard to understand?

Timeliness (these types of complaints are all related to the timeliness of our actions related to coverage decisions and appeals)

The process of asking for a coverage decision and making appeals is explained in Sections 4 through 9 of this chapter. If you are asking for a coverage decision or making an appeal, you use that process, not the complaint process.

However, if you have already asked for a coverage decision or made an appeal, and you think that we are not responding quickly enough, you can also make a complaint about our slowness. Here are examples:

- If you have asked us to give you a "fast coverage decision" or a "fast appeal," and we have said we will not, you can make a complaint.
- If you believe our plan is not meeting the deadlines for giving you a coverage decision or an answer to an appeal you have made, you can make a complaint.
- When a coverage decision we made is reviewed and our plan is told that we must cover or reimburse you for certain medical services or drugs, there are deadlines that apply. If you think we are not meeting these deadlines, you can make a complaint.
- When we do not give you a decision on time, we are required to forward your case to the Independent Review Organization. If we do not do that within the required deadline, you can make a complaint.

Section 10.2 The formal name for "making a complaint" is "filing a grievance"

Legal Terms
• What this section calls a **"complaint"** is also called a **"grievance."** • Another term for "**making a complaint**" is "**filing a grievance**." • Another way to say "**using the process for complaints**" is "**using the process for filing a grievance."**

Section 10.3 Step-by-step: Making a complaint

Step 1: Contact us promptly—either by phone or in writing.

- **Usually calling Member Services is the first step.** If there is anything else you need to do, Member Services will let you know. Please call us at **1-800-476-2167 (TTY 711**), 7 days a week, 8 a.m. to 8 p.m.
- **If you do not wish to call (or you called and were not satisfied),** you can put your complaint in writing and send it to us. If you put your complaint in writing, we will respond to you in writing. We will also respond in writing when you make a complaint by phone if you request a written response or your complaint is related to quality of care.
- **If you have a complaint, we will try to resolve your complaint over the phone.** If we cannot resolve your complaint over the phone, we have a formal procedure to review your complaints. Your grievance must explain your concern, such as why you are dissatisfied with the services you received. Please see Chapter 2 for whom you should contact if you have a complaint.
  - You must submit your grievance to us (orally or in writing) within 60 calendar days of the event or incident. We must address your grievance as quickly as your health requires, but no later than 30 calendar days after receiving your complaint. We may extend the time frame to make our decision by up to 14 calendar days if you ask for an extension, or if we justify a need for additional information and the delay is in your best interest.
  - You can file a fast grievance about our decision not to expedite a coverage decision or appeal, or if we extend the time we need to make a decision about a coverage decision or appeal. We must respond to your fast grievance within 24 hours.
- **Whether you call or write, you should contact Member Services right away.** The complaint must be made within 60 calendar days after you had the problem you want to complain about.
- **If you are making a complaint because we denied your request for a "fast coverage decision" or a "fast appeal,"** we will automatically give you a "fast complaint." If you have a "fast complaint," it means we will give you an answer **within 24 hours**.

Legal Terms
What this section calls a "**fast complaint**" is also called an "**expedited grievance**."

Step 2: We look into your complaint and give you our answer.

- **If possible, we will answer you right away.** If you call us with a complaint, we may be able to give you an answer on the same phone call. If your health condition requires us to answer quickly, we will do that.
- **Most complaints are answered within 30 calendar days.** If we need more information and the delay is in your best interest or if you ask for more time, we can take up to 14 more calendar days (44 calendar days total) to answer your complaint. If we decide to take extra days, we will tell you in writing.
- **If we do not agree** with some or all of your complaint or don't take responsibility for the problem you are complaining about, we will let you know. Our response will include our reasons for this answer. We must respond whether we agree with the complaint or not.

Section 10.4 You can also make complaints about quality of care to the Quality Improvement Organization

You can make your complaint about the quality of care you received to us by using the step-by-step process outlined above.

When your complaint is about quality of care, you also have two extra options:

- **You can make your complaint to the Quality Improvement Organization**. If you prefer, you can make your complaint about the quality of care you received directly to this organization (without making the complaint to us).
  - The Quality Improvement Organization is a group of practicing doctors and other health care experts paid by the federal government to check and improve the care given to Medicare patients.
  - To find the name, address, and phone number of the Quality Improvement Organization for your state, look in Chapter 2, Section 4, of this booklet. If you make a complaint to this organization, we will work with them to resolve your complaint.
- **Or you can make your complaint to both at the same time**. If you wish, you can make your complaint about quality of care to us and also to the Quality Improvement Organization.

Section 10.5 You can also tell Medicare about your complaint

You can submit a complaint about our plan directly to Medicare. To submit a complaint to Medicare, go to **https://www.medicare.gov/MedicareComplaintForm/home.aspx**. Medicare takes your complaints seriously and will use this information to help improve the quality of the Medicare program.

If you have any other feedback or concerns, or if you feel the plan is not addressing your issue, please call **1-800-MEDICARE (1-800-633-4227)**. TTY/TDD users can call **1-877-486-2048**.

CHAPTER 10. Ending your membership in our plan

SECTION 1. Introduction

Section 1.1 This chapter focuses on ending your membership in our plan

Ending your membership in our plan may be **voluntary** (your own choice) or **involuntary** (not your own choice):

- **You might leave our plan because you have decided that you want to leave.**
  - There are only certain times during the year, or certain situations, when you may voluntarily end your membership in our plan. Section 2 tells you when you can end your membership in our plan.
  - The process for voluntarily ending your membership varies depending upon what type of new coverage you are choosing. Section 3 tells you how to end your membership in each situation.
- There are also limited situations where you do not choose to leave, but we are required to end your membership. Section 5 tells you about situations when we must end your membership.

If you are leaving our plan, you must continue to get your medical care through our plan until your membership ends.

SECTION 2. When can you end your membership in our plan?

You may end your membership in our plan only during certain times of the year, known as enrollment periods. All members have the opportunity to leave our plan during your group's open enrollment period. In certain situations, you may also be eligible to leave our plan at other times of the year. Before you request disenrollment, please check with your group to determine if you are able to continue your group membership.

If you request disenrollment during your group's open enrollment, your disenrollment effective date is determined by the date your written request is received by us and the date your group coverage ends. The effective date will not be earlier than the first day of the following month after we receive your written request, and no later than three months after we receive your request. If you request disenrollment at a time other than your group's open enrollment, your disenrollment effective date will be the first day of the month following our receipt of your disenrollment request.

Section 2.1 Where can you get more information about when you can end your group membership?

If you have any questions or would like more information about when you can end your group membership:

- Contact your group's benefits administrator.

- You can **call Member Services** (phone numbers are printed on the back cover of this booklet).
- You can find the information in the **Medicare & You** 2022 handbook.
  - Everyone with Medicare receives a copy of **Medicare & You** each fall. Those new to Medicare receive it within a month after first signing up.
  - You can also download a copy from the Medicare website (**www.medicare.gov**). Or you can order a printed copy by calling Medicare at the number below.

You can contact **Medicare** at **1-800-MEDICARE (1-800-633-4227),** 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048.**

SECTION 3. How do you end your membership in our plan?

Section 3.1 There are several ways to end your Medicare Advantage membership

You may request disenrollment by:

- Requesting disenrollment with your group's benefits administrator. You should always consult them before taking any action because it can affect your eligibility for group benefits.
- Calling toll free **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048**.
- Sending written notice to the following address:

  Kaiser Foundation Health Plan, Inc.
  California Service Center
  P.O. Box 232407
  San Diego, CA92193-2400

SECTION 4. Until your membership ends, you must keep getting your medical services and drugs through our plan

Section 4.1 Until your membership ends, you are still a member of our plan

If you leave our plan, it may take time before your membership ends and your new Medicare coverage goes into effect. (See Section 2 for information about when your new coverage begins.) During this time, you must continue to get your medical care and prescription drugs through our plan.

- **You should continue to use our network pharmacies to get your prescriptions filled until your membership in our plan ends.** Usually, your prescription drugs are only covered if they are filled at a network pharmacy, including through our mail-order pharmacy services.

- If you are hospitalized on the day that your membership ends, your hospital stay will usually be covered by our plan until you are discharged (even if you are discharged after your new health coverage begins).

SECTION 5. We must end your membership in our plan in certain situations

Section 5.1 When must we end your membership in our plan?

We must end your membership in our plan if any of the following happen:

- If you no longer have Medicare Part A and/or Part B.
- If you move out of our service area.
- If you are away from our service area for more than six months.
  - If you move or take a long trip, you need to call Member Services to find out if the place you are moving or traveling to is in our plan's area. Phone numbers for Member Services are printed on the back cover of this booklet.
- If you become incarcerated (go to prison).
- If you are not a United States citizen or lawfully present in the United States.
- If you lie about or withhold information about other insurance you have that provides prescription drug coverage.
- If you intentionally give us incorrect information when you are enrolling in our plan and that information affects your eligibility for our plan. We cannot make you leave our plan for this reason unless we get permission from Medicare first.
- If you continuously behave in a way that is disruptive and makes it difficult for us to provide medical care for you and other members of our plan. We cannot make you leave our plan for this reason unless we get permission from Medicare first.
- If you let someone else use your membership card to get medical care. We cannot make you leave our plan for this reason unless we get permission from Medicare first.
  - If we end your membership because of this reason, Medicare may have your case investigated by the Inspector General.
- If you are required to pay the extra Part D amount because of your income and you do not pay it, Medicare will disenroll you from our plan and you will lose prescription drug coverage.

Where can you get more information?

If you have questions or would like more information about when we can end your membership:

- You can call Member Services for more information (phone numbers are printed on the back cover of this booklet).

Section 5.2 We cannot ask you to leave our plan for any reason related to your health

We are not allowed to ask you to leave our plan for any reason related to your health.

What should you do if this happens?

If you feel that you are being asked to leave our plan because of a health-related reason, you should call Medicare at **1-800-MEDICARE (1-800-633-4227)**. TTY users should call **1-877-486-2048**. You may call 24 hours a day, 7 days a week.

Section 5.3 You have the right to make a complaint if we end your membership in our plan

If we end your membership in our plan, we must tell you our reasons in writing for ending your membership. We must also explain how you can file a grievance or make a complaint about our decision to end your membership. You can look in Chapter 9, Section 10, for information about how to make a complaint.

Section 5.4 What happens if you are no longer eligible for group coverage?

After your group notifies us to terminate your group membership, we will send a termination letter to the subscriber's address of record. The letter will include information about options that may be available to you to remain a Health Plan member.

- If you are no longer eligible for group membership, you can request enrollment in our Senior Advantage Individual Plan if you still meet the eligibility requirements for Senior Advantage. The premiums and coverage under our individual plan will differ from those under this **Evidence of Coverage** and will include Medicare Part D prescription drug coverage.
- You may not be eligible to enroll in our Senior Advantage individual plan if your membership ends for the reasons stated under Section 5.1. For more information or information about other individual plans, call Member Services. Phone numbers are printed on the back cover of this booklet.

CHAPTER 11. Legal notices

SECTION 1. Notice about governing law

Many laws apply to this **Evidence of Coverage** and some additional provisions may apply because they are required by law. This may affect your rights and responsibilities even if the laws are not included or explained in this document. The principal law that applies to this document is Title XVIII of the Social Security Act and the regulations created under the Social Security Act by the Centers for Medicare & Medicaid Services, or CMS. In addition, other federal laws may apply and, under certain circumstances, the laws of the state you live in.

SECTION 2. Notice about nondiscrimination

Our plan must obey laws that protect you from discrimination or unfair treatment. We don't discriminate based on race, ethnicity, national origin, color, religion, sex, gender, age, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability, or geographic location within the service area. All organizations that provide Medicare Advantage plans, like our plan, must obey federal laws against discrimination, including Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 1557 of the Affordable Care Act, all other laws that apply to organizations that get federal funding, and any other laws and rules that apply for any other reason.

If you want more information or have concerns about discrimination or unfair treatment, please call the Department of Health and Human Services' **Office for Civil Rights** at **1-800-368-1019** (TTY **1-800-537-7697**) or your local Office for Civil Rights.

If you have a disability and need help with access to care, please call Member Services (phone numbers are printed on the back cover of this booklet). If you have a complaint, such as a problem with wheelchair access, Member Services can help.

SECTION 3. Notice about Medicare Secondary Payer subrogation rights

We have the right and responsibility to collect for covered Medicare services for which Medicare is not the primary payer. According to CMS regulations at 42 CFR sections 422.108 and 423.462, Kaiser Permanente Medicare Advantage, as a Medicare Advantage Organization, will exercise the same rights of recovery that the Secretary exercises under CMS regulations in subparts B through D of part 411 of 42 CFR and the rules established in this section supersede any state laws.

SECTION 4. Administration of this Evidence of Coverage

We may adopt reasonable policies, procedures, and interpretations to promote orderly and efficient administration of this **Evidence of Coverage**.

SECTION 5. Amendment of this Agreement

Your group's Agreement with us will change periodically. If these changes affect this **Evidence of Coverage**, your group is required to inform you in accord with applicable law and your group's Agreement.

SECTION 6. Applications and statements

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this **Evidence of Coverage.**

SECTION 7. Assignment

You may not assign this **Evidence of Coverage** or any of the rights, interests, claims for money due, benefits, or obligations hereunder without our prior written consent.

SECTION 8. Attorney and advocate fees and expense

In any dispute between a member and Health Plan, the Medical Group, or Kaiser Foundation Hospitals, each party will bear its own fees and expenses, including attorneys' fees, advocates' fees, and other expenses except as otherwise required by law.

SECTION 9. Coordination of benefits

As described in Chapter 1 (Section 10) "How other insurance works with our plan," if you

have other insurance, you are required to use your other coverage in combination with your coverage as a Senior Advantage member to pay for the care you receive. This is called "coordination of benefits" because it involves coordinating all of the health benefits that are available to you. You will get your covered care as usual from network providers, and the other coverage you have will simply help pay for the care you receive.

If your other coverage is the primary payer, it will often settle its share of payment directly with us, and you will not have to be involved. However, if payment owed to us by a primary payer is sent directly to you, you are required by Medicare law to give this primary payment to us. For more information about primary payments in third party liability situations, see Section 18, and for primary payments in workers' compensation cases, see Section 20.

You must tell us if you have other health care coverage, and let us know whenever there are

any changes in your additional coverage.

SECTION 10. Employer responsibility

For any services that the law requires an employer to provide, we will not pay the employer, and when we cover any such services, we may recover the value of the services from the employer.

SECTION 11. Evidence of Coverage binding on members

By electing coverage or accepting benefits under this **Evidence of Coverage**, all members legally capable of contracting, and the legal representatives of all members incapable of contracting, agree to all provisions of this **Evidence of Coverage.**

SECTION 12. Government agency responsibility

For any services that the law requires be provided only by or received only from a government agency, we will not pay the government agency, and when we cover any such services we may recover the value of the services from the government agency.

SECTION 13. Member nonliability

Our contracts with network providers provide that you are not liable for any amounts we owe. However, you are liable for the cost of noncovered services you obtain from network providers or out-of-network providers.

SECTION.14. No waiver

Our failure to enforce any provision of this Evidence of Coverage will not constitute a waiver of that or any other provision, or impair our right thereafter to require your strict performance of any provision.

SECTION 15. Notices

Our notices to you will be sent to the most recent address we have. You are responsible for notifying us of any change in your address. If you move, please call Member Services (phone numbers are printed on the back of this booklet) and Social Security at **1-800-772-1213 (TTY 1-800-325-0778)** as soon as possible to report your address change.

Note: When we tell your group about changes to this **Evidence of Coverage** or provide your group other information that affects you, your group is required to notify the subscriber within 30 calendar days (or five days if we terminate your group's Agreement) after receiving the information from us.

SECTION 16. Overpayment recovery

We may recover any overpayment we make for services from anyone who receives such an overpayment or from any person or organization obligated to pay for the services

SECTION 17. Surrogacy

In situations where a member receives monetary compensation to act as a surrogate, our plan will seek reimbursement of all Plan Charges for covered services the member receives that are associated with conception, pregnancy and/or delivery of the child. A surrogate arrangement is one in which a woman agrees to become pregnant and to surrender the baby to another person or persons who intend to raise the child.

SECTION 18. Third party liability

As stated in Chapter 1, Section 10, third parties who cause you injury or illness (and/or their insurance companies) usually must pay first before Medicare or our plan. Therefore, we are entitled to pursue these primary payments. If you obtain a judgment or settlement from or on behalf of a third party who allegedly caused an injury or illness for which you received covered services, you must ensure we receive reimbursement for those services.

Note: This Section does not affect your obligation to pay cost-sharing for these services.

To the extent permitted or required by law, we shall be subrogated to all claims, causes of action, and other rights you may have against a third party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by the third party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney.

To secure our rights, we will have a lien and reimbursement rights to the proceeds of any judgment or settlement you or we obtain against a third party that results in any settlement proceeds or judgment, from other types of coverage that include but are not limited to: liability, uninsured motorist, underinsured motorist, personal umbrella, worker's compensation, personal injury, medical payments and all other first party types. The proceeds of any judgment or settlement that you or we obtain shall first be applied to satisfy our lien, regardless of whether you are made whole and regardless of whether the total amount of the proceeds is less than the actual losses and damages you incurred. We are not required to pay attorney fees or costs to any attorney hired by you to pursue your damages claim.

Within 30 days after submitting or filing a claim or legal action against a third party, you must send written notice of the claim or legal action to:

Patient Business Services
Kaiser Foundation Health Plan of Colorado
2500 South Havana Street
Aurora, CO 80014-1622

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send us all consents, releases, authorizations, assignments, and other documents, including lien forms directing your attorney, the third party, and the third party's liability insurer to pay us directly. You may not agree to waive, release, or reduce our rights under this provision without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against a third party based on your injury or illness, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

SECTION 19. U.S Department of Veterans Affairs

For any services for conditions arising from military service that the law requires the Department of Veterans Affairs to provide, we will not pay the Department of Veterans Affairs, and when we cover any such services we may recover the value of the services from the Department of Veterans Affairs.

SECTION 20. Workers' compensation or employer's liability benefits

As stated in Chapter 1, Section 10, workers' compensation usually must pay first before Medicare or our plan. Therefore, we are entitled to pursue primary payments under workers' compensation or employer's liability law. You may be eligible for payments or other benefits, including amounts received as a settlement (collectively referred to as "Financial Benefit"), under workers' compensation or employer's liability law. We will provide covered services even if it is unclear whether you are entitled to a Financial Benefit, but we may recover the value of any covered services from the following sources:

- From any source providing a Financial Benefit or from whom a Financial Benefit is due.
- From you, to the extent that a Financial Benefit is provided or payable or would have been required to be provided or payable if you had diligently sought to establish your rights to the Financial Benefit under any workers' compensation or employer's liability law.

CHAPTER 12. Definitions of important words

Allowance – A specified credit amount that you can use toward the cost of an item. If the cost of the item(s) you select exceeds the allowance, you will pay the amount in excess of the allowance, which does not apply to the maximum out-of-pocket amount.

Ambulatory Surgical Center – An Ambulatory Surgical Center is an entity that operates exclusively for the purpose of furnishing outpatient surgical services to patients not requiring hospitalization and whose expected stay in the center does not exceed 24 hours.

Appeal – An appeal is something you do if you disagree with our decision to deny a request for coverage of health care services or prescription drugs or payment for services or drugs you already received. You may also make an appeal if you disagree with our decision to stop services that you are receiving. For example, you may ask for an appeal if we don't pay for a drug, item, or service you think you should be able to receive. Chapter 9 explains appeals, including the process involved in making an appeal.

Balance Billing – When a provider (such as a doctor or hospital) bills a patient more than the plan's allowed cost-sharing amount. As a member of our plan, you only have to pay our plan's cost-sharing amounts when you get services covered by our plan. We do not allow providers to "balance bill" or otherwise charge you more than the amount of cost-sharing your plan says you must pay.

Benefit Period – The way that both our plan and Original Medicare measure your use of skilled nursing facility (SNF) services. A benefit period begins the day you go into a hospital or skilled nursing facility. The benefit period ends when you haven't received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. There is no limit to the number of benefit periods.

Brand-Name Drug – A prescription drug that is manufactured and sold by the pharmaceutical company that originally researched and developed the drug. Brand-name drugs have the same active-ingredient formula as the generic version of the drug. However, generic drugs are manufactured and sold by other drug manufacturers and are generally not available until after the patent on the brand-name drug has expired.

Catastrophic Coverage Stage – The stage in the Part D Drug Benefit when you pay a low copayment or coinsurance for your drugs after you or other qualified parties on your behalf have spent **$7,050** in covered drugs during the covered year.

Centers for Medicare & Medicaid Services (CMS) – The federal agency that administers Medicare. Chapter 2 explains how to contact CMS.

Coinsurance – An amount you may be required to pay as your share of the cost for services or prescription drugs after you pay any deductibles, if applicable. Coinsurance is usually a percentage (for example, 20%) of Plan Charges.

Complaint – The formal name for "making a complaint" is "filing a grievance." The complaint process is used for certain types of problems only. This includes problems related to quality of care, waiting times, and the customer service you receive. See also "Grievance," in this list of definitions.

Comprehensive Formulary (Formulary or "Drug List") – A list of prescription drugs covered by our plan. The drugs on this list are selected by us with the help of doctors and pharmacists. The list includes both brand-name and generic drugs.

Comprehensive Outpatient Rehabilitation Facility (CORF) – A facility that mainly provides rehabilitation services after an illness or injury, and provides a variety of services, including physical therapy, social or psychological services, respiratory therapy, occupational therapy and speech-language pathology services, and home environment evaluation services.

Coordination of Benefits (COB) – Coordination of Benefits is a provision used to establish the order in which claims are paid when you have other insurance. If you have Medicare and other health insurance or coverage, each type of coverage is called a "payer." When there is more than one payer, there are "coordination of benefits" rules that decide which one pays first. The "primary payer" pays what it owes on your bills first, and then sends the rest to the "secondary payer" to pay. If payment owed to us is sent directly to you, you are required under Medicare law to give the payment to us. In some cases, there may also be a third payer. See Chapter 1 (Section 10) and Chapter 11 (Section 9) for more information.

Copayment (or "copay") – An amount you may be required to pay as your share of the cost for a medical service or supply, like a doctor's visit, hospital outpatient visit, or a prescription drug. A copayment is a set amount, rather than a percentage. For example, you might pay $10 or $20 for a doctor's visit or prescription drug.

Cost-Sharing – Cost-sharing refers to amounts that a member has to pay when services or drugs are received. (This is in addition to our plan’s monthly premium.) Cost-sharing includes any combination of the following three types of payments: (1) any deductible amount a plan may impose before services or drugs are covered; (2) any fixed "copayment" amount that a plan requires when a specific service or drug is received; or (3) any "coinsurance" amount, a percentage of the total amount paid for a service or drug that a plan requires when a specific service or drug is received. A "daily cost-sharing rate" may apply when your doctor prescribes less than a full month's supply of certain drugs for you and you are required to pay a copayment. **Note:**In some cases, you may not pay all applicable cost-sharing at the time you receive the services, and we will send you a bill later for the cost-sharing. For example, if you receive nonpreventive care during a scheduled preventive care visit, we may bill you later for the cost-sharing applicable to the nonpreventive care. For items ordered in advance, you pay the cost-sharing in effect on the order date (although we will not cover the item unless you still have coverage for it on the date you receive it) and you may be required to pay the cost-sharing when the item is ordered. For outpatient prescription drugs, the order date is the date that the pharmacy processes the order after receiving all of the information they need to fill the prescription.

Cost-Sharing Tier – Every drug on the list of covered drugs is in one of six cost-sharing tiers. In general, the higher the cost-sharing tier, the higher your cost for the drug.

Coverage Determination – A decision about whether a drug prescribed for you is covered by our plan and the amount, if any, you are required to pay for the prescription. In general, if you take your prescription to a pharmacy and the pharmacy tells you the prescription isn't covered under your plan, that isn't a coverage determination. You need to call or write to your plan to ask for a formal decision about the coverage. Coverage determinations are called "coverage decisions" in this booklet. Chapter 9 explains how to ask us for a coverage decision.

Covered Drugs – The term we use to mean all of the prescription drugs covered by our plan.

Covered Services – The general term we use to mean all of the health care services and items that are covered by our plan.

Creditable Prescription Drug Coverage – Prescription drug coverage (for example, from an employer or union) that is expected to pay, on average, at least as much as Medicare's standard prescription drug coverage. People who have this kind of coverage when they become eligible for Medicare can generally keep that coverage without paying a penalty, if they decide to enroll in Medicare prescription drug coverage later.

Custodial Care – Custodial care is personal care provided in a nursing home, hospice, or other facility setting when you do not need skilled medical care or skilled nursing care. Custodial care is personal care that can be provided by people who don't have professional skills or training, such as help with activities of daily living like bathing, dressing, eating, getting in or out of a bed or chair, moving around, and using the bathroom. It may also include the kind of health-related care that most people do themselves, like using eye drops. Medicare doesn't pay for custodial care.

Daily Cost-Sharing Rate – A "daily cost-sharing rate" may apply when your doctor prescribes less than a full month's supply of certain drugs for you and you are required to pay a copayment. A daily cost-sharing rate is the copayment divided by the number of days in a month's supply. Here is an example: If your copayment for a one-month supply of a drug is $30, and a one-month's supply in your plan is 30 days, then your "daily cost-sharing rate" is $1 per day. This means you pay $1 for each day's supply when you fill your prescription.

Deductible – The amount you must pay for health care or prescriptions before our plan begins to pay.

Dependent–A member who meets the eligibility requirements as a dependent (for dependent eligibility requirements, see Chapter 1, Section 2).

Disenroll or **Disenrollment** – The process of ending your membership in our plan. Disenrollment may be voluntary (your own choice) or involuntary (not your own choice).

Dispensing Fee – A fee charged each time a covered drug is dispensed to pay for the cost of filling a prescription. The dispensing fee covers costs such as the pharmacist's time to prepare and package the prescription.

Durable Medical Equipment (DME) – Certain medical equipment that is ordered by your doctor for medical reasons. Examples include walkers, wheelchairs, crutches, powered mattress systems, diabetic supplies, IV infusion pumps, speech-generating devices, oxygen equipment, nebulizers, or hospital beds ordered by a provider for use in the home.

Emergency – A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

Emergency Care – Covered services that are (1) rendered by a provider qualified to furnish emergency services; and (2) needed to treat, evaluate, or stabilize an emergency medical condition.

Emergency Medical Condition – A medical or mental health condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, with an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- Serious jeopardy to the health of the individual or, in the case of a pregnant woman, the health of the woman or her unborn child;
- Serious impairment to bodily functions; or
- Serious dysfunction of any bodily organ or part.

Evidence of Coverage (EOC) and Disclosure Information – This document, along with your enrollment form and any other attachments, riders, or other optional coverage selected, which explains your coverage, what we must do, your rights, and what you have to do as a member of our plan.

Exception – A type of coverage decision that, if approved, allows you to get a drug that is not on your plan sponsor's formulary (a formulary exception), or get a nonpreferred drug at a lower cost-sharing level (a tiering exception).

Excluded Drug – A drug that is not a "covered Part D drug," as defined under 42 U.S.C. Section 1395w-102(e).

Extra Help – A Medicare program to help people with limited income and resources pay Medicare prescription drug program costs, such as premiums, deductibles, and coinsurance.

Family – A subscriber and all of his or her dependents.

Formulary – A list of Medicare Part D drugs covered by our plan.

Generic Drug – A prescription drug that is approved by the Food and Drug Administration (FDA) as having the same active ingredient(s) as the brand-name drug. Generally, a "generic" drug works the same as a brand-name drug and usually costs less.

Grievance – A type of complaint you make about us, including a complaint concerning the quality of your care. This type of complaint does not involve coverage or payment disputes.

Group – The entity with which we have entered into the *Agreement* that includes this **Evidence of Coverage**.

Home Health Aide – A home health aide provides services that don't need the skills of a licensed nurse or therapist, such as help with personal care (for example, bathing, using the toilet, dressing, or carrying out the prescribed exercises). Home health aides do not have a nursing license or provide therapy.

Home Health Care – Skilled nursing care and certain other health care services that you get in your home for the treatment of an illness or injury. Covered services are listed in the Medical Benefits Chart found at the front of this **EOC.** We cover home health care in accord with Medicare guidelines. Home health care can include services from a home health aide if the services are part of the home health plan of care for your illness or injury. They aren't covered unless you are also getting a covered skilled service. Home health services do not include the services of housekeepers, food service arrangements, or full time nursing care at home.

Hospice – A member who has six months or less to live has the right to elect hospice. We, your plan, must provide you with a list of hospices in your geographic area. If you elect hospice and continue to pay premiums, you are still a member of our plan. You can still obtain all medically necessary services as well as the supplemental benefits we offer. The hospice will provide special treatment for your state.

Hospital Inpatient Stay – A hospital stay when you have been formally admitted to the hospital for skilled medical services. Even if you stay in the hospital overnight, you might still be considered an "outpatient."

Income Related Monthly Adjustment Amount (IRMAA) – If your modified adjusted gross income as reported on your IRS tax return from two years ago is above a certain amount, you'll pay the standard premium amount and an Income Related Monthly Adjustment Amount, also known as IRMAA. IRMAA is an extra charge added to your premium. Less than 5 % of people with Medicare are affected, so most people will not pay a higher premium.

Initial Coverage Limit – The maximum limit of coverage under the Initial Coverage Stage.

Initial Coverage Stage – This is the stage after you have met your deductible, if applicable, and before your total drug costs, including amounts you have paid and what your plan has paid on your behalf, for the year have reached **$4,130.**

Initial Coverage Limit – The maximum limit of coverage under the Initial Coverage Stage.

Initial Coverage Stage – This is the stage after you have met your deductible, if applicable, and before your total drug costs, including amounts you have paid and what your plan has paid on your behalf, for the year have reached $4,430.

Initial Enrollment Period – When you are first eligible for Medicare, the period of time when you can sign up for Medicare Part A and Part B. For example, if you're eligible for Medicare when you turn 65, your Initial Enrollment Period is the seven month period that begins three months before the month you turn 65, includes the month you turn 65, and ends three months after the month you turn 65.

Inpatient Hospital Care – Health care that you get during an inpatient stay in an acute care general hospital.

Kaiser Foundation Health Plan of Colorado (Health Plan) – Kaiser Foundation Health Plan of Colorado is a Colorado nonprofit corporation and a Medicare Advantage organization. This Evidence of Coverage sometimes refers to Health Plan as "we" or "us."

Evidence of Coverage sometimes refers to Health Plan as "we" or "us."

Kaiser Permanente – Health Plan and Medical Group.

Kaiser Permanente Region (Region) – A Kaiser Foundation Health Plan organization that conducts a direct-service health care program. When you are outside our service area, you can get medically necessary health care and ongoing care for chronic conditions from designated providers in another Kaiser Permanente region's service area. For more information, please refer to Chapter 3, Section 2.4.

Long-Term Care Hospital – A Medicare-certified acute-care hospital that typically provide Medicare covered services such as comprehensive rehabilitation, respiratory therapy, head trauma treatment, and pain management. They are not long-term care facilities such as convalescent or assisted living facilities.

Low Income Subsidy (LIS) – See "Extra Help."

Maximum Out-of-Pocket Amount – The most that you pay out-of-pocket during the calendar year for in-network covered Part A and Part B services. Amounts you pay for any contributions toward your group's monthly premiums, your Medicare Part A and Part B premiums, and Part D prescription drugs do not count toward the maximum out-of-pocket amount. See Chapter 4, Section 1.2, for information about your maximum out-of-pocket amount.

Medicaid (or Medical Assistance) – A joint federal and state program that helps with medical costs for some people with low incomes and limited resources. Medicaid programs vary from state to state, but most health care costs are covered if you qualify for both Medicare and Medicaid. See Chapter 2, Section 6, for information about how to contact Medicaid in your state.

Medical Care or Services – Health care services or items. Some examples of health care items include durable medical equipment, eyeglasses, and drugs covered by Medicare Part A or Part B, but not drugs covered under Medicare Part D.

Medical Group – It is the network of plan providers that our plan contracts with to provide covered services to you. The name of our medical group is Colorado Permanente Medical Group, P.C., a for-profit professional corporation.

Medically Accepted Indication – A use of a drug that is either approved by the Food and Drug Administration or supported by certain reference books. See Chapter 5, Section 3, for more information about a medically accepted indication.

Medically Necessary – Services, supplies, or drugs that are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.

Medicare – The federal health insurance program for people 65 years of age or older, some people under age 65 with certain disabilities, and people with End-Stage Renal Disease (generally those with permanent kidney failure who need dialysis or a kidney transplant). People with Medicare can get their Medicare health coverage through Original Medicare, a PACE plan, or a Medicare Advantage Plan.

Medicare Advantage (MA) Plan – Sometimes called Medicare Part C. A plan offered by a private company that contracts with Medicare to provide you with all your Medicare Part A and Part B benefits. A Medicare Advantage Plan can be an HMO, a PPO, a Private Fee-for-Service (PFFS) plan, or a Medicare Medical Savings Account (MSA) plan. When you are enrolled in a Medicare Advantage Plan, Medicare services are covered through the plan and are not paid for under Original Medicare. In most cases, Medicare Advantage Plans also offer Medicare Part D (prescription drug coverage). These plans are called **Medicare Advantage Plans with Prescription Drug Coverage**. Everyone who has Medicare Part A and Part B is eligible to join any Medicare Advantage health plan that is offered in their area.

Medicare Coverage Gap Discount Program – A program that provides discounts on most covered Part D brand-name drugs to Part D members who have reached the Coverage Gap Stage and who are not already receiving "Extra Help." Discounts are based on agreements between the federal government and certain drug manufacturers. For this reason, most, but not all, brand-name drugs are discounted.

Medicare-Covered Services – Services covered by Medicare Part A and Part B. All Medicare health plans, including our plan, must cover all of the services that are covered by Medicare Part A and B.

Medicare Health Plan – A Medicare health plan is offered by a private company that contracts with Medicare to provide Part A and Part B benefits to people with Medicare who enroll in the plan. This term includes all Medicare Advantage Plans, Medicare Cost Plans, Demonstration/Pilot Programs, and Programs of All-Inclusive Care for the Elderly (PACE).

Medicare Prescription Drug Coverage (Medicare Part D) – Insurance to help pay for outpatient prescription drugs, vaccines, biologicals, and some supplies not covered by Medicare Part A or Part B.

"Medigap" (Medicare Supplement Insurance) Policy – Medicare supplement insurance sold by private insurance companies to fill "gaps" in Original Medicare. Medigap policies only work with Original Medicare. (A Medicare Advantage Plan is not a Medigap policy.)

Member (Member of our Plan, or "Plan Member") – A person with Medicare who is eligible to get covered services, who has enrolled in our plan, and whose enrollment has been confirmed by the Centers for Medicare & Medicaid Services (CMS).

Member Services – A department within our plan responsible for answering your questions about your membership, benefits, grievances, and appeals. See Chapter 2 for information about how to contact Member Services.

Network Pharmacy – A network pharmacy is a pharmacy where members of our plan can get their prescription drug benefits. We call them "network pharmacies" because they contract with our plan. In most cases, your prescriptions are covered only if they are filled at one of our network pharmacies.

Network Physician – Any licensed physician who is a partner or an employee of the Medical Group, or any licensed physician who contracts to provide services to our members (but not including physicians who contract only to provide referral services).

Network Provider – "Provider" is the general term we use for doctors, other health care professionals, (including but not limited to, physician assistants, nurse practitioners, and nurses), hospitals, and other health care facilities that are licensed or certified by Medicare and by the state to provide health care services. We call them "network providers" when they have an agreement with our plan to accept our payment as payment in full, and in some cases, to coordinate as well as provide covered services to members of our plan. We play network providers based on the agreements it has with the providers or if the providers agree to provide you with plan-covered services. Network providers may also be referred to as "plan providers."

Organization Determination – The Medicare Advantage plan has made an organization determination when it makes a decision about whether items or services are covered or how much you have to pay for covered items or services. Organization determinations are called "coverage decisions" in this booklet. Chapter 9 explains how to ask us for a coverage decision.

Original Medicare ("Traditional Medicare" or "Fee-for-Service" Medicare) – Original Medicare is offered by the government, and not a private health plan like Medicare Advantage Plans and prescription drug plans. Under Original Medicare, Medicare services are covered by paying doctors, hospitals, and other health care providers payment amounts established by Congress. You can see any doctor, hospital, or other health care provider that accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share. Original Medicare has two parts: Part A (Hospital Insurance) and Part B (Medical Insurance) and is available everywhere in the United States.

Out-of-Network Pharmacy – A pharmacy that doesn't have a contract with our plan to coordinate or provide covered drugs to members of our plan. As explained in this **Evidence of Coverage**, most drugs you get from out-of-network pharmacies are not covered by our plan unless certain conditions apply (see Chapter 5, Section 2.5, for more information).

Out-of-Network Provider or Out-of-Network Facility – A provider or facility with which we have not arranged to coordinate or provide covered services to members of our plan. Out-of-network providers are providers that are not employed, owned, or operated by our plan or are not under contract to deliver covered services to you. Using out-of-network providers or facilities is explained in this booklet in Chapter 3.

Out-of-Pocket Costs – See the definition for "Cost-Sharing" above. A member's cost-sharing requirement to pay for a portion of services or drugs received is also referred to as the member's "out-of-pocket" cost requirement.

PACE Plan – A PACE (Program of All-Inclusive Care for the Elderly) plan combines medical, social, and long-term care (LTC) services for frail people to help people stay independent and living in their community (instead of moving to a nursing home) for as long as possible, while getting the high-quality care they need. People enrolled in PACE plans receive both their Medicare and Medicaid benefits through the plan.

Part C – See **"Medicare Advantage (MA) Plan."**

Part D – The voluntary Medicare Prescription Drug Benefit Program. (For ease of reference, we will refer to the prescription drug benefit program as Part D.)

Part D Drugs – Drugs that can be covered under Part D. We may or may not offer all Part D drugs. (See your formulary for a specific list of covered drugs.) Certain categories of drugs were specifically excluded by Congress from being covered as Part D drugs.

Part D Late Enrollment Penalty – An amount added to your monthly premium for Medicare drug coverage if you go without creditable coverage (coverage that is expected to pay, on average, at least as much as standard Medicare prescription drug coverage) for a continuous period of 63 days or more after you are eligible to join a Part D plan. You pay this higher amount as long as you have a Medicare drug plan. There are some exceptions. For example, if you receive "Extra Help" from Medicare to pay your prescription drug plan costs, you will not pay a late enrollment penalty.

Plan – Kaiser Permanente Senior Advantage.

Plan Charges – Plan Charges means the following:

- For services provided by the Medical Group or plan hospitals, the charges in Health Plan's schedule of Medical Group and plan hospitals charges for services provided to members.
- For services for which a provider (other than the Medical Group or plan hospitals) is compensated on a capitation basis, the charges in the schedule of charges that Kaiser Permanente negotiates with the capitated provider.
- For items obtained at a pharmacy owned and operated by Kaiser Permanente, the amount the pharmacy would charge a member for the item if a member's benefit plan did not cover the item (this amount is an estimate of: the cost of acquiring, storing, and dispensing drugs; the direct and indirect costs of providing Kaiser Permanente pharmacy services to members; and the pharmacy program's contribution to the net revenue requirements of Health Plan).
- For all other services, the payments that Kaiser Permanente makes for the services or, if Kaiser Permanente subtracts cost-sharing from its payment, the amount Kaiser Permanente would have paid if it did not subtract cost-sharing.

Post-Stabilization Care – Medically necessary services related to your emergency medical condition that you receive after your treating physician determines that this condition is clinically stable. You are considered clinically stable when your treating physician believes, within a reasonable medical probability and in accordance with recognized medical standards, that you are safe for discharge or transfer and that your condition is not expected to get materially worse during or as a result of the discharge or transfer.

Preferred Cost-Sharing – Preferred cost-sharing means lower cost-sharing for certain covered Part D drugs at certain network pharmacies.

Preferred Provider Organization (PPO) Plan – A Preferred Provider Organization plan is a Medicare Advantage Plan that has a network of contracted providers that have agreed to treat plan members for a specified payment amount. A PPO plan must cover all plan benefits whether they are received from network or out-of-network providers. Member cost-sharing will generally be higher when plan benefits are received from out-of-network providers. PPO plans have an annual limit on your out-of-pocket costs for services received from network (preferred) providers and a higher limit on your total combined out-of-pocket costs for services from both network (preferred) and out-of-network (nonpreferred) providers.

Premium – The periodic payment to Medicare, an insurance company, or a health care plan for health care or prescription drug coverage.

Primary Care Provider (PCP) – Your primary care provider is the doctor or other provider you see first for most health problems. He or she makes sure you get the care you need to keep you healthy. He or she also may talk with other doctors and health care providers about your care and refer you to them. In many Medicare health plans, you must see your primary care provider before you see any other health care provider. See Chapter 3, Section 2.1, for information about primary care providers.

Prior Authorization – Approval in advance to get services or certain drugs that may or may not be on our formulary. Some in-network medical services are covered only if your doctor or other network provider gets "prior authorization" from our plan. Covered services that need prior authorization are marked in the Medical Benefits Chart found at the front of this **EOC** and described in Chapter 3, Section 2.3. Some drugs are covered only if your doctor or other network provider gets "prior authorization" from us. Covered drugs that need prior authorization are marked in the formulary.

Prosthetics and Orthotics – These are medical devices ordered by your doctor or other health care provider. Covered items include, but are not limited to, arm, back, and neck braces; artificial limbs; artificial eyes; and devices needed to replace an internal body part or function, including ostomy supplies and enteral and parenteral nutrition therapy.

Quality Improvement Organization (QIO) – A group of practicing doctors and other health care experts paid by the federal government to check and improve the care given to Medicare patients. See Chapter 2, Section 4, for information about how to contact the QIO for your state.

Rehabilitation Services – These services include physical therapy, speech and language therapy, and occupational therapy.

Service Area – A geographic area where a health plan accepts members if it limits membership based on where people live. For plans that limit which doctors and hospitals you may use, it's also generally the area where you can get routine (nonemergency) services. Our plan may disenroll you if you permanently move out of our plan's service area.

The Colorado Region's service area includes the area described in Chapter 1, Section 2.3 and network provider locations in Southern Colorado or Northern Colorado. For the purposes of premiums, cost-sharing, enrollment, and disenrollment, there are multiple Senior Advantage plans in our Region's service area. But, for the purposes of obtaining covered services, you get care from network providers anywhere inside our Region's service area.

Services – Health care services or items.

Skilled Nursing Facility (SNF) Care – Skilled nursing care and rehabilitation services provided on a continuous, daily basis, in a skilled nursing facility. Examples of skilled nursing facility care include physical therapy or intravenous injections that can only be given by a registered nurse or doctor.

Specialty-Tier Drugs – Very high-cost drugs approved by the FDA that are on our formulary.

Spouse – Your legal husband or wife.

Standard Cost-Sharing – Standard cost-sharing is cost-sharing other than preferred cost-sharing offered at a network pharmacy.

Subscriber – A member who is eligible for membership on his or her own behalf and not by virtue of dependent status (for subscriber eligibility requirements, see Chapter 1, Section 2).

Supplemental Security Income (SSI) – A monthly benefit paid by Social Security to people with limited income and resources who are disabled, blind, or age 65 and older. SSI benefits are not the same as Social Security benefits.

Urgently Needed Services – Urgently needed services are provided to treat a nonemergency, unforeseen medical illness, injury, or condition that requires immediate medical care. Urgently needed services may be furnished by network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible.

PRESCRIPTION DRUG BENEFIT

NOTE: When used in this Evidence of Coverage or Membership Agreement, the term "preferred" refers to drugs that are included in the Health Plan drug formulary. The term "non-preferred" refers to drugs that are not included in the Health Plan drug formulary.

Please refer to the "Schedule of Benefits (Who Pays What)" in this booklet for the specific Copayments, Coinsurance, Deductible, and supply limits that apply to the covered prescription drugs described below.

1. Coverage

   Prescribed covered drugs are provided at the applicable prescription drug Copayment or Coinsurance for each tier of drug coverage. This may include: a preferred generic drug tier; a tier for preferred brand-name drugs or medications not having a generic or a generic equivalent; a tier for prescribed non-preferred drugs authorized through the non-preferred drug process; and a tier for certain specialty drugs. **Note:** Some specialty drugs are available in other tiers. To learn more, please visit our website at **kp.org/formulary**.

   Non-Formulary Drug Exception Process:
   You, your designee, or your Plan Provider may request access to clinically appropriate drugs not otherwise covered by Health Plan (non-formulary drugs) through a special exception process. For additional information about the prescription drug exception processes for non-formulary drugs, please contact **Member Services**.

   Prescribed supplies and accessories include, but may not be limited to:
   a. Home glucose monitoring supplies.
   b. Glucose test strips.
   c. Acetone test tablets.
   d. Nitrate urine test strips for pediatric patients.
   e. Disposable syringes for the administration of insulin.

   Such items are provided when obtained at Plan Pharmacies or from sources designated by Health Plan.

   For Copayment or Coinsurance information related to contraceptive drugs and certain devices please refer to your "Schedule of Benefits (Who Pays What)."

   For each drug, the amount covered will be the lesser of the quantity prescribed or the day supply limit. Any amount you receive that exceeds the day supply will not be covered. If you receive more than the day supply limit, you will be charged as a non-Member for any prescribed amount exceeding the limit. Certain drugs have a significant potential for waste and diversion. Those drugs will be provided for up to a 30-day supply. Each prescription refill is provided on the same basis as the original prescription. Health Plan may, in its sole discretion, establish quantity limits for specific prescription drugs.

   Generic drugs that are available in the United States only from a single manufacturer and not listed as generic in the current commercially available drug database(s) to which Health Plan subscribes are provided at the brand-name Copayment or Coinsurance. The amount covered will be the lesser of the quantity prescribed or the day supply limit.

   Covered drugs include:
   a. Drugs for which a prescription is required by law.
   b. Insulin.
   c. Renewal of prescription eye drops and one additional bottle of prescription eye drops in accordance with state law.
   d. Compounded medications. **Note:** Compounded medications must be obtained from the pharmacy that is designated by Health Plan. Please call **303-764-4900** (TTY **711**) and press "0" to speak to the pharmacy staff for assistance.

   Plan Pharmacies may substitute a generic equivalent for a brand-name drug unless prohibited by the Plan Provider. If you request a brand-name drug when a generic equivalent drug is the preferred product, you must pay the brand-name Copayment or Coinsurance, plus any difference in price between the preferred generic equivalent drug prescribed by the Plan Provider and the requested brand-name drug. If the brand-name drug is prescribed and authorized by the Plan due to Medical Necessity, you pay the applicable Copayment or Coinsurance.

County of Adams #385

Re: Newborn Premium Billing - Letter of Understanding

Dear Group Administrator:

This is a Letter of Understanding between County of Adams (County) and Kaiser Foundation Health Plan of Colorado (Health Plan) regarding County's request to change how newborns are billed, effective 1/1/2022 and in successive years, unless modified in writing.

Overview:
Newborn Adjustments based on the County's request: Subscriber tier change from single to 2-Tier or 2-Tier to Family coverage. CSC Denver Commercial Team will process monthly adjustments based on tier changes when a newborn is added based on newborn date of birth.

Newborn Rule:
Historically, Kaiser Permanente does not charge an additional premium for newborns in the month they are born. The County has requested the Health Plan modify their billing procedures for newborns to the following:

- If the child is born on Day 1 - 14, the County will charge subscriber full premium when an enrollment tier change occurs.
- If child is born on Day 15 - end of month, the County will not charge for enrollment tier change until the 1st day of the month following the birth of the newborn.
- Membership Liaison will pull monthly Newborn Report on the 1st and 15th every month and send to the County to identify newborn dates of birth.
- Membership Liaison will send monthly newborn report to the Health Plan Billing Representative by the 10th of the month, prior to invoice date of the 20th, for newborn premium adjustments, as needed.

Please indicate your agreement by signing and dating where indicated below and returning a signed copy to the Executive Account Manager.

Sincerely,
Kaiser Foundation Health Plan of Colorado

2022 Performance Guarantees Agreement
County of Adams

Guaranteed Performance
This Performance Guarantees Agreement is effective from January 1, 2022 through December 31, 2022. We offer performance guarantees for our fully-insured health plans backed by a percentage of your annual non-Medicare premium for Kaiser Permanente plans that have 500 or more of your non-Medicare members. Once one plan qualifies for an at-risk guarantee, other Kaiser Permanente plans with at least 100 but fewer than 500 of your non-Medicare members will report performance without financial risk. In 2023, we will conduct a review of your 2022 membership (average over 12 months) to determine the appropriate status of this agreement in each plan.

Changes in Measures
Some of our measures or targets may change year-to-year based on medical or public health trends, performance enhancements, new systems implementation and similar factors. In addition, some of the measures use definitions established by national organizations such as the National Committee for Quality Assurance (NCQA.) If the measure is no longer reported, the definition of a measure changes, or if there are changes to reporting rules or publications after these guarantees are in place we may no longer guarantee the measure.

Penalty Thresholds and Reporting Frequency
To the extent possible, we set our penalty thresholds (i.e., the performance level we guarantee and below which we pay a penalty) in alignment with industry standards. Penalty thresholds for HEDIS measures are based on the applicable state/regional or national HMO averages as reported in the NCQA Quality Compass. Typically, in the fall of each year (after the annual release of HEDIS results) we provide an annual performance report for the preceding year. Performance guarantees require annual renewal and must be requested each year by the Customer.

Proprietary and Confidential
The information contained in this agreement is proprietary and confidential. Customer agrees to not share any information contained in this document with any Kaiser Permanente competitor, nor with any other third-party unless granted specific written consent to do so by Kaiser Permanente's representative.

Penalty Payments and Force Majeure
We report performance results based on our annual (calendar year) performance. Penalty payments are determined after the end of the year and are based on the group's total non-Medicare premium for the calendar year. We pay agreed-upon penalties by check. The group is responsible for notifying their account management team of the correct payment address to which payment should be sent when processed.

Penalty payments on sample-based measures are contingent on statistically significant differences ('margins of error') from penalty thresholds. If the result on a measure is below the penalty threshold (target) we use a standard statistical test to determine whether the difference is too large to be explained by random chance. We do not pay penalties unless the result is determined to be a true difference at the 95% or better confidence level.

If we are unable to provide any of the information guaranteed in this agreement due to force majeure or federal, state or local legislative or regulatory action, the measures affected by such action will not be subject to penalties. Customer must be currently enrolled, and its account in good standing, at the end of the reporting period, December 31, 2022, in order to receive any penalty payments for missed performance measures due under this agreement. We require that Customer dispute any performance results and/or penalty due by submitting written notice to us within 60 days after the date the final report is delivered, or payment is made. Unless Customer notifies Kaiser of a dispute within such 60-day period, the report and penalty payment, if applicable, shall be considered final and not subject to dispute. Your written response must be received within 60 days of your receipt of our final report or you will forfeit any penalties otherwise due to you under this agreement.

Account Management Measures
Issues pertaining to satisfaction with account management are defined as matters that are under direct control of the Account Management Team (e.g. team availability, responses to customer questions, keeping customer informed of developments, etc.). Issues related to other health plan activities (e.g. pricing and rates, member call center services, claims, or eligibility processing) are not applicable to these measures and may be covered by other measures in this agreement.

Forfeiture on account management satisfaction measures is contingent on prompt notification (prior to September 1st of the agreement year) by the Customer of specific issues which may result in service failure, and adequate opportunity for resolution (agreement on corrective action plan and timeline). Failure of Kaiser Permanente account management to develop and execute on a corrective action plan constitutes failure on such measures.

CHANGES DUE TO LEGISLATION

Colorado HB21-1307 Prescription Insulin Pricing and Access – Current law establishes a cost share cap for prescription insulin drugs not to exceed $100 per 30-day supply. This bill clarifies that the $100 cost share cap is for the covered person's entire 30-day insulin supply, regardless of the amount or type of insulin needed to fill the covered person's prescription or the number of prescriptions. This change is effective for health benefit plans issued or renewed on or after January 1, 2022.

Colorado HB 21-1140 Eliminate Donor Costs for Living Organ Donation – The law requires carriers to provide coverage for "health care services" related to living organ donation for a covered person who is a living organ donor. These "health care services" must not be subject to deductibles, copayments, coinsurance, benefit maximums, waiting periods, or other limitations on coverage for the living organ

KAISER PERMANENTE®

donation. The term "health care services" is defined in the law as a procedure to harvest an organ of a living organ donor and all services required before and after procedure. This change is effective for health benefit plans issued or renewed on or after January 1, 2022.

Colorado SB20-007 Substance Use Disorder Treatment – Carriers must provide coverage for the treatment of substance use disorders in accordance with the American Society of Addiction Medicine (ASAM) criteria for placement, medical necessity, and utilization management determinations. Health benefit plans must have coverage for at least one FDA-approved opiate antagonist for the treatment of a drug overdose. This change is effective for health benefit plans issued or renewed on or after January 1, 2022. Grandfathered health benefit plans are not impacted.

Out-of-Pocket Maximum (OPM) – The 2022 OPM limit is $8,700 for an individual and $17,400 for a family.

Conditions	**Discount & Dispense Fee Specific Conditions** • Discounts are based on actual Network Pharmacy brand and generic usage of retail and mail order drugs. The guaranteed discount amount will be determined by multiplying the AWP by the contracted discount rate off AWP by component. • Does not apply to items covered under the Plan for which no AWP measure exists. • Discounts calculated based on AWP less the ingredient cost; discount percentages are the discounts divided by the AWP. Discounts for retail and mail order generic prescriptions represent the average AWP based on savings off Maximum Allowable Cost (MAC) pricing for MAC generics and percentage discount savings off AWP for non-MAC generics. All other discounts represent the percentage discount savings off of AWP. • The arrangement excludes generic medications launched as an 'at-risk' product, generic medication with pending litigation, compound drugs, retail out of network claims, mail order drugs (for dispensing fee arrangement) and Indian Health Service Claims. • The Arrangement excludes usual & customary claims, vaccines, long term care facility claims, over-the-counter claims. • The Arrangement includes veterans' affairs facility claims. • The Mail Order guarantee includes drugs dispensed for 46 days or greater. • When a drug is identified as a brand name drug, it will be considered a brand name drug for the calculation of discount guarantees. When a drug is identified as a generic drug, it will be considered a generic drug for the calculation of discount guarantees. • Specialty drugs dispensed outside United's specialty Pharmacy Network are included in the retail guarantees. Specialty drugs dispensed through United's specialty Pharmacy Network are excluded from the Retail and Mail guarantees. • Drugs in the following Specialty therapeutic categories are included in the retail guarantees: None. **Rebate Specific Conditions** • Assumes implementation of United's Advantage PDL • Client directed deviations from the PDL and PDL exclusions or uptiers, or clinical programs may result in changes to pricing and guarantees, which will be factored in at the time of rebate payment and/or reconciliation.

• Calculation of the guaranteed rebate amount will exclude ineligible claims including claims where the plan is not the primary payer, claims approved by formulary exception, claims not covered by Customer's benefit design or PDL, claims from 340B, long term care or federal government pharmacies, consumer card or discount card program claims and direct member reimbursement claims.

• Rebate guarantee payments or reconciliations may be adjusted in the event of a change impacting the level of rebates available due to the introduction of any new product (e.g. biosimilar, authorized brand alternative, lower cost non-Generic Drug alternative) or the reduction of WAC on a Brand Drug subject to Rebates.

United reserves the right to modify or eliminate this arrangement as follows based upon changes in Rebates:

• if changes made to United's PDL, for the purpose of achieving a lower net drug cost for Customer and United's other ASO customers, result in significant reductions to the Rebate level

• if the percentage of enrolled pharmacy members with coverage access to authorized brand alternatives exceeds 10%

• in the event that there are material deviations to the anticipated timing of drugs that will come off patent and no longer generate Rebates

• if there is a change impacting the availability or amount of Rebates offered by drug manufacturer(s), including changes related to the elimination or material modification of a drug manufacturer(s) historic models or practices related to the provision of Rebates

• if Customer changes or does not elect an incented plan design

• United will pay Rebates consistent with the Agreement. A reconciliation of the Rebate amounts will occur after the end of each annual contract period and when Rebate payments are substantially complete. The reconciliation calculates the minimum rebate amount by multiplying the actual number of scripts filled by the applicable rebate amount for that script type.

• Rebate Administrative Fee: United maintains systems and processes necessary for managing and administering Rebate programs. As consideration for these efforts, pharmaceutical manufacturers pay United administrative fees in addition to Rebates. Customer acknowledges that United retains Rebate Administration fees.

• If Customer terminates pharmacy benefit services with United prior to 12/31/2023, United will retain any and all pending or future Rebates payable under the Agreement as of the effective date of the termination of pharmacy benefit services.

• Drugs in the following Specialty therapeutic categories are included in the retail per-Brand guarantees: None.

• Vaccines are excluded from the claim counts.

General Conditions

• All pricing guarantees shall remain in effect for the entire contract period of 01/01/2022 through 12/31/2023 ("Pharmacy Pricing Term"). Each twelve month period is a Guarantee Period.

• Specialty drugs typically covered under the medical benefit (administered / handled by a provider, administered in a physician's office, ambulatory or home infusion), and/or transitioned to the pharmacy benefit, are excluded from all guarantees.

• On mail order drugs, specialty drugs, and retail pharmacy drugs and services including dispensing fees, United will retain the difference between what United reimburses the Network Pharmacy and Customer's payment for a prescription drug product or service.

• Pricing and guarantees assume enrollment of 974 Employees and 2,102 Participants; pricing and guarantees may be revised or withdrawn if actual enrollment varies by 10% or more from assumptions.

• The lessor of three logic (non-ZBL) will apply to Participant payments. Participants pay the lessor of the discounted price, the usual and customary charge or the cost share amount.

• All pricing guarantees require the selection of United as the exclusive mail provider.

United will have no financial guarantee obligation under the Agreement for any partial Guarantee Period if Customer terminates prior to the end of the Pharmacy Pricing Term.

	• United reserves the right to revise or revoke this arrangement if: a) changes in federal, state or other applicable law or regulation require modifications; b) there are material changes to the AWP as published by the pricing agency that establishes the AWP as used in these arrangements; c) Customer makes benefit changes that impact the arrangements; d) there is a material industry change in pricing methodologies resulting in a new source or benchmark; e) it is not accepted within ninety (90) days of the issuance of our initial quote; f) if Customer changes their mail service benefit; g) Customer utilizes a vendor, that facilitates steering members to different drugs or pharmacies to the extent these services impact the financial guarantees under this Agreement.

Specialty Pharmacy	
Specialty Pharmacy Discount Guarantee	
Definition	Specialty drug discount level based on actual specialty drug utilization for the specialty drugs dispensed through United's specialty Pharmacy Network. United reserves the right to change the designation of a drug from specialty to non-specialty based on market conditions.
Measurement	Discount targets for individual drugs dispensed through United's specialty Pharmacy Network. See chart below. Specialty drugs not included on the list below and dispensed through United's specialty Pharmacy Network will be guaranteed at a discount of 14.0%.
Criteria	Actual utilization, using Average Wholesale Price (AWP) in dollars, using our data, of specialty drugs through our specialty Pharmacy Network will be multiplied against the discount targets for the individual drugs to determine the overall discount target dollars. This total will be compared to actual discounts achieved for these drugs during the Guarantee Period. The overall discount target dollars may be adjusted based on utilization of unlisted drugs to which the separate 14.0% discount applies. This total will be compared to actual discounts achieved for these drugs during the Guarantee Period.
Level	Customer Specific
Period	Annual
Payment Period	Annual
Payment Amount	The amount the actual discounts are less than the combined guaranteed Retail, Mail, and Specialty discount amount.
Conditions	• Discounts calculated based on the AWP less the ingredient cost; discount percentages are the discounts divided by the AWP. All other discounts represent the percentage discount savings off of AWP. • Specialty drugs dispensed outside United's specialty Pharmacy Network, drugs for which no AWP measure exists and non-drug items are excluded. • Listed drugs which cease to be defined as specialty drugs during the Guarantee Period will be reconciled outside of the Specialty Pharmacy guarantee in the channel in which they are dispensed (retail or mail order). • Specialty drugs typically covered under the medical benefit (administered / handled by a provider, administered in a physician's office, ambulatory or home infusion), and/or transitioned to the pharmacy benefit, are excluded from all guarantees. • United reserves the right to revise or revoke this guarantee if: a) changes in federal, state or other applicable law or regulation require modifications; b) there are material changes to the AWP as published by the pricing agency that establishes the AWP as used in this guarantee; c) Customer makes benefit changes that impact the guarantee; d) there is a material industry change in pricing methodologies resulting in a new source or benchmark • On specialty drugs, United will retain the difference between what United reimburses the Network Pharmacy and Customer's payment for a prescription drug product or service.

Summary Plan Description

United Healthcare Services, Inc.

What Is the Summary Plan Description?

This *Summary Plan Description (SPD)* is a summary of the Covered Health Care Services available to you under the Adams County Government ("Plan Sponsor") Self-Funded health benefit plan. This *SPD* is a legal document that describes Benefits for the portion of the Plan for which United Healthcare Services, Inc. ("Claims Administrator") administers claims payment, either directly or in conjunction with one of the Claims Administrator's affiliates.

For the purposes of this provision "Self-Funded" means that the Plan Sponsor, on behalf of the Plan, has the sole responsibility to pay, and provide funds, to pay for all Plan benefits. The Claims Administrator has no liability or responsibility to provide these funds. The Claims Administrator is a private healthcare claims administrator. The Claims Administrator is not the Plan Administrator for the Plan. Although the Claims Administrator will assist you in many ways, it does not guarantee any Benefits. The Plan Sponsor is solely responsible for the benefit plan design and funding payment of Benefits.

In addition to this *SPD*, the Plan includes:

- The *Schedule of Benefits.*
- Amendments.
- Addendums.

If there should be an inconsistency between the contents of this summary and the Plan, your rights shall be determined under the Plan and not under this summary. A copy of the plan document is available for your inspection during regular business hours in the office of the Plan Administrator. You (or your personal representative) may obtain a copy of the official plan document by written request to the Plan Administrator, for a nominal charge.

Can This SPD Change?

The Plan Sponsor may, from time to time, change this *SPD* by attaching legal documents called SMMs and/or Amendments that may change certain provisions of this *SPD*. When this happens the Plan Sponsor will send you a new *SPD*, SMM or Amendment.

Other Information You Should Have

The Plan Sponsor intends to continue this Plan, but reserves the right, in its sole discretion, to change, interpret, withdraw or add Benefits, or to end the Plan, as permitted by law, without your approval.

On its effective date, this *SPD* replaces and overrules any *SPD* that the Plan Sponsor may have previously issued to you. This *SPD* will in turn be overruled by any *SPD* issued to you in the future.

The Plan will take effect on the date shown in the Plan. Coverage under the Plan starts at 12:01 a.m. and ends at 12:00 midnight in the time zone of the Plan Sponsor's location.

The Plan is governed by ERISA unless the Plan Sponsor is not an employee health and welfare plan as defined by ERISA.

Introduction to Your SPD

This *SPD* and the other Plan documents describe your Benefits, as well as your rights and responsibilities, under the Plan.

What Are Defined Terms?

Certain capitalized words have special meanings. The Plan Sponsor has defined these words in *Section 9: Defined Terms.*

When the Plan Sponsor uses the words "you" and "your," the Plan Sponsor is referring to people who are Covered Persons, as that term is defined in *Section 9: Defined Terms.*

How Do You Use This Document?

Read your entire *SPD*) and/or Amendments. You may not have all of the information you need by reading just one section. Keep your *SPD* and *Schedule of Benefits* and any attachments in a safe place for your future reference. You can also get this *SPD* at www.myuhc.com.

Review the Benefit limitations of this *SPD* by reading the attached *Schedule of Benefits* along with *Section 1: Covered Health Care Services* and *Section 2: Exclusions and Limitations*. Read *Section 8: General Legal Provisions* to understand how this *SPD* and your Benefits work. Call the Claims Administrator if you have questions about the limits of the coverage available to you.

If there is a conflict between this *SPD* and any summaries provided to you by the Plan Sponsor, this *SPD* controls.

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

How Do You Contact the Claims Administrator?

Call the telephone number listed on your identification (ID) card. Throughout the document you will find statements that encourage you to contact the Claims Administrator for more information.

Your Responsibilities

Enrollment and Required Contributions

Benefits are available to you if you are enrolled for coverage under the Plan.

Additional information including eligibility criteria is available under the County of Adams Comprehensive Health and Welfare Benefit Plan ("Plan").

Be Aware the Plan Does Not Pay for All Health Care Services

The Plan does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive

Care decisions are between you and your Physician. The Claims Administrator and the Plan Sponsor do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. The Claims Administrator arranges for Physicians and other health care professionals and facilities to participate in a Network. The Claims Administrator's credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization.

Pay Your Share

You must meet any applicable deductible and pay a Copayment and/or Coinsurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Copayment and Coinsurance amounts are listed in the *Schedule of Benefits*. You must also pay any amount that exceeds the Allowed Amount.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with the Plan's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from the Plan. You must file the claim in a format that contains all of the information the Claims Administrator requires to process the claim, as described in *Section 5: How to File a Claim.*

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, the Plan will not pay Benefits for health care services for that condition or disability until the prior coverage ends. The Plan will pay Benefits as of the day your coverage begins under the Plan for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage.

Claims Administrator and Plan Sponsor Responsibilities

Determine Benefits

Plan Sponsor and the Claims Administrator make administrative decisions regarding whether the Plan will pay for any portion of the cost of a health care service you intend to receive or have received. Plan Sponsor's and the Claims Administrator's decisions are for payment purposes only. Plan Sponsor and the Claims Administrator do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

Plan Sponsor and the Claims Administrator have the discretion to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *SPD*, the *Schedule of Benefits* and/or Amendments.
- Make factual determinations relating to Benefits.

Plan Sponsor and the Claims Administrator may assign this discretionary authority to other persons or entities including Claims Administrator’s affiliates that may provide administrative services for the Plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time in Plan Sponsor's and the Claims Administrator's discretion. In order to receive Benefits, you must cooperate with those service providers.

Process Payment for the Plan's Portion of the Cost of Covered Health Care Services

The Claims Administrator processes the Plan's payment of Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means the Claims Administrator processes only the payment of the Plan's portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the Plan.

Process Plan Payment to Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from the Plan. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to the Plan.

Process Plan Payment for Covered Health Care Services Provided by Out-of-Network Providers

The Claims Administrator processes the Plan's payment of Benefits after receiving your request for payment that includes all required information. See *Section 5: How to File a Claim.*

Review and Determine Benefits in Accordance with the Claims Administrator's Reimbursement Policies

The Claims Administrator develops its reimbursement policy guidelines, in its sole discretion, in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that the Claims Administrator accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), the Claims Administrator's reimbursement policies are applied to provider billings the Claims Administrator shares its reimbursement policies with Physicians and other providers in the Claims Administrator's Network through the Claims Administrator's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by the Claims Administrator's reimbursement policies) and the billed charge. However, out-of-Network providers may bill you for any amounts the Plan does not pay, including amounts that are denied because one of the Claims Administrator's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of the Claims Administrator's reimbursement policies for yourself or to share with your out-of-Network Physician or provider by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

The Claims Administrator may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, the Claims Administrator will use comparable methodology(ies). The Claims Administrator and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to the Claims Administrator's website at www.myuhc.com for information regarding the vendor that provides the applicable methodology.

Offer Health Education Services to You

The Claims Administrator may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but it is recommended that you discuss them with your Physician.

United Healthcare Services, Inc.

Schedule of Benefits

How Do You Access Benefits?

Selecting a Network Primary Care Physician

You must select a Network Primary Care Physician who is located in the geographic area of the permanent residence of the Participant in order to obtain Benefits. In general health care terminology, a Primary Care Physician may also be referred to as a *PCP*. A Network Primary Care Physician will be able to coordinate all Covered Health Care Services and promote continuity of care. If you are the custodial parent of an Enrolled Dependent child, you must select a Network Primary Care Physician who is located in the geographic area of the permanent residence of the Participant for that child.

You may designate a Network Physician who specializes in pediatrics (including pediatric subspecialties, based on the scope of that provider's license under applicable state law) as the Network Primary Care Physician for an Enrolled Dependent child. You do not need a referral from a Primary Care Physician and may seek care directly from a Specialist, including a Physician who specializes in obstetrics or gynecology.

You may change your Network Primary Care Physician by calling the telephone number shown on your ID card.

You must see a Network Physician in order to obtain Benefits. Except as specifically described in this *Schedule of Benefits,* Benefits are not available for services provided by out-of-Network providers. This Benefit plan does not provide an out-of-Network level of Benefits.

Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center as described in section *1833(i)(1)(A) of the Social Security Act*, and any other facility specified by the Secretary.

Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Benefits for facility services apply when Covered Health Care Services are provided at a Network facility. Benefits include Physician services provided in a Network facility by a Network or an out-of-Network radiologist, anesthesiologist, pathologist, Emergency room Physician and consulting Physician. Benefits also include Emergency Health Care Services.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under the Plan. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Plan Sponsor, this *Schedule of Benefits* will control.

Does Prior Authorization Apply?

The Claims Administrator requires prior authorization for certain Covered Health Care Services. Network providers are responsible for obtaining prior authorization before they provide these services to you. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call the Claims Administrator at the telephone number on your ID card.

To obtain prior authorization, call the telephone number on your ID card. This call starts the utilization review process. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the *Schedule of Benefits* table to find out how far in advance you must obtain prior authorization.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those received, the Claims Administrator's final coverage determination will be changed to account for those differences, and the Plan will only pay and the Claims Administrator will only process payments for Benefits based on the services delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Care Service, you will be responsible for paying all charges and no Benefits will be paid.

Care Management

When you seek prior authorization as required, the Claims Administrator will work with you to put in place the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before the Claims Administrator processes payments for Benefits under the Plan), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, the Claims Administrator will process payments for the Plan as secondary payer as described in *Section 7: Coordination of Benefits*. You are not required to obtain prior authorization before receiving Covered Health Care Services.

Allowed Amounts

Allowed Amounts are the amount the Claims Administrator determines that the Plan will pay for Benefits.

- For Designated Network Benefits and Network Benefits for Covered Health Care Services provided by a Network provider, except for your cost sharing obligations, you are not responsible for any difference between Allowed Amounts and the amount the provider bills.
    - For Covered Health Care Services that are ***Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.
    - For Covered Health Care Services that are ***non-Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described below***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.
    - For Covered Health Care Services that are ***Emergency Health Care Services provided by an out-of-Network provider***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

Allowed Amounts are determined in accordance with the Claims Administrator's reimbursement policy guidelines, or as required by law, as described in the SPD.

For Designated Network Benefits and Network Benefits, Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a [Designated Network and] Network provider, Allowed Amounts are our contracted fee(s) with that provider.

When Covered Health Care Services are received from an out-of-Network provider as described below, Allowed Amounts are determined as follows:

- **For non-Emergency Covered Health Care Services received at certain Network facilities from out-of-Network Physicians** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section *2799B-2(d) of the Public Service Act* with respect to a visit as defined by the Secretary, the Allowed Amount is based on one of the following in the order listed below as applicable:
    - The reimbursement rate as determined by a state *All Payer Model Agreement*.

- The reimbursement rate as determined by state law.
- The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the out-of-Network provider and the Claims Administrator.
- The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center as described in section *1833(i)(1)(A) of the Social Security Act*, and any other facility specified by the Secretary.

IMPORTANT NOTICE: For Ancillary Services, non-Ancillary Services provided without notice and consent, and non-Ancillary Services for unforeseen or urgent medical needs that arise at the time a service is provided for which notice and consent has been satisfied, you are not responsible, and an out-of-Network Physician may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

- **For Emergency Health Care Services provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:
  - The reimbursement rate as determined by a state *All Payer Model Agreement*.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the out-of-Network provider and the Claims Administrator.
  - The amount determined by *Independent Dispute Resolution (IDR)*.

  IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.
- **For Air Ambulance transportation provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:
  - The reimbursement rate as determined by a state *All Payer Model Agreement*.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the out-of-Network provider and the Claims Administrator.
  - The amount determined by *Independent Dispute Resolution (IDR)*.

  IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the SPD.

When Covered Health Care Services are received from an out-of-Network provider, except as described above, Allowed Amounts are determined as follows: an amount negotiated by the Claims Administrator, a specific amount required by law (when required by law), or an amount the Claims Administrator has determined is typically accepted by a healthcare provider for the same or similar service. The Plan will not pay excessive charges. You are responsible for paying, directly to the out-of-Network provider, the applicable Coinsurance, Copayment or any deductible. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible to access the Advocacy Services as described below. Following the conclusion of the Advocacy Services described below, any responsibility to pay more than the Allowed Amount (which includes your Coinsurance, Copayment, and deductible) is yours.

Advocacy Services

The Plan has contracted with the Claims Administrator to provide advocacy services on your behalf with respect to out-of-network providers that have questions about the Allowed Amounts and how the Claims Administrator determined those amounts. Please call the Claims Administrator at the number on your ID card to access these advocacy services, or if you are billed for amounts in excess of your applicable coinsurance or copayment. In addition, if the Claims Administrator, or its designee, reasonably concludes that the particular facts and circumstances related to a claim provide justification for reimbursement greater than that which would result from the application of the Allowed Amount, and the Claims Administrator, or its designee, determines that it would serve the best interests of the Plan and its [Employees][Participants] (including interests in avoiding costs and expenses of disputes over payment of claims), the Claims Administrator, or its designee, may use its sole discretion to increase the Allowed Amount for that particular claim.

Provider Network

The Claims Administrator or its affiliates arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not Adams County Government or the Claims Administrator's employees. It is your responsibility to choose your provider.

The Claims Administrator's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through a database, provider directory, or in a response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for Network Benefits.It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to expiration or nonrenewal of the provider's contract, you may be eligible to request continued care from your current provider at the Network Benefit level for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with the Claims Administrator to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of the Claims Administrator's products. Refer to your provider directory or contact the Claims Administrator for help.

Additional Network Availability

Certain Covered Health Care Services defined below may also be provided through the *W500* Network. Contact **www.myuhc.com** or the telephone number on your ID card for the *W500* provider directory. You are eligible for Benefits when these certain Covered Health Care Services are received from providers who are contracted with the Claims Administrator through the *W500* Network.

These Covered Health Care Services are limited to the services listed below, as described in *Section 1: Covered Health Care Services*:

- *Emergency Health Care Services - Outpatient.*
- *Hospital - Inpatient Stay*, when you are admitted to the Hospital on an unscheduled basis because of an Emergency. Benefits for services provided while you are confined in a Hospital also include Covered Health Care Services as described under *Physician Fees for Surgical and Medical Services*.
- Urgent care services provided as described under *Urgent Care Center Services*. Urgent care services are those Covered Health Care Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

Also, if the Claims Administrator determines that specific Covered Health Care Services are not available from a Doctors Plan Network provider, you may be eligible for Benefits when Covered Health Care Services are received from a *W500* Network provider. In this situation, before you receive these Covered Health Care Services, your Doctors Plan Plus Network Physician will notify the Claims Administrator and, if the Claims Administrator confirms that the Covered Health Care Services are not available from a Doctors Plan Plus Network provider, the Claims Administrator will work with you and your Doctors Plan Plus Network Physician to coordinate these Covered Health Care Services through a *W500* Network provider.

Designated Providers

If you have a medical condition that the Claims Administrator believes needs special services, the Claims Administrator may direct you to a Designated Provider chosen by the Claims Administrator. If you require certain complex Covered Health Care Services for which expertise is limited, the Claims Administrator may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, the Plan may reimburse certain travel expenses.

In both cases, Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by the Claims Administrator.

You or your Network Physician must notify the Claims Administrator of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify the Claims Administrator in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Benefits will not be paid.

Health Care Services from Out-of-Network Providers

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify the Claims Administrator and, if the Claims Administrator confirms that care is not available from a Network provider, the Claims Administrator will work with you and your Network Physician to coordinate care through an out-of-Network provider.

Limitations on Selection of Providers

If the Claims Administrator determines that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, the Claims Administrator may require you to select a single Network Physician to provide and coordinate all future Covered Health Care Services.

If you don't make a selection within 31 days of the date the Claims Administrator notifies you, the Claims Administrator will select a single Network Physician for you.

Section 1: Covered Health Care Services

When Are Benefits Available for Covered Health Care Services?

Benefits are available only when all of the following are true:

- You receive Covered Health Care Services prior to the date that any of the individual termination conditions listed in *Section 4: When Coverage Ends* occurs.

The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Care Service under the Plan.

Benefits are provided for services delivered via Telehealth/Telemedicine. Benefits for these services are provided to the same extent as an in-person service under any applicable Benefit category in this section unless otherwise specified in the *Schedule of Benefits*.

This section describes Covered Health Care Services for which Benefits are available. Please refer to the attached *Schedule of Benefits* for details about:

- Any responsibility you have for obtaining prior authorization or notifying the Claims Administrator.

Please note that in listing services or examples, when the Plan says "this includes," it is not the Claims Administrator's intent to limit the description to that specific list. When the Plan does intend to limit a list of services or examples, the Plan states specifically that the list "is limited to."

Section 2: Exclusions and Limitations

How Are Headings Used in this Section?

To help you find exclusions, this section contains headings (for example *A. Alternative Treatments* below). The headings group services, treatments, items, or supplies that fall into a similar category. Exclusions appear under the headings. A heading does not create, define, change, limit or expand an exclusion. All exclusions in this section apply to you.

Plan Does Not Pay Benefits for Exclusions

The Plan will not pay Benefits for any of the services, treatments, items or supplies described in this section, even if either of the following is true:

- It is recommended or prescribed by a Physician.
- It is the only available treatment for your condition.

The services, treatments, items or supplies listed in this section are not Covered Health Care Services, except as may be specifically provided for in *Section 1: Covered Health Care Services* or through an SMM or Amendment to the Plan.

Where Are Benefit Limitations Shown?

When Benefits are limited within any of the Covered Health Care Service categories described in *Section 1: Covered Health Care Services*, those limits are stated in the corresponding Covered Health Care Service category in the *Schedule of Benefits*. Limits may also apply to some Covered Health Care Services that fall under more than one Covered Health Care Service category. When this occurs, those limits are also stated in the *Schedule of Benefits* table. Please review all limits carefully, as the Plan will not pay Benefits for any of the services, treatments, items or supplies that exceed these Benefit limits.

Please note that in listing services or examples, when the exclusion or limitation says that "this includes," it is not the Plan's intent to limit the description to that specific list. When the Plan does intend to limit a list of services or examples, the exclusion or limitation will state specifically that the list "is limited to."

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, the Plan Sponsor may end the Plan and/or all similar benefit plans at any time for the reasons explained in the Plan.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, the Claims Administrator will still process Plan payments on claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, the Claims Administrator will not process Plan payments on claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Participant's coverage ends.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Plan Ends**

  Your coverage ends on the date the Plan ends. In this event, the Plan Sponsor is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**

  Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Participant or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for definitions of the terms "Eligible Person," "Participant," "Dependent" and "Enrolled Dependent."

- **The Claims Administrator Receives Notice to End Coverage**

  The Plan Sponsor is responsible for providing the required notice to the Claims Administrator to end your coverage. Your coverage ends on the last day of the calendar month in which the Claims Administrator receives the required notice from the Plan Sponsor to end your coverage, or on the date requested in the notice.

- **Participants Retires or Is Pensioned**

  The Plan Sponsor is responsible for providing the required notice to the Claims Administrator to end your coverage. Your coverage ends the last day of the calendar month in which the Participant is retired or receiving benefits under the Plan Sponsor 's pension or retirement plan.

  This provision applies unless there is specific coverage classification for retired or pensioned persons in the Plan, and only if the Participant continues to meet any applicable eligibility requirements. The Plan Sponsor can provide you with specific information about what coverage is available for retirees.

Fraud or Intentional Misrepresentation of a Material Fact

The Plan will provide at least 30 days advance required notice to the Participant that coverage will end on the date identified in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If the Claims Administrator and the Plan Sponsor find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact the Plan Sponsor has the right to demand that you pay back all Benefits the Plan paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. The Plan will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental or physical handicap or disability.
- The Enrolled Dependent child depends mainly on the Participant for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the Plan.

You must furnish the Plan Sponsor with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before the Plan Sponsor agrees to this extension of coverage for the child, the Plan Sponsor may require that a Physician examine the child. The Plan Sponsor will choose the Physician and the Plan will pay for that examination.

The Plan Sponsor may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at the Plan's expense. The Plan Sponsor will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of the Plan Sponsor's request as described above, coverage for that child will end.

Continuation of Coverage

If your coverage ends under the Plan, you may have the right to elect continuation coverage (coverage that continues on in some form) in accordance with federal law.

Continuation coverage under *COBRA* (the federal *Consolidated Omnibus Budget Reconciliation Act*) is available only to Plan Sponsors that are subject to the terms of *COBRA*. Contact your plan administrator to find out if your Plan Sponsor is subject to the provisions of *COBRA*.

If you chose continuation coverage under a prior plan which was then replaced by coverage under the Plan, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

The Claims Administrator is not the Plan Sponsor's designated "plan administrator" as that term is used in federal law, and the Claims Administrator does not assume any responsibilities of a "plan administrator" according to federal law.

The Claims Administrator is not obligated to provide continuation coverage to you if the Plan Sponsor or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Plan Sponsor or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying the Claims Administrator in a timely manner of your election of continuation coverage.

Section 5: How to File a Claim

Claims Procedures

You can obtain a claim form by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card. If you do not have a claim form, attach the bill from your provider to a brief letter of explanation. Verify that your provider's bill contains the *Required Information* listed below. If any *Required Information* is missing from the bill, you can include it in your letter.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from the Claims Administrator. You must file the claim in a format that contains all of the information the Claims Administrator requires, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to the Claims Administrator within one year of the date of service, Benefits for that health care service will be denied or reduced, as determined by the Claims Administrator. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

How Are Outpatient Prescription Drug Benefits Paid?

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

- You are asked to pay the full cost of the Prescription Drug Product when you fill it and you believe that the Plan should have paid for it.
- You pay Coinsurance and you believe that the amount of the Coinsurance was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Service, you may submit a pre-service request for Benefits as described in this section.

Required Information

When you request payment of Benefits from the Claims Administrator, you must provide the Claims Administrator with all of the following information:

- The Participant's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with the Claims Administrator at the address on your ID card.

Payment of Benefits

Except as required by the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)*, you may not assign, transfer, or in any way convey your Benefits under the Plan or any cause of action related to your Benefits under the Plan to a provider or to any other third party. Nothing in this Plan shall be construed to make the Plan, Plan Sponsor, or Claims Administrator or its affiliates liable for payments to a provider or to a third party to whom you may be liable for payments for Benefits.

The Plan will not recognize claims for Benefits brought by a third party. Also, any such third party shall not have standing to bring any such claim independently, as a Covered Person or beneficiary, or derivatively, as an assignee of a Covered Person or beneficiary.

References herein to “third parties” include references to providers as well as any collection agencies or third parties that have purchased accounts receivable from providers or to whom accounts receivables have been assigned.

As a matter of convenience to a Covered Person, and where practicable for the Claims Administrator (as determined in its sole discretion), the Claims Administrator may make payment of Benefits directly to a provider.

Any such payment to a provider:

- is NOT an assignment of your Benefits under the Plan or of any legal or equitable right to institute any proceeding relating to your Benefits; and
- is NOT a waiver of the prohibition on assignment of Benefits under the Plan; and
- shall NOT estop the Plan, Plan Sponsor, or Claims Administrator from asserting that any purported assignment of Benefits under the Plan is invalid and prohibited.

If this direct payment for your convenience is made, the Plan’s obligation to you with respect to such Benefits is extinguished by such payment. If any payment of your Benefits is made to a provider as a convenience to you, the Claims Administrator will treat you, rather than the provider, as the beneficiary of your claim for Benefits, and the Plan reserves the right to offset any Benefits to be paid to a provider by any amounts that the provider owes the Plan (including amounts owed as a result of the assignment of other plans’ overpayment recovery rights to the Plan), pursuant to *Refund of Overpayments in Section 7: Coordination of Benefits*.

Form of Payment of Benefits

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in a form of other consideration that the Claims Administrator in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes to other plans for which the Claims Administrator processes payments, where the Plan has taken an assignment of the other plans' recovery rights for value.

Section 6: Questions, Complaints and Appeals

To resolve a question, complaint, or appeal, just follow these steps:

What if You Have a Question?

Call the telephone number shown on your ID card. Representatives are available to take your call during regular business hours, Monday through Friday.

What if You Have a Complaint?

Call the telephone number shown on your ID card. Representatives are available to take your call during regular business hours, Monday through Friday.

If you would rather send your complaint to the Claims Administrator in writing, the representative can provide you with the address.

If the representative cannot resolve the issue over the phone, he/she can help you prepare and submit a written complaint. The Claims Administrator will notify you of the decision regarding your complaint within 60 days of receiving it.

How Do You Appeal a Claim Decision?

Post-service Claims

Post-service claims are claims filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are requests that require prior authorization or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact the Claims Administrator in writing to request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to the Claims Administrator within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

For medical claims, the appeals address is:

UnitedHealthcare - Appeals

P.O. Box 30432,

Salt Lake City, Utah 84130-0432

Appeal Process

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. The Claims Administrator may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by the Claims Administrator during the determination of the appeal, the Claims Administrator will provide it to you free of charge and in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures related to urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as defined above, the first level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. This request must be submitted to the Claims Administrator within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as defined above, the first level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. This request must be submitted to the Claims Administrator within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

Please note that the Claims Administrator's decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the decision letter to you.

Upon written request and free of charge, any Covered Persons may examine their claim and/or appeals file(s). Covered Persons may also submit evidence, opinions and comments as part of the internal claims review process. The Claims Administrator will review all claims in accordance with the rules established by the U.S. Department of Labor. Any Covered Person will be automatically provided, free of charge, and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required, with: (i) any new or additional evidence considered, relied upon or generated by the Plan in connection with the claim; and, (ii) a reasonable opportunity for any Covered Person to respond to such new evidence or rationale.

Urgent Appeals that Require Immediate Action

Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call the Claims Administrator as soon as possible.
- The Claims Administrator will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If the Claims Administrator needs more information from your Physician to make a decision, the Claims Administrator will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

External Review Program

You may be entitled to request an external review of the Claims Administrator's determination after exhausting your internal appeals if either of the following apply:

- You are not satisfied with the determination made by the Claims Administrator.
- The Claims Administrator fails to respond to your appeal within the timeframe required by the applicable regulations.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address listed in the determination letter. You or your representative may request an expedited external review, in urgent situations as defined below, by contacting the Claims Administrator at the telephone number on your ID card or by sending a written request to the address listed in the determination letter. A request must be made within four months after the date you received the Claims Administrator's final appeal decision.

An external review request should include all of the following:

- A specific request for an external review.
- Your name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an *Independent Review Organization (IRO)*. The Claims Administrator have entered into agreements with three or more *IRO*s that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review includes all of the following:

- A preliminary review by the Claims Administrator of the request.
- A referral of the request by the Claims Administrator to the *IRO*.
- A decision by the *IRO.*

After receipt of the request, the Claims Administrator will complete a preliminary review within the applicable timeframe, to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that the Claims Administrator may process the request.

After the Claims Administrator completes this review, the Claims Administrator will issue a notification in writing to you. If the request is eligible for external review, the Claims Administrator will assign an *IRO* to conduct such review. The Claims Administrator will assign requests by either rotating the assignment of claims among the *IRO*s or by using a random selection process.

The *IRO* will notify you in writing of the request's eligibility and acceptance for external review and if necessary, for any additional information needed to conduct the external review. You will generally have to submit the additional information in writing to the *IRO* within ten business days after the date you receive the *IRO's* request for the additional information. The *IRO* is not required to, but may, accept and consider additional information submitted by you after ten business days.

The Claims Administrator will provide to the assigned *IRO* the documents and information considered in making the Claims Administrator's determination. The documents include:

- All relevant medical records.
- All other documents relied upon by the Claims Administrator.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request. The Claims Administrator will include it with the documents forwarded to the *IRO.*

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by the Claims Administrator. The *IRO* will provide written notice of its determination (the *"Final External Review Decision"*) within 45 days after it receives the request for the external review (unless they request additional time and you agree). The *IRO* will deliver the notice of *Final External Review Decision* to you and the Claims Administrator, and it will include the clinical basis for the determination.

Upon receipt of a *Final External Review Decision* reversing UnitedHealthcare’s determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the *Final External Review Decision* agrees with UnitedHealthcare’s determination , the Plan will not be obligated to provide Benefits for the health care service or procedure..

Expedited External Review

An expedited external review is similar to a standard external review. The main difference between the two is that the time periods for completing certain portions of the review process are much shorter for the expedited external review, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review, separately or at the same time you have filed a request for an expedited internal appeal, if you receive either of the following:

- An adverse benefit determination of a claim or appeal that involves a medical condition for which the time frame for completion of an expedited internal appeal would either jeopardize:
  - The life or health of the individual.
  - The individual's ability to regain maximum function.

In addition, you must have filed a request for an expedited internal appeal.

- A final appeal decision, that either:
  - Involves a medical condition where the timeframe for completion of a standard external review would either jeopardize the life or health of the individual or jeopardize the individual's ability to regain maximum function.
  - Concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency care services, but has not been discharged from a facility.

Immediately upon receipt of the request, the Claims Administrator will determine whether the individual meets both of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that the Claims Administrator may process the request.

After the Claims Administrator completes the review, the Claims Administrator will send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, the Claims Administrator will assign an *IRO* in the same manner the Claims Administrator utilizes to assign standard external reviews to *IRO*s. The Claims Administrator will provide all required documents and information the Claims Administrator used in making the adverse benefit determination or final adverse benefit determination to the assigned *IRO* electronically or by telephone or facsimile or any other available method in a timely manner. The *IRO*, to the extent the information or documents are available and the *IRO* considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by the Claims Administrator. The *IRO* will provide notice of the final external review decision for an expedited external review as quickly as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the *IRO* receives the request. If the IRO's final external review decision is first communicated verbally, the *IRO* will follow-up with a written confirmation of the decision within 48 hours of that verbal communication.

You may call the Claims Administrator at the telephone number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Plan will be coordinated with those of any other plan that provides benefits to you.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies to you if you are covered by more than one health benefits plan, including any one of the following:

- Another employer sponsored health benefits plan.
- A medical component of a group long-term care plan, such as skilled nursing care.
- No-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy.
- Medical payment benefits under any premises liability or other types of liability coverage.
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the Primary Plan. How much this Plan will reimburse you, if anything, will also depend in part on the Allowable Expense. The term, “Allowable Expense,” is further explained below.

What Are the Rules for Determining the Order of Benefit Payments?

Order of Benefit Determination Rules

The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. This Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy.

B. When you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first.

C. Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent or Dependent**. The Plan that covers the person other than as a dependent, for example as an employee, former employee under COBRA, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

(1) The Plan of the parent whose birthday falls earlier in the [calendar][Plan] year is the Primary Plan; or

(2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.

b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

(1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

(2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.

(3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.

(4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

(a) The Plan covering the Custodial Parent.

(b) The Plan covering the Custodial Parent's spouse.

(c) The Plan covering the non-Custodial Parent.

(d) The Plan covering the non-Custodial Parent's spouse.

For purpose of this section, Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child

resides more than one half of the [calendar][Plan] year excluding any temporary visitation.

c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.

d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.

(ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled C.1. can determine the order of benefits.

4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled C.1. can determine the order of benefits.

5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

How Are Benefits Paid When This Plan is Secondary?

If this Plan is secondary to any plan other than Medicare, it determines the amount it will pay for a Covered Health Care Service by following the steps below.

- The Plan determines the amount it would have paid based on the Allowable Expense.
- The Plan pays the entire difference between the Allowable Expense and the amount paid by the Primary Plan, as long as this amount is not more than the Plan would have paid had it been the only plan involved.
- If, based on the Allowable Expense, the Plan would have paid more if it were the only plan involved, the difference between the amount it would have paid and the amount it actually paid is recorded as a benefit reserve for the Covered Person. This reserve can be used to pay any future Allowable Expenses not otherwise paid by the Plan during the calendar year.
- At the end of the calendar year, the benefit reserve returns to zero. A new benefit reserve is created for each calendar year.

You will be responsible for any applicable Copayment, Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you may receive from all plans cannot exceed 100% of the Allowable Expense.

How is the Allowable Expense Determined when this Plan is Secondary?

Determining the Allowable Expense If this Plan is Secondary

What is an Allowable Expense? For purposes of COB, an Allowable Expense is a health care expense that is covered at least in part by one of the health benefit plans covering you.

When the provider is a Network provider for both the Primary Plan and this Plan, the Allowable Expense is the Primary Plan's network rate. When the provider is a network provider for the Primary Plan and a non-Network provider for this Plan, the Allowable Expense is the Primary Plan's network rate. When the provider is a non-Network provider for the Primary Plan and a Network provider for this Plan, the Allowable Expense is the reasonable and customary charges allowed by the Primary Plan. When the provider is a non-Network provider for both the Primary Plan and this Plan, the Allowable Expense is the greater of the two Plans' reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled "*Determining the Allowable Expense When this Plan is Secondary to Medicare*".

What is Different When You Qualify for Medicare?

Determining Which Plan is Primary When You Qualify for Medicare

As permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older (however, Domestic Partners are excluded as provided by Medicare).
- Individuals with end-stage renal disease, for a limited period of time.
- Disabled individuals under age 65 with current employment status and their Dependents under age 65.

Determining the Allowable Expense When this Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the Allowable Expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service. Medicare typically reimburses such providers a percentage of its approved charge – often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare – typically 115% of the Medicare approved amount) will be the Allowable Expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the Allowable Expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from an Opt-out provider or one that does not participate in the Medicare program or a provider who does not accept assignment of Medicare benefits, Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider.

When calculating the Plan's Benefits in these situations, and when Medicare does not issue an EOMB, for administrative convenience the Claims Administrator will treat the provider's billed charges for covered services as the Allowable Expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

If this Plan is secondary to Medicare, it determines the amount it will pay for a Covered Health Care Services by following the steps below.

- The Plan determines the amount it would have paid had it been the only plan involved.
- The Plan pays the entire difference between the Allowable Expense and the amount paid by the Primary Plan – as long as this amount is not more than the Plan would have paid had it been the only plan involved.

The maximum combined payment you may receive from all plans cannot exceed 100% of the applicable Allowable Expense.

Medicare Crossover Program

The Plan offers a Medicare Crossover program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated Crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated crossover took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This crossover process does not apply to expenses that Medicare does not cover. You must continue to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on your ID card.

Right to Receive and Release Needed Information?

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. The Claims Administrator may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

The Claims Administrator does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give the Claims Administrator any facts needed to apply those rules and determine benefits payable. If you do not provide the Claims Administrator the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Does This Plan Have the Right of Recovery?

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Plan Sponsor may recover the amount in the form of salary, wages, or benefits payable under any Plan Sponsor-funded benefit plans, including this Plan. The Plan Sponsor also reserves the right to recover any overpayment by legal action or offset payments on future Allowed Amounts.

If the Plan overpays a health care provider, the Claims Administrator reserves the right to recover the excess amount from the provider pursuant to *Refund of Overpayments*, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person or any other person or organization that was paid, must make a refund to the Plan if:

- The Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by you, but all or some of the expenses were not paid by you or did not legally have to be paid by you.
- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, you agree to help the Plan get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for you that are payable under the Plan. If the refund is due from a person or organization other than you, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future Benefits that are payment in connection with services provided to persons under other plans for which the Claims Administrator processes payments, pursuant to a transaction in which the Plan's overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment. The reallocated payment amount will either:

- equal the amount of the required refund, or
- if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan.

The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.

Section 8: General Legal Provisions

What Is Your Relationship with the Claims Administrator and Plan Sponsor?

It is important for you to understand the Claims Administrator's role with respect to the Plan and how it may affect you. The Claims Administrator helps administer the claims payment for the Plan Sponsor's Plan in which you are enrolled. The Claims Administrator and the Plan Sponsor do not provide medical services or make treatment decisions. This means:

- The Claims Administrator communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive. The Plan pays for Covered Health Care Services, which are more fully described in this *SPD*.
- The Plan may not pay for all treatments you or your Physician may believe are needed. If the Plan does not pay, you will be responsible for the cost.

The Plan Sponsor and the Claims Administrator may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. The Plan Sponsor and the Claims Administrator will use individually identifiable information about you as permitted or required by law, including in the Claims Administrator's operations and in the Claims Administrator's research. The Plan Sponsor and the Claims Administrator will use de-identified data for commercial purposes including research.

Please refer to the Claims Administrator's *Notice of Privacy Practices* for details.

What Is the Claims Administrator's Relationship with Providers and Plan Sponsors?

The Claims Administrator has agreements in place that govern the relationships between it and Plan Sponsors and Network providers, some of which are affiliated providers. Network providers enter into agreements with the Claims Administrator to provide Covered Health Care Services to Covered Persons.

Plan Sponsors and the Claims Administrator do not provide health care services or supplies, or practice medicine. Plan Sponsors and the Claims Administrator arrange for health care providers to participate in a Network and the Claims Administrator processes the Plan's payment of Benefits. Network providers are independent practitioners who run their own offices and facilities. The Claims Administrator's credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. Network providers are not the Plan Sponsor's employees. Network providers are not the Claims Administrator's employees. The Plan Sponsor and the Claims Administrator are not responsible for any act or omission of any provider.

The Claims Administrator is not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Plan Sponsor's Plan. The Claims Administrator is not responsible for fulfilling any duties or obligations of an employer with respect to the Plan Sponsor's Plan.

The Plan Sponsor is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Plan's Service Fee to the Claims Administrator.
- The funding of Benefits on a timely basis.
- Notifying you of when the Plan ends.

When the Plan Sponsor establishes the Plan to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act ("ERISA")*, *29 U.S.C. §1001 et seq*., the Claims Administrator is not the plan administrator or named fiduciary of the benefit plan, as those terms are used in *ERISA*. If

you have questions about your welfare benefit plan, you should contact the Plan Sponsor. If you have any questions about this statement or about your rights under *ERISA*, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor*.

What Is Your Relationship with Providers and Plan Sponsors?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.
- Paying, directly to your provider, any amount identified as a participant responsibility, including Copayments, Coinsurance, any deductible and any amount that exceeds the Allowed Amount.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.
- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Plan Sponsor is that of employer and employee, Dependent or other classification as defined in the Plan.

Notice

When the Claims Administrator provides written notice regarding administration of the Plan to an authorized representative of the Plan Sponsor, that notice is deemed notice to all affected Participants and their Enrolled Dependents. The Plan Sponsor is responsible for giving notice to you.

Statements by the Plan Sponsor or Participants

All statements made by the Plan Sponsor or by a Participant shall, in the absence of fraud, be deemed representations and not warranties. The Claims Administrator will not use any statement made by the Plan Sponsor to void the Plan after it has been in force for two years unless it is a fraudulent statement.

Does the Claims Administrator Pay Incentives to Providers?

The Claims Administrator pays Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from the Claims Administrator for each Covered Person who selects a Network provider within the group to perform or coordinate certain health care services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.
- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. The applicable Copayment and/or Coinsurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If

you receive follow-up services related to a procedure where a bundled payment is made, an additional Copayment and/or Coinsurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Copayment and/or Coinsurance as described in your *Schedule of Benefits*.

The Claims Administrator uses various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with the Claims Administrator includes any financial incentives, the Claims Administrator encourages you to discuss those questions with your provider. You may also call the Claims Administrator at the telephone number on your ID card. The Claims Administrator can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

Are Incentives Available to You?

Sometimes the Claims Administrator may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs or certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, you should discuss taking part in such programs with your Physician. Contact the Claims Administrator at www.myuhc.com or the telephone number on your ID card if you have any questions.

Does the Claims Administrator Receive Rebates and Other Payments?

The Plan Sponsor and the Claims Administrator may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. The Plan Sponsor and the Claims Administrator do not pass these rebates on to you, nor are they applied to any deductible or taken into account in determining your Copayments or Coinsurance.

Who Interprets Benefits and Other Provisions under the Plan?

The Plan Sponsor and the Claims Administrator have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions set out in the Plan, including this *SPD*, the *Schedule of Benefits* and any *Summary Material Modifications (SMM)*, and/or Amendments.
- Make factual determinations related to the Plan and its Benefits.

The Plan Sponsor and the Claims Administrator may assign this discretionary authority to other persons or entities that provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, the Plan Sponsor may offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that the Plan Sponsor does so in any particular case shall not in any way be deemed to require the Plan Sponsor to do so in other similar cases.

Who Provides Administrative Services?

The Claims Administrator provides claims administrative services or, as the Claims Administrator determines, the Claims Administrator may arrange for various persons or entities to provide claims administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as the Claims Administrator determines. The Claims Administrator is not required to give you prior notice of any such change, nor is the Claims Administrator required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

What is the Future of the Plan?

Although Plan Sponsor expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or *Employee Retirement Income Security Act of 1974 (ERISA)*, or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Company does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.

Amendments to the Plan

To the extent permitted by law, the Plan Sponsor has the right, as it determines and without your approval, to change, interpret, withdraw or add Benefits or end the Plan.

Any provision of the Plan which, on its effective date, is in conflict with the requirements of applicable state law provisions not otherwise preempted by ERISA or federal statutes or regulations (of the jurisdiction in which the Plan is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Plan unless it is made by an Amendment or SMM. All of the following conditions apply:

- Amendments to the Plan are effective upon the Plan's next anniversary date, except as otherwise permitted by law.
- SMMs to the Plan are effective on the date the Plan Sponsor specifies.
- No agent has the authority to change the Plan or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Plan.

How Does the Claims Administrator Use Information and Records?

The Claims Administrator may use your individually identifiable health information as follows:

- To administer the Plan and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

The Claims Administrator may request additional information from you to decide your claim for Benefits. The Claims Administrator will keep this information confidential. The Claims Administrator may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how the Claims Administrator may use or disclose your information is found in the Claims Administrator *Notice of Privacy Practices.*

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish the Claims Administrator with all information or copies of records relating to the services provided to you. The Claims Administrator has the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Participant's enrollment form. UnitedHealthcare agrees that such information and records will be considered confidential.

The Claims Administrator has the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of the Plan.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of the Plan, the Claims Administrator and the Claims Administrator's related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to the Claims Administrator *Notice of Privacy Practices.*

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from the Claims Administrator, the Claims Administrator also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, the Claims Administrator will designate other persons or entities to request records or information from or related to you, and to release those records as needed. The Claims Administrator's designees have the same rights to this information as the Claims Administrator has.

Does the Plan Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to Benefits, the Plan Sponsor may require that a Network Physician of its choice examine you at the Plan's expense.

Is Workers' Compensation Affected?

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

How Are Benefits Paid When You Are Medicare Eligible?

Benefits under the Plan are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Plan.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Plan), you should enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if the Plan Sponsor's Plan is the secondary payer as described in *Section 7: Coordination of Benefits,* the Claims Administrator will process the Plan Sponsors payment of Benefits under the Plan as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a *Medicare Advantage* (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Plan), you should follow all rules of that plan that require you to seek services from that plan's participating providers. When the Plan Sponsor's Plan is the secondary payer, the Claims Administrator will process the Plan Sponsor's payment of any Benefits available to you under the Plan as if you had followed all rules of the *Medicare Advantage* plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Subrogation and Reimbursement

The Plan has the right to subrogation and reimbursement. References to "you" or "your" in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the Plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation Example:

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement Example:

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the Plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.

- Your employer in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting the Plan's legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
    - Notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
    - Providing any relevant information requested by the Plan.
    - Signing and/or delivering such documents as the Plan or the Plan's agents reasonably request to secure the subrogation and reimbursement claim.
    - Responding to requests for information about any accident or injuries.
    - Making court appearances.
    - Obtaining the Plan's consent or the Plan's agents' consent before releasing any party from liability or payment of medical expenses.
    - Complying with the terms of this section.

    Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate or deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.
- The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect

include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit the Plan's subrogation and reimbursement rights.

- Benefits paid by the Plan may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits under the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets (to the extent of the amount of Benefits provided on behalf of the Covered Person), (ii) you and your representative shall be fiduciaries of the Plan (within the meaning of ERISA) with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.
- The Plan's right to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any benefits, claims or rights of recovery you have under any automobile Plan - including no-fault benefits, PIP benefits and/or medical payment benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting benefits, you acknowledge and recognize the Plan's right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- The Plan may, at its option, take necessary and appropriate action to preserve the Plan's rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible; and filing suit in your name or your estate's name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the Plan is governed by a six-year statute of limitations.
- You may not accept any settlement that does not fully reimburse the Plan, without the Plan's written approval.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan's right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse the Plan for 100% of the Plan's interest unless the Plan provides written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

- If any third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under the Plan, the provisions of this section continue to apply, even after you are no longer covered.
- In the event that you do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate Benefits to you, your dependents or the participant, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.
- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of the Plans discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

When Does the Plan Receive Refunds of Overpayments?

If the Plan pays Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to the Plan if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The refund equals the amount the Plan paid in excess of the amount the Plan should have paid under the Plan. If the refund is due from another person or organization, you agree to help the Plan get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, your future Benefits that are payable under the Plan. If the refund is due from a person or organization other than you, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future Benefits that are payable in connection with services provided to persons under other plans for which the Claims Administrator processes payments, pursuant to a transaction in which the Plan's overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. The Plan may have other rights in addition to the right to reduce future benefits.

Is There a Limitation of Action?

You cannot bring any legal action against the Plan or the Claims Administrator to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against the Plan or the Claims Administrator you must do so within three years of the date the Plan notified you of its final decision on your appeal or you lose any rights to bring such an action against the Plan or the Claims Administrator.

Summary Material Modification (SMM) - any attached written description of additional Covered Health Care Services not described in this *SPD.* Covered Health Care Services provided by a SMM may be subject to payment of additional Service Fees. They may be used as an addition to ambulatory treatment when it doesn't offer the intensity and structure needed to help you with recovery.
- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments. They provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. They may be used as an addition to treatment when it doesn't offer the intensity and structure needed to help you with recovery.

Unproven Service(s) - services, including medications, that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

The Claims Administrator has a process by which the Claims Administrator compiles and reviews clinical evidence with respect to certain health care services. From time to time, the Claims Administrator issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) the Claims Administrator may, as the Claims Administrator determines, consider an otherwise Unproven Service to be a Covered Health Care Service for that Sickness or condition. Prior to such a consideration, the Claims Administrator must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Urgent Care Center - a facility that provides Covered Health Care Services that are required to prevent serious deterioration of your health. These services are required as a result of an unforeseen Sickness, Injury, or the onset of sudden or severe symptoms.

Outpatient Prescription Drug Schedule of Benefits

United Healthcare Services, Inc.

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at Network Pharmacy and are subject to Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service or is prescribed to prevent conception.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore, your Copayment and/or Coinsurance may change or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Copayment and/or Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that the Claims Administrator has developed. Supply limits are subject, from time to time, to the Claims Administrator's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you are required to obtain prior authorization from the Claims Administrator or the Claims Administrator's designee. The reason for obtaining prior authorization from the Claims Administrator is to determine whether the Prescription Drug Product, in accordance with the Claims Administrator's approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

The Plan may also require you to obtain prior authorization from the Claims Administrator or the Claims Administrator's designee so the Claims Administrator can determine whether the Prescription Drug Product, in accordance with the Claims Administrator's approved guidelines, was prescribed by a Specialist.

Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from the Claims Administrator.

If you do not obtain prior authorization from the Claims Administrator before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to the Claims Administrator's review and change. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

If you do not obtain prior authorization from the Claims Administrator before the Prescription Drug Product is dispensed, you can ask the Claims Administrator to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from the Claims Administrator as described in this *Summary Plan Description (SPD)* in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from the Claims Administrator before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Claims Administrator reviews the documentation provided and the Claims Administrator determines that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

The Claims Administrator may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

Does Step Therapy Apply?

Certain Prescription Drug Products for which Benefits are described under this Outpatient Prescription Drug Plan are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

What Do You Pay?

The Claims Administrator may not permit certain coupons or offers from pharmaceutical manufacturers or an affiliate to apply to your Annual Deductible. You may access information on which coupons or offers are not permitted by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

You are responsible for paying the applicable Copayment and/or Coinsurance described in the Benefit Information table. You are not responsible for paying a Copayment and/or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

The amount you pay for any of the following under this Outpatient Prescription Drug Plan will be included in calculating any Out-of-Pocket Limit stated in this *SPD*:

- Certain coupons or offers from pharmaceutical manufacturers or an affiliate. You may access information on which coupons or offers are not permitted by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product. The Claims Administrator's contracted rates (the Claims Administrator's Prescription Drug Charge) will not be available to you.

Outpatient Prescription Drug Plan

United Healthcare Services, Inc.

This portion of the Plan provides Benefits for Prescription Drug Products.

Because this section is part of a legal document, the Plan Sponsor wants to give you information about the document that will help you understand it. Certain capitalized words have special meanings. The Claims Administrator has defined these words in either the *Summary Plan Description (SPD)* in *Section 9: Defined Terms* or in this Plan in *Outpatient Prescription Drug Defined Terms*.

When the Plan Sponsor uses the words "you" and "your" the Plan Sponsor is referring to people who are Covered Persons, as the term is defined in *Section 9: Defined Terms*.

NOTE: The Coordination of Benefits provision in this *SPD* in *Section 7: Coordination of Benefits* applies to Prescription Drug Products covered through this Outpatient Prescription Drug Plan. Benefits for Prescription Drug Products will be coordinated with those of any other health plan in the same manner as Benefits for Covered Health Care Services described in the *SPD*.

Introduction Outpatient Prescription Drug Plan

Coverage Policies and Guidelines

The Claims Administrator's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Claims Administrator's behalf. The PDL Management Committee places FDA-approved Prescription Drug Product into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat, or according to whether it was prescribed by a Specialist.

The Claims Administrator may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please contact the Claims Administrator at www.myuhc.com or the telephone number on your ID card for the most up-to-date tier placement.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by the Claims Administrator during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from the Plan as described in this *SPD* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance, and any deductible that applies.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Claims Administrator may direct you to a Designated Pharmacy with whom the Claims Administrator has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the out-of-Network Benefit for that Prescription Drug Product.

When Does the Claims Administrator Limit Selection of Pharmacies?

If the Claims Administrator determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, the Claims Administrator may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date the Claims Administrator notifies you, the Claims Administrator will choose a Network Pharmacy for you.

Rebates and Other Payments

The Claims Administrator and Pinnacol Assurance may receive rebates for certain drugs included on the Prescription Drug List, including those drugs that you purchase prior to meeting any applicable deductible. As determined by the Claims Administrator, the Plan may pass a portion of these rebates on to you. When rebates are passed on to you they may be taken into account in determining your Copayment and/or Coinsurance.

The Claims Administrator, and a number of the Claims Administrator's affiliated entities, conduct business with pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Plan*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Plan*. The Claims Administrator is not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, the Claims Administrator may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Special Programs

The Claims Administrator may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. You may access information on these programs by contacting the Claims Administrator at www.myuhc.com or the telephone number on your ID card.

If you choose to opt out when directed to a Mail Order Network Pharmacy but do not inform the Claims Administrator, no Benefit will be paid.

Important Notices under the Patient Protection and Affordable Care Act (PPACA)

Changes in Federal Law that Impact Benefits

There are changes in Federal law which may impact coverage and Benefits stated in the *Summary Plan Description (SPD)* and *Schedule of Benefits*. A summary of those changes and the dates the changes are effective appear below. These changes will apply to any "non-grandfathered" plan. Contact your Plan Administrator to determine whether or not your plan is a "grandfathered" or a "non-grandfathered plan". Under the *Patient Protection and Affordable Care Act (PPACA)* a plan generally is "grandfathered" if it was in effect on March 23, 2010 and there are no substantial changes in the benefit design as described in the *Interim Final Rule on Grandfathered Health Plans* at that time.

Patient Protection and Affordable Care Act (PPACA)

Effective for policies that are new or renewing on or after September 23, 2010, the requirements listed below apply.

- Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. Essential benefits include the following:

  Ambulatory patient services; emergency services, hospitalization; laboratory services; maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

- On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits.

- Essential benefits for plan years beginning prior to January 1, 2014 can only be subject to restricted annual limits. Restricted annual limits for each person covered under the plan may be no less than the following:

  - For plan or policy years beginning on or after September 23, 2010 but before September 23, 2011, $750,000.

  - For plan or policy years beginning on or after September 23, 2011 but before September 23, 2012, $1,250,000.

  - For plan or policy years beginning on or after September 23, 2012 but before January 1, 2014, $2,000,000.

  Please note that for plan years beginning on or after January 1, 2014, essential health benefits cannot be subject to annual or lifetime dollar limits.

- Coverage for enrolled dependent children is no longer conditioned upon full-time student status or other dependency requirements and will remain in place until the child's 26th birthday. If you have a grandfathered plan, the enrolling group is not required to extend coverage to age 26 if the child is eligible to enroll in an eligible employer-sponsored health plan (as defined by law).

  On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day dependent child special open enrollment period for dependent children who are not currently enrolled under the policy and who have not yet reached age 26. During this dependent child special open enrollment period, subscribers who are adding a dependent child and who have a choice of coverage options will be allowed to change options.

- If your plan includes coverage for enrolled dependent children beyond the age of 26, which is conditioned upon full-time student status, the following applies:

  Coverage for enrolled dependent children who are required to maintain full-time student status in order to continue eligibility under the plan is subject to the statute known as *Michelle's Law*. This law amends *ERISA*, the *Public Health Service Act*, and the *Internal Revenue Code* and requires group health plans, which provide coverage for dependent children who are post-secondary school students, to continue such coverage if the student loses the required student status because he or she must take a medically necessary leave of absence from studies due to a serious illness or Injury.

- If you do not have a grandfathered plan, in-network benefits for preventive care services described below will be paid at 100%, and not subject to any deductible, coinsurance or copayment. If you have pharmacy benefit coverage, your plan may also be required to cover preventive care medications that are obtained at a network pharmacy at 100%, and not subject to any deductible, coinsurance or copayment, as required by applicable law under any of the following:

  - Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
  - Immunizations that have in effect a recommendation from the *Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention*.
  - With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
  - With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.

- Retroactive rescission of coverage under the plan is permitted, with 30 days advance written notice, only in the following two circumstances:

  - The individual performs an act, practice or omission that constitutes fraud.
  - The individual makes an intentional misrepresentation of a material fact.

- Other changes provided for under the *PPACA* do not impact your plan because your plan already contains these benefits. These include:

  - Direct access to OB/GYN care without a referral or authorization requirement.
  - The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
  - Prior authorization is not required before you receive services in the emergency department of a hospital.

If you seek emergency care from out-of-network providers in the emergency department of a hospital your cost sharing obligations (copayments/coinsurance) will be the same as would be applied to care received from in-network providers.

Effective for plans that are new or renewing on or after January 1, 2014, the requirements listed below apply:

If your plan includes coverage for Clinical Trials, the following applies:

The clinical trial benefit has been modified to distinguish between clinical trials for cancer and other life threatening conditions and those for non-life threatening conditions. For trials for cancer/other life threatening conditions, routine patient costs now include those for covered individuals participating in a preventive clinical trial and Phase IV trials. This modification is optional for certain grandfathered health plans. Refer to your plan documents to determine if this modification has been made to your plan.

Pre-Existing Conditions:

Any pre-existing condition exclusions (including denial of benefit or coverage) will not apply to covered persons regardless of age.

Some Important Information about Appeal and External Review Rights under PPACA

If you are enrolled in a non-grandfathered plan with an effective date or plan year anniversary on or after September 23, 2010, the *Patient Protection and Affordable Care Act of 2010 (PPACA)*, as amended, sets forth new and additional internal appeal and external review rights beyond those that some plans may have previously offered. Also, certain grandfathered plans are complying with the additional internal appeal and external review rights provisions on a voluntary basis. Please refer to your benefit plan documents, including amendments and notices, or speak with your employer or *UnitedHealthcare* for more information on the appeal rights available to you. (Also, please refer to the *Claims and Appeal Notice* section of this document.)

What if I receive a denial, and need help understanding it? Please call the Claims Administrator at the number listed on your health plan ID card.

What if I don't agree with the denial? You have a right to appeal any decision to not pay for an item or service.

How do I file an appeal? The initial denial letter or *Explanation of Benefits* that you receive from the Claims Administrator will give you the information and the timeframe to file an appeal.

What if my situation is urgent? If your situation is urgent, your review will be conducted as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call the Claims Administrator at the number listed on your health plan ID card.

Generally, an urgent situation is when your health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be adequately controlled while you wait for a decision on your appeal.

Who may file an appeal? Any member or someone that member names to act as an authorized representative may file an appeal. For help call the Claims Administrator at the number listed on your health plan ID card.

Can I provide additional information about my claim? Yes, you may give us additional information supporting your claim. Send the information to the address provided in the initial denial letter or *Explanation of Benefits*.

Can I request copies of information relating to my claim? Yes. There is no cost to you for these copies. Send your request to the address provided in the initial denial letter or *Explanation of Benefits*.

What happens if I don't agree with the outcome of my appeal? If you appeal, the Claims Fiduciary will review its decision. The Claims Fiduciary will also send you its written decision within the time allowed. If you do not agree with the decision, you may be able to request an external review of your claim by an independent third party. If so, the Claims Fiduciary will review the denial and issue a final decision.

If I need additional help, what should I do? For questions on your appeal rights, you may call the Claims Administrator at the number listed on your health plan ID card for assistance. You may also contact the support groups listed below.

Are verbal translation services available to me during an appeal? Yes. Contact the Claims Administrator at the number listed on your health plan ID card. Ask for verbal translation services for your questions.

Is there other help available to me? For questions about appeal rights, an unfavorable benefit decision, or for help, you may also contact the *Employee Benefits Security Administration* at 1-866-444-EBSA (3272). Your state consumer assistance program may also be able to help you.

If your plan includes coverage for Mental Health or Substance Use, the following applies:

Mental Health/Substance Use Disorder Parity

Effective for grandfathered and non-grandfathered large group Plans that are new or renewing on or after July 1, 2010, Benefits are subject to final regulations supporting the *Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA)*. Benefits for mental health conditions and substance use disorder conditions that are Covered Health Care Services under the Plan must be treated in the same manner and provided at the same level as Covered Health Care Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance-Related and Addictive Disorders Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. *MHPAEA* requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health and substance use disorder benefits. Based upon the results of that testing, it is possible that coinsurance or copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Plan are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Care Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Care Services (including Copayments, Coinsurance and any deductible) are the same as are required for any other Covered Health Care Service. Limitations on Benefits are the same as for any other Covered Health Care Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.

Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from the Claims Administrator within 30 days of receipt of the claim, as long as all needed information was provided with the claim. The Claims Administrator will notify you within this 30-day period if additional information is needed to process the claim, and may request a one-time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, the Claims Administrator will notify you of the denial within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Plan, you may submit a claim for reimbursement in accordance with the applicable claim filing procedures. If you pay a Copayment and believe that the amount of the Copayment was incorrect, you also may submit a claim for reimbursement in accordance with the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

If you filed a pre-service request for Benefits improperly, the Claims Administrator will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, the Claims Administrator will notify you of the information needed within 15 days after it was received, and may request a one-time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, the Claims Administrator will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits in accordance with the applicable claim filing procedure. Urgent Requests for Benefits that Require Immediate Attention

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. In these situations, you will receive notice of the benefit determination in writing or electronically within 72 hours after the Claims Administrator receives all necessary information, taking into account the seriousness of your condition.

If you filed an urgent request for Benefits improperly, the Claims Administrator will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, the Claims Administrator will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

- The Claims Administrator's receipt of the requested information; or
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

*You do not need to submit urgent care appeals in writing. You should call the Claims Administrator as soon as possible to appeal an urgent care request for Benefits.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. The Claims Administrator will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Questions or Concerns about Benefit Determinations

If you have a question or concern about a benefit determination, you may informally contact our *Customer Care* department before requesting a formal appeal. If the *Customer Care* representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a *Customer Care* representative. If you first informally contact our *Customer Care* department and later wish to request a formal appeal in writing, you should again contact *Customer Care* and request an appeal. If you request a formal appeal, a *Customer Care* representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to *Urgent Appeals that Require Immediate Action* below and contact our *Customer Care* department immediately.

How to Appeal a Claim Decision

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact the Claims Administrator in writing to formally request an appeal.

Your request should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to the Claims Administrator within 180 days after you receive the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. The Claims Administrator may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information through the submission of your appeal. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by the Claims Administrator during the determination of the appeal, the Claims Administrator will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures associated with urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to the Claims Administrator within 60 days from receipt of the first level appeal decision.

Please note that the Claims Administrator's decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure. The decision to obtain the proposed treatment or procedure regardless of the Claims Administrator's decision is between you and your Physician.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call the Claims Administrator as soon as possible.
- The Claims Administrator will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.

SECTION 2 - HOW THE PLAN WORKS

What this section includes:

- Accessing Benefits.
- Eligible Expenses.
- Annual Deductible.
- Copayment.
- Coinsurance.
- Out-of-Pocket Maximum.

Accessing Benefits

As a participant in this Plan, you have the freedom to choose the Network Physician or health care professional you prefer each time you need to receive Covered Health Services.

You are eligible for Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services. You must see a Network Physician in order to obtain Benefits. Except as specifically described within the SPD, Benefits are not available for services provided by a non-Network provider. This Plan does not provide a non-Network level of Benefits.

Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider. You are not required to select a Primary Physician in order to obtain Benefits. In general health care terminology, a Primary Physician may also be referred to as a Primary Care Physician or PCP. Benefits for facility services apply when Covered Health Services are provided at a Network facility. Benefits include Physician services provided in a Network facility by a Network or a non-Network radiologist, anesthesiologist, pathologist, Emergency room Physician and consulting Physician. Benefits also include Emergency Health Services.

Designated Network Benefits apply to Covered Health Services that are provided by a Network Physician or other provider that is identified by UnitedHealthcare as a Designated Provider. Only certain Physicians and providers have been identified as a Designated Provider. Designated Network Benefits are available only for specific Covered Health Services as identified in Section 4, *Plan Highlights*. When Designated Network Benefits apply, they are included in and subject to the same Annual Deductible and Out-of-Pocket Maximum requirements as all other Covered Health Services provided by Network providers.

Network Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider.

Emergency Health Services are always paid as Network Benefits. For facility charges, these are Benefits for Covered Health Services that are billed by a Network facility and provided under the direction of either a Network or non-Network Physician or other provider.

Network Benefits include Physician services provided in a Network facility by a Network or a non-Network Emergency room Physician, radiologist, anesthesiologist or pathologist.

Non-Network Benefits apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility. In general health care terminology, Non-Network Benefits may also be referred to as Out-of-Network Benefits.

Emergency Health Services provided by a non-Network provider will be reimbursed as set forth under *Eligible Expenses* as described at the end of this section.

Covered Health Services provided at certain Network facilities by a non-Network Physician, when not Emergency Health Services, will be reimbursed as set forth under *Eligible Expenses* as described at the end of this section. For these Covered Health Services, "certain Network facility" is limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center as described in section *1833(i)(1)(A) of the Social Security Act*, and any other facility specified by the Secretary.

Air Ambulance transport provided by a non-Network provider will be reimbursed as set forth under *Eligible Expenses* as described at the end of this section.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under the Plan. As a result, they may bill you for the entire cost of the services you receive.

Generally, when you receive Covered Health Services from a Network provider, you pay less than you would if you receive the same care from a non-Network provider. Therefore, in most instances, your out-of-pocket expenses will be less if you use a Network provider.

Network Providers

UnitedHealthcare or its affiliates arrange for health care providers to participate in a Network. At your request, UnitedHealthcare will send you a directory of network providers free of charge. Keep in mind, a provider's Network status may change. To verify a provider's status or request a provider directory, you can call UnitedHealthcare at the number on your ID card or log onto **www.myuhc.com**.

Network providers are independent practitioners and are not employees of the Company or UnitedHealthcare. It is your responsibility to select your provider.

UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling UnitedHealthcare. A directory of providers is available online at **www.myuhc.com** or by calling the number on your ID card to request a copy. If you receive a Covered Health

Service from a non-Network provider and were informed incorrectly prior to receipt of the Covered Health Service that the provider was a Network provider, either through a database, provider directory, or in a response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for Network Benefits.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Benefits. However, if you are currently receiving treatment for Covered Health Services from a provider whose network status changes from Network to non-Network during such treatment due to expiration or nonrenewal of the provider's contract, you may be eligible to request continued care from your current provider at the Network Benefit level for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact the number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract with UnitedHealthcare to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of UnitedHealthcare's products. Refer to your provider directory or contact UnitedHealthcare for assistance.

Health Services from Non-Network Providers

If specific Covered Health Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Services are received from a non-Network provider. In this situation, your Network Physician will notify the Claims Administrator, and if the Claims Administrator confirms that care is not available from a Network provider, the Claims Administrator will work with you and your Network Physician to coordinate care through a non-Network provider.

When you receive Covered Health Services through a Network Physician, the Plan will pay Network Benefits for those Covered Health Services, even if one or more of those Covered Health Services is received from a non-Network provider.

Looking for a Network Provider?
In addition to other helpful information, **www.myuhc.com,** UnitedHealthcare's consumer website, contains a directory of health care professionals and facilities in UnitedHealthcare's Network. While Network status may change from time to time, **www.myuhc.com** has the most current source of Network information. Use **www.myuhc.com** to search for Physicians available in your Plan.

Possible Limitations on Provider Use

If UnitedHealthcare determines that you are using health care services in a harmful or abusive manner, you may be required to select a Network Physician to provide and coordinate all of your future Covered Health Services.

If you don't make a selection within 31 days of the date you are notified, UnitedHealthcare will select a single Network Physician for you.

In the event that you do not use the selected Network Physician, Benefits will not be paid.

Designated Provider and Other Providers

If you have a medical condition that UnitedHealthcare believes needs special services, UnitedHealthcare may direct you to a Designated Provider chosen by UnitedHealthcare. If you require certain complex Covered Health Services for which expertise is limited, UnitedHealthcare may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Provider, UnitedHealthcare may reimburse certain travel expenses at UnitedHealthcare's discretion.

In both cases, Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Provider or other provider chosen by UnitedHealthcare.

You or your Network Physician must notify UnitedHealthcare of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify UnitedHealthcare in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Provider) or other non-Network provider, Benefits will not be paid.

Eligible Expenses

The Company has delegated to the Claims Administrator the discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount the Claims Administrator determines that the Plan will pay for Benefits.

- For Designated Network Benefits and Network Benefits for Covered Health Services provided by a Network provider, except for your cost sharing obligations,

you are not responsible for any difference between Eligible Expenses and the amount the provider bills.

- For Covered Health Services that are **Ancillary Services received at certain Network facilities on a non-Emergency basis from non-Network Physicians**, you are not responsible, and the non-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in this SPD.
- For Covered Health Services that are **non-Ancillary Services received at certain Network facilities on a non-Emergency basis from non-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described below**, you are not responsible, and the Non-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.
- For Covered Health Services that are **Emergency Health Services provided by a Non-Network provider**, you are not responsible, and the Non-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in this SPD.
- For Covered Health Services that are **Air Ambulance services provided by a Non-Network provider**, you are not responsible, and the Non-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the SPD.

Eligible Expenses are determined in accordance with the Claims Administrator's reimbursement policy guidelines or as required by law, as described in the SPD.

For Designated Network Benefits and Network Benefits, Eligible Expenses are based on the following:

- When Covered Health Services are received from a [Designated Network and] Network provider, Eligible Expenses are our contracted fee(s) with that provider.
- When Covered Health Services are received from a Non-Network provider as arranged by the Claims Administrator, Eligible Expenses are an amount negotiated by the Claims Administrator or an amount permitted by law. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible. The Plan will not pay excessive charges or amounts you are not legally obligated to pay.

When Covered Health Services are received from a non-Network provider as described below, Eligible Expenses are determined as follows:

- **For non-Emergency Covered Health Services received at certain Network facilities from non-Network Physicians** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section *2799B-2(d) of the Public Service Act* with respect to a visit as defined

by the Secretary, the Eligible Expense is based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the non-Network provider and the Claims Administrator.
- The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in *1861(e) of the Social Security Act)*, a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act)*, an ambulatory surgical center as described in section *1833(i)(1)(A) of the Social Security Act*, and any other facility specified by the Secretary.

IMPORTANT NOTICE: For Ancillary Services, non-Ancillary Services provided without notice and consent, and non-Ancillary Services for unforeseen or urgent medical needs that arise at the time a service you are not responsible, and a non-Network Physician may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

- **For Emergency Health Services provided by a non-Network provider**, the Eligible Expense is based on one of the following in the order listed below as applicable:

  - The reimbursement rate as determined by a state *All Payer Model Agreement*.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the non-Network provider and the Claims Administrator.
  - The amount determined by *Independent Dispute Resolution (IDR)*.

  IMPORTANT NOTICE: You are not responsible, and a non-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

- **For Air Ambulance transportation provided by a non-Network provider**, the Eligible Expense is based on one of the following in the order listed below as applicable:

  - The reimbursement rate as determined by a state *All Payer Model Agreement*.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the non-Network provider and the Claims Administrator.
  - The amount determined by *Independent Dispute Resolution (IDR)*.

  IMPORTANT NOTICE: You are not responsible, and a non-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the SPD.

When Covered Health Services are received from a non-Network provider, except as described above, Eligible Expense are determined as follows: an amount negotiated by the Claims Administrator, a specific amount required by law (when required by law), or an amount the Claims Administrator has determined is typically accepted by a healthcare provider for the same or similar service. The Plan will not pay excessive charges. You are responsible for paying, directly to the non-Network provider, the applicable Coinsurance, Copayment or any deductible. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible to access the Advocacy Services as described below. Following the conclusion of the Advocacy Services described below, any responsibility to pay more than the Eligible Expense (which includes your Coinsurance, Copayment, and deductible) is yours.

Advocacy Services

The Plan has contracted with the Claims Administrator to provide advocacy services on your behalf with respect to non-network providers that have questions about the Eligible Expenses and how the Claims Administrator determined those amounts. Please call the Claims Administrator at the number on your ID card to access these advocacy services, or if you are billed for amounts in excess of your applicable coinsurance or copayment. In addition, if the Claims Administrator, or its designee, reasonably concludes that the particular facts and circumstances related to a claim provide justification for reimbursement greater than that which would result from the application of the Eligible Expense, and the Claims Administrator, or its designee, determines that it would serve the best interests of the Plan and its Employees (including interests in avoiding costs and expenses of disputes over payment of claims), the Claims Administrator, or its designee, may use its sole discretion to increase the Eligible Expense for that particular claim.

Don't Forget Your ID Card
Remember to show your ID card every time you receive health care services from a Network provider. If you do not show your ID card, a Network provider has no way of knowing that you are enrolled under the Plan.

Annual Deductible

The Annual Deductible is the amount of Eligible Expenses, or the Recognized Amount when applicable, you must pay each calendar year for some Covered Health Services before you are eligible to begin receiving Benefits. The amounts you pay toward your Annual Deductible accumulate over the course of the calendar year.

This Plan includes an Annual Deductible that applies to certain Covered Health Services. Refer to Section 4, *Plan Highlights*, for details about the specific Covered Health Services to which the Annual Deductible applies.

The amount that is applied to the Annual Deductible is calculated on the basis of Eligible Expenses. The Annual Deductible does not include any amount that exceeds Eligible Expenses. Details about the way in which Eligible Expenses are determined appear in this section under the heading *Eligible Expenses*.

Copayment

A Copayment (Copay) is the amount you pay each time you receive certain Covered Health Services. The Copay is calculated as a flat dollar amount and is paid at the time of service or when billed by the provider. When Copayments apply, the amount is listed in Section 4, *Plan Highlights*, next to the description for each Covered Health Service.

Please note that for Covered Health Services, you are responsible for paying the lesser of:

- The applicable Copayment.
- The Eligible Expense.

Details about the way in which Eligible Expenses are determined appear in this section under the heading *Eligible Expenses*.

Copays count toward the Out-of-Pocket Maximum. Copays do not count toward the Annual Deductible. If the Eligible Expense is less than the Copay, you are only responsible for paying the Eligible Expense and not the Copay.

Coinsurance

Coinsurance is the amount you pay (calculated as a percentage of Eligible Expenses) each time you receive certain Covered Health Services.

Details about the way in which Eligible Expenses are determined appear in this section under the heading *Eligible Expenses*.

Out-of-Pocket Maximum

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The following will never apply to the Out-of-Pocket Maximum:

- Charges for Non-Covered Health Services.
- The amount of any reduced benefits if you don't notify the Claims Administrator.
- Charges that exceed eligible expenses.

The following table identifies what does and does not apply toward your Out-of-Pocket Maximums:

Plan Features	Applies to the Network Out-of-Pocket Maximum?
Copays, including those for Covered Health Services available in Section 14, *Outpatient Prescription Drugs*	Yes
Payments toward the Annual Deductible	Yes
Coinsurance Payments	Yes
Charges for non-Covered Health Services	No
The amounts of any reductions in Benefits you incur by not notifying Care Coordination℠	No

SECTION 3 - PERSONAL HEALTH SUPPORT

What this section includes:

- An overview of the Personal Health Support program.
- Covered Health Services for which you need to contact Personal Health Support.

UnitedHealthcare provides a program called Personal Health Support designed to encourage personalized, efficient care for you and your covered Dependents.

Personal Health Support Nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available. A Personal Health Support Nurse is notified when you or your provider calls the number on your ID card regarding an upcoming treatment or service.

Personal Health Support Nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice. When the Claims Administrator is called as required, they will work with you to implement the Personal Health Support process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy. As of the publication of this SPD, the Personal Health Support program includes:

- **Admission counseling** – Personal Health Nurses are available to help you prepare for a successful surgical admission and recovery. Call the number on your ID card for support.
- **Inpatient care management** - If you are hospitalized, a Personal Health Support Nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.
- **Readmission Management** - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Personal Health Support Nurse to confirm that medications, needed equipment, or follow-up services are in place. The Personal Health Support Nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.
- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Personal Health Support Nurse to discuss and share important health care information related to the participant's specific chronic or complex condition.
- **Cancer Management** - You have the opportunity to engage with a nurse that specializes in cancer, education and guidance throughout your care path.

- **Kidney Management** - You have the opportunity to engage with a nurse that specializes in kidney disease, education and guidance with CKD stage 4/5 or ESRD throughout your care path.

If you do not receive a call from a Personal Health Support Nurse but feel you could benefit from any of these programs, please call the number on your ID card.

Contacting UnitedHealthcare or Personal Health Support is easy.
Simply call the number on your ID card.

Network providers are responsible for notifying the Claims Administrator before they provide certain services to you.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for notifying the Claims Administrator before you receive these Covered Health Services. In many cases, your Non-Network Benefits will be reduced if the Claims Administrator is not notified.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before the Plan pays Benefits) the notification requirements do not apply to you. Since Medicare is the primary payer, the Plan will pay as secondary payer as described in Section 9, *Coordination of Benefits (COB)*. You are not required to provide notification before receiving Covered Health Services.

SECTION 5 - ADDITIONAL COVERAGE DETAILS

What this section includes:

- Covered Health Services for which the Plan pays Benefits.
- Covered Health Services that require you to notify the Claims Administrator or Personal Health Support before you receive them, and any reduction in Benefits that may apply if you do not call the Claims Administrator or Personal Health Support.

This section supplements the second table in Section 4, *Plan Highlights*.

While the table provides you with Benefit limitations along with Copayment, Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply, as well as Covered Health Services for which you must call the Claims Administrator or Personal Health Support. The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 7, *Exclusions and Limitations*.

Benefits are provided for services delivered via Telehealth/Telemedicine. Benefits for these services are provided to the same extent as an in-person service under any applicable Benefit category in this section unless otherwise specified in the table.

Ambulance Services

The Plan covers Emergency ambulance services and transportation provided by a licensed ambulance service to the nearest Hospital that offers Emergency Health Services. See Section 13, *Glossary* for the definition of Emergency.

Ambulance service by air is covered in an Emergency if ground transportation is impossible, or would put your life or health in serious jeopardy. If special circumstances exist, UnitedHealthcare may pay Benefits for Emergency air transportation to a Hospital that is not the closest facility to provide Emergency Health Services.

The Plan also covers non-Emergency ambulance transportation by a licensed ambulance service (either ground or Air Ambulance as UnitedHealthcare determines appropriate) between facilities when the transport is any of the following:

- From a non-Network Hospital to the closest Network Hospital.
- To the closest Network Hospital or facility that provides Covered Health Services that were not available at the original Hospital or facility.
- From a short-term acute care facility to the closest Network long-term acute care facility (LTAC), Network Inpatient Rehabilitation Facility, or other Network sub-acute facility.

For the purpose of this Benefit the following terms have the following meanings:

- "Long-term acute care facility (LTAC)" means a facility or Hospital that provides care to people with complex medical needs requiring long-term Hospital stay in an acute or critical setting.
- "Short-term acute care facility" means a facility or Hospital that provides care to people with medical needs requiring short-term Hospital stay in an acute or critical setting such as for recovery following a surgery, care following sudden Sickness, Injury, or flare-up of a chronic Sickness.
- "Sub-acute facility" means a facility that provides intermediate care on short-term or long-term basis.

Cellular and Gene Therapy

Cellular Therapy and Gene Therapy received on an inpatient or outpatient basis at a Hospital or on an outpatient basis at an Alternate Facility or in a Physician's office.

Benefits for CAR-T therapy for malignancies are provided as described under *Transplantation Services*.

Clinical Trials

Benefits are available for routine patient care costs incurred during participation in a qualifying Clinical Trial for the treatment of:

- Cancer or other life-threatening disease or condition. For purposes of this benefit, a life-threatening disease or condition is one from which the likelihood of death is probable unless the course of the disease or condition is interrupted.
- Cardiovascular disease (cardiac/stroke) which is not life threatening, for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.
- Surgical musculoskeletal disorders of the spine, hip and knees, which are not life threatening, for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.
- Other diseases or disorders which are not life threatening for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.

Benefits include the reasonable and necessary items and services used to prevent, diagnose and treat complications arising from participation in a qualifying Clinical Trial.

Benefits are available only when the Covered Person is clinically eligible for participation in the qualifying Clinical Trial as defined by the researcher.

Routine patient care costs for qualifying Clinical Trials include:

- Covered Health Services for which Benefits are typically provided absent a Clinical Trial.

- Covered Health Services required solely for the provision of the Experimental or Investigational Service(s) or item, the clinically appropriate monitoring of the effects of the service or item, or the prevention of complications.
- Covered Health Services needed for reasonable and necessary care arising from the provision of an Experimental or Investigational Service(s) or item.

Routine costs for Clinical Trials do not include:

- The Experimental or Investigational Service(s) or item. The only exceptions to this are:
  - Certain *Category B* devices.
  - Certain promising interventions for patients with terminal illnesses.
  - Other items and services that meet specified criteria in accordance with UnitedHealthcare's medical and drug policies.
- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.
- A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- Items and services provided by the research sponsors free of charge for any person enrolled in the trial.

The Hospital or other provider is not required to get authorization for the time periods stated above. Authorizations are required for longer lengths of stay. If the mother agrees, the attending Physician may discharge the mother and/or the newborn child earlier than these minimum timeframes.

Preventive Care Services

The Plan pays Benefits for Preventive care services provided on an outpatient basis at a Physician's office, an Alternate Facility or a Hospital. Preventive care services encompass medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to have a beneficial effect on health outcomes and include the following as required under applicable law:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.

- Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.

Preventive care Benefits defined under the *Health Resources and Services Administration (HRSA)* requirement include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Breast pumps must be ordered by or provided by a Physician. You can obtain additional information on how to access Benefits for breast pumps by going to **www.myuhc.com** or by calling the number on your ID card. Benefits for breast pumps also include the cost of purchasing one breast pump per Pregnancy in conjunction with childbirth. If more than one breast pump can meet your needs, Benefits are available only for the most cost effective pump. UnitedHealthcare will determine the following:

- Which pump is the most cost effective.
- Whether the pump should be purchased or rented.
- Duration of a rental.
- Timing of an acquisition.

Benefits are only available if breast pumps are obtained from a DME provider or Physician.

For questions about your preventive care Benefits under this Plan call the number on your ID card.

Benefits under this section are provided only for external prosthetic devices and do not include any device that is fully implanted into the body.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the prosthetic device that meets the minimum specifications for your needs. The device must be ordered or provided either by a Physician, or under a Physician's direction. If you purchase a prosthetic device that exceeds these minimum specifications, the Plan will

pay only the amount that it would have paid for the prosthetic that meets the minimum specifications, and you may be responsible for paying any difference in cost.

Benefits are available for repairs and replacement, except that:

- There are no Benefits for repairs due to misuse, malicious damage or gross neglect.
- There are no Benefits for replacement due to misuse, malicious damage, gross neglect or for lost or stolen prosthetic devices.

Benefits are limited to a single purchase of each type of prosthetic device every three calendar years.

Note: Prosthetic devices are different from DME - see *Durable Medical Equipment (DME)* in this section.

Reconstructive Procedures

Reconstructive Procedures are services performed when the primary purpose of the procedure is either to treat a medical condition or to improve or restore physiologic function for an organ or body part. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Improving or restoring physiologic function means that the organ or body part is made to work better. An example of a Reconstructive Procedure is surgery on the inside of the nose so that a person's breathing can be improved or restored.

Benefits for Reconstructive Procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Replacement of an existing breast implant is covered by the Plan if the initial breast implant followed a mastectomy. Other services required by the *Women's Health and Cancer Rights Act of 1998*, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact UnitedHealthcare at the number on your ID card for more information about Benefits for mastectomy-related services.

There may be times when the primary purpose of a procedure is to make a body part work better. However, in other situations, the purpose of the same procedure is to improve the appearance of a body part. Cosmetic procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. A good example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a reconstructive procedure. In other cases, improvement in appearance is the primary intended purpose, which is considered a Cosmetic Procedure. This Plan does not provide Benefits for Cosmetic Procedures, as defined in Section 13, *Glossary*.

The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery

(or other procedures done to relieve such consequences or behavior) as a reconstructive procedure.

For all rehabilitation services, a licensed therapy provider, under the direction of a Physician (when required by state law), must perform the services. Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility. Rehabilitative services provided in a Covered Person's home by a Home Health Agency are provided as described under *Home Health Care*. Rehabilitative services provided in a Covered Person's home other than by a Home Health Agency are provided as described under this section.

The Claims Administrator will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. Therapies provided for the purpose of general well-being or conditioning in the absence of a disabling condition are not considered habilitative services. A service will not be determined to be "skilled" simply because there is not an available caregiver.

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist or Physician.
- The initial or continued treatment must be proven and not Experimental or Investigational.

Custodial Care, respite care, day care, therapeutic recreation, vocational training and Residential Treatment are not habilitative services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

The Plan may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow the Plan to substantiate that initial or continued medical treatment is needed. When the treating provider anticipates that continued treatment is or will be required to permit the Covered Person to achieve demonstrable progress, the Plan may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

SECTION 8 - CLAIMS PROCEDURES

What this section includes:

- How Network and non-Network claims work.
- What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Copay or Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for meeting the Annual Deductible and paying any Copay or Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider as a result of an Emergency, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on your ID card.

You must submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to UnitedHealthcare within 15 months of the date of service, Benefits for that health service will be denied or reduced, at UnitedHealthcare's discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Prescription Drug Benefit Claims

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

- You are asked to pay the full cost of the Prescription Drug Product when you fill it and you believe that the Plan should have paid for it.
- You pay a Copay and you believe that the amount of the Copay was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Service, you may submit a pre-service request for Benefits as described in this section.

If Your Provider Does Not File Your Claim

You can obtain a claim form by visiting **www.myuhc.com**, calling the toll-free number on your ID card or contacting People & Culture Services. If you do not have a claim form, simply attach a brief letter of explanation to the bill, and verify that the bill contains the

information listed below. If any of these items are missing from the bill, you can include them in your letter:

- Your name and address.
- The patient's name, age and relationship to the Participant.
- The number as shown on your ID card.
- The name, address and tax identification number of the provider of the service(s).
- A diagnosis from the Physician.
- The date of service.
- An itemized bill from the provider that includes:
  - The *Current Procedural Terminology (CPT)* codes.
  - A description of, and the charge for, each service.
  - The date the Sickness or Injury began.
  - A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card. When filing a claim for outpatient Prescription Drug Product Benefits, submit your claim to the pharmacy benefit manager claims address noted on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the provider the charges you incurred.

Payment of Benefits

Except as required by the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)*, you may not assign, transfer, or in any way convey your Benefits under the Plan or any cause of action related to your Benefits under the Plan to a provider or to any other third party. Nothing in this Plan shall be construed to make the Plan, Plan Sponsor, or Claims Administrator or its affiliates liable for payments to a provider or to a third party to whom you may be liable for payments for Benefits.

The Plan will not recognize claims for Benefits brought by a third party. Also, any such third party shall not have standing to bring any such claim independently, as a Covered Person or beneficiary, or derivatively, as an assignee of a Covered Person or beneficiary.

References herein to "third parties" include references to providers as well as any collection agencies or third parties that have purchased accounts receivable from providers or to whom accounts receivables have been assigned.

As a matter of convenience to a Covered Person, and where practicable for the Claims Administrator (as determined in its sole discretion), the Claims Administrator may make payment of Benefits directly to a provider.

Any such payment to a provider:

- is NOT an assignment of your Benefits under the Plan or of any legal or equitable right to institute any proceeding relating to your Benefits; and
- is NOT a waiver of the prohibition on assignment of Benefits under the Plan; and
- shall NOT estop the Plan, Plan Sponsor, or Claims Administrator from asserting that any purported assignment of Benefits under the Plan is invalid and prohibited.

If this direct payment for your convenience is made, the Plan's obligation to you with respect to such Benefits is extinguished by such payment. If any payment of your Benefits is made to a provider as a convenience to you, the Claims Administrator will treat you, rather than the provider, as the beneficiary of your claim for Benefits, and the Plan reserves the right to offset any Benefits to be paid to a provider by any amounts that the provider owes the Plan (including amounts owed as a result of the assignment of other plans' overpayment recovery rights to the Plan), pursuant to *Refund of Overpayments* in *Section [9][10]: Coordination of Benefits*.

Form of Payment of Benefits

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in the form of other consideration that UnitedHealthcare in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of amounts the provider owes to other plans for which UnitedHealthcare makes payments, where the Plan has taken an assignment of the other plans' recovery rights for value.

Health Statements

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at **www.myuhc.com**. You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

Explanation of Benefits (EOB)

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also

view and print all of your EOBs online at **www.myuhc.com**. See Section 13, *Glossary*, for the definition of Explanation of Benefits.

Important - Timely Filing of Non-Network Claims
All claim forms for non-Network services must be submitted within 15 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by UnitedHealthcare. This 12-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Denials and Appeals

If Your Claim is Denied

If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim

If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit urgent care appeals in writing. This communication should include:

- The patient's name and ID number as shown on the ID card.
- The provider's name.
- The date of medical service.
- The reason you disagree with the denial.
- Any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare - Appeals
P.O. Box 30432
Salt Lake City, Utah 84130-0432

For urgent care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

Types of claims
The timing of the claims appeal process is based on the type of claim you are appealing. If you wish to appeal a claim, it helps to understand whether it is an:

- Urgent care request for Benefits.
- Pre-service request for Benefits.
- Post-service claim.
- Concurrent claim.

Review of an Appeal

UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- An appropriate individual(s) who did not make the initial benefit determination.
- A health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Filing a Second Appeal

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from UnitedHealthcare within 60 days from receipt of the first level appeal determination.

Note: Upon written request and free of charge, any Covered Persons may examine documents relevant to their claim and/or appeals and submit opinions and comments. UnitedHealthcare will review all claims in accordance with the rules established by the *U.S. Department of Labor*.

External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by UnitedHealthcare, or if UnitedHealthcare fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of UnitedHealthcare's determination. The process is available at no charge to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received UnitedHealthcare's decision.

An external review request should include all of the following:

- A specific request for an external review.
- The Covered Person's name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review is comprised of all of the following:

- A preliminary review by UnitedHealthcare of the request.
- A referral of the request by UnitedHealthcare to the IRO.
- A decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The IRO will notify you in writing of the request's eligibility and acceptance for external review and if necessary, for any additional information needed to conduct the external review. You will generally have to submit the additional information in writing to the IRO within ten business days following the date you receive the IRO's request for the additional information. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making UnitedHealthcare's determination. The documents include:

- All relevant medical records.
- All other documents relied upon by UnitedHealthcare.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim as new and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing UnitedHealthcare's determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision agrees with UnitedHealthcare's determination, the Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the

life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, UnitedHealthcare will determine whether the individual meets both of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim as new and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Timing of Appeals Determinations

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- Urgent care request for Benefits - a request for Benefits provided in connection with urgent care services.
- Pre-Service request for Benefits - a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-urgent care is provided.
- Post-Service - a claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the Claims Administrator's decision letter to you.

The tables below describe the time frames which you and UnitedHealthcare are required to follow.

UnitedHealthcare must notify you of the second level appeal decision within:	**30 days** after receiving the second level appeal

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. UnitedHealthcare will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Limitation of Action

You cannot bring any legal action against the Plan Administrator or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against the Plan Administrator or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against the Plan Administrator or the Claims Administrator.

You cannot bring any legal action against the Plan Administrator or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against the Plan Administrator or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against the Plan Administrator or the Claims Administrator.

SECTION 9 - COORDINATION OF BENEFITS (COB)

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Plan will be coordinated with those of any other plan that provides benefits to you.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies to you if you are covered by more than one health benefits plan, including any one of the following:

- Another employer sponsored health benefits plan.
- A medical component of a group long-term care plan, such as skilled nursing care.
- No-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy.
- Medical payment benefits under any premises liability or other types of liability coverage.
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The Secondary Plan may determine its benefits based on the benefits paid by the Primary Plan. How much this Plan will reimburse you, if anything, will also depend in part on the Allowable Expense. The term, "Allowable Expense," is further explained below.

What Are the Rules for Determining the Order of Benefit Payments?

Order of Benefit Determination Rules

The order of benefit determination rules determine whether this Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When this Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When this Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. This Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy.

B. When you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first.

C. Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent or Dependent**. The Plan that covers the person other than as a dependent, for example as an employee, former employee under COBRA, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

   a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
      (1) The Plan of the parent whose birthday falls earlier in the [calendar][Plan] year is the Primary Plan; or
      (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.

   b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
      (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
      (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
      (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.

(4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

a) The Plan covering the Custodial Parent.
b) The Plan covering the Custodial Parent's spouse.
c) The Plan covering the non-Custodial Parent.
d) The Plan covering the non-Custodial Parent's spouse.

For purpose of this section, Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.

d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.

(ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled C.1. can determine the order of benefits.

4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled C.1. can determine the order of benefits.

5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the Primary Plan.

How Are Benefits Paid When This Plan is Secondary?

If this Plan is secondary to any plan other than Medicare, it determines the amount it will pay for a Covered Health Service by following the steps below.

- The Plan determines the amount it would have paid based on the Allowable expense.
- The Plan pays the entire difference between the Allowable Expense and the amount paid by the Primary Plan, as long as this amount is not more than the Plan would have paid had it been the only plan involved.
- If, based on the Allowable Expense, the Plan would have paid more if it were the only plan involved, the difference between the amount it would have paid and the amount it actually paid is recorded as a benefit reserve for the Covered Person. This reserve can be used to pay any future Allowable Expenses not otherwise paid by the Plan during the calendar year.
- At the end of the calendar year, the benefit reserve returns to zero. A new benefit reserve is created for each calendar year.

You will be responsible for any applicable Copayment, Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you may receive from all plans cannot exceed 100% of the Allowable Expense.

How is the Allowable Expense Determined when this Plan is Secondary?

Determining the Allowable Expense If this Plan is Secondary

What is an Allowable Expense? For purposes of COB, an Allowable Expense is a health care expense that is covered at least in part by one of the health benefit plans covering you.

When the provider is a Network provider for both the Primary Plan and this Plan, the Allowable Expense is the Primary Plan's network rate. When the provider is a network provider for the Primary Plan and a non-Network provider for this Plan, the Allowable Expense is the Primary Plan's network rate. When the provider is a non-Network provider for the Primary Plan and a Network provider for this Plan, the Allowable Expense is the reasonable and customary charges allowed by the Primary Plan. When the provider is a non-Network provider for both the Primary Plan and this Plan, the Allowable Expense is the greater of the two Plans' reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled "Determining the Allowable Expense When this Plan is Secondary to Medicare".

What is Different When You Qualify for Medicare?

Determining Which Plan is Primary When You Qualify for Medicare

As permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older (however, Domestic Partners are excluded as provided by Medicare).

- Individuals with end-stage renal disease, for a limited period of time.
- Disabled individuals under age 65 with current employment status and their Dependents under age 65.

Determining the Allowable Expense When this Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the Allowable Expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service. Medicare typically reimburses such providers a percentage of its approved charge – often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare – typically 115% of the Medicare approved amount) will be the Allowable Expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the Allowable Expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from an Opt-out provider or one that does not participate in the Medicare program or a provider who does not accept assignment of Medicare benefits, Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider.

When calculating the Plan's Benefits in these situations, and when Medicare does not issue an EOMB, for administrative convenience the Claims Administrator will treat the provider's billed charges for covered services as the Allowable Expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

If this Plan is secondary to Medicare, it determines the amount it will pay for a Covered Health Services by following the steps below.

- The Plan determines the amount it would have paid had it been the only plan involved.
- The Plan pays the entire difference between the Allowable Expense and the amount paid by the Primary Plan – as long as this amount is not more than the Plan would have paid had it been the only plan involved.

Medicare Crossover Program

The Plan offers a Medicare Crossover program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated Crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated crossover took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This crossover process does not apply to expenses that Medicare does not cover. You must continue to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on your ID card.

Right to Receive and Release Needed Information?

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. The Claims Administrator may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

The Claims Administrator does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give the Claims Administrator any facts needed to apply those rules and determine benefits payable. If you do not provide the Claims Administrator the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Does This Plan Have the Right of Recovery?

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Plan Sponsor may recover the amount in the form of salary, wages, or benefits payable under any Plan Sponsor-funded benefit plans, including this Plan. The Plan Sponsor also reserves the right to recover any overpayment by legal action or offset payments on future Eligible Expenses.

If the Plan overpays a health care provider, the Claims Administrator reserves the right to recover the excess amount from the provider pursuant to Refund of Overpayments, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person or any other person or organization that was paid, must make a refund to the Plan if:

- The Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by you, but all or some of the expenses were not paid by you or did not legally have to be paid by you.
- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, you agree to help the Plan get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for you that are payable under the Plan. If the refund is due from a person or organization other than you, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future Benefits that are payment in connection with services provided to persons under other plans for which the Claims Administrator processes payments, pursuant to a transaction in which the Plan's overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment. The reallocated payment amount will either:

- equal the amount of the required refund, or
- if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan.

The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.

SECTION 10 - SUBROGATION AND REIMBURSEMENT

The Plan has a right to subrogation and reimbursement. References to "you" or "your" in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly to be responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation - Example
Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any Benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement - Example
Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- The Plan Sponsor in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide Benefits or payments to you, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.

- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
  - Notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
  - Providing any relevant information requested by the Plan.
  - Signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim.
  - Responding to requests for information about any accident or injuries.
  - Making court appearances.
  - Obtaining the Plan's consent or its agents' consent before releasing any party from liability or payment of medical expenses.
  - Complying with the terms of this section.

  Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.
- The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Benefits paid by the Plan may also be considered to be Benefits advanced.

- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits from the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets to the extent of the amount of Plan Benefits provided on behalf of the Covered Person, (ii) you and your representative shall be fiduciaries of the Plan (within the meaning of ERISA), if applicable with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.
- The Plan's rights to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any Benefits, claims or rights of recovery you have under any automobile policy - including no-fault Benefits, PIP Benefits and/or medical payment Benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting Benefits, you acknowledge and recognize the Plan's right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- The Plan may, at its option, take necessary and appropriate action to preserve its rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan's right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If a third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.
- In the event that you do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate Benefits to you, your dependents or the participant, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value

of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

Right of Recovery

The Plan also has the right to recover Benefits it has paid on you or your Dependent's behalf that were:

- Made in error.
- Due to a mistake in fact.
- Advanced during the time period of meeting the calendar year Deductible.
- Advanced during the time period of meeting the Out-of-Pocket Maximum for the calendar year.

Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- Require that the overpayment be returned when requested.
- Reduce a future Benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of Benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- Submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan.
- Conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.

SECTION 11 - WHEN COVERAGE ENDS

What this section includes:

- Circumstances that cause coverage to end.
- Extended coverage.
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, the Plan Administrator will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Your coverage under the Plan will end on the earliest of:

- The last day of the month your employment with the Company ends.
- The date the Plan ends.
- The last day of the month you stop making the required contributions.
- The last day of the month you are no longer eligible.
- The last day of the month UnitedHealthcare receives written notice from the Plan Administrator to end your coverage, or the date requested in the notice.
- The last day of the month you retire or are pensioned under the Plan, unless specific coverage is available for retired or pensioned persons and you are eligible for that coverage.

Coverage for your eligible Dependents will end on the earliest of:

- The date your coverage ends.
- The last day of the month you stop making the required contributions.
- The last day of the month UnitedHealthcare receives written notice from The Plan Administrator to end your coverage, or the date requested in the notice.
- The last day of the month your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide at least thirty days' prior written notice to you that your coverage will end on the date identified in the notice if you commit an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact including, but not

limited to, knowingly providing incorrect information relating to another person's eligibility or status as a Dependent, improper use of ID, failure to pay, or threatening behavior. You may appeal this decision during the 30-day notice period. The notice will contain information on how to pursue your appeal.

Note: If UnitedHealthcare and the Company find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact, the Company has the right to demand that you pay back all Benefits the Company paid to you, or paid in your name, during the time you were incorrectly covered under the Plan. Failure to comply with the eligibility requirements as set forth in this SPD may lead to disciplinary action, up to and including, termination of employment.

Coverage for a Disabled Child

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as:

- The child is unable to be self-supporting due to a mental or physical handicap or disability.
- The child depends mainly on you for support.
- You provide to the Plan Administrator proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached a certain age.
- You provide proof, upon the Plan Administrator's request, that the child continues to meet these conditions.

The proof might include medical examinations at the Plan Administrator's expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days, the Plan will no longer pay Benefits for that child.

Coverage will continue, as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

Extended Coverage for Total Disability

If a Covered Person has a Total Disability on the date their coverage under the Plan ends, their Benefits will not end automatically. The Plan will temporarily extend coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of:

- The Total Disability ends.
- Twelve months from the date coverage would have ended.

Continuing Coverage Through COBRA

COBRA continuation coverage is a temporary extension of coverage under the Plan. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for Medicaid, or for a 30-day special enrollment period to enroll in another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees. Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of a qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

Qualified Beneficiaries

A Qualified Beneficiary generally is any individual covered by a group health plan on the day before a Qualifying Event, such as an employee, the employee's spouse, and dependent children. Dependents continuing coverage under the Uniformed Services Employment and Reemployment Rights Act (USERRA) are not considered to be Qualified Beneficiaries for COBRA purposes.

A child born to, placed for adoption with, or adopted by the covered employee during a period of COBRA coverage will be considered on the same basis as the covered employee.

Qualifying Events

A Qualifying Event is a life event that would cause the Qualified Beneficiary to lose coverage under the Plan including;

- Termination of employment (other than for gross misconduct), reduction in hours of an eligible employee
- Divorce, legal separation, dependent cessation (a child no longer qualifies as an eligible dependent under the Plan)

- Death of the employee
- Extended military leave of the employee
- Medicare entitlement (Part A, Part B or both) of the employee.

The taking of leave under the Family Medical Leave Act does not constitute a Qualifying Event under COBRA.

COBRA continuation coverage begins on the date that Plan coverage would otherwise have been lost. Qualified Beneficiaries electing continuation coverage must pay 102 percent of the cost of that coverage.

The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator has been notified that a Qualifying Event has occurred. For a Qualifying Event such as termination of employment, reduction in hours, death of the employee, or extended military leave of the employee, the employer will notify the Plan Administrator within 31 days of the qualifying event. The Plan Administrator will notify you within 14 days of your rights, enrollment deadlines and the premium required for your continued coverage. Each Qualified Beneficiary will have an independent right to elect continuation coverage.

You must notify the Plan Administrator in writing in the event of a divorce or legal separation, Medicare entitlement (Part A, Part B or both), or in the event a child no longer qualifies as a dependent, as soon as possible, but no later than 60 days after the date of the Qualifying Event. The Plan Administrator will notify you within 14 days of your rights, enrollment deadlines and the premium required for your continued coverage.

How long coverage may be continued

- Up to 18 months for the reason of termination of employment (other than for gross misconduct) or reduction in hours of an eligible employee
- Up to 24 months for the reason of continued military leave as defined by USERRA
- Up to 36 months for the reason of death of an employee, a divorce or legal separation, the employee becoming entitled to Medicare benefits (Part A, Part B or both), or a dependent child ceasing to be eligible under the plan
- Up to 36 months for Qualified Beneficiaries, other than the employee, if the Qualifying Event is termination of employment or reduction in hours of the employee, and the employee became entitled to Medicare benefits (Part A, Part B or both) less than 18 months before the Qualifying Event.

Extended Coverage due to Disability

Coverage could be extended up to 11 months, for a total of 29 months of coverage, for all Qualified Beneficiaries if:

- A Qualified Beneficiary is totally disabled according to the Social Security Administration before the 60th day of COBRA continuation coverage, lasting at least until the end of the 18-month period of continuation coverage; and

- The employee or eligible dependent provides the People & Culture Services with a copy of the Social Security Administration (SSA) Determination of Total Disability (notice must be received within the initial 18 months of continued coverage); and
- Timely premium payments are made (premiums are increased to 150 percent of the cost of coverage for the additional 11 months).
- The Plan Administrator must be notified within 31 days if the Qualified Beneficiary is no longer considered disabled by the Social Security Administration.

Employees disabled while continuing coverage under USERRA are not eligible for the 11-month extension rule.

Second Qualifying Events

Coverage for qualified dependents could be extended up to 36 months from the date of the Initial Qualifying Event if:

- The covered employee dies
- A divorce or legal separation from the covered employee occurs
- A covered dependent child no longer qualifies as an eligible dependent
- A covered employee subsequently becomes entitled to Medicare (Part A, Part B or both) during the initial 18-month COBRA period.

These events can be a Second Qualifying Event only if they would have caused the Qualified Beneficiary to lose coverage under the Plan if the Initial Qualifying Event had not occurred. You must notify the People & Culture Services within 60 days after a Second Qualifying Event occurs if you wish to extend coverage.

For Additional Questions

For more information about your rights and obligations under the Plan and federal law you may contact the nearest regional or district office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of the EBSA Offices are available through the EBSA website at www.dol.gov/ebsa.

Getting Started

You will be notified by mail if you become eligible for COBRA coverage as a result of a reduction in work hours or termination of employment. The notification will give you instructions for electing COBRA coverage, and advise you of the monthly cost. Your monthly cost is the full cost, including both Participant and Employer costs, plus a 2% administrative fee or other cost as permitted by law.

You will have up to 60 days from the date you receive notification or 60 days from the date your coverage ends to elect COBRA coverage, whichever is later. You will then have an additional 45 days to pay the cost of your COBRA coverage, retroactive to the date your Plan coverage ended.

During the 60-day election period, the Plan will, only in response to a request from a provider, inform that provider of your right to elect COBRA coverage, retroactive to the date your COBRA eligibility began.

While you are a participant in the medical Plan under COBRA, you have the right to change your coverage election:

- During Open Enrollment.
- Following a change in family status.

Trade Act of 2002

The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Participants who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals: generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the Trade Act of 1974. These Participants are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.

If a Participant qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact the Plan Administrator for additional information. The Participant must contact the Plan Administrator promptly after qualifying for assistance under the Trade Act of 1974 or the Participant will lose his or her special COBRA rights. COBRA coverage elected during the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

Uniformed Services Employment and Reemployment Rights Act

A Participant who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Participant and the Participant's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Participants may elect to continue coverage under the Plan by notifying the Plan Administrator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Plan Administrator normally pays on a Participant's behalf. If a Participant's Military Service is for a period of time less than 31 days, the Participant may not be required

to pay more than the regular contribution amount, if any, for continuation of health coverage.

A Participant may continue Plan coverage under USERRA for up to the lesser of:

- The 24 month period beginning on the date of the Participant's termination of coverage under the Plan.
- The day after the date on which the Participant fails to apply for, or return to, a position of employment.

Regardless of whether a Participant continues health coverage, if the Participant returns to a position of employment, the Participant's health coverage and that of the Participant's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on a Participant or the Participant's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.

SECTION 12 - OTHER IMPORTANT INFORMATION

What this section includes:

- Court-ordered Benefits for Dependent children.
- Your relationship with UnitedHealthcare and the Company.
- Relationships with providers.
- Interpretation of Benefits.
- Information and records.
- Incentives to providers and you.
- The future of the Plan.
- How to access the official Plan documents.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and the Company

In order to make choices about your health care coverage and treatment, Adams County Government believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- The Company and UnitedHealthcare do not decide what care you need or will receive. You and your Physician make those decisions.
- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive. The Plan pays for Covered Health Services, which are more fully described in this SPD.

- The Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

The Company and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. The Company and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. The Company and UnitedHealthcare will use de-identified data for commercial purposes including research.

Relationship with Providers

The Claims Administrator has agreements in place that govern the relationships between it and the Company and Network providers, some of which are affiliated providers. Network providers enter into agreements with the Claims Administrator to provide Covered Health Services to Covered Persons.

The Company and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, the Company and UnitedHealthcare arrange for health care providers to participate in a Network and administer payment of Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not the Company's employees nor are they employees of UnitedHealthcare. The Company and UnitedHealthcare are not responsible for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

The Company is solely responsible for:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the service fee to UnitedHealthcare.
- The funding of Benefits on a timely basis.
- Notifying you of the termination or modifications to the Plan.

When the Plan Sponsor establishes the Plan to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("*ERISA*"), *29 U.S.C. §1001 et seq.*, the Claims Administrator is not the plan administrator or named fiduciary of the benefit plan, as those terms are used in *ERISA*. If you have questions about your welfare benefit plan, you should contact the Plan Sponsor. If you have any questions about this statement or about your rights under *ERISA*, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor.*

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.
- You are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance, any deductible and any amount that exceeds Eligible Expenses.
- You are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- Must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Company is that of employer and employee, Dependent or other classification as defined in the SPD.

Interpretation of Benefits

The Company and UnitedHealthcare have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD, the Schedule of Benefits and any Addendums and/or Amendments.
- Make factual determinations related to the Plan and its Benefits.

The Company and UnitedHealthcare may delegate this discretionary authority to other persons or entities including Claims Administrator's affiliates that provide services in regard to the administration of the Plan. The identity of the service providers and the nature of their services may be changed from time to time in Plan Sponsor's and the Claims Administrator's discretion. In order to receive Benefits, you must cooperate with those service providers.

In certain circumstances, for purposes of overall cost savings or efficiency, the Company may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that the Company does so in any particular case shall not in any way be deemed to require the Company to do so in other similar cases.

Information and Records

The Company and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. The Company and UnitedHealthcare may request additional information from you to decide your claim for Benefits. The Company and UnitedHealthcare will keep this information

confidential. The Company and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish the Company and UnitedHealthcare with all information or copies of records relating to the services provided to you. The Company and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have signed the Participant's enrollment form. The Company and UnitedHealthcare agree that such information and records will be considered confidential.

The Company and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as the Company is required to do by law or regulation. During and after the term of the Plan, The Company and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements the Company recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, the Company and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

Incentives to Providers

Network providers may be provided financial incentives by UnitedHealthcare to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness.
- A practice called capitation which is when a group of Network providers receives a monthly payment from UnitedHealthcare for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Services for a particular procedure or medical condition. The applicable Copayment and/or Coinsurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Copayment and/or Coinsurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Services that are not considered part of the inclusive bundled payment and those Covered Health Services would be subject to the applicable Copayment and/or Coinsurance as described in your *Plan Highlights*.

The Claims Administrator uses various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with the Claims Administrator includes any financial incentives, the Claims Administrator encourages you to discuss those questions with your provider. You may also call the Claims Administrator at the telephone number on your ID card. The Claims Administrator can advise whether your Network provider is paid by any financial incentive, including those listed above.

Incentives to You

Sometimes you may be offered coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. You may call the number on your ID card if you have any questions. Additional information may be found in Section 6, *Clinical Programs and Resources*.

Rebates and Other Payments

The Company and UnitedHealthcare may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. The Company and UnitedHealthcare may pass a portion of these rebates on to you. When rebates are passed on to you, they may be taken into account in determining your Copays.

Workers' Compensation Not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Future of the Plan

Although the Company expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Company does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.

Plan Document

This Summary Plan Description (SPD) is the official plan document that has been adopted by the Company. There is no other document that controls the benefits under the Plan.

Review and Determine Benefits in Accordance with UnitedHealthcare Reimbursement Policies

UnitedHealthcare develops its reimbursement policy guidelines, in its sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that UnitedHealthcare accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), UnitedHealthcare's reimbursement policies are applied to provider billings. UnitedHealthcare shares its reimbursement policies with Physicians and other providers in UnitedHealthcare's Network through UnitedHealthcare's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by UnitedHealthcare's reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for

any amounts the Plan does not pay, including amounts that are denied because one of UnitedHealthcare's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of UnitedHealthcare's reimbursement policies for yourself or to share with your non-Network Physician or provider by going to **www.myuhc.com** or by calling the telephone number on your ID card.

UnitedHealthcare may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Service. If the methodology(ies) currently in use become no longer available, UnitedHealthcare will use a comparable methodology(ies). UnitedHealthcare and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to UnitedHealthcare's website at **www.myuhc.com** for information regarding the vendor that provides the applicable methodology.

Substance-Related and Addictive Disorders Services - services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Service.

Surrogate - a female who becomes pregnant usually by artificial insemination or transfer of a fertilized egg (embryo) for the purpose of carrying the fetus for another person. When the surrogate provides the egg and is therefore biologically (genetically) related to the child.

Telehealth/Telemedicine - live, interactive audio with visual transmissions of a Physician-patient encounter from one site to another using telecommunications technology. The site may be a *CMS* defined originating facility or another location such as a Covered Person's home or place of work. Telehealth/Telemedicine does not include virtual care services provided by a Designated Virtual Network Provider.

Total Disability or Totally Disabled - a Participant's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's or retired person's inability to perform the normal activities of a person of like age and gender.

Transitional Living - Mental Health Services and Substance-Related and Addictive Disorders Services that are provided through facilities, group homes and supervised apartments that provide 24-hour supervision, including those defined in *American Society of Addiction Medicine (ASAM)* criteria, that are either:

- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.
- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments that provide stable and safe housing and the opportunity to learn how to manage activities of daily living. Supervised living arrangements may be utilized

as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

Unproven Services - health services, including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials are two or more treatments compared to each other, with the patient not being allowed to choose which treatment is received.
- Well-conducted cohort studies from more than one institution are studies in which patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.

UnitedHealthcare has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, UnitedHealthcare issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at **www.myuhc.com**.

Please note:

- If you have a life threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment), UnitedHealthcare may, at its discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, UnitedHealthcare must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare's discretion. Other apparently similar promising but unproven services may not qualify.

Urgent Care - care that requires prompt attention to avoid adverse consequences, but does not pose an immediate threat to a person’s life. Urgent care is usually delivered in a walk-in setting and without an appointment. Urgent care facilities are a location, distinct from a hospital emergency department, an office or a clinic. The purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.

Urgent Care Center - a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at a Network Pharmacy and are subject to Copayments or other payments that vary depending on which of the tiers of the Prescription Drug List (PDL) the Prescription Drug Product is listed. Refer to the Outpatient Prescription Drug Schedule of Benefits for applicable Copayments requirements.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

What You Must Pay

You are responsible for paying the Annual Drug Deductible.

You are responsible for paying the applicable Copayment described in the *Payment Information - Outpatient Prescription Drugs* table or *Schedule of Benefits - Outpatient Prescription Drugs*.

The amount you pay for any of the following under this section will be included in calculating any Out-of-Pocket Maximum stated in your SPD:

- The Annual Drug Deductible.

The amount you pay for any of the following under this section will not be included in calculating any Out-of-Pocket Maximum stated in your SPD:

Payment Terms and Features - Outpatient Prescription Drugs

Prescription Drug Product Coverage Highlights

The table below provides an overview of the Plan's Prescription Drug Product coverage. It includes Copay amounts that apply when you have a prescription filled at a Network Pharmacy after you meet the Annual Prescription Drug Deductible. For detailed descriptions of your Benefits, refer to *Retail* and *Mail Order* in this section.

Note: An Annual Prescription Drug Deductible of $100 per Covered Person, not to exceed $300 for all Covered Persons in the family applies to your Network Benefits, which is separate from the Annual Deductible for your medical coverage. Copays do not apply toward the Annual Prescription Drug Deductible.

Coupons: UnitedHealthcare may not permit certain coupons or offers from pharmaceutical manufacturers to reduce your Copayment or apply to your Annual Drug Deductible. You may access information on which coupons or offers are not permitted through the Internet at **www.myuhc.com** or by calling the number on your ID card.

If a Brand-name Drug Becomes Available as a Generic

If a Brand-name Prescription Drug Product becomes available as a Generic drug, the tier placement of the Brand-name Prescription Drug Product may change. As a result, your Copay may change. You will pay the Copay applicable for the tier to which the Prescription Drug Product is assigned.

Notification Requirements

Before certain Prescription Drug Products are dispensed to you, it is the responsibility of your Physician, your pharmacist or you to notify UnitedHealthcare or its designee. The reason for notifying UnitedHealthcare or its designee is to determine if the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service as defined by the Plan.
- It is not an Experimental or Investigational or Unproven Service, as defined in Section 13, *Glossary*.

The Plan may also require you to notify UnitedHealthcare or its designee so UnitedHealthcare can determine whether the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, was prescribed by a Specialist Physician.

Network Pharmacy Notification

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for notifying UnitedHealthcare.

If UnitedHealthcare is not notified before the Prescription Drug Product is dispensed, you can ask UnitedHealthcare to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from the Plan as described in Section 8, *Claims Procedures*.

When you submit a claim on this basis, you may pay more because you did not notify UnitedHealthcare before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and any Deductible that applies.

To determine if a Prescription Drug Product requires notification, either visit **www.myuhc.com** or call the number on your ID card. The Prescription Drug Products requiring notification are subject to UnitedHealthcare's periodic review and modification.

Benefits may not be available for the Prescription Drug Product after UnitedHealthcare reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

UnitedHealthcare may also require notification for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable notification, participation or activation requirements associated with such programs through the Internet at **www.myuhc.com** or by calling the number on your ID card.

Benefit Levels

Benefits are available for outpatient Prescription Drug Products that are considered Covered Health Services.

The Plan pays Benefits at different levels for tier-1, tier-2 and tier-3 Prescription Drug Products.

All Prescription Drug Products covered by the Plan are categorized into these three tiers on the Prescription Drug List (PDL). The tier status of a Prescription Drug Product can change periodically, generally quarterly but no more than six times per calendar year, based on the Prescription Drug List (PDL) Management Committee's periodic tiering decisions. When that occurs, you may pay more or less for a Prescription Drug Product, depending on its tier assignment. Since the PDL may change periodically, you can visit **www.myuhc.com** or call UnitedHealthcare at the number on your ID card for the most current information.

Each tier is assigned a Copay, which is the amount you pay after you have met the Annual Prescription Drug Deductible, when you visit the pharmacy or order your medications through mail order. Your Copay will also depend on whether or not you visit the pharmacy or use the mail order service - see the table shown at the beginning of this section for further details. Here's how the tier system works:

- Tier-1 is your lowest Copay option. For the lowest out-of-pocket expense, you should consider tier-1 drugs if you and your Physician decide they are appropriate for your treatment.
- Tier-2 is your middle Copay option. Consider a tier-2 drug if no tier-1 drug is available to treat your condition.
- Tier-3 is your highest Copay option. The drugs in tier-3 are usually more costly. Sometimes there are alternatives available in tier-1 or tier-2.

For Prescription Drug Products at a retail Network Pharmacy, you are responsible for paying the lowest of:

- The applicable Copay.
- The Network Pharmacy's Usual and Customary Charge for the Prescription Drug.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, you are responsible for paying the lower of:

- The applicable Copay.
- The Prescription Drug Charge for that particular Prescription Drug.

Retail

Benefits are provided for Prescription Drug Products dispensed by a retail Network Pharmacy. The Plan has a Network of participating retail pharmacies, which includes many large drug store chains. You can obtain information about Network Pharmacies by contacting UnitedHealthcare at the number on your ID card or by logging onto **www.myuhc.com**.

To obtain your prescription from a Network Pharmacy, simply present your ID card and pay the Copay, after meeting the Annual Prescription Drug Deductible. The following supply limits apply:

- As written by the provider, up to a consecutive 31-day supply of a Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.
- A one-cycle supply of an oral contraceptive. You may obtain up to three cycles at one time if you pay the Copay for each cycle supplied.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copay that applies will reflect the number of days dispensed.

If you purchase a Prescription Drug from a non-Network Pharmacy, you will be required to pay full price and will not receive reimbursement under the Plan.

Note: Network Pharmacy Benefits apply only if your prescription is for a Covered Health Service, and not for Experimental or Investigational, or Unproven Services. Otherwise, you are responsible for paying 100% of the cost.

Mail Order

Benefits are provided for certain Prescription Drug Products dispensed by a mail order Network Pharmacy. The mail order service may allow you to purchase up to a 90-day supply of a covered Prescription Drug Product through the mail from a Network Pharmacy.

To use the mail order service, all you need to do is complete a patient profile and enclose your Prescription Order or Refill. Your medication, plus instructions for obtaining refills, will arrive by mail about 14 days after your order is received. If you need a patient profile form, or if you have any questions, you can reach UnitedHealthcare at the number on your ID card.

The following supply limits apply: As written by the provider, up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.

You may be required to fill an initial Prescription Drug Product order and obtain one refill through a retail pharmacy prior to using a mail order Network Pharmacy.

Note: To maximize your Benefit, ask your Physician to write your Prescription Order or Refill for a 90-day supply, with refills when appropriate. You will be charged a mail order Copay for any Prescription Order or Refill if you use the mail order service, regardless of the number of days' supply that is written on the order or refill. Be sure your Physician writes your mail order or refill for a 90-day supply, not a 30-day supply with three refills.

Benefits for Preventive Care Medications

Benefits under the Prescription Drug Plan include those for Preventive Care Medications as defined, in this section, under *Glossary - Prescription Drug Products*. You may determine whether a drug is a Preventive Care Medication through the internet at **www.myuhc.com** or by calling UnitedHealthcare at the number on your ID card. Such preventive drugs are covered at 100%.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, UnitedHealthcare may direct you to a Designated Pharmacy with whom it has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, no Benefit will be paid for that Prescription Drug Product.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

You may fill a prescription for Specialty Prescription Drug Products up to two times at any Network Pharmacy. However, after that you will be directed to a Designated Pharmacy.

If you are directed to a Designated Pharmacy and you choose not to obtain your Specialty Prescription Drug Product from a Designated Pharmacy, no Benefit will be paid for that Specialty Prescription Drug Product.

Please see *Glossary - Outpatient Prescription Drugs*, for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

Refer to the *Outpatient Prescription Drug Schedule of Benefits* for details on Specialty Prescription Drug Product supply limits.

Please see *Glossary - Outpatient Prescription Drugs*, in this section for definitions of [4]Specialty Prescription Drug Product and Designated Pharmacy.

Want to lower your out-of-pocket Prescription Drug Product costs?
Consider tier-1 Prescription Drug Products, if you and your Physician decide they are appropriate.

Assigning Prescription Drug Products to the Prescription Drug List (PDL)

UnitedHealthcare's Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on UnitedHealthcare's behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are most cost effective for specific indications as compared to others, therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed, or according to whether it was prescribed by a Specialist Physician.

The PDL Management Committee may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

Note: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access **www.myuhc.com** through the Internet or call the number on your ID card for the most up-to-date tier status.

Prescription Drug, Prescription Drug List (PDL), and Prescription Drug List (PDL) Management Committee are defined at the end of this section.

Prescription Drug List (PDL)
The Prescription Drug List (PDL) is a tool that helps guide you and your Physician in choosing the medications that allow the most effective and affordable use of your Prescription Drug Benefit.

Prescription Drug Benefit Claims

For Prescription Drug Product claims procedures, please refer to Section 8, *Claims Procedures*.

Limitation on Selection of Pharmacies

If UnitedHealthcare determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, UnitedHealthcare may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date the Plan Administrator notifies you, UnitedHealthcare will select a single Network Pharmacy for you.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits that are stated in the table under the heading *Prescription Drug Product Coverage Highlights*. For a single Copayment, you may receive a Prescription Drug Product up to the stated supply limit. Whether or not a Prescription Drug Product has a supply limit is subject to UnitedHealthcare's periodic review and modification.

Note: Some products are subject to additional supply limits based on criteria that the Plan Administrator and UnitedHealthcare have developed, subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a supply limit for dispensing, through the Internet at **www.myuhc.com** or by calling the telephone number on your ID card.

Special Programs

The Company and UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at **www.myuhc.com** or by calling the number on your ID card.

Prescription Drug Products Prescribed by a Specialist Physician

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist Physician. You may access information on which Prescription Drug Products are subject to Benefit enhancement,

reduction or no Benefit through the Internet at **www.myuhc.com** or by calling the telephone number on your ID card.

Step Therapy

Certain Prescription Drug Products for which Benefits are described in this section are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may determine whether a particular Prescription Drug Product is subject to step therapy requirements by visiting **www.myuhc.com** or by calling the number on the back of your ID card.

Rebates and Other Discounts

UnitedHealthcare and the Company may, at times, receive rebates for certain drugs included on the PDL, including those drugs that you purchase prior to meeting any applicable deductible. As determined by UnitedHealthcare, the Plan may pass a portion of these rebates on to you. When rebates are passed on to you they may be taken into account in determining your Copayment and/or Coinsurance.

UnitedHealthcare and a number of its affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug* section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug* section. UnitedHealthcare is not required to pass on to you, and does not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, UnitedHealthcare may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, at your discretion, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Chemically Equivalent - when Prescription Drug Products contain the same active ingredient.

If there should be an inconsistency between the contents of this summary and the contents of the Plan, your rights shall be determined under the Plan and not under this summary.

UnitedHealthcare is a private healthcare claims administrator. UnitedHealthcare's goal is to give you the tools you need to make wise healthcare decisions. UnitedHealthcare also helps your employer to administer claims. Although UnitedHealthcare will assist you in many ways, it does not guarantee any Benefits. The Plan Administrator is solely responsible for paying Benefits described in this SPD.

Please read this SPD thoroughly to learn how the Adams County Government Choice Plus Health Benefit Plan works. If you have questions contact People & Culture Services or call the number on your ID card.

SECTION 2 - HOW THE PLAN WORKS

What this section includes:

- Accessing Benefits.
- Eligible Expenses.
- Annual Deductible.
- Coinsurance.
- Out-of-Pocket Maximum.

Accessing Benefits

As a participant in this Plan, you have the freedom to choose the Physician or health care professional you prefer each time you need to receive Covered Health Services. The choices you make affect the amounts you pay, as well as the level of Benefits you receive and any benefit limitations that may apply.

You are eligible for the Network level of Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services.

You can choose to receive Designated Network Benefits, Network Benefits or Non-Network Benefits.

Designated Network Benefits apply to Covered Health Services that are provided by a Network Physician or other provider that is identified as a Designated Provider. Only certain Physicians and providers have been identified as a Designated Provider. Designated Network Benefits are available only for specific Covered Health Services as identified in Section 5, Plan Highlights. When Designated Network Benefits apply, they are included in and subject to the same Annual Deductible and Out-of-Pocket Maximum requirements as all other Covered Health Services provided by Network providers.

Network Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider.

Non-Network Benefits apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility. In general health care terminology, Non-Network Benefits may also be referred to as Out-of-Network Benefits.

Emergency Health Services provided by a non-Network provider will be reimbursed as set forth under *Eligible Expenses* as described at the end of this section.

Covered Health Services provided at certain Network facilities by a non-Network Physician, when not Emergency Health Services, will be reimbursed as set forth under *Eligible Expenses* as described at the end of this section. For these Covered Health Services, "certain Network facility" is limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security*

Act), an ambulatory surgical center as described in section *1833(i)(1)(A) of the Social Security Act*, and any other facility specified by the Secretary.

Air Ambulance transport provided by a non-Network provider will be reimbursed as set forth under *Eligible Expenses* as described at the end of this section.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under the Plan. As a result, they may bill you for the entire cost of the services you receive.

Generally, when you receive Covered Health Services from a Network provider, you pay less than you would if you receive the same care from a non-Network provider. Therefore, in most instances, your out-of-pocket expenses will be less if you use a Network provider.

If you choose to seek care outside the Network, the Plan generally pays Benefits at a lower level. You are required to pay the amount that exceeds the Eligible Expense. The amount in excess of the Eligible Expense could be significant, and this amount does not apply to the Out-of-Pocket Maximum. You may want to ask the non-Network provider about their billed charges before you receive care.

Health Services from Non-Network Providers Paid as Network Benefits

If specific Covered Health Services are not available from a Network provider, you may be eligible to receive Network Benefits when Covered Health Services are received from a non-Network provider. In this situation, your Network Physician will notify UnitedHealthcare, and if UnitedHealthcare confirms that care is not available from a Network provider, UnitedHealthcare will work with you and your Network Physician to coordinate care through a non-Network provider.

Looking for a Network Provider?
In addition to other helpful information, **www.myuhc.com,** UnitedHealthcare's consumer website, contains a directory of health care professionals and facilities in UnitedHealthcare's Network. While Network status may change from time to time, **www.myuhc.com** has the most current source of Network information. Use **www.myuhc.com** to search for Physicians available in your Plan.

Network Providers

UnitedHealthcare or its affiliates arrange for health care providers to participate in a Network. At your request, UnitedHealthcare will send you a directory of Network providers free of charge. Keep in mind, a provider's Network status may change. To verify a provider's status or request a provider directory, you can call UnitedHealthcare at the number on your ID card or log onto **www.myuhc.com**.

Network providers are independent practitioners and are not employees of the Company or UnitedHealthcare.

UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling UnitedHealthcare. A directory of providers is available online at **www.myuhc.com** or by calling the number on your ID card to request a copy. If you receive a Covered Health Service from a non-Network provider and were informed incorrectly prior to receipt of the Covered Health Service that the provider was a Network provider, either through a database, provider directory, or in a response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for Network Benefits.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits. However, if you are currently receiving treatment for Covered Health Services from a provider whose network status changes from Network to non-Network during such treatment due to expiration or nonrenewal of the provider's contract, you may be eligible to request continued care from your current provider at the Network Benefit level for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact UnitedHealthcare at the number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract with UnitedHealthcare to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact UnitedHealthcare for assistance.

Designated Provider and Other Providers

If you have a medical condition that UnitedHealthcare believes needs special services, UnitedHealthcare may direct you to a Designated Provider chosen by UnitedHealthcare. If you require certain complex Covered Health Services for which expertise is limited, UnitedHealthcare may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Provider, UnitedHealthcare may reimburse certain travel expenses at UnitedHealthcare's discretion.

In both cases, Network Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Provider, Designated Provider or other provider chosen by UnitedHealthcare.

You or your Network Physician must notify UnitedHealthcare of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify UnitedHealthcare in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Provider) or other non-Network provider, Network Benefits will not be paid. Non-Network Benefits may be available if the special needs services you receive are Covered Health Services for which Benefits are provided under the Plan.

Limitations on Selection of Providers

If UnitedHealthcare determines that you are using health care services in a harmful or abusive manner, you may be required to select a Network Physician to provide and coordinate all of your future Covered Health Services. If you don't make a selection within 31 days of the date you are notified, UnitedHealthcare will select a single Network Physician for you. In the event that you do not use the selected Network Physician, Covered Health Services will be paid as Non-Network Benefits.

Eligible Expenses

The Company has delegated to the Claims Administrator the discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount the Claims Administrator determines that the Plan will pay for Benefits.

- For Designated Network Benefits and Network Benefits for Covered Health Services provided by a Network provider, except for your cost sharing obligations, you are not responsible for any difference between Eligible Expenses and the amount the provider bills.
- For Non-Network Benefits, except as described below, you are responsible for paying, directly to the non-Network provider, any difference between the amount the provider bills you and the amount the Claims Administrator will pay for Eligible Expenses.
  - For Covered Health Services that are **Ancillary Services received at certain Network facilities on a non-Emergency basis from non-Network Physicians**, you are not responsible, and the non-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in this SPD.
  - For Covered Health Services that are **non-Ancillary Services received at certain Network facilities on a non-Emergency basis from non-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described below**, you are not responsible, and the non-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

- For Covered Health Services that are **Emergency Health Services provided by a non-Network provider**, you are not responsible, and the non-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in this SPD.
- For Covered Health Services that are **Air Ambulance services provided by a non-Network provider**, you are not responsible, and the non-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the SPD.

Eligible Expenses are determined in accordance with the Claims Administrator's reimbursement policy guidelines or as required by law, as described in the SPD.

Designated Network Benefits and Network Benefits

Eligible Expenses are based on the following:

- When Covered Health Services are received from a Designated Network and Network provider, Eligible Expenses are our contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as arranged by the Claims Administrator, Eligible Expenses are an amount negotiated by the Claims Administrator or an amount permitted by law. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible. The Plan will not pay excessive charges or amounts you are not legally obligated to pay.

Non-Network Benefits

When Covered Health Services are received from a non-Network provider as described below, Eligible Expenses are determined as follows:

- **For non-Emergency Covered Health Services received at certain Network facilities from non-Network Physicians** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section *2799B-2(d) of the Public Service Act* with respect to a visit as defined by the Secretary, the Eligible Expense is based on one of the following in the order listed below as applicable:
  - The reimbursement rate as determined by a state *All Payer Model Agreement*.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the non-Network provider and the Claims Administrator.
  - The amount determined by *Independent Dispute Resolution (IDR)*.

  For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in *1861(e) of the Social Security Act)*, a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act)*, an ambulatory surgical center as described in section *1833(i)(1)(A) of the Social Security Act*, and any other facility specified by the Secretary.

IMPORTANT NOTICE: For Ancillary Services, non-Ancillary Services provided without notice and consent, and non-Ancillary Services for unforeseen or urgent medical needs that arise at the time a service you are not responsible, and a non-Network Physician may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

- **For Emergency Health Services provided by a non-Network provider**, the Eligible **Expense** is based on one of the following in the order listed below as applicable:
  - The reimbursement rate as determined by a state *All Payer Model Agreement*.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the non-Network provider and the Claims Administrator.
  - The amount determined by *Independent Dispute Resolution (IDR)*.

  IMPORTANT NOTICE: You are not responsible, and a non-Network provider may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.
- **For Air Ambulance transportation provided by a non-Network provider**, the Eligible Expense is based on one of the following in the order listed below as applicable:
  - The reimbursement rate as determined by a state *All Payer Model Agreement*.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the non-Network provider and the Claims Administrator.
  - The amount determined by *Independent Dispute Resolution (IDR)*.

  IMPORTANT NOTICE: You are not responsible, and a non-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the SPD.

When Covered Health Services are received from a non-Network provider, except as described above, Eligible Expense are determined as follows: an amount negotiated by the Claims Administrator, a specific amount required by law (when required by law), or an amount the Claims Administrator has determined is typically accepted by a healthcare provider for the same or similar service. The Plan will not pay excessive charges. You are responsible for paying, directly to the non-Network provider, the applicable Coinsurance, Copayment or any deductible. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible to access the Advocacy Services as described below. Following the conclusion of the Advocacy Services described below, any responsibility to pay more than the Eligible Expense (which includes your Coinsurance, Copayment, and deductible) is yours.

Advocacy Services

The Plan has contracted with the Claims Administrator to provide advocacy services on your behalf with respect to non-network providers that have questions about the Eligible Expenses and how the Claims Administrator determined those amounts. Please call the Claims Administrator at the number on your ID card to access these advocacy services, or if you are billed for amounts in excess of your applicable coinsurance or copayment. In addition, if the Claims Administrator, or its designee, reasonably concludes that the particular facts and circumstances related to a claim provide justification for reimbursement greater than that which would result from the application of the Eligible Expense, and the Claims Administrator, or its designee, determines that it would serve the best interests of the Plan and its Employees (including interests in avoiding costs and expenses of disputes over payment of claims), the Claims Administrator, or its designee, may use its sole discretion to increase the Eligible Expense for that particular claim.

Don't Forget Your ID Card
Remember to show your ID card every time you receive health care services from a provider. If you do not show your ID card, a provider has no way of knowing that you are enrolled under the Plan.

Annual Deductible

The Annual Deductible is the amount of Eligible Expenses, or the Recognized Amount when applicable,you must pay each calendar year for some Covered Health Services before you are eligible to begin receiving Benefits. There are separate Network and non-Network Annual Deductibles for this Plan. The amounts you pay toward your Annual Deductible accumulate over the course of the calendar year.

Coinsurance

Coinsurance is the percentage of Eligible Expenses that you are responsible for paying. Coinsurance is a fixed percentage that applies to certain Covered Health Services after you meet the Annual Deductible.

Out-of-Pocket Maximum

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. There are separate Network and non-Network Out-of-Pocket Maximums for this Plan. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The following will never apply to the Out-of-Pocket Maximum:

- Charges for Non-Covered Health Services.
- The amount of any reduced benefits if you don’t notify the Claims Administrator.
- Charges that exceed eligible expenses.

The following table identifies what does and does not apply toward your Network and non-Network Out-of-Pocket Maximums:

Plan Features	Applies to the Network Out-of-Pocket Maximum?	Applies to the Non-Network Out-of-Pocket Maximum?
Payments toward the Annual Deductible	Yes	Yes
Coinsurance Payments	Yes	Yes
Charges for non-Covered Health Services	No	No
The amounts of any reductions in Benefits you incur by not notifying Personal Health Support	No	No
Charges that exceed Eligible Expenses, or the Recognized Amount when applicable.	No	No

SECTION 3 - PERSONAL HEALTH SUPPORT

What this section includes:

- An overview of the Personal Health Support program.
- Covered Health Services for which you need to contact Personal Health Support.

UnitedHealthcare provides a program called Personal Health Support designed to encourage personalized, efficient care for you and your covered Dependents.

Personal Health Support Nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available. A Personal Health Support Nurse is notified when you or your provider calls the number on your ID card regarding an upcoming treatment or service.

Personal Health Support Nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice. When the Claims Administrator is called as required, they will work with you to implement the Personal Health Support process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy. As of the publication of this SPD, the Personal Health Support program includes:

- **Admission counseling** – Personal Health Support Nurses are available to help you prepare for a successful surgical admission and recovery. Call the number on your ID card for support.
- **Inpatient care management** - If you are hospitalized, a Personal Health Support Nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.
- **Readmission Management** - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Personal Health Support Nurse to confirm that medications, needed equipment, or follow-up services are in place. The Personal Health Support Nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.
- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Personal Health Support Nurse to discuss and share important health care information related to the participant's specific chronic or complex condition.
- **Cancer Management** - You have the opportunity to engage with a nurse that specializes in cancer, education and guidance throughout your care path.

- **Kidney Management** - You have the opportunity to engage with a nurse that specializes in kidney disease, education and guidance with CKD stage 4/5 or ESRD throughout your care path.

If you do not receive a call from a Personal Health Support Nurse but feel you could benefit from any of these programs, please call the number on your ID card.

Contacting UnitedHealthcare or Personal Health Support is easy.
Simply call the number on your ID card.

Network providers are responsible for notifying the Claims Administrator before they provide certain services to you.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for notifying the Claims Administrator before you receive these Covered Health Services. In many cases, your Non-Network Benefits will be reduced if the Claims Administrator is not notified.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before the Plan pays Benefits) the notification requirements do not apply to you. Since Medicare is the primary payer, the Plan will pay as secondary payer as described in Section 9, *Coordination of Benefits (COB)*. You are not required to provide notification before receiving Covered Health Services.

SECTION 5 - ADDITIONAL COVERAGE DETAILS

What this section includes:

- Covered Health Services for which the Plan pays Benefits.
- Covered Health Services that require you to notify the Claims Administrator or Personal Health Support before you receive them, and any reduction in Benefits that may apply if you do not call the Claims Administrator or Personal Health Support.

This section supplements the second table in Section 4, *Plan Highlights*.

While the table provides you with Benefit limitations along with Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply, as well as Covered Health Services for which you must call the Claims Administrator or Personal Health Support. The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 7, *Exclusions and Limitations*.

Benefits are provided for services delivered via Telehealth/Telemedicine. Benefits for these services are provided to the same extent as an in-person service under any applicable Benefit category in this section unless otherwise specified in the table.

Ambulance Services

The Plan covers Emergency ambulance services and transportation provided by a licensed ambulance service to the nearest Hospital that offers Emergency Health Services. See Section 13, *Glossary* for the definition of Emergency.

Ambulance service by air is covered in an Emergency if ground transportation is impossible, or would put your life or health in serious jeopardy. If special circumstances exist, UnitedHealthcare may pay Benefits for Emergency air transportation to a Hospital that is not the closest facility to provide Emergency Health Services.

The Plan also covers non-Emergency transportation provided by a licensed professional ambulance (either ground or Air Ambulance, as UnitedHealthcare determines appropriate) between facilities when the transport is:

- From a non-Network Hospital to a Network Hospital.
- To a Hospital that provides a higher level of care that was not available at the original Hospital.
- To a more cost-effective acute care facility.
- From an acute facility to a sub-acute setting.

In most cases, the Claims Administrator will initiate and direct non-Emergency ambulance transportation. For Non-Network Benefits, if you are requesting non-Emergency Air Ambulance services, (including any affiliated non-Emergency ground ambulance transport in conjunction with non-Emergency Air Ambulance transport), you must provide pre-service notification as soon as possible before transport.

If you do not provide notification as required, Benefits will be reduced to 50% of Eligible Expenses.

Benefits for CAR-T therapy for malignancies are provided as described under *Transplantation Services*.

- Cardiovascular disease (cardiac/stroke) which is not life threatening, for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.

- Covered Health Services required solely for the provision of the Experimental or Investigational Service(s) or item, the clinically appropriate monitoring of the effects of the service or item, or the prevention of complications.

- Covered Health Services needed for reasonable and necessary care arising from the provision of an Experimental or Investigational Service(s) or item.

Routine costs for Clinical Trials do not include:

- The Experimental or Investigational Service(s) or item. The only exceptions to this are:
  - Certain *Category B* devices.
  - Certain promising interventions for patients with terminal illnesses.
  - Other items and services that meet specified criteria in accordance with UnitedHealthcare's medical and drug policies.

- A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- Items and services provided by the research sponsors free of charge for any person enrolled in the trial.

With respect to cancer or other life-threatening diseases or conditions, a qualifying Clinical Trial is a Phase I, Phase II, Phase III, or Phase IV Clinical Trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and which meets any of the following criteria in the bulleted list below.

With respect to cardiovascular disease or musculoskeletal disorders of the spine, hip and knees and other diseases or disorders which are not life-threatening, a qualifying Clinical Trial is a Phase I, Phase II, or Phase III Clinical Trial that is conducted in relation to the detection or treatment of such non-life-threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

    - Comparable to the system of peer review of studies and investigations used by the *National Institutes of Health.*

- Ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.

- The study or investigation is conducted under an investigational new drug application reviewed by the *U.S. Food and Drug Administration*.
- The study or investigation is a drug trial that is exempt from having such an investigational new drug application.
- The Clinical Trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (IRBs) before participants are enrolled in the trial. UnitedHealthcare may, at any time, request documentation about the trial.
- The subject or purpose of the trial must be the evaluation of an item or service that meets the definition of a Covered Health Service and is not otherwise excluded under the Plan.

For Non-Network Benefits you must provide pre-service notification as soon as the possibility of participation in a Clinical Trial arises. If you do not provide notification as required, BenefitsBenefits will be reduced to 50% of Eligible Expenses.

Benefits are not available for deodorants, filters, lubricants, tape, appliance cleaners, adhesive, adhesive remover, or other items not listed above.

Pharmaceutical Products - Outpatient

The Plan pays for Pharmaceutical Products that are administered on an outpatient basis in a Hospital, Alternate Facility, Physician's office, or in a Covered Person's home. Examples of what would be included under this category are antibiotic injections in the Physician's office or inhaled medication in an Urgent Care Center for treatment of an asthma attack.

Benefits under this section are provided only for Pharmaceutical Products which, due to their characteristics (as determined by UnitedHealthcare), must typically be administered or directly supervised by a qualified provider or licensed/certified health professional. Depending on where the Pharmaceutical Product is administered, Benefits will be provided for administration of the Pharmaceutical Product under the corresponding Benefit category in this SPD. Benefits for medication normally available by prescription or order or refill are provided as described under your Outpatient Prescription Drug Plan.

If you require certain Pharmaceutical Products, including specialty Pharmaceutical Products, UnitedHealthcare may direct you to a designated dispensing entity with whom UnitedHealthcare has an arrangement to provide those Pharmaceutical Products. Such Dispensing Entities may include an outpatient pharmacy, specialty pharmacy, Home Health Agency provider, Hospital-affiliated pharmacy or hemophilia treatment center contracted pharmacy.

If you/your provider are directed to a designated dispensing entity and you/your provider choose not to obtain your Pharmaceutical Product from a designated dispensing entity, Network Benefits are not available for that Pharmaceutical Product.

Certain Pharmaceutical Products are subject to step therapy requirements. This means that in order to receive Benefits for such Pharmaceutical Products, you must use a different Pharmaceutical Product and/or prescription drug product first. You may find out whether a particular Pharmaceutical Product is subject to step therapy requirements by contacting UnitedHealthcare at www.myuhc.com or by calling the telephone number on your ID card.

UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling the number on your ID card.

Physician Fees for Surgical and Medical Services

The Plan pays Physician fees for surgical procedures and other medical care received from a Physician in a Hospital, Skilled Nursing Facility, Inpatient Rehabilitation Facility, Alternate Facility or for Physician house calls.

Physician's Office Services - Sickness and Injury

Benefits are paid by the Plan for Covered Health Services provided in a Physician's office for the diagnosis and treatment of a Sickness or Injury. Benefits are provided under this section regardless of whether the Physician's office is freestanding, located in a clinic or located in a Hospital. Benefits under this section include allergy injections and hearing exams in case of Injury or Sickness.

Covered Health Services include medical education services that are provided in a Physician's office by appropriately licensed or registered healthcare professionals when both of the following are true:

- Education is required for a disease in which patient self-management is an important component of treatment.
- There exists a knowledge deficit regarding the disease which requires the intervention of a trained health professional.

Covered Health Services include genetic counseling. Benefits are available for Genetic Testing which is ordered by the Physician and authorized in advance by UnitedHealthcare.

Benefits for preventive services are described under *Preventive Care Services* in this section.

Benefits under this section include lab, radiology/X-ray or other diagnostic services performed in the Physician's office.

Please Note
Your Physician does not have a copy of your SPD, and is not responsible for knowing or communicating your Benefits.

Pregnancy - Maternity Services

Benefits for Pregnancy will be paid at the same level as Benefits for any other condition, Sickness or Injury. This includes all maternity-related medical services for prenatal care, postnatal care, delivery, and any related complications.

The Plan will pay Benefits for an Inpatient Stay of at least:

- 48 hours for the mother and newborn child following a vaginal delivery.
- 96 hours for the mother and newborn child following a cesarean section delivery.

These are federally mandated requirements under the *Newborns' and Mothers' Health Protection Act of 1996* which apply to this Plan. The Hospital or other provider is not required to get authorization for the time periods stated above. Authorizations are required for longer lengths of stay. If the mother agrees, the attending Physician may discharge the mother and/or the newborn child earlier than these minimum timeframes.

Both before and during a Pregnancy, Benefits include the services of a genetic counselor when provided or referred by a Physician. These Benefits are available to all Covered Persons in the immediate family. Covered Health Services include related tests and treatment.

For Non-Network Benefits, you must provide notification as soon as reasonably possible if the Inpatient Stay for the mother and/or the newborn will be more than 48 hours for the mother and newborn child following a normal vaginal delivery, or more than 96 hours for the mother and newborn child following a cesarean section delivery. If you do not provide notification as required, Benefits will be reduced to 50% of Eligible Expenses.

It is important that you notify the Claims Administrator regarding your Pregnancy. Your notification will open the opportunity to become enrolled in prenatal programs that are designed to achieve the best outcomes for you and your baby.

Healthy moms and babies
The Plan provides a special prenatal program to help during Pregnancy. Participation is voluntary and free of charge. See Section 6, *Clinical Programs and Resources*, for details.

Preventive Care Services

The Plan pays Benefits for Preventive care services provided on an outpatient basis at a Physician's office, an Alternate Facility or a Hospital. Preventive care services encompass medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to

have a beneficial effect on health outcomes and include the following as required under applicable law:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
- Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.

Preventive care Benefits defined under the *Health Resources and Services Administration (HRSA)* requirement include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Breast pumps must be ordered by or provided by a Physician. You can obtain additional information on how to access Benefits for breast pumps by going to **www.myuhc.com** or by calling the number on your ID card. Benefits for breast pumps also include the cost of purchasing one breast pump per Pregnancy in conjunction with childbirth. These Benefits are described under Section 4, *Plan Highlights*, under *Covered Health Services*.

If more than one breast pump can meet your needs, Benefits are available only for the most cost effective pump. UnitedHealthcare will determine the following:

- Which pump is the most cost effective.
- Whether the pump should be purchased or rented.
- Duration of a rental.
- Timing of an acquisition.

Benefits are only available if breast pumps are obtained from a DME provider or Physician.

For questions about your preventive care Benefits under this Plan call the number on your ID card.

Prosthetic Devices

Benefits are paid by the Plan for external prosthetic devices that replace a limb or body part limited to:

- Artificial arms, legs, feet and hands.
- Artificial face, eyes, ears and noses.
- Breast prosthesis as required by the *Women's Health and Cancer Rights Act of 1998*. Benefits include mastectomy bras and lymphedema stockings for the arm.

Benefits under this section are provided only for external prosthetic devices and do not include any device that is fully implanted into the body.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the prosthetic device that meets the minimum specifications for your needs. The device must be ordered or provided either by a Physician, or under a Physician's direction. If you purchase a prosthetic device that exceeds these minimum specifications, the Plan will pay only the amount that it would have paid for the prosthetic that meets the minimum specifications, and you may be responsible for paying any difference in cost.

Benefits are available for repairs and replacement, except that:

- There are no Benefits for repairs due to misuse, malicious damage or gross neglect.
- There are no Benefits for replacement due to misuse, malicious damage, gross neglect or for lost or stolen prosthetic devices.

Benefits are limited to a single purchase of each type of prosthetic device every three calendar years.

Note: Prosthetic devices are different from DME - see *Durable Medical Equipment (DME)* in this section.

For Non-Network Benefits you must provide pre-service notification before obtaining prosthetic devices that exceed $1,000 in cost per device. If you do not provide notification as required, Benefits will be reduced to 50% of Eligible Expenses.

Reconstructive Procedures

Reconstructive Procedures are services performed when the primary purpose of the procedure is either to treat a medical condition or to improve or restore physiologic function for an organ or body part. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Improving or restoring physiologic function means that the organ or body part is made to work better. An example of a Reconstructive Procedure is surgery on the inside of the nose so that a person's breathing can be improved or restored.

Benefits for Reconstructive Procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Replacement of an existing breast implant is covered by the Plan if the initial breast implant followed a mastectomy. Other services required by the *Women's Health and Cancer Rights Act of 1998*, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact UnitedHealthcare at the number on your ID card for more information about Benefits for mastectomy-related services.

There may be times when the primary purpose of a procedure is to make a body part work better. However, in other situations, the purpose of the same procedure is to improve the

appearance of a body part. Cosmetic procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. A good example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a reconstructive procedure. In other cases, improvement in appearance is the primary intended purpose, which is considered a Cosmetic Procedure. This Plan does not provide Benefits for Cosmetic Procedures, as defined in Section 13, *Glossary*.

The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as a reconstructive procedure.

For Non-Network Benefits you must provide pre-service notification five business days before undergoing a Reconstructive Procedure. When you provide notification, the Claims Administrator can determine whether the service is considered reconstructive or cosmetic. Cosmetic Procedures are always excluded from coverage. If you do not provide notification as required, Benefits will be reduced to 50% of Eligible Expenses.

In addition, for Non-Network Benefits, you must contact the Claims Administrator 24 hours before admission for scheduled admissions or as soon as is reasonably possible for non-scheduled admissions (including Emergency admissions).

Rehabilitation Services - Outpatient Therapy and Manipulative Treatment

The Plan provides short-term outpatient rehabilitation services (including habilitative services) limited to:

- Physical therapy.
- Occupational therapy.
- Manipulative Treatment.
- Speech therapy.
- Post-cochlear implant aural therapy.
- Pulmonary rehabilitation.
- Cardiac rehabilitation.

For all rehabilitation services, a licensed therapy provider, under the direction of a Physician (when required by state law), must perform the services. Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility. Rehabilitative services provided in a Covered Person's home by a Home Health Agency are provided as described under *Home Health Care*. Rehabilitative services provided in a Covered Person's home other than by a Home Health Agency are provided as described under this section.

Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if rehabilitation goals have previously been met. Benefits under this section are not available for maintenance/preventive treatment.

For outpatient rehabilitation services for speech therapy, the Plan will pay Benefits for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, Congenital Anomaly.

Habilitative Services

For the purpose of this Benefit, "habilitative services" means Medically Necessary skilled health care services that help a person keep, learn or improve skills and functioning for daily living. Habilitative services are skilled when all of the following are true:

- The services are part of a prescribed plan of treatment or maintenance program that is Medically Necessary to maintain a Covered Person's current condition or to prevent or slow further decline.
- It is ordered by a Physician and provided and administered by a licensed provider.
- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.
- It is not Custodial Care.

The Claims Administrator will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. Therapies provided for the purpose of general well-being or conditioning in the absence of a disabling condition are not considered habilitative services. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are provided for habilitative services provided for Covered Persons with a disabling condition when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist or Physician.
- The initial or continued treatment must be proven and not Experimental or Investigational.

Benefits for habilitative services do not apply to those services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and Residential Treatment are not habilitative services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

The Plan may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow the Plan to substantiate that initial or continued medical treatment is needed. When the treating provider anticipates that continued treatment

is or will be required to permit the Covered Person to achieve demonstrable progress, the Plan may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

Benefits for Durable Medical Equipment and prosthetic devices, when used as a component of habilitative services, are described under *Durable Medical Equipment* and *Prosthetic Devices*.

Any combination of Network Benefits and Non-Network Benefits are limited to:

- 20 visits per calendar year for physical therapy.
- 20 visits per calendar year for occupational therapy.
- 20 visits per calendar year for speech therapy.

- 36 visits per calendar year for cardiac rehabilitation therapy.

Benefits are also available in a Skilled Nursing Facility or Inpatient Rehabilitation Facility for treatment of a Sickness or Injury that would have otherwise required an Inpatient Stay in a Hospital.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

UnitedHealthcare will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are available only if both of the following are true:

- The initial confinement in a Skilled Nursing Facility or Inpatient Rehabilitation Facility was or will be a Cost Effective alternative to an Inpatient Stay in a Hospital.
- You will receive skilled care services that are not primarily Custodial Care.

Skilled care is skilled nursing, skilled teaching, and skilled rehabilitation services when all of the following are true:

- It must be delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome, and provide for the safety of the patient.
- It is ordered by a Physician.
- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.

You are expected to improve to a predictable level of recovery. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if discharge rehabilitation goals have previously been met.

Note: The Plan does not pay Benefits for Custodial Care or Domiciliary Care, even if ordered by a Physician, as defined in Section 13, *Glossary*.

   The Plan will not pay for more than one bone anchored hearing aid per Covered Person who meets the above coverage criteria during the entire period of time the Covered Person is enrolled in this Plan. In addition, repairs and/or replacement for a bone anchored hearing aid for Covered Persons who meet the above coverage are not covered, other than for malfunctions.
4. Eye exercise or vision therapy.

5. Surgery and other related treatment that is intended to correct nearsightedness, farsightedness, presbyopia and astigmatism including, but not limited to, procedures such as laser and other refractive eye surgery and radial keratotomy.

All Other Exclusions

1. Autopsies and other coroner services and transportation services for a corpse.

2. Charges for:

   - Missed appointments.
   - Room or facility reservations.
   - Completion of claim forms.
   - Record processing.

3. Charges prohibited by federal anti-kickback or self-referral statutes.

4. Diagnostic tests that are:

   - Delivered in other than a Physician's office or health care facility.
   - Self-administered home diagnostic tests, including but not limited to HIV and Pregnancy tests.

5. Expenses for health services and supplies:

   - That do not meet the definition of a Covered Health Service in Section 13, *Glossary*.

- That are received as a result of war or any act of war, whether declared or undeclared, while part of any armed service force of any country. This exclusion does not apply to Covered Persons who are civilians injured or otherwise affected by war, any act of war or terrorism in a non-war zone.
- That are received after the date your coverage under this Plan ends, including health services for medical conditions which began before the date your coverage under the Plan ends.
- For which you have no legal responsibility to pay, or for which a charge would not ordinarily be made in the absence of coverage under this Benefit Plan.
- That exceed Eligible Expenses or any specified limitation in this SPD.
- For which a non-Network provider waives the Annual Deductible or Coinsurance amounts.

6. Foreign language and sign language services.

7. Long term (more than 30 days) storage of blood, umbilical cord or other material.

8. Health services related to a non-Covered Health Service: When a service is not a Covered Health Service, all services related to that non-Covered Health Service are also excluded. This exclusion does not apply to services the Plan would otherwise determine to be Covered Health Services if they are to treat complications that arise from the non-Covered Health Service.

   For the purpose of this exclusion, a "complication" is an unexpected or unanticipated condition that is superimposed on an existing disease and that affects or modifies the prognosis of the original disease or condition. Examples of a "complication" are bleeding or infections, following a Cosmetic Procedure, that require hospitalization.

9. Physical, psychiatric or psychological exams, testing, vaccinations, immunizations or treatments when:

   - Required solely for purposes of education, sports or camp, travel, career or employment, insurance, marriage or adoption; or as a result of incarceration.
   - Conducted for purposes of medical research. This exclusion does not apply to Covered Health Services provided during a Clinical Trial for which Benefits are provided as described under *Clinical Trials* in Section 5, *Additional Coverage Details*.
   - Related to judicial or administrative proceedings or orders.
   - Required to obtain or maintain a license of any type.

SECTION 8 - CLAIMS PROCEDURES

What this section includes:

- How Network and non-Network claims work.
- What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for meeting the Annual Deductible and paying any Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on your ID card.

You must submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to UnitedHealthcare within 15 months of the date of service, Benefits for that health service will be denied or reduced, at UnitedHealthcare's discretion. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Prescription Drug Benefit Claims

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

- You are asked to pay the full cost of the Prescription Drug Product when you fill it and you believe that the Plan should have paid for it.
- You pay a Copay and you believe that the amount of the Copay was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Service, you may submit a pre-service request for Benefits as described in this section.

If Your Provider Does Not File Your Claim

You can obtain a claim form by visiting **www.myuhc.com**, calling the toll-free number on your ID card or contacting People & Culture Services. If you do not have a claim form, simply attach a brief letter of explanation to the bill, and verify that the bill contains the

information listed below. If any of these items are missing from the bill, you can include them in your letter:

- Your name and address.
- The patient's name, age and relationship to the Participant.
- The number as shown on your ID card.
- The name, address and tax identification number of the provider of the service(s).
- A diagnosis from the Physician.
- The date of service.
- An itemized bill from the provider that includes:
  - The *Current Procedural Terminology (CPT)* codes.
  - A description of, and the charge for, each service.
  - The date the Sickness or Injury began.
  - A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card. When filing a claim for outpatient Prescription Drug Product Benefits, submit your claim to the pharmacy benefit manager claims address noted on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the non-Network provider the charges you incurred, including any difference between what you were billed and what the Plan paid.

Payment of Benefits

Except as required by the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)*, you may not assign, transfer, or in any way convey your Benefits under the Plan or any cause of action related to your Benefits under the Plan to a provider or to any other third party. Nothing in this Plan shall be construed to make the Plan, Plan Sponsor, or Claims Administrator or its affiliates liable for payments to a provider or to a third party to whom you may be liable for payments for Benefits.

The Plan will not recognize claims for Benefits brought by a third party. Also, any such third party shall not have standing to bring any such claim independently, as a Covered Person or beneficiary, or derivatively, as an assignee of a Covered Person or beneficiary.

References herein to "third parties" include references to providers as well as any collection agencies or third parties that have purchased accounts receivable from providers or to whom accounts receivables have been assigned.

As a matter of convenience to a Covered Person, and where practicable for the Claims Administrator (as determined in its sole discretion), the Claims Administrator may make payment of Benefits directly to a provider.

Any such payment to a provider:

- is NOT an assignment of your Benefits under the Plan or of any legal or equitable right to institute any proceeding relating to your Benefits; and
- is NOT a waiver of the prohibition on assignment of Benefits under the Plan; and
- shall NOT estop the Plan, Plan Sponsor, or Claims Administrator from asserting that any purported assignment of Benefits under the Plan is invalid and prohibited.

If this direct payment for your convenience is made, the Plan's obligation to you with respect to such Benefits is extinguished by such payment. If any payment of your Benefits is made to a provider as a convenience to you, the Claims Administrator will treat you, rather than the provider, as the beneficiary of your claim for Benefits, and the Plan reserves the right to offset any Benefits to be paid to a provider by any amounts that the provider owes the Plan (including amounts owed as a result of the assignment of other plans' overpayment recovery rights to the Plan), pursuant to *Refund of Overpayments* in *Section [9][10]: Coordination of Benefits*.

Form of Payment of Benefits

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in the form of other consideration that UnitedHealthcare in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of amounts the provider owes to other plans for which UnitedHealthcare makes payments, where the Plan has taken an assignment of the other plans' recovery rights for value.

Health Statements

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at **www.myuhc.com**. You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

Explanation of Benefits (EOB)

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also

view and print all of your EOBs online at **www.myuhc.com**. See Section 13, *Glossary*, for the definition of Explanation of Benefits.

Important - Timely Filing of Non-Network Claims
All claim forms for non-Network services must be submitted within 15 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by UnitedHealthcare. This 12-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Denials and Appeals

If Your Claim is Denied

If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim

If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit urgent care appeals in writing. This communication should include:

- The patient's name and ID number as shown on the ID card.
- The provider's name.
- The date of medical service.
- The reason you disagree with the denial.
- Any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare - Appeals
P.O. Box 30432
Salt Lake City, Utah 84130-0432

For urgent care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

Types of claims
The timing of the claims appeal process is based on the type of claim you are appealing. If you wish to appeal a claim, it helps to understand whether it is an:

- Urgent care request for Benefits.
- Pre-service request for Benefits.
- Post-service claim.
- Concurrent claim.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. If your situation is urgent, your review will be conducted as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call the Claims Administrator at the number listed on your health plan ID card. Generally, an urgent situation is when your life or health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be adequately controlled while you wait for a decision on your claim or appeal.

Review of an Appeal

UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- An appropriate individual(s) who did not make the initial benefit determination.
- A health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Filing a Second Appeal

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from UnitedHealthcare within 60 days from receipt of the first level appeal determination.

Note: Upon written request and free of charge, any Covered Persons may examine their claim and/or appeals file(s). Covered Persons may also submit evidence, opinions and comments as part of the internal claims review process. UnitedHealthcare will review all claims in accordance with the rules established by the *U.S. Department of Labor*. Any Covered Person will be automatically provided, free of charge, and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required, with: (i) any new or additional evidence considered, relied upon or generated by the Plan in connection with the claim; and, (ii) a reasonable opportunity for any Covered Person to respond to such new evidence or rationale.

External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by UnitedHealthcare, or if UnitedHealthcare fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of UnitedHealthcare's determination. The process is available at no charge to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received UnitedHealthcare's decision.

An external review request should include all of the following:

- A specific request for an external review.
- The Covered Person's name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review is comprised of all of the following:

- A preliminary review by UnitedHealthcare of the request.
- A referral of the request by UnitedHealthcare to the IRO.
- A decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The IRO will notify you in writing of the request's eligibility and acceptance for external review and if necessary, for any additional information needed to conduct the external review. You will generally have to submit the additional information in writing to the IRO within ten business days following the date you receive the IRO's request for the additional information. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making UnitedHealthcare's determination. The documents include:

- All relevant medical records.
- All other documents relied upon by UnitedHealthcare.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim as new and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing UnitedHealthcare's determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision agrees with UnitedHealthcare's determination, the Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, UnitedHealthcare will determine whether the individual meets both of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim as new and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Timing of Appeals Determinations

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- Urgent care request for Benefits - a request for Benefits provided in connection with urgent care services.
- Pre-Service request for Benefits - a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-urgent care is provided.
- Post-Service - a claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the Claims Administrator's decision letter to you.

The tables below describe the time frames which you and UnitedHealthcare are required to follow.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. UnitedHealthcare will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Limitation of Action

You cannot bring any legal action against the Plan Administrator or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against the Plan Administrator or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against the Plan Administrator or the Claims Administrator.

You cannot bring any legal action against the Plan Administrator or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against the Plan Administrator or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against the Plan Administrator or the Claims Administrator.

SECTION 9 - COORDINATION OF BENEFITS (COB)

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Plan will be coordinated with those of any other plan that provides benefits to you.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies to you if you are covered by more than one health benefits plan, including any one of the following:

- Another employer sponsored health benefits plan.
- A medical component of a group long-term care plan, such as skilled nursing care.
- No-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy.
- Medical payment benefits under any premises liability or other types of liability coverage.
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The Secondary Plan may determine its benefits based on the benefits paid by the Primary Plan. How much this Plan will reimburse you, if anything, will also depend in part on the Allowable Expense. The term, "Allowable Expense," is further explained below.

What Are the Rules for Determining the Order of Benefit Payments?

Order of Benefit Determination Rules

The order of benefit determination rules determine whether this Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When this Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When this Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. This Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy.

B. When you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first.

C. Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent or Dependent**. The Plan that covers the person other than as a dependent, for example as an employee, former employee under COBRA, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

   a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
      (1) The Plan of the parent whose birthday falls earlier in the [calendar][Plan] year is the Primary Plan; or
      (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.

   b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
      (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
      (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
      (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.

(4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

a) The Plan covering the Custodial Parent.
b) The Plan covering the Custodial Parent's spouse.
c) The Plan covering the non-Custodial Parent.
d) The Plan covering the non-Custodial Parent's spouse.

For purpose of this section, Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.

d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.
(ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled C.1. can determine the order of benefits.

4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled C.1. can determine the order of benefits.

5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the Primary Plan.

How Are Benefits Paid When This Plan is Secondary?

If this Plan is secondary to any plan other than Medicare, it determines the amount it will pay for a Covered Health Service by following the steps below.

- The Plan determines the amount it would have paid based on the Allowable expense.
- The Plan pays the entire difference between the Allowable Expense and the amount paid by the Primary Plan, as long as this amount is not more than the Plan would have paid had it been the only plan involved.
- If, based on the Allowable Expense, the Plan would have paid more if it were the only plan involved, the difference between the amount it would have paid and the amount it actually paid is recorded as a benefit reserve for the Covered Person. This reserve can be used to pay any future Allowable Expenses not otherwise paid by the Plan during the calendar year.
- At the end of the calendar year, the benefit reserve returns to zero. A new benefit reserve is created for each calendar year.

You will be responsible for any applicable Copayment, Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you may receive from all plans cannot exceed 100% of the Allowable Expense.

How is the Allowable Expense Determined when this Plan is Secondary?

Determining the Allowable Expense If this Plan is Secondary

What is an Allowable Expense? For purposes of COB, an Allowable Expense is a health care expense that is covered at least in part by one of the health benefit plans covering you.

When the provider is a Network provider for both the Primary Plan and this Plan, the Allowable Expense is the Primary Plan's network rate. When the provider is a network provider for the Primary Plan and a non-Network provider for this Plan, the Allowable Expense is the Primary Plan's network rate. When the provider is a non-Network provider for the Primary Plan and a Network provider for this Plan, the Allowable Expense is the reasonable and customary charges allowed by the Primary Plan. When the provider is a non-Network provider for both the Primary Plan and this Plan, the Allowable Expense is the greater of the two Plans' reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled "Determining the Allowable Expense When this Plan is Secondary to Medicare".

What is Different When You Qualify for Medicare?

Determining Which Plan is Primary When You Qualify for Medicare

As permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older (however, Domestic Partners are excluded as provided by Medicare).

- Individuals with end-stage renal disease, for a limited period of time.
- Disabled individuals under age 65 with current employment status and their Dependents under age 65.

Determining the Allowable Expense When this Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the Allowable Expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service. Medicare typically reimburses such providers a percentage of its approved charge – often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare – typically 115% of the Medicare approved amount) will be the Allowable Expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the Allowable Expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from an Opt-out provider or one that does not participate in the Medicare program or a provider who does not accept assignment of Medicare benefits, Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider.

When calculating the Plan's Benefits in these situations, and when Medicare does not issue an EOMB, for administrative convenience the Claims Administrator will treat the provider's billed charges for covered services as the Allowable Expense for both the Plan and Medicare, rather than the Medicare approved amount or Medicare limiting charge.

If this Plan is secondary to Medicare, it determines the amount it will pay for a Covered Health Services by following the steps below.

- The Plan determines the amount it would have paid had it been the only plan involved.
- The Plan pays the entire difference between the Allowable Expense and the amount paid by the Primary Plan – as long as this amount is not more than the Plan would have paid had it been the only plan involved.

Medicare Crossover Program

The Plan offers a Medicare Crossover program for Medicare Part A and Part B and Durable Medical Equipment (DME) claims. Under this program, you no longer have to file a separate claim with the Plan to receive secondary benefits for these expenses. Your Dependent will also have this automated Crossover, as long as he or she is eligible for Medicare and this Plan is your only secondary medical coverage.

Once the Medicare Part A and Part B and DME carriers have reimbursed your health care provider, the Medicare carrier will electronically submit the necessary information to the Claims Administrator to process the balance of your claim under the provisions of this Plan.

You can verify that the automated crossover took place when your copy of the explanation of Medicare benefits (EOMB) states your claim has been forwarded to your secondary carrier.

This crossover process does not apply to expenses that Medicare does not cover. You must continue to file claims for these expenses.

For information about enrollment or if you have questions about the program, call the telephone number listed on your ID card.

Right to Receive and Release Needed Information?

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. The Claims Administrator may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

The Claims Administrator does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give the Claims Administrator any facts needed to apply those rules and determine benefits payable. If you do not provide the Claims Administrator the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Does This Plan Have the Right of Recovery?

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Plan Sponsor may recover the amount in the form of salary, wages, or benefits payable under any Plan Sponsor-funded benefit plans, including this Plan. The Plan Sponsor also reserves the right to recover any overpayment by legal action or offset payments on future Eligible Expenses.

If the Plan overpays a health care provider, the Claims Administrator reserves the right to recover the excess amount from the provider pursuant to Refund of Overpayments, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person or any other person or organization that was paid, must make a refund to the Plan if:

- The Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by you, but all or some of the expenses were not paid by you or did not legally have to be paid by you.
- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, you agree to help the Plan get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for you that are payable under the Plan. If the refund is due from a person or organization other than you, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future Benefits that are payment in connection with services provided to persons under other plans for which the Claims Administrator processes payments, pursuant to a transaction in which the Plan's overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment. The reallocated payment amount will either:

- equal the amount of the required refund, or
- if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan.

The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.

SECTION 10 - SUBROGATION AND REIMBURSEMENT

The Plan has a right to subrogation and reimbursement. References to "you" or "your" in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly to be responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation - Example
Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any Benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement - Example
Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- The Plan Sponsor in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide Benefits or payments to you, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.

- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
  - Notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
  - Providing any relevant information requested by the Plan.
  - Signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim.
  - Responding to requests for information about any accident or injuries.
  - Making court appearances.
  - Obtaining the Plan's consent or its agents' consent before releasing any party from liability or payment of medical expenses.
  - Complying with the terms of this section.

  Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.
- The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Benefits paid by the Plan may also be considered to be Benefits advanced.

- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits from the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets to the extent of the amount of Plan Benefits provided on behalf of the Covered Person, (ii) you and your representative shall be fiduciaries of the Plan (within the meaning of ERISA),if applicable with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.
- The Plan's rights to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any Benefits, claims or rights of recovery you have under any automobile policy - including no-fault Benefits, PIP Benefits and/or medical payment Benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting Benefits, you acknowledge and recognize the Plan's right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- The Plan may, at its option, take necessary and appropriate action to preserve its rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan's right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If a third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.
- In the event that you do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate Benefits to you, your dependents or the participant, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value

of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

Right of Recovery

The Plan also has the right to recover Benefits it has paid on you or your Dependent's behalf that were:

- Made in error.
- Due to a mistake in fact.
- Advanced during the time period of meeting the calendar year Deductible.
- Advanced during the time period of meeting the Out-of-Pocket Maximum for the calendar year.

Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- Require that the overpayment be returned when requested.
- Reduce a future Benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of Benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- Submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan.
- Conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.

SECTION 11 - WHEN COVERAGE ENDS

What this section includes:
- Circumstances that cause coverage to end.
- Extended coverage.
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, the Plan Administrator will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Your coverage under the Plan will end on the earliest of:

- The last day of the month your employment with the Company ends.
- The date the Plan ends.
- The last day of the month you stop making the required contributions.
- The last day of the month you are no longer eligible.
- The last day of the month UnitedHealthcare receives written notice from the Plan Administrator to end your coverage, or the date requested in the notice.
- The last day of the month you retire or are pensioned under the Plan, unless specific coverage is available for retired or pensioned persons and you are eligible for that coverage.

Coverage for your eligible Dependents will end on the earliest of:

- The date your coverage ends.
- The last day of the month you stop making the required contributions.
- The last day of the month UnitedHealthcare receives written notice from the Plan Administrator to end your coverage, or the date requested in the notice.
- The last day of the month your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide at least thirty days' prior written notice to you that your coverage will end on the date identified in the notice if you commit an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact including, but not

limited to, knowingly providing incorrect information relating to another person's eligibility or status as a Dependent, improper use of ID, failure to pay, or threatening behavior. You may appeal this decision during the 30-day notice period. The notice will contain information on how to pursue your appeal.

Note: If UnitedHealthcare and the Company find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact, Adams County Government has the right to demand that you pay back all Benefits Adams County Government paid to you, or paid in your name, during the time you were incorrectly covered under the Plan. Failure to comply with the eligibility requirements as set forth in this SPD may lead to disciplinary action, up to and including, termination of employment.

Coverage for a Disabled Child

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as:

- The child is unable to be self-supporting due to a mental or physical handicap or disability.
- The child depends mainly on you for support.
- You provide to the Plan Administrator proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached a certain age.
- You provide proof, upon the Plan Administrator's request, that the child continues to meet these conditions.

The proof might include medical examinations at the Plan Administrator's expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days, the Plan will no longer pay Benefits for that child.

Coverage will continue, as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

Extended Coverage for Total Disability

If a Covered Person has a Total Disability on the date their coverage under the Plan ends, their Benefits will not end automatically. The Plan will temporarily extend coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of:

- The Total Disability ends.
- twelve months from the date coverage would have ended.

Continuing Coverage Through COBRA

COBRA continuation coverage is a temporary extension of coverage under the Plan. When you become eligible for COBRA, you may also become eligible for other coverage options

that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for Medicaid, or for a 30-day special enrollment period to enroll in another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees. Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of a qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

Qualified Beneficiaries

A Qualified Beneficiary generally is any individual covered by a group health plan on the day before a Qualifying Event, such as an employee, the employee's spouse, and dependent children. Dependents continuing coverage under the Uniformed Services Employment and Reemployment Rights Act (USERRA) are not considered to be Qualified Beneficiaries for COBRA purposes.

A child born to, placed for adoption with, or adopted by the covered employee during a period of COBRA coverage will be considered on the same basis as the covered employee.

Qualifying Events

A Qualifying Event is a life event that would cause the Qualified Beneficiary to lose coverage under the Plan including;

- Termination of employment (other than for gross misconduct), reduction in hours of an eligible employee
- Divorce, legal separation, dependent cessation (a child no longer qualifies as an eligible dependent under the Plan)
- Death of the employee
- Extended military leave of the employee

- Medicare entitlement (Part A, Part B or both) of the employee.

The taking of leave under the Family Medical Leave Act does not constitute a Qualifying Event under COBRA.

COBRA continuation coverage begins on the date that Plan coverage would otherwise have been lost. Qualified Beneficiaries electing continuation coverage must pay 102 percent of the cost of that coverage.

The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator has been notified that a Qualifying Event has occurred. For a Qualifying Event such as termination of employment, reduction in hours, death of the employee, or extended military leave of the employee, the employer will notify the Plan Administrator within 31 days of the qualifying event. The Plan Administrator will notify you within 14 days of your rights, enrollment deadlines and the premium required for your continued coverage. Each Qualified Beneficiary will have an independent right to elect continuation coverage.

You must notify the Plan Administrator in writing in the event of a divorce or legal separation, Medicare entitlement (Part A, Part B or both), or in the event a child no longer qualifies as a dependent, as soon as possible, but no later than 60 days after the date of the Qualifying Event. The Plan Administrator will notify you within 14 days of your rights, enrollment deadlines and the premium required for your continued coverage.

How long coverage may be continued

- Up to 18 months for the reason of termination of employment (other than for gross misconduct) or reduction in hours of an eligible employee
- Up to 24 months for the reason of continued military leave as defined by USERRA
- Up to 36 months for the reason of death of an employee, a divorce or legal separation, the employee becoming entitled to Medicare benefits (Part A, Part B or both), or a dependent child ceasing to be eligible under the plan
- Up to 36 months for Qualified Beneficiaries, other than the employee, if the Qualifying Event is termination of employment or reduction in hours of the employee, and the employee became entitled to Medicare benefits (Part A, Part B or both) less than 18 months before the Qualifying Event.

Extended Coverage due to Disability

Coverage could be extended up to 11 months, for a total of 29 months of coverage, for all Qualified Beneficiaries if:

- A Qualified Beneficiary is totally disabled according to the Social Security Administration before the 60th day of COBRA continuation coverage, lasting at least until the end of the 18-month period of continuation coverage; and
- The employee or eligible dependent provides the People & Culture Services with a copy of the Social Security Administration (SSA) Determination of Total Disability (notice must be received within the initial 18 months of continued coverage); and

- Timely premium payments are made (premiums are increased to 150 percent of the cost of coverage for the additional 11 months).
- The Plan Administrator must be notified within 31 days if the Qualified Beneficiary is no longer considered disabled by the Social Security Administration.

Employees disabled while continuing coverage under USERRA are not eligible for the 11-month extension rule.

Second Qualifying Events

Coverage for qualified dependents could be extended up to 36 months from the date of the Initial Qualifying Event if:

- The covered employee dies
- A divorce or legal separation from the covered employee occurs
- A covered dependent child no longer qualifies as an eligible dependent
- A covered employee subsequently becomes entitled to Medicare (Part A, Part B or both) during the initial 18-month COBRA period.

These events can be a Second Qualifying Event only if they would have caused the Qualified Beneficiary to lose coverage under the Plan if the Initial Qualifying Event had not occurred. You must notify the People & Culture Services within 60 days after a Second Qualifying Event occurs if you wish to extend coverage.

For Additional Questions

For more information about your rights and obligations under the Plan and federal law you may contact the nearest regional or district office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of the EBSA Offices are available through the EBSA website at www.dol.gov/ebsa.

Getting Started

You will be notified by mail if you become eligible for COBRA coverage as a result of a reduction in work hours or termination of employment. The notification will give you instructions for electing COBRA coverage, and advise you of the monthly cost. Your monthly cost is the full cost, including both Participant and Employer costs, plus a 2% administrative fee or other cost as permitted by law.

You will have up to 60 days from the date you receive notification or 60 days from the date your coverage ends to elect COBRA coverage, whichever is later. You will then have an additional 45 days to pay the cost of your COBRA coverage, retroactive to the date your Plan coverage ended.

During the 60-day election period, the Plan will, only in response to a request from a provider, inform that provider of your right to elect COBRA coverage, retroactive to the date your COBRA eligibility began.

While you are a participant in the medical Plan under COBRA, you have the right to change your coverage election:

- During Open Enrollment.
- Following a change in family status.

Trade Act of 2002

The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Participants who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals: generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the Trade Act of 1974. These Participants are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.

If a Participant qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact the Plan Administrator for additional information. The Participant must contact the Plan Administrator promptly after qualifying for assistance under the Trade Act of 1974 or the Participant will lose his or her special COBRA rights. COBRA coverage elected during the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

Uniformed Services Employment and Reemployment Rights Act

A Participant who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Participant and the Participant's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Participants may elect to continue coverage under the Plan by notifying the Plan Administrator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Plan Administrator normally pays on a Participant's behalf. If a Participant's Military Service is for a period of time less than 31 days, the Participant may not be required to pay more than the regular contribution amount, if any, for continuation of health coverage.

A Participant may continue Plan coverage under USERRA for up to the lesser of:

- The 24 month period beginning on the date of the Participant's termination of coverage under the Plan.
- The day after the date on which the Participant fails to apply for, or return to, a position of employment.

Regardless of whether a Participant continues health coverage, if the Participant returns to a position of employment, the Participant's health coverage and that of the Participant's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on a Participant or the Participant's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.

- Court-ordered Benefits for Dependent children.
- Your relationship with UnitedHealthcare and the Company.
- Relationships with providers.
- Interpretation of Benefits.
- Information and records.
- Incentives to providers and you.
- The future of the Plan.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and the Company

In order to make choices about your health care coverage and treatment, Adams County Government believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- The Company and UnitedHealthcare do not decide what care you need or will receive. You and your Physician make those decisions.
- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive. The Plan pays for Covered Health Services, which are more fully described in this SPD.

- The Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

The Company and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. The Company and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. The Company and UnitedHealthcare will use de-identified data for commercial purposes including research.

Relationship with Providers

The Claims Administrator has agreements in place that govern the relationships between it and the Company and Network providers, some of which are affiliated providers. Network providers enter into agreements with the Claims Administrator to provide Covered Health Services to Covered Persons.

The Company and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, the Company and UnitedHealthcare arrange for health care providers to participate in a Network and administer payment of Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not the Company's employees nor are they employees of UnitedHealthcare. The Company and UnitedHealthcare are not responsible for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

The Company is solely responsible for:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the service fee to UnitedHealthcare.
- The funding of Benefits on a timely basis.
- Notifying you of the termination or modifications to the Plan.

When the Plan Sponsor establishes the Plan to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("*ERISA*"), *29 U.S.C. §1001 et seq.*, the Claims Administrator is not the plan administrator or named fiduciary of the benefit plan, as those terms are used in *ERISA*. If you have questions about your welfare benefit plan, you should contact the Plan Sponsor. If you have any questions about this statement or about your rights under *ERISA*, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor*.

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.
- You are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Coinsurance, any deductible and any amount that exceeds Eligible Expenses.
- You are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- Must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Company is that of employer and employee, Dependent or other classification as defined in the SPD.

Interpretation of Benefits

The Company and UnitedHealthcare have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD, the Schedule of Benefits and any Addendums and/or Amendments.
- Make factual determinations related to the Plan and its Benefits.

The Company and UnitedHealthcare may delegate this discretionary authority to other persons or entities including Claims Administrator's affiliates that provide services in regard to the administration of the Plan. The identity of the service providers and the nature of their services may be changed from time to time in Plan Sponsor's and the Claims Administrator's discretion. In order to receive Benefits, you must cooperate with those service providers.

In certain circumstances, for purposes of overall cost savings or efficiency, the Company may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that the Company does so in any particular case shall not in any way be deemed to require the Company to do so in other similar cases.

Information and Records

The Company and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. The Company and UnitedHealthcare may request additional information from you to decide your claim for Benefits. The Company and UnitedHealthcare will keep this information

confidential. The Company and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish the Company and UnitedHealthcare with all information or copies of records relating to the services provided to you. The Company and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have signed the Participant's enrollment form. The Company and UnitedHealthcare agree that such information and records will be considered confidential.

The Company and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as the Company is required to do by law or regulation. During and after the term of the Plan, the Company and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements the Company recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, the Company and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

Incentives to Providers

Network providers may be provided financial incentives by UnitedHealthcare to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness.
- A practice called capitation which is when a group of Network providers receives a monthly payment from UnitedHealthcare for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.
- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Services for a particular procedure or medical condition. The

applicable Copayment and/or Coinsurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Copayment and/or Coinsurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Services that are not considered part of the inclusive bundled payment and those Covered Health Services would be subject to the applicable Copayment and/or Coinsurance as described in your *Plan Highlights*.

The Claims Administrator uses various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with the Claims Administrator includes any financial incentives, the Claims Administrator encourages you to discuss those questions with your provider. You may also call the Claims Administrator at the telephone number on your ID card. The Claims Administrator can advise whether your Network provider is paid by any financial incentive, including those listed above.

Incentives to You

Sometimes you may be offered coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. You may call the number on your ID card if you have any questions. Additional information may be found in Section 6, *Clinical Programs and Resources*.

Rebates and Other Payments

The Company and UnitedHealthcare may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. The Company and UnitedHealthcare may pass a portion of these rebates on to you. When rebates are passed on to you, they may be taken into account in determining your Copays.

Workers' Compensation Not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Future of the Plan

Although the Company expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Company does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.

Plan Document

This Summary Plan Description (SPD) is the official plan document that has been adopted by the Company. There is no other document that controls the benefits under the Plan.

Review and Determine Benefits in Accordance with UnitedHealthcare Reimbursement Policies

UnitedHealthcare develops its reimbursement policy guidelines, in its sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that UnitedHealthcare accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), UnitedHealthcare's reimbursement policies are applied to provider billings. UnitedHealthcare shares its reimbursement policies with Physicians and other providers in UnitedHealthcare's Network through UnitedHealthcare's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by UnitedHealthcare's reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts the Plan does not pay, including amounts that are denied because one of UnitedHealthcare's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of UnitedHealthcare's reimbursement policies for yourself or to share with your non-Network Physician or provider by going to **www.myuhc.com** or by calling the telephone number on your ID card.

UnitedHealthcare may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Service. If the methodology(ies) currently in use become no longer available, UnitedHealthcare will use a comparable methodology(ies). UnitedHealthcare and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to UnitedHealthcare's website at **www.myuhc.com** for information regarding the vendor that provides the applicable methodology.

The fact that a condition is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment for the condition is a Covered Health Service.

Mental Health/Substance-Related and Addictive Disorders Administrator - the organization or individual designated by the Plan Administrator who provides or arranges Mental Health Services and Substance-Related and Addictive Disorder Services under the Plan.

Mental Illness – those mental health or psychiatric diagnostic categories listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association*. Neonatal Resource Services (NRS) - a program administered by UnitedHealthcare or its affiliates made available to you by the Company. The NRS program provides guided access to a network of credentialed NICU providers and specialized nurse consulting services to help manage NICU admissions.

Network - when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with the Claims Administrator or with its affiliate to participate in the Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services. The Claims Administrator's affiliates are those entities affiliated with the Claims Administrator through common ownership or control with the Claims Administrator or with the Claims Administrator's ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some products. In this case, the provider will be a Network provider for the Covered Health Services and

products included in the participation agreement, and a non-Network provider for other Covered Health Services and products. The participation status of providers will change from time to time.

Please note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that a provider is described as a Physician does not mean that Benefits for services from that provider are available to you under the Plan.

- Skilled nursing resources are available in the facility.

- The Skilled Care can be provided by a Home Health Agency on a per visit basis for a specific purpose.

The amount is based on either:

1) An *All Payer Model Agreement* if adopted,
2) State law, or
3) The lesser of the qualifying payment amount as determined under applicable law or the amount billed by the provider or facility.

The Recognized Amount for Air Ambulance services provided by a non-Network provider will be calculated based on the lesser of the qualifying payment amount as determined under applicable law or the amount billed by the Air Ambulance service provider.

Note: Covered Health Services that use the Recognized Amount to determine your cost sharing may be higher or lower than if cost sharing for these Covered Health Services were determined based upon an Eligible Expense.

Reconstructive Procedure - a procedure performed to address a physical impairment where the expected outcome is restored or improved function. The primary purpose of a Reconstructive Procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not changed or improved physical appearance. The fact that a person may suffer psychologically as a result of the impairment does not classify surgery or any other procedure done to relieve the impairment as a Reconstructive Procedure.

Residential Treatment – treatment in a facility which provides Mental Health Services or Substance-Related and Addictive Disorders Services treatment. The facility meets all of the following requirements:

- It is established and operated in accordance with applicable state law for Residential Treatment programs.

- It provides a program of treatment under the active participation and direction of a Physician and approved by the Mental Health/Substance-Related and Addictive Disorders Administrator.
- It has or maintains a written, specific and detailed treatment program requiring full-time residence and full-time participation by the patient.
- It provides at least the following basic services in a 24-hour per day, structured milieu:

Sickness - physical illness, disease or Pregnancy. The term Sickness as used in this SPD includes Mental Illness or substance-related and addictive disorders, regardless of the cause or origin of the Mental Illness or substance-related and addictive disorder.

Skilled Care - skilled nursing, teaching, and rehabilitation services when:

- They are delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome and provide for the safety of the patient.
- A Physician orders them.
- They are not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- They require clinical training in order to be delivered safely and effectively.
- They are not Custodial Care, as defined in this section.

Skilled Nursing Facility - a Hospital or nursing facility that is licensed and operated as required by law. A Skilled Nursing Facility that is part of a Hospital is considered a Skilled Nursing Facility for purposes of the Plan.

Specialist Physician - a Physician who has a majority of his or her practice in areas other than general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

Spouse - an individual who meets the eligibility requirements specified in the Plan.

Substance-Related and Addictive Disorders Services - services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Service.

The site may be a *CMS* defined originating facility or another location such as a Covered Person's home or place of work. Telehealth/Telemedicine does not include virtual care services provided by a Designated Virtual Network Provider.

Total Disability or Totally Disabled - a Participant's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's or retired person's inability to perform the normal activities of a person of like age and gender.

Transitional Living - Mental Health Services and Substance-Related and Addictive Disorders Services that are provided through facilities, group homes and supervised apartments that provide 24-hour supervision, including those defined in *American Society of Addiction Medicine (ASAM)* criteria, that are either:

- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.
- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments that provide stable and safe housing and the opportunity to learn how to manage activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

Unproven Services - health services, including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on

health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials are two or more treatments compared to each other, with the patient not being allowed to choose which treatment is received.
- Well-conducted cohort studies from more than one institution are studies in which patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.

UnitedHealthcare has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, UnitedHealthcare issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at **www.myuhc.com**.

Please note:

- If you have a life threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment), UnitedHealthcare may, at its discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, UnitedHealthcare must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare's discretion. Other apparently similar promising but unproven services may not qualify.

Urgent Care - care that requires prompt attention to avoid adverse consequences, but does not pose an immediate threat to a person's life. Urgent care is usually delivered in a walk-in setting and without an appointment. Urgent care facilities are a location, distinct from a hospital emergency department, an office or a clinic. The purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.

Urgent Care Center - a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

- Benefits available for Prescription Drug Products.
- How to utilize the retail and mail order service for obtaining Prescription Drug Products.
- Any Benefit limitations and exclusions that exist for Prescription Drug Products.
- Definitions of terms used throughout this section related to the Prescription Drug Product Plan.

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at either a Network Pharmacy or a non-Network Pharmacy and are subject to Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List (PDL) the Prescription Drug Product is listed. Refer to the Outpatient Prescription Drug Schedule of Benefits for applicable Coinsurance requirements.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

What You Must Pay

Benefits for Preventive Care Medications are not subject to payment of the Annual Deductible.

You are responsible for paying the applicable Coinsurance described in the *Payment Information - Outpatient Prescription Drugs* table or *Schedule of Benefits - Outpatient Prescription Drugs*.

Payment Terms and Features - Outpatient Prescription Drugs

Prescription Drug Product Coverage Highlights

The table below provides an overview of the Plan's Prescription Drug Product coverage. It includes Coinsurance amounts that apply when you have a prescription filled at a Network or non-Network Pharmacy after you meet the Annual Deductible. For detailed descriptions of your Benefits, refer to *Retail* and *Mail Order* in this section.

Note: The Annual Deductible applies to all Covered Health Services under the Plan, including Covered Health Services provided in Section 5, *Additional Coverage Details*. The Out-of-Pocket Maximum applies to all Covered Health Services under the Plan, including Covered Health Services provided in Section 5, *Additional Coverage Details*.

If a Brand-name Drug Becomes Available as a Generic

If a Brand-name Prescription Drug Product becomes available as a Generic drug, the tier placement of the Brand-name Prescription Drug Product may change. As a result, your Coinsurance may change. You will pay the Coinsurance applicable for the tier to which the Prescription Drug Product is assigned.

Notification Requirements

Before certain Prescription Drug Products are dispensed to you, it is the responsibility of your Physician, your pharmacist or you to notify UnitedHealthcare or its designee. The reason for notifying UnitedHealthcare or its designee is to determine if the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service as defined by the Plan.
- It is not an Experimental or Investigational or Unproven Service, as defined in Section 13, *Glossary*.

The Plan may also require you to notify UnitedHealthcare or its designee so UnitedHealthcare can determine whether the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, was prescribed by a Specialist Physician.

Network Pharmacy Notification

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for notifying UnitedHealthcare.

Non-Network Pharmacy Notification

When Prescription Drug Products are dispensed at a non-Network Pharmacy, you or your Physician, are responsible for notifying UnitedHealthcare as required.

If UnitedHealthcare is not notified before the Prescription Drug Product is dispensed, you may pay more for that Prescription Drug Product order or refill. You will be required to pay for the Prescription Drug Product at the time of purchase. The Prescription Drug Products requiring notification are subject to UnitedHealthcare's periodic review and modification. You may determine whether a particular Prescription Drug Product requires notification through the Internet at **www.myuhc.com** or by calling the telephone number on your ID card.

If UnitedHealthcare is not notified before the Prescription Drug Product is dispensed, you can ask UnitedHealthcare to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. UnitedHealthcare contracted pharmacy reimbursement rates (UnitedHealthcare's Prescription Drug Charge) will not be available to you at a non-Network Pharmacy. You may seek reimbursement from the Plan as described in Section 8, *Claims Procedures*.

When you submit a claim on this basis, you may pay more because you did not notify UnitedHealthcare before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drug Products from a non-Network Pharmacy), less the required Coinsurance and any deductible that applies.

To determine if a Prescription Drug Product requires notification, either visit **www.myuhc.com** or call the number on your ID card. The Prescription Drug Products requiring notification are subject to UnitedHealthcare's periodic review and modification.

Benefits may not be available for the Prescription Drug Product after UnitedHealthcare reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

UnitedHealthcare may also require notification for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable notification, participation or activation requirements associated with such programs through the Internet at **www.myuhc.com** or by calling the number on your ID card.

Benefit Levels

Benefits are available for outpatient Prescription Drug Products that are considered Covered Health Services.

The Plan pays Benefits at different levels for tier-1, tier-2 and tier-3 Prescription Drug Products.

All Prescription Drug Products covered by the Plan are categorized into these three tiers on the Prescription Drug List (PDL). The tier status of a Prescription Drug Product can change periodically, generally quarterly but no more than six times per calendar year, based on the Prescription Drug List (PDL) Management Committee's periodic tiering decisions. When that occurs, you may pay more or less for a Prescription Drug Product, depending on its tier assignment. Since the PDL may change periodically, you can visit **www.myuhc.com** or call UnitedHealthcare at the number on your ID card for the most current information.

Each tier is assigned a Coinsurance, which is the amount you pay after you have met the Annual Deductible, when you visit the pharmacy or order your medications through mail order. Your Coinsurance will also depend on whether or not you visit the pharmacy or use the mail order service - see the table shown at the beginning of this section for further details. Here's how the tier system works:

- Tier-1 is your lowest Coinsurance option. For the lowest out-of-pocket expense, you should consider tier-1 drugs if you and your Physician decide they are appropriate for your treatment.
- Tier-2 is your middle Coinsurance option. Consider a tier-2 drug if no tier-1 drug is available to treat your condition.
- Tier-3 is your highest Coinsurance option. The drugs in tier-3 are usually more costly. Sometimes there are alternatives available in tier-1 or tier-2.

Coinsurance for a Prescription Drug at a Network Pharmacy is a percentage of the Prescription Drug Charge. Coinsurance for a Prescription Drug at a non-Network Pharmacy is a percentage of the Out-of-Network Reimbursement Rate.

For Prescription Drug Products at a retail Network Pharmacy, you are responsible for paying the lowest of:

- The applicable Coinsurance.
- The Network Pharmacy's Usual and Customary Charge for the Prescription Drug.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, you are responsible for paying the lower of:

- The applicable Coinsurance.
- The Prescription Drug Charge for that particular Prescription Drug.

Retail

Benefits are provided for Prescription Drug Products dispensed by a retail Network Pharmacy. The Plan has a Network of participating retail pharmacies, which includes many large drug store chains. You can obtain information about Network Pharmacies by contacting UnitedHealthcare at the number on your ID card or by logging onto **www.myuhc.com**.

Benefits are provided for Prescription Drug Products dispensed by a retail non-Network Pharmacy. If the Prescription Drug Product is dispensed by a retail non-Network Pharmacy, you must pay for the Prescription Drug Product at the time it is dispensed and then file a claim for reimbursement with UnitedHealthcare, as described in your SPD, *Section 8, Claims Procedures*. The Plan will not reimburse you for the difference between the Out-of-Network Reimbursement Rate and the non-Network Pharmacy's Usual and Customary Charge for that Prescription Drug Product. The Plan will not reimburse you for any non-covered drug product.

In most cases, you will pay more if you obtain Prescription Drug Products from a non-Network Pharmacy.

To obtain your prescription from a retail pharmacy, simply present your ID card and pay the Coinsurance, after meeting the Annual Deductible. The following supply limits apply:

- As written by the provider, up to a consecutive 31-day supply of a Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.
- A one-cycle supply of an oral contraceptive. You may obtain up to three cycles at one time if you pay the Coinsurance for each cycle supplied.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Coinsurance that applies will reflect the number of days dispensed.

If you purchase a Prescription Drug from a non-Network Pharmacy, you will be required to pay full price and will not receive reimbursement under the Plan.

Note: Pharmacy Benefits apply only if your prescription is for a Covered Health Service, and not for Experimental or Investigational, or Unproven Services. Otherwise, you are responsible for paying 100% of the cost.

Mail Order

Benefits are provided for certain Prescription Drug Products dispensed by a mail order Network Pharmacy. The mail order service may allow you to purchase up to a 90-day supply of a covered Prescription Drug Product through the mail.

To use the mail order service, all you need to do is complete a patient profile and enclose your Prescription Order or Refill. Your medication, plus instructions for obtaining refills, will arrive by mail about 14 days after your order is received. If you need a patient profile form, or if you have any questions, you can reach UnitedHealthcare at the number on your ID card.

The following supply limits apply: As written by the provider, up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.

You may be required to fill an initial Prescription Drug Product order and obtain one refill through a retail pharmacy prior to using a mail order Network Pharmacy.

Note: To maximize your Benefit, ask your Physician to write your Prescription Order or Refill for a 90-day supply, with refills when appropriate. You will be charged the mail order Coinsurance for any Prescription Order or Refill if you use the mail order service, regardless of the number of days' supply that is written on the order or refill. Be sure your Physician writes your mail order or refill for a 90-day supply, not a 30-day supply with three refills.

Benefits for Preventive Care Medications

Benefits under the Prescription Drug Plan include those for Preventive Care Medications as defined, in this section, under *Glossary - Prescription Drug Products*. You may determine whether a drug is a Preventive Care Medication through the internet at **www.myuhc.com** or by calling UnitedHealthcare at the number on your ID card.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, UnitedHealthcare may direct you to a Designated Pharmacy with whom it has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the Non-Network Benefit for that Prescription Drug Product.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If you require Specialty Prescription Drug Products, UnitedHealthcare may direct you to a Designated Pharmacy with whom UnitedHealthcare has an arrangement to provide those Specialty Prescription Drug Products. You may fill a prescription for Specialty Prescription Drug Products up to two times at any Pharmacy. However, after that you will be directed to a Designated Pharmacy.

If you are directed to a Designated Pharmacy and you choose not to obtain your Specialty Prescription Drug Product from a Designated Pharmacy, you will be subject to the non-Network Benefit for that Specialty Prescription Drug Product.

Please see *Glossary - Outpatient Prescription Drugs*, for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

Refer to the *Outpatient Prescription Drug Schedule of Benefits* for details on Specialty Prescription Drug Product supply limits.

Please see *Glossary - Outpatient Prescription Drugs*, in this section for definitions of Specialty Prescription Drug Product and Designated Pharmacy.

Want to lower your out-of-pocket Prescription Drug Product costs?
Consider tier-1 Prescription Drug Products, if you and your Physician decide they are appropriate.

Assigning Prescription Drug Products to the Prescription Drug List (PDL)

UnitedHealthcare's Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on UnitedHealthcare's behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are most cost effective for specific indications as compared to others, therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed, or according to whether it was prescribed by a Specialist Physician.

The PDL Management Committee may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

Note: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access **www.myuhc.com** through the Internet or call the number on your ID card for the most up-to-date tier status.

Prescription Drug Product, Prescription Drug List (PDL), and Prescription Drug List (PDL) Management Committee are defined at the end of this section.

Prescription Drug List (PDL)
The Prescription Drug List (PDL) is a tool that helps guide you and your Physician in choosing the medications that allow the most effective and affordable use of your Prescription Drug Benefit.

Prescription Drug Benefit Claims

For Prescription Drug Product claims procedures, please refer to Section 8, *Claims Procedures*.

Limitation on Selection of Pharmacies

If UnitedHealthcare determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, UnitedHealthcare may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date the Plan Administrator notifies you, UnitedHealthcare will select a single Network Pharmacy for you.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits that are stated in the table under the heading *Prescription Drug Product Coverage Highlights*. For a single Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit. Whether or not a Prescription Drug Product has a supply limit is subject to UnitedHealthcare's periodic review and modification.

Note: Some products are subject to additional supply limits based on criteria that the Plan Administrator and UnitedHealthcare have developed, subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a supply limit for dispensing, through the Internet at **www.myuhc.com** or by calling the telephone number on your ID card.

Special Programs

Adams County Government and UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at **www.myuhc.com** or by calling the number on your ID card.

Prescription Drug Products Prescribed by a Specialist Physician

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist Physician. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit through the Internet at **www.myuhc.com** or by calling the telephone number on your ID card.

Step Therapy

Certain Prescription Drug Products for which Benefits are described in this section are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may determine whether a particular Prescription Drug Product is subject to step therapy requirements by visiting **www.myuhc.com** or by calling the number on the back of your ID card.

Rebates and Other Discounts

UnitedHealthcare and Adams County Government may, at times, receive rebates for certain drugs included on the PDL, including those drugs that you purchase prior to meeting any applicable deductible. As determined by UnitedHealthcare, the Plan may pass a portion of these rebates on to you. When rebates are passed on to you they may be taken into account in determining your Coinsurance.

UnitedHealthcare and a number of its affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug* section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug* section. UnitedHealthcare is not required to pass on to you, and does not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, UnitedHealthcare may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, at your discretion, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

ATTACHMENT I - HEALTH SAVINGS ACCOUNT

What this attachment includes:

- About Health Savings Accounts.
- Who is eligible and how to enroll.
- Contributions.
- Additional medical expense coverage available with your Health Savings Account.
- Using the HSA for Non-Qualified Expenses.
- Rolling over funds in your HSA.

Introduction

This attachment to the Summary Plan Description (SPD) describes some key features of the Health Savings Account (HSA) that you could establish to complement the Adams County Government health benefit Plan, which is a high deductible medical plan. In particular, and except as otherwise indicated, this attachment will address the Health Savings Account, and not the high deductible health plan that is associated with the "HSA".

Adams County Government has entered into an agreement with United Healthcare Services, Inc., Minnetonka, MN, ("UnitedHealthcare") under which UnitedHealthcare will provide certain administrative services to the Plan.

UnitedHealthcare does not insure the benefits described in this attachment. Further, note that it is the Plan's intention to comply with *Department of Labor* guidance set forth in Field Assistance Bulletin No. 2004-1, which specifies that an HSA is not an ERISA plan if certain requirements are satisfied.

The HSA described in this section is not an arrangement that is established and maintained by Adams County Government. Rather, the HSA is established and maintained by the HSA trustee. However, for administrative convenience, a description of the HSA is provided in this section.

About Health Savings Accounts

You gain choice and control over your health care decisions and expenditures when you establish your HSA to complement the high deductible medical plan described in the SPD.

An HSA is an account funded by you, your employer, or any other person on your behalf. The HSA can help you to cover, on a tax free basis, medical plan expenses that require you to pay out-of-pocket, such as Deductibles, Copayments or Coinsurance. It may even be used to pay for, among other things, certain medical expenses not covered under the medical plan design. Amounts may be distributed from the HSA to pay non-medical expenses, however, these amounts are subject to income tax and may be subject to 20% penalty.

You have three tools you can use to meet your health care needs:

- Adams County Government health benefit Plan, a high deductible medical plan which is discussed in your Summary Plan Description.
- An HSA you establish.
- Health information, tools and support.

Benefits available under your medical plan are described in your medical plan Summary Plan Description (SPD).

What is an HSA?
An HSA is a tax-advantaged account Participants can use to pay for qualified health expenses they or their eligible dependents incur, while covered under a high deductible medical plan. HSA contributions:

- Accumulate over time with interest or investment earnings.
- Are portable after employment.
- Can be used to pay for qualified health expenses tax-free or for non-health expenses on a taxable basis.

Who Is Eligible And How To Enroll

Eligibility to participate in the Health Savings Account is described in the SPD for your high deductible medical plan. You must be covered under a high deductible medical plan in order to participate in the HSA. In addition, you:

- Must not be covered by any high deductible medical plan considered non-qualified by the IRS. (This does not include coverage under an ancillary plan such as vision or dental, or any other permitted insurance as defined by the IRS.)
- Must not participate in a full health care Flexible Spending Account (FSA).
- Must not be entitled to Benefits under Medicare (i.e., enrolled in Medicare).
- Must not be claimed as a dependent on another person's tax return.

Contributions

Contributions to your HSA can be made by you, by your employer or by any other individual. All funds placed into your HSA are owned and controlled by you, subject to any reasonable administrative restrictions imposed by the trustee.

Contributions can be made to your HSA beginning on the first day of the month you are enrolled in the Health Savings Account until the earlier of (i) the date on which you file taxes for that year; or (ii) the date on which the contributions reach the contribution maximum.

Note that if coverage under a qualified high deductible health plan terminates, no further contributions may be made to the HSA.

The contribution maximum is the single and family limits set by federal regulations. Individuals between the ages of 55 and Medicare entitlement age may contribute additional funds monthly to their HSA up to the maximum allowed by federal regulations. The maximum limits set by federal regulations may be found on the IRS website at www.irs.gov.

If you enroll in your HSA within the year (not on January 1) you will still be allowed to contribute the maximum amount set by federal regulations. However, you must remain enrolled in a high deductible health plan and HSA until the end of the 12th month from your initial enrollment or you will be subject to tax implications and an additional tax of 10%.

Note: Amounts that exceed the contribution maximum are not tax-deductible and will be subject to an excise tax unless withdrawn as an "excess contribution" prior to April 15th of the following year.

Reimbursable Expenses

The funds in your HSA will be available to help you pay your or your eligible dependents' out-of-pocket costs under the medical plan, including Annual Deductibles, Copayments and Coinsurance. You may also use your HSA funds to pay for medical care that is not covered under the medical plan design but is considered a deductible medical expense for federal income tax purposes under Section 213(d) of the Internal Revenue Code of 1986, as amended from time to time. Such expenses are "qualified health expenses". Please see the description of *Additional Medical Expense Coverage Available With Your Health Savings Account* below, for additional information. HSA funds used for such purposes are not subject to income or excise taxes.

"Qualified health expenses" only include the medical expenses of you and your eligible dependents, meaning your spouse and any other family members whom you are allowed to file as dependents on your federal tax return, as defined in Section 152 of the Internal Revenue Code of 1986, as amended from time to time.

HSA funds may also be used to pay for non-qualified health expenses but will generally be subject to income tax and a 20% additional tax unless an exception applies (i.e., your death, your disability, or your attainment of age 65).

Additional Medical Expense Coverage Available with Your Health Savings Account

A complete description of, and a definitive and current list of what constitutes eligible medical expenses, is available in IRS Publication 502 which is available from any regional IRS office or IRS website.

If you receive any additional medical services and you have funds in your HSA, you may use the funds in your HSA to pay for the medical expenses. If you choose not to use your HSA funds to pay for any Section 213(d) expenses that are not Covered Health Services, you will still be required to pay the provider for services.

The monies paid for these additional medical expenses will not count toward your Annual Deductible or Out-of-Pocket Maximum.

Using the HSA for Non-Qualified Expenses

You have the option of using funds in your HSA to pay for non-qualified health expenses. A non-qualified health expense is generally one which is not a deductible medical expense under Section 213(d) of the Internal Revenue Code of 1986. Any funds used from your HSA to pay for non-qualified expenses will be subject to income tax and a 20% additional tax unless an exception applies (i.e., your death, your disability, or your attainment of age 65).

In general, you may not use your HSA to pay for other health insurance without incurring a tax. You may use your HSA to pay for COBRA premiums and Medicare premiums.

Rollover Feature

If you do not use all of the funds in your HSA during the calendar year, the balance remaining in your HSA will roll-over. If your employment terminates for any reason, the funds in your HSA will continue to be owned and controlled by you, whether or not you elect COBRA coverage for the accompanying high deductible health plan, as described in your medical plan SPD.

If you choose to transfer the HSA funds from one account to another eligible account, you must do so within 60 days from the date that HSA funds are distributed to you to avoid paying taxes on the funds. If you elect COBRA, the HSA funds will be available to assist you in paying your out-of-pocket costs under the medical plan and COBRA premiums while COBRA coverage is in effect.

Important
Be sure to keep your receipts and medical records. If these records verify that you paid qualified health expenses using your HSA, you can deduct these expenses from your taxable income when filing your tax return. However, if you cannot demonstrate that you used your HSA to pay qualified health expenses, you may need to report the distribution as taxable income on your tax return. Adams County Government and UnitedHealthcare will not verify that distributions from your HSA are for qualified health expenses. Consult your tax advisor to determine how your HSA affects your unique tax situation.

The IRS may request receipts during a tax audit. Adams County Government and the Claims Administrator are not responsible or liable for the misuse by Participants of HSA funds by, or for the use by Participants of HSA funds for non-qualified health expenses.

Additional Information About the HSA

It is important for you to know the amount in your HSA account prior to withdrawing funds. You should not withdraw funds that will exceed the available balance.

Upon request from a health care professional, UnitedHealthcare and/or the financial institution holding your HSA funds may provide the health care professional with information regarding the balance in your HSA. At no time will UnitedHealthcare provide the actual dollar amount in your HSA, but they may confirm that there are funds sufficient to cover an obligation owed by you to that health care professional. If you do not want this

information disclosed, you must notify the Claims Administrator and the financial institution in writing.

You can obtain additional information on your HSA online at www.irs.gov. You may also contact your tax advisor. Please note that additional rules may apply to a Dependent's intent to opening an HSA.

PUBLIC HEARING AGENDA ITEM

DATE OF PUBLIC HEARING: October 11, 2022
SUBJECT/TITLE: Resolution Approving Amendment Three to the Agreement between Adams County and GMCO Corporation, in the Amount of $5,892.19, for Fugitive Dust Chloride Abatement
FROM: Bethany Frank
AGENCY/DEPARTMENT: Finance
HEARD AT STUDY SESSION ON:
RECOMMENDED ACTION: That the Board of County Commissioners approves Amendment Three to the Agreement with GMCO Corporation for fuel surcharges for the chloride dust abatement program.

BACKGROUND:

Chloride for fugitive dust control is specified for County maintained gravel roads when average daily traffic (ADT) exceeds 200 vehicles per day. Controlling fugitive dust generated by vehicular traffic on gravel roads reduces environmental and safety liabilities. Dust from unpaved roads is not only a nuisance but creates a safety and health hazard. The County's Fugitive Dust Control Plan has been developed pursuant to United States Environmental Protection Agency, guidance for Serious PM10 Nonattainment Areas. This plan includes the use and application of chemical (80% magnesium chloride 20% sugar blend) and is formulated to control dust. Controlling fugitive dust will not prevent all emissions but will substantially reduce emissions. Adams County entered into an Agreement with GMCO Corporation (GMCO) in March of 2022 to provide the chloride dust abatement program services. Due to unanticipated fuel price increases that have affected the delivery of material, GMCO instituted a fuel surcharge that was added to each gallon of dust abatement material that was delivered in 2022. This fuel surcharge was reviewed and agreed upon by both the Adams County Finance Department and the Public Works Operations division. The Agreement breaks down as follows:

Original Contract Amount	Approved 3/10/2020	$ 256,080.00
Amendment One	Approved 2/9/2021	$ 349,950.05
Amendment Two	Approved 3/8/2022	$ 368,683.41
Amendment Three		$ 5,892.19
New Total Contract Value		$ 980,605.65

The recommendation is to approve Amendment Three to the Agreement with GMCO Corporation for fuel surcharges in the amount of $5,892.19, for a total not to exceed agreement amount of $980,605.65.

SUBJECT/TITLE: Resolution Approving an Agreement between Adams County and Epic Aviation, LLC in the Amount of $4,992,761.80, to Provide Aviation Fuel (Jet A) And Avgas (100LL)
FROM: Joe Lachermeier
AGENCY/DEPARTMENT: Finance
HEARD AT STUDY SESSION ON:
RECOMMENDED ACTION: That the Board of County Commissioners approves an Agreement with Epic Aviation, LLC to provide Aviation Fuel (Jet A) and Avgas (100LL) for the Colorado Air and Space Port.

BACKGROUND:
Colorado Air and Space Port (CASP) is the County's owned and operated General Aviation Airport and only licensed Spaceport in Colorado. Users of the Air and Space Port range from large corporate turbine aircraft down to small single engine piston aircraft. CASP manages the single Fixed Based Operator (FBO) located at the airport. This FBO is responsible for the fueling, storage and tugging of aircraft, in addition to numerous other services to support both based and transient aircraft and their users. The annual aviation fuel usage for 2022 is approximately 229,489 gallons of jet A which is the fuel used by jet and turbine aircraft, and 187,058 gallons of Avgas (100LL) for piston type aircraft. Contracted Jet A fuel is estimated to make up 89,087 gallons of the total Jet A annually, and the Retail Jet A is estimated to make up 140,402 gallons of the total for Jet-A.

Earlier this year, CASP identified several deficiencies regarding the self-service 100LL fuel system, the primary fuel farm and the current aviation fuel truck fleet. The 100LL self-service point of sale system is beyond the end of its usable life and requires immediate replacement. CASP's aviation fuel trucks are beyond the end of their usable life spans. a A new federal requirement requires new automatic shut-off devices at the primary fuel farm. To correct these deficiencies, the Colorado Air and Space Port is seeking the services of an aviation fuel provider to correct the above issues and increase marketing efforts, provide up to date training to the line service personnel, fuel quality training, customer service training, signage, leasing of fuel trucks, uniform support, credit card processing, annual inspections, quality assurance assistance, technical support and parts support as part of their services.

A formal Request for Proposal was posted on Bidnet for the supply and delivery of Aviation Fuel (Jet A) and Avgas (100LL). Proposals were opened on June 15, 2022. Five companies submitted proposals. An evaluation team made up of the Colorado Air and Spare Port and Facilities individually scored each proposal based on the following criteria:

- Professionalism
- Understanding of the project
- General project experience
- Similar project experience
- General items
- Fee proposal

After a thorough evaluation it was determined that Epic Aviation LLC, provides the best overall value for the County.

For the initial three-year term, the aviation fuel purchases are estimate as follows, based on annual budget approvals; the Agreement will break down as follows

Year 1	2023-2024	$ 1,392,751.07
Year 2	2024-2025	$ 1,627,708.18
Year 3	2025-2026	$ 1,902,302.55
